The legislature passed Initiative Measure No. 1000 concerning affirmative action and remedying discrimination, and voters have filed a sufficient referendum petition on this act.

Initiative 1000 would allow the state to remedy discrimination for certain groups and to implement affirmative action, without the use of quotas or preferential treatment (as defined), in public education, employment, and contracting.

## Explanatory Statement

Written by the Office of the Attorney General

### The Law as it Presently Exists

Until 1998, Washington law allowed the use of affirmative action in public education, public contracting, and public employment, subject to constitutional limits on the use of affirmative action. In 1998, Washington voters approved Initiative 200 (I-200). I-200 prohibits state and local government from making decisions on the basis of race, sex, color, ethnicity, or national origin in public employment, public education, and public contracting.

I-200 provides several exceptions involving disparate treatment based on sex. It does not apply to lawful classifications that are based on sex and are necessary for sexual privacy; medical or psychological treatment; undercover law enforcement; or film, video, audio, or theatrical casting. I-200 also allows separate athletic teams for each sex.

I-200 permits state and local governments to participate in federal programs that require actions that I-200 would otherwise prohibit. This allows state and local agencies to receive federal funds when federal law requires certain measures based on race, sex, or other categories.

### The Effect of the Proposed Measure if Approved

The public vote on Referendum 88 will decide whether Initiative 1000 (I-1000) becomes law.

I-1000 would allow the state to remedy documented discrimination or underrepresentation of disadvantaged groups in public education, employment, and contracting. Whether a group is disadvantaged would be determined by a valid disparity study or proven in court.

I-1000 would also allow affirmative action to increase diversity in public education, public employment, and public contracting. I-1000 would define affirmative action as a policy that considers an individual's race, sex, ethnicity, national origin, age, sensory, mental or physical disability, or veteran or military status, when selecting qualified persons for opportunities in public education, public employment, and public contracting. Affirmative action would include, for example, recruitment, hiring, training, promotion, outreach, setting and achieving goals and timetables, and other measures to increase diversity. Affirmative action could not be used to impose quotas. In addition, race, sex, color, ethnicity, national origin, age, sexual orientation, sensory, mental or physical disability, and veteran or military status could not be used as the sole qualifying factor to select a less qualified person over a more qualified person.

I-1000 would not prohibit state and local government from taking actions needed to establish or maintain eligibility for federal programs. But before such actions could be taken, certain state government officials would have to determine that it was necessary to avoid a material loss of federal funds.

I-1000 would also establish a Governor's commission on diversity, equity, and inclusion. The commission would monitor and enforce agency compliance with I-1000. The commission could propose or oppose legislation. It would publish annual reports on the progress of agencies in achieving diversity, equity, and inclusion in public education, public employment, and public contracting. Various elected and appointed officials would serve on the commission.

## Fiscal Impact Statement

Written by the Office of Financial Management  
For more information visit [www.ofm.wa.gov/ballot](http://www.ofm.wa.gov/ballot)

### FISCAL IMPACT SUMMARY

Initiative 1000 was enacted in the 2019 legislative session, but has not gone into effect because the voters submitted petitions to refer the measure to the November 2019 general election ballot. If the voters approve the referendum, Initiative 1000 would go into effect and the total costs to the state in the 2019–21 biennium and ongoing would be \$1.5 million. There are no known state or local revenue impacts that would result from the passage of this measure.

### SUMMARY

Referendum 88 would place Initiative 1000 onto the ballot for approval or rejection by the voters.

Initiative 1000 permits the state to adopt policies that allow an individual's race, sex, ethnicity, national origin, age, the presence of any sensory, mental, or physical disability, and honorably discharged veteran or military status to be factors considered in the selection of qualified applicants for opportunities in public education, public employment, and public contracting. Initiative 1000 does not allow an individual's race, color, sex, ethnicity, national origin, age, sexual orientation, the presence of any sensory, mental or physical disability, and honorably discharged veteran or military status to be used as the sole qualifying factor to select a lesser qualified candidate over a more qualified candidate for a public education, public employment or public contracting opportunity.

Initiative 1000 creates the Governor's Commission on Diversity, Equity, and Inclusion (Commission). The Commission is responsible for planning, directing, monitoring and enforcing each state agency's

compliance with the initiative. The Commission is required to publish an annual report on the progress of all state agencies in achieving diversity, equity and inclusion in public education, public employment, and public contracting. The Governor appoints some commission members, who serve four-year terms. Other members are the directors or chairs of 25 state agencies, councils, or boards. The Commission also includes two state senators, one from each of the two largest caucuses, appointed by the president of the Senate, and two members of the state House of Representatives, appointed by the speaker of the House of Representatives. Legislative members serve two-year terms.

### GENERAL ASSUMPTIONS

- The effective date of the referendum if approved is December 5, 2019.
- Estimates use the state's fiscal year of July 1 through June 30. Fiscal year 2020 is July 1, 2019, to June 30, 2021.
- The Governor's Office of Diversity, Equity, and Inclusion will hold six meetings in Olympia, three meetings in Seattle, and three meetings in Eastern Washington.

### REVENUE

The referendum has no known state or local revenue impact.

### EXPENDITURES

A vote to approve the referendum would result in costs for state government for the creation of the Governor's Office of Diversity, Equity and Inclusion and for implementation of the policies allowed under Initiative 1000.

Costs related to creating an office and conducting commission activities are estimated to be \$582,000 for the 2019–21 biennium and ongoing. These include salaries and benefits for a full-time policy analyst and a part-time administrative assistant to staff the commission to make appointment recommendations to the Governor, plan monthly commission meetings and pay for meeting rental charges, legal services, and travel costs for commission staff.

Costs related to commission meetings for agencies required to participate in the commission and expected to pay their own travel costs are approximately \$3,000 per agency, when counting only the travel costs, and up to \$38,000 per agency when the cost of staff is included. This cost would be ongoing.

Costs related to reporting and compliance at state agencies and universities depend upon the level of tracking and reporting each agency now has in place.

For the institutions of higher education, expanding the current non-discrimination categories and protected classes will add program, tracking, and reporting work. For example, the University of Washington Business Diversity and Equity, which has responsibility for the university's equity policy, reports that it will need two additional program coordinators per year at a cost of approximately \$483,000 in the 2019–21 biennium. There are likely to be similar, yet-to-be-determined costs at the other state colleges and universities and state agencies related to programming, tracking and reporting each entity's progress on diversity, equity and inclusion goals.

## Argument for

Last year, nearly 400,000 voters petitioned lawmakers to support Initiative 1000, restoring fairness and opportunity to Washington's public employment, contracting, and education enrollment policies. Our State Legislature listened, and passed I-1000. With special interests paying to overturn this law, voters must approve I-1000.

### **I-1000 Ensures a Level Playing Field with No Quotas**

I-1000 simply restores rights consistent with 42 other U.S. states, ensuring fairness and opportunity for all people and small businesses. It allows outreach and recruitment to veterans, women, minorities, and others too often left behind in government hiring, contracting, and education. Under I-1000, quotas and preferential treatment are prohibited, and no one who is unqualified will be selected due to preferential treatment.

### **Improved Opportunity for Veterans and People of All Abilities**

I-1000 expands laws allowing consideration for Vietnam era and disabled veterans in government contracting and employment to include all honorably discharged veterans and military personnel, honoring the sacrifice of those delaying entry into the workforce—or returning injured or disabled.

### **Build a Healthy Economy, Expand Small Business Opportunities**

I-1000 ensures fairness and opportunities for small businesses competing for public contracts—helping local businesses grow local jobs. And, large employers need a diverse, skilled workforce, which is why Microsoft, Alaska Airlines, Vulcan, Amazon, and many other businesses all support I-1000, joining Labor organizations and civil rights groups like the ACLU and Urban League.

