On behalf of the Office of the Secretary of State, I am pleased to present the 2020 General Election Voters' Pamphlet. We offer this comprehensive guide as a reference to help you find information on the candidates and statewide measures that appear on your ballot.

This general election gives you the opportunity to have a say in our government at the local, state, and national levels, and to choose who will serve as our nation's next president. In order to have your voice heard, you must be registered to vote. Voter registration forms that are mailed or completed online must be received by October 26, and we encourage you to check your registration information today at **VoteWA.gov**. If you are reading this message after October 26 and you are not registered, have moved since the last time you voted, or did not receive a ballot, you can go to your local elections office or voting center during regular business hours through 8 p.m. on Election Day to register to vote and receive a ballot.

Once you have completed your ballot, you can send it via U.S. mail — no postage needed — but remember, all ballots must be postmarked by November 3. A late postmark could disqualify your ballot. The USPS recommends that you mail a week before Election Day. After that, we recommend using an official ballot drop box. Drop boxes are open until 8 p.m. on November 3.

We are committed to ensuring a safe and secure election for all Washingtonians, especially during this challenging time. Returning your ballot through the mail or at one of nearly 500 ballot drop boxes statewide can help you maintain proper social distancing and stay healthy. To locate a ballot drop box, visit **VoteWA.gov**. For more information about COVID-19, visit **coronavirus.wa.gov**.

Sincerely,

Mark Neary  
Assistant Secretary of State

## Explanatory Statement

Written by the Office of the Attorney General

### The Law as it Presently Exists

School districts may choose to provide, or not to provide, sexual health education. Parents or legal guardians may have their children excused from any planned instruction in sexual health education.

If the school district offers sexual health education, it must be medically and scientifically accurate. It must also be age-appropriate and appropriate for students of any gender, race, disability status, or sexual orientation. It must include information about abstinence and other methods of preventing pregnancy and sexually transmitted diseases. It cannot consist only of information about abstinence.

A school may choose to provide comprehensive sexual health education using separate outside speakers or a prepared curriculum. Sexual health education must be consistent with guidelines developed by the state Department of Health and the Office of the Superintendent of Public Instruction. The Superintendent of Public Instruction and the state Department of Health must make these guidelines available on their web sites.

The Superintendent of Public Instruction, consulting with the state Department of Health, develops a list of sexual health education curricula that are consistent with state guidelines. State law encourages school districts that choose to offer sexual health education to review their program and choose a curriculum from the state list. School districts may choose or develop any other curriculum that complies with state law.

Any parent or legal guardian may review the curriculum offered in their school district.

### The Effect of the Proposed Measure if Approved

The Legislature recently passed a bill that would change the law about sexual health education. If the voters approve Referendum 90, then the law would change as described below. If the voters reject Referendum 90, then the law will remain as summarized above.

Referendum 90 would require public schools to provide comprehensive age-appropriate sexual health education. Parents and legal guardians would continue to have the choice to exclude their students from sexual health education.

Comprehensive sexual health education would mean

age-appropriate instruction in human development and reproduction. Districts would use curriculum, instruction, and materials that are medically and scientifically accurate. The instruction must use language and strategies that avoid discrimination against any student. Comprehensive sexual health education must include information about affirmative consent and bystander training. This means teaching about a conscious and voluntary agreement to engage in sexual activity as a requirement before sexual activity.

The curriculum, instruction, and materials would vary by grade level. For students in kindergarten through grade three, it must be instruction in social-emotional learning that is consistent with standards and benchmarks established by the Office of the Superintendent of Public Instruction. For students in grades four through twelve, it must include information about six topics. These are:

- The physiological, psychological, and sociological developmental processes experienced by an individual;
- The development of intrapersonal and interpersonal skills to communicate, respectfully and effectively, to reduce health risks, and choose healthy behaviors and relationships that are based on mutual respect and affection, and are free from violence, coercion, and intimidation;
- Health care and prevention resources;
- The development of meaningful relationships and avoidance of exploitative relationships;
- Understanding the influences of family, peers, community, and the media throughout life on healthy sexual relationships; and
- Affirmative consent and recognizing and responding safely and effectively when violence, or a risk of violence, is or may be present with strategies that include bystander training.

The law would phase in over time. Public schools must provide comprehensive sexual health education in grades six through twelve beginning in the 2021-22 school year. They must begin doing so in all grades in the 2022-23 school year. Public school districts must provide comprehensive sexual health education at least once to students in kindergarten through grade three, once to students in grades four through five, twice to students in grades six through eight, and twice to students in grades nine through twelve.

The Office of the Superintendent of Public Instruction must keep training materials up to date. Public school districts may either choose a curriculum from the list

developed at the state level or choose other curriculum. A district choosing a curriculum that is not on the state list must make sure that it complies with state law and consult with the Office of the Superintendent of Public Instruction. The Office of the Superintendent of Public Instruction must provide technical assistance to public schools.

At the beginning of the 2021-22 school year, public schools must let parents and legal guardians know that they will provide comprehensive sexual health education. The district must provide access to all such course materials that it will use during the school year.

Public school districts must report to the Office of the Superintendent of Public Instruction the curricula used to provide comprehensive sexual health education. The report must describe how it aligns with state law requirements. The Office of the Superintendent of Public Instruction must summarize this information and report it to the Legislature.

## Fiscal Impact Statement

### FISCAL IMPACT SUMMARY

Engrossed Substitute Senate Bill 5395 was enacted in the 2020 legislative session, but has not gone into effect because the voters submitted petitions to refer the measure to the November 2020 general election ballot. If the voters approve the referendum, ESSB 5395 would go into effect. There would be no fiscal impact to state government in the 2019–21 biennium and ongoing. There would be a fiscal impact to local government (school districts), but the impact is indeterminate. There are no known state or local revenue impacts that would result from the passage of this measure.

### SUMMARY

Referendum 90 places Engrossed Substitute Senate Bill 5395 (ESSB 5395) onto the 2020 general election ballot for approval or rejection by the voters.

Beginning September 1, 2021, ESSB 5395 would require every public school district to offer comprehensive sexual health education from a list of curricula provided on the Office of Superintendent of Public Instruction's (OSPI) website, or choose their own curricula using a tool provided by OSPI. Additionally, OSPI would be required to report to the Legislature data collected from school districts about the curricula they used to provide comprehensive sexual health education. Section 1(5)(a) of ESSB 5395 requires the Department of Health (DOH)

to consult with OSPI on the development of a list of comprehensive sexual health education curricula that are consistent with the 2005 guidelines for sexual health information and disease prevention and the Washington state health and physical education K–12 learning standards.

### GENERAL ASSUMPTIONS

- If approved, the effective date of the referendum is December 3, 2020.
- The fiscal estimates use the state's fiscal year of July 1 through June 30. Fiscal year 2021 is July 1, 2020 to June 30, 2021.

### REVENUE

The referendum has no known state or local revenue impact.

### EXPENDITURES

A vote to approve the referendum would result in no costs for state government, specifically OSPI and DOH. School districts may incur costs, but those costs are indeterminate and are dependent upon local decisions regarding the adoption process and training for any new curriculum adopted.

#### State expenditures

Curricula. OSPI currently offers a list of curricula as part of its open education resources. There is no additional cost associated with maintaining sexual health education curricula.

Review Tools. OSPI currently offers a review tool for districts to use when selecting comprehensive sexual health education. The tool would require very little modification to be used as directed in the bill. There is no additional fiscal impact related to staff time to accomplish this work.

