VOL. 3.

NORTH YAKIMA, WASHINGTON, THURSDAY, DECEMBER 24, 1891.

NO. 48.

NORTH YAKIMA, Wash., Sept. 23, 1891.

I have resided in the Yakima Valley for 12 years, engaged in general farming, fruit and hop culture. I raise all my products by irrigation, and have never failed a single year in obtaining bountiful crops.

I farmed formerly in the State of Kansas. I find all kinds of husbandry here much more profitable than in Kansas. And as to climate, such things as blizzards and cyclones are not known. Our winters are very short, and the spring and fall are perfectly delightful. All our farmers who are industrious are prosperous and happy.

JOSEPH STEPHENSON,  
President Board of County Commissioners, Yakima County.

NORTH YAKIMA, Wash., April 18, 1891.

D. E. Lesh, proprietor of the celebrated fruit farm called "Fruit Vale," swears that on one Alexander peach-tree grew, during the year 1890, five hundred and twenty pounds of peaches, which he sold for \$52; that off four apple-trees twenty oz. pippins, he sold 100 boxes, 4,600 pounds, at \$125. My whole orchard, between six and seven acres of peaches, apples, plums, pears and apricots, brought me, during the season of 1890, about three thousand dollars.

D. E. LESH.

Yakima County is surely the banner Agricultural County of the State. The Irrigation problem that has so long delayed the development of this favored section is successfully solved, and within twelve months great artesian well boring and canal companies have been organized and are at work. Thousands of acres have been reclaimed, and the heretofore arid lands of Yakima will blossom and bear fruit. This is the home of the Peach, Pear, Plum and Prune, Wheat, Oats, Barley, Hops, Hay and the choicest Vegetables of every description, Tobacco also being among the best paying products. Yakima County, from its geographical location, has cash markets for its produce in every direction, namely, Tacoma, Seattle, Spokane and Helena, \$5500 freight on watermelons having been paid the Northern Pacific railroad during the season just past. Over three thousand bales of the choicest Hops were raised and marketed in Yakima this year, and the shipping register here also shows that other of our products were shipped in astonishing quantities.

**What to Try.**

Try snuffing powdered borax up the nostrils for catarrhal cold in the head.

Try taking cod liver oil in tomato catsup if you want to make it palatable.

Try a cloth, wrung out from cold water, put about the neck at night for a sore throat.

Try a saturated solution of bicarbonate of soda (baking soda) in diarrheal troubles; give freely.

Try a newspaper over your chest, beneath your coat, as a chest protector, in extremely cold weather.

**HOODWINKING THE HOP GROWER.**

The Tariff Absolutely of No Benefit to These Producers—The Kansas German Hops Are Impaired.

On articles we export largely of, a tariff is not worth the paper it is written upon. For instance, in the past 10 years we exported 55,100,915 pounds of hops more than we imported. The foreign 1889 crop was brought into the country on an average of 16 cents per pound, the 1890 crop on an average of 22 cents, and we imported 2,500,000 pounds less of the 1890 than of the 1889 crop, which was just what the growers thought would do them good; that is, fewer foreign hops at much higher prices in order raise the price of their own crop. But what seemed t

bold good for the 1890 crop fails to do so this year, and why? Simply this: German hops sell regularly in our market at from 10 to 20 cents per pound higher than the American, because hops have different flavors, and in order to make certain kinds of beer, the brewers must have German hops, no difference what the price. It is purely a question of flavor—the quality of the hops are not involved. The brewers themselves admitted to the McKinley committee in March, 1890, that American hops are quite as good as the foreign, hence they only use a small per cent of foreign hops as a matter of flavor. If any intelligent man can demonstrate to the farmer where he has been benefited by McKinley's tariff on hops, the farmer is ready to listen.—Sumner Herald.

**Restaurant Slang.**

Three to come means coffee for three persons.

One up is the same as saying one cup of coffee.

Sleeve buttons is translated a plate of fish balls.

Stars and stripes means a plate of pork and beans.

One in the dark means one cup of coffee with a dash of milk in it.

White wings with the sunny side up means fried eggs with the yolks up.

White wings on a shiprock means two eggs turned over or the yolks broken.