We urge all Washingtonians to approve I-1000 for fairness and equal opportunity.

## **Rebuttal of argument against**

Don't be fooled! I-1000 unifies us and creates opportunity for all! I-1000 prohibits government discrimination because of your age, gender, disability, race or veteran status without using quotas or preferences. It guarantees fairness and accountability. That's why nearly 400,000 Washington voters are standing against fear and division. We're taking action to help veterans, women, seniors, small businesses, and the disabled. Join the broad coalition of business, labor and community by approving I-1000!

## Argument against

### **Referendum 88 Would Divide Us**

Let's start where we all agree: There's too much division in our society today. We need solutions that bring us together. But Referendum 88 (also known as Initiative 1000) creates *more* division by allowing the government to inject race into college admissions and government employment. That's wrong. And it drives us further apart.

### **R-88 Would Allow Government-Sponsored Discrimination**

Referendum 88 allows the government to use different rules for different races in deciding who gets into state colleges and universities, who gets hired for jobs in state, county or city government, and who gets a government contract. By separating people this way, Referendum 88 drives a deeper wedge into our community and actually empowers those who would divide us.

As a community we must not let that happen.

### **R-88 Would Damage Progress Already Made on Diversity**

Referendum 88 would overturn a voter-approved state law that forbids discrimination and preferences based on race and gender. And the law has worked well. Our college campuses are more diverse now than before the current law was enacted.

### **R-88 Lacks Accountability**

Referendum 88 would create a massive government agency to enforce the use of race in government employment, college admissions and public contracting. Referendum 88 would be overseen by an unelected board that would *not* be accountable to voters. A board with sweeping authority to make decisions on preferences in academic admissions and government hiring. Send the Olympia politicians who support this a message: *Reject Referendum 88!*

## **Rebuttal of argument for**

*Referendum 88 (I-1000) uses quotas and harms Veterans.*

Since 1895, Washington has guaranteed honorably discharged and disabled veterans a preference in public employment. Referendum 88 eliminates that preference through a hidden loophole in Section 3. Racial quotas are implemented under Sections 8, 9, and 11, with a "disparity" study to count by race, goals to enroll and hire by race, and timetables enforced by bureaucrats. Quotas harm everyone, including our Veterans. Reject Referendum 88.

Initiative Measure No. 976 concerns motor vehicle taxes and fees.

## Explanatory Statement

Written by the Office of the Attorney General

### The Law as it Presently Exists

#### A. Motor Vehicle Registration and License Fees

Owners of motor vehicles pay state and local license fees and excise taxes when they register vehicles and obtain license tabs each year. The total, combined amount depends on the type and weight of the vehicle, as well as where the vehicle is registered.

The base annual license fee ranges from \$30 to \$93 for most passenger vehicles, such as cars, motorcycles, and light-duty trucks. An additional fee is then added depending on the vehicle's weight. The vehicle weight fee can range from \$25 to \$65 for most passenger vehicles. Funds from the license and vehicle weight fee are used to pay for a variety of state transportation purposes, including road and highway repairs.

Owners of snowmobiles pay an annual license fee of \$50. The snowmobile license fee helps pay for snowmobile facilities and snowmobile safety, enforcement, and education programs throughout the state. Owners of commercial trailers pay \$34 for initial registration and \$30 for each annual renewal. These license fees also pay for state transportation purposes.

Additional taxes and fees may be added depending on the city and county where the vehicle is registered. These taxes and fees help pay for local transportation improvement projects, passenger-only ferries, and other transportation purposes. Some residents of King, Pierce, and Snohomish County also pay voter-approved, annual motor vehicle excise taxes (MVET) that help pay for mass transit projects run by Sound Transit. The MVET is calculated based on a vehicle valuation and depreciation schedule that is set in state law. The total rate of the current MVET is one and one tenths percent (1.1%) of the value of the vehicle as determined by the statutory formula. Future approved MVET's cannot exceed eight-tenths of one percent (0.8%) of the value of the vehicle.

Finally, other fees may be included in the total amount, such as for county filing and service fees, fees for special license plates, or fees for certain types of vehicles. For example, owners of electric vehicles currently pay a \$150 fee that goes toward paying for transportation feasibility studies and other transportation purposes. An additional \$75 transportation electrification fee will go into effect for electric vehicles on August 1, 2019. This fee will be used to support green transportation projects.

#### B. Taxes on Selling, Leasing, or Renting a Motor Vehicle

Each retail sale or lease of a motor vehicle is subject to an additional state excise tax known as the "motor vehicle sales/lease tax." This tax, which is in addition to general sales and use taxes, is set at three-tenths of one percent (0.3%) of the selling price of every motor vehicle in the state. Off-road vehicles, snowmobiles, and other non-highway vehicles are not subject to the tax. Farm tractors and vehicles are also not subject to the tax so long as the vehicles are not used for marijuana production. Funds from the motor vehicle sales/lease tax pay for transportation services in the state.

Regional transit authorities in King, Pierce, and Snohomish counties may also impose additional sales and use tax on car rentals. The rate of the tax may not exceed 2.172 percent (2.172%) of the selling price of the rental. Funds from this tax are used to provide mass transit services run by Sound Transit.

#### C. Sound Transit Funding

State law authorizes Sound Transit to collect multiple types of taxes from some King, Pierce, and Snohomish County residents to help pay for mass transportation projects. These taxes include the MVET and the additional sales and use tax on rental cars previously described, as well as a local property tax and a local sales and use tax on purchases made within the district. Sound Transit also uses federal grants, transit fares, interest earnings, and other revenue to pay for its transportation projects.

Since 1999, Sound Transit has issued and sold public bonds to finance its transportation projects. Sound Transit uses the revenue from the MVET and other taxes to pay the principal and interest on the bonds. It promised its bondholders that it would continue to collect the taxes until the bonds are retired. In 2006, the Washington Supreme Court held that state law could not change the terms of any existing Sound Transit bond contracts while the bonds are still outstanding. This means that Sound Transit must continue to use the tax rate and valuation formula that were in effect at the time the bond was issued, even if state law later changes the rate or formula, until the bonds are retired, defeased, or refinanced under different contract terms.

### The Effect of the Proposed Measure if Approved

This measure would reduce funding for state and local transportation projects by repealing, reducing, or removing state and local authority to impose certain vehicle taxes and fees. The measure would limit

annual state and local license fees for motor vehicles weighing 10,000 pounds or less to \$30, unless the fee is approved by voters. License fees, such as the motor vehicle weight fee and transportation benefit district fees, would be eliminated. The electric vehicle license fee would be lowered to \$30. The transportation electrification fee would remain the same. The license fee for snowmobiles and commercial trailers would be lowered to \$30. Other fees, such as service and filing fees, would remain the same. The measure would also eliminate the state motor vehicle sales/lease tax and eliminate authority to impose a local motor vehicle excise tax that supports passenger-only ferries.

Any regional transit authority, such as Sound Transit, that has issued bonds financed by a motor vehicle excise tax would be required to defease, refinance, or retire the bonds early, if the bond contracts allow such action. Once the bonds have been defeased, refinanced, or retired, the authority to impose the MVET and the additional sales and use tax on rental cars would be repealed automatically. If the regional transit authority is not able to completely defease, refinance, or retire the bonds by March 31, 2020, any existing voter-approved MVETs would remain unchanged, and the maximum rate of future voter-approved MVETs would be reduced from 0.8% to 0.2%.