Data Collection. OSPI currently collects district-level data related to comprehensive sexual health education. No expenditure impact is anticipated as a result of this additional data collection requirement.

Reporting: OSPI is currently required to report on sexual health education to the Legislature. The time involved in reporting the results of the data reporting is already believed to be captured; therefore, no expenditure impact is expected.

#### School district expenditures

Curricula. School districts may use free sexual health education curricula that is available. Any curricula costs for districts not currently offering comprehensive sexual health education, or not using curricula that meets the standard in ESSB 5395, would be discretionary. Should districts choose curricula at

a cost, two federally-funded grant programs are available to provide financial assistance to districts for implementation. DOH administers the Personal Responsibility Education Program (PREP), and Planned Parenthood of the Great Northwest and Hawaiian Islands administers the Teen Pregnancy Prevention Program (TPPP). Both are funded by the U.S. Department of Health and Human Services Office of Adolescent Health.

Professional Development: ESSB 5395 does not require that districts send their teachers to training or provide any other professional development opportunities in comprehensive sexual health education. Any costs incurred by districts for professional development would be discretionary. To manage discretionary costs, districts could choose to send teachers to professional development opportunities offered by OSPI at no cost.

Districts could incur costs for travel and substitute teacher reimbursement.

Adoption of Curricula. Adoption costs are dependent upon local school district practices. It is assumed that districts changing their curricula will use current adoption processes and available financial resources, therefore, no additional costs will be incurred. However, districts may be impacted by changing their curriculum adoption schedule, substituting the adoption of sexual health education curricula in the place of currently planned curriculum updates. If they choose to add sexual health education curricula to their adoption process, this could result in additional costs for curriculum review, meetings, and public comment. There is no way to estimate statewide costs of the adoption processes; therefore, there is an indeterminate fiscal impact on districts.

## Argument for

### Approve Referendum 90 for Safe and Healthy Kids

Young people in every community deserve age-appropriate information and resources to make good decisions about sex and relationships, to enable them to protect their health, keep themselves safe, and build their futures. Right now, too many students are not receiving high-quality, medically-accurate sexual health education, putting them at immediate risk of harm.

Approving Referendum 90 will uphold a new Washington law requiring all public schools to teach age-appropriate, inclusive, comprehensive sex education. This starts with social and emotional learning for younger students and includes teaching older students about ways to prevent pregnancy and practice affirmative consent.

### It will keep kids healthy

Studies show young people who receive quality sex education are less likely to partake in risky sexual behavior, experience unintended pregnancy, or get a sexually transmitted infection.

### Sex education also serves as prevention for sexual abuse and rape

Young people need information and resources about healthy relationships to understand how to respect personal boundaries, ask for consent, and learn how to say and receive a “no.” Kids experiencing abuse urgently need to know how to get help. Children who are being sexually abused often don’t understand what is happening until someone provides them with the tools to communicate with a trusted adult.

This year, parents, educators, and medical professionals from across Washington worked together to pass a comprehensive sex education law. Let’s protect that law, and young people’s futures, by approving Referendum 90.

---

### Rebuttal of argument against

Parents, teachers, and pediatricians know that in states with quality sex education, teens are talking about consent, waiting longer to have sex, avoiding getting pregnant, and keeping themselves safe. R90 gives parents the ability to opt children out if they’re uncomfortable with content, and every district must collaborate with communities on curriculum selection. R90 requires age appropriate education, meaning social and emotional learning for self-control and interpersonal skills in grades K-3. Approve R90.

## Argument against

### Reject Referendum 90. Overturn the K-12 comprehensive sex education mandate.

The legislature passed a bill mandating a new comprehensive sexual education (CSE) curriculum for all students K-12. Huge numbers of students are failing math, science, and English. Olympia should prioritize improving literacy and helping students graduate, not creating a new mandate.

### Reject Referendum 90. Restore local control for parents and local school boards.

The new CSE bill means unelected, unaccountable bureaucrats, not local communities, will develop statewide sex education standards for all students. It requires school districts to adopt a sex education curriculum that meets those standards. Parents and their local elected representatives will have little input in determining how they want their kids to be taught.

### Reject Referendum 90. Stop the early sexualization of our kids.

Kindergarteners need to learn social skills and elementary students should focus on fundamental learning. Materials that currently meet state standards include graphic sexual subject matter. These are decisions that should be left to parents and local communities.

### Reject Referendum 90. A costly mandate at a time when school budgets are being cut.

State and local budgets are facing massive deficits which threaten funding for basic programs. Schools cannot afford to add an expensive new requirement or design their own sex education curriculum that meets state standards.

Trust parents and local communities to develop school curriculum collaboratively. *Protect Local Control. Reject Referendum 90.*

---

### Rebuttal of argument for

Referendum 90 is a blatant power grab by Olympia bureaucrats to take away parental control and impose a comprehensive sexual education curriculum starting in kindergarten. Parents and local schools are already doing an excellent job at this now. HHS.gov reports that for the last 25 years of available data, Washington’s teenage birthrate *dropped 69%*. Erin’s Law, which passed in 2018, addresses sexual abuse, prevention and online safety. *Vote reject* to retain parental and local control.

Engrossed Senate Joint Resolution No.

# 8212

The legislature has proposed a constitutional amendment on investment of public funds.

This amendment would allow public money held in a fund for long-term care services and supports to be invested by governments as authorized by state law, including investments in private stocks.

Should this constitutional amendment be:

Approved

**Explanatory Statement . . . . . 24**

**Arguments For and Against . . . . . 25**

## Final Votes Cast by the Legislature

Senate: Yeas, 45; Nays, 3; Absent, 0; Excused, 1

House: Yeas, 96; Nays, 1; Absent, 0; Excused, 1

The Secretary of State is not responsible for the content of statements or arguments (WAC 434-381-180).

## Explanatory Statement

Written by the Office of the Attorney General

### The Constitutional Provision as it Presently Exists

The Washington Constitution generally prohibits investing public money in the stock of private companies. This means that state and local governments are limited to investing public funds in fixed-income securities, such as government and corporate bonds and certificates of deposit.

The Constitution currently exempts several funds from this restriction. This exemption applies to any public pension or retirement fund, the industrial insurance trust fund, and money held in trust for the benefit of people with developmental disabilities. The exemption allows state and local governments to invest money held in those funds as authorized by law, including by investing in stock as authorized by the Legislature.

In 2019, the Legislature enacted a law providing for long-term care insurance. Under that law, employees will pay premiums for state-sponsored long-term care benefits through a payroll deduction, beginning January 1, 2022. Those premiums will be deposited into a new Long-Term Services and Supports Trust Account (Trust Account). Under current law, money held in the Trust Account could not be invested in stocks.

### The Effect of the Proposed Amendment if Approved

This Amendment would add the Trust Account to the list of funds that are exempt from the prohibition against investing public money in private stocks. This would allow money in the Trust Account to be invested in stock if the Legislature authorizes that form of investment.

## Fiscal Impact Statement

Not required by law

### Voter tip:

The ballot return envelope has free postage, but a late postmark could disqualify your ballot. The USPS recommends that you mail a week before Election Day.

## Argument for

### Washingtonians Support ESJR 8212 – a fiscally responsible investment decision

In 2019, the Washington State Legislature passed The Long Term Care Trust Act to address the growing long-term care crisis. 70% of adults over the age of 65 will require some form of long-term care but 90% are not insured for long-term care. The Long Term Care Trust fund will help families access and afford these critical services with a benefit of up to \$36,500 indexed to inflation. The fund is available to Washingtonians once they need assistance with three or more regular daily activities such as eating, bathing, or help with medications and are vested by paying into the program.