A stack of whites, let her be brown—that means a plate of wheat or buckwheat cakes.

An excellent gargle is made of hamamelis, or witch hazel, glycerine and water, with the proportions of three teaspoonfuls of water, two of witch hazel and one of glycerine. A gargle of hot water is useful in allaying inflammation. For diphtheritic throats, sour and sulphur, dissolved in whiskey and water, is often efficacious. There are other remedies which physicians use, but the simple home gargle may be so useful that it will not be found necessary to summon a physician. In case of sore throat the taking of milk in large quantities is recommended. A milk diet is always safe. The milk may be heated, and if taken in small quantities once in two hours is more strengthening than when taken at longer intervals in larger measures.

**Olympian:** There is but one truly iridescent statesman in Washington; there is but one truly great Chesterfield of the nineteenth century. It was almost a work of supererogation to write the name of that rising democratic statesman. He is known as a cyclopaedia of five-syllabled words, a Thesaurus of latter day gallantries. He is called cologne—forsyth who, no man living can tell. He writes the title sits on his shoulders so gaily devoid of brains that none may question its source or contest its right. He is a gentleman who bows in his sleep, and in repose smiles grace of carriage and courtly countenance. No one can longer question his identity, or doubt his personality. The colonial is no other than James Hamilton Lewis, orator, lawyer, politician and gentleman.

Recently C. Gammings, of Wallula, found on an island in the river above that place, a silver medal that had evidently lain in the sand undisturbed for many years. The medal is of silver, round, and about two inches in diameter and quite heavy. On one side is a medallion of Thomas Jefferson, and encircling it the words: "Th. Jefferson, President of U. S., A. D. 1801." On the obverse side in relief is a tomahawk and pipe crossed and below this a pair of clasped hands, while in raised letters are the words "Peace and Friendship." In all likelihood the medal was given to some noted chieftain of the Yakima, Walla Walla, or Cayuse Indians by the explorers Lewis and Clark on their first visit to this section.

Hon. R. K. Nichols has been swinging around the circle of eastern Washington towns during the past week in his official capacity of secretary of the republican state central committee. Among the points visited by Mr. Nichols was Spokane, which recalled to him the occasion of his first trip through that country in 1863, when he and party camped at the falls of the Spokane. There were no white people there then, and Mr. Nichols was bound for the Kootenai country in quest of gold.

W. Wallace Atherton, of the Hotel Yakima, was the possessor of a handsome specimen of the American eagle, which he purchased on Monday from young Mr. Liptrap of the Wenas. THE CHRISTMAS SEASON.

Christmas comes but once a year: Therefore let's be merry.

In the fullness of time and the joy stores the 1801 anniversary of the birth of our Lord will be here to-morrow, a fact which seems to have stirred the citizens of this community from the utmost depths of their pockets, which generally speaking, express much greater depth than to say, the bottom of their souls. It is a part of our religious training, almost to impoverish ourselves to this date, for the purpose of doing unto others what they had rather not be done by, in the way of giving them presents for which they have no use and omitting to give them those which would have sunk gladness into their immortal parts. It is doubtless an honor to our Lord that a regular business is made, whenever his anniversary approaches, of buying everything conceivable that is at that time offered for sale and giving it away again to precisely the persons who wanted something else. The grim humor of Shakespeare shines out in the lines that preface this article, for, as he saw the insufficient price of "Hamlet" or "Macbeth" disappear in the dreadful mists of uselessness, he thanks his stars that there was only one such day in all the year, and with the desperation of cheerfulness cries "let's be merry."

This is hardly the proper tuning for an editorial at this season of the year, and it is not just what the writer intended when he grasped his Faber and bended over his print-paper; but somehow the very late supper which he had been incautious enough to partake of the night previous will crop out in his utterances, and should be attributed to an unwelcome and unusual attack of dyspepsia rather than to his feelings towards all THE HERALD'S readers, for it is his sincere wish that the usual order be reversed and that everyone, especially the poor, receive the very things that would be most welcome, and that there may come no cloud to mar the pleasure of anyone. May the babes be filled with joy, youth with love and happiness, and old age with peace and contentment.

DRESS REFORMERS PERTURBED.

