EDITION NUMBER 7 WASHINGTON STATE 1991

INTRODUCTION TO THE 1991 VOTERS PAMPHLET

On December 15, 1791, the Congress of the United States of America officially certified the adoption of the first ten amendments to our country's new constitution. These amendments, which set forth the specific rights and freedoms reserved to the people and to the states, formed the historic document known as the Bill of Rights.

As we celebrate the 200th anniversary of the adoption of the Bill of Rights, phenomenal changes are taking place in the world around us. In many countries, freedom and democracy are replacing tyranny and oppression. People who have lived all their lives under repressive regimes are now beginning to attain the basic rights which Americans have enjoyed for the past two centuries.

These events serve to underscore and renew our appreciation for the rights and freedoms we possess as citizens of the United States of America. This year, as we celebrate the bicentennial of the Bill of Rights, I hope you will make an effort to learn more about the importance of this remarkable document. The original ten amendments are listed on page 5 of this year's pamphlet; please take a moment to read them. Also, I would urge you to take advantage of the special exhibitions and programs which are being offered in conjunction with the Bill of Rights bicentennial celebration.

Above all, be sure to exercise one of your most fundamental rights — the right to vote. This pamphlet is designed to help you with the voting process and to assist you in making informed decisions on election day. Please make use of it, and please vote on November 5th. Your participation will help preserve and strengthen democracy here in the United States, and it will serve as an example and an inspiration to those who are struggling for democracy in other parts of the world.

RALPH MUNRO
Secretary of State

IMPORTANT ELECTION LAW CHANGES

Please read thoroughly - If you have questions, call the State Voter Information Hotline, 1-800-448-4881.

In the coming year, citizens of the state of Washington will benefit from two significant additions to the state's laws dealing with elections and voting. One of these additions — a program known as "Motor Voter" — will provide a convenient new system of registering to vote at the state's driver licensing offices. The other will create a Washington State Presidential Preference Primary, giving citizens the ability to cast a direct vote for the nomination of presidential candidates.

THE 1992 WASHINGTON STATE PRESIDENTIAL PRIMARY

Washington's new presidential primary was created through the passage of Initiative 99, a citizen-sponsored measure signed by more than 200,000 people and approved by the Washington State Legislature. Beginning in 1992, Washington citizens will be able to make their choice regarding the nomination of major party presidential candidates by casting a direct vote, much like they do in other state elections or primaries. Previously, anyone wishing to vote for the nomination of a major party presidential candidate had to attend a precinct caucus meeting conducted by the state Democratic or Republican parties. The presidential preference primary is designed to provide greater participation and a more accurate reflection of public sentiment regarding presidential candidates.

Timing of the Presidential Primary

Under the provisions of Initiative 99, Washington's presidential primary is to be held on the fourth Tuesday in May of presidential election years, or on a date "selected by the Secretary of State to advance the concept of a regional primary." With that in mind, the Secretary of State has set the date for Washington's first presidential primary for **May 19, 1992** (the third Tuesday in May). The selection of this date, which coincides with the state of Oregon's primary, is a major step in creating a Pacific Northwest Regional Presidential Primary.

Eligibility to Vote

Any person eligible to vote in a regular primary or election in Washington state — that is, any registered voter — will be eligible to vote in the presidential primary. To be eligible to vote, you must be a citizen of the United States and at least 18 years of age at the time of the primary or election. (**Note:** Under state law, you must be registered at least 30 days prior to an election to vote in that election. This means you must register no later than April 18, 1992, to vote in the presidential primary.)

Requesting a Party Ballot

Voters are not required to register with a political party to vote in the presidential primary. Initiative 99 only requires that voters make a declaration as to which party ballot they wish to receive and in which political party's presidential primary they wish to participate. This

request will be recorded, but it should not be construed as a political party registration or a declaration of party membership. The party ballot request requirement applies only to the presidential primary; it does not affect the state's regular blanket primary law, which allows voters to alternate between political parties when voting to nominate candidates to the general election ballot. (The ballot request provision was included in the presidential primary law to avoid any potential conflict with the eligibility rules of the national political parties. In recent U.S. Supreme Court decisions, national party rules have been held to override state election laws in certain circumstances, including eligibility to participate in presidential primaries.)

Ballot Format

Each political party will be assigned a ballot of a particular color. You will be issued a ballot corresponding to your signed request which will list only the candidates of that party. Should you vote for a candidate of a party different from the one you requested, your vote in the presidential primary will not be counted.

Absentee Ballots

You may vote by absentee ballot in the presidential primary, but your request **must** state which political party ballot you wish to receive. Absentee ballot requests will be available from your county auditor (in King County, the Department of Elections) preceding the presidential primary.

Precinct Caucuses

The approval of a presidential primary has not eliminated the precinct caucus system; to the contrary, the caucuses continue to play an important role in the state's process of nominating presidential candidates. The caucuses are still the starting point for selecting the delegates who will ultimately attend the national nominating conventions of the major political parties. Under the new system, however, delegates from the state of Washington will be allocated according to the popular vote in the primary, not by a vote in the caucuses. Precinct caucuses also provide an opportunity to determine party platform, to vote on resolutions, and to meet candidates for a variety of offices. (For more information on the caucus and convention system, see page 36.)

"MOTOR VOTER" REGISTRATION

Beginning January 1, 1992, Washington citizens will be able to register to vote through an innovative new program which connects the voter registration process with the state's driver licensing system. This procedure, commonly referred to as "Motor Voter," is designed to provide a quick, convenient method of voter registration for those who are obtaining their Washington state driver's license.

"Motor Voter" registration will be available at each of the 59 Department of Licensing driver licensing examining offices located around the state. When you visit one of these offices to apply for or renew your driver's license, the licensing examiner will ask if you wish to register to vote. If the answer is yes, the examiner will confirm the address information on your license application and ask you to sign a voter registration card affirming that you are a citizen of the United States and that you will be at least eighteen years of age at the next election.

The "Motor Voter" registration process will take only a few minutes of your time, and it will be well worth the effort. The "Motor Voter" system can also be used to transfer your registration if you have moved to a new address, or to update any other information such as a change in name. Remember, you must be registered at least 30 days in advance of an election to vote in that election; while you need only register once, you must be registered for 30 days before you can vote.

In addition to "Motor Voter," there are numerous other ways to register to vote in Washington state. Voter registrars are available in county auditor offices, city halls, schools, libraries, fire stations, and numerous other locations. If you need assistance in locating a voter registrar in Snohomish County or registering to vote, contact the Snohomish County Auditor's Office, 3000 Rockefeller Avenue, Everett, WA 98201, or call 388-3444 between 9:00 a.m. and 5:00 p.m.

INITIATIVE MEASURE 553

TO THE PEOPLE

Note: The ballot title and explanatory statement were written by the Attorney General as required by law. The complete text of Initiative Measure 553 begins on page 24.

Official Ballot Title:

Shall there be limitations on terms of office for Governor, Lieutenant Governor, State Legislators, and Washington State members of Congress?

The law as it now exists:

Persons can be candidates for election or re-election for the State Legislature, Governor, Lieutenant Governor, or Congress without any limitation based on prior service. No one is disqualified from seeking those offices for having previously served.

Statement for

Term Limitation Is A Crucial Bi-partisan Government Reform

Vote YES for Initiative 553 for *real* political reform. That's why over a quarter million Democrats, Republicans, and Independents signed this initiative. I-553 will solve a fundamental problem in our political system: the need to limit the number of years a politician can stay in a particular office. *Vote YES on I-553 for necessary government reform!*

Return Control of OUR Government to the People — Where it Belongs

"Experienced" career politicians, financed by PACs and special interest money, have brought us the S&L scandal, a \$3 trillion national debt and elected officials' excessive pay raises. Term limitation will make it more difficult for lobbyists to maintain their influence with elected officials. Our Founding Fathers envisioned citizen legislators, not career politicians. *Vote YES on I-553 to reduce special interest influence.*

Reduce the Influence of Lobbyists and Special Interests

Re-election is a politician's top priority. Nothing proves it more than the outrageous growth in campaign spending using PAC and special interest money. We have a system where incumbents, who choose to run, nearly always win - 96% re-elected to Congress in 1990, 96% re-elected to the Washington State Legislature. Excellent candidates are discouraged from running against incumbents. *Vote YES on I-553 to provide opportunities for fair competition.*

Term Limitation Is a National Movement

Our President and 31 governors have term limits. Oklahoma, Colorado and California passed term limits in 1990. Term limitation movements are underway in 22 states for 1992. Nationally, incumbency has taken over our political system and voters are staying home. *Vote YES on I-553 to regain meaningful choice at the voting booth, locally and nationally.*

Vote YES on I-553 to assure a responsive citizen legislature.

Rebuttal of Statement against

Scare tactics and doomsaying are desperate maneuvers by career politicians who don't want to give up their power and perks.

Thomas Jefferson was the original advocate for term limitations because he foresaw the problems associated with the accumulation of power.

I-553 makes our representatives more accountable to us. What's so radical about that? Ask yourself this question. If special interests and bureaucrats will flourish under term limits, why are they so opposed to term limits?

Voters Pamphlet Statement Prepared by:

JACK METCALF, Chair of the Senate Environment & Natural Resources Committee; SHERRY BOCKWINKEL, Independent Businesswoman; PROFESSOR WALLACE M. RUDOLPH, Professor of Constitutional, Legislative & Administrative Law, Puget Sound School of Law.

Advisory Committee: JOHN SONNELAND, Spokane area businessman and professional; DEAN SUGIMOTO, Accountant; SAM ALLRED, Democratic Precinct Chair, Sumner; CHARLES F. GRIGG, President of Griggs Enterprises; PAUL CASEY, Publisher of Matur-ing/The Federal Reporter.

The effect of Initiative Measure 553, if approved into law:

This initiative declares that no one would be eligible to serve more than two consecutive terms as Governor or Lieutenant Governor.

For state legislative offices, the declared maximum would be ten consecutive years; with no more than three consecutive terms in the House or two consecutive terms in the Senate. Current legislators who have already reached the maximum would be eligible to serve one additional term of office.

For congressional offices, the declared maximum would be twelve consecutive years; with no more than three consecutive terms in the House or two consecutive terms in the Senate. Current members of Congress who have already reached the maximum would be eligible to serve one additional term of office.

For legislative and congressional offices, terms would be considered as consecutive unless they are at least six years apart.

Statement against

- Initiative 553 is a radical effort to reform politics which will do more harm than good.

- Today we can choose which officials to keep and which have been there too long. 553 would take that choice away. Between 1979 and 1989 we turned over 81% of our legislature. Almost a quarter were new in 1991. Washington voters are turning incumbents out *now*. This initiative is a solution to a problem that doesn't exist.

- If 553 passes, we will lose all of our Congressional delegation in 1994. Speaker of the House Tom Foley and past giants such as Scoop Jackson, Dan Evans and Warren Magnuson have protected us against powerful east coast interests. How will newcomers have the clout to protect the electric rates and irrigation rights which underpin our economy? How can we prevent the closure of a Whidbey Island Naval Air Station and keep supertankers out of Puget Sound? Do we want offshore oil drilling? There's too much to lose.

- Without senior members, the Legislature will have less institutional memory, and the influence of professional lobbyists and appointed bureaucrats will increase.

- 553 won't take big money out of campaigns. And it will actually reduce competition. Why run against an incumbent when you can wait for an automatic open seat?

- If 553 passes, we'll lose good people with the bad. And will the new ones be better — or just know less?

Rebuttal of Statement for

Term limitation is NOT a national movement. Only one state has done what Initiative 553 would do. Most people recognize that to send newcomers to Congress while other states don't would be to lose the power to protect the regional economy and natural resources.

Initiative 553 will NOT reduce the influence of special interests. We need to take big money out of campaigns. Initiative 553 will not do that.

You should decide who to vote for. Vote no on Initiative 553.

INITIATIVE MEASURE 559

TO THE PEOPLE

Note: The ballot title and explanatory statement were written by the Attorney General as required by law. The complete text of Initiative Measure 559 begins on page 24.

Official Ballot Title:

Shall property value for tax purposes be the January 1, 1985 value or subsequent sales price, adjusted for cost of living changes?

The law as it now exists:

Real property is valued for tax purposes at its true and fair value without reference to when the particular property was purchased. The Washington Constitution requires that taxes on the same class of property be uniform within a taxing

district, and that all real estate is a single class. The Constitution also limits property taxes to one percent of the true and fair value of property, unless additional taxes are approved by the people.

The effect of Initiative Measure 559, if approved into law:

This initiative would not change any provisions of the Constitution. The initiative declares a different method will be used to determine the value of real property for tax purposes beginning with taxes to be collected in 1992.

The new determination of assessed value would begin with the 1985 assessed value of the particular property, or the selling price, if sold after January 1, 1985. This value would be adjusted to reflect subsequent additions or removals of property improvements. For taxes to be collected in 1992 that property value would be further adjusted to

reflect the percentage change in the cost of living index between 1985, or the sale date if later, and 1991. Any increase in value based on the cost of living adjustment could not exceed four percent a year nor could it result in a value exceeding the present true and fair value of a particular property.

In subsequent years the assessed property value for tax purposes would be annually adjusted by the formula or if the property is sold then the sale price would become the new assessed value.

Statement for

Initiative 559 will put common sense and affordability back into our property tax system. In addition, assessments will be stabilized.

Greedy politicians have been riding the real estate market to bigger and bigger budgets, raising taxes as they go. Initiative 559 will stop them.

- Initiative 559 will protect home owners and renters.
- Initiative 559 will limit future assessment increases to 4% annually.
- Initiative 559 will protect both new and long-term home owners.
- Initiative 559 will provide more than adequate funding for schools, parks and social services.

Our current tax structure has forced a 69% increase in property taxes since 1985. Also, the state budget has doubled in the past eight years. It is time to put on the brakes. We should not be taxed out of our homes.

Vote "yes" on Initiative 559 for property tax relief.

Rebuttal of Statement against

The question boils down to a simple one: Should property taxes be lowered?

It is the opponent's job as a politician to find ways to increase the State revenue. The opponent would like to obscure the fact that the middle class always carries the burden of taxation.

Property tax payers are supporters of 559. Why? It lowers taxes. There is a constitutional lid of \$10 per mille on the State tax rate.

For more information call: (206) 322-4740.

Initiative 559 would roll back the recent unfair property tax increases.

Voters Pamphlet Statement Prepared by:

MARIJCKE V. CLAPP, Committee For Fair Property Assessment; WYNN CANNON, Committee For Fair Property Assessment; PAM ROACH, State Senator.

Advisory Committee: MIKE HEAVEY, State Representative; SCOTT NOBLE, Valuation Advisor; PAUL SNYDER, Citizen Taxpayer Association; GOVERNOR DIXY LEE RAY.

Statement against

INITIATIVE 559 IS THE WRONG ANSWER FOR WASHINGTON'S PROPERTY TAXPAYERS

I-559 WILL SHIFT TAXES

I-559 doesn't lower taxes, it *shifts* them from one taxpayer to another. This means owners of low to moderate-valued properties will subsidize the tax burden of high-valued property owners. Why provide tax relief to those who need it the least — the owners of high-valued property — at the expense of the middle class? This is Robin Hood in reverse!

Under I-559, tax relief for some will mean higher taxes for many others.

DON'T BE MISLED; I-559 WILL INCREASE TAXES

Property taxes are calculated by multiplying assessed valuations and tax rates. When valuations go down, tax rates go up. I-559 limits valuation for some, but raises tax rates for *all* property owners. Even renters will pay more because of property tax increases.

Will you pay less or more? Do you know?

I-559 IS UNEQUAL, UNFAIR AND COMPLICATED

Under I-559, identical homes in the same neighborhood will pay vastly unequal taxes. You may pay higher taxes than your neighbors. Is this "fair"?

I-559 doesn't reduce property taxes for senior citizens. In fact, senior citizens may be "trapped" in a larger home since taxes on a smaller, more practical home may be much higher.

I-559 places the heaviest tax burden on first-time homebuyers and growing families entering the real estate market. Are you willing to pass this increased tax burden to your children and grandchildren?

