# WASHINGTON STATE VOTERS PAMPHLET

State General Election, November 8, 1994

EDITION NO. 9  
PUBLISHED BY THE OFFICE OF THE SECRETARY OF STATE  
& SNOHOMISH COUNTY AUDITOR

# INTRODUCTION TO THE 1994 VOTERS PAMPHLET

During the past year, we have witnessed a number of 50th anniversary commemorations relating to key events of World War II. In keeping with the spirit of these observances, the 1994 Washington State Voters Pamphlet pays tribute to one of the lasting legacies of WWII — absentee voting.

While the state of Washington has provided for absentee voting since the early 1900's, the system really came into widespread use in the 1944 election. Voting by mail was the only option for the hundreds of thousands of U.S. service men and women who were serving their country overseas.

As World War II veterans returned home with the experience of voting by mail, absentee balloting became increasingly popular. The state of Washington pioneered several new methods of mail voting, including the permanent absentee ballot for senior citizens and the disabled, and the special service absentee ballot for members of the military and overseas voters.

Today, Washington is recognized as one of the most progressive states for voting by absentee ballot. Any registered voter may request an absentee ballot up to the day before the election (hospitalized voters may receive an absentee ballot on election day). And recently, the permanent absentee ballot program was extended to all registered voters (an application is available in the back of this pamphlet).

This year, Washington state continues its tradition of making voting as convenient and accessible as possible. Seven counties in our state conducted their September primaries entirely by mail, an approach which is helping to increase voter turnout and reduce election costs.

We applaud voters for making Washington state a leader in promoting citizen participation in voting and elections, especially those who served during World War II and helped popularize absentee voting. We offer those veterans our heartfelt thanks. They gave most of the world renewed freedom.

## DISCLOSURE REQUIREMENTS FOR CONTRIBUTIONS

**Contributions to Candidates and Political Committees:** An individual may not give more than \$500 in the primary election and \$500 in the general election to a candidate for the state legislature. Individuals may only give a candidate for Governor, Lt. Governor and the other statewide executive offices a maximum of \$1,000 in the primary and \$1,000 in the general election. Individuals may give an unlimited amount to a political party, ballot issue committee or other political action committee. During the 21 days before the general election, however, a person may contribute no more than \$5,000 to a local or judicial office candidate, political party or other political committee. Contributions from corporations, unions, businesses, associations and similar organizations are permitted, subject to limits and other restrictions.

**Registration and Reporting by Candidates and Political Committees:** No later than two weeks after an individual becomes a candidate or a political committee is organized, a campaign finance registration statement must be filed with the Public Disclosure Commission (PDC) and the local county elections official. (Committees that form within three weeks of the election must register within three business days.) The candidate or committee treasurer is also required to report periodically the source and amount of campaign contributions over \$25 and to list campaign expenditures. The occupation and employer of individuals giving \$100 or more to a campaign must also be identified.

These reports are open to the public. Copies are available at the PDC Office in Olympia or at the county elections office in the county where the candidate lives. In addition, the campaign financial books and records of a candidate or committee are available for public inspection the last eight days (Monday through Friday) before each election. The campaign registration on file with PDC and the county elections office shows the time and place where the records may be inspected.

**Independent Campaign Expenditures:** Anyone making expenditures totaling \$100 or more in support of or opposition to a state or local candidate or ballot proposition (not including contributions made to a candidate or political committee) must file a report with the Public Disclosure Commission within five days. Forms are available from PDC or the county elections office. Also, all political advertising must identify the person paying for the ad.

**Federal Campaigns:** Contributions to U.S. Senate and House of Representative candidates are regulated by federal law. An individual may contribute a maximum of \$1,000 in the primary election and \$1,000 in the general election to each candidate for senator and representative. Corporations and unions are prohibited from contributing to federal campaigns. Copies of federal campaign finance reports are available from the PDC.

For additional information contact: the Public Disclosure Commission, 711 Capitol Way, Room 403, P.O. Box 40908, Olympia WA 98504-0908, (206) 753-1111; for federal campaigns, the Federal Election Commission, 1-800-424-9530.

## FEDERAL INCOME TAX CREDITS & DEDUCTIONS FOR CONTRIBUTIONS

**Political Contributions Tax Credit:** The Federal Tax Reform Act of 1986 eliminated the personal tax credit previously allowed for political contributions.

As in the past, contributions or gifts made to political parties or candidates may not be deducted as a business expense. In addition, expenses paid or incurred to take part in any political campaign on behalf of a candidate for public office are not deductible as a business expense. Finally, indirect political contributions, such as advertising for a political party or admission to a program with proceeds going to a political party or candidate, may not be deducted as a business expense.

**Presidential Election Campaign Fund Checkoff:** Individuals, however, may make a deductible contribution to the Presidential Election Campaign Fund Checkoff. This fund was established to help pay for presidential election campaigns. \$3 may be taken (\$6 on a joint return) from an individual's taxes to go to a general fund, not for any specific party, to meet the expenses of the 1996 presidential election. The contribution will not increase your tax or reduce your refund.

# THE OFFICE OF PRECINCT COMMITTEE OFFICER

## THE OFFICE OF PRECINCT COMMITTEE OFFICER

In addition to the various state and county offices which will appear upon the general election ballot, most voters will have the opportunity to vote for the office of "precinct committee officer."

### WHO IS ELIGIBLE

State law (RCW 29.42.040) provides that any person who is a registered voter and a member of a major political party may become a candidate for the office of precinct committee officer by filing a declaration of candidacy and paying a \$1 filing fee to the county auditor. Since voters do not register by political party in Washington, a candidate declares himself or herself to be a Democrat or a Republican at the time he or she files for the office. The filing period for the office of precinct committee officer begins at the same time as the filing period for other partisan offices (the fourth Monday in July in even-numbered years), and lasts for three weeks, ending on the third Friday following that date.

### ELECTION OF PRECINCT COMMITTEE OFFICER

Candidates for precinct committee officer do not appear on the primary ballot but rather are placed directly on the general election ballot, and the candidate receiving the most votes in his or her precinct for each political party is declared elected. State law (RCW 29.42.050) does provide, however, that to be declared elected, a candidate must receive at least 10% of the number of votes cast for the candidate of his or her party receiving the greatest number of votes in that precinct.

### TERM OF OFFICE AND VACANCIES

The term of office for anyone elected to the office of precinct committee officer is two years, and commences upon the official canvass of election returns by the county canvassing board. Should a vacancy occur in the office (caused by death, disqualification, resignation, or failure to elect), the usual process is for the chairman of the party central committee to fill the vacancy by appointment. Appointments to fill vacancies cannot be made between the state general election and the organization meeting of the county central committee, which must be held prior to the second Saturday in January following the election of precinct committee officer.

### DUTIES OF PRECINCT COMMITTEE OFFICER AS MEMBERS OF THE COUNTY AND STATE CENTRAL COMMITTEES

1. Each precinct committee officer is a member of the county central committee. The county central committee has the authority to fill vacancies on the party ticket for partisan county offices and for legislative offices in

districts entirely within that county when no candidate files for such a position or when a candidate or nominee dies or is disqualified leaving no candidate of that party for such an office; they may also nominate persons for appointment to these offices if an incumbent of that party resigns; and finally, elect members to the state central committee.

2. The state central committee has the authority under state law (RCW 29.42.020) to:
  - Call caucuses and conventions.
  - Provide for the election of delegates to national nominating conventions.
  - Fill vacancies on the party ticket for any federal, state or legislative office which encompasses more than one county.
  - Nominate persons to fill vacancies caused by resignation or death of an incumbent of that party in state offices and legislative offices in districts which encompass more than one county.
  - Provide for the nomination of presidential electors.
  - Perform other functions inherent in such an organization.

### NON-STATUTORY DUTIES AND RESPONSIBILITIES OF PRECINCT COMMITTEE OFFICER

Specific duties and responsibilities of a precinct committee officer are usually determined by either the county or state central committees. The following duties are commonly assigned to precinct committee officers by their party organization:

- Keep informed on current issues and candidates, study the party platform.
- Attend meetings of county committees and actively participate in fund-raising activities.
- Obtain lists of registered voters from the County Auditor's office.
- Canvass the precinct and become acquainted with the voters residing therein.
- Establish a record of eligible voters and party members within the precinct.
- Encourage voter registration within the precinct.
- Distribute party election materials during election campaigns.
- Recommend party members to work as precinct election officers.
- Encourage voters to get out and vote on election day.
- Encourage the use of absentee ballots.
- Hold precinct caucuses at certain selected times for the purpose of adopting resolutions and selecting delegates to the county conventions.

Individuals who are interested in serving as a precinct committee officer should contact the chairman of the county central committee of their party or the state committee office of that party.

# INITIATIVE MEASURE 607

TO THE PEOPLE

**Note:** The ballot title and explanatory statement were written by the Attorney General as required by law. The complete text of Initiative Measure 607 begins on page 10.

## Statement for

Initiative 607 closely resembles measures that have passed in Washington's surrounding states. Since 1979 in Oregon, 1982 in Idaho, and 1984 in Montana denturism has proven to be an *effective, safe and affordable* option for denture patients. Canada has recognized the profession of denturism for over 30 years. These states and countries have proven that a denturist is a competent and reliable alternative to a dentist for the provision of dentures.

In 1987 the State Health Coordinating Council under the Department of Social and Health Services found that denturists posed no threat to the public's health and that legislation on denturism should be enacted. Endorsers of Initiative 607 include AARP, Washington State Retired Teachers Association, Retired Public Employees, Washington State Labor Council and Citizens for Health.

Denturists are more than laboratory technicians. Initiative 607 does not include a "grandfather clause" and it calls for individuals who wish to become licensed Washington denturists to pass a written and practical board certified exam. This exam covers college level course topics such as: microbiology, oral pathology and partial denture construction and design. Licensed denturists will be highly qualified denture health care providers.

Finally, the field of denturism has proven to lower the costs of dentures due to increased competition in the provision of dentures to the general public. Initiative 607 simply provides the citizens of Washington the **FREEDOM OF CHOICE** for their denture care. Upon passage of Initiative 607 Washingtonians will finally receive the same options that their neighbors have received for decades.

