Write-in Voting
Elections Clearinghouse Notice
Issue #24-02
March 5, 2024

This clearinghouse is reissued to provide clarification of statutory requirements and replaces Clearinghouse #18-03 issued June 8, 2018.

Declared Write-in Candidates
Write-in candidates must file a declaration to have votes tallied for a race. Write-in candidates may file a declaration of candidacy form until 8:00 PM on Election Day. (RCW 29A.24.311(1); WAC 434-215-180)

Write-in candidates who file more than 18 days before an election do not pay a filing fee. (RCW 29A.24.091(1); WAC 434-215-180)

Write-in candidates who file 18 days or less before an election must pay a filing fee.
  - For offices with a fixed annual salary of more than $1,000, the filing fee is 1% of the annual salary at the time of the regular filing period. (RCW 29A.24.091(3); WAC 434-215-180)
  - For offices with a fixed annual salary of $1,000 or less, the filing fee is $25. Candidates for offices without a fixed annual salary must also pay the $25 filing fee, including those paid on a per diem or per meeting basis. (RCW 29A.24.091(2); WAC 434-215-180)
  - Candidates may submit a filing fee petition in lieu of the filing fee. (RCW 29A.24.091(4); WAC 434-215-025)

Excluding the office of precinct committee officer or temporary positions such as a charter review board member or freeholder, no person may file for more than one office. This applies to both regular filings and write-in filings. (RCW 29A.24.075(2))

The Office of the Secretary of State will notify each County Auditor’s office of declared write-in candidates for state and federal offices that file with the Secretary of State. (RCW 29A.24.320)

The filing officer for multi-county districts must immediately provide candidate filing information to any county within the district. (RCW 29A.60.021(5))

If a write-in candidate lost the same race in the Primary, either as a regular candidate printed on the ballot or as a declared write-in candidate, that candidate is ineligible and cannot file in the General Election as a write-in candidate for that same race. (RCW 29A.24.311(3)(a))
Political Party Preference

Candidates for partisan offices are not party nominees; therefore, a party preference is not required for write-in votes. ([RCW 29A.24.311(4); WAC 434-215-120])

If a write-in candidate qualifies to appear on the General Election ballot, the party preference listed on the Declaration for Write-in Candidacy is printed on the ballot. ([RCW 29A.24.311(4); WACs 434-215-120, 434-262-160(2)])

Multi-County Districts

When a write-in candidate files in a multi-county district, the filing officer must notify the other counties of the filing immediately.

The filing officer must compile the number of write-in votes and total votes cast from each participating county to determine if votes for the declared write-in candidates must be tallied. If votes must be tallied, the filing officer must notify the other participating counties immediately. ([RCW 29A.60.021])

Voter Intent ([WACs 434-219-235, 434-261-086, 434-262-160])

Ballot inspection should include a check for valid write-in votes. Valid write-in votes include both declared and undeclared candidates.

The County Canvassing Board shall exercise all reasonable efforts to determine the voter’s intent on valid write-in votes. The Statewide Standards on What is a Vote must be applied to write-in votes.

Determining When to Tally Declared Write-in Candidate Totals

Using results from the county cumulative report, determine if votes for declared write-in candidates must be tallied. You may skip this step if there are no declared write-in candidates for an office by 8:00 PM on Election Day.

Determine the total number of write-in votes and total votes cast for each race. Overvotes and undervotes are not votes cast for an office but should be reviewed for write-ins during ballot inspection.

When a Single Candidate is Printed on the Ballot for a Race:
Primary Election: When the total number of write-in votes is more than 1% of the total votes cast for the office, individual write-in votes for declared write-in candidates must be tallied. A candidate qualifies for the general Election if they receive more than 1% of the total votes cast for that office are one of the top two vote-getters. (See Example 1) ([RCW 29A.60.021(6)])
General Election: When the total number of write-in votes for an office exceeds the number of votes cast for the single candidate, individual write-in votes for declared write-in candidates must be tallied. (RCW 29A.60.021(8))

When Two or More Candidates are Printed on the Ballot for a Race:
Primary Election: Tally write-in votes for declared write-in candidates when the total number of write-in votes is more than the number of votes cast for the second-place candidate. (See Example 2) (RCW 29A.60.021(7))
General Election: Tally write-in votes for declared write-in candidates when the total number of write-in votes for an office is more than the number of votes cast for the apparent winner of the race. (See Example 3) (RCW 29A.60.021(8))

Example 1: Only one candidate filed for County Office 1. The Primary Election results are:

<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Candidate A</td>
<td>1,000</td>
</tr>
<tr>
<td>Write-ins</td>
<td>200</td>
</tr>
<tr>
<td>Overvotes</td>
<td>1</td>
</tr>
<tr>
<td>Undervotes</td>
<td>170</td>
</tr>
</tbody>
</table>

Step 1: The total votes cast for this office is 1,200. One percent (1%) of the total votes cast for this office is 12.
Step 2: 200 write-in votes is more than 1% of the total votes cast for this office. The write-in votes for declared write-in candidates must be tallied.

