INTRODUCTION TO THE 1993 VOTERS PAMPHLET

It is my pleasure to introduce you to the 1993 Washington State Voters Pamphlet. I am especially pleased to extend a very special welcome to the 348,000 new voters who have registered under the state's "Motor Voter" program at numerous locations around Washington.

As you will note by the cover, this year's pamphlet commemorates the Sesquicentennial of the Oregon Trail. From 1843 to the early 1860s, more than 300,000 emigrants traveled over the 2,000-mile Oregon Trail to start a new life in the Pacific Northwest. Many of these travelers branched off the Trail in northern Oregon to head for what is now the state of Washington — founding towns such as Walla Walla, New Market (Tumwater), Claquato (near Chehalis), Steilacoom and Lynden.

These emigrants and their descendants brought to the West new thoughts about government and citizen rights. They established a unique state government which diffused power among a host of elective offices, and gave greater rights and privileges to the public.

This voters pamphlet is a direct result of the populist movement which grew from the new ideas of those who came here along the Oregon Trail. Washington's Constitution gives its citizens the right to a voters pamphlet containing information on issues appearing at each general election. Our state was one of the first in the nation to provide a voters pamphlet to its citizens.

And we continue on with this heritage of bringing new ideas and innovative programs to make state government and our elections system more accessible and convenient for citizens. In addition to Motor Voter, we have also seen reforms such as the expansion of the ongoing absentee ballot program to all citizens, a reduction in the 30-day voter registration deadline, and, in the coming year, voter registration by mail.

These efforts reflect our state's rich tradition of promoting voter awareness and voter participation. In the coming days, I urge you to join in this tradition by making use of this voters pamphlet. It contains extensive information on the measures appearing on the statewide ballot and on election procedures and voting. Please study it thoroughly, and be sure to cast your vote on November 2.

With best wishes,

RALPH MUNRO
Secretary of State

INITIATIVE MEASURE 593

TO THE PEOPLE

Note: The ballot title and explanatory statement were written by the Attorney General as required by law. The complete text of Initiative Measure 593 begins on page 14.

Official Ballot Title:

Shall criminals who are convicted of "most serious offenses" on three occasions be sentenced to life in prison without parole?

The law as it now exists:

Criminal sentencing is now governed by the Sentencing Reform Act (Chapter 9.94A RCW). The judge determines the sentence for each person convicted of a crime, based on standard sentencing ranges set down in the law. The

standard sentence range is determined by calculating an "offender score," which takes into account the nature of the crime committed as well as prior convictions for other crimes. Prior convictions for serious offenders increase the "offender score" and the standard sentencing range if there is a later conviction. Under special circumstances the judge may give a sentence outside the sentencing range. Current law does not require a specific sentence for repeat offenders.

The effect of Initiative Measure 593, if approved into law:

This initiative would create a new category of "persistent offenders" consisting of persons who have been convicted three or more times of "most serious crimes." The initiative specifies which crimes will be defined as "most serious crimes" (section 3 of the initiative), essentially consisting of all class A felonies and all class B felonies involving harm

or threats of harm to persons. When a "persistent offender" is sentenced, the initiative would require the judge to impose a sentence of total confinement for life without possibility of parole. For the crime of aggravated murder in the first degree, the initiative would preserve present law allowing the death sentence in some cases.

"Persistent offenders" would not be eligible for community custody, earned early release time, furlough, detention, partial confinement, work crew, work release, or any other form of early release. Judges and correctional facilities would be authorized to warn about the consequences of becoming a "persistent offender." The governor could still issue pardons or clemency orders on a case-by-case basis, and would be required to issue periodic reports on the progress of any offenders released through pardons or clemency.

Statement for

It's time to get tougher on violent criminals.

The problem is clear: the overwhelming majority of violent crime is committed by less than 10% of violent criminals. And most of them will re-offend again when released.

CURRENT STATE LAW IS MUCH TOO WEAK

Under current state laws, the average prison term recommended for a child molester with two previous sex felony convictions on his record is just 9 years, six months. *That's for a third offense.*

For someone convicted of 1st degree robbery with two violent felony convictions already on his record, the recommended sentence is just 5 years. That doesn't count time off for "good behavior."

Why let proven repeat offenders out to offend again? Let's make sure that nobody becomes their 4th, 5th or 6th victim.

INITIATIVE 593 GETS TOUGH ON VIOLENT CRIME

Under 593, anyone convicted of a third violent offense goes to prison for life. No early release. No parole. No furloughs. No loopholes. Three strikes and you're out.

Initiative 593 brings accountability and the certainty of punishment back to our criminal justice system. In aiming at three time violent offenders, it targets the "worst of the worst" criminals who most deserve to be behind bars. With 593 that's where they'll stay. Without it, most of them won't.

INITIATIVE 593 SENDS THE RIGHT MESSAGE TO CRIMINALS

Not only does 593 keep our most serious offenders off the streets, it also sends a clear and unmistakable message to all other criminals in Washington: either obey the law or leave the state — for good.

People from all over the state are supporting 593 to make our streets and neighborhoods safer.

For more information, call (206) 462-7353.

Rebuttal of Statement against

593's opponents claim that violent offenders can already be locked up for life. The problem is, they aren't. That will change when 593 becomes law. Three time serious felons will stay behind bars for life. Only a pardon issued by the Governor could authorize their release.

The crimes covered by 593 are serious, violent felonies, not "bar fights" or car accidents. 593 keeps the "worst of the worst" in prison. Isn't that where they belong?

Voters Pamphlet Statement Prepared by:

JOHN CARLSON, Washington Institute for Policy Studies, KVI Radio; IDA BALLASIOTES, State Representative; BRIAN EBERSOLE, Speaker, House of Representatives.

Advisory Committee: HELEN HARLOW, Tennis Shoe Brigade; PAM ROACH, State Senator; JOHN LADENBURG, Pierce County Prosecutor; TERRY MANGAN, Spokane Police Chief; TOM CAMPBELL, State Representative.

Statement against

INITIATIVE 593: REVIVING FAILED AND REJECTED LAWS

Washington used to have a law like "three strikes you're out." It didn't work. It was extremely costly, locked up people who didn't need to be locked up to protect us, and locked up people long past the age when they were a risk. Washington's citizens and legislature have wisely chosen *not* to endorse recent, similar proposals.

INITIATIVE 593: VERY COSTLY, WITHOUT INCREASING OUR SAFETY

Repeat "serious offenders" after middle age are not the norm. 593 will unnecessarily result in expensive geriatric wards in our prisons for people who are long past the age when they are a threat.

593 needlessly forces us to spend nearly \$26,000 per person, per year, for an average of thirty years, to feed, clothe and house people who aren't a risk to us. Nearly \$800,000 for each person!

We can use current law *now* to put away, for a long time, those who need to be put away. 593 takes away the power to *choose* who should be locked up for life.

INITIATIVE 593: INCLUDES OFFENSES NOT MERITING LIFE IMPRISONMENT

Proponents claim 593 only applies to "most serious" offenses. Not true! 593 also includes reckless car accidents with injuries, as well as bar fights if a blow accidentally, recklessly injures someone.

INITIATIVE 593: NEEDLESSLY HIGH COST

593 falsely offers the appearance of a quick fix solution to a serious problem.

593 *won't* reduce crime. Repeat, serious offenders can *already* be locked up until they are no longer a danger.

593 *will* increase your taxes, or force the legislature to take away money from jobs, healthcare, education and other programs that *do* serve to prevent crime.

Rebuttal of Statement for

593's proponents aren't telling the whole truth. Current law already keeps violent criminals in prison an average of 15-25 years. Under 593, reckless car accidents with injuries are treated the same as rape and murder. \$12,000,000 will be required over the next few years for additional prisons for people *not* likely to re-offend. 70-year-olds don't repeat violent crimes, *but* have enormous medical costs. 593 plays on our fears, but is in truth expensive and ineffective.

INITIATIVE MEASURE 601

TO THE PEOPLE

Note: The ballot title and explanatory statement were written by the Attorney General as required by law. The complete text of Initiative Measure 601 begins on page 23.

Official Ballot Title:

Shall state expenditures be limited by inflation rates and population growth, and taxes exceeding the limit be subject to referendum?