I-559 violates our constitutional requirement that all taxes be applied equally and uniformly.

I-559 will cause uncertainty and confusion. Why have your taxes pay for more bureaucracy and lawsuits instead of funding schools, emergency services and fire protection?

Vote "NO" on I-559.

Rebuttal of Statement for

No one wants higher taxes! That's why you should oppose I-559!

In King County alone, 64.9% of housing units under \$120,000 will pay higher taxes, while 92.0% of million-dollar homes get a tax break. That's not fair!

It's even more unfair in other counties!

I-559 doesn't lower assessments equally and doesn't lower taxes at all.

CHAPTER 54, LAWS OF 1991

ENHANCED 9-1-1 SAVES LIVES AND PROPERTY

You are hurt and cannot breathe or speak. Or, a child witnesses an accident or crime. Or, you are in emotional distress and cannot accurately describe your location. Enhanced 9-1-1 could mean the difference between life and death.

WHAT IS ENHANCED 9-1-1?

With Enhanced 9-1-1, when a call is answered, the caller's location is confidentially displayed on a screen. Help can be sent immediately to the correct location, even when the caller cannot talk, such as a suddenly ill person, or someone terrified by an intruder. Help can be sent even when callers such as children, babysitters, visitors, or distraught relatives or friends of victims, cannot describe their location.

ENHANCED 9-1-1 SHOULD BE AVAILABLE STATEWIDE

82% of Washington's geographic area does not have Enhanced 9-1-1, including areas where you or your loved ones live, travel or vacation. Referendum 42 would bring 24-hour-a-day, 7-day-a-week emergency answering to *all* of Washington.

Expanding Enhanced 9-1-1 statewide would cost only 20 cents a month on telephone bills, which would be reduced to 10 cents in 1998. These funds would be pooled to help bring E9-1-1 to areas now without it. Those currently without any 9-1-1 service would establish E9-1-1 through existing local government budgets or by a maximum of an additional 50 cents a month on telephone bills.

Official Ballot Title:

Shall enhanced 911 emergency telephone dialing be provided throughout the state and be funded by a tax on telephone lines?

The law as it now exists:

Counties are authorized to provide an emergency service communication system, commonly called a 911 system, for police, fire, medical and other emergency calls. Such a system may at the county's option be available either on a county-wide basis, or for a district within a county. With the

A FEW CENTS A MONTH COULD SAVE YOUR LIFE

Statewide, we have a huge investment in police, fire and emergency medical services. Enhanced 9-1-1 will speed access to those services, saving more lives and property...thus increasing the effectiveness of these vital services. For only a few cents a month, it's a bargain. *Vote yes!*

Rebuttal of Statement against

Opponents of Referendum-42 claim it's unnecessary—they should tell you this in an emergency. The fact is geographically 82% of Washington is *not* protected by *Enhanced 911*. *Enhanced 911* will lead to a better response system and *reduce* bureaucracy. Rather than taking away your right to vote, Referendum-42 *provides* you the right to vote to ensure lifesaving assistance for injured children, workers and the elderly. For so few pennies a month, don't leave yourself helpless.

approval of the voters, the county may impose a tax not exceeding \$.50 per month on the use of telephone access lines to fund the emergency service communication system. The telephone company collects the tax and remits the same to the county.

The effect of Referendum Bill 42, if approved into law:

All counties would be required, by December 31, 1998, to singly or in combination with adjacent counties implement an emergency service communication system, a 911 system. The system would be for the reporting of police, fire, medical and other emergencies. Such systems would selectively switch the calls to the appropriate public safety answering point which would have the capacity to automatically display the name, address and telephone number of the incoming 911 call. A county tax of \$.50 per switched access line each month, not requiring voter approval, would be collected by

Statement against

REFERENDUM BILL 42 IS TOTALLY UNNECESSARY

We strongly support 911...but we don't need this referendum. Current law already allows counties to establish 911 services. In fact, 94% of the phone lines in Washington are covered by 911.

For those areas not covered, counties already have the authority to impose a 911 surcharge with voter approval. This tax is limited to six years without subsequent voter approval. Referendum-Bill-42 would remove the six-year limitation and allow the tax to be imposed indefinitely.

Referendum-Bill-42 also creates an additional bureaucracy paid for by a surcharge on your phone. The initial cost to implement Referendum-Bill-42 is an estimated \$16.5 million with an additional \$6 million subsidy every year thereafter. We just don't need more government, more taxes, and less accountability.

REFERENDUM BILL 42 GIVES EVEN MORE TAXING POWER TO GOVERNMENT

Referendum-Bill-42 repeals laws requiring counties to obtain voter approval before they can impose a tax on phone services. We are again being asked to give up a right to protect ourselves from excessive taxation and make it easier for government to tax us more.

In addition, Referendum-Bill-42 imposes a new statewide tax on every phone line in Washington so users will be hit with two ongoing taxes...a county tax and a state tax.

the telephone company and remitted to the county for operating the system.

A statewide emergency communication network, also a 911 system, would be provided. A statewide advisory committee would be created, appointed by the director of the Office of Community Development, and a 911 state coordination office would be established. Commencing on January 1, 1992, there would be a \$.20 per month charge for each switched access line, and thereafter the amount would be set by the Utilities and Transportation Commission in response to a recommendation by the state 911 coordinator. However, such charge could not exceed \$.20 per month, and after December 31, 1998, \$.10 per month. This tax would be collected by the local telephone company and remitted to the state.

REFERENDUM BILL 42 WILL COST EVERYONE, EVEN THE POOR

Referendum-Bill-42 imposes taxes on everyone's telephone line without regard to economic status. Thus, seniors, the poor, and others on fixed incomes will be hit the hardest.

Moreover, Referendum-Bill-42 forces those who have already paid or are paying for their own 911 services to subsidize others who can afford to pay for themselves. This is not fair.

PLEASE VOTE "NO" ON REFERENDUM BILL 42

Rebuttal of Statement for

We want to make it very clear. We strongly support 911. But Referendum-Bill-42 wants to tax everyone in the state, including the poor, to subsidize 911 services for others who can easily afford to pay for themselves. This is not fair. In addition, it creates a new state tax, removes your right to approve tax increases, creates additional bureaucracy and costs millions of dollars. Let's keep local control and tax fairness.

INITIATIVE MEASURE 119

TO THE LEGISLATURE

Note: The ballot title and explanatory statement were written by the Attorney General as required by law. The complete text of Initiative Measure 119 begins on page 29.

Statement for

STOP NEEDLESS PAIN AND SUFFERING OF TERMINAL PATIENTS

The law to protect patients' rights is not working. Too often people are kept alive by technology that only delays death, without any chance of recovery. Unconscious patients are maintained on tubes and machines against their previously expressed wishes, sometimes for years. Conscious and suffering adult patients within six months of death are not permitted to choose a death with dignity according to their own personal beliefs.

STRENGTHEN THE LIVING WILL

The legislature has failed to meet the needs of hopelessly ill people. I-119 respects the last wishes of patients to refuse all artificial life supports—including feeding tubes—if such treatment only prolongs the process of dying, or if we end up in a permanent vegetative state and cannot return to consciousness.

STRONG SAFEGUARDS PROTECT EVERYONE

Where two physicians have confirmed a terminal condition, a conscious and mentally competent dying adult patient will be able to ask his or her physician for medication to end life in a dignified, painless, and humane manner. Such written requests require two independent witnesses and can be revoked at any time. The options permitted by I-119 are completely voluntary for patients, physicians, and health-care facilities.

Official Ballot Title:

Shall adult patients who are in a medically terminal condition be permitted to request and receive from a physician aid-in-dying?

The law as it now exists:

Washington State's Natural Death Act permits adults to voluntarily make a written directive that life sustaining procedures (the definition of which does not mention artificial nutrition nor hydration) be withheld or withdrawn when the individual is in a terminal condition. The written

authorization must be witnessed by two persons and is revocable at any time. Two physicians must verify that the individual is in a terminal condition before there can be a withholding or withdrawal of medical, surgical, or other means to sustain or prolong life. Furthermore, there must be a medical conclusion that death is imminent. Persons who comply with an individual's written authorization are protected from civil or criminal responsibility for those acts. Mercy killings, however, are not authorized.

The effect of Initiative Measure 119, if approved into law:

Adults would continue to be authorized to voluntarily make a written directive that life sustaining procedures be withheld or withdrawn when the individual is in a terminal condition. However, what is considered to be a terminal condition would be expanded to include any terminal condition which would irreversibly result in death within six months or when there is no reasonable probability of recovery from an irreversible coma or persistent vegetative state.

The withdrawal or withholding of life sustaining procedures would specifically include the artificial administration of nutrition and hydration.

Adults in a terminal condition would also be authorized to make a voluntary written directive affirmatively asking for "aid-in-dying" when in a terminal condition, and the patient must be conscious and mentally competent when service is provided. In accord with that patient directive a physician could act to end their life in a "dignified, painless, and humane manner." The prohibition against mercy killings would be retained but "aid-in-dying" under the act would be permitted.

No physician would be required to provide aid-in-dying nor would a health facility be required to permit "aid-in-dying" within its facility. Licensed medical personnel acting in accordance with patient directives for withholding or withdrawing of life sustaining procedures, and physicians providing aid-in-dying, would be protected from civil and criminal responsibility for those acts.

Statement against

LEGALIZES HOMICIDE

Initiative 119 radically changes the homicide laws in Washington. Calling it "aid-in-dying", I-119 allows doctors to kill their patients when they are diagnosed with only six months to live.

Why would Washington want to be the only place in the world where doctors could legally kill dying patients? Proponents want you to believe it's to care for dying people. But I-119 pushes caring aside in favor of killing.

WE DON'T NEED I-119

Washington laws already allow you to choose to turn off life-extending machines, like respirators. The law already allows dying people to have as much medication as they need to be free from pain. Our laws must make sure everyone gets the quality care they need. We should never ask our doctors to kill.

I-119 HAS NO SAFEGUARDS

No safeguards for depressed persons who in a moment of despair ask for a lethal injection.

No safeguards to protect vulnerable people from being pressured into assisted suicide because they are a burden on others.

No safeguards to stop someone from ending their life only because they have no money for health care.

No safeguards for patients who are misdiagnosed as terminal and then are mistakenly killed.

No safeguards for families who find that a loved one has been killed without their knowledge.

CARING NOT KILLING

We *should not* kill dying people nor prolong their pain and suffering with life-extending machines. We *should* give them all of our care and compassion.

Vote NO on Initiative 119.

Rebuttal of Statement for

Living Wills exist today for those who choose to discontinue life-extending procedures. Proponents of I-119 are simply trying to frighten people into accepting their solution of killing as a way to relieve pain and suffering.

I-119 protects the doctor who takes your life, but has no safeguards for you.

Make your choice known by turning down this careless and dangerous law.

Rebuttal of Statement against

I-119 protects your right to decide. Many hospitals and nursing homes refuse to remove artificial feeding tubes from terminal patients, even those who have Living Wills.

Safeguards include: • only conscious, mentally competent terminal patients may request aid-in-dying • limited to adults • two independent witnesses must sign • two licensed physicians • entirely voluntary for patients, doctors, and hospitals.

Cancer and AIDS patients, and others with terminal conditions, should be permitted their own decisions at the end of life.

INITIATIVE MEASURE 120

TO THE LEGISLATURE

Note: The explanatory statement was written by the Attorney General as required by law. The ballot title was court mandated. The complete text of Initiative Measure 120 begins on page 32.

Statement for

WHAT IS INITIATIVE 120?

Washington Initiative 120 is PRO-CHOICE and protects our existing right to choose whether or not to have an abortion. This right was granted by the landmark U.S. Supreme Court's *Roe v. Wade* decision in 1973.

Initiative 120 recognizes the fundamental right of the people of Washington to make personal decisions regarding birth control and abortion — without government interference.

WHY DO WE NEED INITIATIVE 120?

The right to choose is threatened! Recent U.S. Supreme Court decisions leave no doubt — *Roe v. Wade* could be overturned as soon as next year!

Initiative 120 keeps the decision about abortion between women and their doctors in Washington state.

Initiative 120 keeps abortion legal and safe for all women in Washington — regardless of their economic situation — no matter what the U.S. Supreme Court does.

WHAT ARE THE KEY PROVISIONS OF INITIATIVE 120?

1. Continues the legal right to choose or refuse an abortion up to the point when there is a medical likelihood that the fetus can survive outside the woman's body — and thereafter *only* to protect the life or health of the woman;
2. Allows *only* physicians to perform abortions;
3. Continues the current State practice of funding prenatal care and abortion for low-income women;
4. Ensures safe abortions by prohibiting abortions outside the provisions of this Initiative.

Official Ballot Title:

Shall state abortion laws be revised, including declaring a woman's right to choose physician performed abortion prior to fetal viability?

The law as it now exists:

In 1970 Washington voters approved a statute which permitted the performance of an abortion if the following conditions were met:

1. Be within four lunar months from the time of conception.

WHO SUPPORTS INITIATIVE 120?

Initiative 120 is supported statewide by thousands of Washington citizens, more than 60 prestigious organizations, and community leaders from medical, labor, civic, religious and women's groups.

We urge you to join with us and **VOTE PRO-CHOICE — VOTE YES on 120** on November 5.

PRO-CHOICE INITIATIVE 120 — written by Constitutional scholars in consultation with leaders of the medical community — *protects existing rights and current practice* to choose whether or not to have an abortion no matter what the U.S. Supreme Court does to *Roe v. Wade*.

PRO-CHOICE INITIATIVE 120 continues the choice of legal, safe abortions for women in Washington state.

2. Consent by the woman and spouse or by a parent if under the age of eighteen.
3. The woman must have been a state resident for ninety days.
4. Be performed by a physician.
5. Be performed in an approved medical facility.

As a result of court decisions, commencing with *Roe v. Wade* in 1973, abortions can be lawfully performed any time during the first six lunar months from the time of conception. No consent is required by a spouse or parent and there is no residency requirement. Further, an abortion during the first six months is not required to be conducted in a hospital.

The effect of Initiative Measure 120, if approved into law:

The Washington statutes would be changed but the initiative would not change the court decisions.

Statement against

INITIATIVE 120 IS EXTREME

Initiative-120 goes far beyond existing law. It will be the most radical abortion law in the United States.

INITIATIVE 120 CREATES ABORTION ON DEMAND

Initiative-120 allows abortions for any reason, including birth control, convenience or sex selection ... even in the final three months of pregnancy.

INITIATIVE 120 DISREGARDS THE RIGHTS OF PARENTS

Initiative-120 allows young girls of any age to get abortions ... without their parent's knowledge or permission.

INITIATIVE 120 PROTECTS THE ABORTION INDUSTRY NOT WOMEN

Initiative-120 makes it nearly impossible for women to recover damages for abortion-related injuries by giving special legal protections to abortionists.

Initiative-120 prohibits nearly all regulations that protect a woman's life or health and allows unqualified personnel to participate in abortion services.

INITIATIVE 120 COSTS TAXPAYERS MILLIONS MORE DOLLARS

Initiative-120 allows all women, even wealthy women, to demand taxpayer-funded abortions.

Initiative-120 requires state and local governments to provide the same amount of money for abortion services that is being provided for prenatal and maternity care for women and children. This will require reductions in current services or tax increases to pay at least \$64 million more for additional abortion-related costs.

State law would declare a fundamental right to choose or refuse birth control or abortion prior to the viability of the fetus or when necessary to protect the woman's life or health. The good faith judgment by a physician as to pregnancy duration and fetus viability would be a defense in any proceeding alleging a violation of the act. The termination of the pregnancy would not be required to be performed in a hospital facility. If the state provides any maternity care benefits, it would be required also to provide substantially equivalent benefits for the termination of pregnancies.

INITIATIVE 120 IS UNNECESSARY

Current state law already allows women easy access to legal abortion and ensures medically-accredited facilities. We just don't need Initiative-120.

INITIATIVE 120 GOES WAY TOO FAR

Initiative-120 allows abortions for any reason, even in late pregnancy, in unsafe facilities with unqualified personnel, for young girls, even behind their parent's back ... and forces you, the taxpayer, to foot the bill.