Kate Field evidently does not consider the creations of dress reformers as works of art, and it is feared that movement has received a serious set-back through Kate's remarks at a recent woman's meeting in Chicago, which she addressed on the removal by congress of present duties on foreign works of art. She advocated the sending to Washington of a goodly number of the prettiest and most persuasive women that could be secured up to plead with the members of congress for the abolition of the obnoxious duties. This advice was regarded as eminently sound by the assembly, but she closed with a verbal bomb that threw the enthusiastic dress reformers present into convulsions. She said: "Whatever you do when you get to Washington, don't go in dress reform gowns. Whenever you have got anything to do before men, you had better go clothed in the most becoming of French dresses. The effect can be imagined, but the speaker was firm, and no amount of exclamations, appeals and protests would cause her to relent, and the meeting dissolved in great perturbation of mind.

Miss Field is wise beyond her generation. Nothing is more beautiful than a lovely woman clad in conventional garb, and there is no power under heaven's blue dome that would make a man radically alter his opinions quicker, and without valid reason, than when the other side is persuasively presented by a beautiful creation of the opposite sex. Miss Field's judgment was shown in another respect, for in new and strange robes, diverse in pattern and varied in cut according to individual caprice, the visiting delegation might astonish and alarm the rural representatives, instead of convincing them.

This proposition to bond the Cowlitz & Wide Hollow irrigation districts is being fully discussed, and it is to be hoped, for the benefit of the country and the good of the property holders in the district, that it will carry. While some favor irrigating by a system of artesian wells, they will find that plan a much more manufacturing and costly one to carry out. Under the projected canal there are 40,000 acres of first-class land that can be reclaimed, and about 6,000 acres of inferior land. If 90 per cent. net is received for the bonds, the cost of putting water on the land will be \$12.20 per acre, which includes interest on the entire amount of the bonds during half of the period of construction, although the bonds will only be issued and bear interest as they are required to pay for the work as it progresses. That the proposition may be fully understood and its various phases discussed, meetings will be held at 1 o'clock p. m. at the Ahtanum postoffice (A. J. Chambers' store), on Monday, January 4th, and at Masters' store, on the Cowlitz, on Tuesday, January 5th. It is desired that all interested in this question will be present, so that the vote will be an intelligent and satisfactory one.

It is evident that the British Government watches the naval progress of the United States with keen interest. Conclusive proof of the importance which the admiralty attached to the creation of a strong American navy is found in the gradual strengthening of England's formidable naval stations at Halifax and in

the West Indies, and in the marked increase of her naval force in American waters. So long as the American navy was represented by a few old wooden ships armed with obsolete smooth bore guns and a fleet of ancient monitors quietly rusting at their anchorages, the Admiralty deemed third rate British vessels quite good enough for these seas. Now, however, a different policy is adopted. British naval stations from which our coasts may be assailed bristle with heavy guns of the latest type, and some of the finest vessels of the British navy are sent westward to match the growing might of our White Squadron. While the possibility of a conflict between Great Britain and the United States is not to be thought of, in the sending of her great war vessels to our waters, England could pay no greater compliment to the offensive and defensive powers of the new American navy.

NORTH YAKIMA'S LOCAL GOVERNMENT.

Two More Arc Lights to be Established—The Sewerage Contract Signed—Regulating Houses of Prostitution.

The council met in regular session Monday evening, with all members present excepting Barthol.

On petition of A. H. Reynolds, Fechter & Ross, T. M. Vance, Robert Dunn, J. A. Leach, F. S. Burke, John G. Boyle, and others, the council, upon motion of Reed, seconded by Needham, ordered arc lights to be placed at the intersections of Maple and Second streets and Spruce and Fourth streets.

Before granting the petition, Mayor Reed called attention to the fact that the council had been very liberal, and while the lights are a fine thing, the board must use care and judgment as to the incurring of additional expenses. Councilman Carpenter voted against granting the petition.

