I am pleased to present the 2025 General Election Voters' Pamphlet on behalf of the Office of the Secretary of State. This comprehensive guide to the candidates and measures on your ballot can help you find the information you need to cast your vote.

Elections that are accessible, secure, and transparent are the cornerstone of our democracy, providing you with the opportunity to make your voice heard on a variety of issues. This general election, you have the chance to help decide who represents your local community and weigh in on measures that affect daily life in Washington. It all starts with making sure you're registered to vote. Online and mail-in voter registrations and updates must be received by Monday, Oct. 27. In-person registration is also available at your local county elections office until 8 p.m. on Election Day, Nov. 4. If you're already registered to vote, now is a great time to sign into VoteWA and verify your voter registration information is up to date.

Once you receive and vote your ballot, make sure you sign the return envelope. Highly trained elections officials compare your signature to the one on your voter registration before your ballot can be counted. Then, return your ballot. If you vote by U.S. mail — no stamp needed — remember that ballots must be postmarked by Election Day to be counted. The USPS recommends mailing a week before Election Day to ensure your ballot is received on time. Or, return your ballot to one of the many secure ballot drop boxes across the state by 8 p.m. on Election Day. You can track the status of your ballot at VoteWA.gov after returning it. Sign up for text notifications so you'll know when your ballot is received and accepted.

Exercising your right to vote is one of the most powerful ways you can make a difference in your community. Thank you for voting and supporting democracy here in Washington.

Sincerely,

A handwritten signature in dark ink that reads "Steve R Hobbs". The signature is fluid and cursive.

Steve Hobbs

Senate Joint Resolution No.

8201

The legislature has proposed a constitutional amendment on allowing money in Washington’s long-term care fund to be invested.

This amendment would allow the state fund dedicated to providing long-term care benefits for eligible seniors and people with disabilities to be invested as authorized by law.

Should this constitutional amendment be:

- [] Approved
- [] Rejected

Arguments For and Against 9

House: Yeas, 86; Nays, 9; Absent, 0; Excused, 3

The Secretary of State is not responsible for the content of statements or arguments (WAC 434-381-180).

Explanatory Statement

Written by the Office of the Attorney General

The Law As It Presently Exists

The Washington Constitution generally prohibits investing public money in stocks of private companies. This means that state funds can only be invested in fixed-income securities, such as government and corporate bonds and certificates of deposit.

The Constitution currently exempts several funds from this restriction. This exemption applies to any public pension or retirement fund, workers’ compensation funds, and money held in trust for the benefit of people with developmental disabilities, permitting those funds to be invested as authorized by law, including in stocks of private companies. The Washington State Investment Board invests and manages these funds.

In 2019, the legislature created a long-term care insurance program. The program provides money to pay for certain long-term care services, such as nursing home care, to program beneficiaries who need assistance with daily living. Under that law, employees pay premiums for long-term care insurance through a payroll deduction, and those premiums are deposited into a Long-Term Services and Supports Trust Account. Under the current provision of the Constitution, money held in the Trust Account cannot be invested in stocks of private companies.

The Effect of the Proposed Amendment if Approved

This Amendment would allow funds in the Long-Term Services and Supports Trust Account to be invested in stocks of private companies, if authorized by law. Investment income from the Trust Account could only be used for long-term care services and supports for program beneficiaries, including for seniors and people with disabilities.

Fiscal Impact Statement

Not required by law

Constitutional amendments become law if more than 50% of voters approve.

Argument for

Approve 8201 to guarantee long-term care funds are there when we need them

8201 requires 100% of investment income earned by the state's Long-Term Care Trust Fund to be spent on long-term care services for vulnerable seniors and disabled people. Washingtonians want to live with dignity as they age. 8201 supports this shared goal, strengthening the benefit's Trust Fund to help seniors and disabled Washingtonians while protecting taxpayers.

8201 is a commonsense measure that ensures tax dollars go further

Current law limits investment of the Trust Fund to only low-return choices, like government bonds and savings certificates. 8201 allows the Trust Fund to be invested to produce higher returns. This proven method would be managed by the independent, nonpartisan Washington State Investment Board, which is bound by the highest fiduciary standards.

Approve 8201 to increase funding without impacting taxpayers

8201 is projected to grow the Trust Fund by \$67 billion over the next 50 years, money that can be used to increase benefits for people with disabilities and seniors without costing taxpayers a penny. Higher earnings mean more money for care – good for seniors, disabled Washingtonians, their families, and taxpayers!

8201 has overwhelming bipartisan support across the political spectrum

It's encouraging when leaders of both parties agree on something – and a supermajority of Democratic and Republican lawmakers approved this commonsense approach. 8201 is supported by nurses, unions, businesses, and groups representing millions of Washingtonian seniors and people with pre-existing conditions. *Vote Approve!*

Rebuttal of argument against

Fact: Since 1981 the independent Washington State Investment Board has *safely and effectively* managed over \$200 billion for pensions, college savings funds, and more, with an average growth rate of 8% yearly. We must ensure our Long-Term Care Trust Fund grows to *keep up with rising costs while protecting taxpayers*. A bipartisan supermajority of lawmakers approved this measure. *Approve 8201* so WA's Trust Fund is *there for aging seniors and people with disabilities*.

Argument against

Reject this constitutional change, *again*.

Washington voters already rejected this proposal to take taxpayer money and invest in private stocks and corporations (2020, SJR8212). Our state founders protected public funds from risky investments by establishing safeguards in our state Constitution prohibiting corporate stock market investments of your tax dollars.

Reject constitutional changes that gamble your money in an unstable market.

SJR 8201 overturns safeguards for the Long Term Services and Support (LTSS) fund, a multibillion dollar program established in 2020. Washingtonians are not yet eligible to access program benefits but proponents are *again* asking you to remove a key Constitutional protection. Currently, it's safeguarded in *secured* investments like federal, state and municipal bonds, which support our communities -- *a better use of our tax dollars*. Stock markets and private investments fluctuate greatly, *with no guarantees*, and the benefit needs are unknown in this untested program. This LTSS fund exists to help Washingtonians access long term care as we age or face disability. *When market speculation falls short, taxpayers and beneficiaries would pay the price through reduced benefits or increased taxes*.

Rejecting constitutional changes provide more stability and certainty.

Continuing to invest our public money into federal, state and municipal bonds supports public works that we all depend on. Rejecting SJR 8201 provides for better planning and stability.

Reject SJR 8201

Our state and LTSS need fiscal responsibility, not financial roulette. Reject SJR 8201 to keep the fund secure, stable, and focused on serving the people who will depend on it.

Rebuttal of argument for

Proponents imply a guaranteed return of \$\$billions over 50 years but of course, that's not guaranteed. In 2008 the State Investment Board lost -26.2% and 2022 lost -12.9%. It's how the stock market works. In future recessions or market crashes, when returns fall short, benefits must be cut or tax rates must go up. Compared to *guaranteed* municipal bond returns of 3-5%, the choice is clear. Invest in ourselves, not Wall Street. *Reject SJR 8201*.

County Auditor letter

Clark County Voter,

In recent elections we have received an unusually large number of ballots where the voter has failed to sign the affidavit envelope. When this happens we notify the voter informing them how they can “cure” their signature issue. We want to count every valid ballot voted by a properly registered voter. Please remember to sign your ballot envelope.

I encourage you to track the status of your ballot. You can do that online at VoteWA.gov. To receive text messages regarding your ballot status updates text “VOTE” to 868392. You can also contact the Elections Department (Phone: 564.397.2345, Email: elections@clark.wa.gov).

To save your county government the expense of providing postage you can return your ballot to one of the 22 ballot boxes. These ballot boxes will be available beginning Thursday, October 16th. The locations of the three ballot boxes closest to you are printed on the instruction sheet enclosed with your ballot. More information about ballot drop off options may be found on pages 16 & 17 of this voters’ pamphlet.

The security of our ballot boxes has been increased. Each ballot box now has a sophisticated fire suppression device and a device that informs us when the inside temperature exceeds a specified level or the ballot box experiences a strong impact. In addition we are in the process of installing security cameras at each ballot box.

The elections office moved into the current location in 2003, in that time the number of registered voters increased from 174,000 to more than 353,000. To accommodate that growth and the expected continued growth, we recently completed a significant expansion of the work area. This expansion, and related changes in workflow, has increased security and transparency and will drastically increase the number of ballots we can process each day. The number of customer service stations has been increased from seven to thirteen, allowing us to serve more people in a shorter time than previously.

If you are a registered voter and have not received your General Election ballot in the mail by Thursday, October 23rd, contact the Elections Department to obtain a replacement ballot.

I urge you to read this pamphlet but to also seek out more information. The best decisions are made by informed voters. Your vote makes a difference. I encourage you to join me in exercising one of the most precious rights we have as Americans – the right to vote.

Sincerely,

Greg Kimsey
Clark County Auditor

Accessible voting

Using the Touch Writer

Clark County voters with disabilities have the option of casting their ballot independently using an accessible voting unit.

The Touch Writer voting unit is a ballot marking electronic machine that allows voters with disabilities, including those who are blind, mobility-impaired or lack upper-body dexterity, to vote privately and independently. The Touch Writer is in a booth that is wheelchair-accessible.

Beginning 18 days before each election, this accessible voting machine is available from 8 am to 4 pm, and on Election Day from 7 am to 8 pm at the Clark County Elections Office, 1408 Franklin Street, Vancouver.

The Touch Writer unit is in a wheelchair-accessible booth.

About the Touch Writer

The Touch Writer is accessible in several ways:

- For those who cannot operate the Touch Writer using the buttons and wheel, special interface devices are available as shown here.
- For those who cannot see or read the Touch Writer screen, use the headphones with volume control to hear the ballot.

Accessible features

- Those who are visually impaired or have difficulty reading can listen to the ballot. The SELECT wheel is the trigger to the audio. Turning clockwise moves the listener through the ballot. To hear something repeated, turn the SELECT wheel counterclockwise. Those using hearing aids with a telecoil mode may use their neckloop rather than the headphones.
- Voters who lack upper-body dexterity can use the jelly switches to move through the ballot. The RED jelly switch is the same as the SELECT wheel. The GREEN jelly switch is the same as the ENTER button.
- Voters with quadriplegia can use their sip-n-puff to vote the ballot. Sip to move through the ballot. Puff to mark your choice.

Voting instructions

Here are a few important reminders to make sure your ballot is counted.

Your ballot packet will be mailed to you at least 18 days before the November 4, 2025 General and Special Election. It will contain:

- An instruction sheet that explains the voting process
- The official ballot where you will mark your choices
- A security sleeve
- A postage-paid return envelope

Returning your ballot by mail?

The USPS recommends that you mail a week before Election Day.

Mark your ballot by completely filling in the box to the left of your choice with a black or blue ink pen. If you want to vote for a candidate not appearing on the ballot, mark the box to the left of the dotted line provided to indicate your choice. Be sure to mark only one choice for each race or measure on the ballot.

Example:

Candidate 2 has been chosen.

One candidate has been marked and the box is filled in completely.

Check your ballot to be sure you have voted for the candidates and measures you intended. Make sure you mark only one response box in each race or measure. If you mark more than one, your vote in that race will not be counted. Your other votes will be counted if they are done correctly. Leaving an office or ballot measure blank will not invalidate your ballot.

If you make a mistake marking your ballot, draw a line through the incorrectly marked choice as shown. You then have the option of marking another choice.

