Introduction to the 1989 Voters Pamphlet

One hundred years ago, the people of Washington Territory set the stage for Washington Statehood by voting in the general election of October 1, 1889. Using ballots like those shown on the facing page, they ratified a proposed state constitution, elected

a slate of state and local candidates and narrowed the field of cities vying for the location of the state capital.

The dream of Statehood became a reality on November 11, 1889, when President Benjamin Harrison signed the documents admitting Washington as the 42nd state in the Union. (Elisha P. Ferry, the state's first governor, must have had mixed emotions when he read the telegram shown below. The 61-cent cable was sent collect!)

In just a few days, the citizens of our state will set the stage for Washington's second century by voting in the November 7 state general election. This election, which takes place just five days before the state's 100th birthday, features a number of important issues at both the state and the local levels. In addition, voters will elect candidates for hundreds of local government positions ranging from the county council to the school board to the mayor's office.

These issues and these candidates will play a crucial role in guiding Washington into its next 100 years. As you prepare to go to the polls, I urge you to thoroughly examine the issues surrounding each ballot measure and the positions of each person seeking office. And, above all, be sure to vote on November 7. It's one of the best ways to celebrate our heritage and shape our future.

Happy Birthday, Washington!

RALPH MUNRO
Secretary of State

Dear King County Resident:

This voters' information pamphlet marks the 100th anniversary of King County and the State of Washington -- a truly successful partnership in government.

In celebrating this Centennial, we are reminded that the success of our state and local government for the past one hundred years is due primarily to the active involvement of its citizens. The foundation of this involvement has been the ballot box and the extent to which citizens have used it. The success our region can expect to experience in the next hundred years depends upon your continuing, and improving upon, that record -- by making your voice heard through the wise and careful use of the ballot.

This issue of the King County Voters' Pamphlet provides you the opportunity to study the statements of local candidates and issues on the general election ballot. Other information, such as how to register to vote, a sample ballot, absentee ballot request, and other election information is included. Special editions of the pamphlet are available in Spanish, Chinese, Braille, and on cassette tape.

The State of Washington, Seattle, King County, and the many governmental jurisdictions in the County have cooperated to provide this pamphlet for your use. I urge you to read this pamphlet and study the issues. Then celebrate our 100 years as a State and a County by voting on Tuesday, November 7, 1989.

INITIATIVE MEASURE 102

TO THE LEGISLATURE

Note: The ballot title and explanatory statement were written by the Attorney General as required by law. The complete text of Initiative Measure 102 begins on page 12.

Statement for

THE CHILDREN'S INITIATIVE WILL PROTECT ALL CHILDREN

We must do more to protect *all* children from drugs, crime and abuse. *All* children need a good basic education and safe schools. Drug education and child abuse prevention work. Smaller classes work, and early childhood education works.

WASHINGTON'S CHILDREN CAN'T WAIT

Cases of child abuse and neglect have doubled since 1979; sexual abuse cases have increased fivefold. One in four students drops out of school, and half our prisoners are dropouts. 80,000 youths need help for alcohol or drug abuse; and nearly one-third of the babies born in our major hospitals are addicted to drugs. 93 percent of mentally ill children never receive treatment. One-third of the children living in poverty are under 5.

THE CHILDREN'S INITIATIVE IS AN INVESTMENT IN PREVENTION

Every penny we spend on children now will save thousands of dollars later for adult social services, welfare or imprisonment. It costs \$2,851 per year to educate a child -- but \$21,969 to house a prisoner.

Health care during pregnancy costs far less than treating sick babies. Help for a child failing in school costs one-fifth as much as repeating a grade.

Official Ballot Title:

Shall the State support of children and family services and K-12 education programs be increased by \$360,000,000 in new taxes?

The law as it now exists:

The State Constitution, as interpreted by the State Supreme Court, requires that the State adequately fund basic education in the K-12 public schools. Some State taxes and revenues are identified by the Constitution and statutes to be for school purposes. The

amount authorized to be spent for the K-12 education program is established by the Legislature. The funding of children's services is also as established by the Legislature, there are no statutes earmarking revenues for those purposes.

The effect of Initiative Measure 102, if approved into law:

This Initiative would, if enacted, declare a State commitment to increase the funding for children's needs including but not limited to treatment of abuse and neglect, health care, nutrition, rehabilitation, aid for families with dependent children, prenatal care, child care and education. The measure would not affect the State's responsibility to adequately fund basic education under the K-12 program.

If the Legislature fails to enact new or increased taxes sufficient to raise at least \$360,000,000 during the fiscal year July 1, 1990 through June 30, 1991, then the rate of the State sales and use taxes will be increased 0.9 percent. Those tax revenues are directed to be equally divided between children's services and the K-12 education programs. These funds are to be in addition to previously approved legislative appropriations.

Children's services include prevention and early intervention

services, services for abused and neglected children, maternal and child health services, early childhood education, child care, family support services, out-of-home placements, children mental health services, developmentally disabled services, prevention and treatment of substance abuse, juvenile rehabilitation, nutrition programs for women, infants and children, emergency services for homeless children, increased availability of prenatal delivery and post-natal care for pregnant women and infants, health care for children, increased payment standards for aid to families with dependent children and other programs that promote health, protection and welfare and education of children and their families.

The education funds are to be expended for reducing class sizes, especially in elementary grades, basic skills learning assistance programs, programs for handicapped children, programs for at-risk children and children from economically disadvantaged and minority backgrounds, in-service training for instructional staff and other programs and purposes which promote high-quality education for children.

A Children's Initiative Fund Oversight Committee would be created consisting of eleven persons appointed by the Governor and four by the Legislature. The committee is to analyze needs and make annual reports to assist in determining which programs and purposes should be supported by the children's fund appropriation.

ALL CHILDREN NEED PROTECTION

Adults who prey on vulnerable children are not born predators. Drugs, gangs, abuse and neglect can turn a happy, healthy child into a dangerous adult. One child at risk today can put a whole community at risk tomorrow.

The Children's Initiative, endorsed by thousands of nurses, doctors, teachers, police officers and church groups, will fund programs that protect children and help them succeed in school. How well our children are protected depends on you, the voter. Please vote YES on Initiative 102.

Rebuttal of Statement against

I-102 doesn't require a sales tax increase. The opposition's statement is very misleading. I-102 gives the Legislature other options -- including closing existing tax loopholes.

I-102 forces the Legislature to fund programs to promote quality basic education, fight drug abuse and directly protect all children.

I-102 won't change the Legislature's clear authority to cut bad programs.

Without the Children's Initiative, there is no guarantee that additional money to protect children will be available in the future.

Statement against

A 14% TAX INCREASE

Initiative 102 will raise our sales tax by 14%. I-102 will take at least \$360 million each year from working families -- some struggling just to get by -- and give that money to an expanded bureaucracy.

None of the money will go directly to children. No one knows exactly how the money will be spent except for an 8% increase in welfare payments. Most of the money will go to state agencies to be spent as they see fit.

BIGGER GOVERNMENT

Under I-102, no government program may be cut or eliminated -- even programs that don't work -- to provide more funds for children's programs. We could only make government bigger, never smaller.

I-102 creates a new layer of government, an "Oversight Committee," to tell the Legislature how to spend the money. Half the members of the committee will be state workers from the agencies receiving the new tax money.

MORE IS NEVER ENOUGH

This year the Legislature increased state spending by 20% and provided an additional \$1.2 billion for the very programs I-102 would fund including prenatal care, family services and K-12 education.

To the people who are backing I-102 -- the state teachers' union, social service agencies and others who would benefit from a tax increase -- this is not enough. To them, more is never enough.

MORE GOVERNMENT WON'T MAKE HEALTHIER, SAFER CHILDREN

A 14% tax increase won't stop abusive parents. A bigger bureaucracy won't stop children from turning to drugs or alcohol.

Parents earning decent wages to provide good homes will help. Don't take more money from working families to give to the bureaucracy. Vote NO on I-102.

Rebuttal of Statement for

Claim: Initiative 102 "...will fund programs that protect children...". What programs? Fact: Only guarantee is 8% increase in welfare payments.

Claim: Initiative 102 is "...investment in prevention." Fact: Legislature just added \$1.2 billion for specific preventative programs -- education, prenatal care, family services. Fact: 14% sales tax increase with no spending controls. \$360 million will be allocated this year and every year. No program can be cut.

Don't give bureaucrats a blank check. Vote "NO" on Initiative 102.

SENATE: Yeas, 43; Nays, 0; Absent or not voting, 6.

Official Ballot Title:

Shall the State Constitution be amended to provide that victims of charged felony crimes shall have certain basic fundamental rights?

The law as it now exists:

The Washington State Constitution does not contain any provisions specifically relating to victims of crime nor does it create any victims' rights.

The effect of SJR 8200, if approved into law:

This measure would amend the State Constitution to declare certain basic fundamental rights for victims of a crime which is charged as a felony. A felony is now defined as a crime punishable by one year or more of imprisonment. A victim would be entitled, after giving notice to the prosecuting attorney, to be informed of, and subject to the discretion of the court, the right to: (1) attend trial and all other court proceedings that the defendant has a right to attend; (2) make a statement at the time of sentencing and any proceeding where a defendant's release is considered. Such statements would be subject to rules of procedure.

If the victim is deceased, incompetent, unable to attend, or is a minor, a representative can be designated to exercise the victim's rights.

Statement for

VICTIMS OF CRIME DESERVE RIGHTS WHICH ARE PROTECTED BY THE WASHINGTON STATE CONSTITUTION

Many victims of crime have expressed regret at having insufficient involvement in the prosecution of criminal cases because victims have very few rights. This amendment to the Washington State Constitution will establish and protect the rights of crime victims. The resolution will give our citizens more confidence that our criminal justice system is truly fair.

VICTIMS SHOULD BE GIVEN REASONABLE ACCESS TO THE CRIMINAL JUSTICE SYSTEM

We cannot have an effective criminal justice system without the active participation of crime victims. Victims are able to explain the impact of the crimes on their lives and the resulting trauma to their families. The courts need to understand the full ramifications of the crime committed. It is also time that this state recognizes that crime victims have an inherent right to participate in the sentencing of criminal offenders.

SJR 8200 WILL GIVE VICTIMS OF CRIME A VOICE IN THE CRIMINAL JUSTICE SYSTEM

Victims of felonies will have the right to be informed of the time and date of trial, and all other proceedings which the defendant has the right to attend. A victim may attend all criminal proceedings, subject to the discretion of the judge. A victim may also make a statement at the defendant's sentencing and at any hearing where the de-

fendant's release is being considered. Nothing in this resolution will slow prosecutions or be cause for a reversal of a conviction.

VOTE "YES" ON SJR 8200

Victims of crime who are involved in the judicial process deserve the right to be treated with dignity, respect and fairness. A "YES" vote will ensure that victims of crime are afforded meaningful involvement in the critical stages of the criminal justice process.

Statement against

State law requires that the argument and rebuttal statement against a constitutional amendment be written by one or more members of the state Legislature who voted against that proposed measure on final passage or, in the event that no such member of the Legislature consents to prepare the statement, by any other responsible individual or individuals to be appointed by the Speaker of the House of Representatives, the President of the State Senate, and the Secretary of State. No legislator who voted against Senate Joint Resolution 8200 or other individual opposing the measure consented to write an argument against the measure for publication in this pamphlet.

SENATE: Yeas, 40; Nays, 3; Absent or not voting, 6.

Official Ballot Title:

Shall the State Constitution's provision creating the Judicial Conduct Commission be revised to more explicitly describe its process and authority?

The law as it now exists:

The Judicial Conduct Commission, which consists of nine members, four of whom are non-lawyers, is empowered to consider complaints against judges. However, sanctions against a judge can only be imposed by the State Supreme

Court. The commission first conducts an initial proceeding, which is confidential, to determine whether sufficient reason exists to conduct a hearing. Hearings after the initial hearing are open to members of the public. If the Commission, after a hearing, concludes that a judge should be censured, suspended, removed from office or required to retire, the matter is then referred to the State Supreme Court. If the Commission recommendation is removal, the judge is suspended immediately with salary until a final determination is made by the Supreme Court.

If the Supreme Court removes a judge from office, that person is ineligible to reassume judicial office until eligibility is reinstated by the Supreme Court.

The effect of SJR 8202, if approved into law:

The Judicial Conduct Commission would be increased to eleven members, adding two additional non-lawyers. The Commission, in response to complaints or upon its own motion, is to investigate judicial conduct. An initial proceeding, which is confidential, is to determine whether probable

cause exists to proceed to hearing. The Commission is directed to notify the judge of the existence and the basis for the initial proceeding. If a hearing is then held, the hearing is open to the public and all of the records of the initial proceeding that provided the basis for the Commission's conclusion are to be made public.

If the Commission censures or reprimands a judge, the judge has the right of appeal to the Supreme Court within thirty days. If the Commission recommends suspension or removal, the matter is referred to the State Supreme Court. If the Commission's recommendation is removal, the judge is suspended immediately with salary until a final determination is made by the Supreme Court.

If the Supreme Court removes a judge from office, that person is ineligible to reassume judicial office until eligibility is reinstated by the Supreme Court.

The Commission is authorized to adopt appropriate rules in compliance with the general laws governing state agency adoption of rules, unless to do so would conflict with this constitutional amendment. The Commission is further required to employ one or more investigative officers having appropriate professional training and they are to report directly to the Commission.

Statement for

STRENGTHENING THE JUDICIAL CONDUCT COMMISSION WILL RESTORE PUBLIC CONFIDENCE

Allegations of serious misconduct by judges must be handled in as fair and as open a way as possible. The mostly secret handling of such cases has shaken public confidence in judges and in the Commission on Judicial Conduct.

Only by adopting SJR 8202 can we insure public awareness of judicial misconduct when it occurs. Only by adopting this amendment can we restore public confidence that such misconduct will be dealt with appropriately.

The great majority of judges in this state are honorable, competent and hard working. They deserve the respect that this restoration of confidence will promote.

SJR 8202 MAKES IMPORTANT IMPROVEMENTS IN THE COMMISSION AND ITS OPERATIONS

The membership of the commission is increased and non-lawyers are given a majority of the membership.

The commission is directed to take a more active investigative role in cases of possible judicial misconduct. The commission is required to hire appropriately trained and experienced investigative personnel.

The commission's disciplinary actions are made open to public scrutiny. Once the commission has determined there is probable cause to believe judicial misconduct has occurred, all subsequent proceedings of the commission must be open to the public. In addition, all of

the investigative material that led to the finding of probable cause must be made public.

CONSTITUTIONAL CHANGE IS NECESSARY

The public cannot be adequately protected by the secret procedures of the past. This constitutional amendment provides a balance between the needs of an independent judiciary and the needs of the public to be protected from judicial misconduct.

Vote *FOR* SJR 8202.

Official Ballot Title:

Shall the State Constitution permit local governments to finance, from the revenues of water sales, private efforts to conserve water?

The law as it now exists:

The Washington Constitution prohibits local governments from providing or loaning public money or credit to private persons other than the poor and infirm. However, an amendment to the Constitution permits local governments,

as authorized by the Legislature, to finance, with public money or credit derived from the sale of energy, the acquisition by private persons of materials and equipment for energy conservation.

The effect of SJR 8210, if approved into law:

This constitutional amendment would permit local governments, as authorized by the Legislature, to also finance, with public money or credits derived from the sale of water, the acquisition by private persons of materials and equipment for water conservation.

Statement for

SJR 8210 ENCOURAGES THE EFFICIENT USE OF WATER -- SAVES RATEPAYERS MONEY AND PRESERVES THE ENVIRONMENT

Reducing water demand will defer the necessity to construct additional costly water supply facilities to meet the needs of an increasing population.

Fish and wildlife resources and other environmental values can be better protected and preserved by reducing water consumption.

The effect of future droughts can be lessened by preserving precious water resources.

The efficient use of water can reduce sewage flows and thereby postpone the need for expensive enlargement of wastewater treatment facilities.

Using less water can reduce pumping and treatment costs.

Using more efficient plumbing fixtures can lower customers' hot water use and lessen their future energy bills.

SJR 8210 ESTABLISHES A WATER CONSERVATION PROGRAM PATTERNED AFTER THE SUCCESSFUL ENERGY CONSERVATION PROGRAM

State voters gave overwhelming approval in 1988 to renew the energy conservation program administered by public utilities. This water conservation program is patterned after the very successful energy conservation program and allows utilities to fund cost-effective conservation opportunities that exist in homes, commercial businesses and industries.

The program is voluntary, relying on sound economic incentives and a positive conservation ethic that will help to control costs to the utility and the ratepayer.

Conservation efforts can create an additional supply of water more quickly than building new water supply facilities.

SJR 8210 MAINTAINS THE FINANCIAL PROTECTION OF PUBLIC AND PRIVATE INTERESTS

SJR 8210 carefully limits conservation loan programs to the purchase and installation of cost-effective conserving plumbing fixtures, systems, and equipment.

No tax dollars are involved. Only funds from the sale of water can be used for conservation loans.

COMPLETE TEXT OF Initiative 102

AN ACT Relating to children, youth, and family programs and education programs; adding a new chapter to Title 74 RCW; adding a new section to chapter 82.08 RCW; adding a new section to chapter 82.12 RCW; creating new sections; making an appropriation; and providing an effective date.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

NEW SECTION. Sec. 1. **DECLARATION OF PUBLIC POLICY.** The purpose of this chapter, to be known as the children's initiative act, is to increase our state's commitment to addressing the needs of children for prevention, early detection, and treatment of abuse and neglect, for adequate nutrition and support, for access to necessary health care, for treatment of developmental disabilities, mental illness, and substance abuse, for affordable child care, for necessary social services, for a high quality education from early childhood through the twelfth grade, and for other services essential for their survival and well-being. It is the further purpose of this chapter to address these needs in an efficient and effective manner which minimizes administrative costs.