## Official Ballot Title:

Shall persons other than dentists be licensed to make and sell dentures to the public, as regulated by a new state board of denture technology?

## Rebuttal of Statement against

Millions of dollars have been donated by special interest groups to Washington's elected officials over the last 15 years in an attempt to restrict the legislature's ability to pass this issue. Democrats and Republicans have never had the chance to say **YES** or **NO** to I-607. Citizens for Affordable Denture Care consists of **hundreds of thousands** of Washingtonians who have already said **YES** to I-607's **Freedom of Choice**.

Now, **YOU** have the opportunity to choose.

### Voters Pamphlet Statement Prepared by:

VALLAN CHARRON, Chairman, Citizens for Affordable Denture Care; HAROLD MOSS, Mayor of Tacoma; KURT ROEHL, member of Washington Denturist Association.

Advisory Committee: ALEXANDER G. SCHAUSS, Ph.D., Executive Director, Citizens for Health; JOHN J. DEMANOVICH, President, Retired Public Employees of Washington; MAX ROFFMAN, Board of Directors, Puget Sound Council of Senior Citizens; MARTHA KEMP, President, Washington State Retired Teachers Association; LARS HENNUM, President, Washington State Council of Senior Citizens.

## The law as it now exists:

Current law defines the furnishing or fitting of dentures (sometimes called "false teeth") as an element of the practice of dentistry. No person may legally prescribe or furnish dentures to a patient except a licensed dentist, or a person working under the direct supervision of a licensed dentist. "Denturists" are not currently licensed in the State of Washington.

## Statement against

**PROTECT SENIOR CITIZENS AND OTHER DENTAL PATIENTS - VOTE NO ON I-607**

**VOTE NO ON I-607 TO PROTECT PUBLIC HEALTH.**

This initiative is a threat to public health. Obtaining dentures is not like having a pair of shoes fitted at the local mall or buying magnifying eyeglasses at the drug store. Providing partials (removable bridges attached to natural teeth) and dentures (false teeth) is a complex health care service and is part of overall dental care requiring the expertise of your dentist.

**VOTE NO ON I-607 TO MAINTAIN OUR HIGH DENTAL STANDARDS.**

A few dental lab technicians can acquire a quick license through a loophole hidden in the fine print of I-607. These technicians have no formal training in hands-on patient care. Senior citizens and others could place their oral health in the hands of unqualified technicians without the training to recognize unhealthy conditions. An ill-fitting denture or bridge destroys bone and teeth. Health care is too serious to "let the buyer beware!"

**VOTE NO ON I-607 TO SAY THAT ILLEGAL PAID SIGNATURE GATHERING IS WRONG.**

I-607 is backed by a small group who paid \$200,000 to manipulate the process by collecting signatures illegally. These few technicians who would gain a quick license have lobbied the legislature for years and both Democrats and

## The effect of Initiative Measure 607, if approved into law:

This measure would allow a new category of persons, licensed as "denturists," to examine patients and make and fit dentures. The measure creates a state board of dental technology, which would establish standards for the practice of denturism, administer tests and examinations, issue and renew licenses for qualifying denturists, and have authority to discipline denturists who violate professional standards. A denturist could supply dentures directly to patients without the supervision or involvement of a dentist. However, denturists and dentists would be free to practice together if they wished, and dentists would still be permitted to furnish dentures as a part of their practice.

Republicans have said "NO!" I-607 lacks public support. It only benefits the few technicians who paid to get this initiative on the ballot.

**Vote for Good Oral Health**

**Vote Against Manipulation**

**Vote NO on I-607**

## Rebuttal of Statement for

Forty-five states prohibit denturism, forty-nine prohibit fitting partial dentures.

The "grandfather clause" **will** allow the I-607 sponsors to become licensed **without** attending an accredited school (**see section 10.1-3 and 18.3**).

I-607 **does not** require sanitation controls to protect against infectious diseases.

I-607 is **not** an economic issue. Dentures and partials represent **less than one-half of one percent** of dentists' insurance claims.

I-607 is radical health care deregulation opposed by the **Gray Panthers**.

# REFERENDUM BILL 43

## CHAPTER 7, LAWS OF 1994, 1ST SPECIAL SESSION

**Note:** The explanatory statement was written by the Attorney General as required by law. The ballot title was submitted as part of Referendum Bill 43. The complete text of Referendum Bill 43 begins on page 15.

### Vote cast by the 1994 Legislature on final passage:

House: Yeas, 51; Nays, 43; Absent, 0; Excused, 4.  
Senate: Yeas, 26; Nays, 20; Absent, 0; Excused, 3.

## Statement for

### GET TOUGH, BE SMART

Referendum 43 funds a comprehensive attack on drugs and violent crime.

It continues funding for important and proven efforts to prevent drug abuse and prosecute drug crimes:

- Prosecutors to go after drug dealers;
- School security personnel to protect our children;
- Alcohol and drug testing for criminals on parole;
- Intervention, treatment and prevention programs for youth and troubled families.

It pays for new steps to fight violent crime by young people:

- Tougher sentences for violent youth;
- Tougher sentences for drive-by shootings;
- Tougher sentences for crimes involving guns;
- Prosecution and sentencing of serious juvenile offenders as adults.

We need to be tough and smart to fight drugs and violence. Referendum 43 is a tough, smart strategy.

### GIVING PARENTS, COMMUNITIES A VOICE

Parents, working with their neighbors and community leaders, will choose which strategies to fund in their local communities. But efforts will have to show results or lose their funding, so taxpayers won't keep paying for programs that don't work.

### NO NEW TAXES

These efforts are funded by cigarette, alcohol, and pop syrup taxes, most of which have been in place since 1989. There are **no new taxes** in Referendum 43, though it increases the tax on cigarettes and greatly reduces the tax on pop. Alcohol taxes stay the same.

## Official Ballot Title:

Shall taxes on sales of cigarettes, liquor, and pop syrup be extended to fund violence reduction and drug enforcement programs?

## The law as it now exists:

The 1993 legislature enacted temporary additional taxes on the sale of wine, beer, spirits, and cigarettes, and provided that the revenues from these taxes would be used to pay for drug enforcement and educational programs.

## BACKING UP TOUGH TALK

Initiative 601 requires your approval to continue funding for these important, proven efforts. Without your "Yes" vote, the dedicated funding for these efforts will disappear.

A "Yes" vote says keep up the fight against drugs and violence in our communities — and fight even harder.

Vote "Yes" on Referendum 43.

For more information, call (206) 627-4343.

## Rebuttal of Statement against

Referendum 43 has *no new taxes*. It continues funding for crime fighting actions working since 1989. Referendum 43 is about strengthening the front-line fight for safer schools and neighborhoods. Funding, mostly from cigarettes, goes *only* to fight drugs and crime with proven steps like DARE, tougher sentences for violent juveniles and special drug crime prosecutors. Police, prosecutors and parents support Referendum 43 because it's vital to our future. Vote "YES" to combat drugs and violence.

### Voters Pamphlet Statement Prepared by:

MARLIN APPELWICK, State Representative; MARCUS GASPARD, State Senator; BRIAN EBERSOLE, Speaker, State House of Representatives.

Advisory Committee: PAMEAKES, Chair, Mothers Against Violence in America; REV. DR. SAMUEL B. MCKINNEY, Senior Pastor, Mount Zion Baptist Church; NORM MALENG, King County Prosecutor; JOHN A. MOYER, M.D., State Senator; MIKE PATRICK, Executive Director, Washington State Council of Police Officers.

These taxes are scheduled to expire on July 1, 1995. In addition, the 1991 legislature imposed a tax on the sale of carbonated beverages and syrup, with the revenue also to be placed in the drug enforcement and education fund.

## The effect of Referendum Bill 43, if approved into law:

This referendum is on the tax portions of E2SHB 2319, entitled "an act relating to violence prevention." The bill contains a number of provisions, including: planning for public health services improvements, community health and safety networks, revising firearm-related crimes and sentencing, revising the laws on licenses to carry firearms, authorizing local governments to enact curfew ordinances and other public safety laws, violence-reduction programs in the schools, and measures to reduce the effects of violence on television. To pay for these new programs, the bill would indefinitely extend the 1993 taxes on sale of wine, beer, and spirits, and would extend the cigarette sales tax

while increasing it from one and one half mills to five and one-fourth mills per cigarette. The 1991 carbonated beverage tax would be revised to one dollar per gallon on the sale of syrup for use in carbonated beverages. All these taxes would be placed in a violence reduction and drug enforcement account. This referendum is on the tax portions of the bill, and would not directly affect the remainder. However, the bill provides that certain sections relating to enhanced sentences for crime will automatically expire on July 1, 1995, if the voters reject this referendum. There are other taxes on the sale of liquor and cigarettes which would not be affected by this referendum.

**NOTE:** As indicated in the explanatory statement by the Attorney General the amendments made in certain sections of Chapter 7, Laws of 1994, 1st Special Session, (the Youth Violence Bill) will expire on July 1, 1995, if the referendum is not approved by the voters. A copy of those sections can be obtained by calling the Voter Hotline at 1-800-448-4881.

## Statement against

### REFERENDUM 43: VOTE YES AND YOU'RE THE VICTIM.

It's bad enough that Washington citizens live in fear of being victimized by violent criminals. But voting for Referendum 43 will make taxpayers victims *again* — victims of those in Olympia who spent \$16 billion for bigger government, and now want to raise your taxes \$114 million for public safety.

Vote NO on Referendum 43 and tell Olympia to fund anti-crime efforts *first* and bureaucracy *last*.

### \$1 IN PUBLIC SAFETY FOR EVERY \$3 IN SOCIAL PROGRAMS.

Referendum 43 will raise taxes \$114 million. But for every dollar the Youth Violence Prevention Act would spend on public safety, it would spend \$3 for the kinds of government programs that have allowed the number of violent crimes to jump 93% in less than 18 years.

### PUBLIC SAFETY NEEDS PRIORITY SPENDING AND ACCOUNTABILITY, NOT HIGHER TAXES.

Think we need new taxes to cover a huge prison budget? Think again.

