I am pleased to present the 2025 General Election Voters' Pamphlet on behalf of the Office of the Secretary of State. This comprehensive guide to the candidates and measures on your ballot can help you find the information you need to cast your vote.

Elections that are accessible, secure, and transparent are the cornerstone of our democracy, providing you with the opportunity to make your voice heard on a variety of issues. This general election, you have the chance to help decide who represents your local community and weigh in on measures that affect daily life in Washington. It all starts with making sure you're registered to vote. Online and mail-in voter registrations and updates must be received by Monday, Oct. 27. In-person registration is also available at your local county elections office until 8 p.m. on Election Day, Nov. 4. If you're already registered to vote, now is a great time to sign into VoteWA and verify your voter registration information is up to date.

Once you receive and vote your ballot, make sure you sign the return envelope. Highly trained elections officials compare your signature to the one on your voter registration before your ballot can be counted. Then, return your ballot. If you vote by U.S. mail — no stamp needed — remember that ballots must be postmarked by Election Day to be counted. The USPS recommends mailing a week before Election Day to ensure your ballot is received on time. Or, return your ballot to one of the many secure ballot drop boxes across the state by 8 p.m. on Election Day. You can track the status of your ballot at VoteWA.gov after returning it. Sign up for text notifications so you'll know when your ballot is received and accepted.

Exercising your right to vote is one of the most powerful ways you can make a difference in your community. Thank you for voting and supporting democracy here in Washington.

Sincerely,

A handwritten signature in dark ink that reads "Steve R Hobbs". The signature is fluid and cursive.

Steve Hobbs
Secretary of State

You must **re-register** to vote to receive a ballot.

Moved? Update your voting address

Contact a county elections office to request a ballot at your new address.

By October 27: Have your application received by mail or updated online.

Or

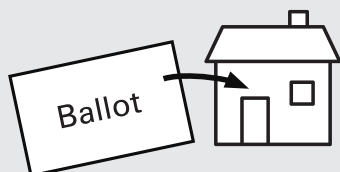

By November 4: Visit a local voting center in person.

How do I vote and return my ballot?

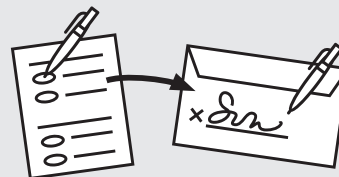

1

If you're registered to vote, there is no need to request a ballot. Your ballot will be mailed by **October 17** to the address you provided on your voter registration. If you need a replacement ballot, contact a county elections office listed at the end of this pamphlet.

2

Vote your ballot and sign your return envelope. We need your signature to accept your ballot. You are not required to vote every race on your ballot. We encourage using this pamphlet to help you decide.

3

Return your ballot by mail, no stamp needed. If mailed, your ballot must be postmarked by **November 4**. Don't let a late postmark disqualify your ballot. The USPS recommends that you mail a week before Election Day.

Or, return your ballot to an official ballot drop box. Drop boxes are open until 8 p.m. on **November 4**. Find drop box locations at **VoteWA.gov**.

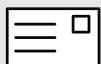

Or

If you cannot personally return your ballot, only let people you trust deliver it for you.

4

Check the status of your ballot on **VoteWA.gov** to see if it has been received by your county elections office.

Election staff will contact you before your ballot is processed if:

- Your signature is missing
- Your signature doesn't match your voter registration record

View election results online

After 8 p.m. on election night, tallied results from each county are posted at **results.vote.wa.gov**.

Results are updated as counties report and are unofficial until certification.

Senate Joint Resolution No.

8201

The legislature has proposed a constitutional amendment on allowing money in Washington’s long-term care fund to be invested.

This amendment would allow the state fund dedicated to providing long-term care benefits for eligible seniors and people with disabilities to be invested as authorized by law.

Should this constitutional amendment be:

- ☐ Approved
- ☐ Rejected

Arguments For and Against 9

Final Votes Cast by the Legislature

Senate: Yeas, 42; Nays, 7; Absent, 0; Excused, 0
House: Yeas, 86; Nays, 9; Absent, 0; Excused, 3

The Secretary of State is not responsible for the content of statements or arguments (WAC 434-381-180).