NEW SECTION. Sec. 2. **CHILDREN'S INITIATIVE FUND.** (1) There is created in the state treasury a fund to be known as the children's initiative fund.

(2) The children's initiative fund shall consist of the following two accounts:

(a) The children's services and support account; and

(b) The K-12 education account.

(3) Of the moneys deposited in the children's initiative fund, fifty percent shall be credited to the children's service and support account and fifty percent shall be credited to the K-12 education account.

(4) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the children's initiative fund may be spent only after appropriation by statute.

(5) All earnings from investment of balances in the children's initiative fund, except as provided in RCW 43.84.090, shall be deposited in the children's initiative fund.

NEW SECTION. Sec. 3. **LIMITATION OF USES OF CHILDREN'S INITIATIVE FUND MONEYS.** (1) Moneys in the children's services and support account of the children's initiative fund may be appropriated by the legislature only to the department of social and health services, the department of community development, and other state agencies that provide services and support for children and their families for the following programs and purposes:

- (a) Prevention and early intervention services;
- (b) Services for abused and neglected children;
- (c) Maternal and child health services;
- (d) Early childhood education;
- (e) Child care;
- (f) Family support services;

- (g) Out-of-home placements;
- (h) Children's mental health services;
- (i) Developmental disabilities services;
- (j) Prevention and treatment of substance abuse;

- (k) Juvenile rehabilitation;
- (l) The women, infant, and children nutrition program;

- (m) Emergency services for homeless children;
- (n) Increasing the availability of prenatal, delivery, and postnatal care for pregnant women and infants and the availability of health care for children;

- (o) Increasing the payment standard for aid to families with dependent children; and

- (p) Other programs that promote the health, protection, welfare, and education of children and their families, including the children's initiative fund oversight committee, except for programs eligible for funding under subsection (2) of this section.

(2) Moneys in the K-12 education account of the children's initiative fund may be appropriated by the legislature only to the superintendent of public instruction for the following common schools programs and purposes:

- (a) Reducing class sizes, especially in elementary grades;

- (b) Basic skills learning assistance programs;

- (c) Programs for handicapped children;

- (d) Programs for at-risk children and children from economically disadvantaged and minority backgrounds;

- (e) In-service training for instructional staff; and

- (f) Other programs and purposes which promote high quality education for children in kindergarten through the twelfth grade, including the children's initiative fund oversight committee.

Funds appropriated from the K-12 education account shall not be considered levy reduction funds as defined in RCW 84.52.0531(7).

NEW SECTION. Sec. 4. **LIMITATION ON USE OF CHILDREN'S SERVICE AND SUPPORT ACCOUNT FUNDS IN THE BIENNIUM ENDING JUNE 30, 1991.** From the children's service and support account of the children's initiative fund, there is appropriated \$50,000,000, or so much thereof as may be necessary, for the fiscal year beginning July 1, 1990, and ending June 30, 1991, to the department of social and health services, not more than \$25,000,000 of which is to be used to increase the payment standard for aid to families with dependent children by eight percent over the level of such payment standard as of July 1, 1988, which increase shall be added to any other increases in the payment standard in the biennium ending June 30, 1991, and, to the extent of the remaining available funds from this appropriation, to increase the availability of prenatal, delivery, and postnatal care for pregnant women and infants up to one year of age, and the availability of health care for children up to eight years of age, by expanding eligibility for medical assistance for categorically needy pregnant women and infants up to one year of age, and for children up to eight years of age, to the highest income and age levels for which federal financial participation is available under Title XIX of the federal social security act.

NEW SECTION. Sec. 5. **INTENT TO PROHIBIT SUPPLANTING OF CURRENT PROGRAM FUNDING.** Moneys may be appropriated from the children's initiative fund only to provide support and services in addition to such support and services as would be provided if the

support and service levels of the programs eligible for funds from the children's initiative fund for the biennium ending June 30, 1989, adjusted in future biennia to reflect the impact of population change and inflation in the state, were fully funded in the biennium ending June 30, 1991, and in subsequent biennia. Nothing in this chapter shall prohibit additional funding from other sources of the agencies, programs, and purposes eligible for funds under this chapter.

NEW SECTION. Sec. 6. CHILDREN'S INITIATIVE FUND OVERSIGHT COMMITTEE. (1) To assist the governor and the legislature in determining which programs and purposes should be supported with appropriations from the children's initiative fund and whether children's initiative fund moneys are being spent in an efficient and effective manner that minimizes administrative costs, an oversight committee, to be known as the children's initiative fund oversight committee, is established. The committee shall have the authority to analyze the current and emerging needs of children in the state and to review and evaluate the efficiency and effectiveness of programs supported by the children's initiative fund in meeting these needs.

(2) All agency reports concerning program performance, including administrative review, quality control, and other internal audit or performance reports, which are requested by the committee, shall be furnished by the agency requested to provide such report.

(3) The committee shall annually report to the governor and the legislature. The committee's annual report shall include findings and recommendations on matters relating to the committee's purposes as defined in this section.

(4) The committee shall consist of fifteen members. Eleven of the members shall be appointed by the governor, six of whom shall be experienced authorities on the programs eligible for funding by the children's initiative fund and five of whom shall be representatives of the general public. One member of the committee shall be selected by the two largest political caucuses in each house of the state legislature. The chair of the committee shall be designated by the governor from among the representatives of the general public.

(5) The initial members shall be appointed within sixty days of the effective date of this section. Of the initial members, four nonlegislative members and one legislative member shall be appointed for three years, four nonlegislative members and two legislative members shall be appointed for two years, and three nonlegislative members and one legislative member shall be appointed for one year. A legislative member shall serve as long as he or she is a member of the caucus from which he or she was appointed. Successors to the initial members shall serve for a term of three years, except that any member appointed to fill a vacancy occurring prior to the expiration of the term for which the predecessor was appointed shall be appointed for the remainder of such term. Vacancies shall be filled within sixty days of their occurrence.

(6) Nonlegislative members of the committee shall receive reimbursement for travel expenses in accordance with RCW 43.03.050 and 43.03.060. Legislative members shall be reimbursed pursuant to RCW 44.04.120.

NEW SECTION. Sec. 7. INTENT ON SOURCE OF MONEYS FOR CHILDREN'S INITIATIVE FUND. (1) It is the intent of this chapter that the raising of revenues for the purposes of this chapter, as well as the raising of revenues for all other purposes of state government, shall be done in a fashion which fairly and equitably distributes

the burdens of taxation among the state's taxpayers, protects those with the lowest incomes, promotes business development and economic growth in the state, and assures a stable funding base for state services that is sufficient to meet the needs of state government, including the purposes of this chapter. No cause of action may lie to enforce this subsection.

(2) The source of moneys for the children's initiative fund shall be new or increased taxes, which means one or more of the following:

(a) An increase in the rate of any tax which was in effect as of July 1, 1988;

(b) An increase in the base of any tax which was in effect as of July 1, 1988; or

(c) Any tax which was not in effect as of July 1, 1988.

Funding from sources other than the children's initiative fund for the activities of state government, including those eligible for support from the children's initiative fund, shall not be reduced in order to provide moneys for the children's initiative fund.

(3) The tax increases specified in sections 8 and 9 of this act are imposed only for the purpose of making this chapter legally enforceable in the event the legislature fails to impose new or increased taxes which meet the specifications of subsection (1) of this section in order to provide sufficient moneys for the purposes of this chapter. It is the intent of this chapter that if the tax increases specified in sections 8 and 9 of this act are imposed, such increases will be repealed as soon as possible and replaced with taxes that meet the specifications of subsection (1) of this section, and that provide support for the children's initiative fund comparable to that provided by the tax increases imposed in sections 8 and 9 of this act.

NEW SECTION. Sec. 8. ALTERNATIVE ADDITIONAL TAX. A new section is added to chapter 82.08 RCW to read as follows:

Prior to June 1, 1990, if new or increased taxes sufficient to generate at least \$360,000,000 during the fiscal year beginning July 1, 1990, and ending June 30, 1991, have not been imposed and if at least \$360,000,000 of the proceeds of such new or increased taxes have not been directed to be deposited in the children's initiative fund during such fiscal year, there is levied and shall be collected, as of June 1, 1990, an additional tax on each retail sale in this state equal to nine-tenths of one percent of the selling price. The moneys collected as a result of the increases specified in this section shall be deposited in the general fund for transfer to the children's initiative fund.

NEW SECTION. Sec. 9. ALTERNATIVE ADDITIONAL TAX. A new section is added to chapter 82.12 RCW to read as follows:

Prior to June 1, 1990, if new or increased taxes sufficient to generate at least \$360,000,000 during the fiscal year beginning July 1, 1990, and ending June 30, 1991, have not been imposed and if at least \$360,000,000 of the proceeds of such new or increased taxes have not been directed to be deposited in the children's initiative fund during such fiscal year, there is levied and shall be collected, as of June 1, 1990, an additional tax on each use by any person of property subject to tax under RCW 82.12.020 equal to nine-tenths of one percent of the value of the article used by the taxpayer. For purposes of computing the tax under this chapter, the rate of this additional tax shall be added to the rate in effect for the retail sales tax under RCW 82.08.020, in the county in

which the article is used. The moneys collected as a result of the increase specified in this section shall be deposited in the general fund for transfer to the children's initiative fund.

NEW SECTION. Sec. 10. IMPLEMENTATION OF INCREASED TAXES. The director of revenue shall immediately take all necessary steps, within the authority granted to the director under RCW 82.01.060, to ensure that any new or increased taxes imposed to carry out the purposes of this act are assessed and collected on the applicable effective date of such tax increases.

NEW SECTION. Sec. 11. SEVERABILITY. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 12. CONSTRUCTION. The provisions of this act are to be liberally construed to effectuate the policies and purposes of this act. In the event of conflict between the provisions of this act and any other act, the provisions of this act shall govern.

NEW SECTION. Sec. 13. CAPTIONS. As used in this act, captions constitute no part of the law.

NEW SECTION. Sec. 14. SHORT TITLE. This act shall be known as the children's initiative act.

NEW SECTION. Sec. 15. LEGISLATIVE DIRECTIVE. Sections 1 through 3 and 5 through 7 of this act shall constitute a new chapter in Title 74 RCW.

NEW SECTION. Sec. 16. EFFECTIVE DATE. This act shall take effect June 1, 1990.

COMPLETE TEXT OF Senate Joint Resolution No. 8200

THAT, At the next general election to be held in this state there shall be submitted to the qualified voters of the state for their approval and ratification, or rejection, an amendment to Article I, section -- of the Constitution of the state of Washington to read as follows:

Article I, section --. Effective law enforcement depends on cooperation from victims of crime. To ensure victims a meaningful role in the criminal justice system and to accord them due dignity and respect, victims of crime are hereby granted the following basic and fundamental rights.

Upon notifying the prosecuting attorney, a victim of a crime charged as a felony shall have the right to be informed of and, subject to the discretion of the individual presiding over the trial or court proceedings, attend trial and all other court proceedings the defendant has the right to attend, and to make a statement at sentencing and at any proceeding where the defendant's release is considered, subject to the same rules of procedure which govern the defendant's rights. In the event the victim is deceased, incompetent, a minor, or otherwise unavailable, the prosecuting attorney may identify a representa-

tive to appear to exercise the victim's rights. This provision shall not constitute a basis for error in favor of a defendant in a criminal proceeding nor a basis for providing a victim or the victim's representative with court appointed counsel.

BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.

COMPLETE TEXT OF Senate Joint Resolution No. 8202

THAT, At the next general election to be held in this state there shall be submitted to the qualified voters of the state for their approval and ratification, or rejection, an amendment to Article IV, section 31 of the Constitution of the state of Washington to read as follows:

Article IV, section 31. ~~((There shall be a commission on judicial conduct consisting of a judge selected by and from the court of appeals judges, a judge selected by and from the superior court judges, a judge selected by and from the district court judges, two persons admitted to the practice of law in this state selected by the state bar association, and four persons who are not attorneys appointed by the governor and confirmed by the senate.~~

~~The supreme court may censure, suspend, or remove a judge or justice for violating a rule of judicial conduct and may retire a judge or justice for disability which is permanent or is likely to become permanent and which seriously interferes with the performance of judicial duties.~~

~~The office of a judge or justice retired or removed by the supreme court becomes vacant, and that person is ineligible for judicial office until eligibility is reinstated by the supreme court. The salary of a removed judge or justice shall cease. The supreme court shall specify the effect upon salary when disciplinary action other than removal is taken. The supreme court may not discipline or retire a judge or justice until the commission on judicial conduct recommends after notice and hearing that action be taken and the supreme court conducts a hearing, after notice, to review commission proceedings and findings against a judge or justice.~~

~~Whenever the commission receives a complaint against a judge or justice, it shall first conduct proceedings for the purpose of determining whether sufficient reason exists for conducting a hearing or hearings to deal with the accusations. These initial proceedings shall be confidential, unless confidentiality is waived by the judge or justice, but all subsequent hearings conducted by the commission shall be open to members of the public.~~

~~Whenever the commission adopts a recommendation that a judge or justice be removed, the judge or justice shall be suspended immediately, with salary, from his or her judicial position until a final determination is made by the supreme court.~~

~~The legislature shall provide for commissioners' terms of office and compensation. The commission shall establish rules of procedure for commission proceedings including due process and confidentiality of proceedings.)~~

(1) There shall be a commission on judicial conduct, existing as an independent agency of the judicial branch, and consisting of a judge selected by and from the court of appeals judges, a judge selected by and from the superior court judges, a judge selected by and from the district court judges, two persons admitted to the practice of law in this state selected by the state bar association, and six persons who are not attorneys appointed by the governor.

(2) Whenever the commission receives a complaint against a judge or justice, or otherwise has reason to believe that a judge or justice should be admonished, reprimanded, censured, suspended, removed, or retired, the commission shall first investigate the complaint or belief and then conduct initial proceedings for the purpose of determining whether probable cause exists for conducting a public hearing or hearings to deal with the complaint or belief. The investigation and initial proceedings shall be confidential. Upon beginning an initial proceeding, the commission shall notify the judge or justice of the existence of and basis for the initial proceeding.

(3) Whenever the commission concludes, based on an initial proceeding, that there is probable cause to believe that a judge or justice has violated a rule of judicial conduct or that the judge or justice suffers from a disability which is permanent or likely to become permanent and which seriously interferes with the performance of judicial duties, the commission shall conduct a public hearing or hearings and shall make public all those records of the initial proceeding that provide the basis for its conclusion. If the commission concludes that there is not probable cause, it shall notify the judge or justice of its conclusion.

(4) Upon the completion of the hearing or hearings, the commission in open session shall either dismiss the case, or shall admonish, reprimand, or censure the judge or justice, or shall censure the judge or justice and recommend to the supreme court the suspension or removal of the judge or justice, or shall recommend to the supreme court the retirement of the judge or justice. The commission may not recommend suspension or removal unless it censures the judge or justice for the violation serving as the basis for the recommendation. The commission may recommend retirement of a judge or justice for a disability which is permanent or likely to become permanent and which seriously interferes with the performance of judicial duties.

(5) Upon the recommendation of the commission, the supreme court may suspend, remove, or retire a judge or justice. The office of a judge or justice retired or removed by the supreme court becomes vacant, and that person is ineligible for judicial office until eligibility is reinstated by the supreme court. The salary of a removed judge or justice shall cease. The supreme court shall specify the effect upon salary when it suspends a judge or justice. The supreme court may not suspend, remove, or retire a judge or justice until the commission, after notice and hearing, recommends that action be taken, and the supreme court conducts a hearing, after notice, to review commission proceedings and findings against the judge or justice.

(6) Within thirty days after the commission admonishes, reprimands, or censures a judge or justice, the judge or justice shall have a right of appeal de novo to the supreme court.

(7) Any matter before the commission or supreme court may be disposed of by a stipulation entered into in a public proceeding. The stipulation shall be signed by the judge or justice and the commission or court. The stipulation may impose any terms and conditions deemed appropriate by the commission or court. A stipulation

shall set forth all material facts relating to the proceeding and the conduct of the judge or justice.

(8) Whenever the commission adopts a recommendation that a judge or justice be removed, the judge or justice shall be suspended immediately, with salary, from his or her judicial position until a final determination is made by the supreme court.

(9) The legislature shall provide for commissioners' terms of office and compensation. The commission shall employ one or more investigative officers with appropriate professional training and experience. The investigative officers of the commission shall report directly to the commission. The commission shall also employ such administrative or other staff, as are necessary to manage the affairs of the commission.

(10) The commission shall, to the extent that compliance does not conflict with this section, comply with laws of general applicability to state agencies with respect to rule-making procedures, and with respect to public notice of an attendance at commission proceedings other than initial proceedings. The commission shall establish rules of procedure for commission proceedings including due process and confidentiality of proceedings.

BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.