The measure would also require that any future vehicle taxes, including voter-approved MVETs, be determined by using a vehicle's base model Kelley Blue Book value. The base value would not include any applicable federal excise taxes, state and local sales and use taxes, transportation or shipping costs, and preparatory and delivery costs. The measure would require the Department of Licensing to use a vehicle's base model Kelley Blue Book value for any appeal of the valuation of the vehicle.

## **Fiscal Impact Statement**

Written by the Office of Financial Management  
For more information visit [www.ofm.wa.gov/ballot](http://www.ofm.wa.gov/ballot)

### **FISCAL IMPACT SUMMARY**

Initiative 976 changes vehicle taxes and fees by lowering motor vehicle and light duty truck weight fees to \$30; eliminating the 0.3 percent sales tax on vehicle purchases; lowering electric vehicle and snowmobile fees; modifying and reducing Sound Transit motor vehicle excise tax provisions; and removing authority for transportation benefit districts to impose a vehicle fee. Total revenue loss to the state in the next six years is \$1,921,901,238. Total revenue loss to local governments in the next 6 years is \$2,317,121,034. The

departments of Licensing and Revenue have estimated implementation costs of \$2,846,800 in the 2019–21 biennium.

### **General Assumptions**

- Except as otherwise provided, the effective date of the initiative, if approved by voters, is December 5, 2019. Section 10 and 11 take effect on the date that the regional transit authority complies with section 12 of this act. Section 13 takes effect on April 1, 2020, if sections 10 and 11 have not taken effect by March 31, 2020.
- The provisions of the initiative apply prospectively, not retroactively.
- Fiscal estimates use the state's fiscal year of July 1 through June 30. Fiscal year 2020 is July 1, 2019, to June 30, 2020.
- State revenues are based on the June 2019 transportation revenue forecast.
- Local revenues are based on the most recent actual figures and are not forecasted.
- Transportation benefit districts (TBDs) have the authority to collect vehicle fees, and sales and use tax. This initiative repeals only the authority to collect vehicle fees, so TBDs could continue to collect sales and use tax.
- Section 5(1) erroneously states that the electric vehicle fee is \$130 total. RCW 46.17.323 includes two fees. \$100 in section (1) and \$50 in section (4)(a). The current electric vehicle fee is \$150 total. Calculations for the impact of the fee reduction are based on the correct fee. Chapter 287, Laws 2019 establishes the transportation electrification fee of \$75. I-976 would lower the \$100 in section (1) to \$30 and eliminate the \$50 in section (4)(a). It does not affect the new \$75 fee.

## **REVENUE**

### **State Revenue**

The initiative reduces license fees for vehicles under 10,000 lbs. to \$30. The additional 0.3 percent sales and use tax on motor vehicle sales is eliminated. The snowmobile license fee is reduced from \$50 to \$30. Commercial trailer fees are reduced from \$34 to \$30. The electric vehicle fee in Section 5(1) is reduced from \$100 to \$30. An additional electric vehicle fee in Section 5(4)(a) of \$50 is eliminated.

(See Table 1 on page 17.)

### **Description of affected accounts**

The Snowmobile Account funds administration, acquisition, development, operation and maintenance

of snowmobile facilities and the implementation of snowmobile safety, enforcement and education programs.

The State Patrol Highway Account funds activities of the Washington State Patrol, including traffic enforcement (and associated criminal investigations), commercial vehicle enforcement and ferry vessel and terminal security.

The Transportation Partnership Account funds projects and improvements from the 2005 Transportation Partnership Omnibus Transportation Appropriations Act.

The Rural Arterial Trust Account funds construction and improvement of county roads and bridges.

The Motor Vehicle Account is the main source of funds for highway construction, maintenance, ferries and support services. A portion of motor fuel tax revenues is distributed to cities and counties for road programs.

The Puget Sound Ferry Operations Account funds ferry operations and maintenance.

The Transportation Improvement Account funds administration of the Transportation Improvement Board and grants for local government transportation projects that address congestion.

The Multimodal Transportation Account funds all modes of transportation projects, including public transportation, rail and bicycle/pedestrian projects.

The Transportation 2003 Account funds debt service on bonds and Washington State Department of Transportation operating and capital highway programs.

### **Local Revenue**

This initiative repeals local authority to impose a TBD vehicle fee. TBD vehicle fees are used by 62 municipalities across the state to fund local improvements such as road repair and maintenance, transit systems and sidewalks. In fiscal year 2018, TBDs using a vehicle fee across the state collected \$58,186,839. This revenue would be eliminated beginning on the effective date of this initiative.

Sections 10 and 11 would reduce the motor vehicle excise tax (MVET) that funds the Central Puget Sound Regional Transit Authority (RTA) commonly known as Sound Transit. MVET rates are reduced from .8% to .2% and will be calculated based on Kelley Blue Book vehicle value instead of the manufacturer's suggested retail price.

This tax rate would be repealed when the RTA is able to refund, refinance or defease, or terminate, outstanding bonds that have been issued against this tax. It is unknown if this is possible. If the bonds are not able to be defeased, the MVET will remain unchanged to pay off the bonds previously issued that are pledged to the revenue source. If the bonds are able to be defeased, Sound Transit's revenue would be reduced by \$328,000,000 per fiscal year based on 2018 revenue. For new bonds issued, the MVET will decrease from .8% to .2%.

This initiative repeals local authority to impose a passenger-only ferry tax. Currently there are no passenger-only ferry districts using the MVET authority to fund their ferries, although they would no longer have the option.

<b>Tax/Fee</b>	<b>Fiscal year 2018 revenue impact</b>
TBD Fee	(\$58,186,839)
RTA MVET	(\$328,000,000)
Passenger-only ferry MVET	0

## **EXPENDITURES**

### **State Government Expenditures**

#### **Temporary higher administrative costs at Department of Licensing and Department of Revenue**

The Department of Licensing (DOL) would have temporary, higher administrative and computer costs to implement this initiative. If Sound Transit is able to defease or refinance its bonds and the MVET is reduced, DOL will issue refunds to customers who register their vehicles prior to their annual vehicle registration date. The DOL will also have costs for computer updates, temporary staffing costs for additional calls to their call center, and accounting services to issue refunds. Biennial administrative costs for the agency are \$2,740,900 in the 2019–21 biennium.

The Department of Revenue (DOR) will experience temporary, higher administrative costs to implement this initiative. The DOR will have costs for computer updates and administrative costs for rule making, accounting services to issue refunds and developing new forms. Biennial costs for the agency are \$105,900 for computer updates and administrative items in the 2019–21 biennium.

## Argument for

\$30 tabs now!

**Taxpayers are getting ripped off, politicians know it, refuse to fix it**

Taxing a \$10,000 vehicle like it's \$25,000 is fraud. I-976 repeals the dishonest valuation schedule *politicians are currently using* to artificially inflate your taxes. No more price gouging!

I-976 limits license tabs to a flat, fair, and reasonable \$30 per year for your car, truck, motorcycle, motorhome, and other vehicles. We're paying sales taxes when we *buy*, gas taxes when we *use*, we shouldn't have to pay *dishonest triple taxes* just to *own* it. Working class folks, not just rich people, should be able to afford a newer vehicle.

**If politicians had any compassion for the average taxpayer, I-976 wouldn't be necessary**

Washington is one of the highest taxed states in the nation. Dishonest vehicle taxes, skyrocketing property taxes, crushing sales taxes, massive gas taxes, obnoxious tolls, and costly fees on everything. Despite record revenues and \$3.5 billion tax surplus, Olympia imposed 11 new taxes costing \$27 billion. It's insane. Now they're demanding income taxes, carbon taxes, pay-per-mile taxes. Enough!