Explanatory Statement

Written by the Office of the Attorney General

The Law As It Presently Exists

The Washington Constitution generally prohibits investing public money in stocks of private companies. This means that state funds can only be invested in fixed-income securities, such as government and corporate bonds and certificates of deposit.

The Constitution currently exempts several funds from this restriction. This exemption applies to any public pension or retirement fund, workers’ compensation funds, and money held in trust for the benefit of people with developmental disabilities, permitting those funds to be invested as authorized by law, including in stocks of private companies. The Washington State Investment Board invests and manages these funds.

In 2019, the legislature created a long-term care insurance program. The program provides money to pay for certain long-term care services, such as nursing home care, to program beneficiaries who need assistance with daily living. Under that law, employees pay premiums for long-term care insurance through a payroll deduction, and those premiums are deposited into a Long-Term Services and Supports Trust Account. Under the current provision of the Constitution, money held in the Trust Account cannot be invested in stocks of private companies.

The Effect of the Proposed Amendment if Approved

This Amendment would allow funds in the Long-Term Services and Supports Trust Account to be invested in stocks of private companies, if authorized by law. Investment income from the Trust Account could only be used for long-term care services and supports for program beneficiaries, including for seniors and people with disabilities.

Fiscal Impact Statement

Not required by law

Constitutional amendments become law if more than 50% of voters approve.

Argument for

Approve 8201 to guarantee long-term care funds are there when we need them

8201 requires 100% of investment income earned by the state's Long-Term Care Trust Fund to be spent on long-term care services for vulnerable seniors and disabled people. Washingtonians want to live with dignity as they age. 8201 supports this shared goal, strengthening the benefit's Trust Fund to help seniors and disabled Washingtonians while protecting taxpayers.

8201 is a commonsense measure that ensures tax dollars go further

Current law limits investment of the Trust Fund to only low-return choices, like government bonds and savings certificates. 8201 allows the Trust Fund to be invested to produce higher returns. This proven method would be managed by the independent, nonpartisan Washington State Investment Board, which is bound by the highest fiduciary standards.

Approve 8201 to increase funding without impacting taxpayers

8201 is projected to grow the Trust Fund by \$67 billion over the next 50 years, money that can be used to increase benefits for people with disabilities and seniors without costing taxpayers a penny. Higher earnings mean more money for care – good for seniors, disabled Washingtonians, their families, and taxpayers!

8201 has overwhelming bipartisan support across the political spectrum

It's encouraging when leaders of both parties agree on something – and a supermajority of Democratic and Republican lawmakers approved this commonsense approach. 8201 is supported by nurses, unions, businesses, and groups representing millions of Washingtonian seniors and people with pre-existing conditions. *Vote Approve!*

Rebuttal of argument against

Fact: Since 1981 the independent Washington State Investment Board has *safely and effectively* managed over \$200 billion for pensions, college savings funds, and more, with an average growth rate of 8% yearly. We must ensure our Long-Term Care Trust Fund grows to *keep up with rising costs while protecting taxpayers*. A bipartisan supermajority of lawmakers approved this measure. *Approve 8201* so WA's Trust Fund is *there for aging seniors and people with disabilities*.

Argument against

Reject this constitutional change, *again*.

Washington voters already rejected this proposal to take taxpayer money and invest in private stocks and corporations (2020, SJR8212). Our state founders protected public funds from risky investments by establishing safeguards in our state Constitution prohibiting corporate stock market investments of your tax dollars.

Reject constitutional changes that gamble your money in an unstable market.

SJR 8201 overturns safeguards for the Long Term Services and Support (LTSS) fund, a multibillion dollar program established in 2020. Washingtonians are not yet eligible to access program benefits but proponents are *again* asking you to remove a key Constitutional protection. Currently, it's safeguarded in *secured* investments like federal, state and municipal bonds, which support our communities -- *a better use of our tax dollars*. Stock markets and private investments fluctuate greatly, *with no guarantees*, and the benefit needs are unknown in this untested program. This LTSS fund exists to help Washingtonians access long term care as we age or face disability. *When market speculation falls short, taxpayers and beneficiaries would pay the price through reduced benefits or increased taxes*.

Rejecting constitutional changes provide more stability and certainty.

Continuing to invest our public money into federal, state and municipal bonds supports public works that we all depend on. Rejecting SJR 8201 provides for better planning and stability.