COMPLETE TEXT OF Senate Joint Resolution No. 8210

THAT, At the next general election to be held in this state there shall be submitted to the qualified voters of the state for their approval and ratification, or rejection, an amendment to Article VIII, section 10 of the Constitution of the state of Washington to read as follows:

Article VIII, section 10. Notwithstanding the provisions of section 7 of this Article, any county, city, town, quasi municipal corporation, municipal corporation, or political subdivision of the state which is engaged in the sale or distribution of water or energy may, as authorized by the legislature, use public moneys or credit derived from operating revenues from the sale of water or energy to assist the owners of structures or equipment in financing the acquisition and installation of materials and equipment for the conservation or more efficient use of water or energy in such structures or equipment. Except as provided in section 7 of this Article, an appropriate charge back shall be made for such extension of public moneys or credit and the same shall be a lien against the structure benefited or a security interest in the equipment benefited. Any financing for energy conservation authorized by this article shall only be used for conservation purposes in existing structures and shall not be used for any purpose which results in a conversion from one energy source to another.

BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.

SPECIAL NOTE: The following is the complete text of Chapter 367, Laws of 1989. Although this measure will not be voted upon at the state general election on November 7, it contains the implementing statutes for Senate Joint Resolution 8202 and will become effective if that proposed constitutional amendment is approved by a majority of the voters. The text of this law is included to facilitate each voter's understanding of the effect of the adoption of that proposed amendment to the state constitution.

AN ACT Relating to the commission on judicial conduct; amending RCW 2.64.010, 2.64.020, and 2.64.050; adding new sections to chapter 2.64 RCW; repealing RCW 2.64.091 and 2.64.110; and providing a contingent effective date.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

Sec. 1. Section 2, chapter 268, Laws of 1981 as amended by section 1, chapter 186, Laws of 1987 and RCW 2.64.010 are each amended to read as follows:

~~((For purposes of this chapter,))~~ Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Admonishment" means a written disposition of an advisory nature that cautions a judge or justice not to engage in certain proscribed behavior. An admonishment may include a requirement that the judge or justice follow a specified corrective course of action.

(2) "Censure" means a written action of the commission that requires a judge or justice to appear personally before the commission, and that finds that conduct of the judge or justice violates a rule of judicial conduct, detrimentally affects the integrity of the judiciary, undermines public confidence in the administration of justice, and may or may not require a recommendation to the supreme court that the judge or justice be suspended or removed. A censure shall include a requirement that the judge or justice follow a specified corrective course of action.

(3) "Commission" means the commission on judicial conduct provided for in Article IV, section 31 of the state Constitution, which is authorized to recommend to the supreme court, after notice and hearing, the ~~((censure,))~~ suspension or removal of the judge or justice for violating a rule of judicial conduct, or the retirement of a judge or justice for disability ~~((which is permanent, or likely to become permanent, and which seriously interferes with the performance of judicial duties. For purposes of this chapter, the term))~~.

(4) "Judge or justice" includes justices of the supreme court, judges of the court of appeals, judges of the superior courts, judges of any court organized under Titles 3 or 35 RCW, judges pro tempore, court commissioners, and magistrates.

(5) "Removal" means a written recommendation by the commission and a finding by the supreme court that the conduct of a judge or justice is a violation of a rule of judicial conduct and seriously impairs the integrity of the judiciary and substantially undermines the public confidence in the administration of justice to such a degree that the judge or justice should be relieved of all duties of his or her office.

(6) "Reprimand" means a written action of the commission that requires a judge or justice to appear person-

ally before the commission, and that finds that the conduct of the judge or justice is a minor violation of the code of judicial conduct and does not require censure or a formal recommendation to the supreme court that the judge or justice be suspended or removed. A reprimand shall include a requirement that the judge or justice follow a specified corrective course of action.

(7) "Retirement" means a written recommendation by the commission and a finding by the supreme court that a judge or justice has a disability which is permanent, or likely to become permanent, and that seriously interferes with the performance of judicial duties.

(8) "Suspension" means a written recommendation by the commission and a finding by the supreme court that the conduct of a judge or justice is a violation of a rule of judicial conduct and seriously impairs the integrity of the judiciary and substantially undermines the public confidence in the administration of justice to such a degree that the judge or justice should be relieved of the duties of his or her office by the court for a specified period of time, as determined by the court.

This chapter shall apply to any judge or justice, regardless of whether the judge or justice serves full time or part time, and regardless of whether the judge or justice is admitted to practice law in this state.

Sec. 2. Section 3, chapter 268, Laws of 1981 as amended by section 2, chapter 186, Laws of 1987 and RCW 2.64.020 are each amended to read as follows:

The commission shall consist of ~~((nine))~~ eleven members. One member shall be a judge selected by and from the court of appeals judges; one member shall be a judge selected by and from the superior court judges; one member shall be a judge selected by and from the district court judges; two members shall be selected by the state bar association and be admitted to the practice of law in this state; and ~~((four))~~ six members shall be nonlawyers appointed by the governor ~~((and confirmed by the senate))~~. The term of each member of the commission shall be four years.

Sec. 3. Section 6, chapter 268, Laws of 1981 and RCW 2.64.050 are each amended to read as follows:

The commission may employ ~~((any))~~ personnel, including ~~((lawyers))~~ attorneys, and make any other expenditures necessary for the effective performance of its duties and the exercise of its powers. The commission may hire attorneys or others by personal service contract to conduct initial proceedings regarding a complaint against a judge or justice. Commission employees shall be exempt from the civil service law, chapter 41.06 RCW.

NEW SECTION. Sec. 4. A new section is added to chapter 2.64 RCW to read as follows:

The commission is authorized to impose the following disciplinary actions, in increasing order of severity: (a) Admonishment; (b) reprimand; or (c) censure. If the conduct of the judge or justice warrants more severe disciplinary action, the commission may recommend to the supreme court the suspension or removal of the judge or justice.

NEW SECTION. Sec. 5. A new section is added to chapter 2.64 RCW to read as follows:

The commission is authorized to investigate and consider for probative value any conduct that may have occurred prior to, on, or after December 4, 1980, by a person who was, or is now, a judge or justice when such conduct relates to a complaint filed with the commission against the same judge or justice.

NEW SECTION. Sec. 6. A new section is added to chapter 2.64 RCW to read as follows:

All pleadings, papers, evidence records, and files of the commission, including complaints and the identity of the complainants, compiled or obtained during the course of an investigation or initial proceeding involving the discipline or retirement of a judge or justice, are exempt from the public disclosure requirements of chapter 42.17 RCW during such investigation or initial proceeding. As of the date of a public hearing, all those records of the initial proceeding that were the basis of a finding of probable cause are subject to the public disclosure requirements of chapter 42.17 RCW.

NEW SECTION. Sec. 7. A new section is added to chapter 2.64 RCW to read as follows:

The adjudicative proceedings, judicial review, and civil enforcement provisions of chapter 34.05 RCW, the administrative procedure act, do not apply to any investigations, initial proceedings, public hearings, or executive sessions involving the discipline or retirement of a judge or justice.

NEW SECTION. Sec. 8. A new section is added to chapter 2.64 RCW to read as follows:

The commission is subject to the open public meetings act, chapter 42.30 RCW. However, investigations, initial proceedings, public hearings, and executive sessions involving the discipline or retirement of a judge or justice are governed by this chapter and Article IV, section 31 of the state Constitution and are exempt from the provisions of chapter 42.30 RCW.

NEW SECTION. Sec. 9. A new section is added to chapter 2.64 RCW to read as follows:

The commission shall provide by rule for confidentiality of its investigations and initial proceedings in accordance with Article IV, section 31 of the state Constitution.

Any person violating a rule on confidentiality is subject to a proceeding for contempt in superior court.

NEW SECTION. Sec. 10. A new section is added to chapter 2.64 RCW to read as follows:

Whenever the commission determines that there is probable cause to believe that a judge or justice has violated a rule of judicial conduct or that the judge or justice suffers from a disability which is permanent or likely to become permanent and which seriously interferes with the performance of judicial duties, the commission shall disclose to the judge or justice any material or information within the commission's knowledge which tends to negate the determination of the commission, except as otherwise provided by a protective order.

NEW SECTION. Sec. 11. The following acts or parts of act are each repealed:

(1) Section 4, chapter 186, Laws of 1987 and RCW 2.64.091; and

(2) Section 12, chapter 268, Laws of 1981, section 5, chapter 186, Laws of 1987 and RCW 2.64.110.

NEW SECTION. Sec. 12. This act shall take effect upon the effective date of an amendment to Article IV, section 31 of the state Constitution making changes to the commission on judicial conduct. If such amendment is not validly submitted to and approved and ratified by the voters at a general election held in November 1989, this act shall be null and void in its entirety.

SPECIAL NOTE: The following is the complete text of Chapter 421, Laws of 1989. Although this measure will not be voted upon at the state general election on November 7, it contains the implementing statutes for Senate Joint Resolution 8210 and will become effective if that proposed constitutional amendment is approved by a majority of the voters. The text of this law is included to facilitate each voter's understanding of the effect of the adoption of that proposed amendment to the state constitution.

AN ACT Relating to conservation of water; adding a new section to chapter 35.92 RCW; adding a new section to chapter 54.16 RCW; adding a new section to chapter 57.08 RCW; creating new sections; and providing a contingent effective date.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Sec. 1. The conservation and efficient use of water is found and declared to be a public purpose of highest priority. The legislature further finds and declares that all municipal corporations, public utility districts, water districts, and other political subdivisions of the state that are engaged in the sale or distribution of water should be granted the authority to develop and carry out programs that will conserve resources, reduce waste, and encourage more efficient use of water by consumers.

In order to establish the most effective state-wide program for water conservation, the legislature hereby encourages any company, corporation, or association engaged in selling or furnishing utility services to assist their customers in the acquisition and installation of fixtures, systems, and equipment, for compensation or otherwise, for the conservation or more efficient use of water.

NEW SECTION. Sec. 2. This section was vetoed by Governor Booth Gardner, May 13, 1989.

NEW SECTION. Sec. 3. A new section is added to chapter 35.92 RCW to read as follows:

Any city or town engaged in the sale or distribution of water is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of structures in financing the acquisition and installation of fixtures, systems, and equipment, for compensation or otherwise, for the conservation or more efficient use of water in the structures under a water conservation plan adopted by the city or town if the cost per unit of water saved or conserved by the use of the fixtures, systems, and equipment is less than the cost per unit of water supplied by the next least costly new water source available to the city or town to meet future demand. Except where otherwise authorized, assistance shall be limited to:

(1) Providing an inspection of the structure, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation fixtures, systems, and equipment for which financial assistance will be approved and the estimated life cycle savings to the water system and the consumer that are likely to result from the installation of the fixtures, systems, or equipment;

(2) Providing a list of businesses that sell and

install the fixtures, systems, and equipment within or in close proximity to the service area of the city or town, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize the fixtures, systems, and equipment in accordance with the prevailing national standards;

(3) Arranging to have approved conservation fixtures, systems, and equipment installed by a private contractor whose bid is acceptable to the owner of the structure and verifying the installation; and

(4) Arranging or providing financing for the purchase and installation of approved conservation fixtures, systems, and equipment. The fixtures, systems, and equipment shall be purchased or installed by a private business, the owner, or the utility.

Pay back shall be in the form of incremental additions to the utility bill, billed either together with use charge or separately. Loans shall not exceed one hundred twenty months in length.

NEW SECTION. Sec. 4. A new section is added to chapter 54.16 RCW to read as follows:

Any district is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of structures in financing the acquisition and installation of fixtures, systems, and equipment, for compensation or otherwise, for the conservation or more efficient use of water in the structures under a water conservation plan adopted by the district if the cost per unit of water saved or conserved by the use of the fixtures, systems, and equipment is less than the cost per unit of water supplied by the next least costly new water source available to the district to meet future demand. Except where otherwise authorized, assistance shall be limited to:

(1) Providing an inspection of the structure, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation fixtures, systems, and equipment for which financial assistance will be approved and the estimated life cycle savings to the water system and the consumer that are likely to result from the installation of the fixtures, systems, or equipment;

(2) Providing a list of businesses that sell and install the fixtures, systems, and equipment within or in close proximity to the service area of the city or town, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize the fixtures, systems, and equipment in accordance with the prevailing national standards;

(3) Arranging to have approved conservation fixtures, systems, and equipment installed by a private contractor whose bid is acceptable to the owner of the structure and verifying the installation; and

(4) Arranging or providing financing for the purchase and installation of approved conservation fixtures, systems, and equipment. The fixtures, systems, and equipment shall be purchased or installed by a private business, the owner, or the utility.

Pay back shall be in the form of incremental additions to the utility bill, billed either together with use charge or separately. Loans shall not exceed one hundred twenty months in length.

NEW SECTION. Sec. 5. A new section is added to chapter 57.08 RCW to read as follows:

Any district is hereby authorized, within limits

established by the Constitution of the state of Washington, to assist the owners of structures in financing the acquisition and installation of fixtures, systems, and equipment, for compensation or otherwise, for the conservation or more efficient use of water in the structures under a water conservation plan adopted by the district if the cost per unit of water saved or conserved by the use of the fixtures, systems, and equipment is less than the cost per unit of water supplied by the next least costly new water source available to the district to meet future demand. Except where otherwise authorized, assistance shall be limited to:

(1) Providing an inspection of the structure, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation fixtures, systems, and equipment for which financial assistance will be approved and the estimated life cycle savings to the water system and the consumer that are likely to result from the installation of the fixtures, systems, or equipment;

(2) Providing a list of businesses that sell and install the fixtures, systems, and equipment within or in close proximity to the service area of the city or town, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize the fixtures, systems, and equipment in accordance with the prevailing national standards;

(3) Arranging to have approved conservation fixtures, systems, and equipment installed by a private contractor whose bid is acceptable to the owner of the structure and verifying the installation; and

(4) Arranging or providing financing for the purchase and installation of approved conservation fixtures, systems, and equipment. The fixtures, systems, and equipment shall be purchased or installed by a private business, the owner, or the utility.

Pay back shall be in the form of incremental additions to the utility bill, billed either together with use charge or separately. Loans shall not exceed one hundred twenty months in length.

NEW SECTION. Sec. 6. This act shall take effect on the same date as the proposed amendment to Article VIII of the state Constitution, authorizing the use of public moneys or credit to promote conservation or more efficient use of water, is validly submitted and is approved and ratified by the voters at a general election held in November 1989. If the proposed amendment is not so approved and ratified, this act shall be void in its entirety.

LOCAL FOCUS: King is the state's most populous county with an estimated 1,361,700 residents. The County has a home rule charter which calls for election of a nine-member Council, a County Executive, Prosecuting Attorney, and Assessor. King County serves as both local government to unincorporated areas and as a regional government.

King County

BALLOT TITLE

PROPOSED CHARTER AMENDMENT NO. 1

Shall the King County Charter be amended to (1) require the County Council to provide for distributing public matching funds to candidates for county charter elective offices who agree to observe campaign expenditure limits established by ordinance, (2) require the Council to establish by ordinance mandatory campaign contribution limits and voluntary campaign expenditure limits for such candidates, and (3) authorize imposition of penalties for violations of such mandatory contribution or agreed expenditure limits, all as provided in Ordinance No. 8977?

Explanatory Statement

If approved by the voters, proposed Charter Amendment No. 1 would amend Article 6 of the King County Charter by adding a new section, 690.10.

The proposed amendment would authorize and require the King County Council to provide by ordinance, for the distribution of public matching funds to candidates for county charter elective offices (King County Executive, King County Assessor and King County Council members) who agree to abide by voluntary limits on campaign expenditures established by ordinance. The proposed amendment would also authorize and require the Council to establish, by ordinance, mandatory limits on campaign contributions to such candidates, and voluntary limits on expenditures by such candidates. Finally, the proposed amendment would authorize the Council to provide, by ordinance, for penalties for violations of mandatory contribution limitations and agreed expenditure limitations, including the disqualification of a candidate from holding county elective office for willful violations.

Neither the current Charter nor the current King County Code provides for the distribution of public funds for candidates, nor is there a provision in either the Charter or the Code limiting campaign contributions or expenditures. Section 690 of the current Charter requires each candidate for an elective county office to file an itemized statement showing all campaign contributions to, and campaign expenditures by, that candidate.

Statement for

Thousands, often millions of dollars are spent on national, state and local campaigns. Most of these funds come from special interest groups and thus impose a real or implied influence on candidates.

The Campaign Finance Reform Amendment will limit the role of special interest money in King County elections and will encourage candidates to rely on small contributions from constituents. Voters' approval of this amendment will require implementation of a county ordinance which has the following provisions: candidates cannot accept contributions over \$350 from ANY person, or \$1,000 from ANY political committee in ANY campaign year, or more than \$100 from any person in a non-campaign year.

In addition, the Campaign Finance Reform Amendment will provide the following voluntary spending limits on total dollar amounts in campaigns: \$71,000 (annual salary) for the county council races and \$306,000 (three times annual salary) for the county executive race. All candidates who voluntarily agree to these limits will be eligible for public matching funds of up to \$50.00 for each contribution from a local contributor.

This system of spending control, coupled with some public funding, will permit citizens to challenge incumbents. It promotes better access to candidates by limiting special interest influence.

To summarize, Campaign Finance Reform will motivate candidates to (1) seek small contributions directly from their constituents, (2) present well thought-out campaign positions on key public issues, (3) shorten the length of their campaigns, and (4) give citizens better access to their candidates.

Rebuttal of statement against

It's time to end big spender campaigns! Any taxpayer money invested in public campaigns will be many times returned by reducing special interest expenditures and influences in county government. If we expect public officials to pay attention to public interests, then their campaigns should not be primarily funded by the special interests. Seattle's 1989 mayoral primary is a good example of the competitive elections that will result from this amendment. Vote YES for better government.

STATEMENT PREPARED BY: JOANNE BREKKE,
JEAN CARPENTER AND ALAN MILLER

Statement against

Using scarce and desperately needed taxpayer money to fund campaigns is not a priority in comparison with essential fire and police services, homeless people needing mental health treatment, and road improvements.