**If we can't get tax relief when there's a huge \$3.5 billion tax surplus...**

...when can we? Besides, all the money taxpayers save will get pumped right back into our state's economy. Opponents' threats, lies, and scare tactics are absurd – I-976 only affects a tiny fraction of government spending.

**Stop getting ripped off – your vote for I-976 tells politicians you're taxed out**

Politicians will *never* limit taxes – here's our only chance. Vote "Yes."

---

### Rebuttal of argument against

Triple taxing vehicles is indefensible. Taxing a \$10,000 vehicle like it's \$25,000 is fraud. Taxpayers are getting ripped off – *that's* the issue. Personally attacking Tim Eyman? Distraction. (the truth: *"Eyman risks \$500K of his own money to fund car tab initiative"*). The threats, lies, and scare tactics about I-976 are silly: massive \$3.5 billion tax surplus and record revenues can easily backfill affected programs. I-976 forces politicians to reexamine, prioritize. Reject dishonest taxes. Vote "Yes."

## Argument against

Tim Eyman's latest misguided, deceptive initiative would irresponsibly slash state and local transportation funding by more than \$4.2 billion over the next six years, undermining our ability to address critical safety and traffic problems. Vote *no* on 976!

### 976 Threatens Transportation Safety

Washington has over 160 bridges and overpasses in "poor" condition. 976 jeopardizes public safety, delaying projects to fix dilapidated bridges, overpasses, and tunnels that do not meet earthquake safety standards. The Washington State Troopers Association says, "We oppose this dangerous measure because it would stop thousands of needed road safety repair projects across the state, putting driver and pedestrian safety at greater risk."

### 976 Will Harm Your Local Community

This measure eliminates important local transportation funding in 62 cities throughout Washington. As a result, cities from Seattle to Spokane, from Anacortes to Zillah, would lose nearly \$60 million a year in funding needed for bus service, to repair potholes, upgrade safety, provide transit to seniors and people with disabilities, and reduce congestion.

### 976 Will Devastate Public Transit

Public transit connects people to jobs, education, health care, and each other. Many in our communities rely on public transportation as their primary way to get around. This measure would gut voter-approved light rail expansion and eliminate hundreds of thousands of bus trips each year for commuters, people with disabilities, teenage and elderly riders.

Public safety and transportation experts, business, labor and environmental groups all oppose Eyman's latest flawed and deceptive money-making scheme. Vote *no* on 976!

---

### Rebuttal of argument for

Eyman's 976 might sound good, but in reality *it slashes transit and transportation funding by billions*, harming our ability to maintain and improve our roads, bridges, ferries, buses and light rail. And 976 isn't fair. It will give huge tax breaks to owners of brand-new luxury cars, and almost nothing to someone who drives a 10-year-old Corolla – while leaving all of us stuck in traffic. Vote *no* on 976!

Second Substitute House Bill 1087 (2SHB 1087)

Cash receipt assumptions would be based on variables for which the data is unavailable to the state. Variables include: the number of self-employed persons who will elect coverage; the number of individuals exempted from Unemployment Insurance who are not exempted from the premium; and the number of individuals who have long-term care insurance and may be exempted from the premium. Since cash receipts cannot be determined, the ten year analysis is "indeterminate."

Senate Joint Resolution No.

**8200**

The legislature has proposed a constitutional amendment concerning legislative powers in times of emergency.

This measure would add “catastrophic incidents” to the specified times of emergency that the legislature may take certain immediate actions to ensure continuity of state and local governmental operations.

Should this constitutional amendment be:

- ☐ Approved
- ☐ Rejected

**Explanatory Statement . . . . . 45**  
**Arguments For and Against . . . . . 46**

The Secretary of State is not responsible for the content of statements or arguments (WAC 434-381-180).

## Explanatory Statement

Written by the Office of the Attorney General

### The Constitutional Provision as it Presently Exists

Article II, section 42 of the Washington State Constitution permits the legislature to adopt legislation governing certain immediate actions in times of emergency resulting from enemy attack. The authorized legislation includes measures to ensure continuity of state and local governmental operations and appointing public officers to ensure public duties continue to be carried out.

### The Effect of the Proposed Amendment if Approved

This measure would allow the legislature to adopt legislation governing continuity of state and local operations not just in case of “enemy attack,” but also in the event of “catastrophic incidents.”

## Fiscal Impact Statement

Not required by law

### Final Votes Cast by the Legislature

Senate: Yeas, 37; Nays, 11; Absent, 0; Excused, 1

House: Yeas, 91; Nays, 7; Absent, 0; Excused, 0

## Why the 2020 Census matters

Every 10 years, as required by the United States Constitution, the U.S. Census Bureau takes a complete count of the country’s population. Every person living in the U.S. is expected to participate. The Census Bureau collects data for statistical purposes only and is required by law to protect your individual identity.

Having accurate, updated census information is vitally important. The information is used by Congress to distribute more than \$880 billion in federal health, education, and infrastructure funds to states, counties, and cities based on population. Census information is also used by Washington’s bipartisan redistricting commission to draw new, equally-populated legislative and congressional districts that reflect the population growth and shifts over the past decade.

The Census Bureau will begin collecting information in March 2020 and you can respond online, by mail, by phone, or with an in-person interview. You’ll be asked to complete a questionnaire with a few basic facts about the people in your household. It’s easy and confidential. Remember, everyone counts — so when you receive the official questionnaire, complete it for each person in your household.

## Argument for

### Our State Is Not Prepared for a Catastrophic Event

Following a catastrophic incident, it is critical for government to continue to function. The Washington State Constitution sets forth how governments will operate in the aftermath of an “enemy attack” but not in the case of other types of catastrophic incidents that may occur. The intent of this constitutional amendment is to ensure that state and local governments can properly function after any type of major disruption.

### Voting Yes Is One Critical Step to Get Ready for a Disaster

This constitutional amendment allows for governments to continue operations after a “catastrophic incident.” A catastrophic incident is defined to include natural disasters, terrorism attacks, and other events that result in extraordinary levels of mass casualties, damage or disruption severely affecting the population, infrastructure, environment, economy or government functions.

### We Never Know When a Disaster Will Strike, We Must Prepare Now

This amendment is essential for us to prepare for incidents such as the inevitable Cascadia earthquake, catastrophic wildfires or a catastrophic pandemic. The reality is that these events will occur at some point in the future, bringing about such damage and disruption severe enough to interfere with government operations. State and local governments need to be better prepared to continue to operate after these catastrophic events. This would allow us to take action to plan for those important steps now.

**Vote Yes on SJR 8200**

---

### Rebuttal of argument against

This measure lives up to the existing framework for protecting critical functions of state and local governments, enshrined in our state constitution nearly 60 years ago. The definition of “catastrophic incident” is clear and military and other federal agencies use it too. By voting yes, you are allowing government to continue after “extraordinary levels of mass casualties, damage, or disruption severely affecting the population, infrastructure, environment, economy, national morale, and/or government functions.”

## Argument against

### Weakens Constitutional Protections for Citizens and Grants More Power to Government

This measure changes the constitution of our state to allow the legislature to bypass current constitutional and statutory provisions over the state legislature and how it operates. Current provisions allow this exemption in the event of enemy attack. The changes being made with this proposal would allow this exemption in the case of “catastrophic incident”.

### Criteria Not Defined

This measure does not adequately define what constitutes a “catastrophic incident” nor does it define how widespread such an incident must be in order to trigger this provision. You would have to trust government to make these decisions with or *without* your input. We should demand a better proposal with clear definitions.

### Legislative Dictates

This would grant Legislative leaders from distant areas of the state free reign to change the location of the Capitol, appoint legislators and local government officials to represent you, and pass bills as they see fit with no legislative process requirements, leaving you with no recourse to stop anything they do nor how they do it.

