# INTRODUCTION TO THE 1992 VOTERS PAMPHLET

Welcome to the 1992 Washington State Voters Pamphlet. This year we commemorate the anniversaries of great change in the Pacific Northwest. It was 200 years ago that explorers from Spain, England, France, Portugal, Sweden and the United States came to our area, met local tribal leaders and established new relationships. These journeys effectively put this region on the world map and set the stage for Washington state's emergence as a crossroads for international commerce.

The election year of 1992 will be one of great change as well. As noted by numerous political observers, the decisions made on November 3 will have more impact on our state's long-term future than any election in recent memory. It is important not only that you participate, but that you participate as an informed voter.

Your Voters Pamphlet contains a wealth of information regarding two initiative measures appearing on the statewide ballot as well as statements and photographs from scores of candidates seeking positions from the courthouse to the White House. I urge you to read the pamphlet thoroughly, including the additional information regarding the election process.

Should you need special help, or have questions or suggestions for improvements to our voter information, please feel free to contact the state's toll-free Voter Hotline at 1-800-448-4881 (TDD for the hearing or speech impaired - 1-800-422-8683). Also, remember that you may now request an absentee ballot by telephone. Simply call your county auditor or county elections department to have a ballot mailed to you.

Good luck and good voting.

RALPH MUNRO  
Secretary of State

Dear King County Voter:

This year's voter pamphlet commemorates 200 years of discovery in the Pacific Northwest. Those discoveries charted a course for a new, expanding nation. Those who settled here believed in a better future for themselves and their children. Their commitment, energy, and vision helped create the Pacific Northwest in which we live. Our region is a key player in the expanding relations between our country, the far east, and the emerging democracies of Europe.

Elections also chart the course of history. Your vote will help decide who will represent you in the White House, Congress and our state government. Your vote will also help decide many important issues, from state wide ballot measures, to our local system of government, schools, and public safety.

This year we have increased access to our voting process. Over 70,000 more registered voters can participate in this election than could in our last presidential election. When we cast our ballot, we continue to shape the destiny of our region, the nation, and the world.

Make history....vote on Tuesday, November 3.

## DISCLOSURE REQUIREMENTS FOR CONTRIBUTIONS

**Contributions to Candidates and Political Committees:** State law does not limit the amount a person may contribute to support or oppose a candidate, ballot measure, political party or political committee. During the 21 days before the general election, however, a person may contribute no more than \$50,000 to a candidate for statewide office or \$5,000 to any other candidate or political committee. Contributions from corporations, unions, businesses, associations and similar organizations are permitted.

**Registration and Reporting by Candidates and Political Committees:** Within two weeks after a person becomes a candidate or a political committee is organized, a campaign finance registration statement must be filed with the Public Disclosure Commission and the local county elections official. (Committees that form within three weeks of the election must register within three business days.) The candidate or committee treasurer is also required to report periodically the source and amount of campaign contributions of \$25 or more and to list campaign expenditures.

These reports are open to the public. Copies are available at the Public Disclosure Commission in Olympia or at the county elections office in the county where the candidate lives. In addition, the campaign financial books and records of a candidate or committee are available for public inspection the last eight days (Monday through Friday) before each election. The campaign registration shows the time and place where the records may be inspected.

**Independent Campaign Expenditures:** Anyone making an expenditure in support of or opposition to a state or local candidate or ballot proposition (not including contributions made to a candidate or political committee) must file a report with the Public Disclosure Commission within five days if the expenditure is \$100 or more. Reporting forms are available from the Commission and county election offices.

**Federal Campaigns:** Contributions to U.S. Senate and House of Representative candidates are regulated by federal law. An individual may contribute a maximum of \$1,000 in the primary election and \$1,000 in the general election to each candidate for senator and representative. Corporations, businesses, unions and similar groups are generally prohibited from contributing to federal campaigns. Copies of federal campaign finance reports are available from the Public Disclosure Commission.

For additional information contact: Public Disclosure Commission, 711 Capitol Way, Rm. 403, P.O. Box 40908, Olympia WA 98504-0908, (206) 753-1111, or, for federal campaigns, Federal Election Commission, 1-800-424-9530.

## FEDERAL INCOME TAX CREDITS AND DEDUCTIONS FOR CONTRIBUTIONS

**Political Contributions Tax Credit:** The Federal Tax Reform Act of 1986 eliminated the personal tax credit previously allowed for political contributions.

As in the past, contributions or gifts made to political parties or candidates may not be deducted as a business expense. In addition, expenses paid or incurred to take part in any political campaign on behalf of a candidate for public office are not deductible as a business expense. Finally, indirect political contributions, such as advertising for a political party or admission to a program with proceeds going to a political party or candidate, may not be deducted as a business expense.

**Presidential Election Campaign Fund Checkoff:** Individuals, however, may make a deductible contribution to the Presidential Election Campaign Fund Checkoff. This fund was established to help pay for presidential election campaigns. \$1 may be taken (\$2 on a joint return) from an individual's taxes to go to a general fund, not for any specific party, to meet the expenses of the 1992 presidential election. The contribution will not increase your tax or reduce your refund.

# INITIATIVE MEASURE 573

## TO THE PEOPLE

**Note:** The ballot title and explanatory statement were written by the Attorney General as required by law. The complete text of Initiative Measure 573 begins on page 10.

### Official Ballot Title:

Shall candidates for certain offices, who have already served for specified time periods in those offices, be denied ballot access?

### The law as it now exists:

The length of previous service in public office does not disqualify anyone from appearing on the election ballot for state offices. One can be a candidate on the election ballot for election or re-election to the state legislature, governor, lieutenant governor, or congress without any limits based on prior service in those offices.

### Statement for

*"I'm in favor of term limits, six years, not twelve. Why? Because career politicians have long been bilking the public,"* broadcast journalist David Brinkley, *People Magazine* 7/27/92

#### REDUCE THE INFLUENCE OF SPECIAL INTERESTS

Incumbents easily dominate elections through free mailing, large staffs, and special interest funding. By leveling the playing field, term limits will attract more candidates thereby offering voters real choices. Initiative 573 will force rotation in office, breaking up long-term relationships.

#### NO LOSS OF INFLUENCE WITH INITIATIVE 573

Washington state will not lose its congressional clout. Federal limits will not take effect until nine other states adopt similar legislation.

Incumbents who reach the limits of their terms may run as write-in candidates.

Initiative 573 is not retroactive; previous time in office is not counted.

#### TERM LIMITS IS A NATIONAL MOVEMENT

Washington state is not alone. Citizens in at least 15 states will vote on term limits this November.

Our Founding Fathers never envisioned career politicians. Many officials already have limited terms: President, 31 governors, and many county and city politicians. In 1990 California, Colorado and Oklahoma adopted term limits.

Term limits will replace the seniority based system with one based on merit.

### RESTORE CHOICE TO THE VOTER

As Harry Truman said, term limits would "help cure senility and seniority — both terrible legislative diseases."

Career politicians gave us a national debt of \$4 trillion, a peacetime tax burden that is the highest in our nation's history, the S&L bailout and outrageous congressional banking and postal scandals that defy the ethics of public office.

*It's time for a change. We need term limits.  
Vote YES on Initiative 573.*

### Rebuttal of Statement against

We listened to the voters and improved term limits.

Term limits reduces the power of special interests, not the interests of people.

Incumbents are re-elected 96% of the time. Incumbent turnover this year is high due to redistricting, scandals and converting campaign funds to personal loot.

We have the most "experienced" legislature and Congress ever, causing the worst deficits and scandals ever. People want change, not deadwood.

Washington needs term limits. Vote Yes on I-573.

## The effect of Initiative Measure 573, if approved into law:

This initiative would consider only years of service in office after November 3, 1992 to deny some potential candidates access to the election ballot. Service prior to that date would not count.

The offices and length of service for which a potential candidate would be denied access to the election ballot are:

- 1) for governor, if the candidate served 8 of the previous 14 years as governor;
- 2) for lieutenant governor, if the candidate served 8 of the previous 14 years as lieutenant governor;
- 3) for senator in the state legislature, if the candidate served 8 of the previous 14 years as a senator;
- 4) for representative in the state legislature, if the candidate served 6 of the previous 12 years as a representative; and
- 5) for either the house or senate in the state legislature, if the candidate served in the legislature for 14 of the previous

### Statement against

#### NEW, IMPROVED TERM LIMITS? DON'T BELIEVE IT

Washington citizens rejected term limits in 1991, and their reasons remain valid in 1992. Delaying term limit restrictions a few years doesn't make the repercussions more acceptable.

#### TERM LIMITS THREATEN OUR QUALITY OF LIFE

Last November, voters said they weren't willing to give up this state's strength in Congress in 1994. Is it somehow more acceptable to give it up in 1998? Will our concerns about offshore drilling, affordable power, transportation funding, Hanford cleanup, and other federally decided issues be diminished by then? Are we willing to play Russian Roulette with Washington's future and unilaterally give away the strength we've taken years to achieve?

#### TERM LIMITS ARE UNNECESSARY

This year alone, Washington state will experience turnovers of AT LEAST 45 percent in our congressional delegation, 30 percent in the state Senate, and 29 percent in the state House of Representatives. And at least four of the nine statewide offices will change hands.

#### WE NEED A MIX OF NEW AND EXPERIENCED LAWMAKERS WORKING FOR US

No one wants stagnation in government, but the arbitrary cutoffs imposed by I-573 would cost us vital knowledge, expertise and clout. We all benefit when new office-holders are able to work alongside veterans to learn the ropes and

20 years.

While such potential candidates would not be permitted to appear upon the ballot, a write-in candidacy is permitted.

This initiative also provides that only if 9 other states pass laws limiting ballot access or limiting the terms of federal legislative offices, would Congressional representatives and United States senators from Washington state be subject to restrictions for access to the election ballot. Only the years of service which occur after November 2, 1992 would be considered. Service prior to that date would not count.

If nine other states act, then the Congressional offices and the time periods which would deny a potential candidate access to the election ballot would be:

- 1) for a Washington representative to the United States Congress, if the candidate served as a representative for 6 of the previous 12 years; and
  - 2) for a United States senator from Washington, if the candidate served as senator for 12 of the previous 18 years.
- Write-in candidacies would be permitted for such offices.

become skilled lawmakers working successfully for their constituents.

The key to responsive government is dedicated, informed voters - voters who examine candidates carefully, communicate their community's priorities, and refuse to reelect politicians who fail to meet expectations.

No citizen should give up the right to elect, or reelect, the leader of her/his choice.

Say NO to the term limit crusade and yes to effective government.

### Rebuttal of Statement for

Term limits would take away your right to choose.

If you don't like the elected officials serving you now, use your democratic right to vote to get them out of office. But if your elected officials are doing a good job, keep them in office. That's the choice you have now, and that's the choice you would lose with term limits.

Term limits take away your freedom and our clout in Washington, D.C. Vote NO.

# INITIATIVE MEASURE 134

## TO THE LEGISLATURE

**Note:** The ballot title and explanatory statement were written by the Attorney General as required by law. The complete text of Initiative Measure 134 begins on page 11.

### Official Ballot Title:

Shall campaign contributions be limited; public funding of state and local campaigns be prohibited; and campaign related activities be restricted?

### The law as it now exists:

State law does not limit the amounts which can be contributed to campaigns for statewide elected offices and legislative offices, except during the last 21 days of the general election campaign. Contributions are required to be reported to the Public Disclosure Commission. Elected officials and executive state officers must annually report to the Commission any gifts they received as well as any contributions made to their public office fund.

### Rebuttal of Statement against

*Don't be misled.* I-134 impacts *all* sides. It *equally* limits contributions from PACs, unions and individuals to candidates from *both* political parties.

I-134 strictly prohibits public financing schemes which provide "incumbency insurance" and use tax dollars to help re-elect incumbent lawmakers.

I-134 is our *only* chance to limit campaign influence by special interests and make candidates more accountable to *the people*. I-134 is supported by 40+ independent organizations — and by more than 225,000 Washington citizens.

#### Voters Pamphlet Statement Prepared by:

MIKE WATTERS, President, Washington State Dairy Federation;  
GARY SMITH, Executive Director, Independent Business Assoc.;  
CAROLYN LOGUE, State Director, National Federation of Independent Business.

Some local governments have ordinances providing the availability of public funds for political campaigns for municipal offices.

### The effect of Initiative Measure 134, if approved into law:

This initiative would establish maximums for permissible political contributions to campaigns for state legislative offices and the nine statewide elected officers (governor, lieutenant governor, secretary of state, attorney general, commissioner of public lands, insurance commissioner, treasurer, auditor and superintendent of public instruction). The maximum dollar amount an individual, corporation, pac or other group could make is a \$500 contribution to legislative campaigns and \$1,000 for campaigns for statewide offices. Those maximums would separately apply to the primary and general elections. Political parties and legislative caucuses are permitted to make larger contributions with a maximum of \$.50 times each registered voter within the election area.

Legislators, state officials or anyone acting on their behalf would be prohibited from soliciting campaign contributions during the period commencing thirty days before a regular session of the legislature, until thirty days after the adjournment of the regular session. Also, state officials would be prohibited from soliciting

### Statement against

#### REAL CAMPAIGN FINANCE REFORM MUST LIMIT BOTH SPENDING AND CONTRIBUTIONS

• *Effective campaign reform must limit both campaign spending and contributions.* Congress has had contribution limits similar to those in I-134 for years and these limits have done nothing to prevent special interest scandals such as the S&L debacle.

• *Contributions limits alone are a sure-fire incumbent protection plan.* As long as the sky is the limit on spending, a challenger can never hope to keep pace with an incumbent's ability to raise political funds.

• *I-134 doesn't limit how much a candidate can spend on their own campaign* — wealthy individuals are free to spend as much as they like to "buy" an election.

#### REAL REFORM SHOULD AFFECT ALL POLITICAL PARTIES EQUALLY

• *I-134 is just more of the same old partisan politics.* GOP officials admit the initiative was drafted to favor Republicans. Independent analysis by the Seattle Post-Intelligencer shows that the proposal is specifically designed to hit Democratic candidates harder.

• *I-134 doesn't have grass-roots support.* The signatures that put I-134 on the ballot were not collected by citizen volunteers. Signatures for I-134 were bought and paid for with large contributions from big business interests and powerful politicians.

#### REAL REFORM SHOULD LIMIT THE INFLUENCE OF PACs

• *I-134 doesn't limit how much a candidate can take from*

political contributions from employees in the state official's agency. Contributions would be prohibited from businesses not doing business in Washington and from unions having less than ten members in the state.

There would be restrictions on publicly funded, unsolicited mailings by legislators. Voluntary state payroll deductions for political committees would no longer be permitted and agency shop fees could not be used for political purposes without individual authorization. Campaign contributions could not be used to repay more than \$3,000 of a candidate's loans to the candidate's campaign.

Independent expenditure advertising would have to identify the top five contributors paying for the ad, and further disclosures to the Public Disclosure Commission would be required.

Elected officials and executive state officers would annually be required to file a statement describing any gifts received during the preceding year, but the annual reporting of public office funds would be repealed.

No public funds could be used to finance political campaigns for state or local offices.

The dollar amounts referred to in the initiative would be changed every two years by the Public Disclosure Commission to reflect changes in the inflation index. Penalties would be provided and other changes would be made.

*PACs, it allows candidates to be 100% special-interest funded.* Unless the influence of special interest PACs are limited, the views of the average person will be drowned out.

#### REAL REFORM SHOULD NOT REPEAL EFFECTIVE LOCAL REFORMS

• *I-134 repeals the popular and highly effective local campaign spending limit laws adopted by citizens in Seattle and King County.* These laws have been nationally acclaimed as models of effective reform.

### Rebuttal of Statement for

#### DON'T BE FOOLED BY FALSE REFORM.

Passing I-134 won't hold down campaign spending or clean up campaigns, but it will relieve the pressure on politicians to accept *real* reform.

I-134 *claims* it will reduce campaign spending, but contribution limits alone have *never* succeeded in holding down campaign spending;

I-134 *claims* it will break the power of special interests, but is actually backed by those same special interests.

#### VOTE NO ON I-134, FALSE CAMPAIGN FINANCE REFORM.

## COMPLETE TEXT OF Initiative Measure 573

AN ACT Relating to ballot access for elected officials; adding a new section to chapter 43.01 RCW; adding a new section to chapter 44.04 RCW; adding new sections to chapter 29.68 RCW; adding a new section to chapter 29.51 RCW; adding a new section to chapter 29.15 RCW; adding a new section to chapter 7.16 RCW; and creating a new section.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

**NEW SECTION.** Sec. 1. The people of the state of Washington find that:

(1) The people will best be served by citizen legislators who are subject to a reasonable degree of rotation in office;

(2) Entrenched incumbents have become indifferent to the conditions and concerns of the people;

(3) Entrenched incumbents have an inordinate advantage in elections because of their control of campaign finance laws and gerrymandering of electoral districts;

(4) Entrenched incumbency has discouraged qualified citizens from seeking public office;

(5) Entrenched incumbents have become preoccupied with their own reelection and devote more effort to campaigning than to making legislative decisions for the benefit of the people;

(6) Entrenched incumbents have become closely aligned with special interest groups who provide contributions and support for their reelection campaigns, give entrenched incumbents special favors, and lobby office holders for special interest legislation to the detriment of the people of this state, and may create corruption or the appearance of corruption of the legislative system;

(7) The people of Washington have a compelling interest in preventing the self-perpetuating monopoly of elective office by a dynastic ruling class.

The people of the state of Washington therefore adopt this act to limit ballot access of candidates for state and federal elections.

**NEW SECTION.** Sec. 2. A new section is added to chapter 43.01 RCW to read as follows:

(1) No person is eligible to appear on the ballot or file a declaration of candidacy for governor who, by the end of the then current term of office will have served, or but for resignation would have served, as governor during eight of the previous fourteen years.

(2) No person is eligible to appear on the ballot or file a declaration of candidacy for lieutenant governor who, by the end of the then current term of office will have served, or but

for resignation would have served, as lieutenant governor during eight of the previous fourteen years.