Benefits will begin being paid out in 2025 and do not count as income for determining eligibility for Medicaid or other state safety-net programs.

Voting in favor of this ballot measure helps to ensure the Long Term Care Trust fund can pay benefits to eligible Washingtonians over the long-term. This ballot measure, ESJR 8212, will allow the Long Term Care Trust fund to be included on the list of public funds exempt from current constitutional investment restrictions. If voters approve this ballot measure, the Long Term Care Trust fund could be invested in the same way that pension funds and ABLE funds are currently invested by our state. The Trust is self-funded with an independent commission and the state actuary responsible for regular certification of the program's solvency.

---

### Rebuttal of argument against

Support for ESJR 8212 is the fiscally responsible choice. With voter's approval, funds would be invested like the State pension and ABLE funds are currently invested, which allows for larger investment growth. Through each economic downturn the market has rebounded demonstrating the overall long term strength of the economy. Higher yield investment options are good for the people of Washington and critically important to Long Term Services and Supports programs in the future.

## Argument against

In 1889, the wise founders of the state of Washington wanted to protect public funds from potential losses of risky investments so they established safeguards in our state Constitution prohibiting stock market investments of our public funds.

SJR 8212 will overturn that safeguard for our new Long-Term Care Services and Supports Trust Program, a multi-Billion-dollar program established this legislative session in preparation for the coming "Silver Tsunami" of elderly needing services. With so much money in play, we must not lose sight of the stock market's high risk along with the questionable bottom line ethics of some Wall Street brokers.

From 2000-03 the Dow Jones Industrial Average (DJIA) lost a third of its value. Around 2008-09 the DJIA lost half its value during the Great Recession. This year the DJIA fell over 37% in less than six weeks from February 12, 2020 to March 23, 2020. Who knows where it is going from here? The long-term economic impacts of COVID-19 are still unknown.

Your vote is about prudent fiscal management of our tax dollars. A better idea is to invest public money into federal, state and municipal bonds that support public works we all depend on in Washington. They're *safe*. Don't let Wall Street brokers gamble with our hard-earned tax dollars.

The Founders didn't trust the stock market then, and we shouldn't trust it now. Please vote *no* on SJR 8212.

---

### Rebuttal of argument for

Your No vote will protect the long-term stability of the Trust Fund from being gambled on by Wall Street. SJR 8212's passage absolutely does not *guarantee* that long term care benefits will actually be paid out to eligible Washingtonians. Don't gamble with the people's hard-earned money. We can better safeguard our money *and* know that it is being invested in a responsibly prudent way by casting a strong *no* vote on SJR 8212.

### The Electoral College is a process, not a place

When you vote for President and Vice President, you determine a group of people called electors (also known as a slate) to represent Washington state in the Electoral College. The electors gather December 14, 2020 to cast votes for President based on the state's election results.

Each major political party chooses their own electors through the caucus and convention process.

### Washington has 12 presidential electors

Every state starts with two because every state has two U.S. Senators. Based on population, each state receives an additional elector for every Congressional District.

$$\begin{array}{r}
 2 \text{ U.S. Senators} \\
 +10 \text{ Congressional Districts} \\
 \hline
 =12 \text{ Total electors}
 \end{array}$$

### The magic number

There are a total of 538 electoral votes in the nation. A presidential ticket needs at least 270 electoral votes nationwide to win. If no presidential ticket receives a majority of electoral votes, the U.S. House of Representatives elects the President and the U.S. Senate elects the Vice President.

### How electoral votes are distributed

Washington state is one of 48 states that uses a "winner-take-all" system; the presidential ticket that wins the popular vote in the state is entitled to all 12 of Washington's electoral votes.

## Federal Qualifications & Responsibilities

Except for the President and Vice President, all federal officials elected in Washington must be registered voters of the state. Only federal offices have age requirements above and beyond being a registered voter.

### President & Vice President

The President must be at least 35 years old and a natural born U.S. citizen. Voters indirectly elect the President through the Electoral College. The President is elected to a four-year term and cannot serve more than two elected terms.

The chief duty of the President is to ensure the laws of the nation are faithfully executed. This duty is largely performed through appointments for thousands of federal positions, including secretaries of cabinet-level agencies and federal judges (subject to confirmation by the Senate). The President is the commander in chief of the U.S. armed forces, has the power to sign and veto (reject) laws passed by Congress, and makes treaties with foreign governments (with Senate approval).

The Vice President serves as the presiding officer of the Senate. The Vice President becomes President if the office is vacated.

The order of major political parties is determined by the number of votes cast in this state for the President of the United States at the last presidential election. In 2016, the Democratic Party received the highest number of votes in Washington state and must appear on the ballot first.

Independent and minor party candidates follow major parties in the order of their qualification with the Secretary of State. (RCW 29A.36.161)

### Congress

The United States' Senate and House of Representatives have equal responsibility for declaring war, maintaining the armed forces, assessing taxes, borrowing money, minting currency, regulating commerce, and making all laws and budgets necessary for the operation of government.

#### United States Senator

Senators must be at least 30 years old and citizens of the U.S. for at least nine years. Senators serve six-year terms. The Senate has 100 members; two from each state.

The Senate has several exclusive powers, including consenting to treaties, confirming federal appointments made by the President, and trying federal officials impeached by the House of Representatives.

In 2020 there are no United States Senators up for election in Washington state. The next scheduled election will be 2022.

#### United States Representative

Representatives must be at least 25 years old and citizens of the U.S. for at least seven years. Representatives are not required to be registered voters of their district, but must be registered voters of the state. Representatives serve two-year terms.

The House of Representatives has 435 members, all of whom are up for election in even-numbered years. Each state has a different number of members based on population. After the 2010 Census, Washington was given a 10th Congressional District.

**Statement**

Former Vice President Joe Biden believes we are in a battle for the soul of this nation. The current president threatens everything we stand for by fanning the flames of hate groups, dividing Americans, and tearing the fabric of the country apart. The stakes in this election couldn't be higher, and nothing will change if we don't defeat the current president.

Joe's parents instilled in him that when you see an abuse of power, it's your obligation to stand up to combat it. That's motivated him his entire life - as Senator from Delaware for 36 years and President Obama's Vice President for 8 years.

Joe stood shoulder to shoulder with President Obama to pass the Affordable Care Act, expanding health care for 20 million people. He wrote and passed the Violence Against Women Act, when domestic violence was considered a family matter. He took on the NRA and won - twice - including passing the assault weapons ban. And, he started talking about climate change as a moral issue of our time far before it was a mainstream issue.

His vision for America is based on equal opportunity for all. Treating everyone with dignity. A middle class where everyone - regardless of race, gender, sexual orientation, or disability - comes along.

As president, Joe will expand on the historic progress of the Obama-Biden administration and rebuild a strong, inclusive middle class. He'll protect and build on Obamacare with a public option. He'll restore our standing in the world.

Joe has a proven ability to bring people together and to deliver for the middle class. At this defining moment in our nation's history, it's going to take Joe's strong leadership to unite America and move our country forward.

**Statement**

Four years ago, President Donald J. Trump ran on a promise to put America First, and he has kept that promise. President Trump fought the establishment to lower taxes for hardworking middle-class families, create better trade deals that stopped the offshoring of American jobs, and rebuild our military.

President Trump stands by his oath to defend and protect the American people. That's why, as your President, Donald J. Trump has stood up to the radical left that would defund our police, allow our cities to devolve into lawless zones, and make our families less safe.