PLEASE VOTE "NO" ON INITIATIVE 120

For more information on Initiative 120 call (206) 867-1351.

A MORE SIMPLE AND DIRECT ALTERNATIVE METHOD

SJR 8203 provides a more simple and direct method to submit a proposed county home rule charter to voters for their approval or rejection. It does not eliminate the current freeholder option. The existing method to write a county home rule charter is time consuming, complicated, expensive, and has frustrated voters.

SJR 8203 IS ANOTHER WAY TO SECURE COUNTY HOME RULE

Under SJR 8203, the Legislature creates an unsalaried temporary commission to prepare five different county charters. Any one of these charters may be submitted directly to voters upon either a petition filed by county voters or a decision by the county government. The same procedures are used to elect freeholders under the existing method.

The only changes under SJR 8203 are to *eliminate double elections* and to offer a *more direct, less costly alternative method* of submitting a proposed county home rule charter. A charter cannot be adopted without voter approval.

WHY COUNTY HOME RULE?

By adopting a county home rule charter, local voters — instead of the Legislature — determine the structure of their county government. Voters need the flexibility to determine what structure is most appropriate for their local needs.

When voters approve a charter, the county may offer its citizens:

- The right of initiative and referendum on county matters.

Official Ballot Title:

Shall the Constitution be amended to permit an alternative method of drafting county home rule charters for submission to voters?

The law as it now exists:

The Constitution permits the voters of a county to approve the adoption of a home rule charter. The process set forth in the Constitution requires an election in the county of 15 to 25 freeholders. The elected freeholders then draft a

- A more representative county council or board.
- The power to adapt to changing needs through voter approved charter amendments.

SJR 8203 INCREASES VOTERS' POWER

Thoughtfully drafted alternative charters enhance the ability of voters to govern themselves by offering a variety of choices for county government.

Why not let the voters decide, rather than the Legislature? VOTE YES.

Rebuttal of Statement against

The opponents' arguments are not valid. SJR 8203 *does not* take away the right to elect freeholders. It is an *alternative* which gives citizens the choice of selecting one of five predrafted charters or drafting their own. Local control is enhanced, not diminished.

The structure of government in counties without home-rule charters is at the mercy of the state legislature. This amendment will make it easier for counties to control their own affairs.

proposed home rule charter which is submitted to the county voters for approval or rejection.

The effect of Senate Joint Resolution 8203, if approved into law:

The present process for adopting a home rule charter would be retained and an alternative method would be provided.

The new alternative method would have a state committee appointed by the Governor draft five alternative home rule charters. A county legislative body or a petition signed by the equivalent of 10 percent of the county voters voting in the preceding general election could select one of the five alternative proposed home rule charters to be submitted to the county voters for approval or rejection. The voters would then either approve or reject the proposed charter.

Statement against

PROTECT YOUR RIGHTS: VOTE NO ON SJR 8203

Watch out, the purpose of SJR 8203 is to reduce your constitutional rights while expanding the power of state government.

Article XI, Section 4 of our Constitution permits the voters of a county to approve the adoption of a home rule charter. The process set forth in the Constitution requires the election in the county of 15 to 25 freeholders. *The elected freeholders in your county* then draft a proposed home rule charter which is submitted to the county voters for approval or rejection. Elected freeholders hold meetings and proposed changes are discussed in public hearings so all voters are aware of proposed changes in county government.

BEWARE: STATE GOVERNMENT TAKES THE POWER

The effect of SJR 8203 if approved takes the power away from the citizens and places it in the hands of the state government.

The new alternative method would have a state committee—appointed by the Governor—draft five alternative home rule charters. Voters would not have a role in writing a charter.

Remember, the Home Rule Charter Constitutional change was defeated overwhelmingly in every county in the state in 1976. At that time, the measure before the voters was HJR 64. It received 347,555 "yes" votes and 892,419 "no" votes.

THE COURTS NEED MORE FLEXIBILITY THAN IN 1889

The original Constitution provided that counties could have three Court Commissioners regardless of the county's population. Thousands of lawsuits are filed each year. Courts have attempted to adapt and deal with increasing court congestion without adding more judges. One strategy has been to create specialty Court Commissioners in the areas of mental health and family law. This has helped, yet lacks flexibility among counties of different populations and varying volumes of court cases.

THE WASHINGTON COMMISSION ON TRIAL COURTS RECOMMENDED THIS AMENDMENT

In 1990, the Chief Justice of the Washington State Supreme Court appointed the Washington Commission on Trial Courts. This Commission recommended that the limit of three Court Commissioners for each county be changed. The duties of Court Commissioners, however, remains unchanged, performing duties such as probate proceedings, issuing temporary restraining orders and hearing uncontested civil matters. Decisions of Court Commissioners are subject to review by an elected judge. Commissioners performing less complicated activities avoid additional permanent judgeships.

COUNTY COMMISSIONERS WILL DECIDE COUNTY-BY-COUNTY

County commissioners are responsible for budgeting the costs of courthouse operation. They are able to determine how many Commissioners are needed and set their compensation. Mental health and family law commissioners would

Official Ballot Title:

Shall each county legislative body establish the number of Superior Court Commissioners and the constitutional limit of three be repealed?

The law as it now exists:

The State Constitution now limits the number of Superior Court Commissioners who can be appointed by the Superior Court Judges in each county to a maximum of three commissioners. These general Court Commissioners are constitu-

tionally limited in their functions and do not possess the full powers of a Superior Court Judge. These Commissioners have authority to perform duties that a judge can perform at chambers, take depositions, and perform other business connected with the administration of justice as prescribed by law. The decisions of the Commissioners are subject to revision by the Superior Court Judges.

SUPPORT THIS CHANGE FROM THE ARCHAIC

This constitutional amendment is a small but meaningful step in combating court congestion and in meeting the changing needs in individual counties. It deserves your support.

Court Commissioners are qualified attorneys with judicial skills. None are paid \$80,000. Like elected judges, Commissioners are subject to ethical review by the Judicial Conduct Commission.

All Court Commissioner decisions are subject to review by an elected judge upon request of any party (RCW 2.24.050).

Our crucial issue is flexibility to deal with increased civil caseloads in a state whose population has increased to nearly 5,000,000 people. Court Commissioners are a practical, cost-effective, proven solution.

The only change would be to delete the constitutional limitation of having a maximum of three Superior Court Commissioners in each county. The number of Court Commissioners in each county would be determined by the legislative authority of that county, not by the court.

Statement against

Court Commissioners are a blight on our judicial system. Most are unsuccessful lawyers who opt for the security of this appointed position and an \$80,000 paycheck.

Commissioners are not acting as the Constitution provides -- making "uncontested" decisions. These responsibilities are for elected accountable judges, not appointed, unelected and unaccountable Commissioners.

Before Commissioners, citizens lose their constitutional rights; no right to an affidavit of prejudice, no right to appeal on the record, and most importantly, no right to speak! This proposed constitutional amendment is bad judicial reform. Good government costs money and requires accountability. Washington may need more Superior Court Judges, but not more unelected, unaccountable Court Commissioners.

Commissioners decide most family law cases. Because they tolerate false statements and they refuse to discipline parties for perjury, family court is derisively known as "perjury court" or "liars court".

Bad judges can be removed, bad Commissioners remain kings in their court, and just like kings, they lose touch with reality. Overturning Commissioner decisions takes time and money, both of which the vast majority of parties don't have.

Integrity and accountability in our judiciary requires judges who have respect for the constitutional rights of children and parents. Divorce is too easy in Washington. Commissioners not only divorce parents, but they also divorce children from one of their parents by arbitrarily awarding sole custody. Commissioners do not realize the significant effect their decisions have on the lives of people who appear before them.

Vote no to preserve an accountable judiciary.

Rebuttal of Statement for

The proponents ask you to allow the appointment of unlimited numbers of Court Commissioners, not subject to election or public review, who will have virtually the same powers as elected judges.

Appointing more second-class pseudo-judges will not solve anything, and will only add to the cost and inefficiency of the present system by adding scores of unelected officials.

We rejected a similar proposal in 1981. We must do so again. Please vote "NO".

Statement for

COURT CONGESTION AND DELAY ARE HARMFUL TO THE PUBLIC

The State Constitution allocates jurisdiction between the Superior Courts (our chief trial court) and the courts of limited jurisdiction, which include the District Court.

"EQUITY" CASES CAN ONLY BE BROUGHT IN SUPERIOR COURT

The Constitution creates jurisdiction only in the Superior Court for matters in "equity" as well as many other enumerated matters. Cases in "equity" would cover things not thought of as "black letter" law issues. They would include, among other things, actions or injunctions or restraining orders. Perhaps most significantly today, they would include the issuance of protective orders in the case of domestic violence or harassment cases.

DISTRICT COURTS SHOULD BE ALLOWED TO HANDLE CERTAIN CASES

A recommendation from the Washington Commission on Trial Courts appointed by the Washington State Supreme Court is that jurisdiction over the domestic violence and anti-harassment cases, the authority to grant name changes, and other more minor ministerial actions should be transferred to the District Courts. The Legislature considering these arguments concluded that it was appropriate that *both* District and Superior Courts should have jurisdiction. This change will assist in court congestion and court management. In some circumstances, this change will get the cases into courthouses that are closer to the public rather than only handled in the Superior Courts located in the county seat.

Official Ballot Title:

Shall the Constitution's description of the Superior Court's original jurisdiction be amended by deleting the reference to "cases in equity"?

The law as it now exists:

The Washington State Constitution describes the original jurisdiction of the state Superior Courts. The Superior Courts also have jurisdiction for other matters as designated by the Legislature. The Constitution's description of original

jurisdiction provides that the following legal actions are to be initially commenced in the Superior Courts of this state: cases at law involving real property, legality of taxes, felony cases, probate, divorce, annulments, insolvencies, abatement of nuisances, and other special actions not specifically assigned by the Legislature. The description also refers to "cases in equity" which is not defined.

There is difficulty in precisely defining what is meant by "cases in equity." The distinction between "cases at law" and "cases in equity" dates back historically to England, where there were common law courts and separate chancery or "equity" courts. Historically "equity courts" were more innovative in creating remedies. Equity matters frequently involved injunctive relief and claims not related to money damages. However, in the United States and in Washington state we do not have separate court systems for "equity" and "law." Therefore, the historical distinctions have become blurred, and there is no precise definition of what is meant by the Constitution's reference to "cases in equity."

Statement against

EQUITY IS THE SOUL AND THE SPIRIT OF THE LAW

SHJR 4221, if passed, would destroy the Equity Jurisdiction and the constitutional rights to "Equity" in our Superior Courts.

THE JUDICIARY IS THE GUARDIAN OF CONSTITUTIONAL AND PRIVATE RIGHTS

The judiciary is the guardian of the peoples' Constitutional and Private Rights. Most of our territorial rights and laws flowed from the Federalist thinking of Alexander Hamilton, James Madison and the Honorable John Jay (the first Chief Justice of the United States Supreme Court).

EQUITY JURISDICTION GUARANTEES IMPARTIALITY AND JUSTICE

Alexander Hamilton stated in the Federalist Papers LXXX (80): "The Courts of the United States were granted authority over all cases of Admiralty jurisdiction and granted the individual State Courts power in propriety of delegating 'Equity Jurisdiction'". This guaranteed justice and impartiality which means the giving or desiring to give each person their due. Taken broadly, Equity means to do to all persons as we would have them do unto us.

THIS AMENDMENT IS NOT NECESSARY FOR COURT EFFICIENCY

The citizens must vote *NO* on SHJR 4221 as a constitutional amendment to Article IV, section 6, and declare all

The effect of Substitute House Joint Resolution 4221, if approved into law:

The only change would be to delete the reference to "cases in equity" in the constitutional description of the Superior Courts' original jurisdiction. The Legislature could then authorize other courts, including the state District Courts, to exercise jurisdiction for various matters without having to be concerned whether those matters would or would not be characterized as being "cases in equity."

contrary acts such as this null and void in order to preserve our constitutional rights to our courts of Equity. The courts were designed to be an intermediate body between the citizens and the Legislature. Our Constitution is preferred to statutes, and the intention of the people is preferred to that of their agents, the Legislature. This does not mean the judiciary is superior to the Legislature; it only supposes that the power of the people is superior to all three branches of their government.

Rebuttal of Statement for

Beware, this amendment will remove "Equity" from our Superior Courts. The way this amendment is worded you will lose your Constitutional Rights to fairness.

This is a devious and deceitful solution under the pretense to relieve congestion. Sponsors would lead you to believe "Equity" would be in both courts; in reality, it will be in neither!

Vote No. Ask your legislature to put "Equity" in the District Courts like the sponsors said they would do!

Advisory Committee: MARY GOOSMAN, Equal Justice For All; LYDIA SHAVER and JAMES E. SHAVER, SR., Overseer, Santiago Seafarers Society.

THIS AMENDMENT IS NECESSARY FOR COURT EFFICIENCY TO EASE COURT CONGESTION, AND FOR PUBLIC CONVENIENCE

This constitutional amendment is necessary to authorize the Legislature to allocate equity jurisdiction to *both* the Superior Court and the District Courts. This constitutional amendment is necessary for flexibility in dealing with court congestion and for efficiency in running the court system. It deserves your support.

Rebuttal of Statement against

Contrary to the opponents' statement, this constitutional amendment does *not* alter the "equity jurisdiction" of the Superior Courts, but merely extends this jurisdiction to District Courts. Citizens may therefore choose the court that is convenient for their needs.

Founders of the Constitution would *approve* dispersing this judicial choice to the people, particularly when noting the careful analysis and debate by the Legislature and the Washington Commission on Trial Courts in proposing this constitutional improvement.

AN ACT Relating to property value assessment; amending RCW 84.40.030; adding new sections to chapter 84.40 RCW; and creating new sections.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

Sec. 1. RCW 84.40.030 and 1988 c 222 s 14 are each amended to read as follows:

Except as provided in sections 2 and 3 of this act, all property shall be valued at one hundred percent of its true and fair value in money and assessed on the same basis unless specifically provided otherwise by law.

Taxable leasehold estates shall be valued at such price as they would bring at a fair, voluntary sale for cash without any deductions for any indebtedness owed including rentals to be paid. Notwithstanding any other provisions of this section or of any other statute, when the value of any taxable leasehold estate created prior to January 1, 1971 is being determined for assessment years prior to the assessment year 1973, there shall be deducted from what would otherwise be the value thereof the present worth of the rentals and other consideration which may be required of the lessee by the lessor for the unexpired term thereof: PROVIDED, That the foregoing provisions of this sentence shall not apply to any extension or renewal, made after December 31, 1970 of the term of any such estate, or to any such estate after the date, if any, provided for in the agreement for rental renegotiation.

The true and fair value of real property for taxation purposes (including property upon which there is a coal or other mine, or stone or other quarry) shall be based upon the following criteria:

(1) Any sales of the property being appraised or similar properties with respect to sales made within the past five years. The appraisal shall take into consideration political restrictions such as zoning as well as physical and environmental influences. The appraisal shall also take into account, (a) in the use of sales by real estate contract as similar sales, the extent, if any, to which the stated selling price has been increased by reason of the down payment, interest rate, or other financing terms; and (b) the extent to which the sale of a similar property actually represents the general effective market demand for property of such type, in the geographical area in which such property is located. Sales involving deed releases or similar seller-developer financing arrangements shall not be used as sales of similar property.

(2) In addition to sales as defined in subsection (1), consideration may be given to cost, cost less depreciation, reconstruction cost less depreciation, or capitalization of income that would be derived from prudent use of the property. In the case of property of a complex nature, or

being used under terms of a franchise from a public agency, or operating as a public utility, or property not having a record of sale within five years and not having a significant number of sales of similar property in the general area, the provisions of this subsection (2) shall be the dominant factors in valuation. When provisions of this subsection (2) are relied upon for establishing values the property owner shall be advised upon request of the factors used in arriving at such value.

(3) In valuing any tract or parcel of real property, the value of the land, exclusive of structures thereon shall be determined; also the value of structures thereon, but the valuation shall not exceed the value of the total property as it exists. In valuing agricultural land, growing crops shall be excluded.