Warrants were ordered drawn as follows: John Reed, \$3.70; W. L. Jones, \$16; John Reed, \$32; D. Guillard, Jr., \$1.25; Justice G. W. Gardner, \$32.70; Andrew Schaffner, \$10; Sawyer & Perkinson, \$4.60; W. L. Jones, \$11.65; John Mabry, \$2.50; F. C. Buchner, \$9.38; G. W. Girardin & Co., \$69; J. G. Case, \$2.50; F. L. Rodman, \$3.75; Joseph Milkalese, \$1.50; G. W. Rodman, \$2.10; H. L. Tucker, \$1; Logan Brown, \$25; fire engine note, \$850.00.

The bond of City Engineer Redman for \$5,000 was approved. The sureties are H. H. Allen, W. I. Lince and John Reed. The mayor deprecates councilmen going on the bonds of city officials, but as the other sureties had qualified in more than the amount of the bond he had approved it.

The Baptist association was granted permission to encroach eighteen or twenty inches on the alley for a belfry for their new church.

The mayor stated that Contractor Schmidt had been here on Saturday and that a contract had been signed by the mayor and clerk for payment of the principal and interest of the sewer bonds in gold coin, and that work would be commenced at once. This action was ratified by the council.

Councilman Needham asked that some restraint be placed on the "peculiar" houses in the lower part of the city.

Councilman Schorn advocated the imposing of a fine of ten dollars per month. Councilman Cox said this was too cheap. Councilman Reed moved that the attorney draw up an ordinance licensing the houses.

City Attorney Radkin stated that maintaining such houses was a violation of the laws of the state and to license them would be illegal.

Schorn moved that the marshal arrest every inmate of the houses monthly beginning with that night and that each be fined \$10.

The matter was finally settled by instructions to the city attorney to draw up an ordinance regulating houses of ill-fame.

STITCHES FROM ELLENBURGH.

Yakima Fruit Shippers Hipped—J. B. Fogarty Will Branch Out in Yakima—The People's Party's Modest Wants.

The Northern Pacific paid off its employees for November on Tuesday, distributing about \$30,000 in this city. Ellenburgh is anything but brisk, and if the repair shops were taken away it would sustain a blow from which it would be hard to recover.

There was a quiet failure here one day last week. The stock of F. H. Coffin, grocer, was transferred by the Tacoma Grocery Co. to R. H. Wilson, of Tenino. It is reported that some of the Yakima fruit shippers got nipped.

Business men do not look forward to spring with any great degree of confidence. Absolutely no property is changing hands, and there is nothing in prospect except the construction of the middle Kittitas ditch, which will take its head on the west side of the Yakima, about two miles from Cle-Elum, and cross that stream some eight or ten miles above Ellenburgh, covering about 30,000 acres of land.

It is more than probable that J. B. Fogarty will put in a branch house in North Yakima in the spring. He is the heaviest grocer here, owns the building in which he does business, and stands well financially.

The city bonds have been sold to E. H. Rollins & Sons, of Denver, at par. The amount was \$29,000.

The council is in a quandary how to proceed regarding the tie election on mayor. Neither Power nor Morgan will enter contest, and as the charter makes no provision in case of a tie vote, the prospects are that Mayor Shouley will hold over. The only solution to the difficulty is for Shouley to resign, when a special election can be called. There were six tickets cast that were plainly intended for Power, but they were thrown out, for while Morgan's name was marked off, there was no cross placed after the name of Power.

The People's party was born in Ellenburgh Dec. 14. There was considerable groaning and howling, but the mountain labored and brought forth the new factor which is to revolutionize affairs. The following were the fathers of the new organization: D. B. Hannah, Tacoma, chairman; J. C. MacCrimmon, North Yakima, secretary. The executive committee consists of D. B. Conrad, Okadale; James Bassett, Lincoln county; D. B. Hannah, Tacoma; E. J. Jeffries, Spokane; J. C. MacCrimmon, North Yakima; J. F. Laclare, Ellenburgh, and Robert Bridges. They have a platform, and their wants are but one—the world.

THE HAIR

When not properly cared for, loses its lustre, becomes crisp, harsh, and dry, and falls out freely with every combing. To prevent this, the best and most popular dressing in the market is Ayer's Hair Vigor. It removes dandruff, heals troublesome humors of the scalp, restores faded and gray hair to its original color, and imparts to it a silky texture and a lasting fragrance. By using this preparation, the poorest head of hair soon

Becomes Luxuriant

and beautiful. All who have once tried Ayer's Hair Vigor, want no other dressing. G. W. Groves, Ky. writes: "We believe Ayer's Hair Vigor to be the best preparation of the kind in the market, and sell more of it than of all other hair preparations. It is complete without a supply of it."