Prison costs are just 2.5% of the state budget. And while millions of our tax dollars are still being spent on state travel, retreats, office furnishings and equipment, a brand-new prison sits empty near Spokane because the Legislature wouldn't provide \$7 million from the state's \$337 million savings account to open the doors.

New taxes will reward big-spending bureaucracy with more money to spend, without significantly reducing crime.

### VOTE NO AND FORCE LAWMAKERS TO FUND PUBLIC SAFETY FIRST.

A vote *against* Referendum 43 will give lawmakers 9 months to revise the law and make public safety a top budget priority. We *can* get violent criminals off our streets without new taxes. Vote *no* and force legislators to reduce wasteful spending and put the savings into community law enforcement, public protection and more jails for criminals.

## Rebuttal of Statement for

Tax-increase supporters say, "Referendum 43 has no new taxes." But we'll pay millions more in taxes if Referendum 43 is approved — taxes we don't need.

Criminal justice funding will NOT automatically disappear if you vote "No." Legislators have a year — and enough money — to fund public safety programs with *existing revenues*.

Please vote "No" on Referendum 43. Tell lawmakers to make our safety top priority, and pay for public safety *first* — without new taxes.

## COMPLETE TEXT OF Initiative Measure 607

AN ACT Relating to denturism; amending RCW 18.120.020 and 18.130.040; adding a new section to chapter 48.20 RCW; adding a new section to chapter 48.21 RCW; adding a new section to chapter 48.43 RCW; adding a new section to chapter 48.44 RCW; adding a new section to chapter 48.46 RCW; adding a new chapter to Title 18 RCW; and creating a new section.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

**NEW SECTION. Sec. 1.** The state of Washington finds that to realize the state's current statutory policy of regulating health professions at the least restrictive level consistent with the public interest, a program of licensure for denturists should be established. The intent of the legislature is to help assure the public's health, provide a mechanism for consumer protection, and offer cost-effective alternatives for denture care services and products to individual consumers and the state.

**NEW SECTION. Sec. 2.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

- (1) "Board" means the state board of denture technology.
- (2) "Denture" means a removable full or partial upper or lower dental appliance to be worn in the mouth to replace missing natural teeth.
- (3) "Denturist" means a person licensed under this chapter to engage in the practice of denturism.
- (4) "Department" means the department of health.
- (5) "Practice of denturism" means:
  - (a) Making, placing, constructing, altering, reproducing, or repairing a denture; and
  - (b) Taking impressions and furnishing or supplying a denture directly to a person or advising the use of a denture, and maintaining a facility for the same.
- (6) "Secretary" means the secretary of health or the secretary's designee.

**NEW SECTION. Sec. 3.** (1) Before making and fitting a denture, a denturist shall examine the patient's oral cavity.

(a) If the examination gives the denturist reasonable cause to believe that there is an abnormality or disease process that requires medical or dental treatment, the denturist shall immediately refer the patient to a dentist or physician. In such cases, the denturist shall take no further action to manufacture or place a denture until the patient has been examined by a dentist or physician and the dentist or physician gives

written clearance that the denture will pose no threat to the patient's health.

(b) If the examination reveals the need for tissue or teeth modification in order to assure proper fit of a full or partial denture, the denturist shall refer the patient to a dentist and assure that the modification has been completed before taking an impression for the completion of the denture.

(2) A denturist who makes or places a denture in a manner not consistent with this section is subject to the sanctions provided in chapter 18.130 RCW, the uniform disciplinary act.

(3) A denturist must successfully complete special training in oral pathology prescribed by the board, whether as part of an approved associate degree program or equivalent training, and pass an examination prescribed by the board, which may be a part of the examination for licensure to become a licensed denturist.

**NEW SECTION. Sec. 4.** No person may represent himself or herself as a licensed denturist or use any title or description of services without applying for licensure, meeting the required qualifications, and being licensed as a denturist by the department, unless otherwise exempted by this chapter.

**NEW SECTION. Sec. 5.** Nothing in this chapter prohibits or restricts:

- (1) The practice of a profession by an individual who is licensed, certified, or registered under other laws of this state and who is performing services within the authorized scope of practice;
- (2) The practice of denturism by an individual employed by the government of the United States while the individual is engaged in the performance of duties prescribed by the laws and regulations of the United States;
- (3) The practice of denturism by students enrolled in a school approved by the department. The performance of services must be pursuant to a course of instruction or an assignment from an instructor and under the supervision of an instructor; or
- (4) Work performed by dental labs and dental technicians under the written prescription of a dentist.

**NEW SECTION. Sec. 6.** (1) The state board of denture technology is created. The board shall consist of seven members appointed by the secretary as follows:

- (a) Four members of the board must be denturists licensed under this chapter, except initial appointees, who must have five years' experience in the field of denturism or a related field.
- (b) Two members shall be selected from persons who are not affiliated with any health care profession or facility, at least one of whom must be over sixty-five years of age representing the elderly.
- (c) One member must be a dentist licensed in the state of Washington.
- (2) The members of the board shall serve for terms of three

## COMPLETE TEXT OF Initiative Measure 607 (cont.)

years. The terms of the initial members shall be staggered, with the members appointed under subsection (1) (a) of this section serving two-year and three-year terms initially and the members appointed under subsection (1) (b) and (c) of this section serving one-year, two-year, and three-year terms initially. Vacancies shall be filled in the same manner as the original appointments are made. Appointments to fill vacancies shall be for the remainder of the unexpired term of the vacant position.

(3) No appointee may serve more than two consecutive terms.

(4) Members of the board shall be reimbursed for travel expenses under RCW 43.03.050 and 43.03.060.

(5) A member of the board may be removed for just cause by the secretary.

## **Ron SIMS Democrat**

**Campaign Address:**  
**Ron Sims for U.S. Senate**  
**233 6th Avenue N.**  
**Seattle, WA 98109**  
**Telephone: (206) 448-7010**

Dear Washingtonian,

Long ago, I asked my father, a Spokane minister, whether I should follow his steps into the ministry or turn to public service. He advised service. Today, after graduating from Central Washington University in Ellensburg, and working for the Washington Attorney General, the Federal Trade Commission, and the Washington State Senate, I am serving my third term on the King County Council. At 46, I am a candidate for the U.S. Senate because I want to fight for hardworking middle class families, for our children, and for seniors.

I have tried to live a life of service in my job, as a husband and father of three, and in my community as a volunteer school tutor, a lay minister for Operation Nightwatch working to help young people get off the streets, as a coach, and as a volunteer hospital chaplain for the terminally ill.

Public safety and fiscal responsibility were my priorities as Chair of the Council's Finance Committee. I added police, pioneered the use of DNA coding and an Automated Fingerprint Identification System, and created a registry of convicted sex predators. I made sure funding for senior services and programs for women and children continued, but by holding the line on spending I created new financial reserves and earned King County one of the nation's top credit ratings.

I have tried to say with my life that our echoing footsteps will create our children's tomorrows. I want to be a Senator whose hands and heart and mind will be there for all of us. Please help me with your vote.

Thank you,  
Ron Sims

*Endorsed By:* The Washington Education Association, Washington Federation of Teachers, Sierra Club, National Organization for Women, International Association of Machinists and Aerospace Workers, and eighteen other organizations representing Washington's working families.

**Slade  
GORTON**  
Republican

A fire burns within me because I know that if I and a few more like-minded people are elected to the U.S. Senate this year we can begin turning things around for a safer and more prosperous Washington state and America.

The direction being set by today's dominant majority in Washington D.C. is wrong. I believe passionately that there is a better way. Their way is toward a more centralized and expensive federal government. Their way takes money and choices away from families and communities. They want to decide 3,000 miles away what is best for us in our neighborhoods, schools and doctors' offices. Their way means less freedom, fewer choices, decreased individual responsibility, more taxes and deficits.

This is your choice: If you want just another Senator who will support the majority that dominates Washington D.C. today, vote for my opponent. But, if you agree with me that there is a better way and you want a voice to balance today's majority — then I would appreciate your vote because mine is a different direction.

My agenda is simple: I work for jobs, personal safety and a clean Washington state.

My faith is not in centralized federal decisions. Instead I believe in the ability of people, families and communities to decide better for themselves. Whether the issue is education, creating jobs, health care, or fighting crime — my faith is in you. My direction is toward empowering you and your family to give you the maximum freedom to make the best choices about your own life and your own future. I work for you.

Do you want one more Senator who thinks like the dominant majority or do you want Slade Gorton — a voice for balance and a different direction?

**Maria  
CANTWELL**  
**Democrat**

Campaign Address:  
Maria Cantwell for Congress  
6524 N.E. 181st Street  
Kenmore, WA 98155  
Telephone: (206) 481-8108

Maria Cantwell has made change in Washington D.C. a reality instead of just another political slogan.

**Fiscal Responsibility.** Cantwell set the standard by slashing her own office budget saving taxpayers over a quarter million dollars. She also voted to cut the budget for Congress and then began to attack wasteful federal spending. She supported \$90 billion more in budget cuts than the President proposed. The independent Roll Call magazine labeled Cantwell one of the most frugal new members of Congress. The bipartisan Concord Coalition, an organization dedicated to deficit reduction, also recognized Cantwell's efforts and gave her its highest rating.

She supports the line-item veto and a balanced budget proposal both designed to bring federal spending under control.

**Effective.** Maria hasn't just focused on budget cutting. She's getting things done for Washington and the 1st District, even if it means opposing the President. Her efforts on behalf of the local software industry will open up billions worth of new markets, keep jobs at home and contribute positively to the balance of trade.

**Leadership.** Maria Cantwell has led the way in representing the needs of her district, and she has demonstrated a responsible approach to other issues important to all of us. Maria is clear in her positions: she is pro-choice; she supports the Brady bill and a ban on assault weapons. She also supports family leave to allow mothers or fathers to take unpaid leave to care for a newborn or sick child without fear of losing their jobs.

Maria Cantwell is just the kind of change we wanted in Congress. These last two years she has proven that she knows how to work hard to represent our interests in Congress.