Reject SJR 8201

Our state and LTSS need fiscal responsibility, not financial roulette. Reject SJR 8201 to keep the fund secure, stable, and focused on serving the people who will depend on it.

Rebuttal of argument for

Proponents imply a guaranteed return of \$\$billions over 50 years but of course, that's not guaranteed. In 2008 the State Investment Board lost -26.2% and 2022 lost -12.9%. It's how the stock market works. In future recessions or market crashes, when returns fall short, benefits must be cut or tax rates must go up. Compared to *guaranteed* municipal bond returns of 3-5%, the choice is clear. Invest in ourselves, not Wall Street. *Reject SJR 8201*.

Letter from the Auditor

Your Voice Matters: Vote in the Upcoming General Election

Dear Voters,

As your County Auditor, I want to remind you of the importance of participating in the upcoming general election, especially because this one focuses on the offices and issues that most directly affect our daily lives.

This election is about our cities, our towns, our schools and *our communities*. You'll be choosing local leaders who make decisions about roads and utilities, public safety, education, and other services we all depend on. These are the elected positions that shape the heart of Pend Oreille County.

Your vote truly makes a difference. Local elections are often decided by just a handful of votes, which means your voice matters more than ever.

I want to assure you that our elections are run with the highest levels of integrity, transparency, and accuracy. Our team takes great pride in making sure every eligible vote is counted exactly as it was cast. We are committed to doing our part to safeguard our democracy and maintain your trust.

Thank you for being an informed and active member of our community. Please take the time to vote and encourage your friends, family, and neighbors to do the same.

Warm regards,

Marianne Nichols

The Board of Directors of Deer Park School District No. 414-200-61 adopted Resolution No. 04-2024-25, concerning a proposition to fund specific facility improvements and acquire land. This proposition would authorize the District to levy the following excess taxes, on all taxable property within the District, to improve Arcadia Elementary (replace aged roof and flooring, address outdated gym HVAC, improve safety), make District-wide safety and emergency communication improvements, replace the 90-year-old transportation center, and develop land.

Collection Year	Estimated Levy	
	Rate/\$1,000 Assessed Value	Levy Amount
2026	\$1.45	\$3,440,863
2027	\$1.45	\$3,578,497
2028	\$1.45	\$3,721,529
2029	\$1.45	\$3,870,390

all as provided in Resolution No. 04-2024-25.
Should this proposition be approved?

- [] Levy Yes
[] Levy No

Explanatory Statement

Prepared by Foster Garvey P.C.

Passage of Proposition 1 would enable Deer Park School District to fund specific capital improvements with a short-term, four-year levy, to be collected from 2026 through 2029. The District will utilize the levy to address four projects prioritized by the Community Facilities Advisory Committee that repair outdated facilities, improve safety and acquire land.

Specifically, this Proposition will allow the District to: (1) improve Arcadia Elementary School (replace aged roof and flooring; replace outdated and failing gym HVAC; address site security); (2) improve District-wide safety and emergency communication systems; (3) replace and relocate the 90-year-old transportation center; and (4) acquire and develop a centrally located 42-acre site from the City of Deer Park for current and future needs.

Based on projected assessed valuation information, the District estimates a tax rate for this proposed levy of \$1.45 per \$1,000 of assessed value in each of the four collection years. Tax exemptions may be available to eligible homeowners who meet certain income requirements. For information regarding exemptions, contact your county assessor.

Arguments For and Against this measure are on next page →

Argument For

Vote Yes for Deer Park Schools!

Our community faces a major decision that will shape the future of our schools. Our school board listened to our community and chose to run a lower-cost, short-term capital levy rather than a large, expensive 20-year school building bond. They have prioritized only the most critical projects. This levy makes sense — it replaces the expiring bond, invests in the foundation of our schools, and does so at just \$1.42 per \$1,000 of assessed value for only four years.

This well-thought-out levy addresses four critical needs that will extend the life of our aged facilities and ensure the safety of our students, staff and community. (1) While the district has taken care of its buildings, the Arcadia Elementary's roof and the gym's HVAC system are 30-years old and need to be replaced. (2) District wide safety and security improvements ensuring all schools have first rate notification and communication systems are essential. (3) Replacing the 90-year-old transportation center will enable the district to properly service and protect its fleet on a centrally located, safe and accessible site. (4) This levy secures the last suitable parcel in Deer Park for district needs—now—at a favorable price that offsets utility and road costs.