The law as it now exists:

The state is currently operating under a law (Chapter 43.135 RCW, enacted by initiative in 1979), which limits state tax revenue in each fiscal year to an amount calculated by multiplying the previous year's revenue limit by the average state personal income ratio for the three calendar years immediately preceding the beginning of the fiscal year in question. For instance, the tax revenue limit for fiscal 1994 (which began on July 1, 1993) is the limit for fiscal 1993 multiplied by the average increase in personal income for calendar 1990, 1991, and 1992. The starting point for these calculations was the revenue received in fiscal 1979. Current law requires the Legislature to impose taxes and other

charges in a manner that will ensure that estimated tax revenues do not exceed the revenue limit for each fiscal year. The limit may be exceeded only in case of an emergency declared by the Legislature with a two-thirds vote in each house. The budgeting and accounting laws prohibit the governor from allowing the expenditure of funds in excess of actual revenue received. The 1979 initiative also limits the extent to which the Legislature may impose new obligations on local governments without reimbursing them from state funds.

The effect of Initiative Measure 601, if approved into law:

Initiative Measure 601 would replace the current state tax revenue limit with a state expenditure limit calculated for each fiscal year by increasing the previous fiscal year's limit by a fiscal growth factor derived by averaging the sum of inflation and population change for each of the prior three fiscal years. State expenditures are those expenditures made from the state's general fund, excluding expenditures made from federal funds. The expenditure limit would first become effective for the fiscal year beginning July 1, 1995. Fees paid to the state could not be increased beyond the fiscal growth factor without prior Legislature approval. The initiative would establish an emergency reserve fund and would require the Legislature to place in this fund any revenue received in excess of the new expenditure limit. Money could be taken from the fund only by a vote of two-thirds of the

members of each house of the Legislature. Excess emergency funds would be transferred to a new education construction fund. Any other use of this money would require a two-thirds vote of each house of the Legislature and approval by vote of the people.

After July 1, 1995, the Legislature could not take actions to increase state revenue or shift tax burdens except by a two-thirds vote of each house, and only then if the new revenue would not exceed the state expenditure limit for the fiscal year in question.

The Legislature could increase revenues in excess of the expenditure limit but such increases would be effective only with approval by the people at the next general election.

The state expenditure limit could be exceeded upon a declaration of an emergency approved by a two-thirds vote of each house and signed by the governor. The declaration must set forth the nature of the emergency, which could only be natural disasters requiring immediate government action. Additional taxes to meet the emergency could be imposed, but only for the length of the emergency or two years, whichever is shorter.

The Legislature would be prohibited from imposing responsibility for new programs or increased levels of service on any political subdivision of the state, unless the subdivision is fully reimbursed by specific appropriation by the state.

Parts of the initiative would go into effect immediately, and parts on July 1, 1995. Effective immediately, the Legislature would be prohibited from raising taxes, imposing new taxes, or shifting tax burdens without approval of the voters.

Statement for

I-601 SETS REASONABLE LIMITS ON TAXES AND SPENDING

Politicians can't control spending and Washington's citizens end up paying the bill through higher taxes. With I-601, the Taxpayer Protection Act, the people can set reasonable spending limits and give themselves the power to decide whether tax hikes are really needed.

THE PEOPLE CAN TAKE CONTROL OF TAXES AND SPENDING

I-601 is a cure for overspending, crisis cuts in programs and emergency tax increases:

- Voters would decide whether higher taxes are needed.
- Spending increases would be limited to the rate of inflation and state population growth.
- A "rainy day" fund would be created for economic bad times.

WE CAN'T AFFORD MORE OF THE SAME

Since 1985, nearly 20,000 new state employees have been hired. Washington's population has grown by about 27 percent since 1980, yet the state's budget has seen over a 140 percent increase since 1983. In 1990, the Legislature spent a billion dollar surplus.

Last November, Washingtonians thought they were voting for change, but they instead got more of the same. Despite nearly a billion dollars in new tax revenues for 1993-95, the Legislature and governor gave us a state budget requiring over a billion dollars in new taxes and fees.

NATIONAL NEWSPAPER PRAISES I-601

On July 9th, the following appeared in *The Wall Street*

Journal: "I-601 separates those who want to tax and spend from those who want to restrain taxing and spending.... As one of the proponents of I-601 said to us, 'Who, in their right mind, would ever be opposed to such a thing?'"

We couldn't have said it better ourselves. Fifteen other states may be considering I-601 style resolutions. On November 2nd, vote I-601.

For more information, call 1-800-949-6646.

Rebuttal of Statement against

Opponents of I-601 don't think the people are intelligent enough to decide whether future taxes are really needed. They want us to trust politicians who consistently refuse to control spending.

California is in trouble because they limited taxes without limiting spending. I-601 limits spending, forcing government to cut waste and set priorities.

I-601 protects education. Under I-601, state spending would grow by about 8% the first two years. Harmful cuts would be unnecessary.

Statement against

I-601 IS NOT THE ANSWER

Washington citizens deserve a strong economy, good paying jobs, a clean environment, safe neighborhoods, quality education, and improved health care. This initiative will NOT help us achieve these goals.

Every citizen should demand that taxes be raised prudently and public money be spent wisely. But this initiative is not the answer to legitimate calls for improved government efficiency and accountability.

CITIZEN NEEDS DON'T RELATE TO ARTIFICIAL FORMULA

I-601 would tie increases in state spending to an artificial formula that has no relationship to the actual needs of our citizens. The needs of those younger than 21 or older than 65 don't increase according to an arbitrary formula. There will be 55,000 new school children in the next two years and double-digit increases in health care costs. Crime on the streets doesn't stop because of some formula in Olympia.

DON'T SLIDE BACKWARD

We've got a state that works. Let's keep it that way. We've got a balanced budget without gimmicks. The voters previously limited state tax revenue to increases in personal income. There are limits on property tax and term limits on legislators. Our state made great strides this year in health care, civil service reform and access to college and job training opportunities. We don't need to make the same mistake California did.

MAJORITY RULE PROTECTS EVERYONE

The requirement for two-thirds agreement in the legislature to respond to critical needs could very well put the control of the state's future in the hands of a small group of legislators with very extreme views. Majority rule protects everyone.

Vote NO on I-601.

For more information, call (206) 625-0511.

Rebuttal of Statement for

Under I-601, as few as 17 senators would decide what's best for all Washingtonians. That's great for politicians, but bad for citizens. Voters will be shut out by special interests and their lobbyists.

I-601 applies only to the general fund. 200 other funds, including gas taxes, are not covered. Another opportunity for special interest lobbyists.

I-601's meaningless statistics ignore the real needs of our children and senior citizens.

Don't be fooled. Vote NO!

INITIATIVE MEASURE 602

TO THE PEOPLE

Statement for

**INITIATIVE 602 PROTECTS TAXPAYERS AND
CONTROLS GOVERNMENT SPENDING**

**INITIATIVE 602 FIGHTS RAMPANT INEFFICIENCY
AND WASTE IN GOVERNMENT**

Even before this year's tax increases, state government had nearly \$1 billion more of your tax dollars than ever before. Yet, they still increased spending and burdened Washingtonians with an additional \$1.2 BILLION in new taxes.

I-602 encourages state government to set priorities — funding essential needs, including K-12 and higher education, and public safety first! Inefficient and wasteful uses of your tax dollars — like \$44,000 fish tanks, expensive office buildings, excessive travel, and unnecessary bureaucracy — would meet the chopping-block.

**INITIATIVE 602 SAFEGUARDS WASHINGTON'S
FUTURE**

Reasonable controls that work. I-602 controls how much money the state can collect and then limits spending to that level. Experience shows that limits based on spending alone allow too many loopholes for higher taxes and spending.

Living within taxpayers' means. Our state budget has nearly tripled in the last 12 years . . . that's faster than hard-working taxpayers can afford. Under I-602, government spending rises only if the people's financial condition improves.

Making government accountable. I-602 requires a 60% legislative vote to increase taxes within the limit. New taxes are limited to two years.

Planning ahead. I-602 establishes a "savings account" to

Rebuttal of Statement against

I-602 is a "boon" to Washington taxpayers who are fed up with wasteful spending by bureaucrats and politicians! Alcohol and Tobacco's share of 1993's \$1.2 billion tax increase is less than 17%. Who pays the rest? You do!

That's why 450,000 Washingtonians signed petitions to put I-602 on the ballot!