**Rick  
WHITE**  
**Republican**

Campaign Address:  
Rick White for  
Congress Committee  
P.O. Box 8156  
Kirkland, WA 98034  
Telephone: (206) 823-5948

Rick White is running for Congress because it's time for us to take government back from career politicians.

Rick White has a young family and many reasons *not* to run. But he cares about our country and the issues that are important to us. He wants to truly reform Congress. Maria Cantwell promised change in 1992, but failed to deliver!

Rick White will be a different kind of Representative. He will tell you where he stands and then stick to his principles. Here is how he will represent you: • Rick White will be an independent vote for the people of the First District. The incumbent votes with Bill Clinton more than 80 percent of the time. • Rick White will vote to cut spending first, not raise taxes first. The incumbent cast the deciding vote for Clinton's 1993 tax package, which raised taxes by an average of \$1,487 for every man, woman and child in the First District. • Rick White will vote to cut government waste, starting with Congress. The incumbent voted *against* cutting Congress' budget by five percent, *against* cutting committee spending by 25 percent, and *against* other basic cuts. • Rick White will vote for *real* crime control. The incumbent voted for racial quotas for death-row inmates, sensitivity training for judges, and other misguided social programs that will not stop crime.

Congress is out of control. Incumbents are more concerned about getting re-elected than about helping the people that elected them. Ms. Cantwell is a classic political careerist, who moved to our state to run for office and has never held a job outside politics.

We won't solve the mess in Congress until we start electing a different kind of person to serve us. That's why Rick White decided to run, and that's why he wants your vote.

#### **Harriet A. SPANEL**

**Democrat**

**Campaign Address:**  
Harriet Spanel for Congress  
P.O. Box 1668  
Everett, WA 98206  
Telephone: (206) 258-4039

Harriet Spanel is one of us. As a respected community activist and now Majority Floor Leader in the State Senate, she's devoted more than 25 years to working with and for the people of our district. Harriet listens. She knows our communities and understands our issues.

In Congress, Harriet will fight for tough measures against violence and crime — while working to address the social problems threatening our children and undermining the safety of our communities *and futures*. She knows that local law enforcement must have the resources to fight crime, and penalties for breaking the law must be swift, appropriate and just.

An effective advocate for education and strong supporter of local small businesses, she'll fight for education and training to foster long-term economic benefits *and* international competitiveness, and for continued reduction of the federal deficit; a crucial step in creating a stable economy.

Most importantly, Harriet will work to set budget priorities that protect the economic interest of families — *and for policies that help people help themselves*.

Harriet has a well-earned reputation for effectiveness, common sense, hard work and honesty. She knows that voting on far-reaching legislation such as health care reform and the federal crime bill is only a first step. The important work will come in making sure such legislation is implemented in ways that are right for our communities. As our representative in the U.S. Congress, we can count on Harriet Spanel to understand our concerns — and fight for our interests.

"Safe communities, affordable universal health care, livable wage jobs, quality education and more hopeful futures for our children — these are the issues I've worked on as a citizen leader and state legislator. Now it's time to continue that work in Congress — where our voices must be heard." - Harriet Spanel

Citizens for Jack Metcalf  
12811 8th Avenue W.,  
Suite A-205  
Everett, WA 98204  
Telephone: (206) 514-8112

Born in Marysville, I have always lived in the 2nd District. As a teacher, legislator, and small business owner, I've seen good times and bad, and watched our people rise to meet challenges.

However, today I feel a growing crisis of spirit in the land. Americans are deeply concerned, fearful for the future of

our children.

Many of us have realized the American dream. I offer my experience and expertise to this cause: a secure future of opportunity for our children.

I have a record as a reformer who gets results. From the development of the community college system in the 1960's to the passage of my Whistleblower Law in 1992, I have been able to get things done.

Today, we must insure a climate favorable to small business and the creation of quality jobs, free from repressive government interference. Tax increases kill jobs — and family budgets.

This is not a safe world yet. Further defense reductions are dangerous. We must remain the strongest nation on earth, able to defend our vital interests anywhere.

Eight of ten Americans will fall victim to violent crime in their lifetimes. Why? Because our court system fails to produce swift and sure justice. Expensive repeated appeals by death row inmates like Charles Campbell flaunt true justice. "Hard time for armed crime" must pass at both state and federal levels.

Real reform must start with Congress, now burdened by arrogant leadership, 40 years in power. I have long championed term limits, campaign finance reform, balanced budget amendment, and the line-item veto. Let's cap congressional pensions, rollback the disgraceful \$50,000 congressional "midnight pay raise," and return to a citizens' congress.

We must restore the vision — the American Dream. These reforms are a first step. With your help November 8th, we can keep the dream alive.

**Telephone: (206) 340-4616**

Phil Talmadge, an experienced legislator and nationally-honored appeals lawyer, knows that the Supreme Court, like other governmental institutions, must change to serve us:

**Work Harder for Justice** - Our appellate courts are congested. Some cases wait for more than a year to be decided. That's too long. The Supreme Court should work with the Court of Appeals, taking more cases to reduce the backlog.

**More Affordable Justice** - Arbitration and mediation should be used more often as an alternative to traditional litigation, which can be expensive and traumatic for those seeking justice.

**Concern for Children, Families and Crime Victims** - The courts need to be sensitive to the needs of crime victims, children, and families. Phil, who wrote the laws against child abuse and domestic violence, knows that the administration of our juvenile justice system must be improved.

Phil's campaign has received support from the State Council of Police Officers, the State Patrol Troopers Association, the Washington Council of Firefighters, the State Labor Council, the Federation of State Employees, the Hispanic Bar Association and the Seattle Firefighters. Phil is rated "exceptionally well qualified" by the Loren Miller Bar Association and Washington Women Lawyers.

A lifelong problem solver, Juanita is committed to correcting inequities in the taxing system.

After six years as president of a small company, Juanita deplores the regulatory climate for businesses in Washington. She advocates a healthier business atmosphere that could create jobs and better protect the environment.

That approach has worked at the Port: in 1993 its marina was voted #1 in service by KING-TV's "Best in the Northwest" viewer survey.

State government often fails all Five Points. Cutting the noose of regulations strangling business, he will apply his Five Points to legislation that focuses on Customer (Voter) Service.

Campaign Address:  
Citizens for Dick King  
for the Senate  
1710 Bailey Avenue  
Everett, WA 98203  
Telephone: (206) 303-0911

Dick King has a deserved reputation for honest, responsive and skillful service.

He co-sponsored strong laws to keep young people from getting into trouble—and firm action to correct offenders, including “boot camp” for those aged 18-28. Dick also co-sponsored the law that keeps juvenile sex offenders from being sent to the same schools as their victims.

Dick King wants government to enable people to help themselves. He works to make state agencies more efficient, sensitive and friendly to small businesses and the individual. Dick backed laws to help youth prepare for real work experiences and to help people on public assistance get jobs and off welfare. He understands that family wage jobs provide the basis of our society. He supports keeping parents, administrators and students working together in school-based processes to improve education.

Dick drafted the state's new law designed to restore our native runs of wild salmon and steelhead through cooperation among fishermen, farmers, loggers, private industry and regulatory officials.

Dick, a third-generation Washingtonian, lives in Everett with his wife, Mary, a college teacher and volunteer community activist for children and families, their daughter and granddaughter, and Mary's energetic 98-year-old grandmother.

**Gary

Gary Strannigan offers voters a fresh new approach to representative government. A Boeing engineer by profession, Gary has never before run for office. He has the character and capabilities needed in a Senator.

With most of his campaign support coming from friends and neighbors, Gary is free from entanglements with special interests and can work effectively to reform government.

*“Let's take our government back and insure that our neighbors are heard as clearly in Olympia as are the special interests.”*

Gary believes it's time we get as tough on criminals as they are on their victims. He supports the death penalty for heinous crimes, “Hard Time for Armed Crime,” truth in sentencing and the “Victims Bill of Rights.”

Fiscally conservative, Strannigan believes it's time officials worked as hard to eliminate waste and inefficiency in government as they do trying to increase taxes.

A family man and father of two, Gary has a personal concern in restoring excellence to education.

*“Let's make sure our taxes get to the classroom, rather than being squandered on the bureaucracy in Olympia.”*

Gary, his wife Belinda and two children live in Everett. They are active in Northshore Christian Church, Young Life and the YMCA.

# SNOHOMISH COUNTY LOCAL VOTER'S PAMPHLET

To the Citizens of Snohomish County:

Over the last year, several changes have occurred in election laws which have facilitated voter registration and voter participation in elections. We now can register to vote when we renew our driver's licenses, we can register to vote by mailing in a voter registration form, and we can receive a ballot in the mail for each election if we so choose.

Since 1991, Snohomish County has been distributing a Local Voters' Pamphlet in conjunction with the state's Voters' Pamphlet for each general election. It is a valuable tool in getting the word out to all residents regarding the issues and candidates on the ballot in the general election. The major purpose of the pamphlet is to help inform the electorate.

Please use this pamphlet to choose your candidate or vote on the issues. Please take the time to use the evaluation form to tell us what you like and/or dislike about the pamphlet. Our goal is to make each pamphlet better than the last one.

Happy voting!!

Very truly yours,

**Morris  
MALAKOFF**  
Democrat

If you live in Lynnwood, Edmonds, or Woodway, your county government does little more for you than operate elections and send you a property tax bill. If you live in an unincorporated area, your county government is a distant entity that is only open from 9 to 5, Monday through Friday. Are the residents of South Snohomish County getting value for their dollars sent to Everett?

As your elected representative in county government, I will work to assure that your county government is more responsive and available to all citizens. I am committed to working towards the following changes in the way your county government serves you: • County Council meetings held in the evening and on Saturdays at locations away from the courthouse, closer to the people. • Opening of an office in our council district, at my own expense, where you are assured that you can easily and openly meet with me at your convenience. • Monthly "town hall" meetings so that I can be sure that I am representing your concerns accurately.

It's time to make your county government accountable. It's time to vote Morris Malakoff for Snohomish County Council.

Gary Nelson wants Snohomish County to be a place where people live safely in their neighborhoods, where traffic flows with minimum congestion, where the rights and concerns of citizens are respected and where our tax dollars are used prudently and effectively. That's why he is running for the County Council.