NEW SECTION. Sec. 2. A new section is added to chapter 84.40 RCW to read as follows:

For taxes payable in 1992 and thereafter, all real property shall be valued at one hundred percent of its assessed value, as finally determined, after any appeals, for property taxes payable in 1985, adjusted as follows: (1) The 1985 assessed value shall be increased to reflect the addition since 1985 of any assessable improvements to such property, that constitute real property, at the cost thereof or, if less, at the true and fair value thereof; (2) the 1985 assessed value shall be reduced to reflect the loss, removal, damage, or destruction since 1985 of any part of such real property, at the true and fair value thereof at the time of such loss, removal, damage, or destruction; and (3) except as provided in section 3 of this act, the 1985 assessed value shall be adjusted to reflect the percentage change in the consumer price index for all urban consumers in the United States, as published by the United States department of labor, from January 1, 1985, to January 1, 1991, for taxes payable in 1992 and for taxes payable in 1993 and thereafter, the assessed value shall be adjusted to reflect the percentage change in the consumer price index for all urban consumers in the United States, as published by the United States department of labor, from January 1 of the year preceding the assessment year to January 1 of the assessment year. In no event shall the percentage change so determined result in an increase in assessed value for any real property that exceeds four percent of the assessed value of the property for the immediately preceding assessment year. In no event shall the assessed value of any real property exceed one hundred percent of the true and fair value thereof as determined under RCW 84.40.030.

NEW SECTION. Sec. 3. A new section is added to chapter 84.40 RCW to read as follows:

In the event any real property is sold or transferred subsequent to January 1, 1985, in a transaction subject to the real estate excise tax imposed under chapter 82.45 RCW, the assessed value thereof shall equal the selling price of the real property as determined under RCW 82.45.030, subject, however, to such adjustments after the date of sale or transfer as are provided in section 2 (1), (2), and (3) of this act; provided, however, adjustments in the assessed value of real property caused by any percentage change in the consumer price index as specified in section 2(3) of this act shall be made from January 1 of the year following any such sale or transfer. In no event shall the assessed value of any real property exceed one hundred percent of the true and fair value of the real property as determined under RCW 84.40.030.

NEW SECTION. Sec. 4. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 5. This act shall be effective for taxes levied for collection in 1992 and thereafter.

NEW SECTION. Sec. 6. The department of revenue shall adopt rules to implement this act.

AN ACT Relating to state-wide implementation of enhanced 911; amending RCW 38.52.030, 9.73.070, 82.14B.010, 82.14B.020, 82.14B.030, 82.14B.040, 82.14B.090, and 82.14B.100; adding new sections to chapter 38.52 RCW; repealing RCW 80.36.550, 80.36.5501, and 82.14B.080; and providing for submission of this act to a vote of the people.

COMPLETE TEXT OF Referendum Bill 42 (con't.)

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Sec. 1. The legislature finds that a state-wide emergency communications network of enhanced 911 telephone service, which allows an immediate display of a caller's identification and location, would serve to further the safety, health, and welfare of the state's citizens, and would save lives. The legislature, after reviewing the study outlined in section 1, chapter 260, Laws of 1990, further finds that state-wide implementation of enhanced 911 telephone service is feasible and should be accomplished as soon as practicable.

Sec. 2. RCW 38.52.030 and 1986 c 266 s 25 are each amended to read as follows:

(1) The director may employ such personnel and may make such expenditures within the appropriation therefor, or from other funds made available for purposes of emergency management, as may be necessary to carry out the purposes of this chapter.

(2) The director, subject to the direction and control of the governor, shall be responsible to the governor for carrying out the program for emergency management of this state. The director shall coordinate the activities of all organizations for emergency management within the state, and shall maintain liaison with and cooperate with emergency management agencies and organizations of other states and of the federal government, and shall have such additional authority, duties, and responsibilities authorized by this chapter, as may be prescribed by the governor.

(3) The director shall develop and maintain a comprehensive, all-hazard emergency plan for the state which shall include an analysis of the natural and man-caused hazards which could affect the state of Washington, and shall include the procedures to be used during emergencies for coordinating local resources, as necessary, and the resources of all state agencies, departments, commissions, and boards. The comprehensive, all-hazard emergency plan authorized under this subsection may not include preparation for emergency evacuation or relocation of residents in anticipation of nuclear attack. This plan shall be known as the comprehensive emergency management plan.

(4) In accordance with the comprehensive emergency management plans and the programs for the emergency management of this state, the director shall procure supplies and equipment, institute training programs and public information programs, and shall take all other preparatory steps, including the partial or full mobilization of emergency management organizations in advance of actual disaster, to insure the furnishing of adequately trained and equipped

forces of emergency management personnel in time of need.

(5) The director shall make such studies and surveys of the industries, resources, and facilities in this state as may be necessary to ascertain the capabilities of the state for emergency management, and shall plan for the most efficient emergency use thereof.

(6) The director may appoint a communications coordinating committee consisting of six to eight persons with the director, or his or her designee, as chairman thereof. Three of the members shall be appointed from qualified, trained and experienced telephone communications administrators or engineers actively engaged in such work within the state of Washington at the time of appointment, and three of the members shall be appointed from qualified, trained and experienced radio communication administrators or engineers actively engaged in such work within the state of Washington at the time of appointment. This committee shall advise the director on all aspects of the communications and warning systems and facilities operated or controlled under the provisions of this chapter.

(7) The director, through the state enhanced 911 coordinator, shall coordinate and facilitate implementation and operation of a state-wide enhanced 911 emergency communications network.

(8) The director shall appoint a state coordinator of search and rescue operations to coordinate those state resources, services and facilities (other than those for which the state director of aeronautics is directly responsible) requested by political subdivisions in support of search and rescue operations, and on request to maintain liaison with and coordinate the resources, services, and facilities of political subdivisions when more than one political subdivision is engaged in joint search and rescue operations.

~~((9))~~ (9) The director, subject to the direction and control of the governor, shall prepare and administer a state program for emergency assistance to individuals within the state who are victims of a natural or man-made disaster, as defined by RCW 38.52.010(6). Such program may be integrated into and coordinated with disaster assistance plans and programs of the federal government which provide to the state, or through the state to any political subdivision thereof, services, equipment, supplies, materials, or funds by way of gift, grant, or loan for purposes of assistance to individuals affected by a disaster. Further, such program may include, but shall not be limited to, grants, loans, or gifts of services, equipment, supplies, materials, or funds of the state, or any political subdivision thereof, to individuals who, as a result of a disaster, are in need of assistance and who meet standards of eligibility for disaster assistance established by the department of social and health services: PROVIDED, HOWEVER, That nothing herein shall be construed in any manner inconsistent with the provisions of Article VIII, section 5 or section 7 of the Washington state Constitution.

~~((10))~~ (10) The director shall appoint a state coordinator for radioactive and hazardous waste emergency response programs. The coordinator shall consult with the state

COMPLETE TEXT OF Referendum Bill 42 (con't.)

radiation control officer in matters relating to radioactive materials. The duties of the state coordinator for radioactive and hazardous waste emergency response programs shall include:

(a) Assessing the current needs and capabilities of state and local radioactive and hazardous waste emergency response teams on an ongoing basis;

(b) Coordinating training programs for state and local officials for the purpose of updating skills relating to emergency response;

(c) Utilizing appropriate training programs such as those offered by the federal emergency management agency, the department of transportation and the environmental protection agency; and

(d) Undertaking other duties in this area that are deemed appropriate by the director.

NEW SECTION. Sec. 3. By December 31, 1998, each county, singly or in combination with adjacent counties, shall implement district-wide, county-wide, or multicounty-wide enhanced 911 emergency communications systems so that enhanced 911 is available throughout the state. The county shall provide funding for the enhanced 911 communication system in the county or district in an amount equal to the amount the maximum tax under RCW 82.14B.030(1) would generate in the county or district or the amount necessary to provide full funding of the system in the county or district, whichever is less. The state enhanced 911 coordination office established by section 4 of this act shall assist and facilitate enhanced 911 implementation throughout the state.

NEW SECTION. Sec. 4. A state enhanced 911 coordination office, headed by the state enhanced 911 coordinator, is established in the emergency management division of the department. Duties of the office shall include:

(1) Coordinating and facilitating the implementation and operation of enhanced 911 emergency communications systems throughout the state;

(2) Seeking advice and assistance from, and providing staff support for, the enhanced 911 advisory committee; and

(3) Recommending to the utilities and transportation commission by August 31st of each year the level of the state enhanced 911 excise tax for the following year.

NEW SECTION. Sec. 5. The enhanced 911 advisory committee is created to advise and assist the state enhanced 911 coordinator in coordinating and facilitating the implementation and operation of enhanced 911 throughout the

state. The director shall appoint members of the committee who represent diverse geographical areas of the state and include state residents who are members of the national emergency number association, the associated public communications officers northwest, the Washington state fire chiefs association, the Washington association of sheriffs and police chiefs, the Washington state council of fire fighters, the Washington state council of police officers, the Washington ambulance association, the state fire policy board, the Washington fire commissioners association, the Washington state patrol, the association of Washington cities, the Washington state association of counties, the utilities and transportation commission or commission staff, and representatives of large and small local exchange telephone companies. This section shall expire December 31, 2000.

NEW SECTION. Sec. 6. The enhanced 911 account is created in the state treasury. All receipts from the state enhanced 911 excise tax imposed by RCW 82.14B.030 shall be deposited into the account. Moneys in the account shall be used only to help implement and operate enhanced 911 state-wide. The state enhanced 911 coordinator, with the advice and assistance of the enhanced 911 advisory committee, shall specify by rule the purposes for which moneys may be expended from this account.

Sec. 9. RCW 82.14B.010 and 1981 c 160 s 1 are each amended to read as follows:

The legislature finds that the state and counties should be provided with an additional revenue source to fund enhanced 911 emergency ((service)) communication systems throughout the state on a multicounty, county-wide, or district-wide basis. The legislature further finds that the most efficient and appropriate method of deriving additional revenue for this purpose is to ((vest the legislative authorities of the counties, subject to voter approval, with the power to)) impose an excise tax on the use of ((telephone)) switched access lines.

Sec. 10. RCW 82.14B.020 and 1981 c 160 s 2 are each amended to read as follows:

As used in this chapter:

(1) "Emergency services communication system" means a multicounty, county-wide, or district-wide radio or landline communications network, including an enhanced 911 telephone system, which provides rapid public access for coordinated dispatching of services, personnel, equipment, and facilities for police, fire, medical, or other emergency services.

(2) "((Telephone)) Enhanced 911 telephone system" means a public telephone system consisting of a network, data base, and on-premises equipment that is accessed by dialing 911 and that enables reporting police, fire, medical, or other emergency situations to a public safety answering

point. The system includes the capability to selectively route incoming 911 calls to the appropriate public safety answering point that operates in a defined 911 service area and the capability to automatically display the name, address, and telephone number of incoming 911 calls at the appropriate public safety answering point.

(3) "Switched access line" means the telephone service line which connects a subscriber's main telephone(s) or equivalent main telephone(s) to the ~~((telephone))~~ local exchange company's switching office.

~~((3))~~ (4) "~~((Telephone))~~ Local exchange company" has the meaning ascribed to it in RCW 80.04.010.

Sec. 11. RCW 82.14B.030 and 1981 c 160 s 3 are each amended to read as follows:

(1) The legislative authority of a county may impose ~~((an))~~ a county enhanced 911 excise tax on the use of ~~((telephone))~~ switched access lines in an amount not exceeding fifty cents per month for each ~~((telephone))~~ switched access line. The amount of tax shall be uniform for each ~~((telephone))~~ switched access line. ~~((This tax must be approved by a favorable vote of at least three-fifths of the electors thereof voting on the proposition, at which election the number of persons voting "yes" on the proposition shall constitute three-fifths of a number equal to forty per centum of the total votes cast in the county at the last preceding general election when the number of electors voting on the proposition does not exceed forty per centum of the total votes cast in the county in the last preceding general election; or by a majority of at least three-fifths of the electors thereof voting on the proposition when the number of electors voting on the proposition exceeds forty per centum of the total votes cast in the county in the last preceding general election. This tax may be imposed for six years without subsequent voter approval. At any election held under this section, the ballot title of the proposition shall state the maximum monthly rate of the proposed tax which may be imposed by the county legislative authority. The actual rate of tax to be imposed shall be set by ordinance, which rate shall not exceed the maximum monthly rate approved by the electors.~~

No tax may be imposed under this section for more than one year before the expected implementation date of an emergency services communication system. The power granted under this section is in addition to any other authority which counties have to fund emergency services communication systems:)) Each county shall provide notice of such tax to all local exchange companies serving in the county at least sixty days in advance of the date on which the first payment is due.

(2) Beginning January 1, 1992, a state enhanced 911 excise tax is imposed on all switched access lines in the state. For 1992, the tax shall be set at a rate of twenty cents per month for each switched access line. Until December 31, 1998, the amount of tax shall not exceed twenty cents per month for each switched access line and thereafter shall not exceed ten cents per month for each switched access line. The tax shall be uniform for each switched access line. Tax proceeds shall be deposited by the treasurer in the enhanced 911 account created in section 6 of this act.

(3) By August 31st of each year the state enhanced 911 coordinator shall recommend the level for the next year of the state enhanced 911 excise tax to the utilities and transportation commission. The commission shall by the following October 31st determine the level of the state enhanced 911 excise tax for the following year.

Sec. 12. RCW 82.14B.040 and 1981 c 160 s 4 are each amended to read as follows:

~~((A county imposing a))~~ The state enhanced 911 tax and the county enhanced 911 tax ~~((under))~~ created in this chapter shall ~~((require collection of the tax))~~ be collected from the user by the ~~((telephone))~~ local exchange company providing the switched access line. The ~~((telephone))~~ local exchange company shall state the amount of the ~~((tax))~~ taxes separately on the billing statement which is sent to the user.

Sec. 13. RCW 82.14B.090 and 1987 c 17 s 3 are each amended to read as follows:

An emergency service communication district is authorized to finance and provide an emergency service communication system and ~~((; if authorized by the voters:))~~ to finance the system by imposing the excise tax authorized in RCW 82.14B.030.

Sec. 14. RCW 82.14B.100 and 1987 c 17 s 4 are each amended to read as follows:

RCW 82.14B.040 through 82.14B.060 apply to any emergency service communication district established under RCW 82.14B.070 ~~((through))~~ and 82.14B.090. ~~((A ballot proposition to authorize the excise tax authorized under RCW 82.14B.040 through 82.14B.060 may be submitted to the voters of a proposed emergency service communication district at the same election the ballot proposition creating the district is submitted. COMPLETE TEXT OF Initiative Measure 119

AN ACT Relating to the natural death act; and amending RCW 70.122.010, 70.122.020, 70.122.030, 70.122.040, 70.122.050, 70.122.060, 70.122.070, 70.122.080, 70.122.090, 70.122.100, and 70.122.900.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

Sec. 1. Section 2, chapter 112, Laws of 1979 and RCW 70.122.010 are each amended to read as follows:

The ~~((legislature))~~ people find~~((s))~~ that adult persons have the fundamental right to control the decisions relating to the rendering of their own medical care, including the decision to have all life-sustaining procedures withheld or withdrawn in instances of a terminal condition, and including the right to death with dignity through voluntary aid-in-dying if suffering from a terminal condition.

The ~~((legislature))~~ people further find~~((s))~~ that modern medical technology has made possible the artificial prolongation of human life beyond natural limits.

The ~~((legislature))~~ people further find~~((s))~~ that, in the interest of protecting individual autonomy, such prolongation of life for persons with a terminal condition may cause loss of patient dignity, and unnecessary pain and suffering, while providing nothing medically necessary or beneficial to the patient.

The ~~((legislature))~~ people further find~~((s))~~ that there exists considerable uncertainty in the medical and legal professions as to the legality of terminating the use or application of life-

sustaining procedures where the patient has voluntarily and in sound mind evidenced a desire that such procedures be withheld or withdrawn.

The people further find that existing law does not allow willing physicians to render aid-in-dying to qualified patients who request it.