Contrary to limiting the influence of special interests, this proposed law actually FAVORS special interests over individual citizens. Political Action Committees will be able to contribute three times more than any individual (\$1000 from PACs and \$350 from individuals). This law will encourage PACs to exceed the limits by donating through associated groups, and through "independent expenditures" -- as has happened in other states.

Incumbents currently have an advantage of district-wide mailings (taxpayer supported), and free media coverage. Challengers do not have these advantages.

This law further protects elected officials. In Seattle, which has a similar program, ONLY ONE MEMBER OF THE CITY COUNCIL AND NO INCUMBENT MAYOR HAS BEEN DEFEATED SINCE PASSAGE OF THEIR LAW! Meanwhile, in King County, VOTERS HAVE REPLACED AT LEAST SIX OF NINE COUNCIL INCUMBENTS, THE COUNTY ASSESSOR AND TWO COUNTY EXECUTIVES! This law will clearly make elections LESS competitive.

Don't accept a law that would restrict the right of personal expression in support of a candidate, camouflage the sources of contributions, or use your taxes for politicians that many taxpayers do not support.

Current disclosure laws allow citizens to look beyond the campaign veneer to vote with knowledge and judgement, without spending thousands of tax dollars on politicians' campaigns that would be better spent on essential services. Vote AGAINST this proposed charter amendment.

Rebuttal of statement for

These contribution limits still favor special interest PACs over citizens' interests. This proposal will NOT shorten campaigns or encourage clearer positions on issues. Courts have declared campaign giving and spending to be constitutionally protected rights. A law that limits those rights leaves loopholes for politicians and special interests -- loopholes that allow splitting contributions for more matching funds, while masking their true funding source, and uncontrolled "independent expenditures." INFORMED VOTER JUDGMENT IS THE ONLY SOLUTION!

BALLOT TITLE

PROPOSITION NO. 1

ENHANCED 911 - EMERGENCY TELEPHONE SYSTEM

Shall King County impose an excise tax on the use of all telephone access lines in an amount not to exceed forty-five cents per month for each line for the purpose of paying for the continued operation of an enhanced 911 emergency telephone system, all as provided in King County Ordinance No. 9017?

Explanatory Statement

If approved by the voters, Proposition No. 1 would authorize King County to continue to impose an excise tax on the use of all telephone access lines within King County in an amount not to exceed forty-five cents per month for the purpose of paying for the continued operation of an enhanced 911 emergency telephone system within King County.

To be approved, this proposition must receive "yes" votes from at least 60% of those voting on it. If the number of electors voting on the proposition does not exceed 40% of the total votes cast in the county in the last preceding general election, the number of persons voting "yes" on the proposition must constitute at least 60% of a number equal to 40% of the total number of votes cast in the county in that last preceding general election.

Statement for

Proposition 1 asks King County residents to approve 9-1-1 service for six more years at a maximum monthly rate of 45 cents per telephone customer. We believe that's a small price to pay for this vital emergency communication system.

In the last election, the 9-1-1 ballot issue almost failed in King County. In fact, it cleared the 60 percent majority needed to certify the election by just 1.8 percent.

How could such a well-received and beneficial service just barely squeak through an election? Because registered voters assumed the issue would pass and simply didn't bother to go to the polls.

Without your vote for Proposition 1, it's possible that the lifesaving service provided by 9-1-1 won't be available anywhere in King County after August 1990.

A vote to save 9-1-1 is a vote to save lives.

Explanatory Statement

BALLOT TITLE

KING COUNTY PROPOSITION NO. 2 PUBLIC GREEN SPACES, GREEN BELTS, OPEN SPACE, PARKS AND TRAILS BONDS - \$117,640,000

Shall King County, for the purpose of paying all or part of the costs of acquiring, constructing, developing and improving public green spaces, green belts, open space, parks and trails within the county, issue \$117,640,000 of its general obligation bonds, maturing within twenty years, and levy excess property taxes to pay and retire the bonds, all as provided in Ordinance No. 9071?

If approved by the voters, Proposition No. 2 would authorize King County to issue up to \$177,640,000 worth of general obligation bonds to provide funds for the acquisition, construction, development, and improvement of public green spaces, green belts, open space, parks, and trails within King County, all as provided in Ordinance No. 9071.

The bonds, which would be required to mature within twenty years of their issuance, would be paid for through annual tax levies to be made upon all of the taxable property within the county and in excess of the regular non-voted property tax levy without limitation as to rate or amount, and through any other funds which may become available and may be used for such purposes.

Statement for

A "yes" for County Proposition 2 -- the Green Spaces Bond -- will save the best of our greenbelts, open spaces, natural areas and trails from development and growth. Proposed by a committee of citizens from communities across King County, Proposition 2 saves critical shoreline, wildlife habitat, trails and undeveloped lands for an afternoon family getaway, a school trip or a quiet walk. It will keep our county green from Seattle to Snoqualmie, Bothell to Federal Way.

Proposition 2 will fund a county-wide program of 116 greenbelt, open space and trail acquisition or improvement projects proposed by local communities and evaluated by the citizen committee. A Citizens' Oversight Committee will ensure projects are acquired or completed within the next 3 to 5 years. Projects will be maintained by the local government where they are located: Seattle, King County or suburban cities.

Proposition 2 will cost the owner of an average home \$13 a year. It will provide us with a system of over 3,144 acres of greenbelts, natural areas and shoreline parks equitably distributed throughout Seattle, suburban cities and unincorporated communities. It also will purchase or improve miles of trail to link together almost every city in King County.

Proposition 2 is supported by a broad coalition of groups and individuals including the Washington Environmental Council, the Seattle, Bellevue and Kirkland Chambers of Commerce and dozens of neighborhood and Democratic and Republican grassroots organizations. Vote "YES" on Proposition 2 -- the Green Spaces Bond. Help maintain our environment and quality of life.

Rebuttal of statement against

GROWTH! 300,000 people are expected within the decade. Unless we act, we'll have asphalt from Seattle to Snoqualmie. With development rampant and land costs soaring, resources for preserving green spaces are woefully inadequate. Proposition 2 is critical to save some land the way nature made it. No argument, government faces many priorities. But, if we don't save breathing space now for our children and grandchildren, it simply won't be available tomorrow at any price.

**STATEMENT PREPARED BY: JAMES R. ELLIS, MIKE LOWRY
AND NAN CAMPBELL**

Statement against

Does King County really need to spend \$117 million of new property taxes, plus \$115 million in interest, to buy and develop more parks at this time? King County already levies a property tax called the Conservation Futures Tax of \$5 million per year (at today's assessed value) for acquisition of parks and open space. Washington State also has spent \$60 million of gas tax money in 7 years building bike and pedestrian trails. With the suburban school districts seeking large upcoming bond issues, with major dollar needs for the jails and criminal justice system due to enormous drug and crime problems, and major transportation needs going unfunded -- is a new park spending spree what the taxpayers want? With some of the most heinous crimes against children occurring recently in parks and trails and a Hotline being installed for drug needle sightings in Seattle parks, it seems that safety, security and maintenance in the parks we already have is a higher priority at this time. Also this Bond Issue has no money allocated for maintenance or public safety for the proposed parks and trails. Educational quality, crime and transportation are the top immediate priorities, yet elected officials have instead chosen to place this \$117 million park bond ahead of the real needs and problems of King County citizens. King County already owns 1500 acres of undeveloped parkland that could be developed first. Vote NO on Proposition #2 and save your TAX DOLLARS for safer streets and better schools.

Rebuttal of statement for

There are already 900 parks in King County and over 440,000 acres of land in King County are in parks, open space or forests. Do we need another 116 parks and trails and more land off the tax rolls? Let's get our priorities straight and fix what we have first. Spend our tax dollars on curbing crime, building schools and correcting road congestion. Vote NO on Proposition #2 and have SAFE STREETS and GREAT SCHOOLS.

King County Executive

**Bruce
HILYER**
Democrat

There is still time to prevent the Los Angelization of King County. I am running for King County Executive to offer realistic new solutions and fresh energetic leadership to prevent our quality of life from slipping away. Over the past four years our County's problems have grown at an alarming rate: intolerable traffic congestion, suburban sprawl and unbalanced growth that devours our open space and threatens our natural environment. Public safety is threatened by drugs, street gangs and an overcrowded jail.

Frankly, we can no longer afford the invisible leadership and passive administration of Tim Hill. Our County needs forceful leadership with a clear agenda to chart the future.

Here's my agenda as King County Executive:

- Change the way King County manages growth by preventing development inconsistent with comprehensive planning and environmental protection.
- Where growth must occur, carefully control the rate of growth. Require new roads, schools, and parks to be "phased-in" before approving new buildings.
- Instead of raising taxes to pay for growth, shift the cost onto developers. Implement "Developer Impact Fees" that require developers to pay their fair share for new roads, schools, and parks.

- Accelerate efforts to build a new public transit system, including rail, before the year 2000.
- Build new jail space in the County quickly.
- Coordinate all local law enforcement efforts to prevent crime and increase drug education programs.
- Strengthen our County Police Department, offer specialized services including a gang combat unit, "SWAT" team, K-9 and bomb squad to all local jurisdictions.

I worked to fight crime as a Deputy Prosecutor. I know firsthand what it takes to get criminals off our streets and behind bars. I worked in prison administration and understand how public safety is threatened when dangerous criminals are released on our streets because of inadequate jail space. I grew up in King County and I want my children to have the same chance I had to hike in protected open spaces, catch salmon in Puget Sound and enjoy our spectacular natural environment.

The warning signs about our County's future are plain to see. We cannot meet the challenges of the 1990's with tired leadership and old solutions. If you will join with me in a new commitment to preserve our quality of life, our County's future can be bright again.

HILL**

I view the future of King County with great optimism. We are blessed with an environment of unparalleled natural beauty and an economy that is both strong and diverse. We are producing good jobs and working hard to protect our environment.

My administration has taken significant steps to protect our Northwest way of life. I have:

- Proposed a sensitive areas ordinance that is among the strongest environmental legislation in the State. It will control development near sensitive wetlands, flood plains, and steep slopes.
- Placed protective zoning controls on more than 1500 square miles of land to preserve our forests, farmlands, and fish bearing streams. Interim zoning in the Snoqualmie Valley and Soos Creek has protected an area almost the size of Los Angeles.
- Developed an open space plan that preserves greenbelts, streams, lakes, and wildlife habitat.
- Held hazardous waste round-ups to dispose of potentially harmful items such as old paint, motor oil, and pesticides. That program is being expanded to include year-round collection.
- Enacted a billboard control law that establishes billboard free zones to protect scenic vistas.

The greatest problem created by growth is traffic congestion. We are aggressively planning for a rail system while trying to unravel the congestion we have today. I stopped the diversion of money from the road fund and

have established the largest road improvement program in the County's history. Growth will be charged its fair share of road improvements through a state-of-the-art transportation mitigation payment system.

A primary function of any government is the safety of its citizens. We have added more police, arrests are up, and there is more jail space to punish offenders.

We are also working to break the cycle of crime for our young people. I established DARE (Drug Abuse Resistance Education) in our elementary schools. A King County police officer teaches kids the why and how of saying no to drugs. Our new youth detention facility will provide safety for the community while providing the services needed to turn children away from crime.

We have achieved great progress in serving those in need. My subsidized child care program, the regional system of youth shelters, Young Family Independence Program, programs for our senior citizens and the nationally recognized AIDS education and prevention programs are a few examples.

I ask you to judge my record, then vote for me on November 7.

Thank you very much.

For the past four years, I have served as your King County Councilmember. When elected, I vowed I would provide "new leadership" for our District, which is the most culturally diverse in Washington. Toward this goal, I have worked diligently, listening and being sensitive to the needs of others. While I have successfully initiated many needed services and programs, I have only just begun. I will continue my mission of service with your vote for my re-election.

Currently, I serve as Chair of the County Council. As the Finance Chair in 1988, I steered the Council through a rigorous budget process. I have also sponsored many programs which benefit our District such as the publication of the King County Voters Pamphlet which you are now reading. I have also sponsored public safety programs including AFIS, which quickly and accurately identifies fingerprints for apprehension of criminals; the Car-Per-Officer program which reduces police "response time"; and the Electronic Home Detention system for non-violent offenders to alleviate jail overcrowding.

As an advocate for children and families, I have sponsored many Parks and Summer Recreation programs. I also volunteer as a teacher's aide at Meany Middle School, and serve as a coach-mentor for District youth in football and baseball. I initiated the King County Council's "Student Scholar Day", the "Bulosan Speech-Debate Tournament" and the "Paul Robeson Scholar-Athlete Award" to promote

and recognize academic excellence. I also participate in Operation Nightwatch to assist homeless men, women and children.

My deep concern for the environment is reflected by my recent ordinance which places Environmental Impact Statements under control of the county instead of developers. I also sponsored the county's NO SMOKING Ordinance.

Many other challenging issues face the County which I want to address: growth, transportation, managing annexations and incorporations, and creating a law, safety and justice system that works for the whole County. I ask for your continued support!

"I am a lifelong resident of the seventh district. I believe the County's response to rapid growth in this district has been poor. In Federal Way, apartments have been popping up and multiplying like fruitflies. Streams which I fished in as a boy, have become polluted with street run-off. Freeways have been built and have become crowded. The airport has ruined nearby residential neighborhoods and threatens others with expansion. Transportation inefficiency is resulting in ever more time consuming commutes.

The citizens of Sea-Tac and Federal Way decided to form cities to try to solve many of these poorly addressed problems. Cityhood is good; it brings local control of zoning and improved public safety.

The County must improve planning too. Zoning in unincorporated areas should not be developer-driven; the best interests of the community must be kept in mind. Public safety should be decentralized and more accountable to the communities served.

When the area was less populated, cooperation between King County and its neighboring counties was seldom necessary. Today regional planning has become an essential outcome of rapid population growth. Transportation efficiency must be addressed through cooperation with other counties and cities. Efforts to improve the disposal of waste must con-

tinue, as should recycling programs. Clean air and clean water must be protected.

As a parent of three young children, I feel I have an obligation to future generations. I believe that we need to leave a legacy of growth that we can be proud of, one that our children's children will be proud of as well. Because of this belief I have challenged the incumbent of 16 years and I ask for your vote."

Thank you for the very large vote of confidence you gave me in the Primary Election September 19. Serving you as your councilman is a great honor and challenge.

Our District is quite diverse, from the rolling farms of Vashon Island, to the Urban areas of West Seattle and Highline, to the suburbs of Federal Way and Sea-Tac. Yet there are major issues of strong concern to us all.

We are determined to preserve our lush environment. That is why I am working to acquire park and open space lands for our future enjoyment.

We are alarmed by the spread of drug abuse and crime in our neighborhoods. That is why I am working to improve our police protection and extend our fine Drug Abuse Resistance Education (DARE) program to all our elementary schools. If the children can avoid being lured into drug addiction, they will not fall into crime to buy drugs. We can work on creating jobs for their futures instead of jails.

We are concerned about accommodating the natural growth of our population while minimizing growth impact on our schools, our transportation facilities and our community environment in general. I am working to establish regional coordination between King County and its thirty-one cities in land use and

transportation planning. Metro and County government must be reformed to become a regional partner with the cities to bring growth under control. I am working to establish a demonstration commuter rail operation between Seattle and Tacoma in the next five years. The challenge of growth will demand our best efforts in the days and months ahead.

We are concerned about the financial and environmental costs related to garbage disposal. I have been working to reduce the volume of waste going to landfills in order to avoid the hundreds of millions of dollars of expense involved in replacing landfills or constructing incineration plants. I am leading the effort to establish countywide recycling. If we all work together in separating recyclable materials from our garbage, we will be saving resources while holding down costs to ourselves and our environment.

We are concerned about child welfare when parents must work. I am working to encourage employers to provide childcare facilities and for Metro to establish such facilities at park-and-ride lots.

I work hard to be effective for you. Please allow me to continue serving you by giving me your vote.

Many people do not realize that the Port of Seattle is probably the single most important "engine" of our region's economy. It is fueled by an increasing amount of trade coming through the Puget Sound area from Pacific Rim countries.

I have always considered public service as an honor and a privilege, having served in the State Legislature, on the METRO Council and as a member and Chair of the King County Council. In all of my public endeavors, I have attempted to build consensus by working with all parties and listening to my constituents. My experience working with business and labor, Democrats, Republicans and independents will help me serve you as Port Commissioner.

JOBS: I believe a strong economy and an opportunity for meaningful employment are essential to a community and its residents. Expanded trade and our proximity to the Pacific Rim have caused Seattle and King County to become a focal point for this nation's economic future.

REGIONAL COOPERATION: The Port has a unique role to play in our region, but we must all work together. I will strive to build good working relationships with other elected officials, business people and concerned citizens. We must join in efforts to

market Puget Sound ports to improve our regional economy.

THE ENVIRONMENT: I have lived in King county all of my adult life and I truly cherish the quality of life and tremendous natural resources this area offers. Over the next few years the Port of Seattle will play a key role in deciding how to balance growth and provide new jobs while protecting our neighborhoods.

The Port Commission needs someone who has the experience in tackling the difficult issues of our region, listening to the community and making sound decisions. I have chaired the County Council four times since 1984, during which time we have developed a nationally recognized Comprehensive Land Use Plan, preserved our remaining farmlands, vastly expanded our regional parks and open spaces and began recycling programs to address King County's solid waste concerns.

I have the experience to meet the challenges facing the Port of Seattle. I will be a Port Commissioner you can be proud of.