Example 2: Two candidates filed for County Office 1. The Primary Election results are:

<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Candidate A</td>
<td>1,300</td>
</tr>
<tr>
<td>Candidate B</td>
<td>150</td>
</tr>
<tr>
<td>Write-ins</td>
<td>210</td>
</tr>
<tr>
<td>Overvotes</td>
<td>4</td>
</tr>
<tr>
<td>Undervotes</td>
<td>8</td>
</tr>
</tbody>
</table>

Step 1: Determine the total number of write-in votes. In this example, the number is 210.
Step 2: The second-place candidate received 150 votes. The number of write-in votes is more than the second-place candidate received. Write-in votes for declared write-in candidates must be tallied.

Example 3: Two candidates filed for County Office 1. The Primary Election results are:

<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Candidate A</td>
<td>2,000</td>
</tr>
<tr>
<td>Candidate B</td>
<td>150</td>
</tr>
<tr>
<td>Write-ins</td>
<td>300</td>
</tr>
<tr>
<td>Overvotes</td>
<td>3</td>
</tr>
<tr>
<td>Undervotes</td>
<td>19</td>
</tr>
</tbody>
</table>

Step 1: Determine the total number of write-in votes. In this example, the number is 300.
Step 2: The apparently-elected candidate received 2,000 votes. The number of write-in votes is less than 2,000. Write-in votes for this office need not be tallied and are not reported.

**Reporting Write-in Votes**

All counties must report write-in votes in the same manner. The total number of write-in votes printed on election results must include only valid write-in votes for both declared and undeclared candidates. Votes for declared and undeclared write-in candidates must be tabulated as intended by the voter. (RCW 29A.60.021; WACs 434-219-235, 434-261-086, 434-262-160)

If votes for a declared write-in candidate are required to be tallied, the number of votes tallied for that candidate shall be reported as a single total in the certification of the election. (RCW 29A.60.021(2))

**Primary Election**

Declared write-in candidates are not displayed on printed unofficial election results. If a county resolves write-in votes with candidate names that do not require a tally when processing, the results shall not be posted on certification documents or unofficial election results.

If an office has a declared write-in candidate and

- **The total number of write-in votes is not enough to tally write-in votes:** The votes for individual write-in candidates shall not be part of the official results certified by the Canvassing Board. Individual vote totals will not be displayed on certification documents or unofficial election results for that candidate.

- **The total number of write-in votes requires a tally of votes for declared write-in candidates:** The total of votes cast for each declared write-in candidate shall be included in the official results certified by the Canvassing Board.

The candidate shall be notified, and their name shall appear on public lists of candidates if they qualify to move to the General Election.

**General Election**

Declared write-in candidates are not displayed on printed unofficial election results. If a county resolves write-in votes with candidate names that do not require a tally when processing, the results shall not be posted on certification documents or unofficial election results.

If a declared candidate receives enough votes to be elected, their name shall appear on the certified election results.

If an office has a declared candidate and

- **The total number of write-in votes is not enough to tally write-in votes:** The votes for individual write-in candidates shall not be part of the official results certified by the Canvassing Board. Individual vote totals will not be displayed on certification documents or unofficial election results for that candidate.
The total number of write-in votes requires a tally of votes for declared write-in candidates: The total of votes cast for each declared write-in candidate shall be included in the official results certified by the Canvassing Board.

Certifying Write-in Tallies

If votes must be tallied for individual declared write-in candidates, include the tallies in the certification documents for a primary or election. The Canvassing Board shall determine the official number of votes tallied for each declared write-in candidate. The Board shall include the votes with commonly recognizable nicknames and spelling variations of the declared candidate’s name in the official number of votes tallied for each qualifying write-in candidate. (RCW 29A.60.021)

Precinct Committee Officer (PCO)

No write-in votes are permitted for the office of precinct committee officer (PCO). (RCW 29A.24.311(3)(d))

A write-in line is not printed on the ballot. If a voter writes in a vote for PCO, it cannot be tallied. If the voter did not vote for any PCO candidates printed on the ballot and tries to write a candidate’s name not printed on the ballot, it is tabulated as an undervote. (RCW 29A.60.021(1))

If the voter marked the target area for a PCO candidate printed on the ballot and also apparently tried to write a candidate’s name for PCO, the vote for the printed candidate will count. This is not considered an overvote. (RCW 29A.60.021(3))

Corrections made by the voter regarding PCO candidates already printed on the ballot are permitted. If the voter attempts to correct a vote in a contested PCO race, rules for voter intent must be followed. (WAC 434-261-086)