In recognition of the dignity and privacy which patients have a right to expect, the ~~((legislature))~~ people hereby declare~~((s))~~ that the laws of the state of Washington shall recognize the right of an adult person to make a written directive instructing such person's physician to withhold or withdraw life-sustaining procedures in the event of a terminal condition, and/or to request and receive aid-in-dying under the provisions of this chapter.

Sec. 2. Section 3, chapter 112, Laws of 1979 and RCW 70.122.020 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions contained in this section shall apply throughout this chapter.

(1) "Attending physician" means the physician selected by, or assigned to, the patient who has primary responsibility for the treatment and care of the patient.

(2) "Directive" means a written document voluntarily executed by the declarer in accordance with the requirements of RCW 70.122.030.

(3) "Health facility" means a hospital as defined in RCW ~~((70.38.020(7) or))~~ 70.41.020(2), a nursing home as defined in RCW ~~((70.38.020(8)))~~ 18.51.010, or a home health agency or hospice agency as defined in RCW 70.126.010.

(4) "Life-sustaining procedure" means any medical or surgical procedure or intervention which utilizes mechanical or other artificial means to sustain, restore, or supplant a vital function, which, when applied to a qualified patient, would serve only to artificially prolong the moment of death ~~((and where, in the judgment of the attending physician, death is imminent whether or not such procedures are utilized)).~~ "Life-sustaining procedure" includes, but is not limited to, cardiac resuscitation, respiratory support, and artificially administered nutrition and hydration, but shall not include the administration of medication to relieve pain or the performance of any medical procedure deemed necessary to alleviate pain.

(5) "Physician" means a person licensed under chapters 18.71 or 18.57 RCW.

(6) "Qualified patient" means a patient diagnosed and certified in writing to be afflicted with a terminal condition by two physicians one of whom shall be the attending physician, who have personally examined the patient.

(7) "Terminal condition" means an incurable ~~((condition caused by injury, disease, or illness, which, regardless of the application of life-sustaining procedures, would within reasonable medical judgment, produce death, and where the application of life-sustaining procedures serve only to postpone the moment of death of the patient.))~~ or irreversible condition which, in the written opinion of two physicians

(8) "Adult person" means a person attaining the age of majority as defined in RCW 26.28.010 and 26.28.015.

(9) "Aid-in-dying" means aid in the form of a medical service provided in person by a physician that will end the life of a conscious and mentally competent qualified patient in a dignified, painless and humane manner, when requested voluntarily by the patient through a written directive in accordance with this chapter at the time the medical service is to be provided.

Sec. 3. Section 4, chapter 112, Laws of 1979 and RCW 70.122.030 are each amended to read as follows:

(1) Any adult person may execute at any time a directive directing the withholding or withdrawal of life-sustaining procedures and/or requesting the provision of aid-in-dying when in a terminal condition. The directive shall be signed by the declarer in the presence of two witnesses not related to the declarer by blood or marriage and who would not be entitled to any portion of the estate of the declarer upon declarer's decease under any will of the declarer or codicil thereto then existing or, at the time of the directive, by operation of law then existing. In addition, a witness to a directive shall not be the attending physician, an employee of the attending physician or a health facility in which the declarer is a patient, or any person who has a claim against any portion of the estate of the declarer upon declarer's decease at the time of the execution of the directive. The directive, or a copy thereof, shall be made part of the patient's medical records retained by the attending physician, a copy of which shall be forwarded to the health facility upon the withdrawal of life-sustaining procedures, and/or provision of aid-in-dying. (a) If at any time I should have an incurable injury, disease,

or illness certified to be a terminal condition by two physicians, and where the application of life-sustaining procedures would serve only to artificially prolong the moment of my death (~~(and where my physician determines that my death is imminent whether or not life-sustaining procedures are utilized)~~).

Declarant must initial one or both of the following:

___ I direct that such procedures be withheld or withdrawn, and that I be permitted to die naturally.

___ I direct that upon my request my physician provide aid-in-dying so that I might die in a dignified, painless and humane manner.

(b) In the absence of my ability to give directions regarding the use of such life-sustaining procedures, such as while in an irreversible coma or persistent vegetative state, it is my intention that this directive shall be honored by my family and physician(s) as the final expression of my legal right to refuse medical or surgical treatment and I accept the consequences of such refusal.

(c) If I have been diagnosed as pregnant and that diagnosis is known to my physician, this directive shall have no force or effect during the course of my pregnancy.

(d) I understand the full import of this directive and I am emotionally and mentally competent to make this directive.

(e) I understand that I may add to or delete from or otherwise change the wording of this directive before I sign it, and that I may revoke this directive at any time.

(3) Similar directives to physicians lawfully executed in other states shall be recognized within Washington state as having the same authority as in the state where executed.

Sec. 4. Section 5, chapter 112, Laws of 1979 and RCW 70.122.040 are each amended to read as follows:

(1) A directive may be revoked at any time by the declarer, without regard to declarer's mental state or competency, by any of the following methods:

(b) By a written revocation of the declarer expressing declarer's intent to revoke, signed, and dated by the declarer. Such revocation shall become effective only upon communication to the attending physician by the declarer or by a person acting on behalf of the declarer. The attending

physician shall record in the patient's medical record the time and date when said physician received notification of the written revocation.

(c) By a verbal expression by the declarer of declarer's intent to revoke the directive. Such revocation shall become effective only upon communication to the attending physician by the declarer or by a person acting on behalf of the declarer. The attending physician shall record in the patient's medical record the time, date, and place of the revocation and the time, date, and place, if different, of when said physician received notification of the revocation.

(2) There shall be no criminal, civil, or administrative liability on the part of any person for failure to act upon a revocation made pursuant to this section unless that person has actual or constructive knowledge of the revocation.

(3) If the declarer becomes comatose or is rendered incapable of communicating with the attending physician, the directive shall remain in effect for the duration of the comatose condition or until such time as the declarer's condition renders declarer able to communicate with the attending physician.

Sec. 6. Section 7, chapter 112, Laws of 1979 and RCW 70.122.060 are each amended as follows:

(1) Prior to effectuating a withholding or withdrawal of life-sustaining procedures from or provision of aid-in-dying to a qualified patient pursuant to the directive, the attending physician shall make a reasonable effort to determine that the directive complies with RCW 70.122.030 and, if the patient is mentally competent, that the directive and all steps proposed by the attending physician to be undertaken are

currently in accord with the desires of the qualified patient.

(2) The directive shall be conclusively presumed, unless revoked, to be the directions of the patient regarding the withholding or withdrawal of life-sustaining procedures and/ or the provision of aid-in-dying. No physician, and no licensed health personnel acting in good faith under the direction of a physician, shall be criminally or civilly liable for failing to effectuate the directive of the qualified patient pursuant to this subsection, and no health facility may be required to permit the provision of aid-in-dying within its facility. If the physician or health care facility refuses to effectuate the directive, such physician or facility shall make a good faith effort to transfer the qualified patient to another physician who will effectuate the directive of the qualified patient or to another facility.

Sec. 7. Section 8, chapter 112, Laws of 1979 and RCW 70.122.070 are each amended to read as follows:

(1) The withholding or withdrawal of life-sustaining procedures from or the provision of aid-in-dying to a qualified patient pursuant to the patient's directive in accordance with the provisions of this chapter shall not, for any purpose, constitute a suicide.

(2) The making of a directive pursuant to RCW 70.122.030 shall not restrict, inhibit, or impair in any manner the sale, procurement, or issuance of any policy of life insurance, nor shall it be deemed to modify the terms of an existing policy of life insurance. No policy of life insurance shall be legally impaired or invalidated in any manner by the withholding or withdrawal of life-sustaining procedures from or the provision of aid-in-dying to an insured qualified patient, notwithstanding any term of the policy to the contrary.

(3) No physician, health facility, or other health provider, and no health service plan, insurer issuing disability insurance, self-insured employee welfare benefit plan, or nonprofit hospital service plan, shall require any person to execute a directive as a condition for being insured for, or receiving, health care services.

Sec. 8. Section 10, chapter 112, Laws of 1979 and RCW 70.122.080 are each amended to read as follows:

The act of withholding or withdrawing life-sustaining procedures or providing aid-in-dying, when done pursuant to a directive described in RCW 70.122.030 and which causes the death of the declarer, shall not be construed to be an intervening force or to affect the chain of proximate cause between the conduct of any person that placed the declarer in a terminal condition and the death of the declarer.

Sec. 9. Section 9, chapter 112, Laws of 1979 and RCW 70.122.090 are each amended to read as follows:

ELECTION DAY AND VOTING

Where to vote:

At your precinct's polling place. The name and number are on your registration card and the location is published in the newspaper sometime the week before the election. You may also call your county auditor.

When to vote:

Polls are open from 7:00 a.m. to 8:00 p.m.

How to vote:

Three methods of voting are used in Washington State: punchcard, lever machine, and paper ballot. Each county uses one or a combination of these methods. If you need assistance, you may ask an election worker to explain how to use your county's voting device or ballot.

Absentee voting:

1. **Regular Absentee Ballot:** If you cannot vote in person, you may vote by absentee ballot. You may request an absentee ballot, either in person or by mail, as early as 45 days before the election, but no later than the day before the election.

Exception: If you are confined to the hospital and were admitted no earlier than five days before the election, you may

apply for an absentee ballot up to and including the day of the election.

2. **Service Absentee Ballot:** Members of the military service may apply for an absentee ballot at any time. Such service voters will be mailed an absentee ballot for the next primary or general election, or special election to be held subsequent to the date of application.

3. **Special Absentee Ballot:** A voter who is working outside the continental United States and will be unable to return a regular absentee ballot by normal mail delivery may apply for a **special absentee ballot** 90 days before the primary or general election. The special absentee ballot will contain the offices and measures, if known, scheduled to appear on the ballot. The county auditor will include a list of candidates who have filed and a list of any issues that have been referred to the ballot before the application was filed.

The voter may use the special absentee ballot to write in the name of an eligible candidate for each office and vote on any measure.

4. **Ongoing Absentee Ballot:** If you are a disabled person or a person over the age of 65, you may apply for status as an ongoing absentee voter. This will entitle you to automatically receive an absentee ballot for each subsequent election through January of the next odd-numbered year. At that time, the county auditor will automatically notify you and permit you to renew your status as an ongoing absentee voter. Contact the Snohomish County Auditor's Office for an application.

MAJOR POLITICAL PARTY CAUCUS AND CONVENTION PROCEDURES

In the state of Washington, candidates for most offices which appear on the state general election ballot are nominated at a primary. An important addition to this procedure is the nomination of candidates for the positions of President and Vice President, which will be conducted under a presidential preference primary starting in 1992.

While this new system allows citizens to nominate presidential candidates by direct vote, it also retains the caucus and convention system of the state's major political parties as an important part of the process. The following information is provided to familiarize Washington citizens with these caucus and convention procedures.

Delegates to the national nominating conventions of the major political parties from Washington are selected through a system of precinct caucuses, county or legislative district conventions, and finally, a state convention. The first step in this process is the precinct caucus, a neighborhood-level meeting open to all members of a particular political party. Precinct caucuses are held in each precinct of the state in the early spring of each presidential year. Individuals are elected from each precinct to attend the legislative district or county convention where the delegates to the state convention are chosen. The state conventions of the major political parties will, in turn, choose delegates for the national conventions at which the Presidential and Vice Presidential nominees are selected. (Under the new presidential primary system, however, the delegates from Washington state will be required to support candidates for President and Vice President based on the votes received by those candidates at the presidential primary.)

In addition to the selection of delegates, those persons attending party caucuses and conventions have the opportunity to determine the party platform, vote on resolutions, and meet party candidates for a variety of local, state, and national offices.

DATES OF PRECINCT CAUCUSES AND CONVENTIONS

	Democrats	Republican
Precinct caucuses	March 3, 1992	March 3, 1992
County conventions	April 18, 1992	March-May 1992*
District conventions	April 25, 1992	March-May 1992*
State convention	June 6, 1992	June 18-20, 1992
Location of state convention	Silverdale	Yakima

*Information was not complete at the time this publication was prepared.

RULES AND PROCEDURES

Each political party has the authority under the United States Constitution and state law to adopt rules to govern the delegate selection process and other party activities which occur in conjunction with the caucuses and conventions. These party rules specify the number of delegates from each precinct to the county or legislative district convention, the number of delegates from each legislative district or county convention to the state convention, and the procedural rules for conducting the caucuses and conventions. A copy of the rules of either party should be available from the state committee of that party in advance of the time precinct caucuses are held.

ADDITIONAL INFORMATION

The dates and locations of all party caucuses and conventions receive advance press coverage and are generally advertised by the parties. Specific questions you have about any aspect of the nominating procedure may be directed to the state committee of the respective party. They may be able to respond to your inquiry directly or they may refer you to either your precinct committeeperson or your county or district chairperson. The addresses and telephone numbers of the state committees are as follows:

INDEPENDENT CANDIDATE AND MINOR PARTY NOMINATING PROCEDURES

This summary of the procedures governing the nomination of independent and minor party candidates is **NOT** meant to be inclusive. Persons interested in this procedure should review Chapter 29.24 of the Revised Code of Washington or obtain more detailed information from the Office of the Secretary of State, Legislative Building AS-22, Olympia, WA 98504-0422 or their county auditor.

NOMINATING CONVENTION

Any nomination of a candidate for partisan political office other than by a major political party must be made by a convention held not earlier than the last Saturday in June and not later than the first Saturday in July. Notice of the intention to hold a nominating convention must be published in a newspaper of general circulation within the county in which the convention is held at least ten days before the date of the convention. To be valid, a convention must be attended by at least twenty-five (25) registered voters. In order to nominate candidates for the offices of President and Vice President of the United States, United States Senator, or any state-wide office, the parties holding the nominating convention must obtain and submit the signatures of at least two hundred (200) registered voters of the state of Washington. In order to nominate candidates for any other office the parties holding the nominating convention must obtain and submit the signatures of at least twenty-five (25) persons who are registered to vote in the jurisdiction of the office for which nominations are being made.

CERTIFICATE OF NOMINATION

The signatures and addresses of the registered voters who attended the convention and a record of the proceedings of the convention must be submitted to the appropriate filing officer no later than one week following the adjournment of the convention at which the nominations were made. Any candidate except for President and Vice President who is nominated at an independent or minor party convention, must file a declaration of candidacy and pay the filing fee required for the office sought during the regular filing period established for major political parties. (A nominating petition containing signatures of registered voters equal to the dollar amount of the filing fee is permitted for those candidates without sufficient assets or income to pay the filing fee.) The names of all of the candidates who have been nominated by convention except for President and Vice President will be printed on the primary ballot together with the major party candidates for their respective offices. Candidates for President and Vice President will only appear on the general election ballot. No other candidate's name may be printed on the general election ballot unless he or she receives at least one percent of the total votes cast for the office in the partisan primary and a majority of the votes cast for candidates of that party for that office. Independent candidates need only meet the one percent threshold in order to qualify for placement on the general election ballot.