Lawless zones like CHOP, CHAZ, or whatever the radical left wants to call them cannot be allowed to happen again, and President Trump stands committed to stopping them. These aren't peaceful gatherings of protestors. They are a hotbed of crime, promoting the wanton destruction of our homes, our businesses, and innocent lives.

That's why President Trump stands proudly with our law enforcement who, day in and day out, put their lives on the line to keep our families and our children safe from dangerous criminals. Our men and women in blue deserve a President that has their back, who will work with them to make sure criminals are brought to justice, and not someone that would side with rioters that burn our buildings and destroy our communities.

As your President, Donald J. Trump will continue to deliver on his promise to Make America Great Again, by holding China accountable for the virus they unleashed upon the world. We can and we will defeat the invisible enemy, so we can continue the economic prosperity that President Trump delivered when he was elected.

Vote to put America First and to Make America Great Again. Vote Donald J. Trump for President.

While 3,000 miles separate Olympia from Washington, DC, it sometimes feels that there is an even greater divide between Washingtonians and the politicians who claim to represent them. The Evergreen State shares a name with our nation's capital, but not the same refusal to try new ideas.

Perhaps that is why more people in Washington state voted Libertarian in 2016 than ever before.

Washingtonians have made it clear they won't wait for the federal government to act, and time and again, they have been ahead of the pace of career politicians. After all, Washington was the first state where death with dignity, marriage equality, and recreational cannabis were all legal at the same time.

Just like those in Washington state, Libertarians know it doesn't have to be this way.

We can reduce healthcare costs without putting government in charge of highly personal medical decisions and creating a one-size-fits-all system. We can prioritize our national security without being involved in unnecessary foreign

wars and stationing troops around the world in dozens of countries away from their families. We can protect our communities without sacrificing freedom through failed initiatives like civil asset forfeiture, no-knock raids, qualified immunity, and the War on Drugs. We can value necessary responsibility for workers and employers without endless barriers of entry to professions and new businesses. We can balance the budget without raising taxes. By ending excessive government overspending, we can also eliminate the federal income tax.

I'm running for President not just to present a new way of addressing important issues. I'm running because Washington state deserves a better way — solutions that create real change for real people.

Our Green Party presidential ticket is campaigning for real solutions to life-or-death issues. Real solutions can't wait!

*COVID-19 Pandemic:* The ever-growing sickness and death from COVID-19 in the US shows that the two governing parties are presiding over a failed state. Organized countries around the world have suppressed the virus. We will enact a comprehensive Test, Contact Trace, and Quarantine program to suppress community spread of the virus so we can safely re-open the economy and schools.

*Police Brutality and Systemic Racism:* We call for community control of the police through commissions selected by the community with the power to appoint police chiefs, set policies and budgets, and investigate and discipline police misconduct. We support reparations, including a massive federal investment in jobs, housing, schools, healthcare, and businesses in racially-oppressed communities that have been impoverished by generations of segregation, discrimination, and exploitation.

*Economic Inequality:* After 45 years of stagnant wages and growing inequality, working-class life expectancy is declining. We will enact an Economic Bill of Rights to end poverty and economic despair, including a job guarantee,

a guaranteed income above poverty, affordable housing, Medicare for All, free public education from pre-K through college, and doubling Social Security benefits for a secure retirement for every senior.

*Climate Crisis:* We will enact an emergency Green New Deal to achieve zero carbon emissions and 100% clean energy by 2030. We will ban fracking and new fossil fuel infrastructure.

*Nuclear Arms Race:* We will cut military spending by 75%, withdraw from the endless wars abroad, pledge no first use of nuclear weapons, and disarm to a minimum credible nuclear deterrent. On the basis of these tension-reducing peace initiatives, we will go to the other nuclear powers to negotiate complete and mutual nuclear disarmament.

**Statement**

The Socialist Workers Party demands the federal government immediately fund a massive public works program to provide jobs at union- scale wages for the millions thrown out of work. The COVID-19 virus has exposed the crisis of capitalism. Workers can build hospitals, housing, schools and day care centers and replace crumbling infrastructure.

The bosses divide working people by scapegoating immigrant workers who they exploit. My campaign demands amnesty for all undocumented workers in the U.S.

*Workers Control of Production.* Workers need to work! It is only at work that by acting together, we utilize our power and stand up to the bosses. Such resistance has taken place among Walmart workers, fruit packing workers in Yakima, machinists union shipyard workers on strike in Bath, Maine along with copper miners who struck in Arizona and Texas and among workers on the railroads – who all demand safe working conditions, control over line speed, pay raises and forty-hour work weeks.

Our campaign points to what is possible and needed. If workers wrested control of production, we could set up

workplace committees to combat the bosses’ production of shoddy goods, expose their waste, as well as protect the environment.

*Workers need our own party—a labor party – to fight to take political power out of the hands of the bosses and bankers and the Democrats and Republicans who represent them. We need to emulate what the workers and farmers of Cuba did when they made their revolution in 1959 - -establish a workers and farmers government. We call for arrest and prosecution of all cops who kill working people and we fight against women’s oppression and defend a woman’s right to choose abortion.*

### Other Professional Experience

Former Senior Legislative Aide, U.S. House of Representatives. Before that, jobs from nanny to retail at the Vancouver Mall to picking blueberries.

### Education

### Community Service

### Statement

Serving Southwest Washington families and communities is my mission. I listen to you, and I stand up to both political parties including my own to put our region's needs first. Of Washington's 12 members of Congress, I've been ranked "most effective" for championing solutions for jobs, affordable health care and preserving the way of life that makes our area special.

*Economic recovery and jobs:* Our region must remain a great place to earn a living and support a family. I've helped pass laws boosting the average family's paychecks by \$2,300 and creating thousands of jobs. My yearly Jobs Fairs have secured good-paying employment for countless residents. I lead efforts to help our wood products industry, protect manufacturing jobs, and preserve fishing jobs and ports. And I won't let up; we need economic recovery now more than ever.

*Responding to COVID:* When our frontline health workers need protective equipment, small businesses need help to survive and workers need emergency relief, I work tirelessly to take care of people's needs.

*Fighting Oregon's tolling scheme:* Oregon wants to toll Washington commuters who use the I-5 and I-205 bridges – with none of the money going to upgrade those structures. That's unfair, and it jeopardizes our ability to fix the I5 bridge. I'm opposing any tolling plan that treats Southwest Washington residents unfairly.

*Protecting sportsmen, preserving salmon:* My legislation to control predatory sea lions and improve salmon numbers on the Columbia River is now law. I'm working to bring back our salmon and steelhead.

*Seniors have earned Social Security and Medicare.* That's why I've fought to strengthen these programs for senior citizens who depend on them. Nobody will work harder for Southwest Washington than I will. It's an honor to serve you in Congress and I ask for your vote.

Long**

(Prefers Democratic Party)

**Elected Experience**

Not a career politician - I'm running for Congress because Southwest Washington deserves someone fighting for us in D.C.

**Other Professional Experience**

I've taught at WSU Vancouver since 1995. I grew up working at our family's small business, John's Fresh Produce, then worked a union job at Safeway, and was a waitress at Red Robin.

**Education**

B.A., University of Oregon. Ph.D., Rutgers University

**Community Service**

I've focused my campaign on helping our communities -- from volunteering at the local Food Bank and farm, providing a resource guide to help folks get through this crisis, and holding virtual town halls listening to you and answering your questions.