Voters Pamphlet Statement Prepared by:

charges in a manner that will insure that estimated tax revenues do not exceed the revenue limit for each fiscal year. The limit may be exceeded only in case of an emergency declared by the Legislature with a two-thirds vote in each house. The budgeting and accounting laws prohibit the governor from allowing the expenditure of funds in excess of actual revenue received. The 1979 initiative also limits the extent to which the Legislature may impose new obligations on local governments without reimbursing them from state funds.

The effect of Initiative Measure 602, if approved into law:

Initiative Measure 602 would replace the current state tax revenue limit with a new state revenue collection limit. This limit would be calculated for each fiscal year by multiplying the total state personal income for the fiscal year in question by a "limitation factor." The limitation factor would be calculated by dividing the sum of total state revenue collections for the fiscal years 1988 through 1992 by the sum of total state personal income for those same fiscal years. The new limit would take effect with the fiscal year beginning July 1, 1993.

The state would be prohibited from expending funds derived from state revenue collections in excess of the state revenue collection limit for the fiscal year in question. The state treasurer,

except in case of emergency, would be prohibited from issuing any checks or warrants which would result in an expenditure in excess of the revenue collection limit.

A revenue reserve fund would be created to hold any excess funds collected above amounts anticipated and budgeted, or any undesignated and unspent funds in the treasury. The treasurer could transfer money from this fund in years when revenue falls short of the amount anticipated and budgeted by the Legislature. Further revenue collections that exceed the limits of the revenue reserve fund would be paid into a general obligation debt reduction account.

The revenue collection limit could be exceeded upon a declaration of an emergency by the governor and a law approved by a vote of seventy-five percent of each house of the Legislature. No emergency could last longer than twenty-four months. In an emergency, revenue collections could be increased enough to meet the emergency, but no more.

The Legislature would be prohibited from imposing new responsibilities on political subdivisions, or programs previously provided by the state, or increased levels of service in existing programs, except where the Legislature fully reimburses the political subdivision. The Legislature could not meet its reimbursement obligation by authorizing new local revenue collections.

The initiative would repeal all revenue actions by the state to increase revenues over those in effect on December 31, 1992.

The initiative would go into effect immediately, and would place a revenue collection limit on the fiscal year beginning July 1, 1993.

Statement against

I-602 IS NOT THE ANSWER

Washington citizens deserve a strong economy, good paying jobs, a clean environment, safe neighborhoods, quality education, and improved health care. This initiative will NOT help us achieve these goals.

Every citizen should demand that taxes be raised prudently and public money be spent wisely. But this initiative is not the answer to legitimate calls for improved government efficiency and accountability.

INDISCRIMINATE HARM

The blanket repeal of all 1993 tax and fee increases would spread indiscriminate harm across the state. The roll-back of alcohol and tobacco taxes will leave 198,000 Washingtonians without health care and cripple health care reform efforts. Two-thousand university students and 8,000 community and technical college students will lose their place in class, including 5,000 laid-off workers seeking job training.

Many other programs such as criminal justice assistance to local government and public school support would likely be reduced as the legislature rebalances state spending. Those politicians who claim they can find plenty of money for worthwhile programs by eliminating waste are not telling the truth.

LEGISLATIVE GRIDLOCK

The requirement that 75% of the legislature approve spending increases for critical needs would encourage a small number of legislators to demand changes in long-established law in trade for their vote on the budget.

ALCOHOL AND TOBACCO WIN

Passage of I-602 would result in unfair, unrepresentative, gridlocked government. A clear threat to our quality of life, and a boon to alcohol and tobacco companies.

Vote NO on I-602.

For more information, call (206) 625-0511.

Rebuttal of Statement for

Lobbyists wrote I-602. Special interests paid \$250,000 to collect the signatures. Why? Because I-602 cuts their taxes. Under their plan, as few as 13 senators would decide what's best for all Washingtonians.

I-602 also cuts essential services like college and university enrollments, retraining for unemployed workers, and it makes health care reform unworkable.

Send a real message. We won't let alcohol, tobacco and insurance lobbyists control our government.

We won't be fooled. Vote NO!

Statement for

THE HEALING PROCESS

When facing the physical, emotional and mental challenges of an illness, many people find solace, comfort, and improved healing through their faith and beliefs. Hospitalized patients and their families have repeatedly demonstrated their need to confide in someone of their choice who will listen, counsel, and provide comfort in times of distress. Providing for such needs leads to better healthcare outcomes.

CHAPLAIN AS MEMBER OF HEALTH CARE TEAM

Chaplain in public hospitals arrange for spiritual advisors of choice when requested by a patient or family. The chaplain may also provide personal support for the patient, such as locating a lost friend or family member. In emergencies, a hospital chaplain is available immediately, just as a military chaplain is available to soldiers.

Public hospital chaplains are required by professional ethics to respect patients' spiritual preferences, including those who want no spiritual counseling. The role of a hospital chaplain is to respond to patient or family requests with other health professionals to meet the patient's individual needs.

CURRENT LAW

Volunteer community chaplains are in shrinking supply and frequently unavailable when needed. In nearly half the hospitals in Washington, the public hospitals legal ability to hire chaplains to provide patients such essential services

Official Ballot Title:

Shall counties and public hospital districts be permitted to employ chaplains for their hospitals, health care facilities, and hospices?

has been confusing. Although state prisons and mental institutions may hire chaplains, similar authority for public hospitals is unclear.

THE ISSUE

Public hospitals are asking voters for clear approval to hire chaplains. The chaplains would arrange for spiritual advisors when requested by a patient or a patient's family, and be available immediately in an emergency.

House Joint Resolution 4200 will not result in particular religious beliefs being used as a standard for hiring decisions, for this would be illegal under anti-discrimination laws and our Constitution. Further, it is not government-sponsored religion, therefore it is not a violation of separation of church and state. The precedent of hiring chaplains for state institutions has already been set. Why should this be denied to the sick and dying in our public hospitals?

The law as it now exists:

The state Constitution prohibits the use of any public money or property for religious worship, exercise, or instruction, or for the support of any religious establishment. However, the current Constitution contains an exception permitting the state to employ chaplains for its custodial, correctional, and mental institutions, at the discretion of the legislature. Counties and public hospital districts are not covered by this exception.

Statement against

Don't be misled by good intentions or emotional appeals. Public hospitals, using your tax dollars, will have to make personnel decisions based on religion. How can this be done fairly? It can't.

HJR 4200 is an unwise and dangerous precedent. Washington state citizens have always respected and understood the need to keep religion and government separate. HJR 4200 is the wrong step toward mixing these two institutions.

There is no need for HJR 4200. Any taxpayer-supported medical facility can already hire professional staff to provide emotional support in time of need. HJR 4200 goes far beyond what is necessary or appropriate. Public hospitals will spend public funds—your tax dollars—to select one religion over others. We should not use tax dollars to eliminate the distinction between church and state.

Please keep our history in mind. Remember one reason why people came here was for the right to practice their beliefs free of government dictates. No matter how innocent sounding HJR 4200 is, the fact remains it is government sponsored religion. And once started, where does this stop? Will counties and cities be required to select one religion to support their employees or be on-site for persons injured in car accidents?

There is a better way than HJR 4200. Tell your hospital administrators to make their decisions based on merit and patient needs, not religious preference.

Keep Washington state where it belongs—in the forefront of separation of church and state, not taxpayer-supported pulpits.

The effect of House Joint Resolution 4200, if approved into law:

The effect of approving this constitutional amendment would be to extend to counties and public hospital districts the authority to employ chaplains for their hospital districts, health care facilities, and hospices, at the discretion of the legislature. In effect, the exception now provided for chaplains in certain state institutions would be extended to hospitals and other health care facilities owned and operated by counties or public hospital districts. The legislature would decide whether and how to implement this change.

Rebuttal of Statement for

Using your tax dollars to eliminate the separation between religion and government is a bad idea. Doing so when the "problem" isn't caused by government is even worse.

The proponents claim there aren't enough volunteer chaplains for hospitals. Does that require spending your money making religious-based personnel decisions? The churches should fix this problem, not taxpayers.

Public hospitals already hire professional staff to provide emotional support. HJR 4200 is an unnecessary use of taxpayer's money.

Statement for

WHAT ARE "CASES IN EQUITY"

"Cases in equity" include cases in which a court issues an injunction or restraining order to prevent some harm from occurring. Domestic violence cases, in which protective orders may be issued, are important examples of "cases in equity."