"I have used Ayer's Hair Vigor with great benefit and know several other persons who have experienced similar good results from the use of this preparation. It restores gray hair to its original color, promotes a new growth, gives lustre to the hair, and cleanses the scalp of dandruff."—Bernardo Ochoa, Madrid, Spain.

After Using

A number of other preparations without any satisfactory result, I find that Ayer's Hair Vigor is causing my hair to grow."—A. J. Osmont, General Merchant, Indian Head, Pa.

"Ayer's Hair Vigor is the only preparation I could ever find to remove dandruff, cure itching humors, and prevent loss of hair."—J. C. Butler, Spencer, Mass.

"My wife believes that the money spent for Ayer's Hair Vigor was the best investment she ever made. It has given her so much satisfaction."—James A. Adams, St. Augustus, Texas.

THE MENASTACHE MINING BUBBLE.—"What has become of that wonderful Menastache mining boom in Kittitas county about which all the daily papers contained boom dispatches for a long time?" queried a HERALD reporter of a prominent citizen of Ellensburg recently. "Oh! that was a fake, pure and simple," was the reply. "Ellensburg derived some benefit from it, as prospectors came from all parts of the northwest and outfitted there, but even the most conservative citizens were taken in. It happened in this way: Some good looking quartz was found along the Menastache creek and brought to Ellensburg just at the time a plausible-speaking man, who claimed to be an all-wool, yard-wide assayer, located there. He was given some of the rock to assay, and made fabulous returns as to its richness. More rock was brought in, and according to the assayer it was still better. The country was on fire. Glowing reports were telegraphed in all directions, and people eager to get wealthy in a day or two rolled in, outfitted, and left for the wonderful new fields. The whole country was staked off. Rock was sent abroad for assaying, and with the returns came the first damper on the enthusiasm. It was said to contain only a trace of the precious metals and was pronounced worthless for practical purposes. The shock was a great one, but the people would not believe that the returns were honestly made. They smelled a huge conspiracy to bear the market and become possessed of the property. Determined to crush the intrigue, they took out a ton of the quartz and sent it to the Tacoma smelter, but before they could get the returns which was destined to bust their bubble, the local assayer, who had all of this time put on a bold front, suddenly weakened and skipped for parts unknown, leaving an active and pushing community to mourn over their blasted hopes and extreme gullibility."

THE CLUB PARTY.—The party given by the Yakima club Wednesday night was a most pleasant affair. There was a large attendance, and all present seemed to enjoy every moment of the time. The ladies had provided a very nice lunch, to which full justice was done, and the music by Read's orchestra was, as usual, very satisfactory to the dancers. Among those present THE HERALD was able to get the following list: W. L. Steinweg and wife, A. B. Weed and wife, S. C. Henton and wife, Wm. Ker and wife, F. R. Reed and wife, T. M. Vance and wife, Miss Wheeler of Washington, D. C., A. B. Ross and wife, W. P. Sawyer and wife, W. H. Chapman and wife, B. Strobach and wife, J. M. Baxter and wife, Miss Baxter, Mrs. Frank Sharkey, J. H. Greer and wife, R. B. Milroy and wife, H. C. Humphrey and wife, the Misses Dunning, M. H. Ellis and wife, J. B. Reavis and wife, Edward Whitson and wife, Charles Gordon and wife, Hugh Sinclair and wife, Sam Vinson and wife, J. B. Pugsley and wife, Frank Horsley and wife, H. Spinning and wife, G. S. Courter and wife, the Misses Cary, Miss Gulliland, Miss Kingsbury, Miss Fulkerson, Miss Bailey, Miss Sinclair, Miss Sawyer, Miss Mattoon, Miss Wright, Miss Feamster, Miss Donald, Miss Iler, Mrs. Goodwin, Mrs. Gordon, Messrs. W. H. Hare, Walter Cornett, E. M. Reed, Fred Miller, Henry Teal, L. E. Sperry, Geo. Cary, G. H. Watt, W. H. Redman, I. H. Dills, W. H. Cornett, Frank Bartholet, Henry Lombard, Donald and Hartung.