**Statement**

This has been a challenging year for many Southwest Washington families. It shows what happens when career politicians ignore us and fail to plan ahead. That's why I've promised never to take a dime from corporate interests. Here's what I'll fight for:

*Affordable Health Care & Prescription Drugs:* We need affordable health care that we can rely on when we need it most. I'll work with Democrats and Republicans to increase quality, affordable options, including allowing people of all ages to buy into a public option that increases competition and lowers costs. We must also protect our earned benefits, Social Security and Medicare, which we must allow to negotiate lower prescription drug prices. We must put Washingtonians before health insurers and the drug industry.

*Prioritizing Small Businesses:* Small businesses are the backbone of our economy. I'll put them first and will stand up to the huge corporations lobbying for corporate tax breaks. Main Street drives our economy, not Wall Street.

*Investing in Us:* Infrastructure investments create family-wage jobs. We need to improve our roads and bridges and expand access to broadband internet to allow digital learning and eCommerce from all corners of Washington. I'll prioritize providing multiple pathways to success, including no-interest student loans for colleges and universities, investing in vocational training, and promoting registered apprenticeships.

For 10 years, we've had the same representative in Congress. It's clear that we need a change. *We deserve a government that works for the people -- not one working for multi-billion dollar corporations and wealthy campaign contributors.* I'm tired of politicians serving special interests while working families pay the price.

As your new Representative, I will work only for you and will always put the needs of Southwest Washington first. I ask for your vote.

### Statement

The people of Washington are resilient and deserve leadership that reflects their character. Jay Inslee's proven experience in difficult times and his successful economic vision are exactly what Washington needs as we rebuild our economy and help families and businesses recover from the pandemic.

The measure of our leaders is how they respond to unexpected crises. When Washington became ground zero in the country for COVID-19, Governor Jay Inslee met this health and economic crisis head-on, with bold action based on science and guided by public health experts.

The Ellensburg *Daily Record* praised Governor Inslee, writing, "In the moment when he has been tested the hardest, Inslee has stepped up, making the tough calls and providing the leadership needed to get this state through the COVID-19 crisis." The Chair of the University of Washington's Department of Global Health praised Inslee's leadership for "having saved countless lives."

Under Inslee's leadership, Washington recovered from the last great recession to become the country's #1 rated economy, and our state is poised to rebound more quickly thanks to the Governor's progressive policies. Our state has the nation's best Paid Family and Medical Leave, we have expanded health care coverage to 800,000 Washingtonians and created a long-term care benefit for seniors that puts us in a better position to address public health dangers and immediate economic hardship.

Inslee's Career Connect program provides on-site training and apprenticeships for thousands of students who have plans other than four-year college and his investments in forward-thinking renewable energy industries have prepared us to endure and recover from the economic pain so many are now living through.

Governor Inslee's steady leadership and pioneering vision make him exactly the governor we need now to guide us to a better, stronger and more just future for Washington.

These values have guided my public service and advocacy for working people and the vulnerable. I’ll build on my record of proven leadership and break barriers as Washington’s first openly gay statewide executive.

The Lieutenant Governor’s most important job is serving as Senate President. As the only candidate who has served in the Senate, I’m uniquely positioned to get results. I’ve used my position as Majority Floor Leader to establish the most generous paid family leave program in the country, close big business tax loopholes, expand voting rights, protect reproductive healthcare, build light rail, and pass critical COVID-relief.

While Congress is mired in gridlock and special interest money, here in Washington we’ve taken bold action, often with bipartisan support. As Lieutenant Governor, I’ll keep fighting for inclusive economic recovery, universal healthcare, and quality education accessible to all.

**Statement**

As Secretary of State, my most critical responsibility is to inspire public confidence in Washington's elections. We achieve that when access and security are balanced. That's why we created a secure statewide voter registration system to implement accessible same-day voter registration; established the first Elections Security Operations Center to respond to foreign interference and cybersecurity threats; and coordinated the efforts to develop robust state and county continuity of operations plans to respond in a pandemic.

Because Washington is a nationally recognized leader, we have been able to help other states innovate and secure their elections by expanding mail-in voting options during the coronavirus pandemic. I am proud to be the only candidate with elections experience – in fact, I've run over 120 elections in Washington.

This has helped earn the endorsements of all three former Secretaries of State and over 50 Democratic, Republican, and independent County Auditors and Elections Directors. They understand the complexities of this job and share my passion for accessible and secure elections, streamlined business services, open public records, and preserving state history.

I ask for your vote to continue this important work and maintain the nonpartisan integrity and citizen-oriented philosophies of this office.

**Statement**

Voting rights and election security are under attack across the country. In a time of persistent voter suppression and election interference, we need a Secretary of State who will boldly defend every vote and every voter.

I'm running for Secretary of State because I have 30 years of experience as a senior defense intelligence and national security analyst defending our country from attacks. I believe that this office needs a new type of leader to protect our election systems and voter information against current and emerging threats.

Currently, our national and state election officials are putting party before our democracy. Our state's top election official has not denounced threats to defund the US Postal Service or condemned dangerous attacks on voting by mail. These threats to election security must not go unchallenged. In contrast, as a legislator I've supported every effort to expand voting rights and have passed bipartisan laws to protect elections and election workers for all of us.

The needs of this office have changed. It's time for a new era in Washington state elections. I am prepared to face these challenges and lead through the uncertain times ahead. I'd be honored to earn your vote.

**Other Professional Experience**

I spent 11 years as a police officer and detective, 3 years of this as a law enforcement performance auditor. Previously, I ran a grocery department with approximately 50 employees and \$400-500k sales per week.

**Education**

I obtained my B.S. in Molecular Biology from UW in 2007. I am also finishing my MBA in Finance from WSU. Additionally, I hold several professional certifications through my job in law enforcement, including a performance auditor certification from ILEAA.

**Community Service**

I operate an animal rescue called Secondhand Hearts on our farm and also rescue horses from kill pens across Washington.

**Statement**

The State Auditor's Office deserves someone who will finally unlock its full potential to serve Washington. This position has a vital role in oversight of your public dollars, but it also has the power to perform auditing that can change the way government agencies spend that money more efficiently.

I am the candidate in this race that has the most hands on experience with government auditing and government process at the investigative level. I also have perspective on all types of Washington governments instead of those just within our major cities.

We need an auditor that combines all of this experience with a desire to bring *lean* business practices to the office and to make recommendations in Washington agencies that will create jobs and opportunities across all of our state. Wherever my department can find opportunities for us to spend money on products and materials made by Washington businesses, we will recommend these opportunities be prioritized by our state government.

This November, remember that your auditor should be less about their party and more about their boss: You.

**Statement**

I'm running to be your Attorney General because as a lifelong Washingtonian and father of four little kids, I believe that they deserve a better, safer Washington. Everyone agrees that the homeless situation in our cities has spiraled out of control, and no one is doing anything about it. This is unacceptable! For 8 years, homelessness, drug abuse, and crime have been on the rise. As Attorney General, I will make this a priority! I am dedicated to making sure law enforcement and first responders have the tools, training, and resources they need to do their job well.

As an owner of a 3rd generation manufacturing company, I understand the struggles that Washington businesses face every day, and I will fight to make Washington a more business friendly state. I'm proudly endorsed by a former Washington Attorney General, State Senators, State Legislators, County Sheriffs, First Responders, radio talk show hosts, business owners, community leaders, and many more elected officials from all over the state!

**Hilary Franz**

(Prefers Democratic Party)

**Elected Experience**

Commissioner of Public Lands 2017-present; Bainbridge Island City Council 2008-2011; served on Puget Sound Transportation Futures Task Force; Puget Sound Regional Council Economic Development Board; and Puget Sound Salmon Recovery Council.

