

## This schedule applies to: Health Departments and Districts

#### Scope of records retention schedule

This records retention schedule covers the public records of **public health departments and districts** relating to the functions of promoting public health, managing vital records, providing health care and treatment, conducting research, and other activities pursuant to <u>title 70 RCW</u>. It is to be used in conjunction with the <u>Local Government Common Records Retention Schedule (CORE)</u>, which authorizes the destruction/transfer of public records common to all local government agencies (http://www.sos.wa.gov/archives/recordsmanagement/UsingtheLocalGovernmentCommonRecordsRetentionScheduleCORE.aspx).

#### **Disposition of public records**

Public records covered by records series within this records retention schedule must be retained for the minimum retention period as specified in this schedule. Washington State Archives strongly recommends the disposition of public records at the end of their minimum retention period for the efficient and effective management of local resources.

Public records designated as Archival (Permanent Retention) or Non-Archival (with a retention period of "Life of the Agency" or "Permanent") must not be destroyed. Records designated as Archival (Appraisal Required) must be appraised by the Washington State Archives before disposition. Public records must not be destroyed if they are subject to ongoing or reasonably anticipated litigation. Such public records must be managed in accordance with the agency's policies and procedures for legal holds. Public records must not be destroyed if they are subject to an existing public records request in accordance with chapter 42.56 RCW. Such public records must be managed in accordance with the agency's policies and procedures for public records requests.

In addition to the minimum retention requirements specified in this schedule, there may be additional (longer) retention requirements mandated by federal, state and/or local statute, grant agreement, and/or other contractual obligations.

#### Revocation of previously issued records retention schedules

All previously approved disposition authorities for records that are covered by this retention schedule are revoked, including those listed in all general and agency unique retention schedules. Local government agencies should take measures to ensure that the retention and disposition of public records is in accordance with current approved records retention schedules.

#### **Authority**

This records retention schedule was approved by the Local Records Committee in accordance with RCW 40.14.070 on August 20, 2015.