THE CHRISTMAS BAL MASQUE.—The Yakima firemen have made very complete arrangements for their masquerade ball, which will take place at Mason's opera house, Christmas night. They have left nothing undone that would add to the enjoyment of the occasion, and a large attendance is anticipated. Every citizen should show his appreciation of the efforts of our volunteer department by encouraging the boys with their presence at this entertainment. Aside from the cause being most worthy, assurance is given that all will enjoy themselves to the fullest extent. Gorgeous costumes have been devised and it is confidently asserted that this will be the most resplendent pageant ever witnessed in Yakima.

ROSLYN'S FINANCIAL CONDITION.—Rosllyn, according to a statement made THE HERALD by City Clerk L. F. McConib, does not present a financial condition that should cause the people of that young city to complain; in fact, from the figures given, it looks as though the administration had done remarkably well. The receipts of the city treasury to date have been about \$10,200, of which amount \$2,300 has been expended for iron water pipe, \$2,200 for street work, and the balance for a look and ladder truck, 600 feet of hose, salaries and miscellaneous expenses. The disbursements have exceeded the receipts by \$200.

F. M. Patterson was recently arrested for stealing grain from John London, of the Cowychee. Some of the grain taken was rye, and by an opening in the sack Patterson was traced to his home. It was also found that he carried some of the grain to the mill, in fact he admitted taking it, but claimed that London was owing him for labor performed and he was trying to get even. The jury brought in a verdict of not guilty, which surprised and pleased the defendant's attorney, John G. Boyle.

Wm. Lee, Sr., and J. O. MacCrimmon attended the Knights of Labor convention at Ellensburg last week, but THE HERALD was prevented from getting a report of the proceedings through the introduction of a resolution permitting a publication of the minutes only in the Industrial World. This was an ill-advised action, for there are other papers besides the one named that are friends and abettors of labor and laboring interests.

John Reed has established an office and wood and coal yard on the west side of the track. Telephone 17 if you are ready to pay cash for fuel.

LOCAL BRIEFINGS.

—Firemen's masquerade ball. Christmas night. Do not forget it.

—Save money by buying your boots and shoes of Schott, the shoeman. 4t

—The Moxee Company shipped 36,000 lbs. of hops to England last week.

—Bob Bennett, formerly of this place, is now running a barber shop at Spokane.

—A grand ball and oyster supper will be given Christmas Eve at the public hall in Yakima City.

—Kinney, the barber formerly employed at the Hotel Yakima, was recently married at Ellensburg.

—The Northern Pacific pay car was in town Wednesday, gladdening the hearts of the railroad boys.

—Waterville has gone democratic. Register Frank Dallam, of the U. S. land office, was defeated for mayor.

—Matt Bartholet has retired from the mercantile business, having sold his stock of goods to Messrs Stone & Greene.

—A small dancing party will be held at the residence H. H. Allen, Christmas eve, in honor of Mr. Brooke of Seattle.

—G. M. McKinney has purchased the eight room residence of George Winchell on Second street. The price paid was \$2,500.

—The marriage of Miss Zona, daughter of L. S. Howlett, to Samuel James Cameron will be celebrated on Friday, January 1st.

—The Masons will install the officers-elect of that organization on Saturday night and celebrate the event with a supper.

—You will find the best line of boys', youth's and children's shoes ever brought to the city—every pair warranted—at Schott's. 4t

—Messrs Kincaid and Harris are among the newcomers here, who have purchased Selah valley lands through the agency of Fechter & Ross.

—Mr. and Mrs. W. Wallace Atherton are arranging to give an old-year-out-and-new-year-in party at the Hotel Yakima on the 31st inst.

—Mrs. A. to Mrs. B., "Have you tried Schott's \$3 hand-turned shoe?" Mrs. B., "Yes, I have, and they are the most comfortable shoes I ever wore." 4t

—The work of grading for the electric road between North Yakima and Yakima City will be commenced next Monday, unless the severity of the weather prevents.