COURTS USE EQUITY POWERS TO PROTECT FAMILIES AND CHILDREN

The issuance of protective orders is one of the most effective tools that judges and law enforcement agencies have for protecting families and children from threats of violence. It is especially important that these protective orders be available right when they are needed. Delay can lead to tragedy.

THE WASHINGTON COMMISSION ON TRIAL COURTS HAS RECOMMENDED THIS AMENDMENT

Under the current wording of the state constitution, there is some question as to whether courts other than the Superior Courts may exercise jurisdiction in "cases in equity." Unfortunately, Superior Courts are seriously overcrowded and cases may encounter significant delays. The Washington Commission on Trial Courts, appointed by the State Supreme Court, has recommended that District Courts also hear "cases in equity." The Legislature has agreed with this recommendation and concluded that *both* the District and Superior Courts should have jurisdiction over these cases, particularly when they involve domestic violence.

Official Ballot Title:

Shall the constitutional provision which gives jurisdiction in "cases in equity" to superior courts be amended to include district courts?

DISTRICT COURTS SHOULD HEAR EQUITY CASES

This constitutional amendment will clarify that District Courts, as well as Superior Courts, may hear "cases in equity." It will promote the swift issuance of protective orders. The amendment will allow greater flexibility in dealing with court congestion, will promote efficiency in the courts, and will help insure that our domestic violence laws do their job. This amendment deserves your support.

Rebuttal of Statement against

Sponsored by non-attorneys and attorneys, HJR 4201 will make our courts more available to citizens needing protection. District courts are accessible to the public because they are located not only in the county seat, but also in outlying areas — 66 locations statewide. And, while many have heavy caseloads, district courts are generally less congested than superior courts and can more quickly handle requests for protective orders arising from family violence and harassment situations.

WARREN, President, District and Municipal Court Judges' Association, Chelan County District Court; STEPHEN DeFOREST, President of the Washington State Bar Association; BILL GATES, Attorney.

The law as it now exists:

In the English legal system inherited by the United States, there were two separate court systems: courts of law and courts in equity. These two types of courts followed somewhat different procedures and exercised different types of powers. Certain powers were held only by courts in equity, such as the power to issue an injunction or the power to rescind a contract. The Washington state Constitution did not establish separate courts of law and courts in equity, and in the United States the distinction between legal powers and equitable powers has grown less and less clear. However, the state Constitution currently provides that "the superior courts will have jurisdiction in . . . all 'cases in equity,'" subject to review on appeal. The legislature has created a system of district courts to handle smaller and simpler cases, but the Constitution currently does not provide that district courts may exercise powers historically reserved to courts in equity.

Statement against

THIS AMENDMENT WILL NOT DECONGEST OR MAKE THE DISTRICT COURTS, OR THE SUPERIOR COURTS MORE EFFICIENT

HJR 4201, will not improve or decongest our antiquated courts! This proposed Constitutional Amendment was sponsored by lawyer-legislators and is self-serving! Vote NO on this!

THE CONSTITUTION SHOULD NOT BE USED FOR A BAND-AID CURE

The Constitution, Article IV, section 6, *should not* be amended to allow cases in equity in District Courts. This will shift the overburden of the Superior Courts to the overburdened District Courts. Our District Courts are congested, inefficient, and not serving the public expediently now, why burden them more?

THE SPONSORS OF THIS AMENDMENT HAVE HAD TWO YEARS, OR MORE, TO CORRECT THE INEFFICIENCIES AND CONGESTION IN BOTH THE SUPERIOR AND DISTRICT COURTS

Two years ago these same lawyer/legislators tried to shift the burden of the Superior Courts to the District Courts by removing equity from the Superior Court, and it failed. This time they think by adding equity to the District Court it will reduce the congestion. It won't! It will make both courts more congested, and thereby justify their *adding* of more courts! Both courts are overcrowded now! We suggested then to have equity in both courts and to work with them for

The effect of House Joint Resolution 4201, if approved into law:

The effect of approving this measure would be to amend the Constitution to provide that district courts may exercise equity powers to the same extent as superior courts. The proposed amendment would allow either a superior court or a district court, for instance, to issue an injunction or to specifically require a contract to be performed. The amendment would not change the current system allowing appeals from judgments entered by superior courts or district courts.

complete reform of the judiciary and the courts. They did neither! Now the case overload in District Court today is causing more court congestion, and inefficiency than we had two years ago. They certainly don't need more burden from the Superior Court!

COURT REFORM IS NEEDED NOW, NOT MORE COURTS, OR MONEY, OR AMENDING OF THE CONSTITUTION

For most efficient use of the courts remove family law and child custody to family counseling and have all Superior Courts open from 8AM to 5PM, five days a week.

HJR 4201 is a bad idea. Vote No!
For more information call (206) 938-0234.

Rebuttal of Statement for

Yes, we need judicial reform but putting equity in our overloaded District Court will not make it more efficient or less congested!

Our overburdened and inefficient courts: the legislature should study the proposal of removing Family-law (divorce, child custody etc.) from adversarial proceedings. This would eliminate more than half of the Superior Courts overload, hence no need to transfer cases to the overloaded District Court (or no need for more courts).

COMPLETE TEXT OF Initiative Measure 593

AN ACT Relating to persistent offenders; reenacting and amending RCW 9.94A.120 and 9.94A.030; creating new sections; and prescribing penalties.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

NEW SECTION. Sec. 1. FINDINGS AND INTENT. (1) The people of the state of Washington find and declare that:

(a) Community protection from persistent offenders is a priority for any civilized society.

(b) Nearly fifty percent of the criminals convicted in Washington state have active prior criminal histories.

(c) Punishments for criminal offenses should be proportionate to both the seriousness of the crime and the prior criminal history.

(d) The public has the right and the responsibility to determine when to impose a life sentence.

(2) By sentencing three-time, most serious offenders to prison for life without the possibility of parole, the people intend to:

(a) Improve public safety by placing the most dangerous criminals in prison.

(b) Reduce the number of serious, repeat offenders by tougher sentencing.

(c) Set proper and simplified sentencing practices that both the victims and persistent offenders can understand.

(d) Restore public trust in our criminal justice system by directly involving the people in the process.

Sec. 2. RCW 9.94A.120 and 1992 c 145 s 7, 1992 c 75 s 2, and 1992 c 45 s 5 are each reenacted and amended to read as follows:

ENFORCEMENT OF MANDATORY MINIMUM SENTENCES. When a person is convicted of a felony, the court shall impose punishment as provided in this section.

(1) Except as authorized in subsections (2), (4), (5), and (7) of this section, the court shall impose a sentence within the sentence range for the offense.

(2) The court may impose a sentence outside the standard sentence range for that offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(3) Whenever a sentence outside the standard range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard range shall be a determinate sentence.

(4) A persistent offender shall be sentenced to a term of

total confinement for life without the possibility of parole or when authorized by RCW 10.95.030 for the crime of aggravated murder in the first degree, sentenced to death, notwithstanding the maximum sentence under any other law. An offender convicted of the crime of murder in the first degree shall be sentenced to a term of total confinement not less than twenty years. An offender convicted of the crime of assault in the first degree or assault of a child in the first degree where the offender used force or means likely to result in death or intended to kill the victim shall be sentenced to a term of total confinement not less than five years. An offender convicted of the crime of rape in the first degree shall be sentenced to a term of total confinement not less than five years ~~(and shall not be eligible for furlough, work release or other authorized leave of absence from the correctional facility during such minimum five-year term except for the purpose of commitment to an inpatient treatment facility))~~. The foregoing minimum terms of total confinement are mandatory and shall not be varied or modified as provided in subsection (2) of this section. In addition, all offenders subject to the provisions of this subsection shall not be eligible for community custody, earned early release time, furlough, home detention, partial confinement, work crew, work release, or any other form of early release as defined under RCW 9.94A.150 (1), (2), (3), (5), (7), or (8), or any other form of authorized leave of absence from the correctional facility while not in the direct custody of a corrections officer or officers during such minimum terms of total confinement except in the case of an offender in need of emergency medical treatment or for the purpose of commitment to an inpatient treatment facility in the case of an offender convicted of the crime of rape in the first degree.