WHERE FILINGS ARE MADE

When the candidacy is for:

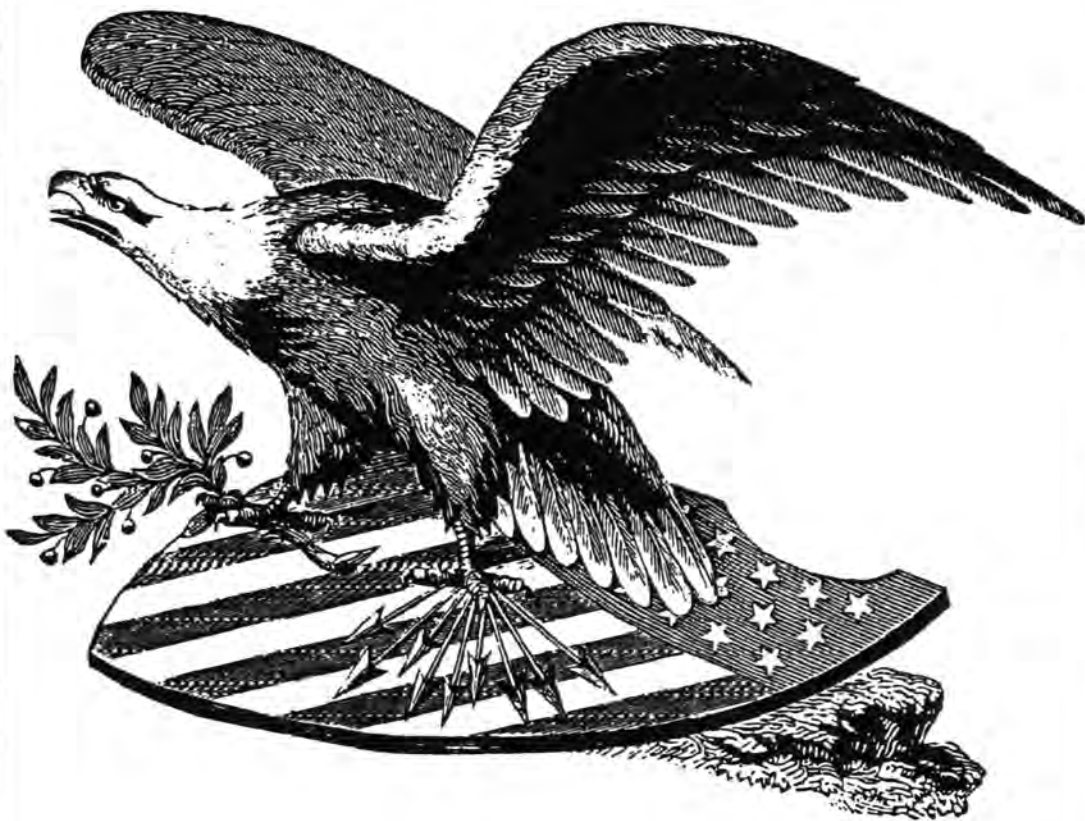

A federal or state-wide office, with the Secretary of State;

A legislative office that includes territory from more than one county, with the Secretary of State;

A county office or legislative office which lies entirely within a single county, with the County Auditor.

If a minor party or independent candidate convention nominates *any* candidate for office in a jurisdiction where voters from more than one county vote upon the office, *all* nominating petitions and the convention certificates are to be filed with the Office of the Secretary of State.

Historical Society (Lisa Hill-Festa & Grace Fisk), Marysville, Monroe & Stanwood Historical Societies, Stillaguamish Pioneers, UW Pickett Collection, Everett Public Library (Margaret Riddle), Yvonne Shaw Nelson and Mary Jorgensen Bettger. Special thanks to Louise Lindgren from the League of Snohomish County Historical Organizations.

Dear Fellow Snohomish County Citizens:

I am pleased to introduce you to the 1991 Snohomish County Voters' Pamphlet and also remind you that we are celebrating the 200th anniversary of the *Bill of Rights*.

In celebrating this Bicentennial event, we are reminded that the success of our state, county, and local governments is due primarily to the active involvement of its citizens. The foundation of this involvement has been the ballot box and the extent to which citizens have used it.

The right to vote should never be squandered. Be sure to vote on November 5 — it is one of the best ways to celebrate our heritage and shape our future.

As you prepare to go to the polls, I suggest that you examine the issues surrounding each ballot measure and the positions of each person seeking office.

This pamphlet represents a "first" for Snohomish County citizens and I would like to take this opportunity to personally thank the Secretary of State, the Snohomish County Council, and the many governmental jurisdictions in the county who have cooperated to provide this pamphlet for your use.

I would like to also acknowledge and give credit to the members of my staff who put forth a lot of extra effort and work to make a necessity become a reality.

See you at the polls!

I am very excited about the new technology that is being developed in the areas of elections, voter registration, public records, and licensing. Throughout the last eight years, the Auditor's Office has broken with tradition by implementing a more effective and efficient work environment through the use of modern office work stations and the innovation of today's computer technology. These changes have resulted in a continuing increase in the quality of the service that we provide to you, the citizens of Snohomish County.

The Auditor's Office has developed many highly-effective public education programs - elections and voter registration in the high schools; training classes for voter registrars, vehicle/vessel licensing subagents, and escrow companies; senior citizen programs; and water-craft safety education, just to name a few.

In addition, my staff and I continue to work with state and federal legislators to change laws and create workable regulations and standards for the citizens of our county and state.

I am very proud of the staff of the Auditor's Office. Providing high-quality service to the citizens of Snohomish County in a positive, highly-professional, technically-competent, and non-partisan manner, is our ongoing objective and the key to why we're here.

It is time for a change in the County Auditors Office. It is time for a new auditor with fresh ideas. It is time for someone not tied to the same old "politics as usual." It's time to elect Paul Deutsch.

Paul Deutsch has the training and the experience to be your new County Auditor. He has a bachelors degree in Sociology, a masters degree in Public Administration, and a law degree. He has 30 years of government experience including 21 years in the Air Force, 5 years with the State of Washington, 3 years in the Snohomish County Auditors Office as Recording Manager, and 1 year with the City of Seattle. Paul also has experience in private business. He believes that government needs to be run in a "business-like" way so that your tax dollars will not be wasted.

Paul will get the job done right and it will be right the first time. He will not waste your tax dollars. He will make sound decisions based on established principles of public administration rather than decisions by guess or whim.

The County Clerk serves the superior court and members of the public involved in superior court cases, by receiving and processing legal documents; assisting in court proceedings; maintaining court files; and managing court funds.

The Snohomish County Clerk's Office provides public access to more than 4.7 million court records; processes more than 30,000 new legal documents every month; schedules nearly 50,000 court hearings each year; and receipts, invests and disburses more than \$12 million in trust funds on behalf of parties in superior court cases.

The Clerk's Office is constantly open to new ideas and technological innovations that can help us work smarter. We have served as a pilot site for barcode technology in records management, the automated JURY+ system and efficiency studies in document processing and caseload management.

As proud as I am of these accomplishments, I am even prouder of the recognition we receive from the public. In client surveys, Clerk's Office services are consistently rated "excellent;" and office staff are considered more courteous, competent and efficient than those in other government offices.

I pledge to continue the efficient management, openness to innovation and high calibre of public service, you have come to expect from the Clerk's Office.

Snohomish County has experienced extremely rapid growth. This growth is creating special problems. "My goal for County government is to improve service to the people of Snohomish County."

As Sheriff since 1988, I have concentrated on accomplishing my goals of establishing an east county precinct, expansion of the D.A.R.E. program, increasing manpower, enhancing public confidence, and promoting mutual support among police agencies. The East Precinct, serving the Snohomish, Monroe and Skykomish valleys, is targeted to open October 1, 1991. The D.A.R.E. program, which I initiated, has grown from two instructors in 1988 to nine instructors in 1991. Virtually every elementary and junior high school student will be taught the skills needed to avoid future illegal drug abuse. To meet the growing demands for public service, I have expanded overall personnel assets by nearly 33%. Another initiative includes a growing volunteer program utilizing the skills of senior citizens and others in crime prevention and administrative duties. Close contact with other police agencies has accomplished maximum inter-agency cooperation. Each goal accomplishment has been designed to improve public confidence in the Sheriff's Office and to enhance public service response by the Sheriff's Office. During the next four years I will pursue D.A.R.E. for kindergarten through grade twelve, ongoing aggressive investigations into violent crime and crimes against children, and increased patrol presence and community involvement county-wide.

Snohomish County citizens are currently facing a law enforcement crisis, with a spiraling rise in violent crime. Residential burglaries are now at an all time high, and illicit drugs are easily obtained throughout Snohomish County. No longer are we safe within our homes as Deputy response times increase dramatically. Our current Sheriff has been ineffective in stemming the rise in crime we now see. Let me show you how it should be done!

I've been a lifelong resident of Washington, married, with two children, and I presently serve as an officer in the Washington State Army National Guard. During my fifteen years of service with the Snohomish County Sheriff's office, I worked my way up through the ranks of deputy, sergeant, lieutenant and bureau chief of operations. My management experience includes patrol, investigation and administrative duties within the Sheriff's Office and I clearly recognize the weaknesses within this department.

Foremost among these deficiencies is the inefficient manner in which manpower is allocated. With the leadership that I can provide, resources will be better directed toward increasing active patrols, while increasing investigation of major violent crimes and illicit drug activity. I intend to do this without escalating the Sheriff's Office budget.

As candidate for Bothell City Council, I am equipped to fulfill the requirements of the role. My candidacy represents balance and independence. I believe that our environment is a precious asset, requiring protection, yet a balance must be struck among environment, regional transportation planning and mandates of the Growth Management Act.

I learned as a reporter for a daily newspaper covering governmental issues at all levels that leaders who broached issues in a balanced creative way moved cities, people and systems ahead.

In an administrative role at a major local hospital, I have been accountable for staff, budget, governmental relations and business development.

As a 30-year resident, I have appreciated Bothell's unique beauty, its convenience and ambient neighborhood lifestyles. I see Bothell as a dynamic small city in transition; a city which requires attention from those who prize its past, yet are excited about the future.

To move ahead, I believe Bothell requires city council members who: • are knowledgeable, independent, open-minded, AND, willing to listen; • will carefully evaluate, then act in a timely fashion to satisfy those with reasonable requests; • will establish policy, then empower city staff; • will protect neighborhoods, yet enable business development to support a required tax base.

The time is again right for a "people's councilman" and Howard A. Pellett is the right person for the job! We need a councilman who will listen to the concerns of Bothell's citizens and respond. We need a councilman who will refuse the blandishments from special interest groups and who will represent Bothell with honesty and integrity.

Important issues are before us and these issues require the attention of a councilman, dedicated to public service and with the experience, intelligence and diligence to see these issues resolved for the benefit of all of Bothell's citizens.

Citizens in areas surrounding Bothell are grappling with the decision to annex to Bothell or to form yet another city. These citizens express the need for city services such as responsive police protection. The alternatives require careful study in order that the best solution can be effected.

The issue of traffic flow through the downtown corridor remains unresolved.

The majority view supports improving existing thoroughfares, while a special interest group favors a \$21,000,000 plus bypass which would destroy the citizen's parkland. This effort to circumvent the will of the people must be resisted. Howard Pellett will represent our citizens well.

Growth management will challenge the city for the next four years and I bring to the Council over 12 years of experience in the field. Trained as a professional planner, I currently manage Housing and Economic Development programs for King County. I have managed programs for the Association of Washington Cities and the Washington State Association of Counties. As a private consultant, I wrote several plans and ordinances for Washington cities.

I have five goals as a city council candidate; 1) Planned growth that respects Bothell community values. 2) Park development and open space preservation. 3) Balance reasonable growth with environmental protection. 4) Improve transportation service. 5) Maintain public safety responsiveness.

As chair of Bothell's Planning Commission, I know how to make good progress on these priorities. I look forward to serving Bothell residents on the City Council.

I reside in Bothell with my wife Barbara and two daughters.

You should elect me for the following reasons.

1. Common sense. All the university degrees in the world are meaningless if the person holding them has no common sense. What will be decided by the council will require a high degree of this and I have it.

2. Fresh Perspective. Although there are others who would say that previous experience is worth more, I think that, in order to chart a course into the future, we need someone who will see each issue with a vision unclouded by prior activities.

3. Enthusiasm. I am excited by the possibilities that we, in Bothell, have before us. The enthusiasm I have for the future will give me the energy to tackle the tasks before us now.

I am 39 years old with a wife and three children. I am not from local politics. I owe no one and no one owns me. I have no axe to grind and plan to be a moderating influence.

I come from the "private" sector and would represent your views and attitudes more closely because of it.

I would be honored to be your councilman and will promise to do my best.

My family has owned our residence in Brier since 1962. As a homeowner and longtime resident, I am concerned for the City's future. Issues of top priority are environmental quality, growth impacts, and financial responsibility.

I am an environmental scientist presently employed as an oceanographer. I'm working on an ordinance to protect our environmentally sensitive areas.

I support Brier's single-family residential character with no new commercial areas or multi-family uses. I initiated an ordinance to require all new developments to pay for their impacts on growth. I also believe the rights of property owners should be protected.

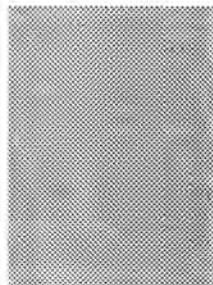

I have urged revision of Brier's reporting procedures for expenditures. Brier recently acquired bank cards to make spending more convenient. These credit cards have been used for political lunches and dinners, and have been abused for personal use. I would like to see strict control of these and spending made more accountable.

I have been attending all planning commission, park board, and city council meetings for the past three years and, was appointed to the city council last March. My opponent, Tom Etherington, has lived in Brier for a year and is Mayor Opydyke's husband.

My name is Michael Lavoie, married 9 yrs, father of 2, resident of Brier 6 yrs, I am a firefighter of Seattle. I now feel it is time to place some of the tax burden somewhere other than on the private sector of our community. Also there has been in the past what some would consider a waste of the tax dollars, it needs to be stopped. We need to place it where it will be beneficial. We also need to look at the options of getting those city ordinances which are fair and equal to all who use them. What one does should be an option to all others in our community. These are just a few of the items on my agenda to be acted upon, should you decide to elect me to office as one of your council members.

I am not a politician, only a concerned resident. By profession I am a Certified Hotel Administrator. My husband and I have been residents of Brier for 11 years and are raising 2 young daughters. I previously served on the City Council from 1981 - 1984, and then on the Park Board for 1 year.

I am very concerned with the political atmosphere currently facing our small city. The negative media coverage of recent months is damaging the positive aspects of our community. I feel that I can be a positive addition to a new Council by working in a professional manner.

Another area of concern is the City's current fiscal situation. I feel we are spending beyond our means. I don't support raising your tax burden, and will work to better control the City's expenditures.

I would like to once again serve our community for a two-year term and help to restore some trust in our city government. Facing each issue with honesty and fairness is critical.

If you would like to discuss these or other issues with me, please call me at 776-9782. I would appreciate your vote of confidence on November 5th, 1991.

Brier faces, not so much the prospect of "growth," but its financial and environmental impacts. "Growth" is here. It is inevitable. And until we stop having children, "growth" will continue. Our problem is how to limit the impact of growth on our neighborhoods and deal with the added expenses for services.

Federal and State grants and revenue sharing funds have just about dried up. Consequently we are forced to find other sources for financing capital improvements. New Federal and State legislation affecting wetlands and other sensitive areas and growth management also necessitate new ordinances to be put in place by all counties and cities to limit or mitigate environmental impacts and address growth.

Our city council has spent tens of thousands of dollars for consultants to conduct public hearings and draft ordinances which are based on existing, public domain "boilerplate." To eliminate this unnecessary expense, we new city councilmembers have assumed this process to handle not only protection of sensitive areas, but to mitigate the financial and societal impacts of growth. Please return me to office so I may continue to contribute to these efforts on your behalf.

Though I am not a single-issue candidate for council, the issue of opening 236th St. S.W. to external traffic has encouraged my candidacy. I live on property abutting 236th St. S.W. where the traffic is mainly local and infrequent. I like it that way, and I think most Brier people like the way things are.

Opening 236th St. S.W. will make it a major cut-off thoroughfare for cross-metro commuters. Increased traffic will increase noise and air pollution and danger. More patrolmen will be hired to manage the traffic, and property taxes will increase to pay the new patrolmen. Some property owners will be in the ironic position of paying higher taxes on property which has become less desirable.

Brier will continue to grow, internal traffic will increase and more patrolmen will be hired accordingly. However, increased growth (housing) increases tax base which affords new necessary expenditures such as patrolmen. External traffic is entirely negative - increased pollution, danger and expenses, but no revenue obtained to provide for our public facilities or personnel.

I am 48 and have lived with my wife in Brier since 1976. I am a broker in Bellevue, Washington. I served seven years on the Brier Planning Commission, then was appointed to the Brier City Council. I am a University of Washington M.B.A. I have spent fourteen years giving financial advice to cities including Seattle, Tacoma, Everett and smaller towns.

I saw the city having difficulty finding councilmembers who would stay with the job so I applied.

I am not a one issue candidate, nor do I belong to any politician.