Gary is confident that his years of service as a planning commissioner, city councilman, state representative and state senator, combined with his 30 years professional experience as an engineer, provide him with the knowledge and skills to bring the much needed change to county government.

With Gary Nelson on the Council, private citizens will not be sued for signing a petition, long-range policies will not be instituted without ample public input or consideration of the economic consequences, and arbitrary and costly land-use mandates will not be imposed on communities and property owners. Most importantly, he will make government accountable.

Gary has a longstanding record of being accessible and responsive to constituents and a well-earned reputation for being tough on crime. He and his wife, JoAnne, have raised three sons in the community and have been active in many community organizations and projects.

My office, on your behalf, has successfully prosecuted thousands of criminals and sent them to prison. Keeping child molesters, rapists, "Three Strikes" offenders, serial arsonists and murderers (like Charles Campbell) off the streets makes our community more secure.

Cooperation between police and prosecutors has held down costs, increased arrests and convictions and produced longer prison sentences for violent offenders.

Deputy sheriff, deputy prosecutor and police associations; labor unions; and the Snohomish County Child Abuse Prevention Council are among the many organizations endorsing my re-election.

With the help of law enforcement officials, I convinced the State Legislature and Governor to enact laws which limit frivolous appeals, provide safeguards against release of dangerous defendants and recognize a victim's right to know results of HIV testing of the accused.

I am active in the YMCA, Deaconess Children's Services, Open Door Theatre (child abuse prevention) and other organizations providing youth and family services.

My staff and I are gratified by many citizen letters of appreciation. We have been recognized through awards from Family and Friends of Violent Crime Victims, Children's Commission, MADD, United Way/Labor Council, DWI Task Force, Community Alcohol/Drug Services, Everett Chamber of Commerce, Human Services Council and Olympic Mental Health.

KRIDER**

There is a definite difference between Jim Krider and the incumbent. For one, Jim Krider will not sue private citizens for merely signing a petition.

For another he is not afraid to go into the courtroom to personally try cases. A seasoned trial lawyer with 28 years experience, Jim has successfully tried some of the biggest and most complex cases in state history. With Jim, deputy prosecutors will have someone to turn to for competent direction.

Jim is a tireless worker, who served as an officer and director of various corporations while practicing law. He has the managerial experience to run the Prosecutor's office efficiently. Under his management, there will be no more incidents of serious criminal charges being dropped because someone sat on the file while the statute of limitations ran out.

Actively involved in the community for more than 28 years, Jim is the founder of the Kiwanis House and a Board member; is past president of the Edmonds Jaycees, and Lynnwood Kiwanis and EdLynn Soccer Club.

Jim has lived in Snohomish County most of his life and graduated from the University of Washington Law School.

District court judges hear misdemeanors, minor lawsuits, and traffic infractions; not felony trials or large civil suits. So, with some exceptions, most people who appear before them are generally law-abiding people who may have made a mistake or become involved in a minor dispute. Nevertheless their problems are important. They deserve courtesy and respect and are entitled to have their cases fairly and carefully considered.

Regrettably the legal profession is viewed with cynicism and distrust. People lack confidence in even the basic fairness of the courtroom. Judicial campaign endorsements and contributions from law enforcement agencies, defense attorneys, prosecutors or lawyers groups create the perception that the judge who has accepted their assistance cannot be impartial. Removing that perception is crucial. Therefore I will not seek or accept an endorsement from any group or individual and will pay my own campaign expenses.

I have experience as a Snohomish County Deputy Prosecuting Attorney, assistant city attorney, defense attorney and city prosecutor. As district court judge I will bring to the bench fresh ideas, enthusiasm and hard work.

District courts are expensive. I am determined to make the Everett District Court an asset to the community and less of an economic liability.

BORDLEMAY**

Judge Rosemary Bordlemay has actively sought to improve the administration of justice while hearing thousands of cases involving theft, drunk driving and domestic violence. Her philosophy is to ensure that justice is fair and impartial while simultaneously holding offenders accountable for their actions. As a former prosecutor and public defender who understands the community's concerns, Judge Bordlemay has been instrumental in implementing policies and programs which apply that philosophy.

Judge Bordlemay has worked to provide a range of options in correcting offenders' behavior and promoting public safety — including jail, community service, alcohol rehabilitation programs, mental health counseling and probation monitoring.

Judge Bordlemay has also recognized the need to create a program for non-violent young offenders. The proactive Young Adult Court Mentor Program is designed to intervene before young offenders commit serious or violent crimes. By pairing youths with trained volunteer mentors, young people are given the opportunity to learn necessary life skills, such as completing their GED, developing a resume and finding employment. The program has been very successful in assisting young people to become productive members of the community.

Judge Bordlemay is honored to serve as your judge and looks forward to continuing her service to the community.

SAINT CLAIR**

Judge J. Wesley Saint Clair was unanimously appointed to Northeast Division District Court by the King County Council in 1991 and was re-elected without opposition in 1992.

Judge Saint Clair has been tough and effective in addressing the diverse issues facing one of the busiest courts in our county.

We are confronted daily with a wide range of community problems: substance abuse, domestic violence, and economic distress. We must become even more creative in solving the problems in an even-handed and fair manner. We must continue to serve our communities with a sensitivity to the stresses placed upon the individual.

We must temper judgment with fairness. A judge must be able to listen to the facts, and, with compassion, render judgments based upon those facts. All who come before me will be treated with dignity and respect.

Judge Saint Clair, a graduate of Yale University and the University of Washington Law School, has lived in Redmond for the last 13 years and has been active in community activities with his wife and 3 children, including Little League and Soccer.

I have the experience and proven ability to continue to serve our communities and respectfully request your support.

A new judge should have a history as both an excellent lawyer and a community leader. Steve Dwyer fits the bill.

An Honors graduate of the University of Washington Law School, Edmonds attorney Dwyer, 37, has been in private practice for over a decade — helping real people find solutions to their real problems. He has experience with both civil and criminal cases and has represented clients in all levels of our court system — including the State Supreme Court. He has also served as a district court judge pro tem, a superior court arbitrator, and an insurance dispute arbitrator.

Steve Dwyer has long been a leader in the South County community. Elected three times as an Edmonds City Councilmember since 1984, Dwyer serves as the Chairman of three key public safety Boards of Directors: (1) Snohomish County Enhanced-911; (2) SNOCOM (911 dispatch); and (3) MEDIC-7 (paramedics). He donates time to numerous civic, charitable, and youth organizations.

Endorsed for election by over 50 present and former law enforcement leaders and local elected officials, Steve Dwyer will give each case and litigant its due consideration while simultaneously moving to streamline court processes. We deserve this fine lawyer and community leader on our court.

For some customers even a small rate increase is a hardship. That's why I have voted for only one increase in the twelve years I have had the privilege to serve you. Dependable electric service is a necessity, rates should be raised only when it is necessary. The PUD went ten years without a rate increase by carefully targeting spending to improve its service and productivity. PUD investments in new equipment, training and facilities allow us to serve 70,000 new customers with virtually no increase in staff. We did all of this while disentangling the utility from WPPSS's disastrous nuclear construction program. The PUD continues to help people with conservation because it is both good for the environment and the economy. We are lessening the community's dependence on BPA by investing in alternate sources of electricity like the PUD's \$115 million cogeneration project at the Scott Paper plant in Everett. The new power plant will be fueled entirely by wood wastes, a renewable resource. It will generate jobs, electricity and steam while improving air quality on the Everett waterfront.

## Explanatory Statement

### BALLOT TITLE

#### PROPOSITION NO. 1

#### MOTOR VEHICLE AND SPECIAL FUEL TAX 2.3 CENTS PER GALLON

Commencing 1/1/95, shall Snohomish County levy a motor vehicle and special fuel excise tax equal to 10% of the state-wide motor vehicle fuel tax rate — currently **2.3¢ per gallon** (estimated average vehicle cost — \$14/year) — on the sale of such fuel within Snohomish County to provide funds to the county and its cities for construction of road and bridge (earthquake) improvements, paving, safety improvements, and other purposes authorized under the State Constitution (Article II, §40)?

If approved by voters, Proposition No. 1 would authorize Snohomish County to impose an excise tax on the sale of all motor vehicles and special fuel within the boundaries of Snohomish County at the rate of 10% of the state-wide motor vehicle fuel tax rate. The revenues received from this tax will be distributed proportionately to Snohomish County and its cities. Under state law, the revenues must be used exclusively for "highway purposes" as defined by Article II, § 40 of the state constitution. Those purposes include: construction, reconstruction, maintenance, repair, and betterment of public highways, roads, bridges and streets. Since the state-wide rate is currently at 23 cents per gallon, the current rate of the proposed tax is 2.3 cents per gallon. The amount of the proposed tax will fluctuate with the amount of the state-wide tax. At the current rate of 2.3 cents and using state department of transportation estimates regarding annual consumption of fuel, it is estimated that the tax will cost the average single-vehicle owner approximately \$14.03 per year. Actual cost of the tax will vary depending on the number of miles driven.

### Statement for

Local streets and roads are the lifeline of Snohomish County's (county/cities') economics and quality of life. To adequately maintain and improve county and city roads and bridges, as traffic increases, requires a certain amount of revenue. With the revenues currently projected, and with increasing costs over time, the county and its cities cannot continue to provide the same level of services. The present state gasoline tax, of which counties and cities get about a fourth, does not change with inflation, while costs do. The proposed increase is 2.3 cents per gallon and the revenues will be spent locally.

In recognition of the need for additional road funds the 1990 State legislature gave the county and its cities the opportunity to ask voters to approve additional funds for road purposes. This will allow the county and its cities to undertake more projects, to do a better job of construction, to shorten waiting lists for paving, and to avoid the consequences of deferred maintenance. The concept of "pay now or pay more later" clearly applies to roads and bridges.

Safety will be a major emphasis with the additional funds. More intersections will be improved with traffic signals, turn lanes, and other safety features. More roads will get guardrails, improved shoulders, and walkways where safety is an issue. At least a third of the county's bridges must be evaluated for earthquake resistance and must be improved.