George Campbell, a thirty-year veteran in international ocean shipping, trade and transportation, has a deserved reputation for his "well-experienced" and "effective" leadership. He is a common sense, hard working leader and knows a good port must provide initiative and strong direction. George has the proven ability to get results by using highly developed analytic skills. George Campbell's extensive transportation knowledge and experience with, and of, the Seattle Port Commission responsibilities has been attained through direct association with numerous domestic and international maritime, rail, trucking, air cargo and passenger carriers, and international trade exporters and importers.

His colleagues, also primary users of Port of Seattle facilities, chose George as chairman of their maritime and transportation ad hoc Port of Seattle Steering Committee. George Campbell also served as President of the Puget Sound Steamship Operators Association, Inc.

The regional executive director of a major steamship company, George was responsible for the overall direction of department management. Through policy, procedure and planning he achieved his good purposes and goals. He represented the Weyerhaeuser Company's intercoastal service and vessels. He accrued experience at sea aboard a large ocean vessel sailing the North Pacific.

Campbell held a prominent role in Port of Seattle

development. He was responsible for the direction of leading ocean shipping services from the Port of Seattle to and from the Pacific Rim countries, the east and west coast of South America and Europe.

In San Francisco, he led in the innovation of intermodal container international trade. His responsibilities included trans-Pacific ocean services together with other worldwide operations. Also, he was manager of a United States trading division for a major Scandinavian firm in the competitive international commodities trade arena.

Air cargo transport business continues improvement and expansion. Sea-Tac is approaching saturation. Another passenger and/or cargo airport will be needed soon for air traffic. We should consider all options including McCord, Paine Field, Arlington airport or a new location, keeping the resulting air traffic, economic and environmental impacts in mind. Other factors to consider are the predominant winds, fog, jet noise, and nearness to existing or planned expressways.

George Campbell is known to many in the domestic and international trade in Seattle, United States and abroad. We need a leader with proven talent and new ideas to help direct the Port of Seattle. Vote George Campbell, Port of Seattle Commissioner.

I feel very strongly that there needs to be some new faces on the council. The present council has failed to set their priorities properly -- they have overspent on salaries and underspent on traffic control.

A look at the budget and payroll will show we need a better fiscal policy. Much money has been paid to private consultants for advice and guidance and the recommendations have been ignored or they are not what the citizens want.

The traffic situation in town is deplorable. We need a way for through traffic to avoid the business district.

The city has made overtures to take over Water District 54. There is no way that the city can improve the water district. A look at the city budget will show that the cost of water will increase. The council has yet to show any benefits to the water users if the city were to take over.

The planning commission should have more latitude in the affairs of the city. It is time for a change in the city council. New faces with new ideas are desperately needed. The Northwest is going to experience tremendous growth in the next few years. It is time for a change so that growth will be intelligent and planned.

I am happy with my adopted city, finding it compatible with my small-town American upbringing. Bill and I have a combined family of five sons, three daughters and eight grandchildren, most of whom live in the South King County area. I earned a degree in Business Administration from the University of Puget Sound in Tacoma, Washington. My learning experiences continue in the fields of Accounting and the Nursing Home/Retirement Home industry that has become my profession.

The City of Des Moines faces a challenging future. We are located in one of the fastest growing areas of our state on Puget Sound, and so near the Seattle-Tacoma International airport. We must progress toward regaining a small-town atmosphere with a strong business community to support a high quality of life for our citizens in Des Moines. The continued enjoyment of living and working in Des Moines will be dependent on decisions made by our city council to govern this city and to interact with neighboring governments. I will bring to the city council the experience of a business school instructor; of ten years as a financial manager in retirement communities; thirty years of experience as a volunteer in a variety of community, church and school leadership roles; a sense of community; and a love of people from a woman's perspective.

Born September 16, 1924, Spokane. WWII Veteran. B.S., Loyola University. Retired Office Manager. Resident-homeowner Des Moines for 22 years. Married 42 years, 4 children. Elected to Zenith Land Use Council 1982, Chairperson 1986-87. Director, Waterland Festival 1987-89. Board of Directors, Des Moines Chamber of Commerce, 1987-89. Des Moines Planning Agency Commissioner since 1988. Board of Directors, Des Moines Senior Center, 1988-89. Chief Examiner, Des Moines Civil Service Commission, 1989. Mayor's civic/Senior Center Committee, 1989.

To enhance the quality of our city and promote active citizen participation in civic affairs, I will represent all Des Moines citizens by:

- Working toward well defined business, multi-family and single family residential areas.
- Studying alternatives to relieve traffic congestion throughout the City of Des Moines.
- Encouraging alternative uses in areas impacted by airport noise.
- Encouraging development of a Civic Center that will meet the needs of all residents of Des Moines.
- Actively supporting the economic development of our City.
- Encouraging citizen committees to advise the City Council on policy issues.

These goals can be achieved by a person who can work effectively with others to make decisions. I have proven my ability in these areas in my work on the annexation of Zenith, The Zenith Land Use Council, the Waterland Festival, the Chamber of Commerce, Des Moines Planning Agency, Des Moines Senior Center, civil Service Commission and the Mayor's Civic Center Committee.

With your support and your vote this November, we can begin to make Des Moines a better place to live.

Married to Mary Jane Wasson.
Residing at 22047 Cliff Avenue South, Des Moines WA, since 1967.
Age: 62

Occupation: Owner/Manager of a machine shop, since 1966.

Objectives: To represent you, the citizens of Des Moines by working with the City Council to govern the city in a manner which favors the people who live and work in Des Moines. To work together with the other councilmembers in a cooperative and creative manner to make Des Moines a better place to live. To see that the city's resources are managed more effectively, and issues are resolved to benefit the people who reside here.

Experience: As the owner/manager of a successful small business for over 25 years, I've learned to quickly identify potential problems and take direct action to solve them before they become unmanageable. "I've watched the city develop since its incorporation and feel my insights can improve the lives of the citizens of Des Moines and make city government work for you." I have been a member of the Des Moines planning commission in the past. During that time I became familiar with the workings of city government. The experience gained from that service will be well utilized by me as a City Councilman.

I plan to live in Des Moines for the rest of my life, and making it a better place to live is personally important to me. I would like to help get it headed in the right direction now. I need your help.

DAVIS**

As a councilmember, I will continue to encourage building regulations, aesthetic landscaping, and zoning restrictions, which protect owners of single family residences, condominiums, and apartments from overdevelopment. The "Growth Management" policies of the past have sponsored excessive numbers of high-density apartments, have encouraged undesirable commercial-industrial development and have destroyed the residential environment in south King County. History can not be changed, but the residential suburbs can be preserved by using the upcoming Des Moines 10 Year Comprehensive Plan and the zoning code to preserve the environment.

My occupational and professional experience includes three years military service, 30 years as a Boeing Co. Aerospace and Electronics Division engineer developing technical requirements and cost estimates for government agencies, two years on the Des Moines Planning Agency, and eight years on the Des Moines City Council. Having lived, with my wife and two daughters, in Des Moines for over 24 years I am familiar with the residents' concerns and problems. We must have affordable government with funding for essential services such as the fire department, police department, and road maintenance department. The citizens must be protected from increased airport noise and airport land development projects. These conservative environmental and financial policies should continue to include improved recreational facilities such as the new Des Moines Beach Park, the financially independent City of Des Moines Marina, and an adequate senior center.

Des Moines has been home to Dan for 14 years. Dan is a physician with a private psychiatric practice at Providence Medical Center, Seattle. He graduated from The Johns Hopkins University School of Medicine in 1972. He is active in quality of care and patient rights issues.

In Des Moines, Dan is a founder of the 8th Avenue South Homeowners Association. He served as an appointed member of the Citizens Downtown Traffic Advisory Committee. He has publicly addressed issues of ethics in government, controlled growth, environmental policy, and residential neighborhood preservation.

Unfortunately, Des Moines is no longer a small town. Ten years ago each Council member represented 700 citizens. By the end of this year, with North Hill annexed, each member will represent 3,000 citizens. Like a big city, we have problems of traffic, pollution, noise, crime, high population density, and loss of greenbelts. Dan is concerned that in the rush to solve problems, the voice of the individual will not be heard. He wants to keep the city responsive to the electorate.

To accomplish this goal, Dan will seek: citizen participation in developing a new Comprehensive Plan; increased communication among residents, small business, and government; and greater assistance to those trying to present their concerns to city officials. There are many challenges ahead, including the development of a positive working relationship with our new neighboring cities. The City Council can use your guidance along the way.

Dan looks forward to hearing your views in shaping our growing community.

LOCAL FOCUS: The City of Kent is a growing community of 32,350. The eastern boundary is 116th Avenue Southeast, on East Hill. In the valley, the city spans the area between South 180th and South 277th. Kent's West Will extends west of Highway 99 in some areas. The city boasts a progressive approach to local government.

City of Kent

BALLOT TITLE

PROPOSITION NO. 1 LOW-INCOME SENIOR CITIZEN HOUSING BONDS - \$6,700,000

Shall the City of Kent, Washington, borrow \$6,700,000 to pay costs of designing acquiring, developing, constructing, rehabilitating and equipping low-income senior citizen housing and related facilities in the City by selling general obligation bonds therefor maturing within 20 years and levy annual excess property taxes necessary to pay and retire the bonds, as provided in Ordinance No. 2869?

Explanatory Statement

EFFECT OF PROPOSITION IF PASSED

The \$6.7 million senior housing bonds, if approved, will finance development of at least 92 units of housing for low-income seniors. The senior housing would be situated within the Kent city limits.

According to a housing needs study recently conducted by the City, Kent has some 370 seniors in need of housing assistance; the proposal would meet a portion of that need. The bond proceeds would be used to pay the housing development and construction costs, including property acquisition. It is anticipated that rents paid by the senior residents would be used to pay the operating and maintenance costs, to the greatest extent feasible.

The general obligation bonds would mature within twenty years.

Statement for

Older Americans represent a large and growing segment of our population. During the past eight years Kent's senior population has increased by 50% — to almost 3,000 persons. Projections forecast at least 4,100 by the year 2000.

A Citizen Committee has been meeting since May to identify and evaluate the need for assisted housing for low-income seniors within the City. They found that in the lower income brackets, many seniors are spending more than half of their income for rent. The Committee recommended placing this issue on the Ballot because federal programs which supported the construction of long-term subsidized housing no longer exist.

Renton overwhelmingly approved a similar Senior Housing Bond last year. We believe that Kent's citizens are equally willing to do their share to help. This bond will provide for property acquisition, renovation and/or construction of at least 92 units and address 25% of the identified current need for low-income senior housing in Kent. When this measure is approved there will be ample public participation in the process of design and location of the units.

Based on a 7.4% interest rate, the cost to the owner of a home assessed at \$100,000 will be \$1.81 monthly. For 42 cents weekly, you can provide a basic necessity for an older citizen.

We enthusiastically recommend that all voters exercise their right to vote. Vote Yes on the Kent Senior Housing Bond.

City of Kent

MAYOR

**Dan
KELLEHER**

It is easy to find examples of how Mayor Dan Kelleher has worked with City Councilmembers to enhance city services and accomplish community goals.

First, our city government has improved public safety facilities and services. Three new fire stations are under construction, and equipment and staffing enhancements are continuing.

Also downtown improvement projects are underway which will upgrade Kent's central core. Very soon downtown construction will start on a new library and on a new "public-private" office building which will be built by a private developer in response to the City's commitment to lease space for needed city hall office expansion. These projects represent \$13 million worth of government initiated public and private investment which will change the face of Kent's downtown.

In addition, traffic problems are finally being fully addressed. For years city and county politicians have bickered over which level of government should pay for new roads. Kent's local government is instead cooperating with King County and other jurisdictions on millions of dollars worth of road improvements including the S.E. 277-272nd project. Others have talked about this project; Kent's Mayor and Council got it funded--construction starts in eighteen months.

Furthermore, under the Mayor's leadership Kent used litigation and political pressure to secure the closure of the Midway and Highlands Landfills, and blocked a subsequent effort to site a garbage incinerator in Kent. In short, Kent's local government has been productive and effective. Let's keep this effective governing team together.

UNOPPOSED

COUNCIL POSITION 1

**Bob
JARVIS**

As Kent City Councilperson, I'll pursue a broad base of issues.

One issue of concern is the rapid growth of apartments versus single family residences. 1988 figures reveal a 64% to 30% ratio of apartments over single family. This rate of development is certain to place additional strain on congested streets and public services. I believe we need to seek balance, with a comprehensive plan determining type, area and ratio of future development.

Another area of concern is our streets and transportation. I will seek additional street expansion, placing priority on major arterials and high volume roadways. Regarding transportation I support commuter rail. This is an opportunity needing attention; it will relieve stress placed on our streets and assist in revitalizing downtown Kent.

Revitalizing downtown Kent has been focused upon for many years. I believe there are a number of ways to accomplish this simultaneously providing assistance to other areas in need. One such way is senior housing. Developing senior housing in downtown Kent will provide senior citizens with access to medical facilities, transportation, and retail shopping within walking distance of the Senior Center.

Living in Kent for the past eighteen years, I've seen and experienced the rapid growth from a grass roots level. With experience as Chairman of Kent Civil Service Commission, Chairman of the Kent Board of Adjustment, and Treasurer of the South King County Multi-Service Center, coupled with my personal stake in the community, I can guide the city of Kent in a safe, productive course.

**Leona
ORR**

I have lived in the Kent and Renton area for the past 25 years. My husband and I purchased our present home on Kent's East Hill nearly five years ago.

I have become very active in the community and have served on several committees appointed by the Mayor to encourage more single family development, update the housing element of the Comprehensive Plan and help preserve our environment.

I am increasingly concerned with the rapid pace of growth in Kent - particularly the rate of multi-family development. I believe that our housing balance (currently at 68% multi-family, 27% single family, and 5% mobile homes) is not in the best long range interest of our city.

I took an active role in persuading the City Council to adopt the Initiative and Referendum authority for Kent residents.

Most recently I served on the Mayor's Assisted Housing Committee. I fully support a bond to be used for the construction of housing for Seniors. Recommendations from that committee will also be presented to the Council to address the needs of other persons who require assistance in finding suitable housing.

Kent needs to work even more with other communities and the county to develop plans for growth that improve the quality of our lives.

I believe I would be an asset on the City Council and would welcome the opportunity to represent the citizens of Kent.

Jon Johnson was raised in Kent and continues to reside there with his wife Esther and their three children.

I have had the pleasure of serving the citizens of Kent for the past twelve years as a member of the Kent City Council. During this time Kent has experienced many changes. Jon has been instrumental in helping to close two landfills, putting together a garbage recycling program, building a new senior citizen center, development of two golf courses and several new parks and numerous street improvements. A library and three fire stations are under construction. Yet, Kent remains a city which has lower taxes than most other cities.

What I am most proud of however, is my commitment to involving more citizens in the decision making process. Before I make a decision I want your suggestions and ideas because what you think is important to me. This is why I support Mayor Kelleher's Townhall Meetings, where city hall comes to you. I have supported the citizen's right to question decisions made by the Council by giving them initiative and referendum powers. I also meet with citizens on an individual basis to learn what their concerns are.

As a result of these meetings I have fought hard to protect single-family neighborhoods from multi-family development. I have supported increased funding for human services and I am committed to the revitalization of Kent's downtown area.

With your vote, Jon Johnson can continue to make Kent a better place to live.

Christi, with a desire to enhance the quality of life for the residents of Kent, ran for and was elected to, the Kent City Council in 1985. A homeowner and lifelong resident of South King County, Christi has a proven record of responsiveness and effective action regarding Citizen problems.

Over the past four years Christi and her fellow councilmembers have voted for and have seen completed, a Senior Center, a Corrections Facility, and an 18 hole City golf course. Furthermore, after a lengthy battle with other jurisdictions, both the Midway and Kent Highlands Landfills were permanently closed.

Started, but not yet completed, is a new Library and three new Fire Stations. In addition, we have successfully negotiated for the construction of a new public-private office building which will help ease the overcrowding in City Hall.

On the still to be accomplished list, is the top priority of alleviating Kent's traffic congestion. Christi and her fellow councilmembers have given the "go" signal for the first of the three planned East-West corridors. Even though Kent is a city of 32,000, there are over 60,000 cars traveling through Kent each day.

Although there is still much to be done, Christi feels that by planning and preparing now, the social, economic, and governmental impacts in Kent can be anticipated and prepared for.

It is important that Normandy Park's quality of life be preserved while providing needed services to ALL its residents. Many younger families are moving into "The Park" for the same reasons the older generation moved here 20-40 years ago, but their needs are different. Positive, forward thinking people are needed on the council to deal with this generation gap.

I believe in long-range planning instead of crisis management; swift, decisive action instead of delays and indecision. With my experience as a councilmember from 1977 through 1985 and contract manager in the legal department of U S WEST Communications, trained in management, negotiations, customer contact, trouble shooting and drafting contracts, plus time to devote, I know I could help hammer out these hard decisions and move the city forward.

Continuity from where we have been to where we are going needs to be established. During my tenure on the council I helped bring the city from one which borrowed operating funds each year to a fiscally sound city with reserves. I also helped build our professional police force, upgrade the administration, improve roads, build sidewalks and develop parks.

Today, those reserves have been depleted, staff members and police have resigned and more are threatening to do so. To insure previous high levels of service, we must manage our resources more efficiently and rebuild our reserves. We must also stop the costly exodus of our employees. They are our greatest asset!

Normandy Park is one of the last truly unspoiled residential communities in the South Puget Sound area.