The great issues facing our City are honesty, fairness and financial survival. A Council majority felt all budgeted services were absolutely necessary and used \$100,000 of general fund reserves to meet anticipated 1991 expenses. This is not a permanent solution.

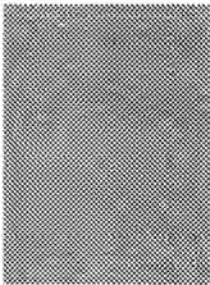

A previous City Council hid funds by moving them from a specific purpose account to the construction fund.

Most land use applicants are stalled until they volunteer mitigation fees, but some applications are processed quickly without mitigation fees. Brier needs a mitigation fee ordinance to make fees fair, predictable and supportable in a court of law.

Discuss these or other issues by calling me at 778-9175.

I have served on the City Council of Brier for the past 1 1/2 years, and would like to continue serving you. I've lived in Brier for 5 years and have held professional jobs in Finance and Marketing with IBM for 8 years.

Like most of you, I enjoy the large lot single family character of Brier. I'll work to preserve that environment, and ensure that any growth conforms to our high standards. At the same time, I don't believe a city of 5,600 can afford to place itself in legal jeopardy by having an inconsistent and capricious approach to dealing with developers. With a volunteer council and mayor, we need a clear set of ordinances dealing with mitigation and growth. To allow these volunteers the leeway to test land issues in the courts can only lead to financial ruin.

Our single family zoning gives us a great quality of life, but not a large tax base with which to fund the programs our neighboring communities can support. I support closely controlling this city's spending.

I'll work to provide a fair government for Brier residents. Let me know what issues are important to you. Call me at 487-3678.

"We need to maintain the residential character of this city with emphasis on neighborhoods, a superior system of parks, recreational facilities and open spaces. Lynnwood should strive for a balance between residential and commercial development.

"As the City of Lynnwood continues to grow, demands on services such as police, fire and public works will also continue to grow. We must meet these increasing needs with creative solutions like joint fire protection, shared emergency services and improved transportation."

She is the recipient of several civic awards among them the P.T.A. Golden Acorn and Outstanding Woman of Snohomish County. She has pledged to continue the war on drugs through the DARE program. She is concerned about the traffic generated on Lynnwood streets and will continue to work toward a solution.

As Sharon talks to young families it is apparent the dream of home ownership is fading for them, and she pledges to work for quality, affordable housing. She also is greatly concerned for our senior citizens, as they find their fixed incomes shrinking as inflation grows.

As Sharon watches our community grow, she wants to work to maintain and improve our high quality of life in Lynnwood.

Lynnwood is a great place! I want it to remain so and become an even better place for our families to live, work, shop and play. That's why I seek re-election. I recently celebrated twenty years service to Lynnwood; eleven years on the City Council and nine prior years in land use planning. Sure we all suffered the Lynnwood growth pains but the results are; a really nice city with protected residential areas, and a sound business base providing resources for an enviable life-style. Consider for a moment that we have more than a dozen parks including the new 18 hole golf course, and we offer abundant recreation programs for all ages. Our library has the highest book circulation, by far, in south county. Our arts program is flourishing including acquisition of many fine art pieces. Our emergency services (police and fire) are second to none. Other parts of this great country dream about such amenities. We enjoy them and without having bond issues for Lynnwood taxpayers to pay. I'm blessed with the management skills, energy and enthusiasm with which to make a positive contribution to our city; with your support I will continue doing so.

I have been privileged to serve as your City Council representative for the past sixteen years. I'm confident that together we can continue to identify our community's highest priorities and take action to meet those priorities.

During my tenure, I have served as mayor pro tem, council liaison to the Board of Adjustment, Planning, Parks and Recreation, Finance, Public Works, Data Processing, Emergency Services, Police and Fire Department.

I am currently serving on the Snohomish Board of Health, the Snohomish County Alcohol and Drug Board, the Community Transit Board, and the Joint Regional Committee for High Capacity Transportation of the Puget Sound Region.

For the past eleven years I have served on the National League of Cities Human Resources Committee.

My top priorities for the next biennium include seeing a High Capacity Transit become a reality in Snohomish County. We have many important issues facing us. Transportation is the most neglected and stands to bring all activity to a screeching halt. Lynnwood must not be allowed to fall prey to the suffocating problems that choke Seattle.

I work as a Donor Recruiter for the Puget Sound Regional Blood Center, which has just recently merged with the Sno-Isle Blood Center in Everett.

Mill Creek has that special character to it and I want to see that we retain it as we grow. We need to keep that "City in the Country" theme that has brought us all to Mill Creek. As part of that theme, we need to expand our park and recreational opportunities, increase our system of interconnecting trails, and preserve our trees and open spaces. By encouraging community involvement and responsible development, we can continue to improve our quality of life. We must also maintain emergency services at levels that will ensure safe neighborhoods for everyone to enjoy.

As an incumbent Councilmember, I have learned this position has several primary responsibilities.

1) We must take care of business at home. This includes providing affordable public safety, parks, recreation, library and arts facilities and the protection and enhancement of the Community's environment.

2) We must participate regionally to protect and project our citizens' interests. Our City needs representation at all levels of government.

3) We must plan for the future. Growth must be managed, meet established standards and pay for itself. We must have a sound financial base and solid infrastructure. We must anticipate and provide for the needs of our citizens. We need to support our area business community.

Finally and perhaps most importantly, the citizens should expect and receive full value for each tax dollar paid. The Council and Staff must continue (as we have done so successfully thus far) to seek grants and other money sources to supplement our funding needs.

As a young City, we face difficult yet exciting times ahead. I care. I listen. I accept the challenge of working for you.

The mission statement of the Everett School District's Strategic Plan contains the phrase "committed to excellence." As a parent of two young children in the Everett public education system, I can't think of a better phrase to describe my reason to run for a position on the Everett School Board. Being a manager with The Boeing Company, I subscribe to certain management attributes which I will bring to this school board position when elected. These attributes include:

- The ability to treat people with fairness, trust, and respect.
- Leadership capabilities, promoting teamwork, and participative decision-making.
- The ability to remove barriers and help people to develop their capabilities.
- The ability to share information, listen to others, and maintain objectivity.

The south end of the Everett School District is experiencing unprecedented accelerated growth. Management of this growth, along with the Governor's Commission on Education Reform and search for a new school district superintendent are some of the challenges I look forward to. Parents, students, schools and communities all share in the responsibilities of educating our youth. Developing a bond between them is a good way to achieve the highest possible quality in our educational system.

Our children's quality education is paramount. A positive experience throughout primary and secondary school years sets the tone for positive development into adulthood. It provides sharper images for developing ideas and is an expression of our community. It is the reflection of their success and growth, in any endeavor they choose to pursue, which directly effects the growth and maturing of our community.

Many of our children will want to pursue their goals and successes right here in our community. We must set the standards which will encourage excellence. Our job, as parents, teachers and administrators, is to provide the best education possible to insure their success. It allows us, and them, to take pride in their achievements, no matter where their ambition leads them. A community that provides a positive educational atmosphere retains its excellent teachers and encourages students toward higher goals.

The accolades that result from such a course will challenge us to even higher standards. We must pursue a path which makes our community the shining example for others to follow, and create an atmosphere that will attract the kind of citizens that enhance the quality of life we strive to provide for ourselves and our children.

BESTE, SR.**

Born 46 years ago, I have resided in the Everett area for 23 years. I am running for re-election as I am committed to excellence in education in the Mukilteo School District. I have a great interest in increasing communication with parents and the School district's various publics. Communication is more important today than ever before as we deal with the expanded problems of drug abuse, single parent and transient families, and so many other issues in our schools. We must also meet the challenges of increased computer knowledge and global awareness. Our complex society demands that we know more, do more, and communicate more. Having served on the Mukilteo School Board since 1983 as Board president for two terms and as legislative representative and member, and as vice-president of the Snohomish County School Directors Association, my experience and knowledge qualify me to fill this important position. My wife, Linda, and I have raised three sons who have attended Mukilteo Schools. Further qualifications include twenty years experience in personnel supervision and labor relations and owner of my own automotive business. I have been and will continue to be accessible to the public I serve.

Michael and his family have lived in Mukilteo School District for twenty years. His children were educated in this district and have careers in Nuclear Physics, Auto Rebuild, and Education. Mike believes that schools exist to educate our kids and that kids must come first. His experience and continuing education have convinced him that schools work best when parents, students, teachers and administrators all work together.

Mike has worked in public school systems for 28 years. He started out repairing transportation equipment for Northshore Schools. He then became a teacher for Edmonds School District. He has worked closely with kids, other teachers, parents and administrators. Last year Mike moved to Everett's Cascade High School where he teaches Vocational Automotive Classes.

Mike has earned a Bachelor's Degree in Business Administration and a Master of Education Degree from the University of Washington. He has earned a Vocational Teaching Certificate, A Professional Teaching Certificate for Technology and Business Education and a Cooperative Education Coordinator's Certification.

He has worked with citizen's advisory and faculty advisory committees, curriculum evaluation and high school accreditation teams, and a site based management team.

Mike believes now is time for positive change in our school district.

In my five years on the Edmonds School Board I have helped shape and create positive learning experiences for both youth and adults. As Board President, Vice-President, and Legislative Representative, I have worked with students, staff and the community to receive information, ask questions, and gain insight to establish a direction designed to improve student performance and create a better quality of life in District 15.

During my service on the Board we have initiated a strategic planning process, developed a long-range educational facilities plan, created systematic program development and improvement work in social studies, math, science, language arts, and technology, created school-business partnerships, and established positive employee relationships. These accomplishments were recognized when the State School Board Association honored District 15 as the 1989 "School Board of the Year."

I am a lifelong resident of the Puget Sound area and have lived in the district for 37 years. I believe that it is essential that community leadership be provided by people who understand both our history and our future needs. I will continue to provide significant time and energy to assuring that the quality improvements begun in my first term of office are continued.

As the parent of a student in the District, education is not a remote abstraction for me - it's real. I am extremely active in the District as a leader and **advocate of quality education**. I have an **extensive business background** having held **management** positions in small and large companies. I have over twenty-five years of experience in **computer and information technology** - experience needed to provide educational leadership in the District.

The workings of the Board are not a mystery to me since I have attended almost every School Board meeting in the last four years. I have proven that I am not a rubber stamp and I have the experience to **ask hard questions** - and **persevere** until I get answers. I know **the School Board is accountable to the people** - not to the Administration.

I believe all children can learn, and will work intensively to **ensure all children have the opportunities and support they need**. During the last four years, I have been a member of a very forward thinking school board. Under board direction and leadership, many changes and improvements have been made for students.

Coordinating subjects such as English, mathematics and science between grades, one of my goals, has been accomplished. I have strongly supported building-based decision making and accountability.

The parent co-op, ungraded school and nationally recognized school district/community college collaboration programs have grown with board approval. I have also supported the alternative high school, gifted, handicapped and other programs for students with special needs.

We are planning for the future with a Long Range Facilities Plan, developed jointly by the Citizens Planning Committee and staff. The plan will assist the district in remodeling and constructing schools for a growing student enrollment. Our bus fleet is being modernized and enlarged. Over 1000 additional students have been offered transportation this school year.

During my term, I have visited each school, talked with parents and staff and served as board president, vice-president and legislative representative. I am looking forward to continuing this close association with our school community and using my experience to improve the quality of education for our children.

I believe that the current board of Edmonds School District 15 is not addressing the most basic and fundamental problem that must be dealt with; the education of children.

I am frustrated by seeing so many of our children finish school lacking the best education possible. I am for better education now.

In my opinion the board is wasting valuable resources, beyond that which might be considered necessary, on transportation and property management questions. Building expensive new buildings, with seemingly unending cost overruns, and the bond issues which accompany them, are placing an unfair burden on the community now and well into the future. This type of action seems to have become a way of life in this district.

I am tired of money wasted on poor property management. I am for delaying future building and bond issues until educational standards improve and proper business planning is completed.

I am mystified as to why such a large percentage of the budget goes toward transportation and such a small amount goes toward giving teachers the tools they need. I am for finding better, less expensive ways to handle our transportation needs and increasing the percentage of the budget allocated for the classroom.

He then entered the Peace Corps where he was an English teacher in Tunis, Tunisia for 2 years. In 1979, Brian graduated from the University of Washington school of law. While in law school, Brian worked in the legal office of the Seattle School District. He then moved to Snohomish County and began the practice of law which he continues to the present.

All children can learn. This must be the guiding force of our efforts in continually striving to improve the education we provide.

I am proud of the accomplishments of the Edmonds School District in the past four years. In 1989, the Board was named Washington State School Board of the year. In 1990, the Board, after extensive citizen input, adopted a comprehensive long-range facilities plan. In 1991, the Board was selected to make a presentation to the National School Boards Association annual convention on its articulation program with Edmonds Community College.

As the current President of the Board, I look forward to the opportunity to serve the students and community of District 15.

I have been actively involved with the Northshore Schools for fourteen years. During the first six years I was active in the PTA, including two years as Northshore Council President, and I have been a member of the Northshore School District Board of Directors for the past eight years. During this time period I have gained an appreciation for the necessity of involvement by all parts of the community. Parents, businesses, professional educators, and community members at large must work together as partners if our schools are to successfully prepare our children for tomorrow.

During the next few years the Northshore schools will be facing many challenges: The implementation of the Northshore Strategic Plan, changing regulations and requirements from state and federal legislators, and continued funding problems. It is my goal to have all parts of the Education Community work actively together to turn these challenges into opportunities for change and improvement which will make our quality programs even better.

Commissioner of Olympic View Water and Sewer District from 1982 to 1987 and member of the Board of Directors of the Washington State Sewer Association. Served as commissioner of Snohomish County Fire District #1 since 1985.

Due to State Legislation on Growth of Cities, the most important issue the Fire District faces is any future annexation, bringing a loss of tax dollars and putting more burden on the remainder of the District. We need to provide stable service at the lowest possible rate, with no disruption of service.

As a Fire District One Commissioner, I have used my employment and educational background to ensure that the District maintains its excellent level of service in the most cost-effective manner. I manage the Human Resources Unit for a large City Department and hold a Masters Degree in Public Administration. My management skills have helped me to review and apply sound management practices to the budget process, to the creation of operational efficiencies, and to the development of professionally trained staff. The impacts of annexations and incorporations threaten the District with reducing levels of service, increasing the cost of service, and disrupting service delivery. Creative methods must be explored and used so that the citizens of Southwest Snohomish County continue to receive the service provided now and in the past. Currently, I am Chair of our five-member Board and I also serve on the Board for the Snohomish-Island County Fire Commissioners Association. My activities at both the local and state level have helped me stay current on fire district issues. I am committed to continue to listen and react to the concerns of the community and to devote the time and experience required as a responsible Commissioner.

My efforts to help secure a paramedic program for our fire district have resulted in one of the best life saving programs in the state. I have worked hard to upgrade our fire and emergency medical equipment to bring the citizens the best level of protection available, while keeping the taxes to a minimum.

The fire district is experiencing rapid change due to the growth in the area. I have lived in our fire district for 11 years. I have participated in this fire district as both a volunteer and full time fire fighter and presently hold the rank of Lieutenant (supervisor). For the last 10 years I have talked to citizens about the possibility of running for office and encouraging them to do so. As a property owner in our fire district I have grown more concerned about the utilization of tax dollars for fire protection each year. This has motivated me to seek this office. Last year your fire levy failed in the primary election. In the general election it passed by only 80 votes. That means that half the voters in our fire district are disgruntled about how tax dollars are being spent by the present board of commissioners. I promise to address those concerns and be open and available to taxpayers inquires. If you do not attend the public meetings to voice your concerns I assure you I will come to your neighborhoods to speak with you. I will be accountable to the residents of Fire District 7 for the tax dollars spent and the good will of your fire department.

Many experts feel we are starting to see a crisis in the health care field. Medical costs are rising faster than inflation, people in need of medical treatment can not obtain necessary care or they can not afford the care they need.

As a small community hospital serving the needs of our local community, we see daily the challenges of providing quality medical care to all within our service area. We must strive to provide affordable hospital care but still generate enough income to pay the staff, maintain the facilities and purchase modern diagnostic equipment and services to fulfill the needs of our patients.