### Rebuttal of statement against

Money collected can only be used for road projects defined by the State Constitution. Public opinion polls constantly show concern about transportation - we can't keep building new roads, but must maintain the existing system. This proposal will reduce the backlog of deteriorated roads and preserve the taxpayers investment in them. It will allow safety improvements to be made more quickly in response to constantly increasing traffic volumes. **VOTE YES FOR SAFER ROADS!**

STATEMENT PREPARED BY: LARRY VOGNILD,  
PAUL MASTEN, DONNA PEDERSEN

### Statement against

This ordinance to revise the gas tax isn't justified by the County Staff. While it sounds good for road repair, it could be used for bike trails, culvert repair and hiring of more employees.

What has the county done with all the existing money? They have paved only 90 miles of road last year.

Do you trust the county government? Remember that it sued its citizens in the past for asking to let people vote.

This tax actually decreases revenue; the motorists who live in south county will simply buy their gas in King County.

Staff says cars are more efficient, therefore are using less gas now. They forgot to tell us that they got a 27.7% increase in the gas tax in 1990, and that there are more cars here now than then.

Reasons given by the county staff are arbitrary and capricious with no justification. It is just another bureaucratic attempt to squeeze more out of the taxpayer.

Get a copy of the current so-called road department budget. Do we really need separate administrators for public involvement, to support the growth management act, trip reduction, etc.?

Asking city councils if they would like more money sounds kind of silly. Have you ever met a public official who couldn't spend more of the taxpayers' money?

Insist that the county do its homework before submitting another tax proposal, with well-specified end products and real justification. Send them back to the drawing board!

**VOTE NO ON THE GAS TAX!**

### Rebuttal of statement for

Unlike the rest of us, politicians and bureaucrats get paid whether they do a good job, a bad job, or no job at all! When they want more money, they simply add a new tax, justified or not.

The gas tax is the most regressive kind there is. It penalizes the working people, senior citizens, and anyone else living within a limited income who is affected by inflation and other rising taxes. **VOTE NO!**

#### PROPOSITION NO. 1

#### GENERAL OBLIGATION BONDS - \$1,000,000

To acquire two new fire trucks, one used ladder truck and new fire equipment and renovate a fire station and existing fire trucks, shall the City of Arlington issue general obligation bonds in the principal amount of \$1,000,000, payable out of annual property tax levies in excess of regular property tax levies, maturing within a maximum of 10 years, as provided in Ordinance No. 1078?

If approved by the voters, proposed City of Arlington Proposition No. 1 would authorize the sale of General Obligation Bonds in the amount of \$1,000,000 payable out of annual property tax levies over a ten year period. The estimated cost to the taxpayers is \$3.42 per month (based on \$100,000 property value), a cost which reduces to \$2.87 per month by the tenth year. The proposal would provide and equip two new pumper trucks and a used ladder truck, rebuild an existing pumper, renovate the rescue van and expand Fire Station #1.

### Statement for

On November 8th voters will be asked to approve a \$1 million bond issue for fire department improvements. Existing trucks are 11, 22 and 32 years old and the fleet should be modernized as well as recertified. All improvements are recommended by the Washington Surveying & Rating Bureau and will help to maintain or better our property insurance rates.

The improvements will be purchased through competitive bids; the estimated cost as follows:

Two New Trucks & related fire equipment	\$575,000
Fire Station #1 Addition	200,000
Used Ladder Truck	125,000
Renovations to equipment rescue van	50,000
Renovations to certify 1973 pumper	50,000

The used ladder truck will enable fire fighters to reach upper levels of roofs or structures with an elevated stream device capable of protecting all large area buildings.

Renovations to the rescue van will provide enough space for the Jaws-of-Life and all other rescue and communication equipment to be housed in one vehicle.

Expansion of Fire Station #1 will provide sleeping quarters for our volunteer members who run the sleeper program. This keeps personnel at the fire station at night and will help maintain response time.

We urge you to support the Arlington Fire Department by voting YES on the bond issue.

#### PROPOSITION NO. 1 LIBRARY BONDS - \$330,000

Shall the City of Brier, Washington, borrow \$330,000 to pay part of the costs of constructing, equipping and furnishing a new library building by selling general obligation bonds therefor maturing within 20 years and levy annual excess property taxes necessary to pay and retire the bonds, as provided in Ordinance No. 273?

If approved by the voters, Proposition No. 1 would authorize the City of Brier to issue up to \$330,000 of general obligation bonds to pay part of the costs of constructing, equipping and furnishing a new library building, all as provided in Ordinance No. 273 of the City.

The bonds would be required to mature within 20 years of their issuance, and would be paid through annual property tax levies to be made upon all taxable property within the City and in excess of the regular nonvoted property tax levy, at such rates as may be required to meet those payments, and through any other funds of the City which may become available and may be used for such purposes.

Generally, if certain requirements administered by the Department of Revenue and the County Assessor are satisfied, a homeowner who is sixty-one years or older and who has disposable income of \$26,000 or less will be exempted from these taxes.

### Statement for

The Brier Library is housed in a 788 square foot building originally constructed in 1965 as City Hall. Now nearly thirty years old, the building cannot be expanded or remodeled to meet the needs of the community.

Circulation has increased each of the last five years an average of 20%, (over 150%) but the existing building cannot hold any additional materials.

In 1990, the citizens of Brier annexed to the Sno-Isle Regional Library system, which provides library staff and materials. The annexation was done as a cost effective means to provide current reading materials in our library.

The City of Brier has put money in the Library Construction Fund and will have accrued \$101,000 at the end of 1994. In addition to the Library Construction Fund, money is required to build, equip, and furnish the new Brier Library. This will cost the taxpayer approximately \$16 per year on a home valued at \$160,000. More than three times the size of the present one, the new library would be built on the present City-owned site. A YES vote for the new Brier Library will provide more materials and programs for everyone, from toddlers to senior citizens, in an appealing environment that is up-to-date and lasting. The new library will also provide computer-based technology for every age group into the next century.

At less than the cost of one new book, you can have the entire library; Vote YES.

#### PROPOSITION NO. 1 EMERGENCY MEDICAL SERVICES REGULAR PROPERTY TAX LEVY

For the purpose of providing both basic and advanced Emergency Medical Services, shall the City of Monroe be authorized to levy a regular property tax pursuant to RCW 84.52.069 against all taxable property within said City in the sum of 50¢ per \$1,000.00 assessed valuation each year for six (6) consecutive years beginning 1994 for collection beginning in 1995 and ending in the year 2000?

Effective January 1, 1995, Snohomish County Public Hospital District #1 will cease providing paramedic services to the community.

The City of Monroe has an existing EMS levy of 25¢ per \$1,000 assessed valuation. This revenue is used for basic life support services.

Upon passage of this measure, funds for expanded basic life support, advanced life support (paramedic services), and transport services will be available to support operation of these services which were previously provided by Snohomish County Public Hospital District #1.

The funds raised by this levy will be generated by a regular property tax levy of 50¢ per \$1,000 of assessed valuation against all taxable property within the city limits of Monroe. Tax will be levied in 1994 for collection in the years 1995 through 2000.

The levy will replace the existing levy thereby providing for an effective levy increase of 25¢ per \$1,000 assessed valuation within the City of Monroe.

### Statement for

The existing advanced life support and transport services serving the area of the City of Monroe are being discontinued.

It is vital to the health, safety and general welfare of the public that advanced life support (paramedic) and transport services be maintained.

In order to provide these expanded services, the City of Monroe needs the revenue that this levy increase will generate.

The support and cooperation of other fire protection districts and other emergency medical service providers in the east Snohomish County area, has been given to this proposed service.

The Emergency Medical Service (EMS) program developed by the District is community-based and community-responsive. The service will be ideally located to effectively service the east County area.

The EMS levy is the funding mechanism for Emergency Medical Services authorized by the Washington State Legislature. This is a more stable funding source in conjunction with limited-user fees than a pure fee for service program.

#### PROPOSITION NO. 1 LIBRARY SERVICES LEVY

For the purpose of maintaining the current level of library services through the Sno-Isle Library District, shall the City of Mukilteo increase its regular property tax levy for a period of two years beginning in 1994 for collection in 1995 and 1996 in excess of the 106% limitation in Chapter 84.55 RCW by the amount of \$0.45 per thousand dollars of assessed valuation, all as specified in Mukilteo Resolution 94-317

Mukilteo has contracted with Sno-Isle Library District to provide library services to City residents since 1964. The Contract requires the City to pay Sno-Isle an annual fee for services provided. This fee was \$425,000 in 1994.

The Mukilteo City Council has determined that existing City revenues used to make the payment to Sno-Isle are needed to provide other essential City services during the next two years. City residents are thus being asked to vote on a proposition to allow the City to levy additional regular property taxes for 1995 and 1996 in order to pay the annual fee to Sno-Isle and maintain the current level of library services available to City residents.

Increases in regular property taxes are limited to 6% per year without voter approval. If approved, Proposition No. 1 would permit the City to levy 45¢ per \$1,000 of assessed valuation in addition to the allowed 6% increase. These taxes could only be used to pay the annual service fee to Sno-Isle. The additional taxes would be collected only during 1995 and 1996 and the City's authority to levy them would expire at the end of 1996.

### Statement for

A **YES** vote on Proposition #1 will ensure the continuation of library services in Mukilteo for the next two years. This two-year "bridge" will give Mukilteo's citizens time to plan for the future of our library. **A "NO" VOTE WILL CLOSE OUR LIBRARY ON DECEMBER 31, 1994.**

A community library enriches the lives of all residents. It is a focal point for learning and community building, a marketplace for ideas, and a resource for families, business and industry. A community library supports the educational process, promotes independent learning and provides a place for social interaction for citizens of all ages. Please don't allow our community to be deprived of vitally important access to library services.