—Show your appreciation of the efforts of the firemen by your presence at the masquerade Christmas night. The boys are deserving of the compliment of a large attendance.

—The well in Horse Heaven, which is being drilled at the cost of the county and state, is now down 560 feet, and the drill is in quicksand. While there is plenty water, the well refuses to spout.

—There will be a Christmas tree festival for the children of the Episcopal Sunday school, at 4 o'clock Thursday afternoon. The church has been handsomely decorated with evergreens.

—Agent Humphrey, when asked how the Christmas express business compared with that of last year, stated that the receipt of packages was much greater, but the volume of the shipments abroad was somewhat lighter.

—The report that an Ellensburg young lady has a stocking that will hold a base drum and a bob-sled is pronounced incorrect. She admits, however, that it has a capacity for a five pound box of caramels, a toilet set and a sealskin jacket.

—Burglars entered the residence of Mr. B. Wilkinson, Tuesday evening, and after stealing things around promiscuously, left without taking anything of value, if Mr. Wilkinson's inventory is correct. Entrance was obtained through a back door.

—Attend the firemen's bal masque Christmas night. No one can afford to miss it, for the occasion will not only be one of pleasure to all who attend, but it will be a deserved compliment to our volunteer department to have a big turnout.

—The marriage of Miss Lillie Schanno and Chas. Worth, a Northern Pacific engineer, is announced for the 28th. The ceremony will take place at the residence of the bride's mother, Yakima City. Mr. and Mrs. Worth will reside in Ellensburg.

—The new well boring plant ordered from St. Louis by Stout & Co. has now been on the road for seven days. Upon its being received here it will be taken to John Miller's ranch, three and a half miles west of the city, where the boring will be started.

—New Year's eve will be observed by a grand ball at Mason's opera house. Music will be furnished by Read's orchestra, and a good time is anticipated in tripping the "light fantastic" while the old year glides into the sweet subsequently and promising 1892 becomes a reality.

—The superior court has adjourned until the 13th of January, when the hearing of the Abtaunum water cases will be resumed. Judge Smith is of the opinion that these cases will consume a long time, although Attorneys Reavis, Whitson and Suirely are expediting matters as much as possible.

—Married, Thursday, Dec. 24th, Norman Woodhouse to Miss Isabella Wiley. The contracting parties are well known residents of the Abtaunum valley and have many friends all over the northwest who are joined by THE HERALD in wishing them a future of unalloyed happiness and prosperity.

—Charles Carpenter has figured very closely on the hop crop, and claims that the number of bales raised in this county was 2707, of which he shipped 1593 bales. There still remains unshipped and unsold 311 bales. Mr. Carpenter's early estimate of the amount of hops raised here was exceeded by over two hundred bales.

ROYAL IS THE Best Baking Powder The Official Government Reports: The United States Government, after elaborate tests, reports the ROYAL BAKING POWDER to be of greater leavening strength than any other. (Bulletin 13, Ag. Dep., p. 599.) The Canadian Official Tests, recently made, show the ROYAL BAKING POWDER highest of all in leavening strength. (Bulletin 10, p. 16, Inland Rev. Dep.) In practical use, therefore, the ROYAL BAKING POWDER goes further, makes purer and more perfect food than any other. Government Chemists Certify: "The Royal Baking Powder is composed of pure and wholesome ingredients. It does not contain either alum or phosphates, or other injurious substances. EDWARD G. LOVE, Ph. D." "The Royal Baking Powder is undoubtedly the purest and most reliable baking powder offered to the public. HENRY A. MOTT, M.D., Ph.D." "The Royal Baking Powder is purest in quality and highest in strength of any baking powder of which I have knowledge. WM. McMURTRIE, Ph. D."

PERSONAL.

C. W. Henry is laid up with rheumatism.

E. M. Curl, of Tacoma, formerly of Iowa, is over investing in Yakima lands.

Miss Sadie Ward has returned from the Ravenna seminary, Seattle, to spend the holidays.

W. S. Clark, an experienced oil well borer of Pennsylvania, arrived here on Saturday last.

H. B. Scudder left for Boston on Monday in response to a telegram announcing the death of his father.

Wayne Field is down from Ellensburg, and says he soon expects to move back to Yakima with his family.