### May Hurt You When You Need Help the Most

Passage of this measure will allow government to decide who will make the laws on your behalf and potentially concentrate power in fewer individuals further from you and your interests; and they will be able to do it at a time when you need the constitutional protections and assistance the most.

---

### Rebuttal of argument for

While it is important to prepare for disasters, the legislature needs to provide more specificity on *how* it would use this new authority *before* voters approve this authority. How large an area much be affected and what actions they would take should be better spelled out *prior* to voters extending any additional authority. Don’t wait for disaster to strike to find out their intent – insist they tell you *before* you change the constitution.

## Message from the Auditor

Dear Klickitat County Voter,

Your General Election ballot will be mailed on October 18th and should arrive in your home within the next few days.

For your ballot to be counted, you must sign your envelope with a verifiable signature or, if you are unable to sign, a mark that is witnessed by two people who also must sign the ballot envelope. Your ballot must be received in any one of our drop boxes before 8:00 p.m. on Election Day or postmarked no later than Tuesday, November 5th.

You may return your ballot in one of our 11 drop boxes (a complete listing of locations can be found on page 50), inside the Auditor's Office or by mail (no postage is required).

The Elections Department will make every attempt possible to contact you should there be a discrepancy with signature verification, unsigned ballot envelopes, etc. If the issue cannot be resolved prior to November 25th, the day prior to election certification, your vote **cannot** be counted!

An Accessible Voting Unit (AVU), designed specifically for disabled voters, is available in the Auditor's Office for use by any voter. The AVU is available between the hours of 8:30 a.m. and 5:00 p.m. from October 18th through November 4th. On Election Day, November 5th, the AVU is available between 8:30 a.m. and 8:00 p.m.

If you miss the remote 8-day online and mail-in registration deadline, you may visit the Auditor's Office in-person prior to 8:00 pm on November 5th to vote in the General Election.

If your ballot is lost, damaged, destroyed or not received by October 25th, you may receive a replacement ballot online at <https://voter.votewa.gov/wheretovote.aspx> or by contacting the Elections Department (please see our contact information on page 50).

Unofficial election results will be available shortly after 8:00 p.m. on Election Day at <https://results.vote.wa.gov/results/current/klickitat/>.

I would like to take this opportunity to inform you of new election improvements coming your way. With the conclusion of the past Legislative session, voters will have:

- 1) Pre-paid ballot return postage (Statewide);
- 2) Same-day voter registration (in the County Election Office) prior to 8:00 p.m. Election Day;
- 3) Automatic voter registration for those applying to the Washington State Health Benefit Exchange as well as those receiving an enhanced driver's license or enhanced identification card (you may opt out at the counter); and
- 4) 16 and 17 year-old residents can enroll in the Future Voter Program to be automatically registered to vote on their 18th birthday.

**YOUR VOTE MATTERS!** Throughout history, there are many examples where an election was decided by just a few votes and in some cases, ONE vote. Please join me in exercising one of the most precious rights we have as an American – the right to vote!

Sincerely,

Brenda Sorensen  
Klickitat County Auditor

Dallesport Fire District #6

## Proposition No. 1

Proposition Authorizing Property Tax Levy Lift for Fire Protection and Emergency Medical Services. The Board of Klickitat County Fire Protection District No. 6, adopted Resolution No. 2018-10-10 proposing an increase in the District's regular property tax levy. The funds would maintain and improve fire protection, prevention, and emergency medical services, maintain vehicles and station facilities, and aid in training of personnel. This proposition authorizes an increase to the District's regular property tax levy from \$.368 to \$.90 per \$1,000 of assessed value to be assessed in 2020 and collected in 2021. The maximum allowable levy in 2019 shall serve as the base for subsequent levy limitations as provided by chapter 84.55 RCW.

Should this proposition be:

☐ Approved

☐ Rejected

## Explanatory Statement

Written by David Quesnel, Klickitat County Prosecuting Attorney

Klickitat County Fire Protection District No 6 provides fire protection, prevention and emergency medical services in a 40 square mile area at the east end of the Columbia River Gorge, including the rural communities of Dallesport and Murdock. The Fire District Board of Commissioners has determined that it is necessary to remove the limitation on regular property taxes imposed by statute in order to provide fire protection, prevention and emergency medical services, for the District to operate and maintain emergency fire and medical services, and to ensure station facilities are staffed with properly trained and equipped personnel.

The Board has determined that it is necessary that the regular property tax levy be increased from its current level of \$.368 per \$1,000 of assessed value to \$.90 per \$1,000 of assessed value to be assessed in 2020 and collected in 2021. The levy increase of approximately \$.532 per \$1,000 of assessed value would result in an estimated increase of \$186.20 annually for a house in the district with an assessed value of \$350,000. The maximum allowable levy in 2019 shall serve as the base for subsequent levy limitations. The increased levy is intended to provide revenue sufficient to pay the costs of adequate life protection services and facilities, and to maintain reserve funds sufficient to assure the continuation of such services.

Arguments For and Against this measure are on next page →

## Argument For

In 1966 the Dallesport Fire District came into effect. The Maintenance and Operations levy amount is currently at .40 cents, per thousand assessed dollars.

While costs have continued to climb, especially fuel, tires and parts costs. Over the last 50 years, Fire Fighter equipment and uniform prices as well as utility services have skyrocketed also.

The Dallesport Fire District needs to raise the Maintenance and Operations levy amount to .90 cents per thousand assessed dollars to cover these increases. This will be a permanent Levy Lid Lift. On average this will raise the taxes for a \$ 300,000.00 property by \$ 150.00 per year. The Dallesport Fire District budgets are being strained and depleted. In order to continue to provide the necessary services that Fire District 6 provides today. We ask that you approve this Levy Lid Lift. Thank you.

## Argument Against

While the Fire Department in Dallesport has not had an increase in their Levy amount for 20 years, they seem to be doing a good job with what we are paying in our taxes to them. We can all agree that they are doing a good job and economizing at the same time. We see no reason to approve a Levy Rate Increase at this time.

Hospital District #2

## Proposition No. 1

### Levy Lid Lift

The Commission of Public Hospital District No. 2, Klickitat County, Washington (Skyline Hospital) adopted Resolution No. 536 concerning an increase in the District's regular property tax levy. If approved, this proposition would provide funds to replace and upgrade District medical equipment and facilities, including infrastructure improvements, and expand health care services. It authorizes a maximum regular property levy rate for collection in 2020 of \$0.68/\$1,000 assessed value. Such increase would not be subject to any time limitation notwithstanding provisions of prior ballot propositions. The 2020 levy amount will be used for the purpose of computing the limitations for levies in subsequent years. Should this proposition be:

☐ APPROVED

☐ REJECTED

## Explanatory Statement

Written by Bradley J. Berg, Foster Pepper PLLC

Klickitat County Public Hospital District No. 2 (Skyline Hospital) provides health care services to the residents of western Klickitat County. The Board of Skyline Hospital has determined that it is necessary to seek approval for an increase in its regular property tax levy to provide funds to replace and upgrade the District's medical equipment and facilities, including infrastructure improvements, and to expand the District's local community health care services for the benefit of the residents and other persons served by the hospital district.

The Board has determined it is necessary that its regular property tax levy be increased from its current level of \$0.31 per \$1000 of assessed value to \$0.68 per \$1000 of assessed value beginning in 2020. The levy increase of approximately \$0.37 per \$1000 of assessed value would result in an estimated increase of \$129.50 annually for a house in the district with an assessed value of \$350,000. Such increase would not be subject to any time limitation notwithstanding provisions of prior ballot propositions. The 2020 levy amount will be used for the purpose of computing the limitations for levies in subsequent years. The increased levy is intended to provide sufficient funds to support the continued operation, development and expansion of the District's health care facilities and services.