My commitment to maintain our beautiful city is to: 1. Continue to maintain the residential character, parklike setting and resist developments; 2. Acquire the last remaining open space for future generations to enjoy; 3. Update ordinances to protect the environment with strict enforcement; 4. Allow for child care facilities in a controlled manner while preserving the residential character of the neighborhood; 5. Beware of those who want to "broaden the tax base" which could mean develop, annex or otherwise spoil what we have worked so hard to maintain. Additional revenue oftentimes comes at the expense of destroying the area so that politicians can spend more; 6. Keep the cost of government under control while providing the necessary services such as police protection, water quality, safe roads, parks & playgrounds; 7. Work cooperatively with the neighboring governments to protect the interests of our residents who may be affected by actions of those jurisdictions; 8. Limit time in office to two terms for city council. Eight years in Normandy Park government is sufficient. Anything longer and politicians tend to think they own the job and make decisions without citizen input; 9. Update our long range community plan and strengthen our Planning Commission and Park Board by budget and staff support; 10. My mandate as a councilman is to protect the Health, Safety, Welfare and rights of the residents.

I WILL APPRECIATE YOUR VOTE. PLEASE FEEL FREE TO CONTACT ME. THANK YOU!

I have lived in Normandy Park for 36 years. When Willis and I moved here there were 600 homes and I have seen our City grow to over 2500 homes. It is a unique and wonderful city. I am very interested in preserving the aesthetic character and the residential qualities which enhance the enjoyment of residing in Normandy Park.

When we moved here in 1953, our children were very small. We enjoyed being involved with youth activities and school programs. Through the years I have participated in community activities some of which include - Boardmember of Foreign Exchange Program; President of Normandy Park Community Club, 2 years; Boardmember Seattle Art Museum, Southwest Guild; Arboretum Unit 7 Garden Club. I was also involved in preventing Miller Creek from becoming a 65 foot drainage ditch through our city.

Willis was a Normandy Park Councilman from 1974 through 1977. He then served on the Planning Commission until his death in December of 1981. I was appointed to fill out his term. I was on the Planning Commission until my appointment to the Council in 1988.

I would like to serve another two years on the Council to complete some of the legislation that needs to be addressed, such as up-date and improve the Special Property Use Ordinance relating to day care and home occupations. We also need to improve legislation to protect our streams and greenbelt areas.

NICHOLS**

Normandy Park needs Nichols' experience and balanced perspective on issues. His long tradition of community service includes working level support to school and church, and decision making responsibility as President of the \$14 million charitable fund established by Boeing employees. Nichols served on King County United Way's board of directors and executive committee. Here he gained knowledge of home child care guidelines implemented by nearby cities. He is on the board of Friends of Medic-1. As cofounder of the Normandy Park Citizens Committee, his leadership provided objective data supporting Normandy Park School as the new city hall, saving taxpayers \$400,000 and preserving the property for community and recreational use. Nichols actively participated in the sewer district's secondary treatment planning. He is currently serving on the city's Planning Commission.

Born in Seattle, married twenty years, and father of a teenage daughter, he retains appreciation of our Normandy Park lifestyle where one quietly contributes time and talents to the community. Nichols is knowledgeable of issues, having attended numerous Council meetings since moving to Normandy Park 12 years ago. A professional engineer, Masters Degree level, and proven problem solver, Nichols follows the process of gathering and evaluating data to make informed decisions. This approach should continually improve Council performance, and enhance responsiveness to citizen's wishes. Nichols believes the Open Public Meetings Act is a fundamental principle promoting citizen involvement in their government; the Council should conduct deliberations openly with executive sessions curtailed.

Your vote for Curt Nichols is important for responsive government.

I am a native of Seattle and have worked for The Boeing Company in various business management and finance capacities for 18 years. I have lived in Normandy Park since 1982 and have been actively involved with community organizations and city volunteer projects for the last five years. I served on the Normandy Park Community Club Board from 1985 through 1988, the last two years as its President. I was appointed to the citizen's review committee of the Shoreline Master Program and served on the police computing project.

I believe the City Council must focus on fundamental issues of the city: setting policy and direction, making revenue and appropriation decisions and overseeing the administrative operation of the city through the City Manager. The City Council is the decision-making body for the city and should come to each meeting prepared to listen, discuss, evaluate and make a decision.

There is a large backlog of legislation in critical need of attention. Issues, such as Special Property Use (child care and home occupations) directly affect the daily lives of many citizens and the economic welfare of the city (property values/revenue) and they cannot be delayed indefinitely. I support licensed and regulated family home child care in the city. Safe and convenient child care is a quality of life issue, and making it available will only enhance the livability of the city. Also, the Comprehensive Plan, Shoreline Plan and Parks Plan issues must be resolved to preserve our unique city environment.

Served on NP Community Club Board 1964-66, during a period of major Lot-A development, President 1966. Married, two grown children. Lived in Normandy Park since 1959.

Have routinely attended council meetings and intensively studied the agenda matters.

Currently serving on the NP Planning Commission which performs hearing and recommendation functions for the Council for zoning and land-use matters.

My goals are to: (1) encourage open and free exchange of information between the council and citizens; (2) improve availability of agenda background material at local libraries and at meetings to aid constructive citizen participation and reduce council meeting time; (3) provide enforceable guidelines to preserve the residential character and aesthetics that make Normandy Park an attractive area to live in and reasonably allow citizens to do as they desire; (4) encourage daycare and preschool facilities at the old and new City Hall and other appropriate locations; and (5) hold the line on taxes, annexation and building heights.

It is important that all citizens' interests have primary consideration when in conflict with those of special interests. Clear guidelines to the City Staff must be set by the Council to insure compliance.

I bring proven engineering and managerial capability to the council decision process. I will devote full time to the necessary homework for effective council deliberations and decisions.

My family and I have enjoyed living in Normandy Park these past nine years. Normandy Park is a single family city buffered by the Sound to the west and urban growth to the east. Our views of the Sound and large heavily wooded lots create an environment that is not commonly available when you live 15 miles from the center of a major city. I was appointed to the Council to fill an unexpired term. I would like to remain on the Council to help protect this environment.

Our quality of life depends on the way we manage City affairs, but it also is affected dramatically by what goes on outside our city limits. Airport expansion and urban growth outside the City limits will put a great deal of pressure on our City. Normandy Park can not ignore these threats.

Concern motivates me, but it is my experience that will make me a useful member of the Council. Although currently an executive with a private company, most of my professional career has been devoted to public service: graduate study in government policy analysis, experience in city budget and planning offices and work as a public agency department manager.

Being the member of a governing body is not easy. All a Councilmember can do is be open minded, listen carefully and then make a prompt decision, with the best information available at the time, using common sense.

I, Virginia McClure, as a resident for forty years, have a historical knowledge of the founding of Normandy Park, and have participated in many ways in its development. The initial discussions and work toward the incorporation of Normandy Park began in my home. In order to keep the treatment plant of South West Suburban Sewer District off our beach, we had to be incorporated. My reasons for seeking a position on the Normandy Park Council are as follows:

1. To preserve, maintain and nurture the unique quality of life enjoyed by the residents of Normandy Park.
2. To insure that ordinances of the city will scrupulously be observed as the basis for all decisions of the city council and other officials of the city government and that they be interpreted correctly.
3. That the various departments of Normandy Park be operated as economically as possible using competitive bids where logical, and eliminating unnecessary personnel.
4. That present facilities owned by the city be used to the fullest extent. For example, the former city hall, with its adjacent park and ample parking space, could be made into the major child care center with a reasonable cost per child for the parents of our city.
5. That building permits, on site inspections, fees and other city licenses be available through the officials at the Normandy Park City Hall within a reasonable length of time.
6. It is important that strict attention and enforcement be given to the very different covenants and restrictions which govern the many sections of Normandy Park.

- Expects responsible government/professional services.
- Wishes to retain Tukwila's small-town, rural atmosphere.
- Endorses quality education and senior services.

AN INTRODUCTION: Born and raised here, Allan is an active community member, he attends Council meetings and advocates the preservation of open spaces and the sustaining of residential neighborhoods; Allan believes Tukwila's image and quality of life are dependent on these. He feels that growth and development is not always progress unless it is sensitive to the impact on our community. He believes community involvement is key to careful and thoughtful residential and business planning. Allan considers himself a family man, his first child is due election day; he wants his child to grow up in Tukwila with a high quality of life.

ON QUALITY OF LIFE: "Our city has a stable business community supporting excellent city services which enhances Tukwila's quality of life. However, as industry searches for more land to develop, the open spaces we enjoy may be threatened. We need to carefully preserve our remaining open spaces and retain our existing residential neighborhoods. This is one reason why I'm running for City Council, to preserve and improve our quality of life."

Steve Lawrence is a teacher for Highline and South Central School Districts. He is married, has two children, and has been involved in community projects, zoning issues, and school programs. Steve's honest, direct approach to problem solving will make a positive difference for our city.

Steve Lawrence supports the following policies: preservation and improvement of our neighborhoods by maintaining current zoning, requiring developers to follow strict guidelines, and maintaining quality fire and police protection; revitalization of Highway 99 with aggressive law enforcement, creative incentives for new and improved businesses, and by joining with businesses to improve the overall quality of the area; maintaining or lowering tax rates by striving to eliminate waste in city government (even Tukwila's fine city government needs close scrutiny to prevent waste of precious tax dollars); cooperation with neighboring communities, King County and the State to coordinate law enforcement efforts, meet our transportation needs, reduce environmental pollution, and lessen excessive noise levels; Surface Water Management and city utilities must be managed efficiently and in cooperation with residents; city and school district cooperation in sharing facilities, when possible, and by joining together in community programs and improvement efforts (our children are a wonderful resource and they need to know our community is what we make of it); and, improving Senior services and maintaining quality cultural, educational, recreational, and youth programs.

Steve Lawrence is dedicated and cares about our city and its future.

Tukwila has grown considerably in size this past year. It is now time for the city to grow in stature. The city can, and should, become a leader among the suburban cities, a place to be admired. I hope to do this by bringing a progressive attitude to the council that will change Tukwila from a great place to live to the best place to live.

Specifically, I would like to:

1. Continue the city's strong commitment to providing quality emergency services.
2. Work closely with other local governments to coordinate actions together. This could help matters such as reducing crime along common boundaries, such as Pacific Highway South, yet avoid a costly duplication of effort in the process.
3. Reduce our dependence on the county's landfill by starting a curbside recycling program for Tukwila residents.
4. Improve air quality by starting a comprehensive yard waste recycling and compost program that will replace the need for open burning.
5. Continue the city's commitment to local parks and recreation, and where possible provide for new open spaces.

I also want to work to unite our city politically. I want to do this by representing all of Tukwila, old and new, and by working to assure Tukwila is represented as a whole elsewhere. At present, the King County Council districts divide Tukwila between two council members. After the 1990 census, the districts will be altered. At that time, Tukwila needs to be united under one voice.

Support your city, VOTE!

DUFFIE**

Joe Duffie has served on the City Council for eight years, including a term as City Council President. He has also served for eight years on the Tukwila Board of Adjustment before his election to the City Council. His primary work on the Council has been to represent the concerns of all the citizens of Tukwila. Duffie has worked closely with a variety of groups and individuals in Tukwila to make sure their concerns are heard and represented on the Council.

Duffie's goal is to represent the citizens in Tukwila by listening to people. "Working together" is a theme he has worked for throughout his term in office, and he believes that is even more important now in bringing people from all parts of the City together.

Joe is employed as a custodian at the Tukwila Elementary School, where he stays in touch with the needs of children in the community. He and his wife Jackie own a small business in building and landscape maintenance, and he serves in the Army National Guard Reserves. Joe and his wife Jackie have been married for 24 years and have four children.

Joe Duffie cares about Tukwila, and his record proves he listens. With the recent annexations, it is his goal to make the new, bigger Tukwila work -- for all citizens.

The issues facing Tukwila are many, Police and Fire protection, growth, open spaces, land use, just to name a few, but it is most important that we continue to balance these services with the present tax dollars. I am committed to seeing that our taxes are spent in the best way to promote the well-being of our citizens. The responsibility of government is to the needs of the community.

My wife, Sarajane, and I have been married for 34 years and have been members of the Tukwila community for 17 years. We have raised our 3 children here and recognize the need to maintain the high quality of life.

I am a retired teacher of the Highline School District, having spent 30 years at Tyee High School and Chinook Jr. High. My work with students and parents has given me the ability to listen intently to the problems of others.

I have always taken a keen interest in the community and now that I have the time to invest I would like to return a service to Tukwila.

I would appreciate your support in the upcoming election.

I was born in 1947, grew up in Burien, and graduated from Highline High School in 1965. I received a Bachelor of Science degree in Engineering from the University of Washington in 1969, and a Master of Science degree in Applied Science from Harvard University in 1973. I own and manage a small company that manufactures industrial computers. My wife Margaret and I have two daughters who attend elementary school in the Highline School District.

As a School Board Member, I would be a strong advocate of greater financial accountability. The Highline School District must disclose more fully how tax money is being spent. The District should provide the public with a budget that shows the true cost of administration and that gives a breakdown of costs per student by program and by school.

I would also work to insure that every student gets an equal opportunity for a quality education. I believe that in recent years, too much emphasis has been placed on special programs for high achieving students. On a per student basis, the Highline School District spends significantly more money on students in programs for the "highly capable" than it does on students in the "regular" program. This discrimination is unfair and is unnecessary, according to current research. We need a public school system that is dedicated to meeting the needs of every student, not just the needs of a select few.

He and his wife, Linda, have 4 children, ages 3 through 9, attending Renton schools. He has been active with groups throughout the community and is knowledgeable about school board business.

"The future success and well-being of our children and our community depends on our schools. As a parent of 4 children beginning in school, I am concerned with two critical issues - will our children graduate with the skills and knowledge they need to succeed in today's society and will every single child be given the opportunity to graduate. If one child falls through the crack of unconcern - it is one too many.

As a board director I will:

- establish a plan to restore an open, cooperative relationship between parents and the administration,
- work to improve the skills of our teachers.
- establish a plan to reduce school overcrowding and accommodate growth.
- make student growth and well-being the number one priority in this district.

As a resident of the Renton School District for the past twenty-three years, I have always been involved in the community. I believe the school district is the backbone of the community and Renton is a better community because of our school system. Education is facing many challenges due to inadequate funding of programs, population growth and a change in our social/economic environment. These challenges provide the board, parents, teachers, students and citizens with a unique opportunity to work together to improve our education system. It is time all factions of the community work together to solve the funding problems of education and develop ways to include more technology in the schools. I am the person who can meet this challenge.

- I have worked successfully with the community to solve a serious problem with safety at Maplewood Heights Park, making the park safe for children.
- I have been a member of the Citizens Advisory Committee for Instruction (1987-1989).
- I was "Citizen of the Year" for Renton in 1988.
- As Chairman of Renton River Days, I successfully brought private citizens, businesses, City government and the School district together.
- With my background in law enforcement, I helped develop school/police relationships such as the Earney program.
- I Assisted with the Natural Helpers program.
- I Assisted with the Renton area youth services.
- I have been a Member of P.T.A. (12 YEARS).

By working together we can meet the challenge, accomplish the goals and enjoy working together.

Dedicated to Public Education. Jack's 12 years of active participation in Renton schools include: the Citizen Advisory Committees for Special Education and Instruction, PTA, and 8 years of service on our Renton School Board. Both his children have attended Renton Schools; his son is a Junior at Renton High.

Dedicated to our Children. Jack has served as a King County Juvenile Court Special Advocate, member of the Association for Children with Learning Disabilities, past president of the Childbirth Education Association, and he's opened his home to 36 foster children.

Dedicated to Quality Education. Teachers are the backbone of our educational system and instruction must be our primary focus. Under Jack's leadership, elementary class sizes have been reduced and teacher involvement in curriculum and instructional methods have increased. As a result of these efforts, the test scores of our students have steadily improved.

Dedicated to Fiscal Responsibility. Under Jack's philosophy, Renton is the only major school district in Puget Sound with no bonded indebtedness. To assure administration accountability, a school district management audit will be conducted this year.

Dedicated to Public Service. After graduating from college and being commissioned an Infantry Officer, Jack was wounded in Vietnam, earning several decorations as an Army helicopter pilot. Now a United Airlines pilot, he is a delegate to the King County Labor Council.

Dedicated to the Future. Jack believes the progressive improvement we've experienced in our school district over the past eight years must continue; his is the kind of positive, enthusiastic, optimistic leadership we need.

Renton students invest thirteen years of their lives in their school experience. It is our responsibility to assure they become experts in their own learning. They must acquire knowledge, skills, and understandings that are consistent with their investment.

Knowledgeable leadership on the Renton School Board is necessary to provide a curriculum that keeps pace with rapid changes around us. Several issues requiring more open and efficient problem solving need immediate attention: disregard for citizen input, low teacher morale, and recurring conflicts with employee unions. Ill-considered "solutions" plague our district: Busing kindergartners, closing neighborhood schools, and unwarranted capital expenditures are just a few.

Renton citizens, parents, teachers, and other district personnel must be allowed and encouraged to participate in the decisions that affect children and their work.

Your vote can help place me in the position to provide that knowledgeable support and move Renton toward a truly superior educational system.

In the 12 years I have served as school director for the Kent School District, there has been a tremendous growth in numbers of children and facilities needed. This has provided a tremendous opportunity to attract the most qualified people available to help manage this growth and provide new, original programs. During this period, the Kent District has received many national and state awards and is recognized as an innovative leader in the state of Washington and one of the best. I feel I have the ability and the interest to continue to keep the Kent schools at the top. As a parent I want the best opportunities for my children. As a school director I am committed to providing all children, regardless of ability or background, the opportunity to meet their optimum growth potential. It has been both a challenge and opportunity to help manage the second largest industry in South King County. I look forward to the next four years.