Statement Clark County's Charter is our privilege and responsibility. It serves as the county's bylaws and constitution, helping to define what the county can do and in some cases what it must do. My priorities on this nonpartisan commission will be public safety, mental health and budgetary restraint. Reforms of the charter may add more accountability in those areas. Education Master of Social Work, Portland State University; Bachelor of Humanities, Washington State University; Certificates in Human Services Management, Community Practice, and Fundraising Management

Community Service Leadership Clark County graduate; Clark County Community Health Improvement Plan steering committee; Clark County Infant Toddler Collaborative Chair

Statement Clark County is my home, and I care deeply about the people who live here. I'm running because I believe our county government should reflect what is important to the people it serves and be shaped by those it represents.

For over a decade, I've worked and volunteered here in our community—as a nonprofit leader, school board president, and as a leader of local public health efforts. I've helped families navigate complex social service and I've seen how important local decisions have impacted real lives; I've learned the value of listening, consistency, and showing up.

This Charter Review is an important opportunity. It's our chance to make sure the county's foundational document is working as intended and serving the public well. I am asking for your vote because I want to help guide a clear, thoughtful process that welcomes input, and puts people first.

I believe in inclusive leadership that's grounded in values, shaped by community voices, and accountable to the people it serves. I'd be honored to bring that perspective—and earn your trust—on the Charter Review Commission.

Statement In governance, it is important to have strong listening skills and to be able to work collaboratively with others. It is the responsibility of elected officials to listen to the community and elevate their voices.

Centering honesty and transparency, I bring to the table empathy and understanding of the issues that concern residents of Clark County. One value I bring to work on the charter is my commitment to community voice, which has helped build strong relationships with my neighbors.

As a lifelong resident myself, I have been active in my neighborhood and the broader community for over 10 years. I have served on a variety of boards during this time, where I learned to work effectively with groups of people who have unique and diverse perspectives.

I have seen many changes in the growth and development of our community, like witnessing the loss of farmland replaced by homes and businesses. One of my priorities is to improve community engagement with County government. I believe that we should have at least two community forums per year to get better input from the community. Elected Experience Port of Vancouver Commissioner, 2016 to Present; Fruit Valley Neighborhood Association, 2010 to Present.

Other Professional Experience

Accounting Management, Process Improvement, Consulting and Strategic Planning; Certified Public Arbitrator (FINRA).

Statement Is our county government working as well as it should?

Clark County's Charter, the county's "constitution," is the foundation of our county government. This year it requires a review to let us look at what's working and what's not. This is our opportunity to update the Charter by having elected Charter Review Commissioners make recommendations for improving the Charter. Their recommendations then go to the voters who make the final decisions about any change - changes that ensure our county is responsible, sustainable, transparent, and accountable.

I have the experience, track record, and a plan for engaging with folks from various backgrounds early and often so our charter reflects our whole community, not political voices or ideologies. I serve the community in several roles, and will use that experience to again represent you.

What is working? What needs improving? I'm here to listen and to represent your goals and values for our county, and I humbly ask for your vote.

Commissioner, District No. 2, Position No. 1

John Bower

Elected Experience Elected to the Evergreen Education Association Representative Council.

Other Professional Experience Substitute Teacher at Evergreen Public Schools.

Education I have an MA in teaching and a BA in history, both from Washington State University of Vancouver.

Community Service Proud to have volunteered with the Vancouver Free Fridge Project, Stone Soup, and the Clark County Food Bank.

Statement Interest groups and wealthy stakeholders control our local government. They donate huge sums of money to political campaigns, molding our County government to their interests. As a working class Commissioner, I will work to ensure our County government only serves the people, not special interests. We must insist that County Councilors hold a public forum at least twice yearly, so councilors can be held accountable for their actions by the public. Further, we must adopt Ranked Choice Voting, a non-partisan reform proven to effectively increase representation, save money, and increase voter participation.

I was born and raised in Clark County. As an educator, I work hard to take care of and teach kids every school day. I have designed numerous project-based lessons encouraging civic engagement. During my history education at WSU Vancouver, I learned about our community and its history, and I believe my local education uniquely prepares me for this position. The County must be made more responsive to the needs of Clark County voters. I ask for your vote for the Charter Review Commission.

Elected Experience Appointed to the Clark County Parks Advisory Board; former Precinct Committee Officer.

Other Professional Experience Founder of a Clark County-based engineering firm advising on complex regional projects. I help clients make informed decisions that balance priorities with financial constraints. That work has

shown me how local policies shape real outcomes in our community.

Education Master of Science from Stanford University; Bachelor of Science from Brigham Young University.

Community Service Board member of the Hazel Dell Salmon Creek Business Association; active member of the Felida Neighborhood Association; longtime church volunteer; former youth sports coach.

Statement Local government often feels distant from those it serves. We begin fixing this by making lasting charter improvements that reflect what Clark County residents expect from our government. I'm running because this rare opportunity to update Clark County's charter, our local constitution, allows us to put residents first. As a commissioner, I'll prioritize public safety, financial accountability, citizen initiative rights, transparency, and affordability.

I bring practical judgment, relevant experience, and insight into how policies shape daily life. Throughout my career, I've solved problems, weighed tradeoffs, and made decisions that deliver results. That's exactly what this charter review demands, and I'm ready to put my experience to work.

Clark County has been my home for nearly 30 years. I've raised a family, built a business, and made a life I cherish here. I'm grateful for all this community has given me, and I'm ready to give back. If elected, I will listen and bring your priorities into the process.

Other Professional Experience

Over 25 years of elections administration experience, including 15 years as Director of Clark County Elections Office (retired in January 2025). I was honored to be recognized by Washington's Secretary of State as

the Elections Administrator of the Year for 2024.

Education Nationally recognized Certified Elections Registration Administrator (CERA); maintained Washington State Elections Administrator certification; Executive Steering Committee member for the design and implementation of VoteWA, Washington's Voter Registration and Election Management System.

Community Service Former Girl Scout leader.

Statement Our Home Rule Charter defines the structure, power and processes of county government within the framework of our state Constitution and laws. Every five years we elect 15 people to decide if an amendment, or amendments, to the charter will be placed on the ballot for voters to consider.

Proposed charter amendments need to be researched, and mindful of the cost to taxpayers as well as possible conflicts with the Constitution and laws before asking voters to approve them. With my extensive knowledge of election laws, I can help save taxpayers' time and money by helping craft proposed charter amendments that have the proper legal authority to be implemented under the state Constitution and laws.

I am a good listener and will work collaboratively with the other charter review commissioners. I will invite and encourage citizens to provide charter amendment ideas and ask for their input on the Charter Review Commission's charter amendment ideas. I will thoughtfully and carefully consider all charter amendment ideas.

We need good governance and a well-thought-out charter. I will work hard to ensure that proposed charter amendments brought forward to you, the voter, make sense. I would be honored to have your vote.

Bob Runnells

Elected Experience Precinct Committee Officer since 2019

Other Professional Experience

Retired from 30+ year aerospace engineering and enterprise risk management consulting career; currently a volunteer director of health education non-profits, with five years of planning events across the state and

lobbying in Olympia on legislative issues.

Education BS Aerospace Engineering (Colorado); MBA-finance (California-Irvine)

Community Service Stream Team-certified Stream Steward restoring Salmon Creek watershed, a program through Clark Public Utilities (2018-2020); Certified Election Observer at Clark County Elections Office in every primary and general election since 2022.

Statement Clark County was a great place to raise a family when I moved here sixteen years ago. Today, I'm worried we're losing what made it special. I'm deeply concerned with the county's trajectory - students and schools are lagging, law enforcement is underfunded, and vagrancy remains a threat to safety and quality of life. As your Charter Review Commissioner, I'll keep the whole community in mind to prioritize amendments that will bolster public safety, making it possible to set policies that support higher staffing levels and officer resources.

My political views are rooted in fiscal conservatism, small government, and protection of individual rights for a more sustainable society. I'll only support amendments that lead to responsible spending. Affordability of new programs or projects should be clearly communicated to county citizens, especially for the I-5 Interstate Bridge Replacement program which currently fails to address core issues.

Bringing 30 years of solving technical and management issues in the commercial world, I will work with all stakeholders to make our county government Charter more effective and efficient. Please vote for me so we can build a safer and stronger Clark County.

Elected Experience Former Precinct Committee Officer, State Committeeman, and Executive Board Director representing Southwest Washington on a state party committee. Advocated for local reform and grassroots representation.

Transportation and Maren-Go Solutions (Vancouver Innovation Center); CTO of CargoRx; Data Engineer at ZoomInfo. Over a decade in data, logistics, and systems strategy.

Education Associate of Arts, Clark College — Honors Program graduate. Continuing studies in systems governance, law, and public infrastructure reform.

Community Service Volunteer intake assistant at Southwest Free Clinic; file and fax coordinator for PeaceHealth Coagulation Unit; school volunteer with Vancouver Public Schools, supporting youth education and accessibility.

Statement We, the people of Clark County, are ready to take a hard look at the system that's supposed to serve us. And make it better. Too often, decisions that affect our daily lives are made behind closed doors, by unelected administrators, with little accountability or visibility. We believe in expertise, but not in insulation. We want leadership that answers to the people, not just to process.

This Charter Review Commission is our chance to fix that. To restore public trust, sharpen accountability, and modernize a system that feels increasingly out of step with the people it represents. Let's rethink how power moves in this county. Let's make it easier for residents to participate, easier to follow decisions, and harder for responsibility to disappear into the void. We're not here to burn anything down. We're here to build something stronger, together.

I'm running not to speak for the people, but as the people. I'll fight for more access, more clarity, and more voice. Not just for the well-connected, but for every neighborhood, every worker, every family that calls Clark County home. Let's stop accepting "just how it is." Let's redesign how it should be.

Elected Experience None. This is my first time seeking public office, motivated by a desire to ensure Clark County's government works for everyday people.

Other Professional Experience Five years in outside field sales and customer relations across the Western U.S., focused on residential services and logistics.

Education Attended Clark College and Skyview High School. Completed professional training in sales, communication, and team leadership.

Community Service Active volunteer in neighborhood cleanup efforts and youth mentorship. Committed to engaging with local residents to better understand and represent community priorities.

Statement I'm running for the Charter Review Commission because it's time for new energy and new voices in Clark County. As one of the youngest candidates in this race, I represent a generation that's ready to be involved, not just talked about. I've heard from county leaders that youth participation is needed. I'm stepping up to answer that call.

This charter review is our chance to open the doors wider for public involvement. I support creating an online tracker so people can easily follow and participate in the county's mini-initiative process, no more buried forms or confusing steps. If the people have power, they should be able to use it.

I also believe our county's Ethics Commission should deliver its findings directly to the public, not filtered through the County Manager or County Council. Government integrity should be open, visible, and accountable to the people at every stage.

I'm not part of any political machine. I'm here to represent working families, young voices, and anyone who's felt left out of local decisions. I'll listen, show up, and fight to make Clark County's charter a living document that truly serves us all.

Statement I was born and raised in Vancouver, Washington—just like my wife. Together, we raised five children here, all of whom graduated from Evergreen High School. We are now proud grandparents to ten grandchildren.

After 58 years of calling Vancouver home, I've decided to get involved in our political system because I'm deeply concerned about the direction our city is heading. I've watched as outside influences have pushed Vancouver to resemble Portland or Seattle, and I believe it's time to stand up for a different path.

If elected, I will do everything in my power to preserve the character of our community and prevent it from being reshaped by agendas that don't reflect our values. A vote for me is a vote to restore stability, prosperity, and harmony in the city I've dedicated my life to.

Ben Christly

Elected Experience Former President, Student Nurse Association, Missouri State University

Other Professional Experience Veteran, Flight Nurse, Professional Endurance Coach, Small Business Owner

Education Bachelor of Science in Nursing; Associate of Arts; currently pursuing a Master's in Leadership at Northeastern University

Community Service Youth Football Coach; Meals on Wheels Volunteer; Advocate for Veterans and Access to Healthcare; Active in civic engagement through tree planting, habitat restoration, and local outreach partnerships with the City of Vancouver and community organizations

Statement I'm Ben Christly and I ask for your vote to help ensure that county governance is rooted in fairness with decisions that reflect our shared values. I'm running to represent District 3 on the Charter Review Commission because I believe local government should be accountable, transparent, and designed to serve the people, not special interests.