**NEW SECTION.** Sec. 3. A new section is added to chapter 44.04 RCW to read as follows:

(1) No person is eligible to appear on the ballot or file a declaration of candidacy for the house of representatives of the legislature who, by the end of the then current term of office will have served, or but for resignation would have served, as a member of the house of representatives of the legislature during six of the previous twelve years.

(2) No person is eligible to appear on the ballot or file a declaration of candidacy for the senate of the legislature who, by the end of the then current term of office will have served, or but for resignation would have served, as a member of the senate of the legislature during eight of the previous fourteen years.

(3) No person is eligible to appear on the ballot or file a declaration of candidacy for the legislature who has served as a member of the legislature for fourteen of the previous twenty years.

**NEW SECTION.** Sec. 4. A new section is added to chapter 29.68 RCW to read as follows:

No person is eligible to appear on the ballot or file a declaration of candidacy for the United States house of representatives who, by the end of the then current term of office will have served, or but for resignation would have served, as a member of the United States house of representatives during six of the previous twelve years.

**NEW SECTION.** Sec. 5. A new section is added to chapter 29.68 RCW to read as follows:

No person is eligible to appear on the ballot or file a declaration of candidacy for the United States senate who, by the end of the then current term of office will have served, or but for resignation would have served, as a member of the United States senate during twelve of the previous eighteen years.

**NEW SECTION.** Sec. 6. A new section is added to chapter 29.51 RCW to read as follows:

Nothing in sections 2 through 5 of this act prohibits a qualified voter of this state from casting a ballot for any person by writing the name of that person on the ballot in accordance with RCW 29.51.170 or from having such a ballot counted or tabulated, nor does anything in sections 2 through 5 of this act prohibit a person from standing or campaigning for an elective office by means of a write-in campaign.

**NEW SECTION.** Sec. 7. A new section is added to chapter 29.15 RCW to read as follows:

(1) The secretary of state or other election official authorized by law shall not accept or verify the signatures, nor accept a declaration of candidacy or a nomination paper,

## COMPLETE TEXT OF Initiative Measure 573 (con't.)

from or on behalf of a person who, by reason of sections 2 through 5 of this act, is ineligible for the office, nor allow the person's name to appear on the ballot.

(2) No terms or years served in office before November 3, 1992, may be used to determine eligibility to appear on the ballot.

NEW SECTION. Sec. 8. A new section is added to chapter 29.68 RCW to read as follows:

Sections 4 and 5 of this act, regarding candidates for federal legislative office, are not effective until nine states other than Washington have passed laws limiting ballot access or terms of federal legislative office, or both, based on length of service in federal legislative office.

NEW SECTION. Sec. 9. A new section is added to chapter 7.16 RCW to read as follows:

Any resident of this state may bring suit to enforce sections 2 through 8 of this act. If the person prevails, the court shall award the person reasonable attorney's fees and costs of suit.

NEW SECTION. Sec. 10. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

## COMPLETE TEXT OF Initiative Measure 134

AN ACT Relating to the regulation of political contributions and campaign expenditures; amending RCW 42.17.095, 42.17.125, 42.17.510, 41.04.230, 42.17.180, 42.17.390, and 42.17.240; adding new sections to chapter 42.17 RCW; creating new sections; repealing RCW 42.17.243; and prescribing penalties.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

### PART I FINDINGS AND INTENT

NEW SECTION. Sec. 1. FINDINGS. The people of the state of Washington find and declare that:

(1) The financial strength of certain individuals or organizations should not permit them to exercise a disproportionate or controlling influence on the election of candidates.

(2) Rapidly increasing political campaign costs have led many candidates to raise larger percentages of money from special interests with a specific financial stake in matters before state government. This has caused the public perception that decisions of elected officials are being improperly influenced by monetary contributions.

(3) Candidates are raising less money in small contributions from individuals and more money from special interests. This has created the public perception that individuals have an insignificant role to play in the political process.

NEW SECTION. Sec. 2. INTENT. By limiting campaign contributions, the people intend to:

(1) Ensure that individuals and interest groups have fair and equal opportunity to influence elective and governmental processes;

It's time for a change. It's time to get our economy moving again. Our government has failed our people. For twelve years now, the Republicans have cut taxes for the rich and raised taxes on the rest of us. Good jobs have disappeared. Health care is beyond the reach of millions. Schools have declined. Our streets and neighborhoods are more dangerous. And the Republicans have done nothing.

We can't afford four more years of a President without a vision.

We have a bold new plan to fight for what Americans deserve: good jobs, quality health care, world-class education and safe neighborhoods. Middle-class Americans will finally have leaders who are on their side. We will put people first for a change.

That means reviving our economy. Our plan to rebuild America will create a high-wage, high-skill economy for the post-Cold War era, and give defense workers the transition help they deserve. We'll stop the tax breaks for corporations that ship jobs overseas — but we'll give incentives to those that invest at home. The wealthiest 2 percent will have to pay their fair share — but the middle class will get tax relief. And those on welfare will get the training they need — but after two years they'll have to go to work.

Putting people first means rejecting the false choice between protecting jobs and preserving the environment. America can only achieve a strong economy if we have a clean, safe environment. We will work for both.

Putting people first means making health care a right, not a privilege. We will guarantee affordable, quality care for every American — and take on the health care industry to bring costs down.

Putting people first means educating our people — from the nursery school playground to the factory shop floor. We'll establish tough national standards for K-12 education and reduce class size. We'll make sure high school graduates get the skills they need, and require companies to invest in worker training. And we'll give all Americans the chance to borrow for college — and ask them to serve their communities in return.

Putting people first means standing up for victims and getting tough with criminals. Our plan will put 100,000 new police officers on our streets, and put beat cops back in our neighborhoods. We'll keep handguns out of the hands of criminals. And we'll reduce demand for drugs by increasing treatment and education.

Putting people first means putting everyday Americans back in control of government: fighting the special interests, cutting bureaucracy, and achieving real campaign reform. We will make the tough choices and do what's right.

And putting people first means uniting Americans behind the hope we share — that we can build a better future for our nation. We won't serve the special interests. We will create opportunity and demand responsibility. We won't blame others when we do not succeed. We will work tirelessly for the American people.

We offer real change and new hope. We will put people first for a change.

## *George Bush*

In 1980 I came to Washington, D.C. as part of a team committed to restoring American pride and freeing our nation from the politics of malaise. I want to continue that mission:

I will work to get our economy moving at full speed and continue to fight for jobs, low taxes and economic opportunity for every American.

I believe in *traditional* values of family, opportunity, safety, and freedom. I believe changes must be made so parents, not bureaucrats, make the important choices about the education of our children.

I believe we must make changes to restore a government America can be proud of. Government is too big and costs too much.

I will continue to seek a balance between the critical efforts to save the spotted owl while creating jobs and allowing economic prosperity to flourish in the Pacific Northwest.

I will continue my strong commitment to the North America Free Trade Agreement which will create jobs and boost our economy. Washington State exemplifies the significance of this agreement with a 54% increase in exports to Canada between 1987 and 1990.

Together, we won the Cold War and ushered in a new, exciting world. While yesterday's challenges are behind us, tomorrow's are yet to be born.

As someone who served with pride in the Second World War and led this country through Desert Storm, I know we can meet any challenge.

Americans need a president they can trust to shape the hard decisions of tomorrow — someone with the values and experience to guide this great nation through many seasons of change.

I know the pressures and responsibilities of leading America and will devote my energy to reaching these challenges by moving forward, always forward. Together, we will enter the 21st century with progress, prosperity and the promise of a peaceful tomorrow.

## *Dan Quayle*

Today, we maintain our commitment of peace and prosperity with an agenda that addresses the many challenges and opportunities America will face in the future.

- Our agenda is one of decentralization, reform and reducing the role of government in the everyday lives of people.
- We believe in revitalizing education, empowering individuals and communities and *strengthening the family*.
- The Bush Administration is committed to the expansion of American trade.
- When it comes to health care reform and child care programs, we want parents to make the important decisions — *all the decisions*.
- In the battle of over-regulation, our Administration maintains a firm commitment to ending the excessive cost and delay of our civil justice system. Through the Competitiveness Council and regulatory reform efforts, we have brought meaningful change that has yielded \$20 billion in annual savings, creating or saving some *200,000 jobs nationwide*.
- We believe that the cycle of welfare dependency must be reduced. Our Administration has established new initiatives that get people off welfare rolls and *into jobs*.

Republicans have led the world to freedom and democracy with the end of the Cold War — and we will lead America to prosperity during the next four years.

Libertarian presidential nominee Representative Andre Marrou (Mah-ROO') believes that Thomas Jefferson's words still ring true in 1992: "That government is best which governs least."

Democrats and Republicans have brought us soaring budgets, tax increases, erosion of our civil liberties, an enormous bureaucracy and interference in the affairs of other nations.

Many government programs have brought counterproductive results. For example, instead of improving the lives of the poor, anti-poverty programs have created generations of welfare families and an expensive welfare bureaucracy.

It's time for a change.

Andre Marrou understands that the best way to create more jobs and increase personal income is to reduce taxes and eliminate burdensome regulations.

Libertarians believe that government should be limited to protecting individuals from force and fraud. Libertarians place a high value on both personal freedom and economic liberty. Regardless of the issue, Libertarians oppose the use of government force against peaceful and honest individuals.

The positions of Andre Marrou are based on the platform of the Libertarian Party. The platform does not change to accommodate the political climate of the day. It is a document based on the principles of individual liberty and private property, which are the foundations of The Declaration of Independence and the Constitution, including the Bill of Rights.

Libertarians favor the privatization of many government services, which usually reduces their costs, improves quality and increases the choices available to consumers.

Andre Marrou supports: • phasing out the income tax; • ending the deficit by eliminating wasteful and unnecessary programs; • ending corporate subsidies; • having Japan and Germany provide for their own defense; • holding polluters fully liable for the environmental damage they cause; • holding violent criminals responsible for their actions; • a woman's right to choose an abortion, but Marrou opposes government funded abortions; • tuition tax credits as a step toward reducing costs, improving educational quality and increasing choices for students.

George Bush pledged in 1988: "Read my lips - no new taxes." He lied. Instead, he raised taxes and has given us the largest deficits in history.

Bill Clinton claims to be the candidate of "change." But his party has controlled Congress for decades, and is largely responsible for the financial mess our country is in.

There is an old saying: "If you always do what you've always done, you'll always get what you've always gotten." Do not waste your vote this November.

Vote for Libertarian candidates to demonstrate that you are fed up with the taxes, spending, deficits and bureaucracy imposed upon us by the Democrats and the Republicans. Vote for Andre Marrou and Nancy Lord, the only candidates challenging the status quo.

Andre Marrou was referred to as the "conscience of the legislature" when he served in the Alaska House of Representatives. He has a degree in engineering from MIT and currently works as a real estate broker.

His running mate, Dr. Nancy Lord has degrees in medicine and law and is an attorney specializing in medical-legal and constitutional issues.

Our opponents in this election have had a conspiracy of silence on the central issue in world politics: the fact that the imperialist war against Iraq last year was the opening guns of World War III.

At the center of the debate in U.S. ruling circles in this election year is how they can respond to the new world disorder accelerating out of the combined results of the war against Iraq, the fracturing of the Soviet Union and Eastern Europe, and economic trade wars being sharpened by the world depression affecting not only the Third World, but Europe, North America, and Japan as well.

The divisions among the candidates are simply over how best to unload more and more of the burden of the economic and social crisis onto the backs of working people around the world in a desperate attempt to salvage the crisis-ridden system of capitalism.

Washington's war moves against Iraq, North Korea, and Libya and its determination to remain the undisputed strategic military power in the world are current examples of this course.

Combined with the 1990-1992 "double-dip" recession, these events have sharpened competition and trade disputes between capitalists in Japan and the United States, within North America and Europe, and between the European Community and the United States.

If capitalism is not replaced by working people, the international conflict among the imperialist powers will eventuate in a third world war. This outcome can only be prevented by an international movement of workers and farmers that uncompromisingly fights to disarm the warmakers and defend the victims of their wars, racism, and economic depression. We call on Washington to get its warships, bombers, submarines, troops, and hit squads out of every corner of the globe.

The rulers' drive toward war mirrors their attacks at home, which for more than a decade have driven down the real wages and living conditions of working people. Both the Democrats and Republicans, the parties of big-business, have a common fundamental domestic policy. Under the impact of the deepening social crisis, they have moved to the right and become more reactionary every year, challenging democratic rights, a woman's right to abortion, and Black rights won over the past 25 years.

Our campaign begins with the fact that the working class is international. We have common interests, face a common crisis, and have a common enemy. Our campaign will travel across the country and around the world with this message.

Working people can unite on a world scale to fight for protection from the ravages of the universal crisis of the market system. To this end we advance demands that defend the interests of all working people:

- 30 hours work for 40 hours pay
- Defend affirmative action
- Cancel the Third World debt

Since the first primaries were held in New Hampshire last February, the American people have been expressing their profound dissatisfaction with our political process, with the two major parties that maintain a stranglehold on that process, and with the lackluster candidates the two-party system produces. In survey after survey, the vast majority of people have said that they want more choices, that neither of the major parties represents them, that a fundamental restructuring of the political system is called for.

Clearly, independent politics is on the agenda in America. The issue is: what shape will it take? I am running as an independent candidate for president of the United States as part of a long term effort to open up our political process — to make it more fair, more inclusive, and more democratic.

I am an ardent advocate of civil rights for people of color, for lesbians and gay men, for the elderly and the disabled. I fully support the right of women to choose an abortion and the right of all workers to organize and to strike. I think that corporate polluters should clean up after themselves — and foot the bill. I oppose war.

I believe that the profound crisis of the American economy cannot be resolved without radically transforming the political environment: until the American people are included in economic decision-making, the professional politicians of the PAC-owned major parties will continue to enact public policy that puts trillions into the pockets of the military industrialists and the Wall Streeters while leaving us without solutions to the array of social problems that confront us: homelessness, AIDS, police brutality, drug-induced violence, and the scandalous absence of a national health care system.

The Perot phenomenon revealed that millions of white Americans — hit hard over the last five years by the economic crisis — would waste no time in breaking with the two governing parties if the opportunity arose. The Black community, the Latino community, the lesbian and gay community, women and workers — who have suffered bitterly for decades, even centuries — must make that break as well.

If two to three million Black, Latino, labor and gay voters from the liberal wing of the Democratic Party vote for me in November, and if they are joined by two to three million Perot supporters, we would have the beginnings of a new, broad-based electoral majority that could win the White House (and a lot else besides) in 1996.

I urge you to vote independent in 1992 because political independence is America's future. I urge you to vote for me so that together the ordinary people of this country can shape our future in the light of a progressive and humane social vision.

As president I will contract with you, thereby promising in writing the following:

1) I will return us to a stable economy by getting rid of the private corporation, the Federal Reserve (FED). The FED charges us interest on our own money. It has never been audited.

2) Eliminate the income tax. Return to the Constitution and impose tariffs, excise taxes and impose taxes. According to Reagan's Grace Report released in 1984 not one dollar of personal income tax goes to the U.S. Government. It goes to pay the interest due the Federal Reserve.

3) Stop all foreign aid. We must put America back on her feet and heal her before we help others. Our people are suffering and must not be ignored by the government any longer. It must be America First!

The election of 1992 will be the most important in the history of the United States! The voters will have only two choices...they will choose either the New World Order of George Bush and Bill Clinton, as they both have the same agenda, or select a party that will stop the headlong plunge into disaster. The American people can no longer afford the huge national debt with its billion dollar a day interest. Ownership of our money must be wrested from the private corporation known as the Federal Reserve. The debt money system *must* be eliminated, and replaced with debt free U.S. Bills that will freely circulate in our economy. Without this huge national debt, collection of taxes will no longer be necessary.

The giving away of our money to foreign and unfriendly nations must stop—it is simply America First! With Bo Gritz as your president, you can be sure that these actions will be taken, we will sign a contract to that effect. Has any other candidate offered to do this. Aren't you tired of broken promises like "no new taxes." Give us a chance to prove to you that America can be great again. A vote for Bush or Clinton will give you more of the same only this time The New World Order will insure that you won't get the chance to vote again.

LaROUCHE, Jr.**  
Independent

**James L.  
BEVEL**

***Lyndon LaRouche's program for ending the economic depression and building a productive future for all Americans:***

LaRouche would reverse the disastrous shift to post-industrial policies begun in the mid-1960s. Beginning with nationalizing the Federal Reserve and converting it into a National Bank of the United States, the federal government will issue over \$600 billion in low-cost credit to state and federal authorities for infrastructural public works. This will create 3 million jobs in the public sector, and 3 million jobs among private sector vendors to the government.

The increase in the tax-revenue base and the growth of our national economy that will result is the only way to provide the economic and social justice to which all Americans are entitled, and to which LaRouche is deeply committed.

Components of the LaRouche program for economic revival:

- Large-scale water improvement projects including the North American Water and Power Alliance (NAWAPA). NAWAPA alone would provide 135 billion gallons of water per day for the U.S.: enough water to satisfy the thirst of the biggest industrial recovery in the history of America.
- The rebuilding of our transportation grid, especially our rail system, emphasizing rapid transit systems, including Maglev, in the densely populated areas of the country. Maintenance and some expansion of our existing highways, roads and ports.
- The construction of the energy grid needed to power an industrial recovery, including nuclear energy, with our ultimate goal being fusion power development. Only fusion energy can guarantee the vast energy and raw materials needed for the next century.
- The creation of a new healthcare-delivery infrastructure, integrating public and voluntary hospitals and clinics with the private medical profession. The whole system, public and private, would be organized to provide adequate health care for every community in this nation.
- Education must return to the classics (emphasizing languages, geometry, etc.) and not be based on rehearsing our children to pass multiple-choice, questionnaire tests. Institute a new version of the Civilian Conservation Corps of the 1930s, not based on digging ditches, but upon exposing our youth to the most advanced technologies to be used in the infrastructure programs outlined above.
- A science-driver, to fuel industrial productivity, such as a long-range buildup toward the colonization of Mars.