Miss Wheeler, of Washington, D. C., arrived here Tuesday night on a visit to her sister, Mrs. T. M. Vance.

County Superintendent J. G. Lawrence and Miss L. C. Ferrell, of the Natchez, leave Sunday night for Fairhaven to attend the state teachers' association.

W. Y. Clark and G. A. Hill, of the state board of trade, with headquarters at Olympia, spent Friday and Saturday in Yakima acquainting themselves with our people and resources. They visited the artesian wells during their stay here.

D. S. Moncrieff, M. D., holding appointment on the scientific staff of the world's fair, under Prof. Putnam of Harvard, who has been on the Yakima reservation for some time past preparing a report, had the misfortune to lose his way among the sage-brush hills on the 10th and passed a night with no covering but the bear frost. As a result he is laid up at Fort Simcoe with an attack of fever and ague which promises to incapacitate him for his work for some time to come.

Eshelman has a very fine line of Christmas goods generally, but he desires to direct special attention to his elegant assortment of Photograph and Autograph Albums, which he is offering very cheap in order to avoid carrying them over. He also wishes to mention particularly the handsomely bound works of Chas. Dickens, complete in 15 volumes, at the low price of \$8 per set, as well as those of Butler, 12 vols., Thackeray, 10 vols., and Scott, 12 vols., finely illustrated, in good type and well bound, at figures that have never been offered here. For holiday gifts these goods are specially adapted.

The officers of the Dell Haven Irrigation district have notified the parties to whom the contract for the construction of the ditch was let that unless work was begun within thirty days the contract would become void. The ditch, which is in the eastern end of the county, must be finished by May, and if the present contractors do not come to time others are ready to do the work on the same terms.

Did you ever buy a horse and not have some mingeing as to his points till they were fully tested? Not so with Ayer's Sarsaparilla; you may be sure of it at the start. It never disappoints those who give it a fair and persistent trial.

Dandruff is due to an unclean state of the skin. Hall's Hair Remover quickens the nutritive functions of the skin, healing and preventing the formation of dandruff.

ROBERT DUNN, P. M.

It is not generally known, but it is a fact nevertheless, that the government pays about \$8,000 annually for the support of the Catholic Indian mission school at this place. The government allows \$160 per capita for each of the Indian children attending the school, and there is an average of fifty scholars in attendance.

Last Saturday, while Ben Rosencrans was excavating near the mouth of the Yakima for the placing of one of G. M. McKinney's irrigation pumps, the banks of the hole caved in, burying him beneath twelve feet of earth. Bystanders rescued him by active work, but it was a close call for his life.

A Pure Cream Tartar Powder ROYAL, Contains Ammonia. TAYLOR'S ONE SPOON, Contains Alum and Ammonia.

Dr. Price gives larger and fuller cans than those of any other Baking Powder manufacturer.

Above cut represents the comparative size of one pound can each "Dr. Price's," Royal and "Taylor's One Spoon." These cans were set side by side, then photographed down in exact proportions to admit the plate in this space. Ask your grocer to set a one pound can of any other brand alongside 1 lb. Dr. Price's Cream Baking Powder, and observe the difference, as illustrated above.

Adulterated powders may usually be detected by their heavier bulk, as shown by the small cans, and these scantily filled, often containing a circular to help fill out the cans. It is a singular fact that many of the ammonia and alum baking powders are advertised as "Absolutely Pure." All official examinations prove that it would be safe to reject all powders labeled absolutely pure.

The economy in using Dr. Price's Cream Baking Powder does not consist alone in the fact that much larger and fuller cans are given, but Dr. Price's is a stronger, purer and more wholesome baking powder than any other known. Does better work, and goes farther, hence more economical in every way.

What woman would use an ammonia or alum baking powder if she knew it? Such powders not only undermine the health, but ammonia gives to the complexion a sallow and blotched appearance.

Dr. Price's Cream Baking Powder is reported by all authorities as free from ammonia, alum, lime, or any other adulterant. The purity of this ideal powder has never been questioned.

Accept no Substitute. It may conceal Ammonia.