These improvements are not extravagant, they're vital. They protect our assets, address only the most urgent district needs, and continue Deer Park's legacy of community-supported education. Vote Yes for the Deer Park Capital Levy!

Argument Against

After repeated recruitment attempts, no volunteers came forward to write a statement against the ballot measure.

Riverside School District 416

Proposition No. 1
Capital Projects Levy for Safety, Security, Technology, and Infrastructure Improvements

The Board of Directors of Riverside School District No. 416-62 adopted Resolution No. 06-25-06, concerning a proposition to fund specific capital projects and facility improvements. This proposition would authorize the District to levy the following excess taxes, on all taxable property within the District, to address aging facilities by improving District-wide safety, security, technology, and infrastructure, including heating, ventilation, and cooling systems (HVAC) at all schools:

all as provided in Resolution No. 06-25-06.
Should this proposition be approved?

- ☐ Levy Yes
- ☐ Levy No

Explanatory Statement

Prepared by Foster Garvey P.C.

Passage of Proposition 1 would enable Riverside School District to fund specific capital improvements with a short-term, five-year levy, to be collected from 2026 through 2030. The District will utilize the levy to address two District-wide capital project needs prioritized by the Riverside Facilities Advisory Committee, including outdated safety, security, and technology systems and aging building systems and infrastructure.

Specifically, this Proposition will allow the District to: (1) replace outdated school safety, security, and emergency communication systems at all schools, including addressing outdoor and indoor safety measures; (2) replace technology infrastructure and hardware at all schools; and (3) replace and upgrade outdated and aging heating, ventilation, and air conditioning systems and equipment (HVAC) at all schools.

Based on projected assessed valuation information, the District estimates a tax rate for this proposed levy of \$1.45 per \$1,000 of assessed value in each of the five collection years. Tax exemptions may be available to eligible homeowners who meet certain income requirements. For information regarding ex-emptions, contact your county assessor.

Arguments For and Against this measure are on next page →

Argument For

Listening. Responding. Acting.

Following the feedback received from our community on the February 2024 bond proposal, our district has taken meaningful steps to revise our approach. We heard your concerns, and we've made significant reductions to focus solely on the most essential needs, those that directly impact the safety, security, and learning experiences of our students.

Key changes in the new proposal reduce the total cost from \$73 million down to \$18 million, shorten the term from a 25-year bond to a 5-year capital levy, and maintain one of the lowest tax rates in the region. The capital levy targets only the most critical upgrades to our infrastructure and educational needs. This includes technology upgrades to replace Chromebooks for students across all schools, updated teacher and staff workstations, replacement of failing phone, intercom and emergency response systems. Improvements to school safety and security include replacement of outdated security cameras, emergency strobes, single point entries, automated doors and outdoor safety features. Lastly HVAC systems would be updated at each school.

Why This Matters

These are not luxuries. These are the basic tools and safeguards our students and educators need every day. Aging infrastructure and outdated systems hinder learning and put added strain on school operations. This levy allows us to maintain a safe, secure, and modern learning environment without overburdening our community.

We believe this scaled-down proposal reflects both fiscal responsibility and our unwavering dedication to the students we serve.

Rebuttal of argument against

The proposed investment over five years is not a blank check. It is a strategic, locally controlled plan to support our children through school infrastructure. Unlike state-imposed taxes, this local measure is transparent, targeted, and accountable with direct control over how dollars are spent. Without this funding, we risk failure of aging facilities.

This measure was developed with community input. Your core is your voice. Invest in education. Invest in tomorrow.

Written by

Kevin Koesel: kkoesel@jasewell.com

Dean Koesel

Jennifer Gaffaney

Argument Against

The board is asking you to approve an additional \$18 million dollars of new taxes over a 5 year period. The state legislature and Governor just enacted a long list of new taxes, some that will be borne by your property taxes next year. Unlike those property tax increases imposed by the state, you get to voice whether you support even more property tax. Your vote is your voice.