**Other Professional Experience**

Nonprofit Executive Director 2011-2015, developing solutions to statewide natural resource and economic development issues; Attorney, representing communities, local governments, tribes, unions, and nonprofits on agriculture, forests, fish and wildlife, aquatics, and labor issues.

**Education**

JD, Northeastern University; BA, Smith College.

**Community Service**

Former board member of Conservation Northwest and Washington Environmental Council.

**Statement**

Hilary Franz is proud to serve as Commissioner of Public Lands. She is relentless in creating bold, transformational change. As the leader of Washington’s wildfire fighting force, Hilary pushed for new strategies to reach fires quickly and keep them small. She then secured record-setting funding for our wildland firefighters.

Hilary is a defender of our public lands. When the federal government tried to open our waters to offshore drilling, Hilary refused to allow drilling equipment to cross our coastline. In the face of climate change, Hilary is prioritizing wind and solar power and making investments to save our forests.

Hilary leads by bridging divides and bringing people together. She’s earned high marks from leaders across the state, including from conservative leaders in rural Washington, who’ve praised her willingness to solve local issues, increase funding for schools, invest in rural economic development, and tackle our forest health crisis.

Hilary’s Washington roots run deep, from her grandparents’ cattle ranch in Pierce County to raising her three boys on a farm on Bainbridge Island. Endorsed by the Washington State Labor Council, National Women’s Political Caucus, Washington Conservation Voters, Sierra Club, Washington Education Association, and Democratic and Republican leaders across Washington.

**Community Service**

Board Member, Small Faces Child Development Center; Board Member, Ghana Together; Board Member, Commencement Bay Rowing Club (youth program).

**Statement**

Our public lands have been ravaged by natural disasters including tree infestations and forest fires. They’ve also been damaged by a political disaster: state managers that have focused on serving special interest groups instead of providing for taxpayers, school districts, and outdoor recreational enthusiasts.

No more policy-by-press-conference, or angling for higher political office. It’s time for new leadership. Sue is running to bring that new leadership to DNR, the agency responsible for managing our state’s 3 million acres of trust land.

Informed by a lifetime of managing natural resources, Sue will work to ensure that Washington’s working forests continue to provide a steady, reliable stream of income for our public schools. We’ll do this by adopting proven forest management techniques that reduce disease and excess fuel loads in our forests, which accelerate devastating forest fires. Sue will use her experience as a UW and NOAA fisheries and habitat biologist to strike the right balance between protecting wildlife and protecting Washington’s forest economy.

Raised in rural Washington, Sue has a distinguished career in natural resource management, including service as a regulatory liaison for a major hydropower construction project. She has raised two adult children and survived breast cancer.

**Statement**

Our schools are facing a defining moment. Teachers aren't happy, families are stressed, students are struggling, and the opportunity gap is widening. The delivery of public education has changed dramatically, and we've been forced to adapt. Now is our chance to reimagine a better education system because *the status quo is no longer an option*.

To improve our school system, we need to: use technology to *innovate classrooms* and unlock possibilities for more *personalized learning*; provide school schedules that fit the needs of *working families* and teachers; and teach students key *life skills* like managing finances, living independently, and resolving conflicts.

With kids of my own in public schools, I support parental choice and local control. *The incumbent ignored parents and educators by championing a policy that teaches sexual positions to 4th graders!* Meanwhile, nearly half of Washington's students are failing to meet state standards in core subjects. I am endorsed by parents, teachers, and school board members across Washington because *I respect community input*.

I am running for Superintendent because I believe *our kids deserve better* and can achieve more. If elected, we will update our school system to meet the needs of families, teachers, and the future economy.

**Statement**

We are facing a historic challenge as we fight this pandemic and work to get the economy going. My charge is to make it abundantly clear to Olympia and Seattle that rural Washington has unique challenges that differ greatly from the Puget Sound. I pushed for emergency funding for our county’s public health departments and faster openings of the construction industry, fishing, our recreational lands and other sectors

In Olympia, I’ve stayed out of the divisiveness and the partisanship to focus on getting results here. While I differ on many issues with some of my Senate colleagues, I’ve worked to build bridges to get results here in Southwest Washington.

In the last session, I pushed for a new overpass to help with the rail congestion in Aberdeen, a new satellite police station in Longview, and increased investments in our drug task forces.

We are going to face tough economic times in our next session. I’m ready to do what it takes to keep our businesses open, to keep people healthy and safe and make sure rural Washington continues to be a great place to live. Endorsed: State Patrol Trooper’s Association, State Council of Firefighters, State Labor Council, Nurses and more.

**Other Professional Experience**

Small business owner

Along with wife Trisha and their children, Jeff focuses on giving back to our community by raising funds and volunteering for charitable causes. The Wilson’s are coordinators for 2 local non-profits.

**Statement**

As Longview Port Commissioner, Jeff kept his campaign promise: reducing the Port tax 53% while implementing commonsense environmental practices to shrink the Port’s carbon footprint. Jeff rallied against Carbon Tax legislation that would kill jobs in our community.

We need a senator focused on getting our economy back to work and stopping reckless spending in Olympia. Already, lawmakers want to raise taxes in response to Washington’s Covid-19 budget crisis. District 19 families can’t afford to pay more. Jeff’s prepared to make difficult decisions to protect funding for core government functions like education and senior services, while encouraging job growth.

Jeff’s decades-long leadership has helped shape Southwest Washington for the better. From helping end inefficient programs like Cowlitz County’s Syringe exchange, to founding the Lower Columbia Community Awareness & Response Group, Jeff has policy experience Olympia needs to tackle complex issues. His record balancing business and environmental concerns will help reignite the local economy.

We deserve representation that understands our District isn’t Seattle. Jeff knows our largely rural district has conservative values at the heart of our communities. **Statement**

Senator Braun has a proven record of delivering real results on jobs, education, the budget, and protecting the most vulnerable. He authored the first tuition cut in state history, reducing tuition by thousands and helping to make college more affordable for families across the state.

Senator Braun listens. He works hard for us. He fights effectively for the families and communities in our area. And he is a strong advocate for the developmentally disabled and mentally ill.

He is dedicated to reform government in ways that make our tax dollars spent by state government work harder to help people in need and less to keep bureaucrats and state officials in comfortable positions.

These are challenging times for our families with over a million people out of work and businesses shutting their doors. State revenues are in decline. Many in Olympia will call for billions of dollars in higher taxes. Senator Braun's answer is different. He doesn't support higher taxes on people who have lost their jobs while public officials and employees receive pay raises.

# Judicial Qualifications & Responsibilities

Washington judges are nonpartisan. Judges must be registered Washington voters.

## Judges

Judicial candidates must be in good standing to practice law in Washington and are prohibited from statements that appear to commit them on legal issues that may come before them in court.

### **State Supreme Court Justice**

The Washington Supreme Court is the highest judiciary in the state. State Supreme Court justices hear appeals and decide cases from Courts of Appeals and other lower courts. Nine justices are elected statewide to serve six-year terms.

### **Court of Appeals Judge**

Court of Appeals judges hear appeals from Superior Courts. A total of 22 judges serve three divisions headquartered in Seattle, Tacoma, and Spokane. Court of Appeals judges serve six-year terms.

### **Superior Court Judge**

Superior Courts hear felony criminal cases, civil matters, divorces, juvenile cases, and appeals from the lower courts. Superior Courts are organized by county into 30 districts. Superior Court judges serve four-year terms.