***LaRouche's Vice Presidential running mate, veteran civil rights leader Rev. James Bevel, a founder of the Student Nonviolent Coordinating Committee and Direct Action Coordinator for the Southern Christian Leadership Conference, states:***

"It is urgently necessary to build an independent people's movement based on the U.S. Constitution and the Declaration of Independence. America has been criminalized by the way it votes. The person who votes for the lesser of two evils, votes for evil. And not voting is a crime of omission. The people must ensure that the self-evident truths of life, liberty and the pursuit of happiness, survive. This requires a moral economic policy, based on the Christian idea of love."

# President and Vice President

Ross Perot, a businessman we want as President, and James Stockdale, an educator we want as Vice President, have started a revolutionary change in the way America governs itself. You, the voter, are the key to that change. Many heard the message and responded by registering and voting in the primary election in record numbers. 53,734 of you wrote in Ross's name in the presidential preference primary in March and even more of you signed petitions (on one day) to put his name on the ballot in Washington State when only 200 signatures were needed.

From that initial wide-spread support it was obvious that Washington voters and their counterparts across the country were unhappy with government and politics as usual. As Mr. Perot entered "the race" it became more obvious that the candidates selected by the two party system were more intent on character assassination than on issues and problem solving. On July 16th Mr. Perot stepped back from active campaigning in hopes of forcing the Democrats and Republicans to face up to the annual deficit in excess of \$380,000,000,000 (that is \$380 billion) and the four trillion dollar national debt. From a position on the sidelines Mr. Perot prodded them into at least talking about the deficit, however, neither President Bush nor Governor Clinton presented a comprehensive workable plan. The "Wall Street Journal" tells us that both of their plans are hundreds of billions out of balance. Ross wrote and published his own plan *United We Stand: How We Can Take Back Our Country*. You have responded by buying the book in record numbers and putting it on top of the New York Times best seller list. We all want our country back. We are willing to make the tough choices necessary to pass on the American Dream to our children.

When you finish reading this Voters Pamphlet ask yourself if the congressional and senatorial candidates have addressed the important issues and have what it takes to make the changes necessary. In his book Mr. Perot outlines the ABC's of his platform - Accountability, Balance, and Courage. Please read it. For further information, call the state headquarters in Seattle at (206) 223-0062 or the Spokane headquarters at (509) 326-8089 for help.

It is time for YOU to pick leaders who will work for YOU rather than PAC's or special interests. We don't need leaders who will just cash in, we need leaders who will help US take back OUR country. Let this be the year YOU vote for YOUR children and grandchildren.

Feeling run-down? Worried about your future and your children's future? Wonder whether pulling the lever for the Democrats or Republicans will really make a difference?

Let's talk.

In the past fifteen years of Republican Presidents and Democrat-controlled Congresses we've seen:

- Big Business disinvest in the United States and magnify its exploitation of foreign labor, moving hundreds of thousands of jobs out of the country, lowering wages and conditions for *all* working people.
- An environment increasingly at risk.
- Our inner cities devastated by poverty, homelessness, poor schools, and police brutality.
- The Treasury looted by the savings and loan scandal and other welfare-for-the-rich boondoggles. Tax breaks for the wealthy, slashed services for everyone else.
- Civil rights threatened by Republican-appointed and Democrat-approved extremists on the Supreme Court — especially a woman's right to control her body.
- Military funding for ultra-expensive, unnecessary weapons paid for with massive deficit spending that has mortgaged the well-being of children yet to be born.
- Racism, sexism, and homophobia by government officials encouraging discrimination and violence against women, people of color, lesbians, and gay men.

Neither party has changed its stripes. Both parties support the job-exporting, worker-degrading North American Free Trade Agreement. Neither party proposes nationalized health care, or major cuts in military spending, or job programs adequate to alleviate the horrendous conditions that caused the LA rebellion. In short, both parties are tied to the Corporate Vision of low wages and no unions, benefits, environmental safeguards, or other inconvenient "restrictions on trade."

Working people need at least *one* party to represent our interests. Ron Daniels and Asiba Tupahache offer a different vision for the future:

- *A socially responsible economy* with sustainable development to revitalize rural and urban areas: full employment, decent wages and benefits; nationalized health care; affordable housing; greater control by workers and communities over business, industry, finance, and commerce; right to unionize; progressive taxation.
- *Elimination of discrimination* based on race, nationality, religion, sex, sexual orientation, age, or disability.
- *Complete equality for women*: full reproductive rights, pay equity, quality child care, paid pregnancy leave, support for ERA.
- *Protection from the production and disposal of toxins* poisoning our air, land, water, and food; environmentally safe jobs.
- *Demilitarization and conversion to production for civilian needs* by cutting military spending by 70%.
- *Quality education for all*: children as our priority; multicultural curriculums; free public colleges and universities.
- *Restoration of treaty rights*: economic justice for all Native American peoples.
- *Reparations for African Americans* for slavery and continuing institutional discrimination.
- *Peace and development foreign policy*: self-determination of all peoples and nations; economic and technical assistance to underdeveloped countries; withdrawal of U.S. troops abroad; nuclear disarmament.

To realize this vision, we need a party and a movement for working people, independent of the Democrats and Republicans. Vote for *your* interests, not General Motors'. Vote Ron Daniels and Asiba Tupahache. Then get active and organize!

**Albion W.  
KNIGHT, Jr.**

**Washington Taxpayers

Every American family is the victim of "Great Society" policies advanced by White House Republicans and Congressional Democrats.

Since 1961, Federal expenditures have increased from less than \$100 billion to more than \$1.5 trillion annually.

Since 1973, our standard of living has declined steadily. Americans work harder, but have less real income.

Vastly increased government regulation has closed down businesses, raised costs, and eliminated jobs.

More than change drivers, we must change directions, with a "vision of victory" to put America back on the right track.

We offer every taxpayer a "Grand Bargain." Help us cut Federal spending by \$500 billion per year and we will abolish the IRS, so that you can keep all of the thousands of dollars you otherwise would be sending to Washington in income taxes.

George Bush's annual budget is fifty percent greater than Ronald Reagan's 1987 budget — just five years ago. It was \$1 trillion then. It's \$1.5 trillion now.

We can't afford it.

Last year, the income tax produced less than \$500 billion. Borrowing and other revenues made up the difference. *If we cut spending by \$500 billion, we can cut taxes by \$500 billion.*

That will encourage savings, investment, consumption, and jobs.

I will keep America first militarily and make sure that our foreign policy is designed to serve the interests of American taxpayers and workers, rather than the goals of international banks, multinational corporations, and foreign governments.

I favor capital punishment. The answer to violent crime is not more prisons, but more executions. I will veto funds for those judges who thwart capital punishment or release dangerous felons.

As the former director of the United States Office of Economic Opportunity, I am the only non-incumbent candidate who has ever headed a major Federal agency—and the only Federal executive who, in office, launched a major effort to eliminate programs and cut spending in areas for which he was directly responsible.

The Taxpayers Party platform is based on the Bible and the Constitution of the United States, which establishes that all powers not explicitly delegated to the Federal government are reserved to the states and the people — that means you.

We are pro-jobs, pro-growth, and pro-life.

I will appoint no Federal judge who fails to publicly proclaim his acknowledgement that every unborn child is a human person created in God's image—entitled to full constitutional protections.

As Chairman of The Conservative Caucus and the U.S. Taxpayers Alliance, I've worked for limited government, traditional family values, and victory over Communism. I have fought against New World Order transfers of resources and authority to the World Bank, the IMF, and the United Nations. I have led national campaigns to block treaties which undermine U.S. liberty and security (Panama Canal, SALT II, INF, etc.).

As President, I would work to repeal quotas, to restore parental control of education, to cut off tax dollars for Planned Parenthood, to defeat gun control schemes, to end foreign aid, and to stop Federal subsidies for homosexuality.

**John  
HAGELIN**  
Natural Law Party

**Mike  
TOMPKINS**  
Natural Law Party

Campaign Address:  
Dr. John Hagelin for President Committee  
51 W. Washington Street  
Fairfield, IA 52556  
Telephone: (515) 472-2040

The *Natural Law Party* was established to "bring the light of science into politics"—to introduce the most advanced, scientifically proven solutions to the nation's pressing problems.

*Dr. John Hagelin, Presidential candidate*, is a Harvard-trained quantum physicist and a world authority in unified field theories.

*Economy:* Cost-effective solutions to national problems of rising crime, spiralling health care costs, rehabilitation, etc., will eliminate the budget deficit and retire the national debt, while lowering taxes significantly. Reduced taxes will stimulate the economy, cut unemployment, and provide the basis for long-term economic growth and prosperity.

*Energy and environment:* Under appropriate government policies, environment and economy are not at odds. The Natural Law Party will support the development of new jobs and industries in energy conservation, renewable energy, sustainable agriculture, and related fields that will further the interests of both the economy and the environment.

*Health care:* Extensive research shows that prevention oriented health education and prevention oriented natural medicine will provide better health and cut health care costs by more than half. The resulting savings of hundreds of billions of dollars will allow government to ensure high quality health care to the 35 million Americans who currently do not qualify for Medicaid and cannot afford the high cost of private insurance.

*Education:* The Natural Law Party promotes educational programs that directly unfold intelligence, creativity, moral reasoning, and higher states of consciousness. Because such education is highly relevant to the student's own life, it will put an end to the growing attrition from our nation's schools and colleges. This will eliminate functional and technological illiteracy, and will substantially boost our national productivity and international competitiveness.

*Crime, violence, drugs, and the inner city:* The Natural Law Party supports effective job training, technical training, and management training programs, combined with practical programs to develop an individual's intelligence and full creative potential. The Natural Law Party also promotes proven programs to dissolve accumulated stress in the inner city environments. Such programs, including Transcendental Meditation, have been shown to relieve not only the physiological symptoms of stress, such as high blood pressure, but to reduce symptoms of societal stress, such as crime, violence, accidents, and hospital admissions, and to promote positive trends throughout society.

*Defense and foreign policy:* The Natural Law Party offers a scientifically proven peace creating technology, which will help to ensure increasingly peaceful and harmonious relationships among the family of nations. This technology will allow defense spending to be responsibly cut, and can thereby ensure a steadily growing "peace dividend" that can be used for more life-supporting programs at home and abroad.

The Natural Law Party believes that U.S. foreign policy should shift immediately from one based principally on military aid to a foreign policy based on the exportation of knowledge. American expertise in areas such as business administration and agriculture, supplemented where necessary with economic support, will allow many developing countries to become financially self-sufficient, eliminate hunger and poverty, and create a more affluent and prosperous world.

**Patty

**Democrat**

Campaign Address:  
People for Patty Murray  
P.O. Box 3662  
Seattle, WA 98124  
Telephone: (206) 621-0611

Patty Murray will bring the voice of working people to the U.S. Senate. She has a proven record as an effective legislator, committed to making government work for *all* people. As a State Senator, she fought to pass legislation ranging from education to family leave, from safe neighborhoods to health care. As a U.S. Senator, she offers the voice for real change in our national government.

Restoring the economy and reducing the \$4 trillion debt are critical issues. A *long-term* economic plan which includes a shift in R&D funding from military to civilian technologies, investment in infrastructure, education, and manufacturing must be implemented. We must reduce the military budget by at least \$100 billion over the next five years, increase job training, reform the tax system, and reduce skyrocketing health care costs.

The success of the economy is dependent on our ability to provide jobs and educated workers for the future. Government, industry and academia must join forces to provide leadership committed to educational excellence.

The federal government must implement health care reform. Patty Murray will work to reform the health care system to provide strict cost-containment mechanisms and increase access. Health care decisions must be taken out of the hands of insurance companies, and returned to individuals and their health care providers.

Patty Murray will strive for workplace policies where people are not forced to choose between their job and their loved ones in times of crisis.

The environment and economy should not be in opposition to each other. Our future success is dependent on our ability to balance the health of both. Patty Murray will work to find that balance.

Patty Murray believes that with common sense, courage and leadership, real people can meet the challenges of the future. She is a voice for real change.

Republican

Campaign Address:  
Chandler 92  
P.O. Box 5755  
Bellevue, WA 98006  
Telephone: (206) 454-1166

Rod Chandler has a clear agenda for change. As our next United States Senator, Rod will work to control spending, reform health care, create jobs and change the liberal ways of Congress.

#### *Control Spending*

Rod supports the Balanced Budget Amendment to the Constitution and the Line-Item Veto. He has voted consistently for across-the-board spending cuts. Rod also sponsored the Sunset Act for government programs (except Social Security) that would make them justify their existence every five years or go out of business.

#### *Reform Health Care*

Rod is fighting for dramatic health care reforms that retain our rights to choose our own doctors, control costs, expand access, and limit lawyers' fees in medical malpractice cases. He does not support creating another huge, inefficient government bureaucracy to run our health care system.

#### *Create Jobs*

Rod's economic blueprint for change will create jobs. He supports an investment tax credit and a capital gains tax cut to foster growth. Rod is an activist for agriculture, electronic, aerospace and forest product exports. And, he favors balancing environmental regulation with concern for people and their jobs.

#### *Change Congress*

Rod supports national term limits of 12 years. He also believes we must require Congress to live under the same laws it imposes on the rest of our families and businesses.

Rod Chandler's life has prepared him to turn the U.S. Senate into a place of action. He was born in a rural community, started his own small business, and together with his wife, Joyce, raised two children.

In 1974, he ran a grassroots campaign for the state House, and won. Eight years later, he won a hard fought campaign for Congress. Now, Rod wants to fight for us in the United States Senate.

*Rod Chandler, he stands out because he stands up for change.*

#### Democrat

Campaign Address:  
Friends for Jim McDermott  
2129 2nd Avenue  
Seattle, WA 98121  
Telephone: (206) 448-1992

In just two terms in Congress, Jim McDermott has set himself apart from the crowd, raising a clear and effective voice for change. Throughout his career, he has never wavered in his commitment to

better health care, housing, education, decent jobs, and care for our most vulnerable citizens.

As a physician and legislator, Jim is uniquely qualified to fight for accessible, affordable health care and has become a leading authority in Congress on health care reform. Jim also is recognized nationally for his work on AIDS, enacting legislation to provide housing assistance for people with AIDS and pushing the Bush Administration to face this epidemic honestly and compassionately.

A forceful spokesman for protecting our environment, Jim has sponsored legislation to preserve our declining forest resources and help timber communities adjust to this change. He is fighting to protect the City's water supply in the Cedar River Watershed and to prevent offshore oil drilling on our coasts. He added provisions to the House energy bill that promote use of mass transit, conservation, and development of new energy sources. And he has worked to bring mass transit funds to the Puget Sound region to help break our transportation gridlock.

Jim is committed to reproductive choice for women, and has worked to promote equal opportunity for women and to improve research and treatment of women's health needs. National policies to help children and families, such as family and medical leave, better day care, and foster care reform have his vigorous support.

Restoring public confidence in our government and hope in our future demands leaders of courage, integrity, and vision. Jim McDermott is that kind of leader.

### Glenn C. HAMPSON

#### Republican

Campaign Address:  
Committee To Elect Glenn C.  
Hampson, United States House  
of Representatives  
P.O. Box 45397  
Seattle, WA 98145  
Telephone: (206) 523-7467

Glenn Hampson represents real change for Congress, and a voice for real Republicans who never abandoned social responsibility—freedom of choice, expression, religion, and lifestyle, help for the sick, elderly, disabled, and poor, and strong support for our environment.

Hampson's 200-page platform—possibly the most substantive in

the country—describes where America must stand on the economy, foreign and domestic policy, and government reform.

Hampson would abandon trickle-down as a first step to economic recovery, and advocates a realistic foreign policy, vigorous research and defense industrial base, free market health care reform, free and fair trade, free speech, and more.

In contrast, the incumbent is one of the biggest spenders in Congress (as he was in our state legislature), supported higher individual taxes and the pay raise, routinely approves drastic cuts in defense and opposed U.S. involvement against Iraq, cut funding for the supercollider and space station, proposes a national health care system and supported the means-tested Catastrophic Health Care Act, shrugs at Boeing's competition from Airbus, penalized the National Endowment for the Arts, and would make flag-burning illegal.

Our nation must elect representatives with real vision, who advocate social freedom and responsibility yet understand fiscal and geopolitical reality; who will lead toward real solutions and change not more partisan bickering and national drift. The incumbent's vision is vintage career politics — 3 attempts at governor (so far), appointment to our district's open Congressional seat in 1988, and 95% party-line voting since then.

Glenn Hampson is an experienced civic leader and former Congressional staff member, a former children's editor for Nintendo, and Houghton-Mifflin, and economics editor for the World Bank. Hampson, 30, a 10-year resident of Seattle, is originally from eastern Washington, and earned history and science degrees from the University of Washington.

**Paul  
GLUMAZ**  
Independent

Our nation and the world face the greatest crisis of the twentieth century: economic collapse and escalating international chaos verging on a new world war. Republicans and Democrats neither recognize the crisis nor offer solutions. We Independent candidates do.

The depression will end only with a large-scale infrastructure construction program and by ending the Federal Reserve's control over credit. As Lyndon LaRouche advises, we must turn the Fed into

a National Bank to issue cheap credit for manufacturing and agriculture.

*Nearly one trillion dollars will create six million jobs in the following areas:*

*A massive project to bring water from Alaska to the entire West.  
Building magnetically-levitated train systems and repairing highways and bridges.*

*Building fission plants while we develop fusion and fund "cold fusion" research.*

*Building hospitals and schools.*

*Launching a Mars colonization program, revolutionizing our industrial technologies and increasing the productivity of the entire economy.*

This program will expand the tax base sufficiently to eliminate the deficit over the coming years. In a depression, budget cuts and more taxes will not.