Arguments For and Against this measure are on next page →

## Argument For

### **Vote Yes for Public Hospital District No. 2 Klickitat County (Skyline Hospital) Levy Lid Lift**

#### **Your Local Independent Community-Owned Hospital since 1952**

Skyline Hospital – your local independent community-owned hospital – doesn't receive financial support from a large health system. The hospital and its clinics provide essential emergency, medical and wellness services for residents and visitors throughout its service area and relies on local tax support to supplement the operations and maintenance of its facilities.

#### **Skyline's 1997 Levy Still in Place**

Skyline's last levy lid lift was in 1997, which is nearly 23 years ago. Due to this, Skyline has one of the lowest tax rates in Klickitat County.

#### **In an Emergency Every Minute Counts**

Klickitat County residents deserve to have access to a local and thriving hospital. Skyline's dedication to patient-centered care and its responsibility to the communities it serves are what drives it to continually improve. As the community continues to grow, so does the need to provide high-quality accessible health care. It's vital we support this valuable resource.

#### **Your Tax Dollars in Action**

With voter approval, the increased resources will strengthen the hospital's ability to maintain, replace and upgrade medical equipment, as well as make infrastructure improvements (Levy monies won't be used for the Emergency Department renovation). It will also provide flexibility to allow the hospital to evolve as our community's health care needs change. Skyline Hospital is grateful for the long history of community support.

I practiced Family Medicine in Goldendale from 1975-1995. I was actively involved in managing our clinic and in Klickitat Valley Hospital affairs. In 1995, I began teaching Family Medicine residents at Valley Medical Center in Renton. In 2010, I moved to White Salmon. I since have practiced several weeks a year in rural Alaskan hospitals.

**Education**

B.A. from Reed College. M.D. from University of Oregon Medical School.

**Community Service**

In White Salmon, my community service has been through Bethel Church, Master Gardeners, and the Skyline Hospital Board.

**Statement**

Rural hospitals face many challenges. As a Commissioner, I try to evaluate issues from the perspectives of our community, patients, administration, staff, and physicians. I seek out and listen to many voices, review data, analyze options, and make a decision. I modify my decision if more information or better decisions arise. I have focused on the quality of care Skyline offers our community, the relationship between Skyline and the clinicians providing care in our community, and the financial challenges facing Skyline. If elected, I will continue this work and represent you to the best of my ability.

**4****Your ballot is reviewed and scanned**

The security envelope is opened and election staff review your ballot to verify that it can be successfully scanned.

**5****Your ballot is counted**

At 8 p.m. on Election Day all scanned ballots are tallied. Ballots will be scanned and tallied over the next several days until all the votes are counted.

1

**Vote by mail**

Washington votes by mail, no stamp needed. We were the second state in the nation to adopt vote by mail and the first to provide all postage paid. A ballot is mailed 18 days before each election, ensuring you have time to cast an informed ballot without waiting in line.

**Online voter registration**

We offer online voter registration. Register to vote or update your address at **votewa.gov**

3

**Top 2 Primary**

Washington uses a Top 2 Primary system where the two candidates who receive the most votes advance to the General Election, regardless of their party preference.

### Referendum Measure No. 88

AN ACT Relating to diversity, equity, and inclusion; amending RCW 49.60.400 and 43.43.015; adding a new section to chapter 43.06 RCW; and creating new sections.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

#### **PART I TITLE AND INTENT**

**NEW SECTION. Sec. 1.** This act may be known and cited as the Washington state diversity, equity, and inclusion act.

**NEW SECTION. Sec. 2.** The intent of the people in enacting this act is to guarantee every resident of Washington state equal opportunity and access to public education, public employment, and public contracting without discrimination based on their race, sex, color, ethnicity, national origin, age, sexual orientation, the presence of any sensory, mental, or physical disability, or honorably discharged veteran or military status. This is accomplished by: Restoring affirmative action into state law without the use of quotas or preferential treatment; defining the meaning of preferential treatment and its exceptions; and establishing a governor's commission on diversity, equity, and inclusion.

#### **PART II PROHIBITION OF DISCRIMINATION AND PREFERENTIAL TREATMENT**

**Sec. 3.** RCW 49.60.400 and 2013 c 242 s 7 are each amended to read as follows:

(1) The state shall not discriminate against, or grant preferential treatment to, any individual or group on the basis of race, sex, color, ethnicity, ~~((or))~~ national origin, age, sexual orientation, the presence of any sensory, mental, or physical disability, or honorably discharged veteran or military status in the operation of public employment, public education, or public contracting.

(2) This section applies only to action taken after December 3, 1998.

(3) This section does not affect any law or governmental action that does not discriminate against, or grant preferential treatment to, any individual or group on the basis of race, sex, color, ethnicity, ~~((or))~~ national origin, age, sexual orientation, the presence of any sensory, mental, or physical disability, or honorably discharged veteran or military status.

(4) This section does not affect any otherwise lawful classification that:

(a) Is based on sex and is necessary for sexual privacy or medical or psychological treatment; or

(b) Is necessary for undercover law enforcement or for film, video, audio, or theatrical casting; or

(c) Provides for separate athletic teams for each sex.

(5) This section does not invalidate any court order or consent decree that is in force as of December 3, 1998.

(6) This section does not prohibit action that must be taken to establish or maintain eligibility for any federal program, if the director of the office of financial management, in consultation with the attorney general and the governor's commission on diversity, equity, and inclusion, determines that ineligibility ((would)) will result in a material loss of federal funds to the state.

(7) Nothing in this section prohibits schools established under chapter 28A.715 RCW from:

(a) Implementing a policy of Indian preference in employment; or

(b) Prioritizing the admission of tribal members where capacity of the school's programs or facilities is not as large as demand.

(8) Nothing in this section prohibits the state from remedying discrimination against, or underrepresentation of, disadvantaged groups as documented in a valid disparity study or proven in a court of law.

(9) Nothing in this section prohibits the state from implementing affirmative action laws, regulations, policies, or procedures such as participation goals or outreach efforts that do not utilize quotas and that do not constitute preferential treatment as defined in this section.

(10) Nothing in this section prohibits the state from implementing affirmative action laws, regulations, policies, or procedures which are not in violation of a state or federal statute, final regulation, or court order.

**11** For the purposes of this section~~((:))~~:

(a) "State" includes, but is not necessarily limited to, the state itself, any city, county, public college or university, community college, school district, special district, or other political subdivision or governmental instrumentality of or within the state;

(b) "State agency" means the same as defined in RCW 42.56.010;

(c) "Affirmative action" means a policy in which an individual's race, sex, ethnicity, national origin, age, the presence of any sensory, mental, or physical disability, and honorably discharged veteran or military status are factors considered in the selection of qualified women, honorably discharged military veterans, persons in protected age categories, persons with disabilities, and minorities for opportunities in public education, public employment, and public contracting. Affirmative action includes, but shall not be limited to, recruitment, hiring, training, promotion, outreach, setting and achieving goals and timetables, and other measures designed to increase Washington's diversity in public education, public employment, and public contracting; and

(d) "Preferential treatment" means the act of using race, sex, color, ethnicity, national origin, age, sexual orientation, the presence of any sensory, mental, or physical disability,

and honorably discharged veteran or military status as the sole qualifying factor to select a lesser qualified candidate over a more qualified candidate for a public education, public employment, or public contracting opportunity.