As a father of three, veteran, small business owner, flight nurse, and advocate for public service, I understand the everyday consequences of government decisions. I'll advocate for fair representation, open meetings, and charter language that's easy to understand by every voter, not just legal professionals.

The county charter is more than a legal document; it's the foundation of how Clark County operates. Every five years, we elect commissioners to review that charter and propose changes that reflect the values, needs, and direction of our community. With current conversations around redistricting fairness, initiative access, and elected official compensation, this work is more important than ever.

Clark County is changing rapidly, and our charter should evolve with it. As your Charter Review Commissioner, I'll bring a practical, community focused mindset to this work, grounded in real-world experience, guided by common sense, and driven by public input.

Election Integrity/Voter Roll Maintenance Volunteer, ensuring accurate records. Forum Chair, organizing community policy discussions. Maintain a voter registration and education center for a local community.

Statement As a Clark County resident since 1986, I understand the importance of a strong and responsive local government. The County Charter is our community's foundational document, and the Charter Review Committee plays a vital role in ensuring it remains aligned with the will of the people. I believe in thoughtful, commonsense solutions that strengthen local governance and reflect our community's values. By carefully reviewing the Charter and proposing needed adjustments, we can ensure a more effective balance between professional management and public oversight. I'm committed to listening to your concerns and representing your voice with integrity and purpose.

Education B.S. Mathematics-Portland State, Data Science-Bloomtech

Community Service Director for a non-profit helping young mothers ages 18-24 become financially independent, Veterans Organizations, VFW, Fish Food Bank, Boys and Girls Club, PTA, Voter Outreach and Education

Statement After completing my military service, I chose Clark County as my home because of its natural beauty and affordability. While the landscape is still stunning, affordability is becoming a challenge. We need a county government that is accessible, responsive, and focused on the people it serves. Good governance starts at the local level, where the impact on daily life is most direct.

In 2020, I was elected to the County Charter Review Commission to help ensure our local government operates with fairness and integrity. I ran on a platform to reduce partisanship in county elections and to strengthen ethics rules that prevent the misuse of public office. Thanks to the commission's work and the will of the voters, Clark County adopted strong new ethics rules in 2021. Unfortunately, the county council has struggled to implement those reforms fully, undermining public trust and accountability. These new provisions need refining to help the council implement them more effectively.

Clark County deserves a government that works for everyone. With thoughtful updates to the charter, we can strengthen the foundation for transparency, accountability, and civic engagement. I respectfully ask for your vote to continue building a better, more responsive Clark County together.

Statement I am seeking to serve on the Charter Review Commission to serve our community effectively. I want to prioritize three values on the commission: *Public Involvement*, *Representation*, and *Accountability*. Our City has initiated many positive changes in the past few years, yet here's more work to be done. This election is about choosing representatives who are forward-looking and will collaborate for positive results. So I ask for your support and thank you for the opportunity to represent you.

Statement As a lifelong Washingtonian and the daughter of a U.S. Army veteran, I was raised to value integrity, hard work, and service. My husband and I have had the privilege of raising our children here in Battle Ground, where five have graduated through the Battle Ground School District. I treasure our small-town charm – Friday night Tigers football, strolling past Main Street’s locally owned shops, and enjoying the strong sense of community that makes this city our home – but the Battle Ground I love is changing. I no longer feel safe riding my bike along busy roadways or leaving my vehicle unlocked. Our roads are congested, schools are stretched thin, and utilities are overburdened – not just because of development, but because of poor planning and misplaced priorities. I’m running for City Council because I want to help preserve our rural roots and unique character, helping to guide our beloved city with transparency and fiscal accountability. I bring a strong voice for responsible growth, traffic safety improvements, small business/commercial development, nature trails, and recreational activities. Let’s restore trust, preserve our hometown identity, and plan wisely for the future.

Statement As a dedicated Battle Ground resident, father, and former City Council member, I have consistently fought for responsible governance and fiscal accountability. I believe leadership should remain transparent and focused on serving the community, which is why I advocated for term limits to prevent political entrenchment. I have opposed excessive tax increases that unfairly burden residents. When the Fire District 3 annexation was proposed, I spoke out unsuccessfully against the plan to retain the city's share of property taxes. The council ultimately decided on an approach that, in some cases, doubled property taxes for citizens. Protecting taxpayers remains a priority for me.

I have consistently challenged the sharp increase in City Council compensation—rising from approximately \$300 per month to nearly \$3,000 per month over the past nine years. Public service should be rooted in dedication to the community, not financial gain. Establishing a salary commission to evaluate benefits annually only reinforces the trend of excessive spending. Battle Ground deserves leaders who are fiscally responsible, transparent, and focused on the needs of residents. I am committed to ensuring our local government remains accountable and prioritizes the well-being and prosperity of the people it serves.

As an engineer, I've spent my career delivering complex projects— on time and budget — in our region. I understand how cities work: how to manage taxpayer dollars responsibly, solve problems practically, and

collaboratively. And, as a family downtown business owner, I champion building a resilient local economy. Roles: Civil Engineering Manager, Port of Portland; Transportation Manager, MacKay Sposito; Associate Civil Engineer, Vancouver.

Community Service Camas Planning Commission, North Shore Subarea Advisory, Grand Ridge HOA treasurer, *Woman with Vision* award, K-12 STEM and Career Technical Education volunteer.

Statement For 18 years, the natural beauty, strong values, and warm community have been home to my family, where our kids benefit from public school. We have seen much growth— more than our emergency services, utilities, and streets can handle. So, I'm running for City Council to protect what makes Camas special while ensuring we grow thoughtfully *without sacrificing the public services, natural resources, and economic opportunities we need to thrive.*

As an engineer and planning commissioner, I use innovative, practical, and results—driven approaches to get the job done. As your Councilor, I'll bring that experience to collaborate and address the challenges we face— housing shortage, school enrollment, overtaxed infrastructure, and long-term economic stability.

My vision for Camas is sustainability— strong economy, good governance, and quality of life. It's one where natural green spaces, vibrant neighborhoods, and thriving businesses connect and promote a healthy and united community.

I believe in practical leadership, not political games. I believe in listening, not dividing. Camas deserves council members who say "yes" to realistic solutions— not "no" to progress. Habitat for Humanity.

Statement My wife and I have lived in La Center for 2.5 years. We moved here because we have family in Woodland and Camas. We chose La Center because of its small town, community atmosphere. Since our move, we have experienced the kindness of people in our everyday lives. We feel fortunate to live here.

La Center will be making important decisions about its direction in the next few years. Downtown 2.0 and Timmons Landing are two significant projects that are contemplated. Also, it is likely we will see business development near the Interstate-5 junction. Therefore, progress in town and at the edge of town must be done in a planned and thoughtful manner that respects the character of La Center.

I would like to see more community activities, programs, art, and small businesses for those that live here, so we don't need to drive to surrounding communities as often. Though several candidates are running unopposed, I believe the right to vote is a significant way we preserve our quality of life for our children and future generations. I've worked hard to improve our quality of life by balancing the budget, enhancing public safety, creating living-wage jobs through diversified economic development, and maintaining our parks and services. We've accomplished a great deal, and I'm ready to continue the work that lies ahead.

Budgeting: We've saved millions by refinancing debt and secured hundreds of millions in federal and state grants for water, housing, transportation, and safety. *Economic Development:* I support policies that attract private investment, like the Heights District, expand apprenticeships to strengthen our workforce, and enhance resiliency. *Public Safety:* As a longtime police and fire volunteer, I support staffing and technology upgrades and helped advance our Washington Public Safety Academy. *Affordable Housing:* I support the Homeless and Affordable Housing Plans and advocate for seniors, people with disabilities, and our most vulnerable. *Transportation and Environment:* I back infrastructure that supports safe car and multimodal travel. I'm committed to sustainable, climate-smart solutions.

I'm honored to have the support of elected officials, neighborhood leaders, veterans, first responders, and hundreds of residents and business owners.

I respectfully ask for your vote to continue this important work.

Statement I believe in a Vancouver where every resident, regardless of background, is not just *surviving* but *thriving*. Vancouver has made significant advances in recent years, but there's more work ahead.

Since being elected in 2021, I've worked hard to deliver on my promises to you: advancing our response to climate change; protecting the environment; expanding affordable housing; ensuring the voices of those most impacted are heard; making grants more accessible for small cultural organizations; promoting development that centers community voices; creating safer transportation options; and increasing shelter capacity and improving our homelessness response, which has become a model for other cities.

I understand the challenges families face in juggling time, energy, and resources, and I bring that lived experience to every decision. As a multi-racial single mother, with Native American and Chicano ancestry, I'm dedicated to the safety and resiliency of this community, and my entire professional and personal life has been rooted in public service.

I will lead with equity, accountability, and care as I continue fighting for the Vancouver we all believe in. This city helped shape who I am, and I'm proud to give back. I'd be honored to have your support to continue this work.

Other Professional Experience Future Soldier Program graduate.

Education I am a lifelong resident of Vancouver, Washington, and graduate of Evergreen High School.

Community Service My first exposure to civic responsibility was at age 4,

advocating with my family to reopen Vancouver Fire Station 6. Our efforts reopened the essential station and taught me about the power of the people’s voice in city politics. Since then, I have stayed involved in my neighborhood association and local food banks. Having learned the value of civic involvement at a young age I carry a deep respect for local government and the people it serves.

Statement At 20 years old, I bring a fresh perspective, strong civic roots, and a drive to ensure every resident’s voice is heard. My age is a strength. I represent a new generation of leadership that listens, leads with integrity, and thinks long-term. An important goal is to bring out the youth vote. I’m committed to making Vancouver’s government more accessible and responsive to all residents.

Maintaining and strengthening Public Safety is the paramount duty of the city council. I will support our police and fire, promote crime prevention, mental health resources, community engagement and provide adequate funding to meet these needs.

Vancouver’s \$2.1 billion budget must reflect the will of the people. I will call for transparency, accountability, and wise use of every tax dollar. We need to find solutions that support our parks, maintain our roads, attract jobs and grow our economy. While it is essential to fund what is already working, it is equally important to recognize and address systemic barriers that perpetuate homelessness.

I’m running to help build a safer, more accountable Vancouver—one that works for everyone. Together, we can shape a brighter future for Vancouver.

City of Woodland

Council, Position No. 1

Aaron Brown

Statement Woodland is growing fast. We can grow by accident—or by design. I’m Aaron Brown. I live in Old Town Woodland with my family, where we’ve built our lives and raised our kids in the same schools many of you have. We believe in Woodland because we live it every day.

I believe in family, in community, and in the strength of a democratic republic. As Woodland prepares to double in population over the next decade, I want to help ensure that growth is steady, thoughtful, and economically sound—growth that reflects our values and strengthens our city for generations to come.

I also believe the decisions we make must be rooted in what makes Woodland unique: connected neighborhoods, family-first thinking, and leadership that listens. I want to represent a community invested in itself.

I’m running for City Council to help strengthen the “We” in Woodland—bringing people together across perspectives, building bridges, and shaping policy that works for families, businesses, and future generations. Let’s preserve what makes Woodland special while building an even stronger tomorrow.

Brittny Michaelson

Statement Woodland is in my blood. My children are sixth-generation Woodlanders. My great-great-grandfather, Carl Insel, was a respected business owner and community leader who cared deeply for this town. That legacy of service and love for Woodland has been passed down through the generations.

