Subject: Governor's Race Special Update

As of 6:00 P.M. Monday: Rossi behind by 158 Votes

We Need Volunteers!

Today, King County announced they had approximately 19,000 ballots still to count, rather than the 11,000 they had reported earlier. With those additional King County votes this race is now even closer than before.

As you may have heard, the Democrats are aggressively contacting provisional and absentee voters in order to get them to sign the forms necessary to make their vote count. **We have been doing exactly the same thing, and we need your help!** We need volunteers to make phone calls and knock on doors tomorrow. If you can help, contact the Rossi campaign at 425-646-7202 or WSRP at 206-575-2900.

Also, if you know a Republican or Rossi supporter who has not had their provisional or absentee ballot counted, they need to contact their county auditor by 4:00pm on Tuesday or contact the phone numbers listed above for assistance.