Internationally, America can do what is right, **and** in our interest, by rejecting colonial-type debt collection schemes of the International Monetary Fund and free trade frauds like NAFTA. Real development of the "Third World" and former East Bloc is a priority. We must repudiate our government's hypocritical grandstanding war threats against defeated Iraq, while tolerating genocide against Croatia and Bosnia.

We must eliminate white-collar drug crime. The Contra's drug-trafficking was sanctioned by the government. Banks caught laundering money get their wrists slapped, while those who tell the truth about this are called "extremists," labelled "anti-semitic," and jailed.

Cultural degeneracy and environmental extremism must be fought with morality and hope.

Campaign Address:  
Tamblin for Congress  
P.O. Box 1636  
Mercer Island, WA 98040  
Telephone: (206) 865-8683

George Tamblin, Democrat, is a successful businessman who made an environmentally troubled business profitable, cleaning up a site while saving and creating jobs. As an employer, he worked with his union to find solutions.

George is vice-chair of the Washington Council of Growing Businesses and understands how to balance budgets and stimulate business growth and new jobs.

As a lawyer with 25 years experience, George understands complex problems and how to get results. George is endorsed by the Washington State AFL-CIO, the Aerospace Machinists Workers, many unions and by business owners as well.

Concerned about the national budget deficit, George initiated and chaired a bi-partisan conference for non-incumbent Congressional candidates. More than 50 candidates attended representing 20 states. They unanimously agreed, if elected, to make the budget deficit their highest priority.

Dedicated to a workable, affordable National Health Care system with universal access, George has travelled to Canada to study their system and will work for a health care plan that avoids the difficulties created by Canada's system.

George will work for campaign spending limitations to reduce the power of incumbents and to enable members of Congress to be more free of the influence of large contributors.

George lives with his wife, Sue, and her grade school children on Mercer Island. As a parent, George has volunteered as a teacher's assistant for four years. He is also on the Board of the Mercer Island Boys and Girls Club, and is a board member and twice-weekly volunteer cook at the Compass Center for the Homeless in downtown Seattle.

George is involved. George takes action to solve problems.

George Tamblin will provide the 8th Congressional District with dynamic, independent and effective representation.

Campaign Address:  
Friends of Jennifer Dunn  
P.O. Box 40110  
Bellevue, WA 98004  
Telephone: (206) 455-8875

Jennifer Dunn believes the time has come to send a loud message to Congress. We need to say that we will no longer tolerate its fiscal irresponsibility and its lack of moral fiber. A mother of two sons, she sees the need to fortify family values in America and in Congress.

Congressmen, like parents, must be responsive to those who depend on them. They *must* manage the national budget with the same frugality parents manage their own households. For eleven years Jennifer forged a solid coalition in the Washington State Republican Party as its chairman. She takes that experience as a consensus builder and a reliable money manager with her in her candidacy for the U.S. House of Representatives.

Jennifer wants to do what it takes to remedy our ailing economy. Taxes are high enough. What must be tackled is the elimination of wasteful spending. To trim the fat off the budget and to force the discipline that Congress needs, she supports a balanced budget amendment, and a presidential line-item veto. To reduce the deficit, she endorses a budget item that requires regular payment on the principal of the national debt. Jennifer believes there should be a partnership rather than confrontation between business and government. She believes that eliminating overregulation will create new jobs, encourage badly needed investment, and help the United States regain its position as the world's economic leader.

Having raised two children, Jennifer is deeply concerned with ensuring that children in our community are provided with the best education. She vigorously supports educational reform such as merit pay for outstanding teachers, vouchers to enable parents to select the best schools for their children, and national minimum standards to ensure literacy.

In short, Jennifer Dunn offers a new vision, vitality, and voice in Congress.

As an Independent, I am free to act on your behalf. I'm not constrained by party loyalty; to put the "good of the party" ahead of "your good." I am free to call the "political kettle - black," because, I'm not "sitting in it." As a true outsider, I can advocate real changes

without regard to their impact on either party.

I have not accepted money from any Special Interest, so, I am free to advocate the long range economic policies which will bring our country back to world class competitiveness. My opponents cannot act, for fear of displeasing the Special Interests who paid for their campaigns.

In a normal year an Independent Congressman would have little impact on Congress and the things I now say "I can do" would be just so much bravado. But, this year these things are possible. This year the voters are mad enough to elect a record number of Independents. Then, with other true reformers from both parties, we'll be able to form a powerful Freshman Caucus and enact the "real" campaign funding changes which will release the Congress from Special Interest Domination. Then, the whole Congress will be free to act on your behalf.

After working for thirty years in Boeing Procurement, I took an early retirement, and now run my own business consulting firm. I've spent the last three years studying our campaign funding laws and developing a keen understanding of the pervasive control the Special Interests wield over our elected officials. Based on this knowledge, I wrote and sponsored Initiative 555 to limit terms and campaign contributions; to correct these basic campaign problems, in Washington State. Thus, I believe, I am uniquely qualified to spearhead, in Congress, the changes that will return our Federal Government to you, the voters.

Mike Kreidler will bring leadership and integrity to a new Congress.

*Leadership on Health Care.* Mike has been at the forefront of efforts to reform and improve health care in Washington. As an

Optometrist with Group Health Cooperative with a Masters in Public Health, Mike brings to Congress broad expertise on health care and cost containment issues. In the Senate, he fought to reach agreement on cost containment. However, these efforts were killed by insurance and other special interests.

*Leadership on the Economy.* Mike is a strong supporter of new investment strategies to create well paying manufacturing and high tech jobs. Mike proposes a new economic industrial policy which encourages public and private investment, worker training, and fair trade.

*Leadership on the Environment.* As Chair of the Senate Ecology Committee, Mike made the clean up of Puget Sound a top state priority. He also championed the state's hazardous waste clean up. Mike has been endorsed by the bi-partisan League of Conservation Voters.

*Leadership in Education.* Mike knows quality education is the key to our personal and economic well being. As a former School Board member he helped lead the state's effort to move decision making from the State to local districts.

*Leadership on Choice.* Mike is the pro-choice candidate.

*Integrity in Public Service.* Lt. Col. Mike Kreidler — a twenty year U.S. Army Reservist — was called to active duty for Operation Desert Storm. Mike's hospital unit processed troops going to the Middle East. When Mike left the Senate, Lela, Mike's wife was appointed. She became the first Mexican American to serve in the Washington State Senate.

Pete von Reichbauer has not been afraid to rock the boat. He will take on the leaders of Congress and even his own party when they are wrong.

Pete will vote to cut Congress' own budget by 50% and will vote "no" on any pay raise for Congress until the federal budget is balanced. Pete favors term limits for full-time elected officials.

Unlike his opponent, Pete has voted against all personal state income tax proposals. In the other Washington, Pete will *not* vote for a new tax. He *will* vote to give the President line-item veto authority to cut wasteful federal spending. He *will* support a balanced budget constitutional amendment that preserves social security benefits for seniors.

Pete was rated the state senator "most conscientious in responding to constituent concerns by mail or phone" in a 1992 University of Puget Sound poll of top Olympia observers. Pete now wants to represent the ninth congressional district in this same spirit - putting people ahead of politics.

Pete's community activities include: St. Francis Hospital Board (8 years); Boys and Girls Club Board (16 years); Past Kiwanis President; and Vice-Chairman of the U.S. Olympic Committee.

Pete wants his teenagers to have the same job opportunities in the 1990s that he had in the 1960s when he graduated from Clover Park High School. Pete served in the U.S. Army, works in the private sector, and is in the Washington Army National Guard. As a member of Congress, Pete von Reichbauer pledges to focus on the needs of the next generation, and not on the wants of the next election.

We must eliminate white-collar drug crime. The Contras' drug-trafficking was sanctioned by the government. Banks caught laundering money get their wrists slapped, while those who tell the truth about this are called "extremists," labelled "anti-semitic," and jailed.

Cultural degeneracy and environmental extremism must be fought with morality and hope.

**Graham, WA 98338**

Our career politicians blame each other for the increasing failures of the government they created: more bureaucracy, more regulations, more spending, more debt, and a more bleak future for us

working citizens. Our canny politicians then criticize each other with mocking generalized terms, but fail to take any **action** against government waste and abuse.

It is time to stop learning this same lesson over and over again. It is time to take **action** to reduce this government morass.

The government debt, waste and abuses created by our politicians is criminal. Our federal bureaucratic agencies need to be reformed. By escaping citizen accountability, the tax dollar waste within government agencies is rapidly increasing. We need to limit the size of government by attrition of current employees. We should privatize all federal programs which can serve the public better if run as a private program. We need to reduce spending on all major budget programs. Taxation and bureaucratic regulations are stifling entrepreneurship. We must reduce the tax and legal burdens on small business. We need to reverse their regulatory trend and make government accountable to we ordinary citizens.

I will introduce legislation that will hold government bureaucrats legally responsible for their actions and expenditures. I will champion individual control of personal decisions and private money. I support citizen rights instead of government rights.

My anguish over the realization of my government's indifference has compelled me to participate in a solution. I am Timothy J. Brill, Independent citizen candidate for the U.S. House of Representatives, 9th District, Washington. I will serve to get back our government, to take **action** against the government's self-serving trend, and to tell you the truth when the political machine attempts to deceive you: so that we can tell our children, "we learned, and we are correcting the problems caused by those before us."

**Mike Lowry for Governor**  
**P.O. Box 4246**  
**Seattle, WA 98104**  
**Telephone: (206) 441-MIKE**

Mike Lowry will govern for all the state's hard working citizens and business people, not the special interests.

That's why Lowry alone in the governor's race refuses to take big money contributions. His limit: the \$1,500 recommended by the League of Women Voters.

His aim: To make our state, its environment, its economy better for ourselves and our children.

Lowry's method: To use leadership skills and ideas he honed as a state budget expert, a local government leader, an exceptional member of Congress and for the past four years a teacher ranked outstanding at Seattle University — all to bring diverse people together to get the job done.

To the governorship Lowry brings a special point of view:

He is the candidate with deep roots on both sides of the Cascades.

The Renton Democrat is a Washington State University graduate, born and reared in rural Eastern Washington, where he maintains strong ties and got his values of honesty and straight talk. Lowry is equally at home discussing wheat markets, timber harvesting or the Export-Import Bank program that he saved in Congress that finances Washington aerospace and other export sales, upon which thousands of Washington jobs depend.

Lowry's priorities: To make our schools second to none so that all students receive the training they need to reach their highest goals. To institute forthwith a health care program affordable and available to all citizens. To restore, guard and enhance our environment, including salmon and steelhead runs. To relieve unfair tax burdens on small businesses and low and middle income citizens. To make state government lean, vigorous, quick in delivering services. To create a business climate that nurtures our natural resources, high technology and emerging industries. For responsive government beholden only to the citizens, vote for Mike Lowry, Democrat, governor.

When I was a young man growing up in Wenatchee, the State of Washington had an open admissions policy at state colleges and universities. Essentially, any young person who wanted to go to college was allowed to do so, at a reasonable cost. It was a gateway to the middle class for children that came from less than well-to-do families.

Because of the open admissions policy, I was able to attend a community college, and later work my way through Washington State University and the University of Washington Law School.

I do not know the course my life would have taken had it not been for open admissions, but it is safe to say that I would not have become an FBI agent, legislator, prosecutor or Attorney General. I doubt that I would be running for Governor.

Washington State abolished its open admissions policy a few years ago. It was a mistake. Reinstating open admissions is one of my top priorities as Governor.

I fervently believe that we can keep taxes down, and still find money for the important things through better management and by cutting waste in government.

The state should contract with private industry to provide state services whenever possible.

We should put a cap on the size of the state workforce, and gradually reduce it through attrition.

Criminals should be required to work to help reduce prison costs.

Through better management, we can avoid new taxes, solve our deficit problem, and still find funds for better schools, improved health care, law enforcement and the protection of our natural resources.

Campaign Address:  
Kelley For Lieutenant Governor  
P.O. Box 4862  
Seattle, WA 98104  
Telephone: (206) 343-8857

After 32 years as an office holder and lobbyist, the Republican incumbent deserves a comfortable retirement. The voters deserve a leader for their Lieutenant Governor.

Richard Kelley, 42, will be that leader. He knows we need to reform our scandalous campaign finance system. We need to protect a woman's right of choice. We need to invest in a statewide rapid rail system to protect our environment, while creating jobs and building our tax base to fund education, healthcare and housing.

Kelley will not accept contributions from lobbyists, or any contribution above the League of Women Voters' proposed limit.

He has outstanding training and experience. He worked his way through Harvard, and later earned an M.P.A. and a Ph.D. in Government from the University of Washington. He has taught Government and Public Finance at several colleges. He served as Seattle's Deputy Mayor, but most of his public service has paid him little or nothing. In 5 years as member and Chair of the State Personnel Board, he arbitrated over 100 labor disputes. For the past 6 years, he has been President of Critical Ventures, a low-income housing organization. He has been married 12 years, and has two children.

**Joel

Lt. Governor Joel Pritchard is a proven leader with experience as a U.S. Congressman, state legislator, and state-wide elected official. As Lt. Governor he has presided over the state senate in an effective and non-partisan manner, and served as acting Governor over 240 days during the past 4 years.

During the past two years, Joel Pritchard in cooperation with *Washington Literacy*, the *Washington State Library*, and the *Daily and Weekly Newspapers* of Washington, founded *Washington Reads*, a statewide effort to honor the 10,000 plus adult literacy volunteers serving our state.

Lt. Governor Pritchard is Chairperson of *Washington 2000*. The objective of the Lt. Governor and the *Washington 2000* Advisory Board, is to challenge every city, town, and neighborhood in Washington state to adopt the national education goals agreed to by the nations governors and the President and develop a community wide strategy to achieve them.

He is a strong advocate of **Campaign Finance Reform**. He supports efforts to reduce the amount of money spent in campaigns; limiting the size of contributions, and forbidding state officials from soliciting political contributions from state employees.

Joel Pritchard practices the high standards we expect of our elected officials. He has earned your vote for re-election.

As a Libertarian, I believe that Big Government is a cancer masquerading as a cure. Republicans and Democrats alike continually impose new taxes, waste, and laws. Their policies may benefit different pressure groups lobbying for handouts or regulations that restrict competition, but always at the expense of our taxpayers, consumers, small businesses, and charities.

Libertarians are different. We stand against government rigging the marketplace, criminalizing peaceful behavior, or redistributing your earnings. Libertarians stand for creating jobs and cutting prices by restoring honest competition; aggressively cutting taxes and wasteful programs; holding polluters fully liable for their damages; getting serious with violent criminals; empowering all families with educational choice; and restoring the civil and economic liberties we've already lost.

Big Government is rapidly eroding our prosperity and our freedoms, so please don't waste your vote on the two parties responsible. The more votes Libertarians get, the more the Demopublicans will change to earn your support again. Libertarians don't have to win, we just have to give them a good scare. With hundreds of elected office-holders nationwide, the Libertarians are already America's third-largest and fastest-growing party! Together we can restore prosperity, tolerance, and common sense. Campaign Address:  
Jeanne Dixon Campaign  
4916.5 Erskine Way S.W.  
Seattle, WA 98116  
Telephone: (206) 937-9714

Elect Jeanne Dixon (D) to Secretary of State position—2nd in succession to Office of Governor.

One primary function of Secretary of State is the corporation

Division. As in her 1988 Governorship campaign against White-Collar crimes, Jeanne opposes State mismanagements allowing the Secretary of State office's back doors open to illegal entries of corporations using alias names without proper payments of required fees, fines, taxes or unpaid judgements—permitting unfair competitions violating WA Constitution Article 12, Section 7, and other corporation restrictive statutes!

*Should this back door remain unlocked and open 4 more years of these illegal entry violations affecting our citizens' welfare and economy? Certainly not!!!! Then —*

Jeanne Dixon is the only candidate qualified for this position now offering to stop corporate-monopoly illegal accesses, and demand retroactive fines due the State and citizens.

Jeanne Dixon has the necessary corporation, partnership business experiences and 49-year knowledgeable administrative, financial background in self-proprietorships and civic participations to interpret financial annual stockholders statements and directorships to "follow-the-money" through corporation records necessary to properly administer these Secretary of State's responsibilities.

*Please help! Guard your heritage and Constitutional rights!*

*Vote for Jeanne Dixon. Strike against continued "Rodney King" injustices, Government White-Collar crimes!*

He is committed to changing the initiative-created Presidential Primary so it becomes the true voice of the people it was intended to be.

Ralph Munro works tirelessly to make government more responsive. He was the driving force behind the "one-stop" business license system, and developed a program that helps victims of domestic violence maintain their confidentiality. As chair of the Productivity Board, Ralph Munro encourages ideas that cut the cost of government.

Whether coordinating our Centennial Celebration, building the Washington State Vietnam Veterans Memorial, or promoting trade and goodwill with countries around the world, especially our Pacific Rim neighbors, Ralph Munro knows how to work with people to get things done. He has received numerous awards for public service, including the prestigious Warren G. Magnuson award.

This office has one function I will take a special interest in: co-chairing the State Productivity Board. The purpose of this body is to promote efficiency and productivity in state government. Since its creation in 1983 it has only managed to save fourteen million dollars. This is disgraceful. I will bring a new aggressiveness to seeking out ways to improve government efficiency, with an emphasis on contracting out private service delivery. As part of the Libertarian message emphasizing individual choice and tolerant diversity, I will also place an emphasis on further improving the registration of voters. I am also interested in keeping the election process open to all individuals, not just the select candidates of the major party machines.

Next, as the registrar of corporations and charitable organizations, I will seek ways to make these faceless and anonymous organizations more accountable for their actions. Too many irresponsible acts are committed in the name of absent and uninvolved shareholders. It is time to place more emphasis on real individual conscience, and less on the fictional concern of corporations.

Finally, I absolutely support a woman's right of reproductive choice and the decriminalization of all crimes not involving force, fraud or exploitation of minors.

Dan Grimm for State Treasurer  
P.O. Box 95422  
Seattle, WA 98145-2422  
Telephone: (206) 522-3275

Dan Grimm is the only candidate for State Treasurer with a proven record of managing state finances. During his first term, he earned taxpayers more than \$1 million each working day of the year.