This community means everything to me. I’ve watched neighbors speak up at city council meetings, on social media, and in personal conversations—only to feel unheard. That has to change.

I’m running for City Council to be a true representative for the people of Woodland—to listen, to validate, and to work toward the changes our community wants and needs. I’m not a politician—I’m your neighbor, your fellow community member, and someone deeply invested in the future of this town.

My priorities reflect what I hear from you: transparency in city spending, addressing overstressed infrastructure (we can’t keep growing without systems to support it), support for legal businesses—including cannabis, downtown revitalization and support for small businesses, and protecting farmland and natural spaces that define Woodland’s rural character. I won’t pretend to have all the answers, but I will show up, listen with care, and lead with integrity. *Woodland deserves a council that reflects its people.*

Carol Rounds

Statement Carol Rounds, running for Council Position #2. I reside at 576 Buckeye St. Woodland, WA 98674, where I have lived for 46 years. My three children graduated from Woodland High School. I worked 37 years at a local bank and retired as branch manager in 2014.

I am running for council position to help improve the quality of life for all Woodland citizens by making it a more business friendly place. I believe that this would help create more family wage jobs, and thus create more tax revenue without increasing taxes.

I believe I am the best candidate because I work well with people and have a common sense approach. My community service with Woodland Rotary, the Chamber of Commerce, CAP, United Way & YMCA adds to my qualifications for being on the Woodland City Council. Below are my top 3 priorities: Encourage economic growth and good paying jobs; Create and/or stimulate solutions to traffic congestion; Be a good steward of your tax dollars.

I believe the area we should focus on the most is industrial development which provides family wage jobs and an increased tax base.

DeeAnna Holland

Statement Hey there, I’m DeeAnna Holland, and I’m running to return to the Woodland City Council to bring back experienced, community-first leadership. As a former council member and lifelong advocate for Woodland, I’ve always stood for practical solutions, honest dialogue, and policies that put residents—not special interests—first.

With a background in business and public service, I understand the importance of balancing the budget while protecting essential services like roads, water systems, and public facilities that serve both families and small businesses alike. I’ve never been afraid to ask tough questions, eliminate waste, and ensure every tax dollar is spent wisely.

I believe in thoughtful growth that supports our infrastructure and respects Woodland’s rural character. We must prioritize the needs of current residents before considering expansion or tax increases. I support community-driven solutions that reflect our shared values and protect what makes Woodland special. Leadership means showing up, listening, and making decisions that serve the whole community. I’m committed to transparency, accessibility, and integrity—and I’m ready to lead with the experience, heart, and accountability our city deserves.

Elected Experience I served in Battle Ground Education Association (BGEA) as a union rep, Primary Rep at Large, Secretary and finally as Vice President.

Other Professional Experience I have been an elementary level teacher for 37 years.

Education I hold a Master's Degree in Elementary Education from City

Community Service I volunteer in the schools, working with students, providing additional academic support. I also serve in my local church here in Battle Ground.

Statement As a candidate for Battle Ground Public Schools Director, Position 1, my priority is to strengthen our district by increasing public trust, and supporting staff and students to ultimately achieve student success.

As a proud recently retired primary teacher of 32 years in Battle Ground, and as a leader in the Battle Ground Education Association, I have first hand experience of what works and what doesn't. I completely believe in our schools; there is such heart here. Battle Ground is not perfect, but if we work together as a community, we can make it even better. I am committed to providing the resources necessary to support students and staff, while also being fiscally responsible with limited funds.

I have heard the community and their desire to make our schools stronger. We need everyone to be involved to make that happen. I am determined to increase public involvement in our schools, so they can see the amazing things happening and then to provide educated feedback for improvement.

Other Professional Experience Visual display artist, 8 years. Classified and emergency substitute for BGPS, 3 years. Currently work for the Family Policy Institute of Washington.

Education Graduated Prairie HS, University of Southern Oregon, B.S. in Art.

Community Service Since 2018, advocated for family engagement in education, Director of WA Parents' Rights in Education, 5 years. Worked with lawmakers, school board directors, and met twice with Superintendent Chris Reykdal. Spearheaded organizing members of WSSDA who eliminated the weighted vote, breaking Seattle's control and restoring fairness in voting. Worked with the district to revise the library procedure improving oversight and consistency. Served on the Citizens Advisory Committee.

Statement Battle Ground School District offers many valuable and unique opportunities for students that might not be offered in other districts. We have dedicated teachers who care deeply about our children and work hard to provide a strong education.

However, I believe we can do better. Our test scores have dropped yet graduation rates have gone up. We pay over \$17,000 per student and despite the district's efforts to be fiscally responsible they have been forced to cut \$20 million from the budget. I believe there is room for improvement.

I aim to foster open communication and transparency between families and the district, while focusing on better fiscal management. I'll work towards greater transparency in contract negotiations. I'll work with the district to increase community involvement by encouraging more volunteers. I'll work with the district to increase middle school readiness by ensuring that every child is reading at grade level by the time they enter 4th grade. I'll work with the district and the community to bring back the Aspire program and middle school sports.

Let's work together to bring back a strong foundation of excellence in education for *all* of our kids.

Statement I'm a father of four children in the district, a U.S. Air Force veteran, and a project manager in the manufacturing sector. I'm running because our schools need steady leadership—grounded in principle, anchored in our community, and committed to truth, responsibility, and excellence. I believe in local control, fiscal discipline, and giving parents a meaningful voice in education. We should be teaching students how to think—not what to think. That means a focus on core academics, respect for families, and classrooms free from political agendas.

I've led teams, managed complex infrastructure projects, and built lasting partnerships in both public and private sectors. My experience includes military leadership, executive management, and community development. These roles have shaped how I approach challenges—with clarity, accountability, and long-term thinking.

As Committee Chair for Battle Ground Young Life and a member of the VFW, I've worked directly with students and families across our community. I've seen firsthand the importance of mentorship, strong moral examples, and protecting the values that make this a great place to raise a family. I'll work to protect the integrity of our schools and help shape an education that honors both our heritage and our future.

Community Service Volunteer judge with DECA and FBLA 2022-present

Statement I am running for Evergreen Public Schools because our brand image is broken. We were told to pass a levy to save certain jobs but those jobs went away even with the levy passing. Several incidents with a former teacher at Covington have led to more questions than answers and was part of the no vote for the 2022 levy alongside perceptions the district is not properly addressing issues. We have had 6 incidents with guns or knives on district property within the last 3.5 years yet there is no effort of bringing security back into our schools (School Resource Officers or private security) and the district chose to cut dean of students for middle schools in spite of two of the incidents taking place at Shahala. The AVID program has also been taken away even with neighboring Vancouver SD expanding on it even with the program being beneficial to students. Our community has reiterated that office staff be cut yet we are cutting librarians, paraeducators, deans of students all which impact students on a daily basis. We must rehabilitate our brand and rebuild trust within the community. I would be honored to receive your vote

Statement It is an honor to serve as a Board Director for Evergreen Public Schools. I believe public education is the promise that every child deserves a chance to learn, grow and succeed. Providing a quality education to every student is my top priority. In my tenure as a board director, graduation rates continue to rise and consistently are above the state average. Offering a variety of programs with academic rigor for students to become college or career ready, and engaged in their school experience is my commitment to the community. Education Tarrant County Junior College, LeTourneau University, Clark College

Community Service Good Shepherd Episcopal church volunteer, Cascadia Montessori volunteer, and a neighborhood volunteer.

Statement As an established 25-year Vancouver resident and the parent of a 6th grader, I'm concerned about the education that our students are receiving. Only 35% of Evergreen students meet standards for math, science, and english (per OSPI) while a neighboring district is double that nearing 70%. The Evergreen School District (ESD) ranks last of the nine Clark County school districts.

This is unacceptable and is a contributing factor why ESD has lost 5,000 in student enrollment since 2016, resulting in the loss of \$90,000,000.00 in state funding. The ESD board commits that "all students will be world-competitive upon graduation", they've failed! The board also commits to "creating a fiscally responsible system". How's the firing of two superintendents (within 4 years) without cause, costing the district over \$500,000.00, fiscally responsible? We need new leadership, not low standards.

I believe in returning to the core basics of education (reading, writing, and arithmetic), bringing back elementary school librarians, advocating for security, thus promoting a strong culture for learning. To place the needs of the students above all else, the board/district needs to operate more responsibly. I'll use my analytical business skills to make sound quality decisions. Vote Bernard for Evergreen!

Statement It has been an honor to serve as your School Board Director in EPS and I will continue to lead effectively as a representative for you and our community. My focus is to improve the quality of education for every student by continuing to invest in them through equity and inclusion, innovation and technology, quality educators and facilities that foster growth. I have worked on numerous initiatives in the District but the ones I'm most proud of include expanding the equity work being done in the district, the replacement of outdated schools, increasing graduation rates and the work being done to bring more student voice to the Board and its decision-making processes. As a parent of three children, I want the best learning opportunities for my children and for all students in our community. I have seen first-hand the positive impacts a collaborative team can have on a student's success. Statement Hi, I'm Stacie Prentice Mitchem, and I'm running for School Director, District 1. I'm proud to be part of the very first graduating class of Hockinson High School, and I'm a parent of four kids--three of whom are in our district schools right now. Our family also owns and runs a small business and a farm here in Hockinson, so we're deeply connected to this community.

I've served on our local HOA Board, where I learned about budgeting, working with neighbors, and making decisions that benefit everyone. I want to bring that same approach to the school board.

I believe every child deserves to feel safe, supported, and encouraged to grow in our schools. If I'm elected, I'll work hard to make sure that families and schools work together, that students have great opportunities to learn and prepare for their futures, and that the community's voice is heard.

I'm committed to being transparent and responsible with how we manage our resources. It would be an honor to serve and give back to the district that helped shape me. On November 4th, please vote for Stacie Prentice Mitchem. Let's work together to keep our schools strong and our community thriving.

Statement I'm passionate about supporting our vibrant small town, enriched and energized by its schools. My husband, Jim, and I have been active members of the Hockinson community since 1996. Our three children attended Hockinson schools, and we've seen firsthand how the district's commitment to excellence has positively impacted their lives. Now, as a proud Hockinson grandparent, I want to give back in a meaningful way. That's why I want to continue my volunteer work on the school board—to help maintain the excellence Hockinson is known for.

My experience on the board has deepened my appreciation for how vital our schools are to the community. We are fortunate to have dedicated staff and school leaders who continually pursue improvement for the benefit of all students. Many families move here for our exceptional education; our schools consistently rank among the best in the state. Over the past four years, Hockinson's state (SBA) scores outperformed other districts by 91%, with graduation rates above 95%. Elected Experience This will be my first elected position; however, I have served in a volunteer capacity on multiple nonprofit and public sector boards and committees.

Other Professional Experience

of the Development Engineering Advisory Board for Clark County. Previously, I was the Executive Director for Leadership Clark County.

Education Attended South Puget Sound Community College

Community Service Current Member of the Career and Technical Education (CTE) Regional Advisory Board, Cascadia Technical Academy Construction Advisory Board, Hockinson High School CTE Advisory Board, and Evergreen Public Schools High School General Advisory.

Statement Hockinson is a supportive, community focused district where families of all kinds can thrive. As your representative on the Hockinson School Board, my focus will be funding solutions for our growth, safety for students and staff, and ensuring we prepare students for careers after high school; whether college bound or other. It's essential that our students can see what possibilities exist after high school.

Our schools need improvements to support the growth of the district, however costs to do so continue to increase. I'll work with both community members and our state to find the best funding options for our schools. There are solutions available, we just need to go after them.

Safety is a continued concern and encompasses far more than increased security and lockdown measures, it's anti-bullying and harassment education, and supporting those students who are safest when at school. Safety also includes holding our transportation provider accountable for our children from pick-up to drop-off.