(5) In sentencing a first-time offender the court may waive the imposition of a sentence within the sentence range and impose a sentence which may include up to ninety days of confinement in a facility operated or utilized under contract by the county and a requirement that the offender refrain from committing new offenses. The sentence may also include up to two years of community supervision, which, in addition to crime-related prohibitions, may include requirements that the offender perform any one or more of the following:

(a) Devote time to a specific employment or occupation;

(b) Undergo available outpatient treatment for up to two years, or inpatient treatment not to exceed the standard range of confinement for that offense;

(c) Pursue a prescribed, secular course of study or vocational training;

(d) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;

(e) Report as directed to the court and a community corrections officer; or

(f) Pay all court-ordered legal financial obligations as

provided in RCW 9.94A.030 and/or perform community service work.

(6) If a sentence range has not been established for the defendant's crime, the court shall impose a determinate sentence which may include not more than one year of confinement, community service work, a term of community supervision not to exceed one year, and/or other legal financial obligations. The court may impose a sentence which provides more than one year of confinement if the court finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(7)(a)(i) When an offender is convicted of a sex offense other than a violation of RCW 9A.44.050 or a sex offense that is also a serious violent offense and has no prior convictions for a sex offense or any other felony sex offenses in this or any other state, the sentencing court, on its own motion or the motion of the state or the defendant, may order an examination to determine whether the defendant is amenable to treatment.

The report of the examination shall include at a minimum the following: The defendant's version of the facts and the official version of the facts, the defendant's offense history, an assessment of problems in addition to alleged deviant behaviors, the offender's social and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator's information.

The examiner shall assess and report regarding the defendant's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

- (A) Frequency and type of contact between offender and therapist;
- (B) Specific issues to be addressed in the treatment and description of planned treatment modalities;
- (C) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others;
- (D) Anticipated length of treatment; and
- (E) Recommended crime-related prohibitions.

The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

(ii) After receipt of the reports, the court shall consider whether the offender and the community will benefit from use of this special sexual offender sentencing alternative

and consider the victim's opinion whether the offender should receive a treatment disposition under this subsection. If the court determines that this special sex offender sentencing alternative is appropriate, the court shall then impose a sentence within the sentence range. If this sentence is less than eight years of confinement, the court may suspend the execution of the sentence and impose the following conditions of suspension:

(A) The court shall place the defendant on community supervision for the length of the suspended sentence or three years, whichever is greater; and

(B) The court shall order treatment for any period up to three years in duration. The court in its discretion shall order outpatient sex offender treatment or inpatient sex offender treatment, if available. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The offender shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the community corrections officer, and the court, and shall not change providers without court approval after a hearing if the prosecutor or community corrections officer object to the change. In addition, as conditions of the suspended sentence, the court may impose other sentence conditions including up to six months of confinement, not to exceed the sentence range of confinement for that offense, crime-related prohibitions, and requirements that the offender perform any one or more of the following:

- (I) Devote time to a specific employment or occupation;
- (II) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;
- (III) Report as directed to the court and a community corrections officer;
- (IV) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030, perform community service work, or any combination thereof; or
- (V) Make recoupment to the victim for the cost of any counseling required as a result of the offender's crime.

(iii) The sex offender therapist shall submit quarterly reports on the defendant's progress in treatment to the court and the parties. The report shall reference the treatment plan and include at a minimum the following: Dates of attendance, defendant's compliance with requirements, treatment activities, the defendant's relative progress in treatment, and any other material as specified by the court at sentencing.

(iv) At the time of sentencing, the court shall set a treatment termination hearing for three months prior to the anticipated date for completion of treatment. Prior to the treatment termination hearing, the treatment professional and community corrections officer shall submit written reports to the court and parties regarding the defendant's compliance with treatment and monitoring requirements,

COMPLETE TEXT OF Initiative Measure 593 (cont.)

and recommendations regarding termination from treatment, including proposed community supervision conditions. Either party may request and the court may order another evaluation regarding the advisability of termination from treatment. The defendant shall pay the cost of any additional evaluation ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost. At the treatment termination hearing the court may:

- (A) Modify conditions of community supervision, and either
- (B) terminate treatment, or (C) extend treatment for up to the remaining period of community supervision.

(v) The court may revoke the suspended sentence at any time during the period of community supervision and order execution of the sentence if: (A) The defendant violates the conditions of the suspended sentence, or (B) the court finds that the defendant is failing to make satisfactory progress in treatment. All confinement time served during the period of community supervision shall be credited to the offender if the suspended sentence is revoked.

(vi) Except as provided in (a)(vii) of this subsection, after July 1, 1991, examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW.

(vii) A sex offender therapist who examines or treats a sex offender pursuant to this subsection (7) does not have to be certified by the department of health pursuant to chapter 18.155 RCW if the court finds that: (A) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (B) no certified providers are available for treatment within a reasonable geographical distance of the offender's home; and (C) the evaluation and treatment plan comply with this subsection (7) and the rules adopted by the department of health.

For purposes of this subsection, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a result of the crime charged. "Victim" also means a parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

(b) When an offender is convicted of any felony sex offense committed before July 1, 1987, and is sentenced to a term of confinement of more than one year but less than six years, the sentencing court may, on its own motion or on the motion of the offender or the state, order the offender committed for up to thirty days to the custody of the secretary of social and health services for evaluation and report to the court on the offender's amenability to treatment at these facilities. If the secretary of social and health

services cannot begin the evaluation within thirty days of the court's order of commitment, the offender shall be transferred to the state for confinement pending an opportunity to be evaluated at the appropriate facility. The court shall review the reports and may order that the term of confinement imposed be served in the sexual offender treatment program at the location determined by the secretary of social and health services or the secretary's designee, only if the report indicates that the offender is amenable to the treatment program provided at these facilities. The offender shall be transferred to the state pending placement in the treatment program. Any offender who has escaped from the treatment program shall be referred back to the sentencing court.

If the offender does not comply with the conditions of the treatment program, the secretary of social and health services may refer the matter to the sentencing court. The sentencing court shall commit the offender to the department of corrections to serve the balance of the term of confinement.

If the offender successfully completes the treatment program before the expiration of the term of confinement, the court may convert the balance of confinement to community supervision and may place conditions on the offender including crime-related prohibitions and requirements that the offender perform any one or more of the following:

- (i) Devote time to a specific employment or occupation;
- (ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;
- (iii) Report as directed to the court and a community corrections officer;
- (iv) Undergo available outpatient treatment.

If the offender violates any of the terms of community supervision, the court may order the offender to serve out the balance of the community supervision term in confinement in the custody of the department of corrections.

After June 30, 1993, this subsection (b) shall cease to have effect.

(c) When an offender commits any felony sex offense on or after July 1, 1987, and is sentenced to a term of confinement of more than one year but less than six years, the sentencing court may, on its own motion or on the motion of the offender or the state, request the department of corrections to evaluate whether the offender is amenable to treatment and the department may place the offender in a treatment program within a correctional facility operated by the department.

Except for an offender who has been convicted of a violation of RCW 9A.44.040 or 9A.44.050, if the offender completes the treatment program before the expiration of his or her term of confinement, the department of corrections may request the court to convert the balance of confinement to community supervision and to place con-

ditions on the offender including crime-related prohibitions and requirements that the offender perform any one or more of the following:

- (i) Devote time to a specific employment or occupation;
- (ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;
- (iii) Report as directed to the court and a community corrections officer;
- (iv) Undergo available outpatient treatment.

If the offender violates any of the terms of his or her community supervision, the court may order the offender to serve out the balance of his or her community supervision term in confinement in the custody of the department of corrections.

Nothing in (c) of this subsection shall confer eligibility for such programs for offenders convicted and sentenced for a sex offense committed prior to July 1, 1987. This subsection (c) does not apply to any crime committed after July 1, 1990.

(d) Offenders convicted and sentenced for a sex offense committed prior to July 1, 1987, may, subject to available funds, request an evaluation by the department of corrections to determine whether they are amenable to treatment. If the offender is determined to be amenable to treatment, the offender may request placement in a treatment program within a correctional facility operated by the department. Placement in such treatment program is subject to available funds.