Education is the foundation of success for young people. It is a school board's responsibility to ensure that each student is given the opportunity to achieve his or her greatest potential.

The Kent school district is changing rapidly. Continued rapid population increases, new demographics, technology and community expectations require constant evaluation of what we offer our students. As a member of the board, I participate in decisions regarding all aspects of the district based on what is best for all students. The board is the advocate for students, and represents the diverse socio-economic, multi-cultural makeup of Kent. Student success is the ultimate goal of the decision process.

I serve with pride on the Kent Board. Our staff represents the best and brightest. Our community is supportive. Many students, staff members and programs have been recognized for excellence at the state and national level.

As a board member it is my responsibility to be informed, set priorities for the best return on our educational dollars, and maintain open, two-way communication with the community. I have a vision of what education is, and what it can and should be. I have a commitment to make a difference in the lives of children, and the reward of celebrating their successes. I am pleased to be able to again serve my community as a member of the Kent School Board.

Two issues in election of Water Commissioner:

1. The Rate you pay for water.
2. The effectiveness and responsibility of the Board.

About 80% of the water used is purchased from Seattle. We need a Commissioner with a background in business and economics who will stand up to and question rate charges by Seattle. Board members must not let Seattle's monopolistic position ride over them roughshod.

It is time for the district to have a board member with a well skilled business background. The Board must operate the District with strong financial controls. It must begin by having budget accountability. The position of Commissioner should not be used for personal gain or as a way for your medical insurance to be paid. Apparently for the benefit of developers the Board proposes to dispose of its present offices and plans to move the District headquarters to the City of Kent. Was there planning? Were multiple realtors contacted? Why did the Board look at only one other piece of property before purchase?

Accountability comes with a complete ten year plan updated annually. From such a plan comes 3 year and one year programs. You cannot run a Water District waiting for last minute alarms. Engineering/Construction should have as goals new sources, improved services and water conservation.

Let's look at the record.

The last five years have produced many good changes in Water District 75 to the benefit of the rate payers. There have been no rate increases, there are no pending litigations and attorney fees have been reduced by 50% to name a few. Because of the proposed south access to the airport along 28th Ave., the district is compelled to move their office and operations to another location. It is my goal to see this move accomplished with the least expense to the ratepayer.

The district belongs to the ratepayers and I was elected to represent them. When making decisions, I always keep this foremost in my mind and I think my record indicates this.

As residents of Fire Protection District No. 11, we will have to make some difficult decisions about the level of district services and how we will pay for them. Our present revenue system has reached a point where it will no longer provide adequate funding for the long run. In order to resolve our funding issue, we will have to work with our state legislators to encourage them to assure that fire districts will have a reliable, dedicated source of funds.

I believe that fire and emergency medical services are among the most important services provided to a community by government. As a commissioner, I plan to devote a great deal of time to securing relief from the legislature. I expect that such an effort will take some time to accomplish. In the meantime, I would like to work with community members to develop interim funding solutions and have them in place to fill funding voids as our regular taxing authority is diluted by levy actions of other jurisdictions.

I have considerable experience as a fire service financial manager, and in working with other elected and appointed officials in solving problems of mutual concern. I appreciate your support, and look forward to working with you and the other commissioners to retain quality services for our community. Each of us should contact our legislative representatives and let them know that we are concerned about maintaining funding for necessary services, and that we are prepared to work with them to do so.

For over 40 years Angle Lake and McMicken Heights citizens have been protected by efficient, locally controlled fire service. A recent survey indicates 93% of the citizens approve of the Fire and Emergency Medical service delivered. Important to success has been investment directed to prevention and rapid response time resulting in very low property and life losses while keeping costs reasonable. As your representative I will work to continue these sound policies.

Fire safety and the education about fire safety are the fundamental responsibilities that our local fire departments provide the community. As a resident and business member of Fire District #24, I want to contribute my management and financial expertise to the Commission, in hopes that these efforts make our neighborhood a safer and smarter community when faced with life-threatening situations.

As a hotelier, my interest in Emergency Medical Services directly relates to the quality of service and quickness of response. As your representative, I will closely monitor and assist in this most important service Fire District #24 provides. Fire District #24 currently has one of the best fire insurance ratings, which keeps our premiums low. As your Commissioner, I will work to maintain low insurance rates for all the homes and businesses in Fire District #24.

After graduating from the University of Portland in 1961, I moved to the Des Moines area. I have been actively involved in my community and my own business with the exception of three years that I worked in Olympia for the State. My community involvement includes five years spent on the C.T.A.C. Committee of Metro. My business as an accountant has involved the use of a large computer system and also mail services for clients.

The six reasons that I want to be a Commissioner:

1. I want to bring my business skills and acumen to the board.
2. I want to help prepare the District for when the Manager retires.
3. I want the District to get involved in the ecology of the area that it serves.
4. I want the District to remodel its office building at the current and convenient location, thus aiding in the redevelopment of downtown Des Moines.
5. I want the citizens to get involved in the issues affecting the District and to advise the Commissioners of their concerns.
6. I want to keep the District independent.

GOALS: I will continue to provide effective management of the Sewer District with the lowest possible cost to the ratepayers. I will continue to work for controlled growth in our neighborhood, keeping in mind ecology and the environment and insisting on fairness for all customers and their concerns. The district has just implemented secondary treatment as required by the EPA and the DOE. We will continue to look at non-point pollution sources, which concern will be a major issue in the future.

I will continue to provide the stewardship necessary to preserve our area for future generations.

If re-elected Commissioner, I promise to continue working for ALL the citizens of the entire District in the fairest manner possible.

Bert Lysen is running for his third term as a Southwest Suburban Sewer District Commissioner. Bert has shown the ability to work with district management, operators, his fellow commissioners and the citizens of the district over the last 12 years by keeping our sewer rates one of the lowest in the state and at the same time maintaining the necessary facility upgrades and environmental clean-up programs.

Currently, Southwest Suburban is spending over \$29 million to do its part to help keep Puget Sound clean by constructing two secondary treatment plants. Bert has worked hard to insure that these construction dollars have been spent properly and effectively on behalf of the citizens of his community. The plants will be meeting the current and future needs of the citizens, are within budget without cost overruns, required no additional bond money, and no rate increases. Bert's record shows his commitment and expertise to get the job done, within budget, with everyone's input. Please consider Bert Lysen when you vote; he has served us well.

In February of this year I was appointed to fill a vacant seat on the Vashon-Maury Park District Board. As a park commissioner, I have been listening closely to what Islanders have to say about the role they see our park district filling in the community.

Most people express the desire to preserve more of our open space, create recreational and leisure activities for all of our citizens of every age, interest, and ability, and to further develop our existing parks.

I have been involved in the planning of many of these already and fully support such an agenda. I agree with most of you that it is vital that we preserve our rural environment and enhance the quality of life on our Island. I pledge to work with the other commissioners and with the community to serve these goals.

Complete Text of Proposed Charter Amendment No. 1

ORDINANCE NO. 8977

AN ORDINANCE relating to a proposed amendment of Article 6, King County Charter, concerning limits on campaign contributions and expenditures for county offices, submitting same to the voters of the county and establishing date of election.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

SECTION 1. There shall be submitted to the qualified voters of King County for their approval and ratification or rejection, at the next general election to be held in this county, and amendment to Article 6, adding a new section 690.10 to the King County Charter: **SECTION 2.** A new section, 690.10, is hereby added to the King County Charter to read as follows:

The county shall provide for a system of limits on campaign contributions and expenditures to safeguard the integrity of the political process. The county council shall by ordinance es-

tablish mandatory limits on campaign contributions and voluntary limits on campaign expenditures with public matching funds for county charter elected offices. The ordinance may provide for penalties including disqualification of a candidate from holding county elective office for willful violations.

SECTION 3. The manager of the division of records and elections shall cause notice of this proposed amendment of the King County Charter to be published in accordance with the State Constitution and general law and placed upon the ballot at the general election of November 7, 1989.

INTRODUCED AND READ for the first time this 15th day of May, 1989.

ordinance, together with existing lands and facilities set aside for those purposes, will constitute a necessary system of public green spaces, green belts, open space, parks and trails for the county and its residents.

E. The wetlands included among the Projects approved by this ordinance, Moss Lake Wetland and portions of Hylebos Wetland No. 18, are included for acquisition solely as parks and wetland interpretive centers. Moss Lake is proposed for acquisition as a park and interpretive center because the King County wetland inventory identifies Moss Lake as the most significant wetland in King County. It contains the most extraordinary variety of vegetation subclasses and diversity of wildlife habitat of any other wetland in King County. The purpose of the proposed acquisition of 24.6 acres on the southern and southwestern boundaries of the Hylebos State Park is to expand the state park and its educational and interpretive programs. The acquisition of both the Moss Lake property in northern King County and portions of the Hylebos Wetland No. 18 in southern King County for development of trail systems and interpretive programs is a unique and important educational opportunity that will benefit all King County citizens. Wetlands in addition to the Hylebos Wetland No. 18 and Moss Lake also may be included in this bond proposal for acquisition for park purposes. There may be other wetlands that exist on parcels being acquired solely for the purpose of providing public access and trail systems.

F. The proposition and the Plan hereinafter set forth have for their object the furtherance, accomplishment or preservation of public green spaces, green belts, open space, parks and trails and constitute a single purpose.

G. Public green spaces, green belts, open space, parks and trails acquired or improved pursuant to this ordinance, whether located partly or wholly within or without the cities and towns of the county, will be reasonably available on the same conditions and for general benefit of all of the residents of the county.

SECTION 2. DEFINITIONS. Unless the context clearly indicates otherwise, as used in this ordinance, the following words will have the meanings set forth in this section:

A. "Bond Proceeds" means the principal proceeds received from the sale of the Bonds and any interest earned by the county on such funds thereafter, but shall not mean accrued interest on the Bonds paid by the original purchaser of the Bonds.

B. "Bonds" means the Public Green Spaces, Green Belts, Open Space, Parks and Trails Bonds described and authorized by this ordinance.

C. "Chief Financial Officer" means the person serving as the chief financial officer of the office of financial management of King County and the county officer who succeeds to the duties now delegated to that office.

D. "Governmental Agency" or "Agency" means the county, Seattle and any Suburban Jurisdiction or other government entity within the county.

E. "Interlocal Contract" shall mean the contract

ORDINANCE NO. 9071

AN ORDINANCE relating to public green spaces, green belts, open space, parks and trails; calling a special election for the purpose of submitting to the voters of King County on November 7, 1989, a proposition to authorize the county to issue its general obligation bonds in the principal amount not to exceed \$117,640,000, to provide funds for the acquisition, development, renovation and improvement of public green spaces, green belts, open space, parks and trails in King County.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

SECTION 1. FINDINGS. The council

finds and declares as follows:

A. Enactment of this ordinance is necessary for the health, welfare, benefit and safety of the residents within King County and is strictly a county purpose.

B. Public green spaces, green belts, open space, parks and trails make King County a more desirable place in which to live and to visit.

C. Existing public green spaces, green belts, open space, parks and trails are no longer adequate and additional public green spaces, green belts, open space, parks and trails are needed.

D. Public green spaces, green belts, open space, parks and trails acquired or improved pursuant to this

ORDINANCE NO. 9017

AN ORDINANCE calling for an election by the voters of King County to be held on November 7, 1989, to authorize the levying of an excise tax for the purpose of providing funds for the continued operation of an emergency services communications system.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

SECTION 1. This ordinance is enacted pursuant to RCW 82.14B. The terms "emergency services communications system" and "telephone access line" shall have the meanings ascribed to them in RCW 82.14B.

SECTION 2. There shall be submitted to the qualified voters of King County for their approval or rejection, at the next general election to be held in

provided for in Section 6 to be entered into between the county and each other Governmental Agency.

F. "Project" means any parcel or parcels of public green space, green belt, open space, park, trail, or facility to which any Bond Proceeds are allocated under this ordinance.

G. "Project Category" means the county Projects, Seattle Projects, or Suburban Jurisdiction Projects.

H. "Seattle" means The City of Seattle, Washington.

I. "Suburban Jurisdiction" means the cities identified in Exhibit C.

SECTION 3. COUNTY PROJECTS. The county Projects described in Exhibit A attached hereto and incorporated herein by this reference are authorized to be carried out.

SECTION 4. SEATTLE PROJECTS. The Seattle Projects described in Exhibit B attached hereto and incorporated herein by this reference are authorized to be carried out.

SECTION 5. SUBURBAN JURISDICTION PROJECTS. The Suburban Jurisdiction Projects described in Exhibit C attached hereto and incorporated herein by this reference are authorized to be carried out.

SECTION 6. INTERLOCAL CONTRACT. The county shall negotiate a form of Interlocal Contract to govern the use of Bond Proceeds. Before any Bond Proceeds are distributed by the county to a Governmental Agency, there must be executed between the county and that Governmental

Agency an Interlocal Contract necessary to satisfy applicable Federal tax laws and regulations and those provisions expressly mentioned below. The Interlocal Contract shall contain provisions where appropriate governing the administration of Bond Proceeds, including, without limitation, provisions with respect to the determination of the amount, method and time of distribution of Bond Proceeds and the use of distributed bond Proceeds; Project implementation schedules and reports; the reallocation of Bond Proceeds in the event of the abandonment of Projects, cost overruns or underruns on Projects or for other reasons; provisions to assure tax exemption of the interest on the Bonds; use of unspent Bond Proceeds; investment of Bond Proceeds; and the method or methods of amending the Interlocal Contract. The interlocal contract also shall identify the programmatic and financial information to be provided by all Governmental Agencies on each funded project and its individual project elements for inclusion in the semi-annual report to the citizen oversight committee. The Interlocal Contracts shall require each participating agency to review its real property acquisition procedure and commit to all reasonable action necessary to ensure that all Projects are expeditiously completed and that special priority is extended to those properties on which there is a particular threat of conversion or inflation-

ary cost pressure. Unless otherwise provided either herein or in a specific Interlocal Contract, the Interlocal Contracts also shall set forth that Project administration and any maintenance necessary for a Project after its completion shall be the responsibility of the jurisdiction in which the Project is located on July 1, 1989, regardless of the jurisdiction which may be identified in the exhibits to this ordinance as the Governmental Agency sponsoring a specific project. Should a project be within an area annexed or incorporated after July 1, 1989, its administration and ownership may be transferred to the annexing or incorporating city should it advance the interest of citizens of King County as determined by the county through its normal legislative process. In addition to the foregoing general provision, the Interlocal Contracts identified in paragraphs A, B, C and D shall contain the special provisions stated in those paragraphs. In the event that any Governmental Agency shall fail within such reasonable time as the council may determine after reasonable notice, to enter into an Interlocal contract, the council may reallocate those Bond Proceeds in agreement with one or more of the affected Agencies to new or existing Projects within the same Project Category.

A. The Interlocal Contract with the city of Redmond shall contain the following special provisions: The Redmond Watershed Trails Project consists of the development for passive recreational use of the land commonly known as the Redmond Watershed which is the contiguous landmass

of approximately 880 acres owned by the city of Redmond as of June 1, 1989 lying east of the city of Redmond and north of the road commonly known as Northeast Novelty Hill Road. No Bond Proceeds shall be used for the Redmond Watershed Trails Project until the city of Redmond has taken all necessary official and legal action to insure that the Redmond Watershed will be preserved and remain in passive recreational use by the general public in perpetuity. The action may include, but not necessarily be limited to, the placement of restrictive covenants on the deeds to the subject property. The city of Redmond may reserve from this transaction up to 80 contiguous acres of the watershed at a location mutually agreed upon with King County. The reserved land will be limited to future active recreational use, such as athletic fields, or to passive use. Notwithstanding the general provisions set forth in this ordinance, administration of the Redmond Watershed Trails Project and the maintenance of the developed trail system shall be the responsibility of King County until such time as the Redmond Watershed has contiguous boundaries with Redmond or of some other city. At such time, maintenance administration of the project may be transferred to the contiguous city, should it be in the interest of county citizens as determined by the county through its normal legislative process.

B. The Interlocal Contracts with the cities of Auburn, Kent, Tukwila and Renton shall contain the following special provision: prior to the use of Bond Pro-

ceeds for the Project described as the Interurban Trail Development, those Suburban Jurisdictions and the county must determine: (a) their individual and joint responsibilities for the Project and (b) the appropriate allocation of Bond Proceeds for that Project among those Governmental Agencies.

C. The Interlocal Contract with the future city of Federal Way shall contain the following special provision: Should any reallocation of funds for either the Camelot Project or the Lutherland Project prove necessary, the city and county will work with the citizen oversight committee to identify suitable substitute projects that appropriately serve the same populations as these projects before considering the reprogramming of the funds to projects in other areas.

D. The Interlocal Contract with the city of Issaquah shall include the following special provision: Within three years from the date of the sale of the Bonds, the city of Issaquah shall complete the project known as the Greenwood Acquisition Project or a material portion of the project; otherwise the funding for the project shall be reallocated as provided by the ordinance herein.

SECTION 7. BONDS AUTHORIZED.