In addition to my student and staff priorities, I will push for additional community engagement and transparency. Members of the community have the right to know what is happening in our schools; our students are the future of our community.

Statement Being appointed to this position has been an incredible honor. Earning your vote would mean even more. With two children in the district, I would like to be directly involved in helping our schools reach their potential for current and future generations of Spudders. Our schools are incredible, and I see a future where they continue to grow and become even more than the amazing institutions that they already are. Ridgefield echoes many of the same values that I grew up with: being a good neighbor, pulling together to solve problems, seeking to understand one another in order to strengthen our community. I believe I can represent these values while serving on the school board and help create positive change for our school district. Standing on hundreds of porches across Ridgefield asking the question of how our neighbors feel about the district hasn't always been easy, but it was and continues to be important work to bridge the connection between our schools and the community. Statement As the son and grandson of educators, the parent of an educator, and an advocate for public education, I have been disappointed at the direction of management in our school district. Vancouver Public schools has virtually emptied our cash reserves, resulting in a painful layoff of district employees. VPS continues to spend more money on basic education than the state allocates; we have been forced to use our local levy funding to support state-mandates, rather than enriching our program. Our school district has one of the lowest financial health scores of any district in the state and we just received a financial warning from the Office of the Superintendent for Public Instruction.

Only three months into this fiscal year, VPS took an early distribution of money from the state in order to have cash for payroll.

These are all predictable results of decisions by our school board.

We need to change. Our students and our educators need the entire community's inventiveness to prepare our children for their future. We need to analyze our options, temper our aspirations, and work together to provide the best education for our children. I ask for your vote to improve our board's performance.

Statement As a Vancouver School Board director, I am committed to making this district one that our community can be proud of: a district that welcomes all students, educates all abilities, and prepares students for every opportunity that comes their way. Over the past few years, we’ve achieved significant progress, including two new elementary schools, expanded Career and Technical Education programs, and a robust equity policy that has ensured more opportunities for more students.

But as any educator can tell you, our work is never finished. Since joining the board, I’ve helped lead VPS through many significant challenges. As we navigate the next few years – years that are full of uncertainty – it is more important than ever that our community stays true to our core values: supporting strong public schools that focus time, money, and energy on the potential of *all* students, no matter their background, strengths, needs, or identity. Now is the time for strong leaders, and as a lifelong resident and product of VPS, the parent of two current VPS students, and a classroom teacher, I assure you my resolve is stronger than ever. Statement As a proud mother of two, a long time Washougal resident, and your current School Board President, I am honored to seek re-election to the Washougal School District Board of Directors, District 3. Over the past term, I've worked hard to champion student success, support our teachers and staff, and ensure transparency and accountability in district decisions.

During my term, we've made important strides in academic achievement, expanded career and technical education opportunities, and prioritized the safety and wellbeing of every student. I feel that I bring a balanced, common-sense approach to the board- always listening to families, educators, and community members with respect and a shared goal: putting our students first.

Washougal schools are the heart of our community. I am running for another term to continue advocating for strong public education, responsible budgeting, and thoughtful policies that reflect our values.

With your support, I will continue to work hard for our students, families, and schools. Let's keep Washougal moving forward-together because in Washougal, We Show Up!

Statement Thank you for reading this - as a longtime resident of rural Washougal, who grew up in the barns, creeks, and working in the hayfields in the area, I am excited to have this opportunity to represent you on the school board. I am a parent with children in the school system, I think it is important for us all to stand up and speak our voices when it comes to guiding the district. As I listen to the community, the big questions that everyone has are around fiscal responsibility, enrollment, and teaching. Where is the money going from all of the taxes that are paid in? How are we not seeing more enrollment with all of the building going on in and around the town? And finally, how do we meet our district goals of increasing test scores when we keep cutting teachers and paraeducators? I don't know the answer to any of these, but I aim to find out and to champion your voice.

Statement *"Youth Are Our Future Leaders."* With 39 years of service at the Washington State Employment Security Department, I have assisted countless individuals in navigating unemployment benefits and securing employment opportunities. My role involved providing essential support to those facing job transitions, ensuring they had access to the resources and guidance needed to re-enter the workforce.

Having lived in Cowlitz County for 29 years and being married for 37 years, my family and I have deep roots in this community. My children attended Woodland schools for 12 years, giving me firsthand insight into the educational environment and the importance of fostering strong parent-teacher-student relationships.

I am committed to *listening* to the concerns of parents, teachers, and students, *responding* thoughtfully to questions and feedback, and *proactively resolving* communication challenges within our schools.

My extensive experience in public service and employment assistance equips me with the skills necessary to advocate effectively for our students and educators. Statement I have lived in Woodland for nine years and all my children have or still attend Woodland Schools. I am highly invested in our community and am excited about our future. I passionately believe that a quality public education is a fundamental right for all.

My mission is to ensure that every child in Woodland Schools, regardless of

barriers, can have the best education possible and can achieve their full academic potential. One of my children is autistic, so I am keenly aware of the barriers and struggles that can be present.

To that end if elected I will hold teachers and administrators accountable for student success. I will ask the hard questions about why our hard-earned tax dollars should go towards programs and what benefits to expect for students. I will enact policies to balance reliance on technology with time on pencils, paper and textbooks. I will make data driven decisions and ensure the business of Woodland Schools is transparent. I will strengthen community engagement with parents, students and educators by visiting schools and community events and always being available to constituents.

It has been my pleasure to serve our community, and I hope to continue in the future.

Statement I am running for a 2nd term on the Woodland School Board because our kids deserve better than the garbage being mandated by the incompetent OSPI & the ruling party of tyrannical democrats.

In my 2nd term I will continue to fight for academic education over ideological indoctrination during this time when our

students can barely read, write or do basic math at grade level.

I will continue to fight for our daughters to keep boys out of girls' sports and their safe, intimate spaces, as there is no such thing as a trans kid - only sick, enabling adults. I will continue to fight for parental rights against the tyrants in Olympia who want to destroy family values and force teachers & staff to lie and keep secrets from them. And I will continue to fight for common sense legislation throughout my work within WSSDA and the district, as I did for the Parents Rights Initiative that the democrats have butchered.

I will do everything in my power to ensure Woodland Public Schools continue partnering with parents, being transparent, fiscally responsible, and focus on academic education so our students will become proud, productive members of society.

Statement For over 20 years, my wife and I made our home in Woodland and have come to know and love many of the wonderful people in this community. Raising our three daughters here has motivated us to invest our time into the wellbeing of Woodland School District. middle school, we have cultivated strong relationships with school staff and parents in the community.

It has been my honor to serve on the Woodland School Board for the past five years. During this time, I have gained a deep appreciation for Woodland's quality staff who work together to give students the best education possible. For the next four years, I am committed to expand upon the great work we have already done. I will continue to listen and collaborate with our community to strategize meeting the needs of WSD, within the budget we have, to determine what is best for all of the students and staff at Woodland School District. Statement *Tax Incremental Financing does not pass the straight
face test.*

Tax Incremental Financing, which the state passed in 2021, is
stealing both your votes and the money you voted for maintaining
and improving your fire and EMS. Under this law, cities, counties,
and port districts can form a Tax Incremental Area (TIA) and take
the tax money you voted for maintaining and improving your fire
and EMS and instead spend it on roads, sewer, parks, water, and
other infrastructure projects.

For example, in 2025 the new \$21,810,600 Costco, which lies within
a recently created, TIA, will pay \$43,059 in fire and EMS taxes.
While their tax statement shows this money going to your fire
department, only \$4,365 goes to your fire department. The other
\$38,894 goes to the TIA to pay off bonds for up to 25 years. This
law takes the votes of over 20,000 fire district voters and allows as
few as two elected officials to override these voters' wishes,
spending their money instead on repaying bonds on projects not
related to maintaining and improving their fire and EMS.

*I will continue to fight to recover your money and work to correct
this flawed state law.*

Statement As a current fire commissioner I continue to look out
for the best intrerest of the tax payer. In 2021 the State of
Washington passed a law RCW39.114.020(2) ,that would allow
cities,counties and ports to create a Tax Increment Financing (TIF)
area that would allow Ports,Cities and Counties to take future
Public Safety dollars (Fire EMS) and spend the monies on roads and
sewers without the vote of the tax payer. I think this is wrong.
Currently the Port of Ridgefield and the City of Ridgefield have TIF's
in place and over the next 25 years could take over 60 million
dollars out of the fire districts budget with only the vote of the Port
Commissioners or City councilors. These monies would have been
budgeted for future stations, replacement equipment and new
man power to staff the new stations, but because of the TIF's that
monies will be spent on roads ,sewers and other improvements or
how every the City or Port see fit.As fire commissioner I will fight
hard to rectify this injustice.

Statement Service to our community has been an important part of my life. With your support, I would like to continue that service as your next Clark Regional Wastewater Commissioner. To prepare for this important position, I have been attending Board meetings on a regular basis. Learning about the overall operations of the District (budgeting, strategic planning, capital projects, pump station and treatment plant operations, and their dedicated employees), has been educational. I have enjoyed learning about the duties and responsibilities of the Board of Commissioners and would like to be a part of that oversight team. Outgoing Commissioner Neil Kimsey's dedication to the community has also been part of my inspiration in taking this step. As a CRWWD Commissioner, I would be responsible for providing an outside perspective to ensure that the District continues to provide cost effective, customer-focused service to the community. Proposed Charter Amendment No. 13
Concerning Voting Districts and City Council Member Elections

The Vancouver City Council adopted Resolution M-4339 proposing an amendment to the City Charter concerning the creation of voting districts and City Council member elections. If approved, this amendment would require City Council to appoint a districting commission to divide the City into four geographic voting districts of roughly equal population and would require that four City Council members be elected from the district in which they reside and that two City Council members and the Mayor be elected at large in a citywide election.

Should this amendment be approved?

To vote, use your official ballot.

STATEMENT FOR

Every Charter Review Commission this century has recommended districts; however, this *question has never been sent to the people until now.*

We support the charter amendment for a city council with four districts (one councilor in each) and two councilors elected citywide. Districting is good governance and supported by the National City League model, and every recent charter review commission. It creates the opportunity for residents to be better represented by the people they elect, particularly in a city that is experiencing rapid growth -- approaching 200,000 residents.

We need a governance model that represents everyone. We believe this option makes serving on Council more accessible for residents who are juggling full time work, parenting, or other responsibilities equally important to governing our city. Running for office would be less onerous and less costly to people from all walks of life. Districted city councilors will have a greater opportunity to engage with all residents in their district. In addition, councilors could be your neighbor, a member of your house of worship or a volunteer at your children’s school.

Frankly, our city is too large to only have at-large city councilmembers, which is why we support this hybrid approach.

REBUTTAL OF STATEMENT AGAINST

The “Against” falsely claims that voters are limited to voting for only one city councilor! Fact: this amendment allows you to vote for two at-large councilors, your district councilor, and the mayor. Thus, each voter picks *Four* of the seven sitting on the dais. Councilors must live within city limits, and a district councilor is elected from within your district. *All voters deserve a district representative as their point of contact on council.*

City of Vancouver

EXPLANATORY STATEMENT

Currently the City Charter requires all members of the Vancouver City Council and the Mayor to be elected Citywide without regard to districts. This proposal would amend the Charter and require the City Council to appoint a districting commission to divide the City into four geographic voting districts of roughly equal population. Following the creation of these voting districts, and after a two-year transition period beginning in 2027, four City Council members would be elected from the district in which they reside and two City Council members and the Mayor would be elected at large in a citywide election.