Interest earnings were \$935 million, with another \$190 million saved from bond refinancing. This was accomplished with an office budget that increased less than inflation and by a staff the same size it was when Dan Grimm took office.

His leadership brought the state an improved credit rating, which means even more savings for taxpayers.

A state savings bond program implemented by Dan Grimm provides tax free income for Washington families which must deal with the high cost of higher education.

Dan Grimm's courage in attacking the status quo led the way to improve management at the State Investment Board and greater security for \$22 billion in pension and other trust funds.

Grimm has also shown leadership by adopting an ethics policy for himself and his staff that goes well beyond the requirements of Public Disclosure law.

A long time resident of Puyallup, Dan still lives there with his daughter Whitney K, who is in the first grade.

*Independent:* As State Auditor, Art Rathjen will be *independent* of those he is auditing, unlike old party politicians who would

have an inherent conflict of interest in auditing the agencies run by their political cronies.

Being Auditor is a public trust, the taxpayers' defense against fraud or misuse of our tax dollars. *Independence* is required!

*Principled:* Libertarian Art Rathjen believes, like Thomas Jefferson, in limiting government to its legitimate function: helping individuals defend themselves, their rights, and their property; that people should be free to achieve their full potential and pursue happiness without limits, so long as they respect the equal rights of others.

This viewpoint is *independent* from the old party politicians and bureaucrats who advocate *bigger* government, *more* regulations.

*Qualified:* Washington has had only three Auditors since 1905. Unlike both old party candidates for Auditor, Art Rathjen is *not* a career politician. He's an experienced engineering manager, *qualified* to lead the Auditor's Office in continuous improvement of productivity and quality of services.

Christine Gregoire has the experience to be our next Attorney General. She is the only candidate who has worked in the Attorney General's office. Gregoire worked her way up to become the first woman Deputy Attorney General, running operations in eastern and western Washington. Along the way, she earned a reputation as a "savvy legal strategist" and "a tough negotiator" leading the state's efforts on landmark cases.

She has fought for us before the U.S. Supreme Court, Congress, and our legislature and has successfully taken on the federal government at Hanford and the Navy's Everett Homeport. She will be the people's lawyer our state needs and deserves.

Christine Gregoire is a first-time candidate. She is running because the job of Attorney General is too important to be left to politicians only seeking higher office. Only Gregoire is offering an agenda that covers the full scope and duties of the state's top lawyer. Known for her integrity, Gregoire is the only candidate who is not drawing a taxpayer-paid salary while campaigning for the job.

A graduate of the University of Washington and Gonzaga Law School, Gregoire lives in Olympia with her husband, Mike, and their two daughters.

He has helped restore the Crime Victims Compensation Fund that's helped victims by making criminals pay for their crimes.

His hard work and ability won such wide respect that he was re-elected three times without opposition.

As Attorney General, Norm Maleng will continue standing up for us. His priorities for the office are:

- Protection of children from abuse and neglect;
- Forging a partnership with local law enforcement to combat crime;

Our Lands Commissioner must be prepared to make tough, educated decisions to protect both jobs **and** the environment. I have a strong record of protecting both—a record in the House of Representatives of nearly 100% on labor **and** environmental issues. Washington must be a leader in commodity production—and do it in an environmentally sound way.

The Commissioner manages 5 million acres of forest, farm, and aquatic lands, and makes decisions that vitally impact our economy and quality of life. The next commissioner must ensure that our lands are properly managed to generate revenue for our schools and jobs for thousands of workers. She must be experienced enough to make those decisions so that we also protect other public resources such as fish and wildlife habitat and provide a variety of recreational opportunities.

As a state representative for the past 10 years and chair of the Natural Resources Committee, I've provided leadership on issues ranging from economic development assistance in timber communities to new forestry practices and protection of sensitive areas.

My endorsements for this office include the State Labor Council, WEA, Firefighters, Women's groups, Federation of State Employees, WEnPAC. I'll work **with you** to make those tough decisions.

**Education.** State timber sales benefit the public school construction fund — and our state's children! As a mother, former teacher, and legislator I believe that education funding is a top priority of government and that it is possible to protect our environment and generate badly needed funds to build and remodel our schools. My expertise and working knowledge of the forest products industry will help me accomplish this challenge.

**Environment and Economy.** Healthy farms and forests lead to a healthy environment and a prosperous economy. The balance that's needed between our economy and our environment can be achieved. But, balance can only be achieved through sound management policies that refuse to pander to extremists on either side of the debate.

**Leadership and Experience.** In a state senate, I have been recognized by my colleagues as a tough negotiator and an effective leader for my work in support of small business, reforming education, protecting property rights and passing the 1991 Clean Air Act, a model for the rest of the country.

Judith Billings is our state's most effective advocate for all children. As Superintendent of Public Instruction, Judith is leading the movement to reform education and adequately fund schools.

Judith's leadership has resulted in: reduced class size for elementary schools, early intervention services for kindergarten through grade six, more dropout prevention and drug abuse education, and the largest increases in funding for education programs in twelve years.

Judith has also pushed hard to move decision making from the state to local districts.

Perhaps Judith's most valuable accomplishment has been in convincing educators and politicians that together we must deal with the whole child. To learn well, children must be healthy, loved and free from violence. Each child's individual intellectual, social and physical needs must be met for that child to learn and prepare for a productive life.

Judith has spent thirty years in education — at the local, state and federal levels, including thirteen as a classroom teacher with at risk children. She is also an attorney. She is endorsed by the State Labor Council, the Washington Education Association and leading business people and educators.

Judith and her husband, Don, live in Pierce County. They have four children and seven grandchildren.

The quality of education will determine the quality of our State's future. I have a vision of what schools can and must be and the experience to lead education into the 21st Century. As SPI, I will build consensus on education reform and unify parents, educators, students, business and community leaders around the plan we build to achieve it.

The goal is clear. We must prepare our children to live, learn, and work successfully in our changing world. They must learn the traditional basics of *reading, writing and mathematics* and the new basics of *thinking, relating and planning*.

Education must change to meet this goal. I am running to lead the change, to cut SPI bureaucracy, to help local districts, and to free educators to teach.

During my 28 years as a teacher, guidance counselor, organizational leader, and administrator, I have seen the power of public schools to change children's lives. Despite the challenges, if we work together creatively, we can motivate and equip *all* children to succeed.

In its endorsement, the *Seattle Times* stated, "Bergeson has the dynamic personality of both a leader and consensus builder. . . . Terry Bergeson offers the best hope of making statewide school reform possible."

She's fought for victims of domestic violence and child abuse, for fair wages for school employees, and to end employment discrimination. This is the kind of background that deserves our trust. Now, she'll use the Insurance Commissioner's existing powers to fight for affordable health insurance.

Until Deborah Senn raised the issue, the incumbent neglected health insurance reform. As Commissioner, Senn will combat skyrocketing costs, arbitrary exclusions for pre-existing conditions, and loss of coverage when people change jobs.

The incumbent has been in office for 16 years. He accepts contributions from insurance company executives. Deborah Senn will not accept such contributions.

The incumbent's inaction has caused the loss of over 100 million of your tax dollars to bail out insolvent insurance companies. Deborah Senn will require insurers to be financially sound.

If you're paying more for insurance and getting less coverage, or if you cannot afford insurance - Vote for Deborah Senn, a leader for change.

## Richard G. "Dick" MARQUARDT

### Republican

Dick Marquardt continues to win national acclaim as a fighter for consumer rights. A long-time Seattle resident, Dick served as

a State Senator and was Selective Service chief before being elected Insurance Commissioner.

His years of dealing with people's insurance problems have convinced Dick that universal health care must be adopted, but he's committed to improving our present insurance system now. Washington is the first state to look at insurance companies' refusal to pay for "experimental" procedures, and Dick is seeking continuous coverage for people changing from one insurance plan to another.

"I am proud of my staff, particularly their work on consumer protection," Dick says. "My investigative team has won national praise for ferreting out white collar crime."

Dick has been a leader in protecting senior citizens from health insurance sales and policy abuses. His Senior Health Insurance Benefits Advisors (SHIBA) volunteer program has been copied by practically all other states, but it began here in Washington.

Dick banned misleading TV celebrity insurance pitches, and stopped more than a dozen junk mail insurance marketing schemes. Keep experience and integrity in the Insurance Commissioner's office. Keep Dick working for you in Olympia.

"Can you risk not being paid promptly and fairly by an insurance company when you are sick or hurt, your car is wrecked or stolen, your home or business is damaged, a loved one dies or when you retire? No Washingtonian should be required to do so, yet that is what has happened and will happen unless you elect a knowledgeable, decisive Insurance Commissioner.

I will apply my 22 years of experience as a professional insurance consultant and executive to protect you from financially weak insurers and unfair claims practices. I am on record repeatedly having warned the incumbent about unsafe and unsound firms. Elect me and I will make sure that we will not again be faced with covering \$200 million in lost premium taxes used to bail-out bankrupt companies or sending subsidies to other states such as California.

Insurance is a big and complex business. Its regulation has a greater, direct impact on your pocketbook than any other state agency. You need an expert on your side. As the independent candidate, I am not beholden to any political party or special interest. My commitment, as *your Insurance Commissioner*, is to protect your rights as policyholders and taxpayers."

Judge Barbara Madsen will protect the liberties guaranteed all our citizens. The Supreme Court needs her outstanding leadership, as well as her acute ability to listen and render fair judgements.

**Proven leadership for our future**

Judge Madsen, elected Presiding Judge of Seattle Municipal Court, will bring fresh perspective to the Supreme Court. Madsen, selected by her colleagues to lead Washington's busiest court these past three years, has been serving the public as a Court Commissioner, Magistrate and Judge since 1985.

**Balanced experience**

A 1977 Gonzaga Law School graduate, Madsen has practiced in Eastern and Western Washington, serving as a defense attorney and a prosecutor. Appointed Special Prosecutor for two consecutive terms, Madsen developed the child abuse component of Seattle's Family Violence Project. She prosecuted sensitive political matters and serious domestic violence and child abuse cases.

**Bringing compassion to Washington's highest court**

Barbara Madsen, a working mother of four, combines common sense and legal training in her judgements. Her balanced legal background as well as experience in the most culturally diverse court in Washington makes her sensitive to issues confronting us all. In these times of wavering public confidence, we need the strong, honest and compassionate voice of Judge Barbara Madsen.

"For her courage, conscience and compassion, with these gifts she truly has made a difference." Those words were inscribed on the award when I became the first woman named Washington Trial Lawyer of the Year in 1991. I hold those words dear because they speak to both my skill as lawyer and my commitment to helping people.

I have committed my career to righting injustice. The injustice of a child's brain destroyed because a manufacturer chose not to warn parents of the product's danger. The injustice of a young woman stabbed and left brain-damaged after her employer refused to respond to employee fears of an unsafe parking lot except to say "wear tennis shoes."

I am proud of my work and the recognition that work has received. Martindale-Hubbe, a 125 year old legal rating publication, gave me its highest rating (AV), which is limited to the top 10% of all lawyers.

And retired Supreme Court Justice Vernon Pearson has honored me with his endorsement: "The Citizens of this State deserve a Justice with the energy, intellect and ability of Elaine Houghton. She has proven commitment to justice for all citizens."

Judicial elections are the means whereby citizens hold judges accountable for their conduct in office. I am proud of my work on our state's highest court and stand on my record.

During my sixteen years on the Washington Supreme Court I have worked successfully to streamline judicial administration and to reduce the backlog of cases to be decided.

I believe citizens need a first-hand understanding of our judicial system. When I became Chief Justice, the Supreme Court began to hold sessions throughout our state, not just in Olympia.

For me, education is a top priority. I have served as an adjunct law professor and a trustee of the Washington Center for Law-Related Education and the University of Washington Law School Foundation. I am a trustee of the University of Puget Sound and serve on the Board of Visitors of its law school.

My commitment to public service extends beyond the legal community. I have been active with my church, the Boy Scouts, the Nature Conservancy, the Washington State 4-H Foundation, the United Way and many other civic organizations.

I believe I have been a good judge: honest, independent, hardworking and fair. I am ready and willing to serve.

The legal system should be used for our protection and benefit, not to line the pockets of lawyers, government or big business. Our individual constitutional rights should be preserved, not taken away. Instead the Supreme court is actively pursuing a policy of restricting our rights.

The court should be working to weed out frivolous lawsuits and expensive legal ploys designed to drag out lawsuits and generate more legal fees. Instead, the court's decisions are protecting and perpetuating the current system.

Members of the Supreme court are seriously out of touch with what we need and want from the legal system. Most were appointed, not elected, and have served without opposition for as long as twenty one years. We did not intend these positions to be lifetime appointments.

I'm Dino Rossi, and I'd like to be your state Senator.

90 years ago, my grandfather, Salvino Rossi, came to America in search of a better tomorrow. He settled in Black Diamond, and worked as a coal miner.

Like many families in the new 5th District, the Rossi family moved here for the uniqueness of our surroundings and the opportunities this area would provide.

But somewhere along the line, Olympia traded our tomorrows for an easy answer today.

I want to take back our tomorrows.

As the youngest of seven, raised on a school teacher's salary, I learned the value of a hard-earned dollar and the importance of a strong education.

As a successful businessman, active in our community, I have the experience to tackle the challenges we face.

As a husband and father, I understand how high taxes hurt our families. I will not vote to raise our taxes.

Our families deserve affordable, quality health care; the very best schools for our children; neighborhoods free from crime; to enjoy our private property without excessive government regulation.

Our families deserve government that lives within its means.

As your state Senator, I'll work hard for you.

I ask for your vote.

Nineteen years ago, I moved here from my native Scotland with my American husband, Gary. Around the world, Americans are admired for independence and optimism. We want to do things for ourselves and help our neighbors. We need a government that won't get in the way with excessive regulations.

We need change.

For 20 years, 25th District voters have sent the same man to the Legislature. And for 20 years, he's voted for new and higher taxes, and a state income tax.

I'm not a politician. I'm a mother of four teenagers, the wife of a Tacoma Police Officer. Like our neighbors, we work to make ends meet and help our community (I've been Franklin Pierce High PTSA President, a long-time board member of the Summit Youth Center, a foster parent and parent-aid).

Taxpayers spend so much for our schools, but the money doesn't seem to get to the classrooms where it can make a difference. I believe it should.

I also believe our laws should protect citizens, not criminals; that people have a right to their property, and that we should oppose new taxes.

With your vote, I'll lend a woman's voice to the Senate — for a change.

I am very confident about the strength of our region and our economy, but we have major problems with property assessments; we need to correct them now. Faith and confidence in the property assessments has been shaken with huge increases while the real estate market goes down.

Property assessments are opinions of value. Today, chances are an untested computer formula has determined your property value. There is no accountability or quality control. We cannot afford to delay getting back on the right track. The assessment problem will not go away by itself. If we continue to ignore the problem and not fix it, the mistakes will only get worse.

The assessments can be corrected. I know, I am a real estate analyst. For over two years, I have focused my efforts on the solutions. My work has come to the attention of local and state legislators and banking authorities.

I recognize that residential land values are unbelievable in many areas. You (and many others) realize something is haywire. Today's real estate market and another round of record numbers of assessment appeals confirm this fact.

There is a need to set the record straight to ensure the ability of present and future homeowners to buy and stay in their homes.

We cannot repeat mistakes of valuing land too highly. (High valuation of land was part of the savings and loan fiasco.) Residential land values are too high now, these inconsistent values must be changed.

Because of my knowledge and experience, I will see that property is valued fairly and will return to accepted methods of appraisal.

I know the values of public service. I am a Vietnam Veteran, and serve as an officer in the Selected Naval Reserve. I was recalled to active duty in support of Operation Desert Storm and the Mt. Pinatubo evacuation.

Allow me to return to you fair, true, and equitable property assessments. I ask for your vote . . . I will get the job done . . . and get the job done right.

Thank you for your consideration, and support.

Like you, I am concerned about the property tax system. That's why I am working to give you fair tax rates, better taxpayer services and protect your property rights. Here's how I am making government work for you right now. . .

**As your Assessor, I pledge that you, as a taxpayer, will get a fair and accurate appraisal of your property.**

- I am re-evaluating and updating the current computer software to guarantee accurate appraisals the first-time around.
- And, if you challenge your property value and win the appeal, I have changed the office policy so your case will be closed and not continually challenged by the system.
- To improve competence of the appraisers, I am setting up formal training programs to make sure your property's value is professionally determined.
- To enhance the efficiency of the office, I will fight for computerized tools to help the appraisers collect accurate data while in the field and allow me to hold them accountable for the accuracy of your assessment.

**As a proven taxpayer advocate, I will put my experience to work for you.**

- I will lobby for a property tax system that will limit large annual tax increases.
- If your property is designated a wetland, green belt or open space, your property will be immediately re-valued.
- And, for those who are 61 and over, I will push to revise the eligibility requirements of the senior exemption program so that more senior property taxpayers can enjoy increased tax relief.

My experience as Comptroller of the City of Seattle; Commissioner of the Washington Employment Security Department; and, Director Administrative Data Processing at the University of Washington, complimented with my education consisting of a Bachelor of Science Degree in Mathematics, Master of Business Administration specializing in finance, and a Doctor of Philosophy in Higher Education Administration provide me with the best experience and education to run an efficient assessor's office where the taxpayer comes first.

As a taxpayer, you deserve no less.

## BALLOT TITLE PROPOSITION NO. 1 METRO ASSUMPTION

Shall King County, effective January 1, 1994, assume the rights, powers, functions and obligations of the Municipality of Metropolitan Seattle (METRO), with said assumption contingent upon voter approval of King County Charter Amendment No. 1, providing for a thirteen member metropolitan county council with regional committees to review and recommend county-wide policies and plans, allowing cities to propose regional ordinances, and providing unincorporated area residents with alternative initiative and referendum procedures for ordinances effective only in unincorporated areas, all as provided in Ordinance No. 10531?