Greater utilization of our excellent facilities and modern equipment is one of my primary goals for the coming years. Due to cutbacks in State and Federal funding of medical care we must maximize our usage if we are to maintain and expand our medical care capabilities.

At 75, healthcare is vital to me, for I must face the reality of imminent health/convalescent care, tho I have never been ill. Am especially concerned as to geriatric services, and others. Have gone thru 3 deaths in family and was very involved with hospitals and nursing homes, saw firsthand physicians, nurses, aides, drugs, and their costs. The 700 Club discussed our corporate healthcare bill of over 80 billion. My first visit to our hospital was when my wife and I visited a neighbor patient. We experienced courtesy, competence and compassion and saw an efficient health team. Care was excellent. Two main issues are: 1) the special care that is needed by a few persons that causes very high medical costs, and 2) healthcare to the uninsured. We must provide universal protection to all. We cannot escape this responsibility to everyone. Columnist Tom Wicker recently wrote about making healthcare more equitable by taking the costs of the very expensive patients off the shoulders of the relatively healthy majority, thus paying for those without protection.

I promise to serve our community as a conservative with dedication and compassion. Vote for Kendall and vote for a higher quality of life.

Explanatory Statement

A vote "yes" means that you believe that Mayor Mimi Opdyke should be removed from office because she committed the acts described in the ballot synopsis.

A vote "no" means that you do not believe that Mayor Mimi Opdyke should be removed from office either because she did not commit the acts described in the ballot synopsis, or even if she did commit the acts described in the ballot synopsis, they do not justify removal from office.

A state statute explains what would occur if this measure were to pass:

If a majority of all votes cast at the recall election is for the recall of the officer charged, [she] shall thereupon be recalled and discharged from [her] office, and the office shall thereupon become and be vacant.

RCW 29.82.140. If the mayor's office were to become vacant because of the recall, the vacancy for the remainder of the unexpired term would be filled at the next regular municipal election. RCW 35A.12.050. In the interim period, the city council would appoint a qualified person to fill the vacancy until such time as the person elected to serve the remainder of the unexpired term could take office. RCW 35A.12.050.

City of Brier BALLOT SYNOPSIS OF RECALL CHARGES AGAINST MAYOR OF THE CITY OF BRIER MIMI OPDYKE

Shall City of Brier Mayor Mimi Opdyke be recalled and discharged from office based on the following acts of misfeasance, malfeasance, and/or violations of her oath of office:

(1) That Mimi Opdyke incurred obligations on behalf of the City of Brier requiring EDAW, Inc., to perform city planning services that the Brier City Council previously had voted not to fund at a validly convened meeting held in December 1990?

(2) That in order to conceal her actions as described in (1), Mimi Opdyke instructed EDAW, Inc., to charge for these city planning services as State Environmental Policy Act review expenses, knowing the such charges would be false and in violation of the law?

(3) That at the Brier City Council meeting of June 18, 1991, Mimi Opdyke attempted to obtain City Council approval of the charges described in (2), in order to pass these costs on to members of the public applying to the City of Brier for permit approval of development proposals which require review under the State Environmental Policy Act?

RECALL BALLOT MAYOR MIMI OPDYKE RESPONSE TO THE RECALL CHARGES

#1 Who started this recall effort and what are their motives?

#2 Are the allegations truthful and correct?

I have already been cleared of ALL charges related to this recall. The petition supporters requested the Snohomish County Sheriff's Department to conduct an investigation of the recall charges. The Sheriff concluded, "The investigation reveals no criminal activity on behalf of Mayor Opdyke." My opponents conceal this vital information from you because it renders their recall moot. The Washington State Supreme Court has noted: "The recall charge may be entirely unrelated to the dispute ... the real political issue or dispute may be submerged beneath the rhetoric of the charge."

My opponents work with mirrors to deflect attention from their own self interest. Politics in Brier - is still about keeping Brier a rural residential community of mutually respectful neighbors, or exploiting Brier as a get-rich scheme for a few at the expense of Brier residents.

The recall petitioners are: **WALKER, VANEK, and HAWKES** ... all builder/developers in Brier who don't support and follow the land use and environmental policies and laws that we have worked so hard as a community to achieve, and which make Brier so unique (ie: natural beauty, large lots, semi rural). They deny and avoid development impact fees and mitigation, and oppose environmental reviews and laws for themselves and their builder friends. This effort has been very profitable for them ... very costly to you the taxpayer, and to the future quality of life here in Brier.

VOTE NO!

City of Lynnwood

Explanatory Statement

BALLOT TITLE

PROPOSITION NO. 1 EMERGENCY MEDICAL SERVICES - SIX YEAR LEVY

To continue to fund paramedic and emergency medical services, shall the City of Lynnwood be authorized to levy regular property taxes of \$.50 or less per One Thousand Dollars of assessed valuation for each of six consecutive years?

The City of Lynnwood is asking voter approval to continue funding paramedic and emergency medical services. The City is asking authorization to levy regular property taxes of fifty cents or less per one thousand dollars of assessed valuation for each of six consecutive years.

Any tax imposed shall be used only for the provision of emergency medical care or emergency medical services, including related personnel costs, training for such personnel, and related equipment, supplies, vehicles and structures needed for the provision of emergency medical care.

Statement for

We are asking the residents of Lynnwood to again support the passage of the "EMS LEVY." Proceeds from the EMS LEVY are applied only to basic and advanced life support services offered by the Lynnwood Fire Department and the MEDIC "7" paramedic program, which because of increasing medic usage requires that a second unit be placed in service.

THIS IS NOT A NEW TAX!

The current levy, which expires on December 31, 1991, is for 25 cents per one thousand dollars of assessed valuation.

The new levy will authorize the City to appropriate up to fifty cents per one thousand dollars of assessed valuation.

LEVY DOLLARS WILL BUY—

A comprehensive and professional basic life support system provided by Emergency Medical Technicians.

Highly trained and specialized advanced life support system provided by the Medic "7" paramedic program.

Funding will support an additional advanced life support Medic "7" unit and personnel to staff it.

WHY A SECOND PARAMEDIC UNIT?

During the past ten years, Medic "7" transports have **increased 73%**.

In 1990 Medic "7" was unable or delayed in their response to **330 life threatening medical emergencies**.

PLEASE VOTE "YES" AND CONTINUE OUR SUPPORT OF EMERGENCY MEDICAL SERVICES FOR LYNNWOOD

Explanatory Statement

BALLOT TITLE

**LYNNWOOD ANNEXATION 91-16
PROPOSITION NO. 1
ANNEXATION TO THE CITY OF
LYNNWOOD**

Shall property described and depicted in Lynnwood Resolution 91-16 be annexed into the City of Lynnwood?

The City of Lynnwood has received inquiries from residents, developers and businesses along Highway 99 regarding annexation of the unincorporated area to the north.

The objective of the City in responding to the request for annexation is to provide urban services to an area which currently identifies with the City and to maintain development standards consistent with those adopted by the City. Lynnwood is impacted by development that occurs in the proposed annexation area and could coordinate development if the area is under City guidance.

The north boundary would be 148th Street S.W., the west boundary 52nd Avenue W., with SR 525 being the east boundary. The area covered would be approximately 1,432 acres (2.23 square miles) with a current estimated population of 5,400. A survey of this area yielded a positive response toward annexation to the City of Lynnwood.

The annexation includes 21 miles of roadway including major state routes such as SR 99 and SR 525.

The City of Lynnwood has a reasonable expectation of the costs of providing services to the annexation area and is confident that these costs can be accommodated.

Statement for

In 1984 the cities of Lynnwood, Edmonds, Everett, Mukilteo and Snohomish County carried out an extensive analysis of how communities would join together in the future. This analysis forms the foundation of the Growth Management Plan due for adoption by cities and the County in 1993. Implementation of this long range plan will ensure that growth occurs in an orderly and cost efficient manner.

The proposed Lynnwood Annexation puts a major element of this Growth Plan in place. Earlier this year, the Boundary Review Board, an independent review agency, found that the limits of the annexation were logical and consistent with State and local objectives. The Board also found that annexation of this area to any other community in the area, would not be compatible with accepted annexation or growth management principles.

Now it is up to the residents of the annexation area to decide. If a simple majority of voters elects to join the City, then municipal services will begin soon thereafter. Shorter emergency response times, increased traffic and animal enforcement, additional parks, better street maintenance, street lights and better contact with elected officials are among the key differences which new residents can expect. And, despite this increase in services, the property tax on a \$120,000 home will decline from \$1812 to \$1736 per year.

Now is the appropriate time to bring a well-defined community into a city which can provide the services and representation deserved by area residents.

Annexation to the City of Lynnwood

Explanatory Statement

BALLOT TITLE

PROPOSITION NO. 2

ASSUMPTION OF INDEBTEDNESS

Shall all property within the area proposed to be annexed, upon annexation, be assessed and taxed at the same rate and on the same basis as the property in Lynnwood is assessed and taxed to pay for all or any portion of the outstanding indebtedness of Lynnwood, which indebtedness has been approved by the voters, contracted for, or incurred prior to or existing at the date of annexation?

If Proposition 2 is approved, property tax rates for the residents of the annexation area will decrease slightly upon annexation. The total 1991 tax rate in the City of Lynnwood is \$14.47 per \$1,000, instead of a tax rate of \$15.10 per \$1,000 as in the unincorporated area. These tax rates include school, state, hospital, general fund, county and municipal taxes.

Statement for

A "YES" vote for Proposition 2 will reduce property tax rates for the residents of the annexation area upon annexation. The total 1991 tax rate in the City of Lynnwood is \$14.47 per \$1000 of assessed valuation as compared with a tax rate of \$15.10 per \$1000 of assessed valuation in the unincorporated area.

"Assumption of Indebtedness" simply means that you will be willing to have your taxes help pay existing debts of the City (interest on bonds, operating expenses, etc.), just as other city residents do. A proposition for the question of "Assumption of Indebtedness" is required whenever an annexation is proposed.

**PROPOSITION NO. 1
AID CAR - FIRE PROTECTION -
PARAMEDIC OPERATION LEVY**

Shall \$813,916.00 in excess property tax (approximately \$.25 per \$1,000.00 assessed value based on 100% true and fair value) to continue the present 24-hour aid car - fire protection program be levied in 1991 for 1992 collection for Snohomish County Fire Protection District No. 1 general fund?

If Proposition 1 passes, it will provide necessary funding (approximately seventeen percent (17%) of total revenue) for continuation of current level of fire, aid, and paramedic services for district residents. There would be levied an estimated twenty five cents (\$.25) per one thousand dollars (\$1,000.) of assessed property value to raise approximately eight hundred thirteen thousand nine hundred and sixteen dollars (\$813,916.).

Fire Protection District No. 7

Explanatory Statement

BALLOT TITLE

PROPOSITION NO. 1

Shall the Board of Fire Commissioners of Snohomish County Fire Protection District #7 be increased from three to five members?

This Ballot Measure, if approved, would increase the number of Fire Commissioners from three to five.

The two additional Commissioners would be initially appointed by the existing Commissioners, but would stand for election.

Statement for

Fire commissioners are elected to ensure that the emergency services provided by the fire department keep pace with the community's demands. As Snohomish County's population grows, so does the need for responsive, cost-efficient emergency services. Increasing the number of commissioners from three to five will mean greater public representation, freedom to conduct research and meet in committee, and better community service.

Taxpayers have a right to expect excellent fire and emergency medical services and should not tolerate compromise. Three-member boards can easily be subjected to hasty or ill-informed decisions based on the "odd man out" type of vote. This is not how vital emergency services should be managed. A five-member board would help keep personalities out of crucial decision-making processes. It would also allow participation by a wider cross-section of the public, bringing more skills and insight to every challenge facing the district.

Today, fire districts must take advantage of sound business management practices to ensure financial soundness and protect the public's safety. No private company or organization with Fire District 7's size, budget, or life-or-death impact on the community can be successfully run by three people, long term. The citizens of District 7 deserve the benefits of a five-member board.

Statement against

The Board of Fire Commissioners consists of 3 elected members. This election you will be asked to approve or reject Proposition 1 for Fire District #7, increasing the number of board members from 3 to 5. You will be told that there are labor intensive times ahead requiring 5 Commissioners for the fire district, but this is simply not true. We have passed through the most labor intensive time in the history of your fire department, with the building of new physical plants, adding new equipment, expanding services to the community, doing all the fire inspections and providing fire protection for the City of Mill Creek. A 3-member board worked fine then and an increase only means more bureaucracy and greater expenditure of your tax dollars. There is an underlying reason for this move on the part of the leadership of your fire department: One of the board members is in jeopardy of losing his bid for re-election. If Proposition 1 is approved he can reappoint himself to one of the two new vacancies. Proposition 1 is a bargaining chip being used on the City of Mill Creek promising them the appointments if the City agrees to the contract negotiation terms. Your fire department needs a change in leadership, not a reenforcement or increase in the same old way of doing business. You, the citizens, are beginning to speak out loud and clear, demanding accountable leadership, who keep their promises, not more bureaucrats. Vote NO!

Public Transportation Benefit Area Corporation

BALLOT TITLE

PROPOSITION NO. 1 ANNEXATION AND FUNDING PUBLIC TRANSPORTATION

Shall the Snohomish County Public Transportation Benefit Area Corporation be authorized to include the areas specified in Resolution No. 23-91 within its boundaries and impose therein a 0.6% (six-tenths of one percent) sales and use tax as authorized by law to be collected?

Explanatory Statement

Community Transit is seeking to annex the following nine contiguous electoral precincts into the Public Transportation Benefit Area (PTBA): Silver Firs, Oaks, Seattle Hill, Thomas Lake, Heatherwood, Watts, Pinewood and Berkshire. The precincts are situated along the 132nd Street corridor in south Snohomish County. The area is bounded on the north by 116th Street S.E., and on the east by Larimer Road, on the south by 148th Street S.E. and on the west 19th Avenue S.E. (Bothell-Everett Highway).

Community Transit currently provides fixed route service along the 132nd corridor. Approval or disapproval of this measure will not determine the longevity of the current level of service. Approval will allow for service expansion as need and resources are identified.

If approved, the retail sales tax in the annexed precincts would increase from 7.5% to 8.1% on the dollar. This measure does not affect the Motor Vehicles Excise Tax or property taxes.

Shall City of Brier Mayor Mimi Opdyke be recalled and discharged from office based on the following acts of misfeasance, malfeasance, and/or violations of her oath of office:

APPROVED AND PASSED this 12 day of September, 1991.

Tina Roberts (signed), Chairperson

ATTEST:

John Walker (signed), Secretary

In the beginning....

Early hopes of broadening Snohomish County's economic base through mining never "panned out."

Snohomish County was officially created January 14, 1861 and listed its first county seat as Mukilteo. The text of the "Act to Create and Organize Snohomish County" states: "The county seat of said county shall be and remain at Mucokilteo (sic) (or Point Elliott), in said county; Provided, That a majority of the legal voters of said county may locate their county seat at any other point in said county at the next general election." (taken from Whitfield, History of Snohomish County Vol. 1, 1926)

Mukilteo's founding father, J.D. Fowler, acted as the county's first auditor and judge. Fowler's Exchange was utilized for voting as well as being the site for Snohomish County's first commissioners' meetings.

Snohomish's founding father, E.C. Ferguson is credited as the mastermind behind the campaign to move the seat of county government to Snohomish. In July, 1861, an election "showdown" was held between the two county strongholds of Mukilteo and Snohomish over this issue. Snohomish emerged the victor but by a very narrow margin of votes. This election coup resulted in the county seat being moved to Snohomish.

History repeated itself in the "hotly contested" election of 1894 with Everett challenging Snohomish for the county seat. After bitter disputes over vote tallies, the state supreme court ruled in December of 1896 that Everett had indeed received the vote necessary to defeat Snohomish in its bid to retain the county seat.

In 1897, the removal of county records from Snohomish to Everett was noted as a most solemn event. The parade of wagons transporting the county documents to Everett was compared to a funeral procession.

With abundant forest land available, timber and wood-products became the principle industries of early Snohomish County.