STATEMENT AGAINST

Charter Amendment No. 13 attempts to fix an issue that doesn't exist. Vancouver's current at-large system has worked effectively, with councilmembers already responding to the needs of both individual neighborhoods and the city as a whole. There is no evidence that our elected officials are unable to understand or respond to the needs of individual communities under the current system. This proposal would divide our city unnecessarily and reduce every voter's voice by limiting them to just one council district race instead of voting for all representatives.

Even more troubling, *the amendment does not require a councilmember to reside in the district they represent*. Unlike other cities with district-based systems, Vancouver's proposed charter would allow a councilmember to move out of their district and still remain in office. This undermines the very premise of district representation—how can someone effectively advocate for a district they no longer live in? If districts are meant to strengthen geographic accountability, this proposal weakens it.

Furthermore, *implementing a district-based system introduces additional administrative burdens and long-term costs*. Redistricting, public outreach, voter education, and the potential for legal disputes over district boundaries will all require taxpayer resources. At a time when many residents are already concerned about rising costs and government inefficiency, this measure adds more complexity without delivering clear benefits.

Rather than fixing what isn't broken, Vancouver should focus on real issues that impact our community. This charter amendment falls short of meaningful reform and should be rejected by voters.

REBUTTAL OF STATEMENT FOR

The National League of Cities does not endorse district systems; its report only outlines governance models and tradeoffs. Unlike Houston, Dallas, or San Antonio, Vancouver already offers stronger representation, with seven times more councilmembers per resident. Work-life balance claims are misleading—a district councilmember would still face the same meetings, preparation, and responsibilities as an at-large member. This proposal divides the community while providing no meaningful improvements for residents or city government effectiveness.

City of Vancouver

Proposition No. 5
Police and Public Safety Services Levy Lid Lift

The Vancouver City Council adopted Resolution M-4346 concerning a levy lid lift to fund police and public safety. If approved, this proposition would fund police and public safety services, including additional police officers, equipment, and criminal justice system costs by increasing Vancouver’s regular property tax levy by approximately \$0.15/\$1,000 assessed valuation (AV), for a maximum regular property tax levy rate not to exceed \$2.47/\$1,000 AV for collection in 2026. The 2026 levy amount will be the basis to calculate subsequent levies, per RCW 84.55. Qualifying seniors, veterans, and others would be exempt, per RCW 84.36.

Should this proposition be approved?

To vote, use your official ballot.

STATEMENT FOR

Vancouver is growing rapidly, but our police staffing has not kept pace. Washington State ranks last in the nation for officers per capita, and Vancouver operates the second-lowest-staffed police department among Washington cities with over 100,000 residents. Since 2017, calls for service have risen 24%, response times have increased, and roughly 3,200 cases go uninvestigated annually. Many residents now hesitate to call for help with “minor” issues — not because problems have vanished, but because they fear no one will respond.

Proposition 5 is a timely, necessary step forward. It would add up to 13 sworn officers in various ranks, provide equipment and vehicles consistent with modern policing standards, and fund justice system costs to support them. By increasing staffing, the levy would reduce reliance on mandatory overtime, helping improve officer wellness, retention, and performance, while ensuring more consistent police coverage across the city.

Recruiting and training officers takes time; delaying action will make solving the problem harder and more expensive.

The proposal amounts to just \$6.50 a month for a home valued at \$500,000 or about the same as a cup of coffee. This is a big return on a small investment. When our police department is equipped with the right personnel, tools, and community support, everyone thrives — families, seniors, children, and businesses. We must prioritize the well-being of those who protect us. Public safety is a collective responsibility that requires our unwavering support. Together, we can ensure a brighter and safer future for Vancouver.

REBUTTAL OF STATEMENT AGAINST

Proposition 5 addresses Vancouver’s most urgent public safety needs: funding more officers, equipment, and criminal justice system costs. This proposal is a modest, focused investment to address our acute staffing shortages and public safety needs. Supporting public safety is not a “burden,” but a shared responsibility. Stronger public safety now creates a stronger foundation for long-term improvements. For safer neighborhoods, businesses, and community, a Yes vote on Proposition 5 is the responsible choice.

City of Vancouver

EXPLANATORY STATEMENT

Washington law authorizes cities to seek voter approval to increase, or “lift”, the regular property tax limit. If approved, this proposition would increase Vancouver’s regular levy by approximately \$0.15/\$1,000 assessed value (AV) for a maximum rate of \$2.47/\$1,000 AV in 2026, and would fund police and public safety services, to include additional officers, equipment, and other criminal justice costs. The 2026 levy amount would be the basis to calculate subsequent levies. The estimated 2026 impact of this proposition for a home assessed at \$500,000 would be an additional \$75. Qualifying seniors, veterans, and others would be exempt from the increase.

STATEMENT AGAINST

A Call for Fiscal Responsibility: Why Vancouver Should Reject Proposition 5

Vancouver residents face Proposition 5, a permanent tax increase for police services. While public safety is a priority, this measure is a flawed and fiscally irresponsible approach. Instead of providing a comprehensive solution, it offers a permanent tax without a complete plan. Here are the critical reasons to vote *No* on Proposition 5:

A Permanent Tax Burden

This levy is a *permanent increase* to property taxes. Vancouver families and businesses are already struggling with inflation and rising costs. This measure would add an estimated \$75 annually for a \$500,000 home—a permanent burden with no expiration date.

An Incomplete Public Safety Plan

Proposition 5 proposes hiring more officers but fails to address the entire criminal justice system. The plan overlooks the need for increased capacity in the Clark County courts and jail, which will create a "logjam." This bottleneck could prevent arrests from leading to convictions, potentially forcing early releases and failing to make our community safer.

Demand Accountability and Transparency

The city has not demonstrated a responsible use of its current funds. Recent tax increases have not solved problems with crumbling roads or homelessness. Before asking for more money, the city must audit its departments, eliminate wasteful spending, and prove it can manage its existing budget transparently. *Vote No on Proposition 5.* Let's demand real solutions and fiscal accountability from our city leaders.

REBUTTAL OF STATEMENT FOR

Proposition 5 is proof of failed leadership. City Hall demands permanent, compounding taxes while roads collapse, homelessness explodes, and waste runs unchecked. They promise safety but ignore the courts and jails required to deliver it, guaranteeing chaos and early releases. Vancouver residents are stretched thin, yet politicians keep reaching deeper into our pockets. Enough is enough. Don't reward broken promises and incompetence with a blank check. Demand accountability. Vote *No* on Proposition 5.

Cities of Camas and Washougal

Proposition No. 2
Creation of Camas-Washougal Regional Fire Protection Service Authority

The City Councils of the City of Camas and the City of Washougal have adopted Joint Resolution No. 25-011; 1258 approving the Regional Fire Authority Protection Service Plan ("Plan") concerning the creation of a Regional Fire Protection Service Authority ("RFA") under RCW 52.26.

This proposition would approve the Plan and create an RFA to be known as the Camas-Washougal Fire Authority, effective September 1, 2026, to provide fire protection and emergency medical services in the City of Camas and the City of Washougal. The RFA would be funded by property tax (\$1.05 per \$1,000 of assessed value).

Shall the registered voters residing within the cities of Camas and Washougal approve the formation of a Regional Fire Protection Service Authority and approve the Plan proposed by the cities of Camas and Washougal?

To vote, use your official ballot.

STATEMENT FOR

Protect Lives, Protect Our Future – Yes on the RFA

When you call 911, you want to know help is coming — fast, well-equipped, and ready. The Regional Fire Authority (RFA) guarantees every dollar you contribute goes directly to fire and EMS.

Funding for the Camas-Washougal Fire Department flows through two separate city budgets, competing with other priorities. That has led to decades of underinvestment, with engine crews staffed with only two firefighters — the same as in 1989 — despite law requiring at least three on scene to make a rescue. The industry standard is four. Call volume has jumped 36% since 2012, yet our system hasn't kept pace. Without the RFA, there is no "status quo" — the cities will have to separate services, resulting in higher costs, fewer shared resources, and slower response times.

The RFA will become a separate agency with dedicated revenue, protected from cuts for unrelated projects. Every dollar given to the RFA will be for the RFA to support hiring more firefighters to meet the 3-person crew standard, eliminating ambulance co-pays, and purchasing and maintaining vital equipment. Both cities will lower property tax rates by the full amount used to fund CWFD, offsetting part of the RFA's \$1.05 per \$1,000 tax rate.

The RFA is a proven governance and funding model in Washington that ensures stability and gives firefighters the resources they need. Public safety is a shared priority. The RFA keeps our fire/EMS funding where it belongs — serving you in an emergency.

REBUTTAL OF STATEMENT AGAINST

The opposition's argument makes the case for the RFA. They criticize Camas' handling of revenues, yet the RFA is the solution: a separate agency, a dedicated revenue stream and governance accountable to both cities. This guarantees funds go only to fire and EMS, not diverted elsewhere. Without an RFA, the cities will have to form their own fire department, costing taxpayers more and decreasing efficiency. The RFA is the *solution* to their concerns. Vote *Yes!*

Cities of Camas and Washougal

EXPLANATORY STATEMENT

Camas and Washougal have jointly approved a plan to merge the CWFD into a Regional Fire Protection Service Authority which is allowed under RCW 52.26 to consolidate services with the intent to provide enhanced service delivery. If approved, the Camas-Washougal Fire Authority (“CWFA”) will be effective September 1, 2026, operate under a 6-member governing board initially filled by Council members of both cities, and be funded by a property tax not to exceed \$1.05/\$1,000 of assessed value to be collected in 2027. The CWFA property tax will replace a portion of both cities’ existing lawful property tax levies.

STATEMENT AGAINST

We all support our firefighters, they put their lives on the line every day. But Proposition 2 is a bad deal for taxpayers and a step backward for trust in our city government.

If approved, the RFA will impose a new property tax for fire and EMS services of \$1.05 per \$1,000 assessed value while Camas *keeps* \$0.17 of the \$0.88/\$1000 you already pay for fire. That’s double taxation: paying a new agency for fire while the city keeps part of the old fire tax and diverts it to other spending.

When a city transfers a service to a separate district, it should reduce its levy by the full amount previously dedicated to that service. Many Washington cities have done so. Camas refuses, turning a service transfer into a permanent tax hike. The math is clear: for the average Camas home (\$731,772), annual property taxes rise by about \$249, a 12.9% increase for fire services we already have. The city admits the first-year levy reduction could disappear after year one, meaning costs will climb even higher.

Our city has been flagged by the Washington State Auditor for financial oversight failures three years in a row. In 2021, they promised a utility tax for fire equipment that voters passed—yet not a dime reached the fire department. Support firefighters with *real* fiscal responsibility. Stop rewarding city financial mismanagement. They *can* fix the budget problem without double taxation. Say No, Vote No.

REBUTTAL OF STATEMENT FOR

A Yes vote rewards City Hall’s fiscal mismanagement without fixing the root problem. Our fire service already delivers strong results, and while a three-person crew could modernize staffing, it isn’t legally required. Proposition 2 just adds new taxes, letting the city continue diverting taxpayer funds from essential services. Demand real financial accountability and prioritize our core services before approving new taxes—don’t let this measure mask City Hall’s ongoing budget failures. Vote No.

Port of Camas-Washougal

Proposition No. 1

Port Commissioner Terms

The Board of Commissioners of the Port of Camas-Washougal adopted Resolution No. 4-25 concerning the length of Port Commissioner terms of office. If approved, this resolution would extend the term of Camas-Washougal Port Commissioner from four (4) years to six (6) years.

Should this proposition be approved?

To vote, use your official ballot.

STATEMENT FOR

Having a strong, sustainable, and involved port is important for every community. Consistency in commissioners is vital for community relationship building, sustainable visioning and project management, and to maintain important institutional knowledge that helps large scale decisions to be made in the best way possible. It's beneficial to have leadership that is familiar with what is involved in all port processes and projects, and to have strong relationships in the community to have projects come to fruition in the most robust and complete ways.