## Explanatory Statement

The Municipality of Metropolitan Seattle (METRO) provides public transportation and water pollution abatement services within its service area, and has boundaries which are the same as those of King County. METRO is currently governed by a 44 member council, comprised primarily of persons elected to other local governmental positions.

In September of 1990, the United States District Court ruled that the statutory method by which the METRO council members are selected violates the "one person, one vote" principle embodied in the Fourteenth Amendment to the United States Constitution. On June 17, 1992 the court entered an order and injunction ordering that, effective April 30, 1993, only the directly elected King County Executive and King County Councilmembers may vote as members of the METRO Council.

If approved by the voters, Proposition No. 1 would authorize King County, effective January 1, 1994, to assume all of the rights, powers, functions and obligations of METRO, provided that the voters also approve proposed King County Charter Amendment No. 1, which provides for a thirteen member metropolitan county council with regional committees to review and recommend county-wide policies and plans, allows cities within the county to propose ordinances of regional significance, and provides unincorporated area residents with alternative initiative and referendum procedures for ordinances effective only in unincorporated areas. The current 44 member METRO council would be abolished, and King County, in accordance with its charter as amended, would thereafter be vested with all the statutory rights, powers, duties and obligations currently vested in the METRO council.

## Statement for

Debate over Metro-King County reform has dragged on for 20 years, culminating in a constitutional crisis. Let's put the confusion behind us so we can tackle tough, county-wide issues like traffic, growth and environmental protection.

Join the League of Women Voters, the Municipal League and all of us in voting YES for King County Proposition One and YES for King County Charter Amendment One.

These measures unify King County and Metro, the county-wide government for transit and water quality. Both must pass for reforms to occur. Each brings improvements that are long overdue.

Proposition One brings Metro the accountability demanded in federal court: Metro services will be preserved, but the federated, 45-member Metro Council will be dissolved. Metro will be governed instead by directly elected county officials. With nearly 4,000 employees and billion-dollar responsibilities, Metro needs this direct voter oversight.

Charter Amendment One increases local control: This measure guarantees cities an appropriate voice in county-wide policies while improving representation for unincorporated communities.

This plan is endorsed by our leading civic groups and by elected representatives for suburban cities, Seattle and King County.

Vote YES for King County Proposition One and YES for Charter Amendment One.

## Rebuttal of statement against

This is the first Metro-King County ballot proposal to win support from city officials throughout King County.

It was developed in a two year process that was intently scrutinized by civic organizations, legal experts, citizen activists and the news media.

Judge Dwyer's ruling addresses a critical, but narrow, legal issue. This plan improves our entire system of county-wide government, and will bring improvements to both Metro and King County.

Vote YES Proposition 1

STATEMENT PREPARED BY: TERRY LUKENS, GREG NICKELS, NORM RICE

## Statement against

This ill-conceived proposal to hand all METRO functions to the King County Council is **the third County Council attempt to take over METRO**. With this repeat of the previous power grab (with minor modifications), the County Council seeks a formula to put it over. "If at first (and second) you don't succeed..."

A thirteen-member Council supposedly would handle the increased responsibility with better accountability. Our former three-member Board of County Commissioners was much more accessible/accountable than the present nine-member Council. **Bigger is worse, not better!**

King County manages its Building and Land Development division (BALD) atrociously - fees of \$90/hour, plus huge base fees like \$888 for a short plat environmental checklist review. But permit waiting time gets longer. Conversely, METRO has a good record.

**Judge Dwyer's ruling did not require a METRO merger.** In the alternative described in his later ruling (which is better than the proposed merger), present METRO structure would remain, with County Councilmembers and Executive entitled to vote. Others on the METRO Council would serve in an advisory capacity. Voting members would seldom vote against their METRO Council peers to avoid later retribution.

Vote **NO** on METRO/King County Council merger.

## Rebuttal of statement for

Proponents claim METRO services will be preserved, admitting METRO won't. You can't have it both ways.

In the early 1980s, five sewer districts were merged with adjoining ones **because King County could not manage them effectively**. Can they now do better than METRO, which has done very well?

King County could give METRO "one man, one vote" but wants all of the marbles. Let the legislature do it.

Vote NO on Proposition One (METRO merger).

STATEMENT PREPARED BY: MAXINE KEESLING, RICHARD A. PARGETER, PAUL SNYDER

## BALLOT TITLE

### PROPOSED CHARTER AMENDMENT NO. 1

Shall the King County Charter be amended to 1) provide for a thirteen member metropolitan county council with regional committees to review and recommend county-wide policies and plans, 2) allow cities to propose regional ordinances and 3) provide unincorporated area residents with alternative initiative and referendum procedures for ordinances effective only in unincorporated areas, all contingent upon voter approval of King County Proposition No. 1 authorizing the county's assumption of the rights, powers, functions and obligations of the Municipality of Metropolitan Seattle (METRO)?

## Explanatory Statement

If approved by the voters, proposed Charter Amendment No. 1 would amend the King County Charter to provide for a thirteen member metropolitan county council instead of the current nine member council, and would establish regional committees comprised of metropolitan county councilmembers and other local elected officials to review and recommend county-wide policies and plans. The proposed amendment would also allow cities within the county to propose ordinances of regional significance to the metropolitan county council. It would also provide unincorporated area residents with alternative initiative and referendum procedures for ordinances effective only in unincorporated areas. These provisions would take effect January 1, 1994.

Under the proposed amendment, elections for the four new councilmembers would be held in conjunction with the primary and general elections in 1993, with terms commencing on January 1, 1994. Two of the new positions would have initial terms of two years, and two would have full four-year initial terms.

The proposed amendment would be effective only if the voters also approve King County Proposition No. 1, authorizing King County to assume the rights, powers, functions and obligations of the Municipality of Metropolitan Seattle (METRO).

## Statement for

We can create a stronger county government that's more accountable to the public by voting YES for King County Charter Amendment One and YES for King County Proposition One.

These ballot measures will unify King County and Metro, the county-wide sewer and transit agency, bringing Metro services and taxing authority under direct voter control.

Charter Amendment One will also expand the County Council to 13 members to assume the duties of the 45-member, unconstitutional Metro Council and the current, nine-member County Council.

Charter Amendment One will also create Regional Policy Committees where county and city officials will jointly develop regional plans and policies.

It will also revise the county charter to make it easier for citizens in unincorporated areas to initiate and challenge county laws which only apply in their communities.

Both ballot measures must pass for reforms to occur. These Metro-King County improvements are long overdue.

We need one county government, not two.

Join the League of Women Voters, the Municipal League, the Suburban Cities Association, King County representatives and the Mayor of Seattle in voting YES for King County Charter Amendment One and YES for King County Proposition One.

## Statement against

### DO POLITICIANS NEED MORE JOBS?

This charter amendment increases the size of the County Council from 9 to 13 members. Do we really want to create more jobs for more politicians?

### REGIONAL GOVERNMENT WILL BE VERY COSTLY TO TAXPAYERS

The cost to taxpayers will be very high. Taxpayers will have to pay for the expanded size of the County Council, additional staff to serve the larger County Council, and new staff to serve the regional committees.

### REGIONAL GOVERNMENT DESTROYS LOCAL CONTROL

Power will be shifted away from local communities to appointed regional committees. Regional government means big, powerful, centralized government. Do we really want to undermine the influence of our local communities?

### REGIONAL GOVERNMENT UNDERMINES PEOPLE'S RIGHTS

The appointed regional committees are unfairly structured. The unfair, bureaucratic structure will deny representation to many citizens. Accountability will be lacking. People should be represented by locally elected officials, not a costly new layer of bureaucracy. Please vote "NO" on Charter Amendment #1.

## Rebuttal of statement against

Metro-King County reform DECREASES the number of "politicians" making county-wide decisions.

There are 45 Existing Metro and County Councilmembers. A YES vote subtracts 32 "Politicians"

This leaves 13 Directly Elected Councilmembers

By any arithmetic that's less government, and it saves taxpayer's money.

Your YES vote brings greater local control over two existing county-wide governments - Metro and King County - and gives voters direct control over \$1.5 Billion in public services.

## Rebuttal of statement for

CHAOS! Absolute chaos will prevail if this badly flawed, ever-expanding regional government is imposed. In effect, bewildered citizens will have to face not one county government, not two governments, but many governments, all squabbling, fighting, and competing for a share of county control. This new, costly, unconstitutional form of government will not be accountable to anyone. Join with organizations such as the Washington Taxpayers Association and Voters Against Tax Abuse in voting "NO."

### BALLOT TITLE

#### PROPOSITION NO. 2 REGIONAL JUSTICE CENTER

To finance construction of a Regional Justice Center providing additional law, safety and justice space, and to fund site acquisition for a second justice center, jail remodelling, and operation of a drug treatment program, shall King County increase its regular property tax levy by not more than \$0.302 (thirty and two-tenths cents) per \$1,000 of assessed valuation for five consecutive years, with collection beginning in 1993, all as provided in King County Ordinance No. 10534?

(This shall not be construed to constitute an excess levy and shall be subject to otherwise applicable statutory limits.)

If approved by the voters, Proposition 2 would authorize King County, exclusively for the purpose of providing funds to finance the construction of a Regional Justice Center providing additional space for law, safety and justice purposes, acquire a site for a second justice center, remodel existing jail facilities and operate a drug treatment program, to increase its regular property tax levy by not more than \$0.302 (thirty and two-tenths cents) per thousand dollars of assessed valuation for a period of five consecutive years, with collection of the increased levy beginning in 1993. This increase would be in excess of the 106% limitation on levy increases provided for by state law. At the end of the five year period, the authorization for the increased levy would cease.

The proposed increase in the annual regular property tax levy will be authorized if a majority of the votes cast are in favor of the proposition.

### Statement for

For the past decade, citizens have said "get tough on crime." There are more police patrolling our streets and they have the latest in crime fighting hardware and software.

Now our prison and jail populations are at all time highs. Programs to divert low-risk prisoners, like electronic home detention, have already been implemented.

We now face the danger that prisoners could be set free. It has happened in other counties, but it does not have to happen here.

To preserve the integrity of our Law, Safety and Justice system, more courts and detention space are needed now. A "YES" vote on Proposition Two will provide funds to build a Regional Justice Center in South King County. It will provide desperately needed courts and jail space as well as business and marriage licensing services.

The decision to build this facility was made after years of public review and literally hundreds of public meetings in every area of King County. It will protect the integrity of the justice system by assuring police that they will have a place to book prisoners.

The price is just \$45 a year for five years on a home assessed at \$150,000. Vote "YES" on Proposition Two.

### Statement against

Voters are being asked to say yes to proposition 2, funding for the Phase I Regional Justice Center. The King County Council passed ordinance 10406 approving and adopting site 19.

Site 19 had potential contamination that warranted testing, which concluded that soil and ground water contained carcinogenic chemicals beyond the Model Toxic Control Act levels. Contamination extent is unknown until demolition of buildings is completed. This cannot happen until the County becomes the property owner. Building on this site is asking taxpayers to sign a blank check for cleanup cost estimated to run into the millions.

Length of cleanup ranges from 2 to 10 years. During this time construction and facility operations will be ongoing. Is King County leaving themselves and taxpayers open for potential litigation stemming from health concerns derived from contamination on behalf of inmates and facility employees?

During this time of economic uncertainty you are being asked to contribute your hard earned dollars for a project showing potential cost overrun. Cost started at 124 million escalated to 162 million. Yes on proposition 2 allows the County a loose belt while we taxpayers tighten ours.

### Rebuttal of statement against

Site selection for the Regional Justice Center (RJC) involved hundreds of public meetings and extensive environmental review. Environmental experts have studied the site and identified cleanup costs. All costs to build the RJC are included here - THERE ARE NO HIDDEN COSTS. The health and safety of workers and inmates will not be risked.

Don't be swayed by NIMBY arguments disguised as environmental concerns. Vote YES on Proposition 2. We must provide for Public Safety NOW!

### Rebuttal of statement for

Proposition 2 supporters are instilling fear over releasing prisoners due to lacking jail space. Currently there are 6,050 outstanding felony warrants.

Criminals remain free, sentenced criminals are given a few days to tie up loose ends. According to Presiding King County Superior Court Judge Charles Johnson, "Judges do that regularly, because most people will return." Recently, during a five week span, 59 people failed to return.

Can we afford Proposition 2, funding a faulty system?

# Highline School District No. 401

## Explanatory Statement

### BALLOT TITLE

#### PROPOSITION NO. 1

#### SCHOOL IMPROVEMENT BONDS - \$150,000,000

Shall Highline School District No. 401 issue \$150,000,000 of its general obligation bonds maturing within 20 years to pay all or part of the cost of constructing new elementary schools and renovating existing middle and high schools of the District and carrying out other capital purposes and levy excess property taxes to pay and retire the bonds as provided in Resolution No. 862?

The Highline School District has gradually increased in population since the early 1980s. The district is expected to increase more rapidly in the future, indicating a need for approximately 3 additional elementary schools within the next 3-4 years. In addition many of the district's current facilities have outlived their useful life and now need to be replaced and/or renovated to help house the increasing population. The Highline School District is submitting a \$150,000,000 construction bond, for an approximate cost of \$1.82 per \$1,000 of assessed value, to address the needs for increased population and modernization of outdated and deteriorating structures. All new or remodeled buildings will incorporate the latest earthquake resistant technologies as well as energy efficient heating and electrical systems. The improvements follow the Capital Facilities Plan which was developed by the district with input from architectural, electrical, mechanical and structural consultants, as well as public comments from community meetings. The first sale of bonds is anticipated to follow the November 3, 1992 election. Subsequent sales will take place as deemed necessary by the board and dictated by the construction schedule.

### Statement for

This bond will improve or replace 15 schools. \$50,000,000 matching state funds will improve even more. The schools were built before 1960, without earthquake reinforcement, heat or smoke alarms, fire sprinklers, or adequate electrical capacity. Airplane noise, leaking roofs and poor insulation damage the learning environment. Conservative projections based on birth rates show a need for 100 additional, permanent classrooms by 1996. One way to handle growth is with portables, but they are more expensive than old buildings and no safer.

New buildings are safer because they are:

- Built to tougher earthquake, fire standards
- Built with separate bus and car access for pedestrian safety
- Wired to current codes and projected loads

They are less costly to operate because they are:

- Energy efficient (\$150,000 total savings yearly)
- Need less maintenance and repair (more money for education)
- Sized for anticipated growth
- Ready for technology (computers, video equipment)

Timing is good. Interest rates are lower than they've been in 17 years and the bond rating is high. More will be spent on construction and less on interest. Voters get maximum leverage for their investment. A vote FOR this bond NOW is a vote for the continued safety and quality education of our children.

### Rebuttal of statement against

Construction costs are not covered by the maintenance levy. Class sizes are determined by teacher contracts, not construction bonds. Further, if class sizes are reduced, MORE classrooms will be needed! Schools are at capacity now and using portables.

The District published a detailed Capital Facilities Plan reaching to 2001. Plans developed from architectural analyses and experience constructing new buildings, including Seahurst. The District learned their lessons and did their homework. Students need new buildings NOW.

STATEMENT PREPARED BY: JERRE McQUINN, CAROL MOHLER,  
DAVE HAWTHORNE

### Statement against

Voters, reject this bond and send it back to the District for justification.

**TOO FAT:** Decisions for new construction derive from assuming worst case conditions of District buildings. Costs include items already paid for by the maintenance levy. Calculations are based on averages that make conclusions suspect. Further, class size will not be reduced.

**EXCESS CAPACITY** is the reason for this bond. We don't need to act now. We can take lots of time to consider alternatives.

**SCHOOL CLOSURES:** The District hasn't yet decided which schools to close. There will be fewer neighborhood schools. The District has a Strategic Plan for the future but won't let us see it until after the election.

**NO CONFIDENCE:** The District badly mismanaged the 1986 bond we voted for. They earned no blank checks and must present an integrated plan and demonstrate success before getting any more money.

**MORE TAXES:** This bond will not pay for all of the construction. The District will ask for another bond in about 5 years. We did not get what was promised in 1986. This bond includes some of that work. We will be in debt well into the next century if this bond is approved.

### Rebuttal of statement for

If this bond were necessary, it isn't, the \$50,000,000 State matching funds ought to be applied to taxpayer debt. They say 15 schools cost \$150,000,000 - NOT \$200,000,000. The District thinks matching funds are like found money to be used however it chooses.

Sure, some relatively older schools concern us, just as our houses do, because most of our homes were also built before 1960. We properly maintain them so they will be safe and strong.

#### PROPOSITION NO. 2

#### SCHOOL BUSES SPECIAL TAX LEVY

Shall Highline School District No. 401 levy excess taxes on all taxable property within the District for the Transportation Vehicle Fund for purchasing school buses of approximately \$.37 per \$1,000 of assessed value (based on 100% of true and fair value) to provide \$2,000,000 for 1993 collection, as provided in Resolution No. 861?

Highline School District #401 currently operates a fleet of 102 school buses, 43% of which were built before 1977. These vehicles do not meet the 1977 National Safety Standards which include bus rollover protection, passenger seating and crash protection, and flammability standards of interior materials. The state legislature is now requiring more safety standards effective September 1, 1992. These include updated mirrors, crossing arms, and roof emergency vents. The Highline School District is submitting a 2 million dollar levy to fund the purchase of buses that will meet those safety standards. New buses will also solve the problem now faced of being unable to find parts for the older buses; cutting down the expensive operating costs and eliminating old engines that generate excessive amounts of air pollutants. In addition purchase of new buses would allow the school district to fully utilize the state school bus depreciation system. That system and passage of the Bus Levy would allow a reduction in the transfer from the district's General Fund by at least \$135,000 each year for the next three years.

### Statement for

This levy will replace at least 16 of the oldest school buses in the fleet. They were built between 1962 and 1966 and are expensive to operate due to the high cost of parts. (Many are custom made.) New buses are less expensive to operate, with projected yearly savings of \$160,000. Money saved will be available for the educational program. The school district receives additional funds from the State of Washington because the State reimburses the district for depreciation on buses purchased new. Funds from this levy will also make payments on existing buses purchased on conditional sales contracts.