(8)(a) When a court sentences a person to a term of total confinement to the custody of the department of corrections for an offense categorized as a sex offense or a serious violent offense committed after July 1, 1988, but before July 1, 1990, assault in the second degree, assault of a child in the second degree, any crime against a person where it is determined in accordance with RCW 9.94A.125 that the defendant or an accomplice was armed with a deadly weapon at the time of commission, or any felony offense under chapter 69.50 or 69.52 RCW, committed on or after July 1, 1988, the court shall in addition to the other terms of the sentence, sentence the offender to a one-year term of community placement beginning either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.150 (1) and (2). When the court sentences an offender under this subsection to the statutory maximum period of confinement then the community placement portion of the sentence shall consist entirely of such community custody to which the offender

may become eligible, in accordance with RCW 9.94A.150 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence.

(b) When a court sentences a person to a term of total confinement to the custody of the department of corrections for an offense categorized as a sex offense or serious violent offense committed on or after July 1, 1990, the court shall in addition to other terms of the sentence, sentence the offender to community placement for two years or up to the period of earned early release awarded pursuant to RCW 9.94A.150 (1) and (2), whichever is longer. The community placement shall begin either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.150 (1) and (2). When the court sentences an offender under this subsection to the statutory maximum period of confinement then the community placement portion of the sentence shall consist entirely of the community custody to which the offender may become eligible, in accordance with RCW 9.94A.150 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence. Unless a condition is waived by the court, the terms of community placement for offenders sentenced pursuant to this section shall include the following conditions:

- (i) The offender shall report to and be available for contact with the assigned community corrections officer as directed;
- (ii) The offender shall work at department of corrections-approved education, employment, and/or community service;
- (iii) The offender shall not consume controlled substances except pursuant to lawfully issued prescriptions;
- (iv) An offender in community custody shall not unlawfully possess controlled substances;
- (v) The offender shall pay supervision fees as determined by the department of corrections; and
- (vi) The residence location and living arrangements are subject to the prior approval of the department of corrections during the period of community placement.

(c) The court may also order any of the following special conditions:

- (i) The offender shall remain within, or outside of, a specified geographical boundary;
- (ii) The offender shall not have direct or indirect contact with the victim of the crime or a specified class of individuals;
- (iii) The offender shall participate in crime-related treatment or counseling services;
- (iv) The offender shall not consume alcohol; or
- (v) The offender shall comply with any crime-related prohibitions.

(d) Prior to transfer to, or during, community placement, any conditions of community placement may be removed or modified so as not to be more restrictive by the sentencing

court, upon recommendation of the department of corrections.

(9) If the court imposes a sentence requiring confinement of thirty days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than thirty days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.

(10) If a sentence imposed includes payment of a legal financial obligation, the sentence shall specify the total amount of the legal financial obligation owed, and shall require the offender to pay a specified monthly sum toward that legal financial obligation. Restitution to victims shall be paid prior to any other payments of monetary obligations. Any legal financial obligation that is imposed by the court may be collected by the department, which shall deliver the amount paid to the county clerk for credit. The offender's compliance with payment of legal financial obligations shall be supervised by the department. All monetary payments ordered shall be paid no later than ten years after the last date of release from confinement pursuant to a felony conviction or the date the sentence was entered. Independent of the department, the party or entity to whom the legal financial obligation is owed shall have the authority to utilize any other remedies available to the party or entity to collect the legal financial obligation. Nothing in this section makes the department, the state, or any of its employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations. If an order includes restitution as one of the monetary assessments, the county clerk shall make disbursements to victims named in the order.

(11) Except as provided under RCW 9.94A.140(1) and 9.94A.142(1), a court may not impose a sentence providing for a term of confinement or community supervision or community placement which exceeds the statutory maximum for the crime as provided in chapter 9A.20 RCW.

(12) All offenders sentenced to terms involving community supervision, community service, community placement, or legal financial obligation shall be under the supervision of the secretary of the department of corrections or such person as the secretary may designate and shall follow explicitly the instructions of the secretary including reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, notifying the community corrections officer of any change in the offender's address or employment, and paying the supervision fee assessment.

(13) All offenders sentenced to terms involving community

supervision, community service, or community placement under the supervision of the department of corrections shall not own, use, or possess firearms or ammunition. Offenders who own, use, or are found to be in actual or constructive possession of firearms or ammunition shall be subject to the appropriate violation process and sanctions. "Constructive possession" as used in this subsection means the power and intent to control the firearm or ammunition. "Firearm" as used in this subsection means a weapon or device from which a projectile may be fired by an explosive such as gunpowder.

(14) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.

(15) A departure from the standards in RCW 9.94A.400 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in subsections (2) and (3) of this section, and may be appealed by the defendant or the state as set forth in RCW 9.94A.210 (2) through (6).

(16) The court shall order restitution whenever the offender is convicted of a felony that results in injury to any person or damage to or loss of property, whether the offender is sentenced to confinement or placed under community supervision, unless extraordinary circumstances exist that make restitution inappropriate in the court's judgment. The court shall set forth the extraordinary circumstances in the record if it does not order restitution.

(17) As a part of any sentence, the court may impose and enforce an order that relates directly to the circumstances of the crime for which the offender has been convicted, prohibiting the offender from having any contact with other specified individuals or a specific class of individuals for a period not to exceed the maximum allowable sentence for the crime, regardless of the expiration of the offender's term of community supervision or community placement.

(18) In any sentence of partial confinement, the court may require the defendant to serve the partial confinement in work release, in a program of home detention, on work crew, or in a combined program of work crew and home detention.

(19) All court-ordered legal financial obligations collected by the department and remitted to the county clerk shall be credited and paid where restitution is ordered. Restitution shall be paid prior to any other payments of monetary obligations.

Sec. 3. RCW 9.94A.030 and 1992 c 145 s 6 and 1992 c 75 s 1 are each reenacted and amended to read as follows:

DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.

(6) "Community service" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(7) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed by a court pursuant to this chapter or RCW 46.61.524. For first-time offenders, the supervision may include crime-related prohibitions and other conditions imposed pursuant to RCW 9.94A.120(5). General notice of these sanctions and the conditions under which they may be imposed may, but need not, be given in correctional facilities maintained by state or local agencies. This section is enacted to provide authority, but not requirement, for the giving of such notice in every conceivable way without incurring liability to offenders or third parties.

NEW SECTION. Sec. 5. GOVERNOR'S POWERS. (1) Nothing in this act shall ever be interpreted or construed as to reduce or eliminate the power of the governor to grant a pardon or clemency to any offender on an individual case-by-case basis. However, the people recommend that any offender subject to total confinement for life without the possibility of parole not be considered for release until the offender has reached the age of at least sixty years old and has been judged to be no longer a threat to society. The people further recommend that sex offenders be held to the utmost scrutiny under this subsection regardless of age.

(2) Nothing in this section shall ever be interpreted or construed to grant any release for the purpose of reducing prison overcrowding. Furthermore, the governor shall provide twice yearly reports on the activities and progress of offenders subject to total confinement for life without the possibility of parole who are released through executive action during his or her tenure. These reports shall continue for not less than ten years after the release of the offender or upon the death of the released offender.

NEW SECTION. Sec. 6. SEVERABILITY. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

COMPLETE TEXT OF Initiative Measure 601

AN ACT Relating to greater governmental fiscal responsibility through limitations on expenditures and taxation; amending RCW 43.135.010, 43.135.060, and 43.84.092; adding new sections to chapter 43.135 RCW; adding a new section to chapter 43.88 RCW; creating a new section; repealing RCW 43.88.520, 43.88.525, 43.88.530, 43.88.535, 43.88.540, 43.135.020, 43.135.030, 43.135.040, 43.135.050, 43.135.070, 43.135.900, and 43.135.901; providing an effective date; and declaring an emergency.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

Sec. 1. RCW 43.135.010 and 1980 c 1 s 1 are each amended to read as follows:

The people of the state of Washington hereby find and declare:

(1) The continuing increases in our state tax burden and the corresponding growth of state government is contrary to the interest of the people of the state of Washington.

(2) It is necessary to limit the rate of growth of state government while assuring adequate funding of essential services, including basic education as defined by the legislature.

(3) The current budgetary system in the state of Washington lacks stability. The system encourages crisis budgeting and results in cutbacks during lean years and overspending during surplus years.