Because of the above reasons, we are proponents of extending our port commissioner terms to six years. With six year terms, there is more consistency in the knowledge of the long term projects that are so important to the functioning of our port. With six year terms, two of the commissioners would remain stable during any election cycle, maintaining institutional knowledge and relationships that are vital to the economic development of Camas and Washougal.

90.7% of all ports in Washington are already run by three commissioners serving six year terms. In smaller towns and port districts such as Camas/Washougal, it can be more difficult to recruit interested people as candidates and having six year terms helps with sustainability in this important work.

The Port of Camas-Washougal provides vital assets and economic development to our community. We ask for your support for six year terms for our port commissioners so they can work to create even greater strength, consistency and sustainability for Camas and Washougal.

EXPLANATORY STATEMENT

Washington's 75 port districts are independent government entities. Most are governed by three commissioners serving six-year terms. The Port of Camas-Washougal is one of seven districts statewide where commissioners serve four-year terms, resulting in two-thirds of Commissioners running for re-election at times, potentially draining institutional leadership and knowledge. If passed, this Proposition extends the Port of Camas-Washougal Commissioner terms to six years. Rejection retains the current four-year commissioner terms.

City of Vancouver — Proposition No. 5

Resolution No. M-4346

A RESOLUTION of the City Council of the City of Vancouver, Washington, providing for the submission to the qualified electors of the City of Vancouver at the November 4, 2025, General Election of a proposition authorizing the City to increase its regular property tax levy above the limit established in chapter 84.55 RCW to fund police and public safety services; requesting the Clark County Auditor to place the proposition on the November 4, 2025, ballot; and approving matters properly related thereto.

WHEREAS, community growth and the associated 24% increase in call volume for police services from 2017-2024 has resulted in a decline in police response times; and

WHEREAS, a growth in demand for police services has strained investigative capacity of detectives such that nearly 3,200 cases go uninvestigated each year; and

WHEREAS, during 2023, Vancouver Police Department staff identified the necessary additional operating resources needed to increase the ability of the department to more effectively respond to the public safety needs of the community, and to build capacity to proactively engage the community in pre-emptive strategies to prevent threats to community safety, and worked with other City departments to estimate the cost of these additional resources; and

WHEREAS, the city manager convened in 2024 and 2025 a community advisory committee on policing to review and advise on identified needs and recommendations from the police department and to formulate a recommendation on potential investments in police capacities; and

WHEREAS, operating demands citywide necessitate an additional sworn staff of approximately twenty-five (25) commissioned/sworn full-time employees (FTEs) in a range of ranks and assignments, and approximately ten (10) non-sworn/non-commissioned FTE positions, related support costs and equipment; and

WHEREAS, the community advisory committee on policing recommended moving forward with a three-part funding approach, which would include a council-initiated sales tax, state grants, and a permanent single-year levy lid lift property tax measure; and

WHEREAS, additional police staffing will likely result in additional costs to the criminal justice system and will be eligible for this funding; and

WHEREAS, Washington State law limits the annual increase of a city's regular property tax levy amount to 1% plus an allowance for new construction unless the voters of a city approve the collection of regular property taxes in a greater amount; and

WHEREAS, the City's 2025 general regular property tax levy is approximately \$2.14 per \$1,000 of assessed value. This rate does not include the affordable housing property tax levy ("Proposition 3") that is authorized by RCW 84.52.105 and was approved by the voters on February 14, 2023. The statutory limit for the City's general regular property tax levy is \$3.325 per \$1,000 of assessed value; and

WHEREAS, RCW 84.55.050 provides for the levy of regular property taxes in an amount exceeding the limitation specified in chapter 84.55 RCW if such increased levy is authorized by a ballot proposition approved by a majority of the voters at an election held with the taxing district (a "levy lid lift"); and

WHEREAS, the City Council deems it necessary to submit to the voters of the City a levy lid lift proposition of whether or not the City shall levy regular property taxes for collection in 2026 in excess of the limit factor provided for in RCW 84.55.050(1), which amount would then be used as the basis to calculate subsequent levy limits pursuant to chapter 84.55 RCW; and

WHEREAS, on August 4, 2025, the City Council deliberated on the desired size of the levy increase and selected \$0.15 per \$1,000 of assessed value as the levy rate increase to put before the voters during the general election to be held on November 4, 2025;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF VANCOUVER:

Section 1. Findings. The Council hereby adopts and incorporates by reference the above recitals as findings. The Council further finds that the best interests of the residents of the City require the City to fund police and public safety services, including but not limited to, the following investments:

- Add up to thirteen (13.0) Full Time Equivalent (FTE) sworn police officers in a range of ranks and assignments;
- Fund the acquisition and maintenance of law enforcement equipment and vehicles consistent with both current and future standards;
- Fund additional prosecution and criminal justice system costs, as determined by City Council; and
- Fund necessary administrative and staffing costs in other City of Vancouver departments to support the investments outlined above.

The programmatic expenses above are to be limited by sustainable new revenue and appropriated through the City's regular budgetary process.

The City Council shall determine the timing, order and manner of funding police and public safety services and the use of levy lid lift proceeds, including those investments described above, as part of the budgeting process. The cost of all compensation, benefits, training, support services, equipment, technology, vehicles, legal and other professional services, administrative expenses, and other direct and indirect costs incurred in connection with the police and public safety services shall be deemed a part of the costs of such police and public safety services. The City Council may alter, make substitutions to and amend such components as it determines are in the best interests of the City and consistent with the police and public safety services purposes described herein.

Section 2. Calling of Election Regarding the Levy of Additional Property Taxes. There shall be submitted to the qualified electors of the City of Vancouver, Washington a proposition regarding whether the City shall levy regular property taxes above the levy limitations established in RCW 84.55.050 and RCW 84.55.010 for their ratification or rejection at a special election to be held on November 4, 2025. The Clark County Auditor, as ex officio supervisor of elections in Clark County, is hereby requested to call and conduct the election referenced on such day and to submit to the qualified electors of the City for their approval or rejection a proposition to (a) increase the City's regular property tax levy by approximately \$0.15 per \$1,000 of assessed valuation in addition to the regular annual levy inflationary increase, to a total maximum regular property tax rate not to exceed \$2.47 per \$1,000

City of Vancouver — Proposition No. 5

Resolution No. M-4346

of assessed valuation for collection in 2026, as allowed by chapter 84.55 RCW. The above amount does not include the separate affordable housing property tax levy (“Proposition 3”) that is authorized by RCW 84.52.105 and was approved by the voters on February 14, 2023. The 2026 levy amount will be used as the basis to calculate subsequent levy limits pursuant to chapter 84.55 RCW.

The total maximum regular property tax levy rate of not to exceed \$2.47 per \$1,000 of assessed value includes banked capacity from the Fire and Emergency Services Levy Lid Lift (“Proposition 2”) that was approved by the voters on February 8, 2022. By including the banked capacity resulting from Proposition 2 in such maximum regular property tax levy, the City intends to preserve this capacity for use consistent with the purposes and use limitations of Proposition 2.

The taxes authorized by this proposition will be in addition to the maximum amount of regular property taxes the City would have been allowed to levy within the limitations provided for in RCW 84.55.010 in the absence of voter approval under this resolution plus other authorized lid lifts. Thereafter, such levy amount would be used to compute limitations for subsequent years as allowed by chapter 84.55 RCW. For the sake of clarity, the maximum regular property tax levy rate referenced in this Section 2 excludes the City’s voter-approved affordable housing levy which shall be levied separately from the regular levy authorized herein.

Upon approval of the voters of the proposition set forth herein, the City may use proceeds of such levy lid lift to pay the costs of police and public safety services as set forth in Section 1 of this resolution.

Section 3. Exemption. If the ballot proposition set forth herein is approved by the voters, as authorized by RCW 84.36.381, senior citizens, disabled veterans, and other qualifying individuals (as defined in RCW 84.36.381) shall be exempt from the tax increase resulting from such levy lid lift.

Section 4. Ballot Proposition. The City Clerk is hereby authorized and directed as required by law, to certify a proposition to the Clark County Auditor, as ex officio supervisor of elections in Clark County, Washington, in substantially the following form:

PROPOSITION NO. 5
CITY OF VANCOUVER, WASHINGTON
POLICE AND PUBLIC SAFETY SERVICES
LEVY LID LIFT

The Vancouver City Council adopted Resolution M-4346 concerning a levy lid lift to fund police and public safety.

If approved, this proposition would fund police and public safety services, including additional police officers, equipment, and criminal justice system costs by increasing Vancouver’s regular property tax levy by approximately \$0.15/\$1,000 assessed valuation, for a maximum regular property tax levy rate not to exceed \$2.47/\$1,000 for collection in 2026. The 2026 levy amount will be the basis to calculate subsequent levies, per RCW 84.55. Qualifying seniors, veterans, and others would be exempt, per RCW 84.36.

Should this proposition be approved?

YES ☐

NO ☐

For purposes of receiving notice of the language of the ballot proposition required by RCW 29A.36.080, the City Council hereby designates: (a) the City Clerk (Natasha Ramras), telephone (360) 487-8484; email: natasha.ramras@cityofvancouver.us; and (b) the City Attorney (Nena Cook) telephone: (360) 487-8503; email: nena.cook@cityofvancouver.us; as the individuals to whom such notice from the Auditor should be provided. The City Attorney and the City Clerk are each authorized individually to approve changes to the wording of such proposition as may be recommended by the Clark County Auditor and the Clark County Prosecuting Attorney, as long as the intent of the proposition remains clear and consistent with the intent of this resolution.

Section 5. Voters Pamphlet. To the extent that a local voters’ pamphlet and/or online voters’ guide (“Voters’ Pamphlet”) will be produced for the November 4, 2025 election, the Voters’ Pamphlet shall include an explanatory statement to be prepared according to state and local requirements, and arguments advocating approval and disapproval of the ballot measure, if any. Pursuant to RCW 29A.32.280, the arguments advocating approval and rejection of the ballot measure shall be prepared by committees appointed by the City Council. Each committee shall be composed of not more than three persons; however, a committee may seek the advice of any person or persons. The committee advocating approval shall be composed of persons known to favor the ballot measure, and the committee advocating rejection shall be composed of persons known to oppose the ballot measure. Should the City Council not appoint the persons to each Committee by the time required by law, the Clark County Auditor shall appoint said committees.

Section 6. Severability. If any provisions of this resolution shall be declared by any court of competent jurisdiction to be contrary to law, then such provision shall be null and void and shall be deemed severable from the remaining provisions of this resolution and shall in no way affect the validity of the other provisions of this resolution or of the levy or collection of the taxes authorized by this proposition.

Section 7. Effective Date. This resolution shall take effect and be in full force immediately upon adoption by the City Council.

ADOPTED at a Regular Meeting of the Vancouver City Council this 4th day, of August, 2025.

Cities of Camas and Washougal — Proposition No. 2

Resolution No. 25-011 and Resolution No. 1258

A JOINT RESOLUTION of the City Council of the City of Camas, Washington, and the City Council of the City of Washougal, Washington, providing for the submission to qualified electors of the City of Camas and the City of Washougal, at the general election to be held on November 4, 2025, of a proposition that, pursuant to Chapter 52.26 of the Revised Code of Washington, approves a plan to form a Regional Fire Protection Authority to be known as the Camas-Washougal Fire Authority within the boundaries of the City of Camas and the City of Washougal, effective September 1, 2026.