Continued operation of worn-out buses requires frequent and expensive overhauls and generates air pollutants. Break-downs cause repeated disruptions. While existing buses are safe, new buses provide greater passenger protection with high padded seats and backs; protection from fuel spillage and fire; rollover protection; crush resistance; bus window retention and release; and other safety improvements.

This is a one time assessment of approximately 37 cents per \$1000 of assessed property value. A small investment now will significantly reduce transportation costs for the school district and will enhance the safety of the students.

In addition, an ordinance which pursuant to state law is effective only in unincorporated areas of the county, except an ordinance providing for the compensation or working conditions of county employees, may be proposed by filing with the county council petitions bearing signatures of registered voters residing in unincorporated areas of the county equal in number to not less than ten percent of the votes cast at the last preceding election for county executive, provided, however that the number of required signatures shall be calculated based only upon votes cast within areas which on the date such petitions are required to be filed are unincorporated areas of the county. Each petition shall contain the full text of the proposed ordinance.

The county council shall consider the proposed ordinance. If the proposed ordinance is not enacted within ninety days after the petitions are presented, it shall be placed on the ballot at the next regular or special election occurring more than one hundred thirty-five days after the petitions are filed or at an earlier election designated by the county council. If a majority of the voters voting on the first issue is for either, then the ordinance receiving the majority of the votes cast on the second issue shall be deemed approved. If a majority of those voting on the first issue is for rejecting both, then neither ordinance shall be approved regardless of the vote on the second issue.

### **New Section. Section 230.50.10. Institutional Initiative.**

Any city or town located within the county may, after securing the consent, by motion or resolution, of at least one half of the cities within the county, propose an ordinance of county-wide significance directly to the metropolitan county council, except an ordinance which is not subject to a referendum under the provisions of Section 230.40 of this charter. Such proposed legislation shall be in ordinance form. The metropolitan county council shall take action on such proposed legislation within ninety (90) days of its filing with the county council.

### **New Section. Section 270. Regional Committees**

#### **270.10. Regional Committees.**

Three regional committees shall be established by ordinance to develop, recommend and review regional policies and plans for consideration by the metropolitan county council: one for transit, one for water quality and one for other regional policies and plans.

#### **Section 270.20. Composition of regional committees.**

Each regional committee shall consist of twelve voting members. Six members shall be metropolitan county councilmembers appointed by the chair of the council, and shall include councilmembers from districts with unincorporated residents. The remaining six members of each committee except the water quality committee shall be local elected city officials appointed from and in proportion to the relative populations of: (i) the city with the largest population in the county and (ii) the other cities and towns in the county. Committee members from the city with the largest population in the county shall be appointed by the legislative authority of that city. Committee members from the other cities and towns in the county shall be appointed in a manner agreed to by and among those cities and towns representing a majority of the populations of such cities and towns, provided, however, that such cities and towns may appoint two representatives for each allocated committee membership, each with fractional (1/2) voting rights.

The special purpose districts providing sewer service in the county shall appoint two members to serve on the water quality committee in a manner agreed to by districts representing a majority of the population within the county served by such districts. The remaining four local government members of the water quality committee shall be appointed in the manner set forth above for other regional committees. Allocation of membership of each committee's members who are city and town representatives shall be adjusted January 1 of each even-numbered year beginning in 1996 based upon current census information or, if more recent, official state office of financial management population statistics.

In the event any areas are annexed pursuant to powers granted to metropolitan municipal corporations under state law, the populations of any cities and towns in such annexed areas shall be considered as if they were within the county for all purposes in this section with regard to regional committee participation on policies and plans which would be effective in such annexed areas.

#### **270.30. Powers and Duties.**

Each regional committee shall develop, review and recommend ordinances and motions adopting, repealing, or amending county-wide policies and plans relating to the subject matter area for which a regional committee has been established. The regional policies committee may, by majority vote, request that the county council assign to the committee proposed policies and plans concerning other regional issues including but not limited to public health, human services, regional services financial policies, criminal justice and jails, and regional facilities siting.

The metropolitan county council shall assign each such proposed ordinance or motion to a regional committee for review. When a proposed policy or plan is referred to a regional committee for review, a time limit for such review shall be 120 days or such other time as is jointly established by the metropolitan county council and the committee, which shall be confirmed in the form of a motion by the metropolitan county council. If the committee fails to act upon the proposed policy or plan within the established time limit, the metropolitan county council may adopt the proposed policy or plan upon eight affirmative votes. The committee may request, by motion to the county council, additional time for review.

A proposed policy or plan recommended by a regional committee may be adopted, without amendment, by the metropolitan county council by seven affirmative votes. If the metropolitan county council votes prior to final passage thereof to amend a proposed policy or plan that has been reviewed or recommended by a regional committee, the proposed policy or plan, as amended, shall be referred back to the appropriate committee for further

## COMPLETE TEXT OF Proposed King County Charter Amend. No. 1 (con't.)

review and recommendation. The committee may concur in, dissent from, or recommend additional amendments to the policy or plan. After the regional committee has had the opportunity to review all metropolitan county council amendments, final action to adopt any proposed policy or plan which differs from the committee recommendation shall require eight affirmative votes of the metropolitan county council.

The council shall not call a special election to authorize the performance of an additional metropolitan municipal function under state law unless such additional function is recommended by a regional policy committee, notwithstanding the provisions of Section 230.50.10 of this charter. Such recommendation shall require an affirmative vote of at least two-thirds of the membership of each of: (1) metropolitan councilmembers of the committee; (2) members from the city with the largest population in the county; and (3) other city or town members of the committee. Nothing in this section prohibits the metropolitan county council from calling a special election on the authorization of the performance of one or more additional metropolitan functions after receiving a valid resolution adopted by city councils as permitted by RCW 35.58.100 (1) (a) and RCW 35.58.100 (1) (b), or a duly certified petition as permitted by RCW 35.58.100 (2).

270.40. If any provision of section 270 of this charter is declared invalid, the metropolitan county council shall initiate a process with representatives of cities and towns within the county to develop a proposed charter amendment providing for effective city, town, and unincorporated area participation in regional decisions. Article 3 New Section Section 350.20.30. Metropolitan Services Department Transitory Provisions.

The metropolitan services department shall be independent of all other executive departments and administrative offices of county government. The metropolitan services department shall operate the metropolitan services in order to perform the metropolitan functions of public transportation and water pollution abatement performed by the Municipality of Metropolitan Seattle (METRO) prior to county assumption of METRO's metropolitan functions, and shall perform all additional metropolitan functions hereafter authorized under authority of RCW 35.58. Upon county assumption of the rights, powers, functions and obligations of METRO, the metropolitan services department shall take jurisdiction of all the assets and property, real and personal, of METRO.

The metropolitan services department shall initially have the same organizational and reporting structure as has METRO immediately prior to county assumption of METRO's functions. Notwithstanding any other provision of this charter, for a period of two years after January 1, 1994, the county council shall not abolish, combine, or divide the administrative divisions of the metropolitan services department, nor shall it transfer the personnel or powers or duties or property of that department from one division to another, either within the metropolitan services department or to another executive department or administrative office of county government. Thereafter, any organizational changes shall not adversely affect the provision of metropolitan function services.

Article 4. **Section 460. Consideration and Adoption of Appropriation Ordinances.**

## COMPLETE TEXT OF King County Proposition No. 2

### ORDINANCE NO. 10534

AN ORDINANCE providing for the submission to the qualified electors of King County at a special election to be held in conjunction with the general election on November 3, 1992 of a proposition authorizing an increase in the regular property tax levy in excess of the 106% levy limitation for five consecutive years beginning in 1992, with collection beginning in 1993, at an additional levy rate of not more than \$.302 per \$1,000 of assessed valuation, pursuant to RCW 84.55.050, as amended, for the purpose of paying for planning, site acquisition, design, construction, equipping and furnishing of the Phase I Regional Justice Center; remodelling of the King County Correctional Facility; preliminary planning and site acquisition for the Phase II Regional Justice Center; and operation of the Intensive Drug Treatment Program

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

**SECTION 1.** The Council makes the following findings:

A. The rated capacity of King County adult detention system is 1623 inmates per day. King County's adult inmate population reached record levels in the first quarter of 1992, consistently exceeding 2000 inmates per day. These population levels have made it much more difficult to administer the detention program consistent with council adopted standards, have resulted in rapidly escalating costs merely to keep up with demands created by such inmate numbers and have resulted in costly and time consuming litigation. Without additional facilities, the anticipated growth in the inmate population in the near future will lead to unacceptably crowded conditions in the existing facilities.

B. Jail crowding currently hampers the operation of the adult criminal justice system by limiting the ability of judges and prosecutors to use detention as a deterrent and punishment for criminal behavior. As jail crowding worsens, public safety will be compromised by restricting the use of detention for only the most serious offenders and effectively eliminating detention as a penalty for many types of crimes.

C. Adding permanent and secure detention capacity is the most responsible solution for alleviating crowding at the King County Correctional Facility, to ensure that individuals are available for court and for providing capacity for the anticipated future growth in the inmate population.

D. Other law, safety and justice agencies including the superior court, the prosecuting attorney, the department of public safety, and the department of judicial administration also are facing space limitations which prevent operating in the most effective manner. Future growth in the workload of these agencies will require space well beyond the capacity of the King County courthouse.

E. To minimize future costs of operating the criminal justice system, it is preferable to locate detention, courts, and other criminal justice functions in the same facility or campus such as a regional justice center.

F. The region of south King County is growing rapidly in population and in its demand for law, safety and justice services. However, law enforcement personnel and citizens in south King County must travel to downtown Seattle to receive most law, safety and justice services. The distance and traffic congestion usually encountered on such trips are costly barriers to obtaining access to

## COMPLETE TEXT OF King County Proposition No. 2 (con't.)

the law, safety and justice system. Locating a Regional Justice Center in south King County will substantially reduce these barriers.

G. It is in the public interest that the county construct a Regional Justice Center in south King County. This facility will provide additional detention capacity, courtrooms, and office space for law, safety and justice functions necessary to meet the growth in workload through the year 2000. Subject to modification required as part of the design process, the facility will include 896 detention beds with space for offices, administrative and ancillary functions. In addition, the facility will include up to 24 courtrooms and necessary office and administrative space for the courts and their staff, the office of the King County prosecuting attorney, the department of public safety and the department of judicial administration. The facility may also include space for other county governmental functions as determined by the county council and included in the Phase I Regional Justice Center Facility Program Plan.

H. Since its opening in 1986, the population of the King County correction facility requiring medical and psychiatric treatment has grown until it constitutes a significant fraction of the facility's inmate population. The addition of the Regional Justice Center to the county's detention system will also add to this population and will require more space and equipment for the inmates needing such services. It is more efficient to provide intensive medical and psychiatric services in a single facility, rather than duplicating them at the Regional Justice Center. Remodelling the King County correctional facility to provide sufficient space for all inmates requiring such services is the preferred manner to meet the increasing demand for such services.

I. The current space for detention administration within the King County correction facility is inadequate to meet the needs of a detention system, which is much larger than anticipated when the facility was originally designed. Remodelling of the facility to enhance the county's ability to allocate administrative functions between it and the Regional Justice Center will enhance the overall efficiency of the detention system.

J. The projected growth in the demand for law, safety and justice services also necessitates planning for the period beyond the year 2000. The region of east King County is experiencing substantial population growth and an increase in its demand for law, safety and justice services. To provide reasonable access to law, safety and justice services to this region, the county should proceed with preliminary planning and site acquisition for a Phase II Regional Justice Center to be located in east King County by the year 2000.

K. Since January 1991 King County has operated the Intensive Drug Treatment Program at the North Rehabilitation Facility and the King County Correctional Facility. Funded by a federal grant, this program provides intensive, comprehensive inpatient drug treatment for eligible inmates. The program includes individual and group counseling, addiction recovery, assessment of mental and physical health needs, HIV/AIDS testing and counseling and educational and vocational assistance. An important focus of the program is to create and facilitate a direct link between inmates and community service agencies for continuation of treatment following release. Recognized as a national model, this program seeks to

reduce drug abuse and recidivism among inmates, and, therefore, the number of such inmates in the King County correctional system. Federal funding for the program is scheduled to end in August 1993. It is in the public interest for King County to obtain alternate funding for the Intensive Drug Treatment Program as a component of its adult detention system.

L. The most appropriate method of financing the planning, design, site acquisition, construction, equipping and furnishing of a Regional Justice Center, associated remodelling in the King County correction facility, planning and site acquisition for a Phase II Regional Justice Center and operation of an Intensive Drug Treatment Program is to propose an additional regular property tax levy pursuant to RCW 84.55.050, in excess of the one hundred six percent (106%) property tax limit for a designated period.

M. While certain elements of the Project may be modified as a function of planning and design, the council is satisfied that sufficient information exists to warrant submission of the proposition set forth in this ordinance to the electors of King County on November 3, 1992.

**SECTION 2.** Definitions. As used in this ordinance, the words hereinafter defined shall have the meaning set forth in this section.

A. "County" means the County of King.

B. "Intensive Drug Treatment Program" means a program administered by King County, which provides intensive, comprehensive inpatient drug treatment for eligible inmates housed in the North Rehabilitation Facility and the King County Correctional Facility.

C. "King County Correctional Facility" means the adult detention and correctional facility located on 5th Avenue between James Street and Jefferson Street in downtown Seattle.

D. "Levy" means the levy of regular property taxes in excess of the 106% limitation on levies, for the specific purpose and term provided herein and authorized by the electorate pursuant to state law.

E. "Levy Proceeds" means the principal amount of funds raised by the Levy, any interest earnings thereon and the proceeds of any interim financing following authorization of the levy.

F. "Phase I Regional Justice Center Facility Program Plan" means the five volume document prepared by CGA Consulting Services, Inc. in February 1992, which has been approved as amended by the council and describes the types, sizes and interrelationships of all spaces and cost estimates for the Phase I Regional Justice Center and remodel of the King County correctional facility.

G. "Phase I Regional Justice Center" means the facility located in south King County as defined in the Phase I Regional Justice Center Facility Program Plan approved by the county council.

H. "Phase II Regional Justice Center" means the facility to be located in east King County, which will accommodate growth in the demand for law, safety and justice services for the year 2000 through the year 2010.

I. "Project" means the planning, site acquisition, design, construction, equipping and furnishing of the Phase I Regional Justice Center; remodelling of the King County correctional facility, both pursuant to the approved Phase I Regional Justice Center Facility Program Plan; and the preliminary planning and site acquisition of the Phase II Regional Justice Center; and operation of an intensive drug treatment program.

**SECTION 3.** Levy Submittal to Voters. To provide necessary funds for the Project, the budget of which has been approved by the county council to be \$165,979,551 plus necessary interest charges, the county council shall submit to the qualified electors of the

## COMPLETE TEXT OF King County Proposition No. 2 (con't.)

county a proposition as authorized by RCW 84.55.050 to exceed the one hundred six percent (106%) levy limitation on regular property taxes contained in RCW 84.55.010, for property taxes levied in five consecutive years commencing in 1992, with collection beginning in 1993, for the sole purpose of raising an amount not to exceed \$174,500,000 in the aggregate by increasing the regular property tax levy rate during such five year period by an amount not to exceed \$.302 per one thousand dollars (\$1,000) of assessed value. Pursuant to RCW 84.55.050, as amended, this levy shall be a regular property tax levy, which is subject to the statutory tax rate limit of 84.52.043, as amended, and to the limitations imposed pursuant to RCW 84.55.050, as amended.

**SECTION 4.** Deposit of Levy Proceeds. All Levy Proceeds collected as authorized herein shall be deposited into the King County Regional Justice Center Construction Fund.

**SECTION 5.** Financing. After voter approval and pending the collection of the Levy authorized herein, the county may provide by ordinance for the issuance of limited general obligation bonds or other securities in order to finance the Project or any portion thereof as permitted by law.

**SECTION 6.** Eligible Expenditures. If approved by the qualified electors of King County, all proceeds of the Levy authorized herein shall be used to pay the costs of the Project. Eligible expenditures shall include without limitation all necessary acquisition costs, engineering, planning, architectural, financial, legal, project management, relocation, environmental, inspection and testing, administration and other costs incurred incident to the Project.

Eligible expenditures shall also include the salaries, benefits, office supplies and equipment, medical supplies and equipment, contracted goods and services, administration and other costs incidental to operation of the Intensive Drug Treatment Program.

Eligible expenditures shall also include payment of any debt issuance costs and debt service to retire any debt incurred for the Project, as well as the funding, refunding, financing or refinancing of debt or the reimbursement of expenditures already incurred by the county with regard to the Project.

**SECTION 7.** Project Modification. By ordinance, the county may alter, make substitutions to and amend such Project descriptions, including the Phase I Regional Justice Center Facility Program Plan, as it determines to be in the best interest of the county and consistent with the general descriptions provided herein.

**SECTION 8.** Disposition of Publicly-Owned Property. All real property and improvements to real property acquired with Levy Proceeds may be conveyed or disposed of by the county, if it is determined by the county to be in its best interests and in accordance with applicable law governing the disposition of public property.

**SECTION 9.** Levy; Election and Ballot Title. It is hereby found that an urgent need exists to fund the Project, and, pursuant to RCW 29.13.010, it is hereby declared that an emergency exists requiring the submission to the qualified electors of King County a proposition authorizing regular property tax levies in excess of the 106 percent levy limitation for the purposes described in this ordinance at a special election to be held therein on November 3, 1992, in conjunction with the statewide general election to be held on the

same date.

The King County director of records and elections, as ex-officio supervisor of elections, is hereby requested to assume jurisdiction of and to call and conduct a special election and to submit to the qualified electors of the county the proposition set forth below.