The proposed tax will cost you \$1.45/\$1,000 of assessed value on your home for 5 years. That means if the tax increase passes, a nominal property worth \$500,000 would pay an additional \$725 per year. Over 5 years the tax would total \$3,625.

Increasing state property taxes, increasing local school levies, fire district levies, increasing property values... these all combine to impact your semi-annual property tax bill and the viability to continue owning your home. In a couple of years from now, the board will ask you to vote for another replacement levy. The district has also stated in their newsletters that the need for future local funding requests will be needed.

Paying taxes is part of life and the committee against this new tax wants you to know the costs that you are being asked to vote for. Our committee will not ask you to vote for or against this capital levy. We ask that you be a knowledgeable voter and most importantly, *Vote!*

Education

Alan's expertise is grounded in comprehensive fire service education, including advanced certifications in firefighting, emergency management, and leadership development through nationally recognized programs.

Community Service

A devoted family man, Alan continues to serve with compassion and dedication to the fire/EMS service.

Statement

I'm running for Fire District 4 Commissioner to provide strong, experienced leadership that puts the safety of our community and firefighters first. With over 35 years in the fire service—including 23 as a fire officer and currently serving as Assistant Fire Chief for the Kalispel Tribe—I've dedicated my life to protecting others. I understand the importance of well-trained crews, reliable equipment, and responsible budgeting. As commissioner, I will focus on improving emergency services, supporting our firefighters, and ensuring transparency in every decision. My goal is simple: to serve with integrity and make Fire District 4 stronger, safer, and more prepared.

**Jay****Foster**

My name is John C. Foster and I'm running for Fire Commissioner of Pend Oreille County Fire District 5. Most people know me as Jay Foster. I was Fire Chief of District 5 for 17 years. I have decided to return as a commissioner and return also as a responder. I have always believed in our department and its officers, firefighters and support personnel. I believe I can help the district get more money and equipment even more as a commissioner than I did as fire chief. Chief Kramer is doing a great job as my replacement.

I would like to lower the district's insurance rating from rating 8A to a rating 8.

My experience:

I started in the fire service in October 1975 at Estacada Rural Fire District 69 as a probationary firefighter. Over the course of my 49-year career, I have contributed to seven different departments. I have held every position in the fire service except a commissioner. I've been chief of three departments. I have a fire science degree and 12 certificates in different fire service disciplines. Over my years I'd trained nearly 800 to 1000 firefighters. My fire service experience also includes working with insurance companies and agents in their fire protection units and with underwriters inspecting departments equipment, water supply and stations.

I look forward to serving the people of District 5 again.

I've been involved with our fire department at all levels of administration and operational aspects since 1989 with the forming of Fire District 7 which later merged into SPOFR. Have been actively involved with EMS and Fire working closely to maintain balance with both volunteer and career staff. I understand the dynamics of a good working relationship with all neighboring and regional departments. My communications will remain open to all, with all, including community constituents as SPOFR continues to grow and develop.

Statement

I am honored to seek your vote for Fire Commissioner. Since 1981, I have proudly served as a firefighter in Pend Oreille County, dedicating myself to the safety and well-being of our community. In 2014, I became a Service Forester, further enhancing my understanding of wildfire prevention and forest management.

My extensive experience equips me to effectively oversee district operations, ensuring that our dedicated volunteers and career staff have the resources and support they need to respond to emergencies promptly and efficiently. I am committed to fostering strong partnerships with neighboring districts and stakeholders to enhance our collective response capabilities.

I was born and raised in Newport Washington. A twelve-year senior of Newport High School. My wife, Jackie and I live real close to our family farm and where I grew up. I was involved in the inception of Fire District 8, beginning in 1989, forming a new fire district in 1993.

I then attended firefighting academy with District 3, which became South Pend Oreille Fire and Rescue (SPOFR) I have been a volunteer firefighter for over 32 years.

When my three sons were old enough to become firefighters, they also joined Fire District 8, which two of them are still active with SPOFR.

In 2009, I was promoted to assistant Chief and in 2011, I was appointed to Fire Chief of District 8 for over twelve years. When District 8 and SPOFR merged, I became Battalion Captain and work shifts as Duty Officer.

My emphasis is to help our neighbors in need and/or catastrophic times. Making our community a safer place to live.