A. Subject to approval by the qualified electors of the county, for the purpose of providing funds for capital purposes only, other than the replacement of equipment, namely, carrying out the county Projects, the Seattle Projects and Suburban Jurisdiction Projects, and for other capital purposes permitted under this ordinance and an Interlocal Contract, paying all costs

relating to carrying out the Projects, including without limitation, real estate appraisal, legal and acquisition costs; reimbursement of advances after the enactment of this ordinance made from other funds in anticipation of the receipt of Bond Proceeds; paying necessary design, engineering and Project administration expenses; paying interest on any interim financing pending the receipt of Bond Proceeds; and paying costs and expenses incurred in issuing the Bonds, the county shall issue the Bonds in not to exceed the principal amount of \$117,640,000 for public green spaces, green belts, open space, parks and trails, or so much thereof as may be required for those purposes. The Bonds shall be known as the Unlimited Tax General Obligation Public Green Spaces, Green Belts, Open Space, Parks and Trails Bonds; shall be sold at public sale in the manner required by law, or, if the council finds that it is in the best interest of the county to do so, by negotiated sale; shall bear interest which, except for the first interest payment, shall be payable semiannually; and shall mature within twenty years after their date of issue, but may mature within a lesser time as fixed by the council. The Bonds shall be issued over a period not exceeding seven years after their approval by the qualified electors, may be issued in more than one series, and may be combined for purpose of issuance with other authorized county bonds, and shall be issued in such amounts and in such denominations and shall contain such redemption provisions and other terms and conditions as shall

Complete Text of King County Proposition No. 2 (continued)

be provided later by ordinance of the council. The financial benefits, if any, of the sale of a bond series authorized by this ordinance other than the first bond series, which are directly and solely attributable to a date of sale earlier than envisioned by the financial plan developed for this bond ordinance, will be shared on a pro-rated basis between all three Project categories notwithstanding the Projects specifically identified to be funded by the subject bond sale.

B. Both the principal of and interest on the Bonds shall be payable out of the annual tax levies to be made upon all of the taxable property within the county in excess of the regular non-voted property tax levy without limitation as to rate or amount and from any other money which may become available and may be used for such purposes.

SECTION 8. DISTRIBUTION AND USE OF PROCEEDS.

A. The principal proceeds of sale of the Bonds shall be deposited in a fund or funds to be designated in the county treasury (for convenience of this ordinance referred to as the Public Open Space, Parks and Trails Fund). Any premium and accrued interest on the Bonds received at the time of their delivery and payment therefor shall be paid into a fund of the county to be used for redemption of the Bonds. Money in the Public Open Space, Parks and Trails Fund may be temporarily advanced to the bond redemption fund for the Bonds to pay interest on the Bonds pending

receipt of taxes levied therefor.

B. The principal amount of the Bond Proceeds is allocated among the Project Categories in the following amounts: County Projects, \$40,835,000, Seattle Projects, \$41,795,000; and Suburban Jurisdiction Projects, \$35,010,000. Earnings on the investment of Bond Proceeds shall be generated and accounted for separately for each Project Category based on the undistributed balance allocated to each Project Category and shall be used to carry out the Projects in each respective Project category.

C. In the event of unanticipated Bond Proceeds including, but not limited to, excess interest earnings, Project completion at less than estimated cost or abandonment of Projects, the affected Governmental Agency may reallocate the unanticipated proceeds through its normal legislative process to other existing projects referenced in this ordinance or the attachments hereto so as to substantially complete as nearly as may be practicable the purpose of the Bonds and the existing Projects identified herein. In order to facilitate review and comment, the affected Government Agency shall notify the county and the citizens oversight committee at least twenty-one days prior to its legislative action to reallocate such proceeds. In the event unanticipated proceeds are proposed by a Government Agency for a new project, the county council may

reallocate funds after receipt of recommendation from the citizen oversight committee and in agreement with one or more of the affected Agencies for new Projects within the same Project Category from which the funds are realized and that are consistent with the purposes of the Bonds. Reallocation by the county council for new Projects not referenced by this ordinance or its exhibits shall occur after the review and transmittal by the citizen oversight committee of appropriate recommendations for the use of the funds. Abandonment of a Project requires a determination and finding of fact by the affected Agency through its normal legislative process that changes in conditions or new information developed after approval of this ordinance prevent the practical accomplishment of the Project or clearly indicate that the Project would no longer best serve its intended purpose.

D. Projects carried out by a Governmental Agency in whole or part from Bond Proceeds shall not be transferred or conveyed except by agreement providing that such land shall continue to be used for the purposes contemplated by this ordinance; nor shall they be converted to a different use unless other equivalent lands and facilities within the Governmental Entity shall be received in exchange therefor. The proceeds of any award in condemnation of any Project shall be used for the acquisition or provision of other equivalent lands and facilities. However, nothing in this ordinance shall prevent the grant of easements, franchises, or concessions or the making of

joint use agreements or other operations agreements compatible with the use of a Project as provided for in this ordinance.

SECTION 9. ARBITRAGE REBATE. The Chief Financial Officer shall provide for a method or methods of calculating and providing for the payment of the rebate of excess arbitrage earnings to the United States of America under Section 148(f) of the Internal Revenue Code of 1986, as amended, and regulations thereunder. Such method or methods of payment may include, without limitation, the setting aside of a reserve for such payments, provision for reimbursement of the county by Agencies for such payments, or other means of assuring that such payments will be made on time and that the interest on the Bonds will remain excludable from gross income for federal income taxation purposes.

SECTION 10. SHORT-TERM OBLIGATIONS. Pending the issuance of any series of the Bonds and the receipt of Bond Proceeds, any Governmental Agency (other than the county), or the county itself, may incur short-term obligations in anticipation of the receipt of such Bond Proceeds for the same purposes for which those Bond Proceeds may be spent. Prior to their issuance, the terms of such obligations which may affect the Bonds or use of Bond Proceeds shall be approved by the chief financial officer. The payment of interest on those short-term obligations shall be a proper purpose for the expenditure of such Bond Proceeds.

SECTION 11. CITIZEN OVERSIGHT COMMITTEE. Within one year of the passage of

the Bond Proposition, the county shall establish by its normal legislative process a citizen oversight committee which will review and report to the council on semi-annual public reports prepared by the jurisdictions administering projects included in the Bond ordinance which describe the status of the implementation of the projects. The citizen oversight committee also shall be responsible for recommending reallocations of bond funds when available to new projects.

SECTION 12. BOND ELECTION. It is found and declared that an emergency exists requiring the submission to the qualified electors of the county at a special election to be held therein on November 7, 1989, in conjunction with the State general election, of a proposition authorizing the issuance of the Bonds for the purposes provided in this ordinance.

The manager of the King County records and elections division, as ex officio supervisor of all elections held within King County, is authorized and requested also to find the existence of such emergency and to assume jurisdiction of and to call and conduct such special election to be held within the county on that date and to submit to the qualified electors of the county at such special election the proposition set forth below.

The clerk of the council is authorized and directed to certify propositions to the manager of the King County records and elections division in substantially the following form:

Complete Text of City of Kent Proposition No. 1

ORDINANCE NO. 2869
AN ORDINANCE of the City of Kent, Washington, providing for the submission to the voters of the City at a special election to be held therein on November 7, 1989, in conjunction with the State general election to be held on the same date, of a proposition authorizing the City to incur indebtedness by issuing its general obligation bonds in a par amount not to exceed \$6,700,000, payable by annual property tax levies to be made in excess of regular property tax levies, for the purpose of paying all or a part of the cost of providing housing and related facilities for low-income senior citizens in the City and to levy those excess property taxes.

WHEREAS, there exists a severe shortage of safe, sanitary and affordable housing and related facilities in the City of Kent, Washington (the "City"), for low-income senior citizens; and

WHEREAS, to provide that housing and those related facilities, it is deemed necessary and advisable that the City issue its unlimited tax general obligation bonds in the principal amount of not to exceed \$6,700,000; and

WHEREAS, the Constitution and laws of the State of Washington require that the question of whether or not the City may issue unlimited tax general obligation bonds for that purpose must be submitted to the qualified electors of the City for their ratification or rejection; NOW, THEREFORE,

THE CITY COUNCIL OF THE CITY OF KENT, WASHINGTON, DO ORDAIN as follows:

Section 1. Definitions. As used herein, the following words shall have the following meanings:

"Bond" or "Bonds" means any or all of the general obligation bonds of the City issued pursuant to this ordinance, or any series of those bonds.

"City" means the City of Kent, Washington.

"Housing Law" means RCW 35.21.685, Chapter 35.82 RCW, Chapter 35.83

RCW, RCW 36.39.060, as now exist or are hereafter amended, and such other laws as now or hereafter authorize the City to provide or to participate in the provision of funds for capital expenditures for housing and related facilities for Low-Income Senior Citizens.

"Legislative Authority" means the Mayor and City Council of the City.

"Low-Income" means an income equal to or less than 80% of the median income of persons in King County, or shall mean such other income level as shall be set by subsequent ordinance of the City.

"Project" means that project described in Section 3 of this ordinance, as it may be amended by subsequent ordinance of the City.

"Senior Citizens" means persons over the age of 62 years.

Section 2. Findings and Determinations. The City Council finds that there exists a critical shortage of housing and related facilities in the City for Low-Income Senior Citizens. Existing sources of funds to make capital expenditures to provide that housing and those related facilities, including funds from the Housing Authority of King County, federal grants and housing assistance programs, are insufficient to meet fully the existing and projected need for that housing and those related facilities.

Financial resources in an amount not exceeding \$6,700,000, to be used by the City, by the Kent Housing Authority (in the event that it is subsequently empowered by the City to do so), by the Housing Authority of King County or by any other public or private developer or owner of housing and related facilities for Low-Income Senior Citizens, would make it possible to provide 92 or more additional units of housing and related facilities to serve Low-Income Senior Citizens within the City.

Based upon the foregoing facts and findings, the City Council further finds

that the public interest requires that the City provide funds for the capital costs of acquiring and constructing such housing and related facilities. That assistance shall be provided in the manner hereinafter set forth and at the time or times deemed most necessary and advisable by the Legislative Authority of the City. The City Council further finds and declares that the expenditure of public funds and the acquisition of property or property rights necessary for the design, development, acquisition, construction, rehabilitation and equipping of housing and related facilities for Low-Income Senior Citizens pursuant to this ordinance is for a public use and a public and strictly municipal purpose.

Section 3. Description of Project. The City shall itself plan, design, acquire land for, develop, construct, rehabilitate, acquire and equip housing, together with related facilities, for Low-Income Senior Citizens within the City. In lieu of undertaking these activities itself, the City may aid and cooperate with the Kent Housing Authority (in the event that it is subsequently empowered by the City to do so), the Housing Authority of King County or any other public or private developer or owner of housing and related facilities for Low-Income Senior Citizens, to undertake these activities.

In the latter event, the expenditure of the proceeds of the Bonds and the development, construction, rehabilitation, acquisition, equipping and operation of the housing and related facilities for Low-Income Senior Citizens shall be administered pursuant to an agreement or agreements entered into pursuant to the Housing Law to fund as necessary the capital costs of one or more housing projects for Low-Income Senior Citizens within the City. The Legislative Authority of the City must approve any agreement or agreements, if any, by ordinance. If the Project is undertaken by other than the City, such agreement or agreements shall contain criteria for projects to be developed, constructed, acquired, rehabilitated and equipped

by the public or private developer or owner. The agreement or agreements also shall establish a procedure for City review of proposed projects in accordance with such criteria and for disbursement of Bond proceeds by the City Finance Director, and shall contain such other provisions as the Legislative Authority of the City and the public or private developer or owner agree are necessary and appropriate to carry out the purposes of this ordinance.

Section 4. Authorization of Borrowing. The City shall borrow not to exceed \$6,700,000 on the credit of the City and issue and sell its general obligation bonds in that par amount for strictly municipal capital purposes, other than the replacement of equipment, to provide the funds to provide housing and related facilities for Low-Income Senior Citizens within the City through the accomplishment of the Project. Costs of engineering, planning, financial, legal and other services lawfully incurred incident to the Project shall be appropriate capital costs to be paid from the proceeds of the Bonds.

Section 5. Description of Bonds. The Bonds shall be issued as a single issue, as a part of a combined issue with other authorized bonds, or in more than one series. The Bonds shall be fully registered; shall bear interest payable as permitted by law; shall mature within twenty years from their date or within any shorter period fixed by the City Council; shall be paid by annual property tax levies sufficient in amount to pay both principal and interest when due, which annual property tax levies shall be made in excess of regular property tax levies without limitation as to rate or amount but only in amounts sufficient to pay both principal and interest when due; and shall be issued and sold in the manner, at the times and in the amounts as shall be required for the Project. The exact date, form, terms, option of prior redemption, price, interest rate or rates and maturities of the Bonds shall be fixed hereafter by ordinance of the City Council. Pending the issuance

of the Bonds and receipt of their proceeds, the City Council may authorize the issuance of short-term obligations pursuant to Chapter 39.50 RCW, and the costs of those short-term obligations shall be included in the cost of the Project for which the Bonds are issued.

Section 6. Submission to Electors. The City Council finds that an emergency exists which requires constructing the facilities comprising the Project, and the Director of Records and Elections of King County, Washington, is requested to concur in that finding and to call and conduct a special election to be held in the City on November 7, 1989, in conjunction with the State general election to be held on the same date, for the purpose of submitting to the qualified electors of the City for their approval the question of whether or not the City shall borrow not to exceed \$6,700,000, issue its general obligation bonds in that par amount for capital purposes only, other than replacement of equipment, and levy excess taxes necessary to redeem the Bonds as herein set forth.

Section 7. Certification to Director of Records and Elections. The City Clerk is directed to certify to the Director of Records and Elections of King County, Washington, at least 45 days prior to the November 7, 1989, special election date a copy of this ordinance and the proposition to be submitted at that special election in the form of a ballot title as follows:

PROPOSITION
LOW-INCOME SENIOR
CITIZEN HOUSING
BONDS - \$6,700,000

Shall the City of Kent, Washington, borrow \$6,700,000 to pay costs of designing, acquiring, developing, constructing, rehabilitating and equipping low-income senior citizen housing and related facilities in the City by selling general obligation bonds therefor maturing within 20 years and levy annual excess property taxes necessary to pay and retire the bonds, as provided in Ordinance No. 2869?

BONDS, YES
BONDS, NO
Section 8. Effective Date.

This ordinance shall take effect and be in force thirty (30) days from the time of final passage.

WASHINGTON STATE VOTER INFORMATION

VOTER REGISTRATION

Qualifications for registering:

1. You are a U.S. citizen by birth or naturalization.
2. You will be 18 or older on the day of the primary or general election.
3. You are a legal resident of the State of Washington.

When to register:

Anytime, but you must register 30 days before the election to be qualified to vote. The voter registration deadline for the 1989 State General Election is October 7, 1989.

Where to register:

You must register in person at the **King County Division of Records and Elections** or before a city or town clerk, or deputy voter registrar. Deputy registrars are located in most public schools, some fire stations, branch public libraries and state offices. Contact the **Division of Records and Elections at 296-VOTE (or TDD 296-0109)** for the location of a registration facility near to you.

When it is necessary to re-register:

You must re-register only if:

1. You did not vote in the previous 24-month period, or
2. You have moved from one county to another, or
3. You have legally changed your name, or
4. If you have moved more than 6 months ago and the office has mailed you a card, which the post office has returned as undeliverable, your registration would be cancelled after 60 days.

To be eligible to vote, you must re-register 30 days before the election. Keep your registration current. Your registration remains valid as long as you exercise your right to vote!

If you move, you must transfer your registration:

If you move within a county, you should also change your voter registration. This can be done before a deputy voter registrar or by mail. If you mail the information, include both your old and new addresses and your signature and forward to the **Division of Records and Elections, 553 King County Administration Building, Seattle, WA 98104**. To be eligible to vote in your new precinct, you must transfer your registration 30 days before the election.

ELECTION DAY AND VOTING

Where to vote:

At your precinct's polling place. The name or number of your precinct and polling place are on your registration card. Polling place locations are also published in the newspaper the Friday before the election. You may also call the **Division of Records and Elections at 296-VOTE or TDD 296-0109** for information.

When to vote:

Polls are open from 7:00 a.m. to 8:00 p.m.

How to vote:

Three methods of voting are used in Washington State: punchcard, lever machines and paper ballots. King County uses punchcard voting. If you need assistance, you may ask an election official, before you vote, to explain how to use the voting device. You may also request assistance from two election officials of opposite political parties or a person of your choice in recording your vote. If you make an error on your ballot, you may request a replacement.

Absentee Voting:

1. Regular Absentee Ballot: If you cannot vote in person, you may vote by absentee ballot. You may request an absentee ballot, either in person or by mail, as early as 45 days before the election, but no later than the day before the election.

Exception: If you are confined to the hospital and were

admitted no earlier than five days before the election, you may apply for an absentee ballot up to and including the day of the election.

2. Service Absentee Ballot: Members of the military service may apply for an absentee ballot at any time. Such service voters will be mailed an absentee ballot for the next primary or general election, or special election.

3. Special Absentee Ballot: A voter who is working outside the continental United States and will be unable to return a regular absentee ballot by normal mail delivery may apply for a special absentee ballot 90 days before the primary or general election. The special absentee ballot will contain the offices and measures, if known, scheduled to appear on the ballot. The **Division of Records and Elections** will include a list of candidates who have filed and a list of any issues that have been referred to the ballot before the application was filed.

The voter may use the special absentee ballot to write in the name of any eligible candidate for each office and vote on any measure.

4. Ongoing Absentee Ballot: If you are a disabled person or a age 65 or over, you may apply for status as an ongoing absentee voter. This will entitle you to automatically receive an absentee ballot for each subsequent election through January of the next odd-numbered year. At that time, the **Division of Records and Elections** will notify you to permit you to renew your ongoing absentee voter status.