RECITALS

- A. The ability and demands to respond to emergency situations by fire protection and emergency medical service agencies has increased and progressed with community needs and special service demands. Providing an effective fire protection and emergency medical service system requires a collaborative partnership and responsibility among local and regional governments and the private sector.
- B. There are efficiencies that can be gained by regional fire protection and emergency medical service delivery, while maintaining local control.
- C. The City of Camas ("Camas") and the City of Washougal, ("Washougal") have had a long-standing cooperative partnership, striving to provide the highest level of fire and emergency medical services to their citizens within the confines of available resources. This cooperative partnership began in the 1970s with the provision of a regional ambulance service and culminated with an interlocal agreement in 2014, which provided for a consolidation of services as the Camas Washougal Fire Department, with Camas providing services to Washougal. While this cooperative relationship has served the public well for many years, as a result of the needs of a growing community and demands for enhanced fire and EMS services, Camas and Washougal have determined that it is in the public interest to place a measure before the voters that if approved would result in the formation of a Regional Fire Authority (RFA).
- D. Pursuant to RCW 52.26.030 and 52.26.040 the cities of Camas and Washougal formed an RFA Planning Committee to evaluate the feasibility of creating a new and separate regional fire authority to provide the fire protection and emergency services within the boundaries of Camas and Washougal. The members of the Planning Committee included three City Council members from Camas and three City Council members from Washougal. Over a period of several months, the Planning Committee met and created a Regional Fire Authority (RFA) Plan ("Plan") providing for the governance, design, financing, and development of fire protection and emergency services.
- E. The Planning Committee held its final meeting on October 16, 2024, and recommended approval of the Plan to the Camas City Council and Washougal City Council. The Camas City Council and Washougal City Council met in joint work session on November 6, 2024, to review the recommended Plan. By adoption of this Joint Resolution, the Plan is formally adopted and certified to the ballot pursuant to RCW 52.26.060 by both the City of Camas and the City of Washougal. Copies of the Plan are available from the administrative offices of the City of Camas and the City of Washougal.
- F. Authority to form a RFA is authorized by Chapter 52.26 RCW. Chapter 52.26 RCW requires that in order to form an RFA, the

Plan must be approved by the voters of the area affected by the Plan. Therefore, in accordance with the Plan and state law, the Camas City Council and the Washougal City Council placed before voters within the proposed service boundaries of the RFA at a special election held on April 22, 2025, a proposition calling for the creation of a RFA which shall be known as the Camas-Washougal Fire Authority to be funded by a \$1.05 per \$1,000 assessed value property tax levy and the approval of the Plan, all in accordance with state law.

- G. The result of the April 22, 2025, special election indicates that the RFA Plan was not approved by participating voters.
- H. On January 29, 2024, Camas and Washougal executed a MODIFICATION AND CONDITIONAL EXTENSION OF INTERLOCAL AGREEMENT BETWEEN THE CITIES OF CAMAS AND WASHOUGAL FOR THE FORMATION AND OPERATION OF THE CAMAS-WASHOUGAL FIRE DEPARTMENT DATED DECEMBER 4, 2013.
- I. Item #1 of the Modification and Conditional Extension provides that " ...the parties bind themselves to place the RFA Plan on the ballot for April 2025 and, if necessary, for November 2025."
- J. Therefore, in accordance with the Modification and Conditional Extension, Plan and state law, the Camas City Council and the Washougal City Council have determined that it is appropriate to place before voters within the proposed service boundaries of the RFA at the general election to be held on November 4, 2025, a proposition calling for the creation of a RFA which shall be known as the Camas-Washougal Fire Authority to be funded by a \$1.05 per \$1,000 assessed value property tax levy and the approval of the Plan, all in accordance with state law.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAMAS, WASHINGTON, AND THE CITY COUNCIL OF THE CITY OF WASHOUGAL WASHINGTON, AS FOLLOWS:

RESOLUTION

SECTION 1. - Adoption of Plan for the Camas-Washougal Fire Authority. The City Council of the City of Camas and the City Council of the City of Washougal hereby formally adopt the 2025 Regional Fire Authority (RFA) Plan. A true and correct copy of which is attached as Exhibit A and incorporated by this reference.

SECTION 2. - Findings of Camas City Council and Washougal City Council. The City Council of the City of Camas, Washington, and the City Council of the City of Washougal, Washington, hereby adopt each of the recitals above as findings and further find that it is in the best interest of the City of Camas and the City of Washougal to submit to the qualified electors of the City of Camas and the City of Washougal at the general election to be held on November 4, 2025, a proposition to adopt the Plan that creates a RFA which shall be known as the Camas-Washougal Fire Authority, which if approved will be funded by a property tax not to exceed \$1.05 per thousand of assessed value. If approved by a majority of the total persons voting on the ballot measure within the boundaries of the authority in accordance with RCW 52.26.060, effective September 1, 2026, this proposition would create a RFA as provided in Chapter 52.26 RCW with boundaries coextensive with the boundaries of the City of Camas and the City of Washougal.

SECTION 3. - Proposition for Voter Submittal. There shall be submitted to the qualified electors of the City of Camas and the

City of Washougal for their approval or rejection, at the general election on November 4, 2025, the question of whether or not the RFA known as the **Camas-Washougal Fire Authority** should be created in accordance with the Plan and funded with the real property tax levies referenced above. Port of Camas-Washougal – Proposition No. 1

Resolution No. 4-25

A RESOLUTION OF THE BOARD OF COMMISSIONERS OF THE PORT OF CAMAS WASHOUGAL, WASHINGTON, REGARDING A BALLOT MEASURE PROPOSING TO LENGTHEN THE PORT COMMISSION TERM TO SIX YEARS.

WHEREAS, SB 5370, adopted by the Washington State Legislature, amends Chapter 53.17 RCW to allow a process for qualifying Ports to modify Port Commissioner terms from four years to six years.

WHEREAS, the process to lengthen the port commissioner term requires a ballot measure to be submitted to the voters of the port district proposing to lengthen the port commission term to six years.

WHEREAS, the ballot measure may be initiated either by a Port commission resolution or by a petition containing the signatures of voters of the port district equal in number to at least ten percent of the number of voters in the port district voting at the last general election; and

WHEREAS, if the process is initiated by voter petition, the petition must be submitted to the county auditor for signature verification.

WHEREAS, if such a petition contains sufficient valid signatures, or if a port commission passes a resolution supporting placing before the voters a ballot proposition to lengthen port commissioner terms, that ballot proposition must be submitted to the voters at the next general election that occurs sixty or more days after the adoption of the resolution or submission of the petition.

WHEREAS, if a simple majority vote of the voters voting on the proposition approves the ballot proposition lengthening the terms of office, the commissioner elected at that election is elected to a six-year term of office. The terms of office of the other commissioners are not lengthened.

WHEREAS, if two commissioners are elected in that election or the next subsequent general election, the commissioner elected who receives the highest number of votes is elected to a six-year term of office and the other commissioner is elected to a four-year term of office. Thereafter, each successor commissioner is elected to six-year terms.

WHEREAS, the prior to the Port Commission's consideration of and vote on this Resolution, affecting a ballot proposition, the Port (a) issued proper notice of this meeting which included the titles and ballot numbers of these propositions, and (b) afforded members of the public and the individual Commissioners with an approximately equal opportunity for the expression of an opposing view all pursuant to RCW 42.17A.555; and

WHEREAS, the Port Commission finds that port commissioners establish long-term strategies for a port district, and create policies to guide the development, growth, and operation of the port. Port Commissioners are also responsible for a port's annual budgets, approving tax levy rates, and hiring the professional staff members responsible for a port's daily functions.

WHEREAS, the Port Commission finds that six-year terms, already used in most port districts, provide stability, ensure continuity for long-term infrastructure and economic development projects, and maintain institutional knowledge, especially in mid to smaller communities where it may be difficult to recruit candidates.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF

COMMISSIONERS OF THE PORT OF CAMAS-WASHOUGAL AS FOLLOWS:

1. The Port Commission hereby endorses a ballot proposition be placed before the port district voters proposing to lengthen the port commissioner terms to six years.
2. The Port Commission directs that this Resolution be filed with the Auditor for the purposes of submitting such a ballot measure to the voters of the port district.

Adopted by the Port Commission of the Port of Camas-Washougal at a regular meeting thereof held this 30th day of July, 2025.

Your county receives your ballot

Deposit your ballot in an official drop box by 8 p.m. on Election Day, or return your ballot by mail — postage paid — but make sure it's postmarked by Election Day! Don't let a late postmark disqualify your ballot. The USPS recommends that you mail it back at least one week before Election Day.

Election staff will contact you before your ballot is processed if:

- Your signature is missing
- Your signature doesn't match your voter registration record

2

Your signature is verified

Your signature is important and we need it to accept your ballot. The signature on your return envelope is compared to the signature on your voter registration record. If the signature matches, your ballot is accepted and you are credited for voting to ensure **only one** ballot is counted for you.

3

Envelopes and sleeves are separated

The return envelope is opened and the secrecy sleeve containing your ballot is removed. They are separated to ensure the secrecy of your vote.

4

Your ballot is reviewed and scanned

The ballot is removed from the secrecy sleeve and election staff verify that it can be successfully scanned. Each voting system is certified and tested before every election.

5

Your ballot is counted

After 8 p.m. on Election Day all scanned ballots are tallied. Ballots will be scanned and tallied over the next several days until all the votes are counted. Every county conducts a post-election audit.

Before an Election

Voting systems certification and testing

Ballot counting equipment is tested and certified by an independent testing authority and the State of Washington.

Voting systems are not connected to the internet.

Pre-election audit: logic & accuracy tests

Before every election, counties test their voting systems to make sure the machines are correctly set up and accurately counting votes.

Voter registration database

Washington's statewide voter registration database is constantly maintained and updated as voters become registered, move, change their name, pass away, or are no longer eligible to vote.

All eligible voters are automatically mailed ballots. Only one ballot per voter is accepted.

During an Election

Paper ballots

Voting on paper ballots allows election officials to audit results of an election after votes are counted.

Signature verification

Trained election officials compare your signature to your voter registration file to confirm your identity and eligibility.

If your signature is missing or doesn't match, your ballot is "Challenged" and you are notified. Once your signature is verified, your ballot status will update to "Accepted".

VoteWA

Check the status of your ballot at VoteWA.gov. Once your ballot status is updated to "Accepted," your ballot will be opened and scanned. Only one ballot per voter is accepted.

Chain of custody

Ballots are sealed in secure, tamper-evident containers and at least two staff are present whenever your ballot is handled.

Scanning and tabulation

Ballot scanners and vote counting machines are physically secured in locked rooms. Election staff sign in and out each time the room is opened, and always in groups of two or more.

After an Election

Random batch audits

Your local election officials hand count randomly selected precincts or ballot batches and compare those numbers to the voting system totals to make sure the vote counting machines counted correctly.

Random ballot audits

Your local election officials examine a statistically significant, randomly selected sample of ballots to help ensure the reported outcome is correct.

Full ballot reconciliation

Your local election officials keep detailed records of the steps taken to process each ballot or group of ballots, creating an audit trail.

A final report at the end of the process includes a summary of the ballots received and counted.

Why is my signature important?

Your signature is needed to make sure your ballot gets counted.

- The signature on your return envelope is compared to the signature on your voter registration record. Trained election officials are responsible for verifying each and every signature.
- If your signature is missing or does not match your voter registration record, the county elections office will contact you by mail **before results are certified**. They may call or email if you gave them this info.
- If you registered to vote online or through Department of Licensing, the signature from your driver's license, permit, or state ID will be on your voter registration record.
- Voters can track and check their ballot status at **VoteWA.gov**.

How do I know if something is true?

When reviewing online or printed information, think about:

- Who made this, and who is it for?
- Why did they make it?
- When was this made?
- What makes it believable?
- How might other people read this message?
- Ask the experts — Get trusted info from your county auditor or elections office. Consult a fact-checking site or ask an official source.