Dennis Alliger for Diamond Lake Water and Sewer Commissioner

As a proud full-time resident of Diamond Lake for the past 9 years, with deep family ties to the area for decades, I am committed to the future growth and success of this community. Diamond Lake has always been a place my family and I are proud to call home, and we look forward to seeing future generations raise their families here as well.

With a strong background in facilities maintenance, infrastructure planning, and construction, I bring a wealth of experience that I believe can benefit our community. I currently serve on the Facilities Committee at a local church and volunteer with the Newport Grizzlies Booster Club, where I've had the privilege of giving back to those around me.

My work ethic is grounded in a servant's heart, always focused on doing what's best for those I serve. As a member of the Diamond Lake Water and Sewer Board, I would use my experience and dedication to ensure that we not only maintain, but improve, our water and sewer systems. I am committed to meeting the growing needs of our community while ensuring that we comply with all state and local guidelines, so that Diamond Lake remains a thriving, safe, and sustainable place for generations to come.

I ask for your support in this important role, and I look forward to the opportunity to serve our community!

Your county receives your ballot

Deposit your ballot in an official drop box by 8 p.m. on Election Day, or return your ballot by mail — postage paid — but make sure it's postmarked by Election Day! Don't let a late postmark disqualify your ballot. The USPS recommends that you mail it back at least one week before Election Day.

Election staff will contact you before your ballot is processed if:

- Your signature is missing
- Your signature doesn't match your voter registration record

2

Your signature is verified

Your signature is important and we need it to accept your ballot. The signature on your return envelope is compared to the signature on your voter registration record. If the signature matches, your ballot is accepted and you are credited for voting to ensure **only one** ballot is counted for you.

3

Envelopes and sleeves are separated

The return envelope is opened and the secrecy sleeve containing your ballot is removed. They are separated to ensure the secrecy of your vote.

4

Your ballot is reviewed and scanned

The ballot is removed from the secrecy sleeve and election staff verify that it can be successfully scanned. Each voting system is certified and tested before every election.

5

Your ballot is counted

After 8 p.m. on Election Day all scanned ballots are tallied. Ballots will be scanned and tallied over the next several days until all the votes are counted. Every county conducts a post-election audit.

Before an Election

Voting systems certification and testing

Ballot counting equipment is tested and certified by an independent testing authority and the State of Washington.

Voting systems are not connected to the internet.

Pre-election audit: logic & accuracy tests

Before every election, counties test their voting systems to make sure the machines are correctly set up and accurately counting votes.

Voter registration database

Washington's statewide voter registration database is constantly maintained and updated as voters become registered, move, change their name, pass away, or are no longer eligible to vote.

All eligible voters are automatically mailed ballots. Only one ballot per voter is accepted.

Contact your local county elections office to learn more

sos.wa.gov/county-elections-offices

During an Election

Paper ballots

Voting on paper ballots allows election officials to audit results of an election after votes are counted.

Signature verification

Trained election officials compare your signature to your voter registration file to confirm your identity and eligibility.

If your signature is missing or doesn't match, your ballot is "Challenged" and you are notified. Once your signature is verified, your ballot status will update to "Accepted".

VoteWA

Check the status of your ballot at VoteWA.gov. Once your ballot status is updated to "Accepted," your ballot will be opened and scanned. Only one ballot per voter is accepted.

Chain of custody

Ballots are sealed in secure, tamper-evident containers and at least two staff are present whenever your ballot is handled.

Scanning and tabulation

Ballot scanners and vote counting machines are physically secured in locked rooms. Election staff sign in and out each time the room is opened, and always in groups of two or more.

After an Election

Random batch audits

Your local election officials hand count randomly selected precincts or ballot batches and compare those numbers to the voting system totals to make sure the vote counting machines counted correctly.

Random ballot audits

Your local election officials examine a statistically significant, randomly selected sample of ballots to help ensure the reported outcome is correct.

Full ballot reconciliation

Your local election officials keep detailed records of the steps taken to process each ballot or group of ballots, creating an audit trail.

A final report at the end of the process includes a summary of the ballots received and counted.

Why is my signature important?

Your signature is needed to make sure your ballot gets counted.