((9)) (12) The remedies available for violations of this section shall be the same, regardless of the injured party's race, sex, color, ethnicity, or national origin, as are otherwise available for violations of Washington antidiscrimination law.

((10)) (13) This section shall be self-executing. If any part or parts of this section are found to be in conflict with federal law, the United States Constitution, or the Washington state Constitution, the section shall be implemented to the maximum extent that federal law, the United States Constitution, and the Washington state Constitution permit. Any provision held invalid shall be severable from the remaining portions of this section.

**Sec. 4.** RCW 43.43.015 and 1985 c 365 s 4 are each amended to read as follows:

For the purposes of this chapter, "affirmative action" means, in addition to and consistent with the definition in section 3 of this act, a policy or procedure by which racial minorities, women, persons in the protected age category, persons with disabilities, Vietnam-era veterans, honorably discharged military veterans, and ((disabled)) veterans with disabilities are provided with increased employment opportunities. It shall not mean any ((sort)) form of quota system.

### Initiative Measure No. 976

#### BRING BACK OUR \$30 CAR TABS

AN ACT Relating to limiting state and local taxes, fees, and other charges relating to vehicles; amending RCW 46.17.350, 46.17.355, 46.17.323, 82.08.020, 82.44.065, 81.104.140, and 81.104.160; adding a new section to chapter 46.17 RCW; adding a new section to chapter 82.44 RCW; adding a new section to chapter 81.112 RCW; creating new sections; repealing RCW 46.17.365, 46.68.415, 82.80.130, 82.80.140, 82.44.035, and 81.104.160; and providing an effective date.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

#### POLICIES AND PURPOSES

**NEW SECTION. Sec. 1.** Voters have repeatedly approved initiatives limiting vehicle costs, yet politicians keep ignoring the voters' repeated, unambiguous mandate by imposing higher and higher vehicle taxes and fees. It's not fair and it must stop. Without this follow-up ballot measure, vehicle costs will continue to skyrocket until vehicle charges are obscenely expensive, as they were prior to Initiative 695. This measure and each of its provisions limit state and local taxes, fees, and other charges relating to motor vehicles. This measure would limit annual motor vehicle license fees to \$30, except voter-approved charges, repeal and remove authority to impose certain vehicle taxes and charges; and base vehicle taxes on Kelley Blue Book rather than the dishonest, inaccurate, and artificially inflated manufacturer's suggested retail price (MSRP). Voters have repeatedly approved initiatives limiting vehicle costs. Politicians must learn to listen to the people.

#### LIMITING ANNUAL MOTOR-VEHICLE-LICENSE FEES TO \$30, EXCEPT VOTER-APPROVED CHARGES

**NEW SECTION. Sec. 2.** A new section is added to chapter 46.17 RCW to read as follows:

(1) State and local motor vehicle license fees may not exceed \$30 per year for motor vehicles, regardless of year, value, make, or model.

(2) For the purposes of this section, "state and local motor vehicle license fees" means the general license tab fees paid annually for licensing motor vehicles, including but not limited to cars, sport utility vehicles, light trucks under RCW 46.17.355, motorcycles, and motor homes, and do not include charges approved by voters after the effective date of this section. This annual fee must be paid and collected annually and is due at the time of initial and renewal vehicle registration.

**Sec. 3.** RCW 46.17.350 and 2014 c 30 s 2 are each amended to read as follows:

(1) Before accepting an application for a vehicle registration, the department, county auditor or other agent, or subagent appointed by the director shall require the applicant, unless specifically exempt, to pay the following vehicle license fee by vehicle type:

VEHICLE TYPE	INITIAL FEE	RENEWAL FEE	DISTRIBUTED UNDER

#### **BASE VEHICLE TAXES USING KELLEY BLUE BOOK VALUE**

**NEW SECTION. Sec. 8.** A new section is added to chapter 82.44 RCW to read as follows:

(1) **BASE VEHICLE TAXES USING KELLEY BLUE BOOK VALUE.** Any motor vehicle excise tax must be calculated in an honest and accurate way so the burden on vehicle owners is not artificially inflated. For the purpose of determining a vehicle tax, a taxing district imposing a vehicle tax must set a vehicle’s taxable value at the vehicle’s base model Kelley Blue book value. This ensures an honest and accurate calculation of the tax and, combined with the appeal process in RCW 82.44.065, ensures that vehicle owners are taxed on their vehicle’s market value.

(2) For the purpose of determining a tax under this chapter, the value of a truck-type power or trailing unit, or motor vehicle, including a passenger vehicle, motorcycle, motor home, sport utility vehicle, or light duty truck is the base model Kelley Blue book value of the vehicle, excluding applicable federal excise taxes, state and local sales or use taxes, transportation or shipping costs, or preparatory or delivery costs.

**Sec. 9.** RCW 82.44.065 and 2010 c 161 s 912 each amended to read as follows:

If the department determines a value for a vehicle ~~((equivalent to a manufacturer’s base suggested retail price or the value of a truck or trailer under RCW 82.44.035))~~ under section 8 of this act, any person who pays a state or locally imposed tax for that vehicle may appeal the valuation to the department under chapter 34.05 RCW. If the taxpayer is successful on appeal, the department shall refund the excess tax in the manner provided in RCW 82.44.120. Using Kelley Blue Book value ensures an honest and accurate calculation.

**NEW SECTION. Sec. 10.** RCW 81.104.140 and 2015 3rd sp.s. c 44 s 318 are each amended to read as follows:

(1) Agencies authorized to provide high capacity transportation service, including transit agencies and regional transit authorities, and regional transportation investment districts acting with the agreement of an agency, are hereby granted dedicated funding sources for such systems. These dedicated funding sources, as set forth in RCW 81.104.150, 81.104.160, 81.104.170, and 81.104.175, are authorized only for agencies located in (a) each county with a population of two hundred ten thousand or more and (b) each county with a population of from one hundred twenty-five thousand to less than two hundred ten thousand except for those counties that do not border a county with a population as described under (a) of this subsection. In any county with a population of one million or more or in any county having a population of four hundred thousand or more bordering a county with a population of one million or more, these funding sources may be imposed only by a regional transit authority or a regional transportation investment district. Regional transportation investment districts may, with the approval of the regional transit authority within its boundaries, impose the taxes authorized under this chapter, but only upon approval of the voters and to the extent that the maximum amount of taxes authorized under this chapter have not been imposed.

(2) Agencies planning to construct and operate a high capacity transportation system should also seek other funds, including federal, state, local, and private sector assistance.

(3) Funding sources should satisfy each of the following criteria to the greatest extent possible:

- (a) Acceptability;
- (b) Ease of administration;
- (c) Equity;
- (d) Implementation feasibility;
- (e) Revenue reliability; and
- (f) Revenue yield.

(4)(a) Agencies participating in regional high capacity transportation system development are authorized to levy and collect the following voter-approved local option funding sources:

(i) Employer tax as provided in RCW 81.104.150, other than by regional transportation investment districts;

(ii) ~~((Special motor vehicle excise tax as provided in RCW 81.104.160;~~

~~((iii)))~~ Regular property tax as provided in 81.104.175; and

~~((iv)))~~ (iii) Sales and use tax as provided in RCW 81.104.170.

(b) Revenues from these taxes may be used only to support those purposes prescribed in subsection (10) of this section. Before the date of an election authorizing an agency to impose any of the taxes enumerated in this section and authorized in RCW 81.104.150, 81.104.160, 81.104.170, and 81.104.175, the agency must comply with the process prescribed in RCW 81.104.100 (1) and (2) and 81.104.110. No construction on exclusive right-of-way may occur before the requirements of RCW 81.104.100(3) are met.