(4) It is therefore the intent of this chapter to:

(a) Establish a limit ((which)) on state expenditures that will assure that the growth rate of state ((tax revenue)) expenditures does not exceed the growth rate of inflation and state ((personal income)) population;

(b) Assure that local governments are provided funds adequate to render those services deemed essential by their citizens;

(c) Assure that the state does not impose((, on any taxing district,)) responsibility on local governments for new programs or increased levels of service under existing programs unless the costs thereof are paid by the state;

(d) Provide for adjustment of the limit when costs of a program are transferred between the state and another political entity; ((and))

(e) Establish a procedure for exceeding this limit in emergency situations;

(f) Provide for voter approval of tax increases; and

(g) Avoid overfunding and underfunding state programs by providing stability, consistency, and long-range planning.

NEW SECTION. Sec. 2. (1) The state shall not expend from the general fund during any fiscal year state moneys in excess of the state expenditure limit established under this chapter.

(2) Except pursuant to a declaration of emergency under section 4 of this act or pursuant to an appropriation under section 3(4)(b) of this act, the state treasurer shall not issue or redeem any check, warrant, or voucher that will result in a state general fund expenditure for any fiscal year in excess of the state expenditure limit established under this chapter. A violation of this subsection constitutes a violation of RCW 43.88.290 and shall subject the state treasurer to the penalties provided in RCW 43.88.300.

(3) The state expenditure limit for any fiscal year shall be the previous fiscal year's state expenditure limit increased by a percentage rate that equals the fiscal growth factor.

(4) For purposes of computing the state expenditure limit for the fiscal year beginning July 1, 1995, the phrase "the previous fiscal year's state expenditure limit" means the total state expenditures from the state general fund, not including federal funds, for the fiscal year beginning July 1, 1989, plus the fiscal growth factor. This calculation is then computed for the state expenditure limit for fiscal years 1992, 1993, 1994, and 1995, and as required under section 4(4) of this act.

(5) Each November, the office of financial management shall adjust the expenditure limit for the preceding fiscal year based on actual expenditures and known changes in the fiscal growth factor and then project an expenditure limit for the next two fiscal years. The office of financial management shall notify the legislative fiscal committees of all adjustments to the state expenditure limit and projections of future expenditure limits.

(6) "Fiscal growth factor" means the average of the sum of inflation and population change for each of the prior three fiscal years.

(7) "Inflation" means the percentage change in the implicit price deflator for the United States for each fiscal year as published by the federal bureau of labor statistics.

(8) "Population change" means the percentage change in state population for each fiscal year as reported by the office of financial management.

NEW SECTION. Sec. 3. (1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall deposit in the emergency reserve fund all general fund—state revenues in excess of the state expenditure limit for that fiscal year. Deposits shall be made at the end of each fiscal quarter based on projections of state revenues and the state expenditure limit.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expen-

COMPLETE TEXT OF Initiative Measure 601 (cont.)

ditures to exceed the state expenditure limit under this chapter.

(3) The emergency reserve fund balance shall not exceed five percent of biennial general fund—state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer to the education construction fund hereby created in the treasury.

(4)(a) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

NEW SECTION. Sec. 4. (1) After July 1, 1995, any action or combination of actions by the legislature that raises state revenue or requires revenue-neutral tax shifts may be taken only if approved by a two-thirds vote of each house, and then only if state expenditures in any fiscal year, including the new revenue, will not exceed the state expenditure limits established under this chapter.

(2)(a) If the legislative action under subsection (1) of this section will result in expenditures in excess of the state expenditure limit, then the action of the legislature shall not take effect until approved by a vote of the people at a November general election. The office of financial management shall adjust the state expenditure limit by the amount of additional revenue approved by the voters under this section. This adjustment shall not exceed the amount of revenue generated by the legislative action during the first full fiscal year in which it is in effect. The state expenditure limit shall be adjusted downward upon expiration or repeal of the legislative action.

(b) The ballot title for any vote of the people required under this section shall be substantially as follows:

"Shall taxes be imposed on in order to allow a spending increase above last year's authorized spending adjusted for inflation and population increases?"

(3)(a) The state expenditure limit may be exceeded upon declaration of an emergency for a period not to exceed twenty-four months by a law approved by a two-thirds vote

of each house of the legislature and signed by the governor. The law shall set forth the nature of the emergency, which is limited to natural disasters that require immediate government action to alleviate human suffering and provide humanitarian assistance. The state expenditure limit may be exceeded for no more than twenty-four months following the declaration of the emergency and only for the purposes contained in the emergency declaration.

(b) Additional taxes required for an emergency under this section may be imposed only until thirty days following the next general election, unless an extension is approved at that general election. The additional taxes shall expire upon expiration of the declaration of emergency. The legislature shall not impose additional taxes for emergency purposes under this subsection unless funds in the education construction fund have been exhausted.

(c) The state or any political subdivision of the state shall not impose any tax on intangible property listed in RCW 84.36.070 as that statute exists on January 1, 1993.

(4) If the cost of any state program or function is shifted from the state general fund on or after January 1, 1993, to another source of funding, or if moneys are transferred from the state general fund to another fund or account, the office of financial management shall lower the state expenditure limit to reflect the shift.

Sec. 5. RCW 43.135.060 and 1990 2nd ex.s. c 1 s 601 are each amended to read as follows:

(1) After July 1, 1995, the legislature shall not impose responsibility for new programs or increased levels of service under existing programs on any ((taxing district)) political subdivision of the state unless the ((districts are reimbursed for the costs thereof by the state.

~~((2)) The amount of increased local revenue and state appropriations and distributions that are received or could be received by a taxing district as a result of legislative enactments after 1979 shall be included as reimbursement under this section. This subsection does not affect litigation pending on January 1, 1990.~~

~~((3)) subdivision is fully reimbursed by specific appropriation by the state for the costs of the new programs or increases in service levels.~~

(2) If by order of any court, or legislative enactment, the costs of a federal or ((taxing district)) local government program are transferred to or from the state, the otherwise applicable state ((tax revenue)) expenditure limit shall be increased or decreased, as the case may be, by the dollar amount of the costs of the program.

~~((4))~~ (3) The legislature, in consultation with the office of financial management or its successor agency, shall determine the costs of any new programs or increased levels of service under existing programs imposed on any ((taxing district)) political subdivision or transferred to or from the state.

~~((5))~~ (4) Subsection (1) of this section does not apply to

COMPLETE TEXT OF Initiative Measure 602

AN ACT Relating to limitations on state revenues; amending RCW 43.135.060 and 43.84.092; adding new sections to chapter 43.135 RCW; adding a new section to chapter 82.33 RCW; adding a new section to chapter 43.88 RCW; creating new sections; repealing RCW 43.88.520, 43.88.525, 43.88.530, 43.88.535, 43.88.540, 43.135.010, 43.135.020, 43.135.030, 43.135.040, 43.135.050, 43.135.070, 43.135.900, and 43.135.901; and declaring an emergency.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

NEW SECTION. Sec. 1. FINDINGS AND DECLARATIONS. The people of the state of Washington declare that:

(1) The continued growth in the burden of tax levies and other revenue generating assessments imposed on the citizens and businesses of the state of Washington and the corresponding growth in state government is contrary to the interests of the people of the state of Washington.

(2) It is necessary to reaffirm the people's will to limit the rate of growth of state government while assuring adequate funding of essential services, including basic education as required by Article IX, section 1 of the state Constitution.

(3) During periods of severe economic downturns or fiscal emergencies, receipts of state revenue collections may decline below the state revenue collection limit established in this chapter and, therefore, it is necessary and vital for the state of Washington to maintain an adequate reserve of state revenue collections to provide a resource for the stable financing of essential state services during such periods.

(4) A state tax limitation was passed by a vote of the people at the November 6, 1979, state general election. However, because of a high base calculation, that state tax limitation has not been effective in carrying out the intent of the people to limit revenues and the growth of state government.

NEW SECTION. Sec. 2. INTENT. It is the intent of the people of the state of Washington to:

(1) Establish a limitation that will assure that the growth rate of state revenue collections does not exceed an established percentage of the economy as represented by total state personal income.

(2) Reaffirm that the state shall not impose upon any political subdivision of the state the responsibility for new programs, programs previously offered by the state, or increased levels of service unless the costs of these programs or services are paid or reimbursed by the state.

COMPLETE TEXT OF Initiative Measure 602 (cont.)

(3) Provide for adjustment of the state revenue collection limit when the costs of a federal, state, or political subdivision program, service, project, facility, or activity are transferred in such a manner that the result is an increase or decrease in state revenue collections.

(4) Establish a responsible and fiscally sound revenue reserve fund for use in severe economic downturns or fiscal emergencies.