Candidate statements are printed exactly as submitted. The Office of the Secretary of State does not make corrections of any kind or verify statements for truth or fact.

Judge Dave Larson is our best choice for state Supreme Court Justice because he will protect our civic rights and uphold the law and constitution as written. Judge Larson has a record of fairness and impartiality, which is why he's enjoyed strong support from Democrats, Republicans, and Independents over his career. During this time of growing division, we need a Justice like Dave Larson.

Judge Larson has been a champion for improving our courts. As the Presiding Judge of Federal Way, he's supported reforms to reduce domestic violence, combat drug addiction, and better serve the mentally ill. Judge Larson knows these same approaches can be used to reduce the impacts of the homelessness crisis, humanely making our communities safer.

#### **Statement**

I am proud to serve you on our highest court, where I bring diverse judicial experience and a reputation for fairness and common sense--making sure laws are applied without bias or political influence. I have presided over therapeutic drug courts, developed innovative programs for children and families, and managed hundreds of trials, including felony criminal trials and complex civil litigation. I'm committed to ensuring victims are heard and supported.

As Washington's first Native American Justice, I'm proud of my record of accomplishments and appreciate my role as a voice for underrepresented communities. I've worked hard to earn the respect of my peers, those who appear in my courtroom, and voters looking for qualified, impartial, independent judges.

An award winning advocate for children and youth, I've worked to restore young lives rather than create a cycle of incarceration. We must invest in early intervention to deter criminal behavior, providing pathways for success for those who do commit crimes.

My thoughtful approach is reflected by "exceptionally well qualified" evaluations. I'm endorsed by my Supreme Court colleagues, judges statewide, as well as the State Labor Council, Washington Conservation Voters, the National Women's Political Caucus-WA, Women of Color in Politics, and more.

**Statement**

As Washington's Chief Justice, I am dedicated to upholding the rule of law in a fair and impartial manner. Courts are a critical branch of government, where every person—regardless of circumstance—must be treated fairly, with dignity, and free from bias.

In these challenging times, the fair administration of justice must withstand threats posed by the pandemic and increasing attempts to politicize courts. I work every day to maintain the independence and integrity of our courts, and I trust the people of Washington to elect judges who safeguard access to justice and respect the law.

As the only current Justice from Eastern Washington, I bring important perspectives to the Court. As a former constitutional law professor, I respect legal traditions. As a parent and former school board chair, I understand how court decisions impact Washington families.

My priorities this year include addressing the urgent and critical needs of the justice system during the pandemic: new protocols for remote court hearings, safe courthouse operations, and protection of public safety and the rights of the accused and incarcerated. I have always enjoyed broad, nonpartisan support, and I ask for your vote to continue serving you and upholding the rule of law.

# Auditor's letter

Dear voters,

I'm pleased to present the 2020 Local Voter's Pamphlet! This pamphlet is a comprehensive guide designed as a reference tool to help you make informed decisions. Inside you'll find useful information about voter registration, deadlines for returning your ballot, instructions on marking your ballot, and ballot drop box locations. This pamphlet also includes candidate statements and pro and con committee statements for ballot measures. We do not make edits or corrections to those statements.

This year has been like no other. As we navigate through the many difficult changes and challenges in our daily lives and communities, I would like to take an opportunity to remind you that your vote counts and participation matters. When you vote, you have a direct say in our government at the local, state, and federal level, including who will be elected our nation's President.

Your right to vote is one of the most important rights guaranteed by the Constitution of the United States. The opportunity to vote for public servants of your choice and help decide how tax dollars are spent is a privilege. This privilege has been secured and preserved by men and women who were willing to fight and sacrifice their lives for the right to be heard; this should be not be taken lightly or for granted.

Your vote is your voice, so let it be heard!

Sincerely,

Carolyn Fundingsland, Cowlitz County Auditor

# Reading your voters' pamphlet

## Why is a measure in the local voters' pamphlet not on my ballot?

The districts in which you are registered to vote determine the measures on your ballot. The local voters' pamphlet includes all districts within Cowlitz County and may include measures outside of your voting districts.

## Are candidate statements fact checked before being published?

No. Candidate statements are printed exactly as they are received. They are not checked for factual or grammatical accuracy.

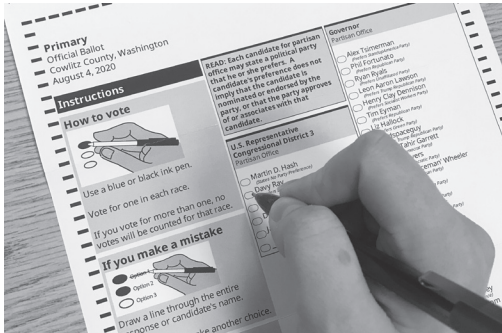

## How are committees in favor of or in opposition to a measure formed?

Districts that choose to participate in the local voters' pamphlet are responsible for appointing committee members who agree to write the statements. The statements are a way to persuade voters to vote for or against a measure. The Auditor's Office does not check statements for factual or grammatical accuracy.

## What is an explanatory statement?

An explanatory statement is prepared by the district's attorney; it outlines the effect the ballot measure would have if it is passed by the voters.

# Mark and return your ballot

## How to vote

Use a dark blue or black ink pen to completely fill in the oval to the left of your choice. Mark no more than one choice in any contest.

If you mark more than one choice in a contest, no votes will be counted in that contest. If you mark no choices in a contest, your other choices in other contests on your ballot will still be counted.

## Privacy

Place the voted ballot in the secrecy sleeve.

Place the secrecy sleeve inside the return envelope. It is okay if you forget to use the secrecy sleeve. The sleeve is an extra privacy measure, but it is not required for your ballot to be counted.

## Sign, Date, and Seal

Read, sign and date the Voter Declaration on the return envelope.

- The return envelope must be signed by you in order for your ballot to be counted.
- Sign your name in dark blue or black ink.
- Seal the return envelope.

## Return by Mail or Drop Box

We recommend dropping your ballot in a ballot drop box. Ballot drop boxes close promptly at 8 p.m. on Election Night.

If you choose to mail, return your ballot early enough to ensure it receives a valid postmark.

I entered my previous (and only public office) campaign because a group of citizens asked me to run. That is the same case now. However, this time it's different because there is a voting record for you to examine. This election is an opportunity for you to decide whether you support the substantially different view of government (a return to an American ethos of independence and self-reliance, limited government and *transparency*) that I have brought to the Board of County Commissioners.

Transparency is important to me. Citizens preserve their rights by staying informed about the principles which guide their elected officials. The focus of the elected official tells the citizen a great deal about what the official deems is important. For that reason, I post frequently on Facebook. I also make occasional blog entries. I respond to all citizen personal communication.

My continuing goals are to provide *accountability*, *responsibility*, and *transparency*, and expand these further into County government. I will continue to focus on serving the citizens and not the government. When government works for the citizens, the citizens prosper. When the citizens work for government, there is degradation of freedom and quality of life.

Your support is important.

Our county needs leaders who can bridge the gap between the business community, city and state leadership, and residents. The needs of the county are growing and we need commissioners who can facilitate this through leadership.

As Mayor for the City of Woodland since 2016, I have delivered four balanced budgets, cut spending, and strengthened business relationships. I have outsourced positions, reduced layers of government, and created a culture of "yes". My administration has completed capital projects that went unaddressed for years, upgraded essential facilities, advocated for volunteer programs to reduce labor costs, and secured millions in grant revenue to help Woodland's aging infrastructure. I will bring this same thought process to the commissioner's seat.