(5) Except for the regular property tax authorized in 81.104.175, the authorization in subsection (4) of this section may not adversely affect the funding authority of transit agencies not provided for in this chapter. Local option funds may be used to support implementation of interlocal agreements with respect to the establishment of regional high capacity transportation service. Except when a regional transit authority exists, local jurisdictions must retain control over moneys generated within their boundaries, although funds may be commingled with those generated in other areas for planning, construction, and operation of high capacity transportation systems as set forth in the agreements.

(6) Except for the regular property tax authorized in 81.104.175, agencies planning to construct and operate high capacity transportation systems may contract with the state for collection and transference of voter-approved local option revenue.

(7) Dedicated high capacity transportation funding sources authorized in RCW 81.104.150, 81.104.160, 81.104.170, and 81.104.175 are subject to voter approval by a simple majority. A single ballot proposition may seek approval for one or more of the authorized taxing sources. The ballot title must reference the document identified in subsection (8) of this section.

(8) Agencies must provide to the registered voters in the area a document describing the systems plan and the financing plan set forth in RCW 81.104.100. It must also describe the relationship of the system to regional issues such as development density at station locations and activity centers, and the interrelationship of the system to adopted land use and transportation demand management goals within the region. This document must be provided to the voters at least twenty days prior to the date of the election.

(9) For any election in which voter approval is sought for a high capacity transportation system plan and financing plan pursuant to RCW 81.104.040, a local voter's pamphlet must be produced as provided in chapter 29A.32 RCW.

(10)(a) Agencies providing high capacity transportation service must retain responsibility for revenue encumbrance, disbursement, and bonding. Funds may be used for any purpose relating to planning, construction, and operation of high capacity transportation systems and commuter rail systems, personal rapid transit, busways, bus sets, and entrained and linked buses.

(b) A regional transit authority that ~~((imposes a motor vehicle excise tax after the effective date of this section,))~~ imposes a property tax~~((;))~~ or increases a sales and use tax to more than nine-tenths of one percent must undertake a process in which the authority's board formally considers inclusion of the name, Scott White, in the naming convention associated with either the University of Washington or Roosevelt stations.

**NEW SECTION. Sec. 11.** The following acts or parts of acts are each repealed:

(1) RCW 82.44.035 (Valuation of vehicles) and 2010 c 161 s 910 & 2006 c 318 s 1; and

(2) RCW 81.104.160 (Motor vehicle excise tax for regional transit authorities---Sales and use tax on car rentals---Former motor vehicle excise tax repealed) and 2015 3rd sp.s. c 44 s 319, 2010 c 161 s 903, 2009 c 280 s 4, 2003 c 1 s 6 (Initiative Measure No. 776, approved November 5, 2002), & 1998 c 321 s 35 (Referendum Bill No. 49, approved November 3, 1998).

**NEW SECTION. Sec. 12.** A new section is added to chapter 81.112 RCW to read as follows:

In order to effectuate the policies, purposes, and intent of this act and to ensure that the motor vehicle excise taxes repealed by this act are no longer imposed or collected, an authority that imposes a motor vehicle excise tax under RCW 81.104.160 must fully retire, defease, or refinance any outstanding bonds issued under this chapter if:

(1) Any revenue collected prior to the effective date of this section from the motor vehicle excise tax imposed under RCW 81.104.160 has been pledged to such bonds; and

(2) The bonds, by virtue of the terms of the bond contract, covenants, or similar terms, may be retired or defeased early or refinanced.

**Sec. 13.** RCW 81.104.160 and 2015 3rd sp.s. c 44 s 319 are each amended to read as follows:

(1) Regional transit authorities that include a county with a population of more than one million five hundred thousand may submit an authorizing proposition to the voters, and if approved, may levy and collect an excise tax, at a rate approved by the voters, but not exceeding ~~((eight-tenths))~~ two-tenths of one percent on the value, under chapter 82.44 RCW, of every motor vehicle owned by a resident of the taxing district, solely for the purpose of providing high capacity transportation service. The maximum tax rate under this subsection does not include a motor vehicle excise tax approved before the effective date of this section if the tax will terminate on the date bond debt to which the tax is pledged is repaid. This tax does not apply to vehicles licensed under RCW 46.16A.455 except vehicles with an unladen weight of six thousand pounds or less, RCW 46.16A.425 or 46.17.335(2). Notwithstanding any other provision of this subsection or chapter 82.44 RCW, a motor vehicle excise tax imposed by a regional transit authority before or after the effective date of this section must comply with chapter 82.44 RCW as it existed on January 1, 1996, until December 31st of the year in which the regional transit authority repays bond debt to which a motor vehicle excise tax was pledged before the effective date of this section. Motor vehicle taxes collected by regional transit authorities after December 31st of the year in which a regional transit authority repays bond debt to which a motor vehicle excise tax was pledged before the effective date of this section must comply with chapter 82.44 RCW as it existed on the date the tax was approved by voters.

(2) An agency and high capacity transportation corridor area may impose a sales and use tax solely for the purpose of providing high capacity transportation service, in addition to the tax authorized by RCW 82.14.030, upon retail car rentals within the applicable jurisdiction that are taxable by the state under chapters 82.08 and 82.12 RCW. The rate of tax may not exceed 2.172 percent. The rate of tax imposed under this subsection must bear the same ratio of the 2.172 percent authorized that the rate imposed under subsection (1) of this section bears to the rate authorized under subsection (1) of this section. The base of the tax is the selling price in the case of a sales tax or the rental value of the vehicle used in the case of a use tax.

(3) Any motor vehicle excise tax previously imposed under the provisions of RCW 81.104.160(1) shall be repealed, terminated, and expire on December 5, 2002, except for a motor vehicle excise tax for which revenues have been contractually pledged to repay a bonded debt issued before December 5, 2002, as determined by *Pierce County et al. v. State*, 159 Wn.2d 16, 148 P.3d 1002 (2006). In the case of bonds that were previously issued, the motor vehicle excise tax must comply with chapter 82.44 RCW as it existed on January 1, 1996.

(4) If a regional transit authority imposes the tax authorized under subsection (1) of this section, the authority may not receive any state grant funds provided in an

omnibus transportation appropriations act except transit coordination grants created in chapter 11, Laws of 2015 3rd sp. sess.

**NEW SECTION. Sec. 14. CONSTRUCTION CLAUSE.** The provisions of this act are to be liberally construed to effectuate the intent, policies, and purposes of this act.

**NEW SECTION. Sec. 15. SEVERABILITY CLAUSE.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 16. EFFECTIVE DATE.** (1) Sections 10 and 11 of this act take effect on the date that the regional transit authority complies with section 12 of this act and retires, defeases, or refinances its outstanding bonds.

(2) Section 13 takes effect April 1, 2020, if sections 10 and 11 of this act have not taken effect by March 31, 2020.

(3) The regional transit authority must provide written notice of the effective dates of sections 10, 11, and 13 of this act to affected parties, the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others as deemed appropriate by the regional transit authority.

**NEW SECTION. Sec. 17. TITLE.** This act is known and may be cited as "Bring Back Our \$30 Car Tabs."

## Celebrate women of Washington

Washington has been *Ahead of the Curve* since it first granted women suffrage (the right to vote) in 1883. Later revoked, in 1910 our state became the fifth to include women's suffrage in its constitution — a decade ahead of the nation.

Legacy Washington is gearing up for the 2020 centennial of women's suffrage in the United States by highlighting the pioneering spirit of some larger-than-life women and little-known stories with big impacts on our state, the nation, and beyond. Washington women keep blazing trails in fields from science to bridge building.

Visit the *Ahead of the Curve* exhibit at the Washington State Capitol in Olympia, or read in-depth profiles of all the subjects online.