- The signature on your return envelope is compared to the signature on your voter registration record. Trained election officials are responsible for verifying each and every signature.
- If your signature is missing or does not match your voter registration record, the county elections office will contact you by mail **before results are certified**. They may call or email if you gave them this info.
- If you registered to vote online or through Department of Licensing, the signature from your driver's license, permit, or state ID will be on your voter registration record.
- Voters can track and check their ballot status at **VoteWA.gov**.

How do I know if something is true?

When reviewing online or printed information, think about:

- Who made this, and who is it for?
- Why did they make it?
- When was this made?
- What makes it believable?
- How might other people read this message?
- Ask the experts — Get trusted info from your county auditor or elections office. Consult a fact-checking site or ask an official source.

What does this mean?

Certification Day

The date when election results are finalized by state or county officials.

Logic and Accuracy Test

A test completed before each election to ensure the accuracy of voting equipment.

Nonpartisan Office

An elected position in which candidates do not state a political party preference and candidates for the office are not officially associated with a political group. Office appears on the ballot as “Nonpartisan.”

Partisan Office

An elected position in which candidates may state their preferred political party. A candidate may also choose “States No Party Preference.” Their preference is printed on the ballot.

Postmark

A postmark indicates the location and date the Postal Service accepted custody of a ballot. Ballots must be postmarked by Election Day to be accepted. Placing your ballot in a mailbox on Election Day does not guarantee a postmark of the same day.

Post-election Audit

A test completed before the certification of results to ensure the security and accuracy of the voting system. Counties perform a post-election audit each election.

Term Type

How much of a term a candidate will be serving for an office. It is split into regular, unexpired, and short-and-full.

Voter Registration Database

The official list of registered voters maintained in every state to conduct safe and secure elections. Our database in Washington is known as VoteWA.

Voting Center

A county-run facility where you can receive voting assistance from trained elections staff. Some services include registering or updating voter information, requesting and returning a ballot, or finding an accessible voting unit.

Voting System

Ballot counting equipment that must be tested by an independent testing authority and certified by the state of Washington before it can be used.

Teachers: Classroom Activity

The Student Mock Election is a non-partisan, educational event that teaches kids to be informed voters. Over 500,000 students have participated in Washington's annual Student Mock Election since 2004.

- Students vote on candidates and measures, just like they will in the future.
- Participants learn about the unique vote-by-mail elections process used in our state.
- Non-partisan and free to all public, private, tribal, and homeschool K–12 students.

Free resources for educators:

- Teacher toolkit includes print-friendly Voters' Pamphlet, lessons from Teaching Elections in Washington State curriculum book, posters, and coloring sheet.

Senate Joint Resolution No. 8201

BE IT RESOLVED, BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON, IN LEGISLATIVE SESSION ASSEMBLED:

THAT, At the next general election to be held in this state the secretary of state shall submit to the qualified voters of the state for their approval and ratification, or rejection, an amendment to Article XXIX, section 1 of the Constitution of the state of Washington to read as follows:

Article XXIX, section 1. Notwithstanding the provisions of sections 5, and 7 of Article VIII and section 9 of Article XII or any other section or article of the Constitution of the state of Washington, the moneys of any public pension or retirement fund, industrial insurance trust fund, ~~((or))~~ fund held in trust for the benefit of persons with developmental disabilities, or fund to provide for long-term care services and supports for eligible seniors and

people with disabilities may be invested as authorized by law. Investment income from a fund to provide for long-term care services and supports for eligible seniors and people with disabilities is dedicated to long-term services and supports for program beneficiaries.

BE IT FURTHER RESOLVED, That this amendment is a single amendment within the meaning of Article XXIII, section 1 of the state Constitution.

The legislature finds that the changes contained in this amendment constitute a single integrated plan for the fund to provide long-term care services and supports for eligible seniors and people with disabilities. If this amendment is held to be separate amendments, this joint resolution is void in its entirety and is of no further force and effect.

BE IT FURTHER RESOLVED, That the legislature, pursuant to its authority under RCW 29A.36.020(3), specifies the ballot title and concise description shall read "The legislature has proposed a constitutional amendment on allowing money in Washington's long-term care fund to be invested. This amendment would allow the state fund dedicated to providing long-term care benefits for eligible seniors and people with disabilities to be invested as authorized by law.

Should this constitutional amendment be:

Approved.....

Rejected"

BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of this constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.