I am committed to creating a strong, conservative government that will move our county forward in a positive direction. We must build a transparent, open government that residents and industry can be proud of. I will allow a seat at the table for all views, regardless of agreement or vision, to ensure all taxpayer needs are being heard. By focusing on our mission, the economy and job creation, Cowlitz County will become a stronger leader in our region and state.

(Prefers Republican Party)

When one commissioner proposed giving away control of our \$500 million landfill, Commissioner Weber said, “No!” Working with our major customers, the cities and big employers, he crafted a set of management goals to make the landfill more environmentally sound and more profitable for taxpayers, while keeping rates for local customers the lowest west of the Cascades. Weber’s experience gets things done.

When a federal budget bureaucrat cancelled promised funding for monitoring sediment flows down the Cowlitz, Commissioner Weber went back to Washington, DC, faced down that bureaucrat with the evidence that flood protection was at-risk, and won his promise that funding would be restored. “Best presentation I have ever seen,” the bureaucrat later wrote. Weber’s experience gets things done.

When child custody cases in our court system faced a backlog of over two years, because criminal cases get priority scheduling, Commissioner Weber said that kids shouldn’t be suffering from such emotional turmoil in their crucial years and convinced his colleagues it was time to add another judge to the bench – and he found the money to do it without raising taxes. Weber’s experience gets things done.

Please vote Dennis Weber for County Commissioner!

I am a native of Cowlitz County. After law school my wife Debbie and I returned here where I practice law and we raised a family. My desire to represent our community arises from my heartfelt commitment to the citizens of Cowlitz County, our future generations, and desire to build Cowlitz County to regional leadership status.

If elected, I will strive to improve relationships with federal, state, local, tribal, and potential business partners. We can do better working together.

There are many economic assets that we can work together to develop, creating sustainable and long-lasting jobs and opportunities for our citizens. Cowlitz County needs decisive decision-makers that listen to their constituents and prioritizes the overall wellbeing of our community.

I firmly believe that the budget is the public’s money. As oversight for the citizens, as a former mayor and PUD Commissioner during significant financial shortfalls, I made it a priority to review the budgets, ensuring the success of our financial and service goals. With business closures and high unemployment sales tax revenue will be significantly down this year. If elected, I will strive to ensure a working budget, sound financial management while maintain services.

We can do better working together..

A PUD Commissioner works for the customer. They must have a level head and make practical business decisions that keep rates at a minimum for all consumers. *I will be that person.* As a member of the Electrical Rate Advisory Committee (ERAC) since its inception, I have been able to help the PUD establish fair rates across all rate classes with a strong rate stabilization fund that has helped allow the current commissioners avoid rate hikes in recent years. I understand the need for economic development and the role a strong electrical system can play to create jobs in Cowlitz County. I will also use my experience to help negotiate the next contract with the BPA as well as work with our state legislatures to minimize the impact of state laws that are looming on the horizon. ## Argument For

Castle Rock property owners are asked to approve a one-year levy of 50 cents per \$1,000 of assessed valuation to fund the Castle Rock Library for the year 2021. This levy would not impose an additional tax burden, but would replace the levy amount that funded the 2019 library budget.

The levy, which would again cost the owner of a \$200,000 home \$100. It includes staff wages and operating costs. Approval would provide continued free public Internet access and informational publications such as the archived *Advocates* and E-books.

Castle Rock's library has over 21,000 volumes of fiction, non-fiction, children's books, videos, books on tape, and reference materials. Adults may take advantage of the opportunity for recreational and informational reading. No additional fee is required for City tax payers to hold a library card and anyone outside the city limits can obtain one for a nominal fee.

Children learning reading skills in school may hone those skills at the library and by participating in the summer reading program. Students can also use the library as a study resource and job seekers can access job opportunities on the Internet for free.

Not only is Castle Rock's library vital to the community, but healthy libraries are important to new businesses when they consider moving into the area. Studies have shown that library access helps to educate voters, encourages employment, and discourages crime and substance abuse.

We urge voters to approve this levy.

## Proposition 1

The Kalama City Council adopted Resolution No. 693 concerning a sales and use tax to fund transportation improvements in the Kalama Transportation Benefit District. This proposition would establish a sales and use tax of two-tenths of one percent (0.2%) to be collected from all taxable retail sales and uses within the district in accordance with RCW 82.14.0455 for a term of ten (10) years for the purpose of paying costs of transportation improvements identified in the City's Transportation programs.

Shall this proposition be approved?

Yes

No

*See complete resolution text at:  
[vote.wa.gov/cowlitz](http://vote.wa.gov/cowlitz)*

## Explanatory Statement

If approved Proposition 1 will put in place a two-tenths of a percent (.2%) sales tax on all sales within the Kalama Transportation Benefit District which incorporates the entire City limits of Kalama for a period of ten years. All portions of the revenue received from the sales tax will be used for maintenance, repair, and improvement of the city streets within the city limits. The effects of the implementation of the sales tax will be two cents (.02) on every ten dollars (\$10) or twenty cents (.20) on every one hundred dollars (\$100).

## Argument For

The Transportation Benefit District (TBD) funds the repairs of Kalama's diminishing neighborhood streets, providing chip sealing and repaving of city roads that don't lead directly into our commercial district.

The \$40 car tab fee previously funded the TBD, but with the passing of I-976, the current City Council has repealed the fee effective October 1st, 2020. The only options to fund TBD are the car tab fee, a property tax levy, parking meters, or the proposed 0.2% sales tax. This is the smartest and most equal revenue source, costing \$0.20 per \$100 spent on taxable goods within city limits, providing a path to collect much needed road repair revenue from out-of-towners.

Because of the large increase in tourism at our waterfront and the commercial developments planned for Kalama River Road, it is advantageous for our city to have a revenue stream that will benefit from out-of-towners enjoying the activities our community provides. With this tax, it doesn't matter if they are a Kalama resident, a visitor pulling off of I-5 to shop, or a vacationer, revenue will be collected equally. This will shift some of the financial burden off our shoulders and onto those visitors and weekend tourists.

With the housing boom, about 50% of the city's sales tax revenue currently comes from construction.

This proposition is the logical step to benefit from our city's growth and maintain the quality of our community.

---

## Rebuttal of Argument Against

This 0.2% sales tax will match our neighboring cities. Whereas \$0.20/\$100 spent wouldn't deter most people from visiting our small city including Oregonians. No one likes increases in taxes, you'd have to spend \$20,000 to spend \$40 in tax, this will help us utilize Kalama's best assets to have safe and beautiful streets. The City council repealed to respect the voters. It makes sense to have everyone pay for our streets. Please Vote Yes!

## Argument Against

We thank the Kalama city council for repealing the \$40 per car license fee. In good faith we would ask you to vote against any new (added) sales tax at this time.

Whereas local taxes keep going up, making Washington 5th highest in the nation for state-local sales tax (close to 4th). Whereas the cost of our utilities keep going higher (faster than rate of inflation). Whereas the sales tax exemption for Oregonians has been rescinded, which discourages local sales. Whereas COVID-19 has shut-down and hurt many businesses - some shutting down permanently, we do not need to compound the hurt to small businesses any further.

Once a tax has been repealed for being too high, it makes no sense to replace it (trading one tax for another).

We urge you to vote against Proposition One.

---

## Rebuttal of Argument For

Why does the 1st response of government always appear to be a "New Tax"?

With current economic uncertainties, any "New Tax" for roads or other necessities should come from existing funds. Why not live within our current budget for road maintenance? Responsible households stay within budget limitations. Why would we impose a "New Tax" that might drive potential customer and visitors away?