Keeping our library open will cost the average Mukilteo homeowner approximately \$83/year for the next two years, based on an average assessed valuation of approximately \$184,000. If this proposition fails, Mukilteo residents who wish to use the SNO-ISLE Libraries in surrounding communities such as Lynnwood or Edmonds will be forced to pay \$75 each year for a non-resident library card. A "NO" vote will cause Mukilteo residents to lose access to the King County Library System as well. If Mukilteo citizens are allowed to continue using the Everett Library, we will have to pay at least \$40 per year for a card.

**SAVE OUR LIBRARY** — A "YES" vote on Proposition #1 will keep library services available to all of us!

### Rebuttal of statement against

Mukilteo's 1995 General Budget contains **NO** money for library services! General funds previously allocated to support the library have been redistributed to fund higher priority services including police, fire protection and public works.

Mukilteo's taxes are lower than many other cities'. It would be irresponsible to terminate library services for our citizens! In the end, we will have the kind of community we are willing to fund!!

JAMES F. RAND, PHYLLIS MARSDEN

### Statement against

The issue before the citizens of Mukilteo is that of how large a tax lien they are prepared to place against their homes in the form of tax levies and bonded indebtedness. Individual property taxes increased as much as 60% since 1990.

Proposition 1 does not provide funds to construct a new library. Proposition 1 provides approximately \$550,000.00 to continue funding the present library. **Over the period of the next two years, the citizens of Mukilteo will spend over \$1,000,000.00 just to fund present library services.** Given the financial condition of the city, and the planning for a new library, it would be responsible to terminate the present library and invest this money toward a future library. If not, at the end of two years, we will have spent over \$1,000,000.00 and will be no closer to a new library.

The present funding (approximately \$1,400.00 per day), is paid from the city's general fund. The City Council, over the past several years has chosen to fund the library from this source.

If this proposition passes, an additional \$550,000.00 will be available to the City Council. This is over and above the funds now being used to finance the present library.

City Council, if they so elect, can continue funding the present library without an additional tax burden on the citizens. Our taxes have reached the limits of affordability.

Citizens should consider very carefully, spending over \$1,000,000.00 to continue funding a facility used by less than one-third of our population.

### Rebuttal of statement for

**NOT ENTIRELY TRUE!** A no vote will not close the library. City Council can continue funding the library as in the past, with no added taxes.

Mukilteo provides libraries in 14 secondary schools and 2 high schools. Our children are well served. High school libraries could be available for public use.

Pay, as used, libraries. An idea which has merit.

Instant information services, educational television, library database access, and information superhighways make libraries less essential.

#### PROPOSITION NO. 2

#### PARK AND LIBRARY ACQUISITION BONDS

Shall the City of Mukilteo, Washington, borrow \$6,900,000 to pay the costs of acquiring certain land for a park and library immediately West of SR 525, between the City's 92nd Street Park and Harbour Pointe Boulevard North, by selling unlimited tax general obligation bonds maturing within 20 years and levying annual excess property taxes necessary to pay and retire the bonds?

The City of Mukilteo residents are being asked to vote on a \$6.9 million proposition to purchase land for a park and possible future library. The land proposed to be purchased consists of approximately 55 acres lying immediately west of the Mukilteo Speedway (SR 525) and between the City's existing 92nd Street Park and Harbour Pointe Boulevard North. The land is currently undeveloped.

If approved, Proposition No. 2 will authorize the City of Mukilteo to borrow up to \$6.9 million to pay the costs of acquiring the land by selling unlimited tax general obligation bonds maturing within 20 years. The bonds would be paid and retired by levying annual excess property taxes in an amount sufficient to pay both principal and interest on the bonds. The funds borrowed could only be used to pay the cost of acquiring the property.

If approved, Proposition No. 2 will increase property taxes approximately 51 cents per \$1,000 of assessed valuation.

### Statement for

Plan it, zone it, doze it, pave it. That is the current attitude about our undeveloped property in Mukilteo. However, we can change that. We have a great opportunity to preserve the last large, flat, wooded area in the city before it also falls to development. We can provide needed park and recreation greenspace, and a potential site for a new public library, for our children and grandchildren. This bond would buy 55 acres, extending south from 92nd St. Park to N. Harbour Pt. Blvd., from SR 525 west to Big Gulch Creek. Future projects, such as picnic areas, small play fields, interpretive trails, forest learning labs, wetland conservation, and the library site would be designed with minimal impact to the natural environment. A paved trail would allow bike/hike linkage between the north and south ends of the city without accessing busy SR 525. The beautiful stand of trees adjacent to the Speedway would be preserved.

This centrally located property will provide many opportunities for the city to come together and build a future. There are trails, plants, shelters, interpretive signs, and stream/wetlands maintenance projects that could be the catalyst for garden clubs, scouts, homeowner's associations, and school classes to contribute, all creating a Legacy for our future.

For the bond cost of \$6,900,000, we can buy 55 acres, with taxpayer maximum cost of \$0.70 per thousand assessed value.

Vote yes for this bond and send a message that open space, trails, and libraries are critical to Mukilteo's future, too.

### Rebuttal of statement against

**Con — so outrageous, cannot be rebutted entirely here!**

**Whoppers** - • 1993: 48% Yes! • parks cannot site libraries • 2.9% wetlands (Sector Plan, 3/93) (new math?) • comparable land \$5/sq.ft.; asking price \$3.40 (highest priced land?) • 500 acres; inaccessible, steep ravines (vertical playgrounds?) • property for sale to anybody • parkland is established civic priority.

**ONE CORRECT STATEMENT:** Sector 3 isn't library site, but allows option.

Know the real facts. Read, listen, think. Vote Yes.

**STATEMENT PREPARED BY:** SCOTT CASSELMAN, RANDY LORD, LINDA GRAFER

### Statement against

In November 1993, this same proposal was placed on the ballot and soundly defeated. It is being brought back by the same small self-interest group who are attempting to convince the citizens of Mukilteo to increase the bonded indebtedness on their homes and purchase a tract of land identified as Sector 3.

They are attempting to identify Sector 3 as a library site. **Do not be fooled.** Sector 3 has not been selected as a library site. Mukilteo owns several potential library sites: Rosehill, Triangle Park and Goat Trail Park.

**Sector 3:** is a white elephant, it is 38% wetlands, and is arguably the highest priced land available.

**Sector 3:** is zoned for high tech industry. Used for this purpose, it would provide thousands of dollars in tax revenue providing relief to ever increasing tax burdens on property owners.

**Sector 3:** is presented as the only remaining open space. Not true. Harbor Point alone has 500 acres designated as parkland. Big Gulch remains as a greenbelt, our schools supply playgrounds and recreational facilities, as does the local state park.

This proposition asks citizens to pay \$6,900,000.00 plus interest for 20 years bringing total costs to approximately \$11,600,000.00, this for land presently assessed at \$4,300,000.00!!

Since annexation, owners of Sector 3 have been attempting to sell this property to the city. Why?

City Council should establish priorities, a timely schedule to attain them, and cease placing spending measures before the public in an indiscriminate manner.

Vote NO on this proposition!

### Rebuttal of statement for

**Grab your wallet folks!** \$6,900,000.00 is just the beginning. Add to this approximately \$4,700,000.00 interest, plus the cost of developing this white elephant, and you are talking real money.

Proponents of this measure do not reveal the assessed value of the property, the percentage which is unusable, interest rate taxpayers will pay, or the number of dollars in potential tax revenue lost to the city. What else is not revealed? Is \$6,900,000.00 fair market value?

For the purpose of continuing the present 24-hour aid car, fire protection and paramedic operation program, shall Snohomish County Fire Protection District No. 1 be authorized to impose a regular property tax levy in the amount of approximately \$.195 per \$1,000.00 of assessed valuation in 1994 for collection in 1995 to provide approximately \$590,423.00 for the District's general fund?

If Proposition 1 passes, it will provide necessary funding (approximately eleven percent {11%} of total revenue) for continuation of current level of fire, aid, and paramedic services for District residents. There would be levied an estimated nineteen and one-half cents (\$.195) per one thousand dollars (\$1,000.00) of assessed property value to raise approximately five hundred ninety thousand four hundred twenty-three dollars (\$590,423.00).

#### PROPOSITION NO. 1 EMERGENCY MEDICAL SERVICES REGULAR PROPERTY TAX LEVY

For the purpose of providing both basic and advanced Emergency Medical Services, shall Snohomish County Fire District #3 be authorized to levy a regular property tax pursuant to RCW 84.52.069 against all taxable property within said District in the sum of 50¢ per \$1000.00 assessed valuation each year for six (6) consecutive years beginning 1994 for collection beginning in 1995 and ending in the year 2000?

Fire Protection District #3 has an existing EMS levy of 25¢ per \$1,000.00 assessed valuation. This revenue is used for basic life support services.

Upon passage of this measure, funds for expanded basic life support, advanced life support (paramedic services), and transport services will be available to support operation of these services currently offered by Snohomish County Public Hospital District #1.

These funds will be generated by a regular property tax levy of 50¢ per \$1,000.00 of assessed valuation against all taxable property within Snohomish County Fire Protection District #3.

The tax will be levied in 1994 for collection in the years 1995 through 2000.

The levy will displace the existing levy and provide for an effective levy increase of 25¢ per \$1,000.00 assessed valuation within the Fire Protection District.

### Statement for

The existing advanced life support and transport services serving the area of Monroe Fire Protection District #3 are being discontinued.

It is vital to the health, safety and general welfare of the public that advanced life support (paramedic) and transport services be maintained.

In order to provide these expanded services, Monroe Fire Protection District #3 needs the revenue that this levy increase will generate.

The support and cooperation of other fire protection districts and other emergency medical service providers in the east Snohomish County area, has been given to this proposed service.

The Emergency Medical Service (EMS) program developed by the District is community-based and community-responsive. The service will be ideally located to effectively service the east County area.

The EMS levy is the funding mechanism for Emergency Medical Services authorized by the Washington State Legislature. This is a more stable funding source in conjunction with limited-user fees than a pure fee for service program.

#### PROPOSITION NO. 1 EMERGENCY MEDICAL SERVICES PROPERTY TAX LEVY

Shall Snohomish County Fire Protection District No. 5 be authorized to impose a regular property tax levy of \$0.50 or less per \$1000.00 of assessed valuation on all taxable property within its boundaries for each of six consecutive years to be levied commencing in 1994, and to be collected beginning in 1995 and ending in 2000 for the purpose of continued delivery of emergency medical services?