(5) Establish procedures for the disposition of amounts collected in excess of this limit.

(6) Establish procedures for use when estimated state revenues collections fall below the state revenue collection limit.

(7) Establish procedures for exceeding this limit in emergency situations.

NEW SECTION. Sec. 3. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter:

COMPLETE TEXT OF Initiative Measure 602 (cont.)

COMPUTATION. Within thirty days after the effective date of this act, the economic and revenue forecast supervisor, as defined in RCW 82.33.010(2), shall compute the limitation factor defined under section 3 of this act. Upon computing the limitation factor, the economic and revenue forecast supervisor shall make and file with the secretary of state, a certificate containing the results of the computation and any amendment or adjustment thereof. Copies of the certificate shall be sent to each elected official of the state and each member of the legislature.

NEW SECTION. Sec. 5. STATE REVENUE COLLECTION LIMIT—CALCULATION. (1) Unless otherwise provided for in this chapter, the state revenue collection limit for the fiscal year beginning July 1, 1993, and for each fiscal year thereafter, shall be the limitation factor multiplied by the total state personal income for the fiscal year for which the limit is being calculated.

(2) To establish the revenue collection limit for the fiscal year beginning July 1, 1993, the economic and revenue forecast supervisor shall use total state personal income as published by the United States department of commerce, bureau of economic analysis, or its successor, and as reported in the November 1992 official economic and revenue forecast prepared under RCW 82.33.020.

(3) To establish the revenue collection limit for the fiscal year beginning July 1, 1994, the economic and revenue forecast supervisor shall use total state personal income as published by the United States department of commerce, bureau of economic analysis, or its successor, and as reported in the November 1993 official economic and revenue forecast prepared under RCW 82.33.020.

(4) For each fiscal year thereafter, the state revenue collection limit shall be established by the economic and revenue forecast supervisor on November 20 of the year immediately preceding the fiscal year for which the limit is being calculated.

NEW SECTION. Sec. 6. REVENUE MEASURES—ESTIMATED STATE REVENUE COLLECTIONS TO BE WITHIN LIMIT. Except as otherwise provided for in this chapter, all state revenue measures from which state revenue collections are derived shall be imposed, levied, or set by law or rule in such a manner that estimated state revenue collections for each fiscal year will not exceed the state revenue collection limit established for the corresponding fiscal year.

NEW SECTION. Sec. 7. EXPENDITURE REQUIREMENTS. (1) The state shall not expend funds derived from

state revenue collections for any fiscal year in excess of the state revenue collection limit established for the corresponding fiscal year.

(2) Except pursuant to an appropriation provided for a declaration of emergency under section 10 of this act, the state treasurer shall not issue or redeem any check, warrant, or voucher from funds derived from state revenue collections that would result in an expenditure for any fiscal year in excess of the state revenue collection limit for the corresponding fiscal year. A violation of this subsection constitutes a violation of RCW 43.88.290.

(3) In addition to the penalties provided in RCW 43.88.300 for a judgment against the state treasurer for violating RCW 43.88.290, the attorney general may take civil action for such violations.

NEW SECTION. Sec. 8. REVENUE RESERVE FUND.

(1) A revenue reserve fund is created in the custody of the state treasurer. Only the state treasurer may transfer moneys to or from the fund as provided in this chapter. On the effective date of this act, all funds currently contained, or on deposit, in the budget stabilization account created under RCW 43.88.525 shall be transferred into the revenue reserve fund.

(2) The state treasurer is authorized to and shall transfer to the revenue reserve fund a sum equal to the amount of any state revenue collections in excess of the state revenue collection limit. Deposits authorized under this subsection shall be made on the last day of each fiscal year based on estimated state revenue collections for that fiscal year.

(3) Upon the completion of any fiscal year for which there is an undesignated fund balance, the state treasurer is hereby authorized to and shall transfer to the revenue reserve fund a sum equal to the amount of any undesignated fund balance.

(4) The state treasurer is authorized to and shall transfer to the revenue reserve fund any other amounts the legislature may from time to time direct to be deposited or transferred into the fund.

(5) The balance of the revenue reserve fund at the end of a fiscal year shall not exceed two and one-half percent of the immediately preceding fiscal year's state revenue collection limit. Any amount in excess of this two and one-half percent limit shall be transferred by the state treasurer to the general obligation debt reduction account.

NEW SECTION. Sec. 9. ESTIMATED STATE REVENUE COLLECTIONS BELOW LIMIT—PROCEDURES FOR IMPOSITION OF REVENUE MEASURES. (1) If, at the time the state revenue collection limit is established as required pursuant to section 5 of this act, the estimated state revenue collections for the corresponding fiscal year are projected to be below the state revenue collection limit, the state treasurer shall immediately transfer to the state general fund from amounts available in the revenue reserve

fund a sum equal to the difference between estimated state revenue collections and the state revenue collection limit for use during such fiscal year.

(2) If the procedure required under subsection (1) of this section has been implemented and there remains a difference between the state revenue collection limit and estimated revenue collections, the legislature may, by an affirmative vote of sixty percent of each house, enact revenue measures necessary to generate any sum that is equal to or below the state revenue collection limit less the estimated state revenue collections.

(3) Any revenue measure enacted pursuant to subsection (2) of this section may be imposed, levied, or set by law or rule for a period not to exceed twenty-four months from the effective date of such revenue measure.

NEW SECTION. Sec. 10. WHEN STATE REVENUE COLLECTION LIMIT MAY BE EXCEEDED—CONDITIONS. (1) The state revenue collection limit may be exceeded upon declaration of an emergency by the governor and a law approved by an affirmative vote of seventy-five percent of each house of the legislature. The declaration of emergency shall set forth the circumstances constituting the emergency and the amount of state revenue collections in excess of the applicable state revenue collection limit necessary to meet the emergency.

(2) A declaration of emergency for the purposes of exceeding the state revenue collection limit shall not exceed twenty-four months.

(3) The state revenue collection limit may be exceeded by an amount no greater than that indicated by the governor in his or her emergency declaration.

(4) The amount of state revenue collections authorized under this section in excess of the state revenue collection limit is not subject to the provisions of sections 7(2) and 8(2) of this act.

(5) Revenue measures enacted to meet the costs of an emergency under this section may be imposed, levied, or set by law or rule for a period not to exceed twenty-four months from the effective date of the revenue measures. However, all revenue measures enacted to meet the cost of an emergency under this section shall expire immediately upon the expiration of the declaration of emergency.

NEW SECTION. Sec. 11. STATE REVENUE COLLECTION LIMIT—ADJUSTMENTS. (1) If by order of any court, the costs of a federal, state, or political subdivision program, service, project, facility, or activity are transferred in such a manner that the result is an increase or decrease

in state revenue collections, the limitation factor shall be adjusted and the state revenue collection limit recalculated as provided in this section. The office of financial management shall determine the total dollar amount of any increase or decrease in state revenue collections caused by such a transfer.

(2) For the purpose of this section, "adjusted limitation factor" means the total dollar amount of any such increase or decrease in state revenue collections for the fiscal year in which the increase or decrease is effective divided by the corresponding fiscal year's total state personal income plus or minus the limitation factor or the most recent adjusted limitation factor.

(3) For the fiscal year in which any such increase or decrease is effective and for each fiscal year thereafter, the state revenue collection limit shall be the adjusted limitation factor multiplied by total state personal income for the fiscal year for which the limit is being recalculated or calculated.

(4) For the fiscal year in which any state revenue collections increase or decrease required by subsection (1) of this section become effective, the state revenue collection limit as adjusted in this section shall be recalculated by the economic and revenue forecast supervisor prior to the beginning of that fiscal year. For the fiscal years thereafter, the state revenue collection limit shall be established by the economic and revenue forecast supervisor on November 20 of the year immediately preceding the fiscal year for which the state revenue collection limit is being calculated.

NEW SECTION. Sec. 12. GENERAL OBLIGATION DEBT REDUCTION ACCOUNT. The general obligation debt reduction account is created in the state treasury. (2) The amount of increased local revenue and state appropriations and distributions that are received or could be received by a ((taxing district)) political subdivision of the state as a result of legislative enactments after 1979 shall be included as reimbursement under subsection (1) of this section. This subsection does not affect litigation pending on January 1, 1990.

(3) ~~((If by order of any court, or legislative enactment, the costs of a federal or taxing district program are transferred~~