The clerk of the county council is hereby authorized and directed, not less than 45 days prior to November 3, 1992, to certify a proposition to the King County director of records and elections in substantially the following form:

KING COUNTY

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF HIGHLINE SCHOOL DISTRICT NO. 401, KING COUNTY, WASHINGTON, as follows:

**Section 1.** It is found and declared that an emergency exists requiring the calling of a special election and the Director of Records and Elections of King County, Washington, is requested to find and declare the existence of an emergency. The bonds shall be fully registered bonds; shall bear interest payable as permitted by law; shall mature within 20 years from the date of issue, and may be such lesser time as fixed by the Board of Directors; shall be paid by annual property tax levies sufficient in amount to pay both principal and interest when due, which annual property tax levies shall be made in excess of regular property tax levies without limitation as to rate or amount but only in amounts sufficient to meet such payments of principal and interest as they come due; and shall be issued and sold in such manner, at such times and in such amounts as shall be required for the purpose for which such bonds are to be issued, the life of the improvements to be acquired by the issuance of bonds being at least 20 years. The exact date, form, terms, option of prior redemption, price, interest rate or rates and maturities of the bonds shall be fixed hereafter by resolution of the Board of Directors. Pending the issuance of the bonds, the District may issue short-term obligations pursuant to Chapter 39.50 RCW. For the purposes of Treasury Regulations Section 1.103-18, the Board of Directors declares that to the extent, if any, the District prior to the date bonds or other short-term obligations are issued to finance the Project shall make capital expenditures for the Project from funds that are not (and are not reasonably expected to be) reserved, allocated on a long-term basis or otherwise set aside by the District under its existing and reasonably foreseeable budgetary and financial circumstances to finance the Project, those capital expenditures are intended to be reimbursed out of proceeds of the bonds or other short-term obligations issued in an amount not to exceed the principal amount provided by this resolution.

### RESOLUTION NO. 861

A RESOLUTION of the Board of Directors of Highline School District No. 401, King County, Washington, providing for the submission to the voters of the District at a special election to be held therein on November 3, 1992, in conjunction with the State general election to be held on the same date, of a proposition authorizing a levy to be made in 1992 for collection in 1993 of an additional tax on all of the taxable property within the District of \$2,000,000, the estimated dollar rate of tax levy required to produce such an amount being \$.37 per \$1,000 of assessed value (such assessed value representing 100% of true and fair value unless specifically provided otherwise by law), in excess of the maximum tax levy specified by law for school districts without a vote of the electors, for the Transportation Vehicle Fund of the District, the proceeds of such levy to be used to provide funds to purchase school buses as more particularly set forth herein.

WHEREAS, it appears certain that the money which will be available for the Transportation Vehicle Fund for the school year 1992-1993 will be insufficient to permit Highline School District No. 401, King County, Washington (the "District"), to purchase school buses necessary to meet the transportation needs of the District, and that it is necessary that an additional tax levy of \$2,000,000 be made in 1992 for collection in 1993 for the Transportation Vehicle Fund of the District to provide funds required to purchase those school buses; and

WHEREAS, the conditions and situations hereinbefore set forth create an emergency which requires the holding of a special election in the District; NOW, THEREFORE,

The District may issue short-term obligations pursuant to Chapter 39.50 RCW in anticipation of the receipt of those taxes as may be necessary to provide funds to purchase school buses to meet the transportation needs of the District.

**Section 2.** The ballot title of the aforesaid proposition shall be substantially as follows:

#### SCHOOL BUSES SPECIAL TAX LEVY

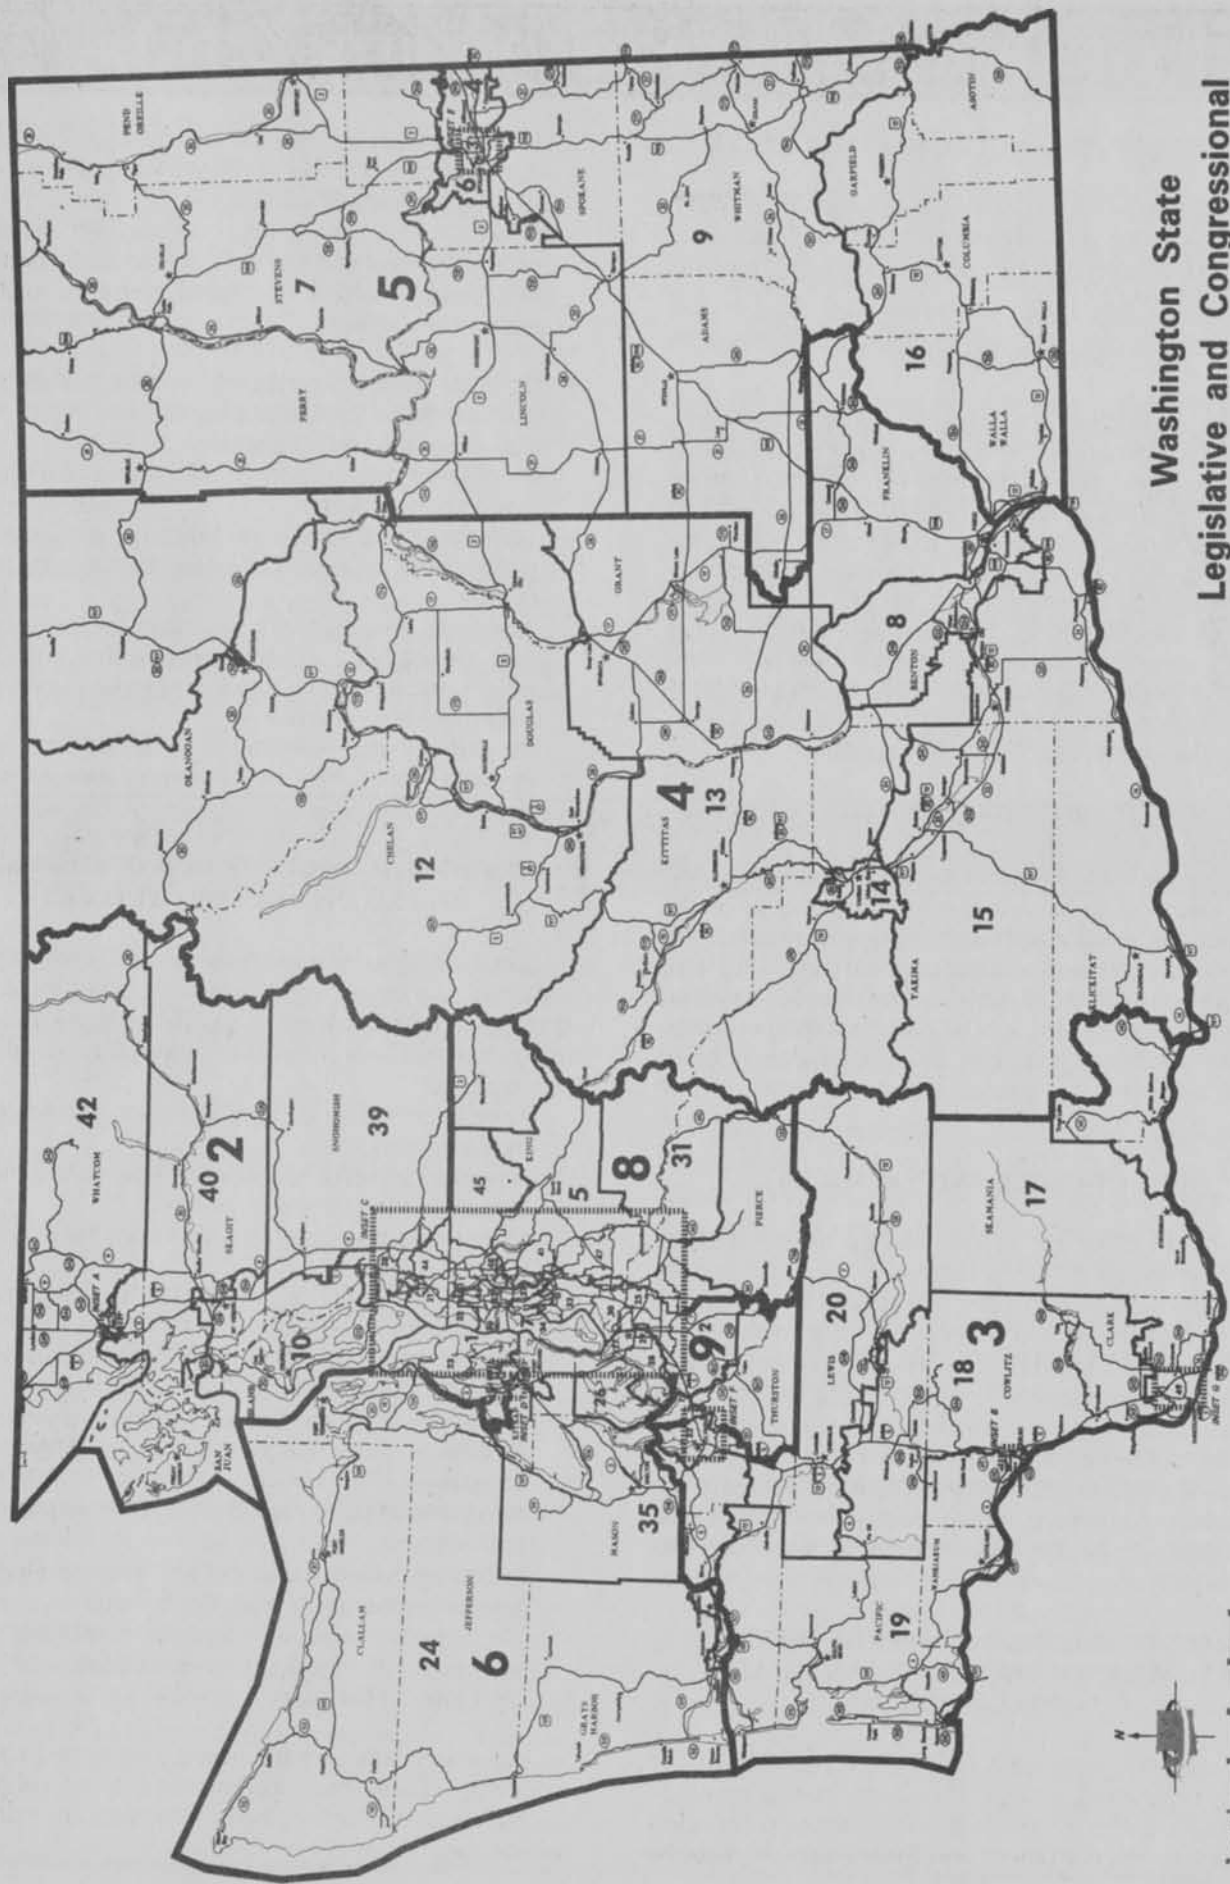

Shall Highline School District No. 401 levy excess taxes on all taxable property within the District for the Transportation Vehicle Fund for purchasing school buses of approximately \$.37 per \$1,000 of assessed value (based on 100% of true and fair value) to provide \$2,000,000 for 1993 collection, as provided in Resolution No. 861?  
TAX LEVY, YES

# THE OFFICE OF PRECINCT COMMITTEE OFFICER

## THE OFFICE OF PRECINCT COMMITTEE OFFICER

In addition to the various state and county offices which will appear upon the general election ballot, most voters will have the opportunity to vote for the office of "precinct committee officer."

### WHO IS ELIGIBLE

State law (RCW 29.42.040) provides that any person who is a registered voter and a member of a major political party may become a candidate for the office of precinct committee officer by filing a declaration of candidacy and paying a \$1 filing fee to the county auditor. Since voters do not register by political party in Washington, a candidate declares himself or herself to be a Democrat or a Republican at the time he or she files for the office. The filing period for the office of precinct committee officer begins at the same time as the filing period for other partisan offices (the fourth Monday in July in even-numbered years), and lasts for three weeks, ending on the third Friday following that date.

### ELECTION OF PRECINCT COMMITTEE OFFICER

Candidates for precinct committee officer do not appear on the primary ballot but rather are placed directly on the general election ballot, and the candidate receiving the most votes in his or her precinct for each political party is declared elected. State law (RCW 29.42.050) does provide, however, that to be declared elected, a candidate must receive at least 10% of the number of votes cast for the candidate of his or her party receiving the greatest number of votes in that precinct.

### TERM OF OFFICE AND VACANCIES

The term of office for anyone elected to the office of precinct committee officer is two years, and commences upon the official canvass of election returns by the county canvassing board. Should a vacancy occur in the office (caused by death, disqualification, resignation, or failure to elect), the usual process is for the chairman of the party central committee to fill the vacancy by appointment. Appointments to fill vacancies cannot be made between the state general election and the organization meeting of the county central committee, which must be held prior to the second Saturday in January following the election of precinct committee officer.

### DUTIES OF PRECINCT COMMITTEE OFFICER AS MEMBERS OF THE COUNTY AND STATE CENTRAL COMMITTEES

1. Each precinct committee officer is a member of the county central committee. The county central committee has the authority to fill vacancies on the party ticket for partisan county offices and for legislative offices in

districts entirely within that county when no candidate files for such a position or when a candidate or nominee dies or is disqualified leaving no candidate of that party for such an office; they may also nominate persons for appointment to these offices if an incumbent of that party resigns; and finally, elect members to the state central committee.

2. The state central committee has the authority under state law (RCW 29.42.020) to:
  - Call caucuses and conventions.
  - Provide for the election of delegates to national nominating conventions.
  - Fill vacancies on the party ticket for any federal, state or legislative office which encompasses more than one county.
  - Nominate persons to fill vacancies caused by resignation or death of an incumbent of that party in state offices and legislative offices in districts which encompass more than one county.
  - Provide for the nomination of presidential electors.
  - Perform other functions inherent in such an organization.

### NON-STATUTORY DUTIES AND RESPONSIBILITIES OF PRECINCT COMMITTEE OFFICER

Specific duties and responsibilities of a precinct committee officer are usually determined by either the county or state central committees. The following duties are commonly assigned to precinct committee officers by their party organization:

- Keep informed on current issues and candidates, study the party platform.
- Attend meetings of county committees and actively participate in fund-raising activities.
- Obtain lists of registered voters from the County Auditor's office.
- Canvass the precinct and become acquainted with the voters residing therein.
- Establish a record of eligible voters and party members within the precinct.
- Encourage voter registration within the precinct.
- Distribute party election materials during election campaigns.
- Recommend party members to work as precinct election officers.
- Encourage voters to get out and vote on election day.
- Encourage the use of absentee ballots.
- Hold precinct caucuses at certain selected times for the purpose of adopting resolutions and selecting delegates to the county conventions.

Individuals who are interested in serving as a precinct committee officer should contact the chairman of the county central committee of their party or the state committee office of that party.

# WASHINGTON STATE VOTER REGISTRATION INFORMATION

## Qualifications for registering:

1. You are a U.S. citizen by birth or naturalization.
2. You will be 18 or older on the day of the primary or general election.
3. You are a legal resident of the State of Washington.

## When to register:

Anytime, but you must be registered 30 days before the election to be qualified to vote. The voter registration deadline for the 1992 State General Election was October 3, 1992.

## Where to register:

You must register in person at the **King County Division of Records and Elections**, before a city or town clerk, or deputy voter registrar. Deputy registrars are located in most public schools, some fire stations, branch public libraries and state offices. Contact the **Division of Records and Elections at 296-VOTE (or TDD 296-0109)** for the location of a registration facility near you.

## You must re-register only if:

1. You did not vote in the previous 24-month period, or the most recent presidential election, or
2. You have moved from one county/state to another, or
3. If you have moved, and Records and Elections receives any correspondence returned by the Post Office as undeliverable, your registration will be cancelled 60 days upon receipt of the returned correspondence.

## If you move, you must transfer your registration:

Whenever you move, you must change your voter registration. You may update your voter registration if you have changed your name. These changes can be made before a voter registrar or through the mail. If mailing, include your registration number (if known), your old and new names and/or addresses, printed and written signatures. Mail to the **Division of Records and Elections, 553 King County Administration Building, Seattle, WA 98104.**

To vote with your new information, you must update your registration 30 days before an election.

## ELECTION DAY AND VOTING

### Where to vote:

At your precinct's polling place. The name and number are on your registration card and the location is published in the newspaper sometime the week before the election. You may also call your county auditor.

### When to vote:

Polls are open from 7:00 a.m. to 8:00 p.m.

### How to vote:

Four methods of voting are used in Washington State: punchcard, lever machine, paper ballot and optical scan. Each county uses one or a combination of these methods. If you need assistance, you may ask an election worker to explain how to use your county's voting device or ballot.

### Absentee voting:

**1. Regular Absentee Ballot:** If you cannot vote in person, you may vote by absentee ballot. You may request an absentee ballot, in person, by mail or by telephone, as early as 45 days before the election, but no later than the day before the election. Registered voters may request an absentee ballot by telephone for themselves and other members of their immediate family by calling their county auditor.

**Exception:** If you are confined to the hospital and were admitted no earlier than five days before the election, you may apply for an absentee ballot up to and including the day of the election.

**2. Service Absentee Ballot:** Members of the military service may apply for an absentee ballot at any time. Such service voters will be mailed an absentee ballot for the next primary or general election, or special election to be held subsequent to the date of application.

**3. Special Absentee Ballot:** A voter who is working outside the continental United States and will be unable to return a regular absentee ballot by normal mail delivery may apply for a **special absentee ballot** 90 days before the primary or general election. The special absentee ballot will contain the offices and measures, if known, scheduled to appear on the ballot. The county auditor will include a list of candidates who have filed and a list of any issues that have been referred to the ballot before the application was filed.

The voter may use the special absentee ballot to write in the name of an eligible candidate for each office and vote on any measure.

**4. Ongoing Absentee Ballot:** If you are a disabled person or a person over the age of 65, you may apply for status as an ongoing absentee voter. This will entitle you to automatically receive an absentee ballot for each subsequent election through January of the next odd-numbered year. At that time, the county auditor will automatically notify you and permit you to renew your status as an ongoing absentee voter. Contact the Division of Records and Elections for an application.