Snohomish County Fire District No. 5 provides Emergency Medical Services (EMS) and Fire Protection Services to the residents of the City of Sultan, Town of Startup and Fire District No. 5. 73.5% of all calls generated within the district are of the EMS type and without the EMS levy, critical supplies, equipment and personnel will be affected impacting our ability in keeping up with increased calls within the district.

Without the passage of this EMS levy both the quality and the level of services are potentially compromised.

### Statement for

In order for our district to adequately protect the health and lives of the residents of Snohomish County Fire District No. 5 the Pro committee feels we must equip and operate EMS. At the present time our community is growing rapidly and this district needs to update their skills through training, adequate equipment, facility maintenance and continually upgrading its medical supplies. The service calls have increased rapidly within the district over the past several months justifying the need to improve the level of services for the community.

### PROPOSITION NO. 1

Shall Snohomish County Fire Protection District No. 7 be authorized to increase its regular property tax levy commencing in 1994 for collection each year commencing in 1995 to a rate of \$1.50 per \$1,000 of assessed value, thereby establishing a new dollar limit on subsequent regular property tax levies pursuant to RCW 84.55.050?

## Explanatory Statement

Snohomish County Fire Protection District No. 7 is asking voters to lift the 106% levy lid. The district, as a municipal corporation, is a junior taxing district subject to the 106% levy limitation imposed by the State of Washington. This levy limitation may be exceeded only if it is authorized by a proposition approved by a majority of those voters in the district voting on the proposition either at a general election, or a special election called by the district. If the proposition is approved by the voters, the operating revenue of the district will be increased in 1995 to an amount commensurate with the actual assessed valuation of the properties within the district.

The current fire levy rate in Fire District No. 7 as of 1994 is \$1.294 per \$1,000 of assessed valuation. If approved the new levy rate commencing in 1995 will be increased to \$1.50 per \$1,000 of assessed valuation. It is estimated that this increase in revenue will generate approximately an additional \$450,000 in operating revenue for 1995, and an amount to be determined for years thereafter based upon the new levy rate.

If the proposition is approved the increase in property taxes for a home assessed at \$200,000 would amount to approximately \$41.20 in 1995.

## Statement for

We believe the taxpayers of Snohomish County Fire District #7 should support the proposed lifting of the levy lid.

The last time the fire district lifted the lid was in 1989. Since that time, the regular fire levy has dropped from \$1.50 to the current levy rate of \$1.294 per thousand of assessed valuation. We support an increase of .21 cents per thousand which brings the levy up to the \$1.50 rate for 1995.

The increase in your property tax will amount to about twenty-one cents per thousand of assessed valuation. If your property is valued at \$150,000, then you would see a tax increase of \$31.50 in 1995.

This money will be used in part to help fund the capital improvements necessary for fire stations and apparatus.

##### AUTHORIZING PROPERTY TAX LEVY

Shall Snohomish County Fire Protection District #15, Marysville, Washington, be authorized to restore its regular property tax levy to \$1.00 per thousand dollars of assessed value? (This shall not be construed to authorize an excess levy and shall be subject to otherwise applicable statutory limits.)

Proposition No. 1 will provide for the continuation of fire protection and emergency medical services for Fire Protection District #15 residents. Increases in population and new home construction within the District over the past several years have diluted the tax rate. This proposition will restore the regular tax levy to one dollar (\$1.00) per one thousand (\$1,000) of assessed property value.

### Statement for

**We need your help!** Emergency calls are increasing at an alarming rate. The tax rate is going down. We need to restore our tax levy to the \$1.00 per thousand dollars of assessed value in order to continue the fire protection and emergency medical services at their present level.

**Please vote YES on Proposition #1.**

Background: S.C.F.P.D. #15 had a total of 289 emergency calls in 1993. We have already exceeded that number this year.

It seems strange, but as new home construction and assessed valuation of a fire district increase - the tax rate goes down. This is because the basic taxes are spread across more people. In order to provide adequate emergency services to our increasing population, we need the maximum taxes per thousand dollars of assessed value as authorized by state law.

This is not a new tax, but simply restoring the levy to its allowable limit.

#### REGULAR PROPERTY TAX LEVY INCREASE FOR STEVENS MEMORIAL HOSPITAL

For purposes of providing home health care, hospice and preventive services and a computerized medical record system to reduce the cost of health care for seniors and others, shall Snohomish County Public Hospital District No. 2 (Stevens Memorial Hospital) increase its regular property tax levy for a period of six years beginning in 1994 and ending in 1999 to a rate of 38 cents per \$1000 of assessed value?

## Explanatory Statement

This ballot measure will provide funds to launch an innovative program to care for ill people in their homes, to expand preventive care services at Stevens Hospital and to set up efficient, computerized patient records.

The District proposes this six-year levy in response to requests from the public. Programs funded by this levy will reduce medical paperwork, give District residents access to a high-quality service to provide healthcare in their homes and expand on the health education and medical screening programs offered by Stevens Hospital.

Passage of this levy will allow the District to reduce costs and improve healthcare services by improving the community's health and taking advantage of time-saving and resource-saving technology.

Since 1964, the Hospital District's regular tax levy has remained at two-tenths of one cent per thousand dollars of assessed valuation. Other than a 1990 capital-funds bond issue, the District receives no other tax revenue to provide healthcare services.

To fund healthcare services in the District approval of this levy will authorize the District to collect tax not to exceed thirty-eight cents per thousand dollars of assessed valuation for the next six years.

## Statement for

Stevens Hospital is working to improve the health of its community. Residents have utilized Stevens for 30 years as their source for high-quality healthcare. In order to provide you with an even higher level of service and to reduce the costs of your healthcare, Stevens needs your vote.

For three decades, Stevens has provided comprehensive hospital services to the community. Now, research shows that in many cases patients can benefit from healthcare in the comforting setting of home. And home healthcare costs significantly less than hospital care. This levy would provide the funds to launch hospice and home healthcare programs at Stevens.

Sixty percent of all illness is premature and preventable. Preventive care reduces the cost of medical care and promotes healthy lifestyles. Passage of the levy will allow Stevens to expand immunizations, mammograms, health-education classes and early detection screenings as part of a full-scale preventive-care program.

Passage of this levy will take advantage of technology that will reduce paperwork and improve the efficiency of healthcare. This new system provides a centralized patient record which means you won't have to fill out stacks of paperwork every time you walk into a doctor's office.

A yes vote for Proposition 1 is a vote for a healthy community, a vote for lower healthcare costs, and a vote for more efficient healthcare.

# WORLD WAR II 1944 VETERANS VOTE

"Our voting booth was simply a tree, and we had a lot of these... It was the first time I ever voted in any election and I recognized it as a special privilege, for that was one of the main principles we were fighting for."

Allan C. Barger  
Port Orchard

"Voting was a morale booster. After four years of war, it made me feel that what I was doing was important... I goofed! It was the only time in my life that I had a chance to vote for Franklin Roosevelt and I voted for Tom Dewey. I knew the names of some of the state and local people and I probably got some of them right."

Robert Edlin  
Port Orchard

"I remember well the election of 1944 while serving with the Army Air Corps in Italy. My four tent buddies and I unanimously voted for Franklin D. Roosevelt for President."

Charles D. Johnson  
Endicott

# VOTING IN THE STATE OF WASHINGTON

## Voter qualifications

To register to vote, you must be:

- A citizen of the United States
- A legal resident of Washington state
- At least 18 years old by election day

In the state of Washington, you do not have to register by political party or declare political party membership to vote in the state's regular primaries or general elections.

## Registration deadlines

You may register to vote at any time, but you must be registered at least **30 days** in advance of an election if you wish to vote **at a polling place** on election day.

You may also register between 30 and 15 days before an election, but you must do so at a location designated by the Snohomish County Auditor's Office, and you will be required to vote by absentee ballot.

## How to register

Washington citizens have access to several convenient methods of signing up to vote, including registration by mail and "Motor Voter" registration.

Mail-in registration forms are available from your county auditor or county elections department as well as many public libraries, schools and other government offices. You may also request a form by filling out the box at the right and mailing it to the Secretary of State.

"Motor Voter" registration is offered when you renew or apply for your driver's license. In most instances, a motor voter registration takes less than a minute to complete.

## Change of residence

If you move to a **new** county, you must complete a new voter registration.

If you move within the **same** county, you do not need to re-register, but you must request a transfer of your registration. This can be done by calling or writing your county elections department, or by using a mail-in voter registration form.

**NOTE:** You must re-register or transfer your registration at least **30 days** before the election to be eligible to vote in your new precinct.

## Absentee ballots

You may request an absentee ballot as early as 45 days before an election. (No absentee ballots are issued on election day except to hospitalized voters.)

Absentee ballots may be requested either by phone (259-4726) or by mail from the Auditor's Office. If you would like to automatically receive an absentee ballot before each election, call 388-3444 for more information.

**NOTE:** Absentee ballots must be signed and postmarked or delivered to the county elections officer **on or before election day**.

## Election dates and poll hours

State primaries are generally held on the third Tuesday in September. The presidential primary, conducted once every four years, is held on the fourth Tuesday in May, or on a date selected by the Secretary of State.

General elections are held on the Tuesday after the first Monday in November. Polling hours for all primaries and elections are **7:00 a.m. to 8:00 p.m.**

## Voter information

If you need assistance with registration and voting, contact the Snohomish County Auditor's Office at 388-3444 (TDD 388-3700).

## Special services

The Office of the Secretary of State provides a toll-free voter information service to residents within the state of Washington. This service will be operated Monday through Friday from 9:00 a.m. to 8:00 p.m., beginning Wednesday, October 19, and continuing through the day of the election, November 8. In many instances, assistance can be provided to those who have difficulty reading this pamphlet because their primary language is not English.

Voters may also call to request any of the following special Voters Pamphlet versions: Tape-cassette, Braille, Spanish-language or Chinese-language.

For more information, call the Secretary of State Voter Information Hotline at 1-800-448-4881.
